

## Williamsburg In, Other Four Teams Staging Great Series

Four red hot teams are still fighting it down to the line in the greatest after-schedule in the history of the Dundas County Softball League. After two weeks of playoffs only one thing is certain—Williamsburg has reached the semi-final round. The men of Lockvale Farm jumped into the next to the last round last Thursday night with a convincing 14-3 victory over South Mountain. Williamsburg lost the opener to the Mountain crew and then rushed back, as they were expected to do, to cop the series with two straight wins.

Elsewhere it's a thrilling battle with Inkerman and Hallville squaring off in a best of seven set, the Nation River crew presently holding a 3-1 edge in games after winning 9-4 at Hallville on Monday night; and Winchester and Morrisburg fighting it out in a best of three count which up until last night had seen four games played. Playing to a 0-0 deadlock in the first game, Morrisburg edged ahead with a 5-4 victory in the second heat. Royals squared the count with an overwhelming 14-2 triumph in the third session. Monday night it was another story-book finish with the Royals coming from behind in the last inning to eke out a 4-4 tie.

### Goat To Hero

Frank Morgan, Royals' utility pitcher and fielder, who has been playing a heads-up series, nearly became the goat of the entire round Monday night when he let a hard hit fly ball to left field go between his legs which scored Morrisburg's third run, to give them the lead. With two out in the seventh, and Ron Workman on base when he was hit by a pitched ball from Sonny Elliott, Frank made up for the misdeed with a tremendous smash into deep right field. Howie Eamon misjudged the drive and both Morgan and Workman scored to tie up the game. Two disputed calls and three outs later Royals had come through with perhaps the greatest finish of any club this season.

As a result, League president Alex Barclay ruled that the fifth game would be played in Winchester on Wednesday (last) night.

On Monday night Winchester jumped into an early 2-0 lead in the first inning when Frank Morgan's single drove in Hugh Balkwill and Lloyd Bailey. Morrisburg rallied for one in the bottom of the first with a round tripper by A. Ing. They scored again in the third, surged ahead with another single in the fourth and added what seemed to be an insurance marker in their half of the sixth. Two of the River crew's four runs were scored on costly Winchester errors. Red Cook, Morrisburg coach, used some pitching strategy which just about paid off. He started Howie Eamon, brought in reliever Art Flynn in the

## Winchester Township Council Meeting

The regular meeting of Winchester Township Council was held in the Town Hall, Winchester, on Tuesday, August 2, at 7:30 p.m., with all the members present. The reeve, Mr. Basil Dawley, was in the chair. The minutes of the last regular and special meetings were adopted as read by the clerk and signed by the reeve.

The clerk was instructed to consult the Township Solicitor in regard to holiday pay for township employees.

Tenders were opened for the work to be done on the Summers-Baker and Lannin Extension Drain and the Belisle Drain, and the contract awarded to the Carlyle Bros. at the following prices per cubic yard: Earth 53c, Rock \$4.00, Hard-pan \$1.20, the work to be completed on or before December 30th, 1955.

By-law No. 859, a supplementary by-law for the expenditure of an additional \$7,000 on roads and bridges during 1955, was finally passed, signed and sealed, subject to the approval of the Department of Highways.

The following accounts were passed and paid: Roads and Bridges, \$13,765.01; Relief and Charity, \$62.00; Foxes, \$15.00; Schools, \$650.00; Salaries, \$65. Total expenditures on roads and bridges to July 31st, 1955, \$35,452.59.

Council adjourned to meet in Chesterville on Tuesday, September 6th, 1955, at 7:30 p.m.

### PATIENT IN HOSPITAL

We are sorry to report that Mrs. Gordon Baldwin, of Morrisburg, suffered a heart attack this week, and is presently being treated in the Winchester District Memorial Hospital. Her many friends will wish her a speedy and complete recovery.

## WEDDINGS

### BAILEY—BROWN

Inkerman United Church was the scene of a very pretty wedding on Saturday, August 6th, at 2:30 p.m. when Miss Shirley Margaret Brown, Reg. N., eldest daughter of Mr. and Mrs. Ray S. Brown, of Inkerman, and Mr. Roy Eldon Bailey, elder son of Mr. and Mrs. Roy Bailey, of Prescott, were united in marriage. The Rev. William A. Reid performed the double-ring ceremony against a lovely floral setting of green ferns and baskets of white and lavender gladioli. The music before and after the ceremony was played by Mr. Russell Suffel.

The guest soloist, Miss Doreen Cross, sang "The Lord's Prayer" before the ceremony, accompanied by Mrs. J. Edgar Brown, grandmother of the bride, who also played Lohengrin's Wedding March as the charming bride entered the church on the arm of her father.

The bride was wearing a floor-length gown of Chantilly lace and nylon tulle over satin. The lace bodice was styled with a portrait neckline, bordered with sequin embroidery, and had short sleeves with matching mitts. Her bouffant skirt of tulle had a lace peplum and fell to a chapel sweep. The fingertip veil of tulle illusion edged with Chantilly lace was held in place by a halo lace cap trimmed with seed pearls. She carried a circlet bouquet of sweetheart roses centred with an orchid.

Miss Eleanor Brown, sister of the bride, was maid of honour, and Mrs. Bert Duncan, of Vernon, was bridesmaid. They were dressed similarly in floor-length strapless gowns of tiered nylon net over taffeta with lace boleros and matching lace boleros; the maid of honour in lavender and the bridesmaid in powder blue. They wore matching head dresses and each carried a nosegay of sweet peas and baby mums.

Mr. Ray Crowder, of Brockville, was best man, and the ushers were Mr. Ray H. Brown, of Montreal, and Mr. Don Hall, of Prescott.

During the signing of the register Miss Cross sang "Because." Following the ceremony, a reception was held in the church dining hall where a turkey dinner was served to 80 guests. Mother of the bride, wore a pale blue dress of nylon embossed with white flowers, over taffeta, with matching accessories and a corsage of pink roses. The groom's mother wore a printed nylon taffeta in tones of yellow and green, with white accessories and a corsage of white carnations.

The toast to the bride was proposed by Rev. Mr. Reid and responded to by the groom.

Later, Mr. and Mrs. Bailey left on a motor trip to Toronto, Niagara and Buffalo. For travelling the bride chose a pink linen dress with a navy duster coat trimmed with pink and navy accessories. She wore a corsage of orchids. On their return they will reside in Prescott.

Out-of-town guests attending the wedding were present from North Bay, Ottawa, Montreal, Almer, Que., Brockville, Prescott, Hallville, Chesterville, Osgoode, Williamsburg and Winchester.

### SCOTT—KENDRICK

Trinity United Church, Chesterville, was decorated with gladioli and ferns for the wedding of Miss Joan Elaine Kendrick, daughter of Mr. and Mrs. C. H. Kendrick, Chesterville, and Mr. Alexander Dwight Scott, son of Mr. and Mrs. Richard Scott, Winchester, on Saturday afternoon at two-thirty o'clock.

Rev. D. L. Gordon performed the wedding ceremony, and the soloist, Mr. Frank Casselman, of Morewood, sang "The Lord's Prayer" and "O Promise Me." Mr. P. G. Hewitt was the organist.

Given in marriage by her father, the bride was attended by her sister, Miss Gwen Kendrick, as maid of honour. The bridesmaids were Miss Willow Summers, of Winchester, and Miss Helen Morris, of Cardinal, cousin of the bride.

Mr. Allen Scott, brother of the groom, was best man, and the ushers were Messrs. Clifford Scott and Mr. Jack Curran.

For her wedding the bride wore a floor-length gown of white nylon net and lace over taffeta, matching jacket with Peter Pan collar, and sleeves tapering to points over the hands. A coronet of seed pearls held in place her fingertip veil, and she carried a shower bouquet of American Beauty roses and white mums. Her only jewellery was a pearl necklace, a gift of the groom.

Following the reception held in the church hall, the happy couple left on a motor trip to the United States and Northern Ontario. For travelling, the bride wore a coral nylon two-piece dress with white accessories and a corsage of white carnations.

Guests were present from Ottawa, Winchester, Williamsburg,

## Miss H. C. Wilson Honoured At Testimonial Dinner

Terminating 35 years of service in the nursing profession and six years as Winchester District Memorial Hospital's efficient superintendent, Miss H. C. Wilson, Reg. N., was honoured by the directors and doctors of the Medical Association at a testimonial dinner in Heidi's Hotel Restaurant last Wednesday evening.

Signifying her retirement after a colourful career by announcing she would resign her position at the District Memorial Hospital on July 30th, Miss Wilson had previously worked at Cornwall General Hospital and Soldiers' Memorial Hospital before winding up her professional days at her home town hospital here.

Wallace Carkner, Chairman of the Board of Directors, welcomed the more than sixty guests. Seated at the head table with Miss Wilson were Mr. Norman W. Beach, 40-year-old director who has served on the board since its organization eight years ago, and Dr. Jackson Flay, of Kemptonville, chairman of the Hospital Medical Association.

In presenting Miss Wilson with a beautiful framed painting on behalf of the doctors of the area Dr. Flay paid high tribute to Miss Wilson's leadership in the profession, and emphasized the tremendous role she has played in the successful play of the Winchester District Memorial Hospital. Dr. Flay also read an appropriate "Ode to Miss Wilson" which was written especially for the occasion by Mr. F. G. Hopson, of Kemptonville. The Ode is as follows:

### Ode To Miss Wilson

When I took my pen in hand—  
And placed my paper on my stand  
And tried to put in printing ink  
All the things of you we think,  
I found the task was far too great

To tabulate the praise you rate.  
For this our year of greatest drought  
Will leave two things to talk about,  
The crops that died from lack of rain.

Your hands that ceased the care of pain.  
A sow's ear makes not a silken purse,  
Nor just any girl a darn good nurse.

There's some hidden thing the Lord puts there  
To make your kind stand the wear and tear.  
Byers, Barton, Justus too,  
Are just three to name a few,  
Of chaps you've made you dance a jig

When things were tough and the job was big.  
But really these chaps are just trying to hide,  
Like two-minute eggs—they are soft inside.

We know you've had your problems too,  
Like shortage of nurses and diet stew.  
Administration and rising cost,  
And nurses who thought they shouldn't be bossed.

Garden parties in boiling heat,  
We've even heard you've corns on your feet.  
And sometimes we're certain your smile belied  
The tired old feeling you had inside.

But through it all we're proud that you  
Have served your God and mankind too,  
And now that you have a well-earned rest  
We hope your years will be heaven-blessed.

And fate will be kind to this hospital too,  
And send a replacement just like you.  
This could go on and more I could write,  
But we've other things to do here to-night,

And so 'tis my pleasure on their behalf  
Of the hospital directors and assembled staff  
To present you with a gift, though small,  
Bears the greatest of wishes, and most of all

Our fervent prayers, that you remember always  
With pleasant thoughts your Winchester days.

A beautiful corsage was presented to Miss Wilson by Mrs. Flay.

Mr. Carkner, the board chairman, voiced the regret of the directors in learning of Miss Wilson's intention to resign. He said much of the hospital's success had been due to her untiring devotion to duty, and her meticulous care in every phase of the administration of nursing services.

He presented to her a dress watch, in white gold with a setting of 20 diamonds, suitably engraved, and a matching dinner ring. The ring was set with diamonds and centred with

Leonard, Vars, Pickering, Cornwall, Inkerman and Chesterville.

a ruby, Miss Wilson's birthstone, which he said "is emblematic of the devotion and respect" of every member of the board as well as a wide circle of patients and friends.

### Honoured By Staff

Quite moved by the tribute paid her, Miss Wilson made a very fitting reply. She had previously been honoured by the Hospital Auxiliary and later at a staff dinner attended by members of the present hospital staff and others who had worked with her. Mrs. Ella Rae McIntosh, Reg. N., presented her with a lovely corsage, and the presentation of a TV chair was made by Miss Margaret Tullis, Reg. N. The dinner was held at the Hotel Restaurant, and music during the evening was provided by Miss Marjorie Black, pianist and member of the office staff.

Miss Black also conducted a sing-song, with Mrs. Bert Garlough the accompanist. Those seated at the head table were Mrs. Hugh Edgerton, Mrs. Orland Pollock, Mrs. Willard Acres of the office staff, Miss Beatrice Merkle of the kitchen staff, Mrs. I. P. McIntosh and Miss Wilson. The tables were decorated with roses and cut flowers.

Born in the Melvin Settlement, near Winchester, the daughter of the late Mr. and Mrs. Thomas Wilson, pioneers of Winchester Township who later moved to Winchester, Miss Wilson commenced her training at Cornwall General Hospital in 1920 where she was later to become hospital superintendent for a seven-year period. While at Cornwall she served in the operating room, laboratory, as an X-ray technician and later as a supervisor before taking over the role of head nurse in that institution. For three years she was superintendent of the Soldiers' Memorial Hospital at Campbellton, N. B. Shortly after the local hospital opened Miss Wilson returned home to accept the superintendence here.

Her many friends will join with the Press in wishing Miss Wilson many years of happy retired life which she so justly deserves.

## Don. Messer And His Islanders At Winchester Arena Next Wednesday

Canada's most popular orchestra for old time music, Don Messer and his Islanders, stars of CBC Radio, Stage and Television, will be in town next Wednesday evening at the Winchester Arena for a big show and dance.

The popular Messermen are being brought to Winchester by popular request and the entire show is being made possible through efforts of the Winchester Rink Company. Included in the fast moving presentation will be songs, dances, skits, instrumentalists and just about every act that the boys from Prince Edward Island have made famous across Canada.

Following the show there will be dancing. It all adds up to a night of extra fine entertainment. Don't miss Don Messer and the Islanders at the Winchester Arena next Wednesday evening.

## THE NEW TELEPHONE DIRECTORY

(Continued from Page 6)

The "Spirit of Communication" has appeared on the directory continuously since 1938, except for the 1940 issue when the Bell's Crest was used to commemorate the Company's 60th anniversary.

Besides the change on the cover, there are 2,210 new and changed listings in the alphabetical section of the directory.

"Those who continue to use the old directory once the new one becomes effective will inevitably call 'wrong numbers' which results in loss of time and inconvenience," warned Mr. Sharpe. "A good plan is to jot down in the Blue Book of Telephone Numbers the listings for frequently called friends, relatives and business contacts. Keeping this personal list up-to-date helps to eliminate unnecessary calls to 'Information'."

Mr. Sharpe went on to explain that out-of-town telephone numbers could also be kept in the Blue Book. He said that by giving the correct number when placing a long distance call, the telephone user can reduce by as much as half the time required to make the connection.

This year 13,575 copies of the directory were distributed initially in Brockville, Morrisburg, Prescott, Winchester and surrounding territory, compared to 12,785 last year.

The above picture was taken during the testimonial dinner, tendered Miss H. C. Wilson, retiring Superintendent of the Winchester District Memorial Hospital. ## Hallville United Church Observes Anniversary

On Sunday, July 24th, large congregations attended Anniversary Services of St. Andrew's United Church, Hallville, when Rev. Harold Wylie was guest preacher for the day. Rev. Mr. Wylie, currently preaching at Port Perry, was born and raised in this neighbourhood, and the capacity crowds attested to the esteem in which he is held in this community.

In the morning Rev. Wylie's topic was "Why The Church," and in the evening "Traditions To Uphold." The choir, under the leadership of Mrs. Andrew Logan, sang two anthems in the morning, "Day of Rest and Gladness," and "Saviour Take My Hand." The men of the choir sang "The Church By The Side Of The Road." In the evening they rendered "Come Unto Me" and "Saviour, Like A Shepherd." Rev. Mr. Baugh complimented Mrs. Logan and choir members for the fine way the anthems were rendered. This 75th Anniversary of the church proved a most enjoyable and memorable experience in the history of St. Andrew's.

On the following evening a Family Church Party was held. The church basement was nicely decorated for the occasion, the centre point of interest being a miniature church that lit up and chimed, mounted behind a huge birthday cake appropriately decorated.

A short programme was enjoyed, with duets by the Taylor sisters of Kemptonville, and Donna Simms and Mel. Christie. Mrs. Howard Mellan gave two enjoyable readings. Rev. and Mrs. Harold Wylie brought greetings from their congregation and did some interesting reminiscing about days gone by in the Hallville district.

An interesting prelude to lunch served by the Young Women's Study Group was the cutting of the birthday cake. Mrs. Thos. Coleman cut the cake, but before she did she called all those who were 75 years or over to come and stand with her. Those able to respond were Mr. and Mrs. John Anderson of Heckston, who incidentally are very familiar with happenings of the early church at Hallville; Mrs. Wm. Logan, and Mrs. Dan. Allen, who is Mrs. Wylie's mother. All these elderly people are enjoying good health and move with a spry step. Pictures were then taken and lunch was served.

Special thanks was given to Mr. Baugh, to all those who contributed to the program; to Mrs. Lanson Hyndman for baking the cake; to Mr. Denzil Sutton for decorating it, and to Mr. Bob Coleman for complete arrangement and originality.

## WILLIAMSBURG HORSE WINS FIFTH IN A ROW AT CONNAUGHT PARK

W. L. Harvester, a six-year-old pacer, owned by W. C. "Bill" Strader, of Williamsburg, marked up its fifth consecutive victory at Connaught Park on Monday night by winning both heats of the Class C pace with a divided purse of \$400.00. Driver Don Currie had little trouble in bringing the big colt home in 2:13 to win both heats in handy fashion.

Previously the horse had been entered in the Class D pace. Monday night's two wins will undoubtedly draw the attention of all race fans who frequent the Connaught Raceway.

## MORRISBURG BUSINESS MEN SUFFER HEART SEIZURES

Two well-known Morrisburg and district business men are to-day confined to bed seriously ill after suffering coronary thrombosis attacks last week.

They are Mr. Parker Locke, who was stricken while visiting in Toronto, and Mr. Delbert Dilabough, who suffered the heart attack at his home in Morrisburg. Mr. Locke is convalescing in a Toronto hospital. Both men are expected to undergo a period of convalescence which will extend into several weeks, it is reported.

## House Moving Made Simple By Giant Machine

Moving a house is a complicated operation at best, but the William Harshorne house mover makes the task as simple as possible.

Capable of carrying a 200,000-pound load over bumpy roads, the mammoth mover will shift approximately 250 homes in the Iroquois area. At a speed of five miles per hour, the machine probably will move one house each day. It can take a house 45x75 feet.

Wheels of the mechanical giant make a man look small in comparison. The mover has two huge "fangs" which fit on the sides of the house as the machine backs up to the building. Holes are knocked in the foundation of the home and steel prongs are inserted through them so they rest on the arms of the mover. The whole building then is raised electrically and the journey begins.

The mover carefully deposits its load on the foundation which has been built at the new site.

Holes are cut in the new foundation, leaving space for the steel beams. When the house has been placed on its new site, the beams are removed and the holes filled in.

## MISS JEAN CUMMING HONOURED AT SHOWER

Mrs. William Hitsman and Mrs. Ray Taylor were hostesses at a shower for Miss Jean Cumming, held at the former's home recently. About 35 guests attended.

While the bride-elect was escorted to a gaily decorated chair by Mrs. Taylor, Mrs. Hitsman played the wedding march. Mrs. Taylor presented Miss Cumming with a corsage of roses.

Miss Marilyn Hitsman read an address, and a trillight lamp and several pieces of crystal were presented by Mrs. Hitsman and Mrs. Taylor.

A bride's book, designed by Mrs. Ray Taylor, contained the names of all who contributed. Miss Cumming thanked those present for the gifts, and the hostesses for a pleasant evening. Candy was served by the hostesses, assisted by Misses Judy Geggie, Marilyn Hitsman and Helen Allen.

Miss Cumming will be married on Saturday, August 20th, to Mr. Allen Baker, at Maxville.

## HOME HINTS

### Hot Summer Nights

If no air seems to be stirring in the bedroom on hot nights, try wringing a sheet out of cold water and hanging it before the window of the bedroom. The atmosphere will be wonderfully freshened.

## OBITUARY

### LATE MISS M. MELDRUM

The death occurred in hospital at Hawkhurst, Kent, England, on Monday of last week of Margaret Nicol Meldrum, eldest daughter of the late Mr. and Mrs. Thomas Meldrum, of South Hull. She was in her 80th year. Born at Onslow, Que., she moved with her parents to South Hull at an early age, and was educated in Ottawa schools, later teaching at various schools around the district.

Giving up teaching, Miss Meldrum took up journalism, becoming social editor of the old Daily Witness in Montreal, and later woman's editor of the Montreal Gazette.

Miss Meldrum spent a great part of her life abroad, returning to Canada and the United States only for brief visits.

When her health demanded a milder climate, she went to Havana, Cuba, as a staff member of the Royal Bank of Canada, but almost immediately her linguistic ability secured her a post of archivist in the British Embassy there.

In 1933 she was transferred to Bilbao in Spain. Later she went to Casablanca where she remained until the Italian invasion of Africa, and then she went to London where she remained throughout the Battle of Britain in the Second World War. Two years ago she moved to Goudhurst where she resided up until the time of her death.

Surviving are two brothers, Herbert of Winchester, and Buell, a professor of chemistry at Haverford University in Pennsylvania; and three sisters, Mrs. James Stewart (Helen), of Ottawa; Miss Mary Meldrum, of Boston, and Miss Isabel Meldrum, of Quincy, Mass.

The remains were brought back to Canada and interment was made in St. James Cemetery, Hull.

Mrs. G. H. Reynolds and Mrs. W. C. MacDonald, of Winchester, are nieces of the deceased.

The secret of success in life is for a man to be ready for his opportunity when it comes.—Benjamin Disraeli.

## A Useful Book Of Facts

The eleventh annual edition of Quick Canadian Facts is off the press and now being distributed throughout Canada. It is a useful brochure jammed full of important facts about Canada.

Colourfully printed and of the handy pocket size variety, the book has an accurate answer to just about any question on Canada. It tells of railroads, average weekly earnings, fisheries, mining, population, history, economics, taxes, geographical aspects and just about every phase of life as it pertains to the average Canadian.

It is truly a useful book to have around the home, school and office. An excellent piece of reference, it is also an educational copy which will be helpful to everyone. The book may now be purchased from any good newsstand at a very nominal price.

## Another Great Swimmer

Another young courageous Canadian swimmer almost conquered the cruel waters of Lake Ontario last week. With less than two miles to the Toronto shoreline Shirley Campbell, the Fergus sweetheart, was pulled from the unusually warm but swelling waters of the lake in a near exhausted state. Maintaining a good pace across the lake from Youngstown, N. Y., Shirley's stamina and determination to be the second person to ever swim this stretch of water, became overwhelmingly evident when she was forced through pain to use only one arm, and finally through exhaustion to try and propel herself with only the use of her strong feet and legs. It was then, close as she was to her goal, that she was taken from the water.

Even at that this courageous 19-year-old had swum well over thirty miles in roughly twenty-one hours. Like Marilyn Bell, the pride of all Canada, who became the first person to swim Lake Ontario last September, and who last week conquered the English Channel, she had the hopes and prayers of thousands. A report estimated the shoreline crowd at between fifty and one hundred thousand waiting for the completion which never happened.

Let's hope that this great swim will not soon be forgotten just because the girl failed in her attempt. In failing, if it must be called that, Shirley Campbell has exemplified again that Canadian athletes are as good as may be found anywhere in the world. She has also given Canada added

laurels in her valiant attempt, gained the respect and admiration of hundreds of thousands of people, and is, we know, the leading lady in her home town of Fergus.

We hope the many offers she was to receive in the way of financial and material gifts if she completed the swim will be hers, even though she didn't make it this time.

## Relief From Hay Fever

The season dreaded by hay fever sufferers will soon be with us again. In Ontario this usually commences about the third week in August and terminates at the first frost, probably about the third week in September. Pollen surveys in old Ontario indicate that the number of hay fever days average about twenty-four for the London-Windsor area, twenty-one for Toronto, and nineteen for the Peterborough-Ottawa area.

For those who are allergic to Ragweed Pollen, one in every ten persons, the only sure way of obtaining relief is to go to an area where there is little or no Ragweed. The Field Crops Branch of the Ontario Department of Agriculture advises that almost all districts of Northern Ontario, including Muskoka and Parry Sound, are safe havens from hay fever.

By careful planning of the summer vacation most of the hay fever days can be avoided. Those with severe cases of hay fever, perhaps accompanied by asthma, should go as far north as possible and select resorts isolated as much as possible from highways, railroads and extensive agricultural areas.

For the person unable to arrange a vacation during the hay fever season, a considerable measure of relief can be obtained during the sleeping hours by specially fitting one room in the house. All dust, feather pillows, etc., should be removed. The room should be kept completely closed and quiet during the day to allow all pollen in the room to settle to the floor. This provides reasonable relief for the patient during most of the night. A forced ventilating device with air filter attachment will provide further protection.

Hay fever sufferers can help themselves to some extent by clearing up all sources of infection, such as infected teeth, and by eating well balanced meals and following a sensible program of exercise, recreation and rest—particularly rest.

These practices tend to build up resistance.

The use of drugs to relieve hay fever symptoms should only be practiced on the advice of and under the direction of the family physician.

## Growing Pains

A recent report issued by the Dominion Bureau of Statistics points up a few of the vignettes that are the lot of a growing nation, comments Industry, publication of the Canadian Manufacturers' Association. To some they may appear incongruous; to others (particularly those sceptical of statistics), inconclusive. For what they are worth, here they are:

Twenty-two per cent. of the homes in Canada last September had no water piped inside; 14 per cent. had cold water only. The remaining 64 per cent. had both hot

and cold piped in.

Of the estimated 820,000 Canadian homes with television last September, 10 per cent. had no telephone; 3 per cent. no radio.

Fifty-five per cent. of Canada's households had an automobile last fall. Of this number, nine per cent. had two or more cars.

About 18,000 of this country's estimated 3,734,000 households had no cooking equipment last September; 23,000 households used sawdust burners or hot plates; 1,243,000 used wood or coal stoves; 798,000 used gas stoves and 1,456,000 cooked on electric stoves.

All of which proves little or nothing, but might provide an amusing reflection on growing pains. Like the adolescent who spends 10 seconds washing his hands and face and 10 minutes combing his hair.

## OF MANY THINGS

### SMALL TOWN PROBLEM

(By Ambrose Hills)

Not very many people really like living in the city—yet the cities grow, while the small towns stand still. What is happening? Perhaps some answers can be found by studying Dominion Bureau of Statistics figures. They show that the share of national income going to farmers and to the working owners of small grocery stores, weekly newspapers, and other unincorporated businesses, dropped in 1954 down to 14.7%. The previous year they had a 17.5%. Back in 1949 they had a 21.8% share.

Now when farmers and small businessmen get hit that hard, the small towns suffer. Who got this extra share?

Well, the figures show that in 1954 compensation of employees represented 65.5% of the national income. In 1953 they got only 62.7%. Back in 1949 they got 59.7%. Obviously, a chunk of the money

that used to go to the farmer and the small businessman, now goes to employees.

The farmer, particularly, has some cause for complaint. Judged by a 1949 dollar, farm cash income was \$140 per head of the whole population in 1954 as compared with \$165 in 1953. No wonder most farmers are opposed to the recent employees' demands for a guaranteed annual wage. The farmer would like some guarantees himself before he sacrifices any further share in the gross national income.

The answer, of course, is not a sudden rush for city life and city wages. If all small towns, working together, raised their voices against this unfair situation, those with authority would have the backbone to refuse reckless demands for further increases until productivity justifies them.

## It's YOUR HOSPITAL

G. HARVEY AGNEW, M.D.

PRESIDENT, ONTARIO HOSPITAL ASSOCIATION

Within the past few years most communities of any size in Ontario have either been through a hospital expansion or are now planning an enlargement of present hospital facilities.

This situation is common in every community and has been occasioned by the marked increase in the use of hospitals everywhere.

During various expansion financial campaigns and drives, people have been heard to express concern about the cost of modern hospital construction. Some ask why hospital construction costs are so much more today than they were a genera-

tion or so ago.

It is quite true that hospital construction is costly. But so is all construction today and, for comparable items, hospital construction costs have probably not risen higher than the costs of other public buildings.

The fact remains that the cost of hospital construction is high and, in view of the increased number of beds required, the large amount of money which the Board of Trustees in some communities has had to raise has been staggering. The public should know why this is so.

There are a number of very reasonable explanations why

hospital construction costs are high. For one thing, hospital facilities receive an unusual amount of wear and tear and must be built to withstand this strain. This applies to floors, doors, hardware, plumbing and practically all parts of the hospital. Hospital facilities are in use twenty-four hours a day, every day of the year.

Since the modern, fire-resistant hospital will probably be in service for the next 60 or 70 years and longer, it is sound economy to put only the best of durable, long-lasting and easily-maintained material into its construction and finish. This is economical in the end.

There is another reason, too. Few people realize, yet it is a fact, that the maintenance costs of a hospital equal the initial cost of construction and equipment every three or four years. Therefore, an initial outlay of a few thousand dollars, say for a better flooring, or door hardware, or heat insulation, will reduce costs of maintenance and depreciation. Such an expenditure at the beginning would mean that, eventually, this sum would be saved many times over during the lifetime of the hospital.

Another factor is the cost of personnel. Today, salaries and wages make up a very large percentage (from 60 to 70%) of a hospital's total operational cost. Consequently, as a planned measure of economy to keep hospital rates within reason, it is considered advisable to install various labor-saving devices which can enable the hospital to reduce operating costs. For this reason, during new construction or expansion, hospitals now install new type patient-nurse call systems, mechanized food service, temperature control arrangements, automatic laundry equipment, mechanical stokers, conveyor belts, needle washers, rubber-glove conditioners, automatic sterilizer controls and many other time-saving pieces of apparatus. These all add to the initial expense but, when considered from the long-term viewpoint, result in a considerable saving. This has long been recognized in industry.

Important, of course, is the fact that medical science and skill are steadily advancing with the result that many more pieces of complex scientific equipment are required in hospitals today. These cost money but permit us to save more lives and to shorten the time in hospital.

The modern hospital must provide more space for new laboratory sub-departments, for a much more active X-ray department, for metabolic departments, for cardiac surgery and for other new or enlarged departments. Many of the larger hospitals today have cobalt bombs which require elaborate housing to provide the necessary protection and others now have isotope laboratories to utilize newer discoveries.

To-day no one wants hospitals to be forbidding and austere. It is part of the treatment to make the patient feel as contented and as much at home as possible during his stay in hospital. For this reason it is advisable for hospitals to have a pleasant and inviting entrance, comfortable waiting rooms, well furnished rooms, pleasant colour schemes, attractive drapes and good tray service.

True, these all cost money—a lot of money! But once the

## The 7th Column

About the most welcome thing to come our way was the change in the weather over the week-end. The heavy shower on Friday and the all-night rain on Saturday, followed by cooler weather, brought relief from a long, dry, hot spell that was making life a bit uncomfortable for most people. The pastures should benefit greatly from the rain, even if it did come too late to help the grain crop.

Just think of it, in a little over three weeks the school bells will be ringing, and it's only a little more than four months till Christmas. How time flies!

Already this summer there have been a number of fatalities and serious injuries suffered by persons diving into strange water which proved too shallow for safety. Diving should be restricted to water known to be of a safe depth and free from obstructions.

"Eph, did yo' all know dat Jonah done spent three days in de stomach of a whale?"  
"Humph! Dat ain't much. Mah uncle wuz longer dan dat in de stomach of a alligator!"  
"Sho nuff! How long?"  
"He dar yit!"

The only freedom worth possessing is that which gives enlargement to a people's energy, intellect and virtue.

"Son, when I was a boy 10 cents was big money."  
"Yes, indeed. Dad, how dimes have changed."

A tip to Business Men: "Only the Mint can make money without advertising."

Butt Those Butts

"Six thousand fight huge fires in Ontario," we read, and we are little impressed even with the reports of hundreds of thousands of acres of valuable timberland burned over. But the series of grass fires which have brought out the local brigade in the past few days brings us the realization that there is potential danger in the sun-dried soil, comments the Gleaner News. Now, if ever, is the time for us to

money is raised and the up-to-date efficient facilities are in operation, everyone will be delighted. The investment is an exceedingly sound one in the light of the lives, health, and happiness of our loved ones and friends.

When meat rationing first began, a farmer reported to his board that he had several hundred pounds of beef in storage. To a letter demanding why he had so much on hand he replied: "It was necessary to kill the whole steer at one time."

While the plaudits of the world echo in the ears of Marilyn Bell—while wealth and fame, maudlin sentiment, and fantastic offers gild her future—the little people of her native Canada swell with pride!

Her latest triumph in swimming the English Channel, the youngest swimmer to have accomplished this gruelling task, finds her still unspoiled and unaffected. And it is the wholesome simplicity, the clean-cut youth and physical prowess of this Toronto schoolgirl—rather than the prizes, the fanfare and the ballyhoo—which commands our warmest admiration in the communities of her homeland.

To another Canadian girl, Shirley Campbell, who almost duplicated Marilyn's feat of swimming Lake Ontario last week, goes a word of praise. She remained in the chilly waters for over 21 hours before she was forced to quit.

## The Courage of Daniel--Temperance

HE REFUSES TO BE DEFILED BY HEATHEN CUSTOMS

Scripture—Daniel 1; 5.

By NEWMAN CAMPBELL  
IN LAST week's lesson we read of the courage of Shadrach, Meshach and Abednego in facing death in the fiery furnace rather than to bow down before a pagan idol.

Today we find Daniel refusing to eat the rich food and drink the wine ordered by King Nebuchadnezzar for the four chosen youths, and persuading the master of the eunuchs to allow them to eat pulse (edible seeds such as peas, beans, lentils, and the like), and to drink water only.

Daniel, the hero of today's lesson, was brought to Babylon in the first deportation ordered by Nebuchadnezzar. He was a boy at the time, and it was in the reign of King Jehoiakim.

King Nebuchadnezzar must have been impressed by the intelligence of the Jews of the upper classes—descendants of royalty. So he ordered his chief eunuch to find "children in whom there was no blemish, but well favored, and skillful in all wisdom, and strong in knowledge, and understanding, and such as had good looks, to stand in the king's palace, and whom they could teach the learning and wisdom of the Chaldeans."

### MEMORY VERSE

Neither to eat flesh, nor to drink wine, nor any other thing which the brother stumbleth.—Romans 14:21.

Shadrach, Meshach and Abednego were chosen and brought before the king. He ordered them to eat from his own table and drink from his own cup. However, Daniel refused to do this. He said to the king's eunuch, "I have not defiled myself with the king's meat, nor with wine which he drank."

He begged the master of the eunuchs to allow him to eat only pulse and drink only water. The king was sure that on such a diet he and his companions could become fatter and look as healthy, and he was intelligent and learned.

After the trial period had passed and they appeared before the king and he talked with them, he found that there were none in his kingdom who could match them in all matters of wisdom and understanding. Daniel had "understanding in all visions and dreams," and the king "was ten times better than all the magicians and astrologers that were in all his realm."

### MY GARDEN

Sweet is the breath of the morning air,  
As I walk in my garden, when skies are fair,  
And as at the dawn, the shadows fly,  
It is there that God's spirit hovers high.  
The flowers, His smile, to make earth bright,  
And turn to day my darkest night.

Like diamonds, the sun on the dew is spread,  
As each flower lifts its dainty head,  
The birds sing God's praise in their silvery strain,  
Because the summer has come again;  
I see in the calm, and freshness of morn,  
My beautiful garden all newly born.

And then, at the eventide as well  
When the moonbeams spread a magic spell,  
As in the first garden, when time began,  
Mid Eden's bloom, God walked with man,  
So near He seems, in this garden of mine,  
I catch a glimpse of Beauty Divine.

—Dorothy Sproule.

Farmer - Grower Attention!

\$1000 per acre is an easy mark at prevailing prices, if you plant government-certified raspberries, and care for them in a scientific way.

The largest grower and dealer of certified raspberries in Ontario is sending a specialist in raspberry-growing to call on interested prospective growers. Explanation of modern growing methods. Also recommen dation to canners and dealers for crop marketing.

Plants at commercial rate. Term payment, no interest to approved planter of one acre. Only a limited acreage avail-able for Fall planting, 1955. All replies must be mailed to Box 400, Campbellford, Ontario, on or before August 18th.

FEED NEWS FOOD SPECIALS

NEW GRAIN IS GOOD QUALITY

The new grain coming in for grinding and rolling is fairly heavy, thin in the hull, and bright colour. Quite a change from most of last year's grain.

Have Poultry, Pig or Dairy Rations made up to order—we have Concentrates and Supple-ments as well as separate ingre-dients for any kind of ration needed.

Grain will be ground or rolled and the feed mixed while you wait. Or, have it sent out on next delivery. We'll be glad to help figure protein, mineral and vitamin content, etc., and work out a suitable formula using home grown grain.

Our grinding, rolling and mix-ing equipment has had its an-nual complete overhaul and it is in first class shape.

The machinery operates from 7.30 a.m. to 5 p.m. (open noon) except Saturday afternoon.

Bring or send in the new grain for grinding, rolling or mixing. We will appreciate the business and we will do our best to give good service.

SEED MARKET

Latest reports show a fairly heavy cut of Timothy for seed in both Eastern Canada and the U. S. A. Production of Timothy Seed in the Northern States is reported to be double that of last year. Quite large quanti-ties are showing up in Ontario and Quebec.

Alfalfa Seed production is likely to be larger than last year and prices considerably easier.

Early reports are that Red Clover may be rather valuable property this year. Of course, it is a bit early yet to get any-thing definite.

Apparently there is not much chance of export of Timothy Seed either to the U. S. A. or to Great Britain at the present time.

Prices are holding at about normal levels for this time of year.

Give us a call—we will pick up your seed, clean it and send a sample for highest prices.

LEEDS AND GRENVILLE COUNTY BUILDING

THE BELL TELEPHONE COMPANY OF CANADA

A picture showing Fulford Fountain with the Leeds and Grenville County Court House in the background replaces the well-known figure of the "Spirit of Communication" on the front cover of the new Bell Telephone directory that was mailed this week to telephone users in Winchester. The building, which is the centre of justice for the two counties, is a familiar landmark to five generations of residents in this area.

The idea of using a scene like this on the front cover is to appeal to residents in the area and help localize the directory, said N. E. Sharpe, Bell Telephone manager for Winchester. It is the fourth Bell directory to come out with this type of illustration on the cover. Kingston, Montreal and Barrie telephone books which were issued earlier this year carried regional illustrations and the company plans to extend this practice to more directories in future.

## WEDDINGS

WOOD—DECLARE

A marriage of local and district interest took place at St. Paul's United Church, Prescott, on Saturday, July 16th, when Helen Gertrude Declare, daughter of Mr. and Mrs. Stewart Declare, became the bride of Arthur Dales Wood, son of Mr. and Mrs. A. S. Wood, of 39 Bethune St., Brockville. Rev. M. B. Jose, B.A. B.D., performed the ceremony, assisted by Mrs. George Birch at the organ, and Miss Donna Dennis as soloist. The altar was tastefully adorned with candles and summer flowers.

Given in marriage by her brother, Ernest Declare, the bride wore a ballerina-length gown of white lace over tulle with shoulder-length veil and matching bolero. She carried a nosegay of red and white rose buds. Mrs. Nelda Thompson, R.N., of Ottawa, was matron-of-honor, wearing a yellow ballerina-

length gown of net over tulle with matching headress and gloves. She carried a nosegay of mauve and yellow carnations.

Miss Patricia Kennedy, Athens, Ont., was bridesmaid, choosing a turquoise ballerina-length gown of net over tulle with matching headress and gloves. She carried a nosegay of yellow roses and carnations.

Raymond Countryman, of Brockville, was groomsmen, and the duties of ushers were performed by Ralph Declare, of Ottawa and Robert Wood Brockville.

Following the ceremony a reception was held at the Queen Alexandra Hotel, Prescott, where guests were received by Mrs. Stewart Declare, mother of the bride, who wore navy blue sheer, and a corsage of pink carnations, and Mrs. Arthur Wood, mother of the groom, wearing cinnamon shantung with yellow rosebuds.

Mr. and Mrs. Wood later left on a wedding trip to points in Northern Ontario and Niagara Falls. The bride chose for traveling a dress of powder blue polished cotton, with a corsage of gardenias.

The groom is employed as stores attendant at the Dupont plant, Maitland.

Guests present at the wedding came from Ottawa, Cornwall, Montreal, Winchester, Brockville and London.

Prior to the wedding the bride was honoured at two showers, one at the home of Mrs. F. McDougall, Brockville, and the other at the home of Mrs. C. Pitt, Prescott. The bride also received a utility table from fellow employees at the Automatic Electric Plant, Brockville. The groom was also honoured by fellow employees at the Dupont plant when he was presented with a smoker's stand.

A recruit was asked if he had ever been troubled with athlete's foot. He replied: "Yes, once when a halfback caught me kissing his best girl."

What tells the story of a feed? The tag on the bag? To some extent yes, but it is the actual feeding result that tells the true story. The number of pounds of feed it requires to produce a pound of milk, a dozen eggs or a pound of grain and the cost of that feed are the real measures of the worth of a ration.

At the SHUR-GAIN Demonstration Farm at Maple, feeding tests are constantly in progress to determine the feeding efficiency of the different rations. It is on this large 500 acre farm that the "dollar earning capacity" of SHUR-GAIN feeds is first tested and proven.

When you buy SHUR-GAIN you know you can count on good results—because you're getting proven performance. Call at our mill soon and let us discuss the "dollar earning" SHUR-GAIN programs.

## Canadian Salads From Atlantic To Pacific

From provincial home economists in all parts of Canada the Consumer Section, Canada Department of Agriculture, has received recipes for salads typical of their particular province. Everyone, no matter where they live, will enjoy these tempting salads now during Salad Week and for weeks to come.

1. Ontario—A delightful summer platter of Ontario grown vegetables and cottage cheese. The beautiful wooden platter, salad servers and the pottery are all Ontario handicraft. 2. Newfoundland—Boiled fresh salmon accompanied by jelly, carrot and apple ring filled with potato salad. And in keeping with the salad which could be more fitting than the fish net cloth and the dory. 3. Nova Scotia greens combined to make this colourful tossed salad suitable for serving with hot or cold meat or fish. 4. Saskatchewan—Individual main course salad plate of whole tomato

stuffed with potato salad, devilled eggs and green onions. 5. New Brunswick—Jellied chicken salad served on a bed of lettuce and garnished with thin radish slices and mint leaves. The hand-loomed place mat was fashioned in New Brunswick. 6. British Columbia—An attractive array of fresh fruits, cottage cheese and jellied fruit salad in an interesting flavour and colour combination. 7. Prince Edward Island pottery and the hand-woven place mat set off this unusual tossed salad made from lobster, apple, celery, carrot and hard cooked eggs. 8. Manitoba—Tossed salad greens and cottage cheese served with a tasty dressing to which curry powder and celery seed are added. 9. Quebec—A hearty chicken salad garnished with parsley, radishes and quarters of hard cooked eggs. 10. Alberta—An attractive arrangement of salad makings from which everyone can build their own salad.

### ADAMS CLAN HOLDS ANNUAL PICNIC

The Fifth Annual Picnic of the Adams Clan was held in the Monday, August 1st, with about fifty-five present. Guests attended from Hamilton, Brockville, Johnstown, Cardinal, Metcalfe, Mainville, Winchester Springs, Kars, Williamsburg, Dixon's and Brinston.

A sumptuous dinner, provided by the ladies, was enjoyed by all. In the afternoon, with the president, Mr. Irwin Adams presiding, a programme was conducted of duets, trios, readings and a solo, also a sing-song led by John Haldane with Mrs. Irwin Holmes at the piano. Rev. Basil Adams, of Ottawa, spoke

on an evening meal he attended in a Japanese home, while in Japan. There were words of remembrance and a moment's silence in loving memory of Olive Adams Stevens, who passed away during the year.

The youngest member present was Jimmie Adams, son of Mr. and Mrs. Delmar Adams. The oldest member present was Mrs. Arthur Adams. Rev. and Mrs. Basil Adams were celebrating their 13th wedding anniversary.

On account of the intense heat, the usual ball game and sports for the children were dis-

pensed with, but under the shady trees they enjoyed the treats of candy and peanuts.

The officers elected for the following year were: President, Irwin Adams, Mainville; secretary-treasurer, Glenn Adams, Brockville; program committee, Mr. and Mrs. Gerald Adams, Williamsburg, and Mr. and Mrs. Irwin Adams, Mainville; sports committee, Rev. Basil Adams, Ottawa, and Delmar Adams, of Dixon's. The picnic will be held next year in the same place, on the first Monday in August.

### A NEW CURE FOR RHEUMATIC FEVER

The wide use of antibiotics and sulfa drugs has slowed down the development of rheumatic fever, reports Leonard Engel. Recent tests show that a new long-acting

penicillin called benzathine, if administered systematically, can reduce this childhood scourge to a rarity. Read about it in this week's Toronto Star Weekly.

#### SOCIAL HELD AT PLEASANT VALLEY

An Ice Cream Social was held on the lawn at the Pleasant Valley Orange Hall on Friday evening, under the auspices of the Orange Lodge, No. 698. A splendid crowd was in attendance.

The ladies provided an excellent array of fine food with the large serving of ice cream. Following the supper period, a splendid programme was enjoyed by all, with Mr. Herbert Wallace as master of ceremonies. Musical vocal numbers were rendered by the Mountain male trio, composed of Messrs. Stanley Wallace, Walter Wylie and Phil Evans, with Mr. Wylie as accompanist on the guitar. Messrs. Claire Wallace and Bennett Thompson, of Iroquois, also sang musical numbers, providing their own accompaniment on the guitar. Prescott Pipe Band was in attendance and furnished several numbers which were greatly enjoyed.

This is the 100th Anniversary of the Lodge, and plans are being made for a large celebration next June.
