#### Millinery Opening.

Mrs. H. W. Ouderkirk of Williamsburg, will hold her Millinery Opening on Friday and Saturday Sept. 27th and 28th, and following days, when a fine display of trimmed and untrimmed hats will be on exhibition. Invitation extended to all for inspection.

#### Bradshaw—McCleverty.

On Wednesday evening, Sept. 19, the Avonmore manse was the scene of a very pretty wedding, when Colborne T. Bradshaw of Lunenburg and Lydie E. McCleverty, trained nurse, the youngest daughter of Paul McCleverty of Avonmore were united in marriage. The ceremony was performed by Rev. S. D. Macphie in the presence of a few immediate friends. The happy couple have the best wishes of the whole community, where they are both deservedly popular.

#### Want New Schedule.

It is stated that the Brotherhood of Locomotive Engineers and the B. of L. F. and E. are about to ask for a standard wage schedule which will include a fixed hundred miles or ten hours as a day's work. This is now in force in other railway labor organizations. Should such a proposition be adopted it will mean that the employees will receive half time mileage where a run exceeds a hundred miles or more than ten hours is consumed in making such a unit.

#### Begg—Brownell.

A happy event took place at the manse, Avonmore, on Wednesday, Sept. 18, when J. Stewart Begg and Hazel Brownell, both of Gravel Hill, were united in marriage by Rev. S. D. Macphie. The bride was attended by her sister, Minnie M., while Geo. T. McIntosh, of Moose Creek supported the groom. A sumptuous wedding supper was prepared at the home of the bride's parents, Mr. and Mrs. Isaiah Brownell, where a large number of invited guests were assembled. The happy couple were the recipient of many costly wedding presents. A host of friends extends congratulations and best wishes.

#### Interesting Debate.

Under the auspices of the League a Public Debate will be held in the lecture hall of Trinity Methodist Church, Monday evening next, Sept. 30th. The subject is "Resolved that the social life of the country tends to develop a higher type of manhood than does that of the City."

Affirmative—Mr. D. G. Whidden Mr. H. G. Merkley.

Negative—Mr. W. T. Baker, Mr. W. J. Cass.

Judges will weigh the merits of the case and render a decision. This promises to be an interesting discussion.

All are cordially invited.

#### M. D. Society Elect Officers

The M. D. S. Society held their regular meeting at the home of Hattie Johnston on Friday evening.

The election of officers was held. Officers are the following:—

President—Gladys Smith.

Vice-President—Ethel Bogart.

Secretary—Myrtle Bogart.

Treasurer—Reta Pickering.

Pianist—Hattie Johnston.

Asst. Pianist—Alice Smith.

Pearl Merkley and Ruth Lawson were appointed to supply the society with sewing.

At the close of the meeting fruit was served. The next meeting is to be held at Pearl Merkley's.

#### Woman's Institute.

The regular meeting of the Woman's Institute was held at the home of Mrs. Soule Wednesday afternoon. The prize essays on "Canada in 1812", were read and prizes awarded, Miss Kathleen Morrison receiving first and Miss Ruth Lawson second.

Mrs. W. H. Stevens and Miss Flo Gordon sang as a duet, "The old oaken bucket." A bouquet of flowers was presented to Mrs. Wm. Harrison, she having been the oldest member of the Institute.

## FASHION'S WHIM.

The Telescope Parasol  
Correct Caper Nowadays.

THE SPORTY SUMMER SUNSHADE.

This new parasol looks like a cane and gives the smart summer costume a dandified and sporty appearance. An ivory case which folds like a telescope protects the long slender parasol.

## THE NEW SKIRT LINE.

It is becoming to Women Who Can't Stand Straight Severity.

It looks very much as though the straight line of the skirt from waist to ankle was to be broken. Every one knows that the pannier did this in a certain measure, and even it was a sensational form of the Grecian tunic. Frocks of soft material used for afternoon and evening departed from the straight line long ago, which means months ago in the vernacular of fashion, but today the cloth skirt for the street is taking curves and turns to itself.

For two years it has been quite content to be straight and narrow. It is still narrow. One often thinks it is narrower than ever this summer, for extreme women have gone to the extreme in this particular, but one manages now to break up the straight line in all sorts of quaint and curious ways.

Take, for instance, a new model in a dark blue serge skirt—that thin sum-

GIRL'S STUNNING SUIT.

mer serge that women are wearing on all days except the sultry ones. It has a skirt with a panel down middle of front which is rounded at the hem and bound with braid. The back is quite straight and well fitting over the corset, but its sides, which are much longer than they should be, are played up to the right length along the edge of the front panel.

This is an exceedingly good skirt. It is becoming to women who cannot stand the severity of the thin straight lines, and it is not a difficult skirt to achieve at home. It promises to be popular, for one sees a good many sketches of it, and the tailors in town are already making it. The girl's suit pictured is a smart little model for mid-summer wear.

Hon. J. O. Reaume Investigating. Chatham, Sept. 10.—Hon. J. O. Reaume, Magistrate Leggot, Postmaster Wigle, W. A. Hanrahan and Fish Inspector Victor Chauvan have left for Mitchell Bay and Chenal Ecarte. The party are making a cruise over all the local fishing grounds, gathering data on the fishing situation and interviewing the fishermen of the district.

## "YOU'LL SUFFER ALL YOUR LIFE"

That's what the Doctor told him  
"Fruit-a-tives Cured Him"

CHESTERTVILLE, ONT., Jan. 25th 1911  
"For over twenty years, I have been troubled with Kidney Disease, and the doctors told me they could do me no good, and that I would be a sufferer for the rest of my life."

I doctored with different medical men and tried many advertised remedies, but none of them suited my case.

Nearly a year ago, I tried "Fruit-a-tives". I have been using this fruit medicine nearly all the time since, and am glad to say that I am cured.

I give "Fruit-a-tives" the credit of doing what the doctors said was impossible.

I am now seventy-six years old, and in first class health."

GEO. W. BARKLEY.

In all the world, there is no other remedy that has cured so many cases of so-called "incurable" kidney disease, as "Fruit-a-tives".

This famous fruit medicine acts directly on the kidneys—healing and strengthening them—and ridding the system of the waste matter that poisons the blood. 50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

### Nine Thousand At Borden Banquet

Toronto, September 23.—Toronto accorded a magnificent welcome to Right Hon. R. L. Borden at a banquet given by the Board of Trade in his honour at the new Mutual Street Arena tonight. The great stadium was filled by the largest audience ever gathered together in Toronto. So great was the public desire to join in the greetings to the Prime Minister that thousands of persons vainly sought admission to the hall. Devotion to the Empire and to British institutions was the dominant note of all speakers. On behalf of the people of Quebec, Hon. L. P. Pelletier brought a stirring message of loyalty.

Mr. Borden of course could not make any definite announcement of the naval defence policy which he will propose to parliament, but he left in the minds of his hearers the feeling that when that policy is promulgated Canadians would have no reason to be ashamed of their country's self-imposed share of the burden of the Empire.

### Home Gardens.

The boys and girls in several school sections of Ontario have cared for gardens at their homes under the direction of the Department of Agriculture, this summer. The first work of this kind in Dundas county was undertaken in seven schools near Chesterville, last spring.

It is the intention of the Department to hold a school fair at Chesterville early in October. The products of the gardens, and certain other work of the pupils of these schools will be exhibited for prizes. The prize list may be obtained from the Department of Agriculture at Morrisburg.

The home garden work in this neighborhood has met with a fair measure of success in spite of a most unfavorable season. Ninety three pupils had gardens. Some of these gardens were well cared for, and their owners had good reason to be proud of them. Some had suffered from heavy rains or met with some other equally serious misfortune. And some had been abandoned to the weeds and potato bugs. The work was very encouraging however, and many expressed a wish for another try at it next year.

The best garden belonged to Howard Hess. The next to Mary Flynn, while Wealthy Droppo and Mabel Fawcett were equally entitled to the third place. The gardens were judged on the following basis: General appearance 35, freedom from weeds 25, freedom from insects, blight, etc. 15, cultivation and care 25. Total 100. The results were as follows.

### Mothers Heroic Leap into Water Saves Babe.

St. Catharines, Sept. 22.—The infant child of Mrs. A. Reed of West Chester avenue had a narrow escape from drowning in the hydraulic raceway Saturday morning and it was only rescued in the nick of time by its mother. The child had been left in the baby carriage a short distance from the roadway leading to a small bridge across the raceway. The carriage started down the roadway towards the bridge. Baby and buggy went over the bridge into the waters of the race. The carriage sank to the bottom, but the baby, though it had been securely strapped in, in some unaccountable manner floated to the surface. Mrs. Reed noticed the child when it was being carried away face downward by the waters, and hastened to its rescue. She leaped into the water and rescued it after it had been carried 70 feet. Canal employees came to her help and assisted mother and child. The former collapsed after reaching her home. The babe soon recovered.

#### Kyoshk Acquitted on Murder Charge.

Sarnia, Sept. 22—Stephen Kyoshk was found not guilty by the jury yesterday which has tried him a second time on a charge of murder.

An Indian named Dan Chawn was the first witness to be called at yesterday morning's session of the court. His evidence went to show that he saw tracks running from the back door of Naydee's house in the direction of the bush. These tracks were two in number, and were made by a small shoe, and by a large one, about number ten. He stated that they could not possibly be made by Stephen's shoes.

The two sons of George Williams gave evidence as to where they were on the night of the shooting. They also testified as to how they lost their gun in the St. Clair River, but could not agree as to the time. Provincial Officer Greer of Toronto gave evidence as to gun tests he had made at the scene of the murder. He also stated that he knew of nothing in an automatic gun that would make marks on a shell, but this evidence was offset by that of Charles Glenn, a gunsmith of Sarnia, who gave expert testimony on this point, and proved that the ejector of an automatic gun always left marks on the shell.

After this evidence had been taken Mr. Lesueur started to address the jury and made a brilliant appeal. He put strong emphasis on the fact that the three main witnesses for the Crown at the former trial had admitted that they had told lies, and this point was no doubt the main feature of the whole trial. The Judge in his address to the jury evidently favored the prisoner, and he pointed out that with such evidence as had been given by the perjurers they had a very difficult task.

The jurors were out just forty minutes when they returned to the court-room, while a deep hush fell over the crowd. In a clear voice the verdict of "not guilty" was spoken by the foreman, followed by a subdued conversation by the audience.

The Judge in his address to Kyoshk stated he was pleased with the verdict that had been returned. He stated that he was sorry Kyoshk would have to stay in custody until the Minister of Justice took action on the former case.

The Duke of Connaught and party embarked at Vancouver for Prince Rupert on the C. P. R. steamer Princess Alice on Saturday night.

#### Parliament May Meet on Nov. 14.

Ottawa, Sept. 13—It is probable that the date of the opening of the next session of Parliament will be Nov. 14, when the Speech from the Throne will be read by His Royal Highness the Governor General. While this is considered the most likely date among ministerial circles here, there is a possibility of its being put back some weeks later if the information concerning the recent naval conference be not received in final form. The announcement by the Premier in his Montreal speech on Saturday night surprised even those most intimate with events in the Government circles. Though the opening of the session is fixed for early in November yet so delicate is the navy question and so eager is the Government to deal with it thoroughly and leave nothing to chance that if the promised details from the British admiralty be not complete, then the Prime Minister will not call Parliament until a later date than November 14.

The cabinet has carefully considered all the reports made to them by Premier Borden and his colleagues and it is not secret that when the final scheme is presented to the House in November that it will prove a pleasant surprise for the friends of the Government and somewhat disconcerting to the opposition. A spirit of honest jubilation is abroad amongst Conservatives following current political events closely in the capital.

The naval question will first be dealt with and the most important piece of legislation to follow will be the bill revising the Bank Act. The Hon. W. T. White, finance minister, had his measure on the file ready to present to Parliament. He has worked hard upon it since the close of last session and it is understood nothing revolutionary will characterize the changes proposed. Though many members of the cabinet were absent during the summer, those who remained in Canada were busy and with cabinet councils daily until the House meets there will be a crop of legislation to be considered.

The Redistribution Bill will not as at present anticipated receive the early consideration of the House. The Hon. Geo. E. Foster will present his reciprocity treaty with the West Indies.

Tested Her Faith.

A Perth lady who has great faith in human nature met three Weary Willies on the street who told her a hard lucktale. She listened patiently to their story and then she told them if they would follow her she would give them work. This they did and she introduced them to a woodpile of about one cord instructing them to put two cuts in each stick.

After about an eighth of a cord had been sawed the lady gave one of the tramps a \$5.00 bill telling him to go and get change and take the pay for their work giving her the difference. He returned and handed her \$2.00 change. Once the good Samaritan was safely inside the house the three decamped leaving their work unfinished and with \$3.00 to the good.

She reported the matter to the police and the trio were shortly rounded up. When brought before Magistrate Taylor he told them he would give them one chance, either finish the wood or take the consequences. They decided to finish the wood. They were then instructed to choose the first man to saw, the other two remaining in the cell. The Chief introduced them to the wood in relays. This proceeded from about two o'clock in the afternoon until 8 o'clock at night when the hoboos were escorted to the edge of the town and told to seek pastures now.

#### Natural Gas on Parsonage Lawn

Peterborough, Sept. 21—Yesterday afternoon natural gas was 'struck' on the grounds of the parsonage of St. Joseph's church, Douro, of which the Rev. Father McGuire is parish priest. A man was at work deepening an old well on the premises when a flow natural gas developed compelling the digger to beat a hasty retreat. The nature of the gas was tested. It burned brightly. The flow has persisted for several hours and is still strong. The place is five miles east of Peterborough.

### Coanwall General Hospital.

This institution provides skilled nursing and care at very moderate rates to those able to pay, and without charge to indigent persons from the three United Counties, other than the Municipal Grants.

It is kept up by:

1. Fees from paying patients.
2. Grants from the Government and Municipalities.
3. Donations and Subscriptions from Churches, Corporations, Societies and Individuals, the last being the largest source of revenue.

You are asked to assist in this work

The nucleus of an endowment fund has been established by a legacy recently received, and parties remembering the Hospital in their wills may stipulate that bequests made by them shall go to this fund.

earns money for you every minute you use it

**Very Strong**  
You can rip sod land with the CLIMAX and a 3-horse team—so it MUST be built strong! Yet the teeth won't smash if they strike a stone—their joints unlock and fly back to pass over unharmed.

**Easy Handled**  
Each pole has a tilting lever; and these, with the pressure lever—all in easy reach of operator—exactly regulate depth of cut. Teeth go right for the roots of the weeds, and rip them out of the soil.

This is the stiff-tooth cultivator that gets the weeds OUT of the soil—not merely cuts off their tops or just tickles the roots a little. On dirty land you surely need the

#### Summers—Fetterly

A pretty wedding took place on Wednesday, Sept. 11th, 1912, at the residence of Mr. and Mrs. Jas. Fetterly, Maple Avenue, Morewood, when their eldest daughter Emma, was united in marriage to J. Allen Summers of Winchester, in the presence of immediate relatives and friends.

The nuptial knot was tied by the Rev. E. James of the Methodist church, Morewood.

The parlor was beautifully decorated with ferns, evergreens, asters and sweet peas. As the clock struck the noon hour the bridal party entered amid the strains of the wedding march played by Miss Jennie Reveler of Cannamore.

The bride, who was given away by her father, wore a dainty gown of white embroidered muslin and carried a bouquet of maiden hair ferns, lilies of the valley and orchids.

After the ceremony a sumptuous wedding dinner was served to all present, after which the happy couple took the 4.25 train at Chesterville for Montreal.

The bride travelled in a tailored suit of navy serge with large black hat with willow plume.

The bride was the recipient of many handsome and costly presents. The groom's gift to the bride was a pendant set with pearls, and to the pianist a gold pin.

We join in wishing the happy couple long life and prosperity.

#### Success of the Allison Stock Farm Horses at Ogdensburg, N. Y.

The car load of horses sent by the Allison Stock Farm to Ogdensburg Fair returned home on Saturday bringing with them all of the blue ribbons for every heavy draught class shown at that Fair, being first with aged clyde stallions first for the improvement of the heavy draught breed and championship for aged stallions all classes breeds combined, first, second, third and fourth for aged mares, also champion and reserved championship for mares any age of the draught breed; also a first for the best four head of draught horses the property of the one exhibitor, and first for Hackney Stallions three years old; also two special, one being a silver cup, presented by the merchants of Ogdensburg and fifty dollars in gold, presented by Mr. Irving, president of the association. Surely this speaks well for the class of horses kept at the Stock Farm, also the class of stock right here in our midst, when they did so well at one of the most prominent American Fairs.

#### Smith's Falls Real Estate.

We should draw the attention of our readers to an advertisement that appears in today's issue, respecting the placing on the market by C.C. Cottrell Limited, Montreal Real Estate Brokers, of a subdivision called "Rideau Heights", in Smith Falls, Ont.

From the information we have been able to obtain, this proposition appears to be a perfect legitimate one, and at the same time, offers very attractive features to the Real Estate Investor.

Smith Falls if the liveliest town east of Peterboro and on account of its geographical situation has many railways centering there, and others coming in.

Further particulars will be found in the advertisement. The prices at which this property is being offered, are certainly very attractive and should be taken up rapidly.

#### Reduction Of School Board

The Smith's Falls Council held a special meeting Thursday evening to question of reducing the number of members of the Board of Education. At present fifteen men constitute the Board and the law provides that by vote of the people the Board may be reduced to seven members to be elected by general vote and not by wards. The Council thought that a smaller Board was desirable and by a unanimous vote decided to refer the question to the electors of the January elections.

#### Laurier at Cornwall.

Sir Wilfrid Laurier speaks at Cornwall on Monday evening next, Sept. 30th. A special train will leave Ottawa and arrive at Finch about 6 p. m. Arrangements are trying to be made to have the C. P. R. stop at Finch to bring passengers west on their return. Single fare round trip.

There will be a concert given in the S. S. Hall of Trinity Methodist Church, on the evening of Oct. 8th. Mrs. Wilson, late of Leeds, England, will be the soloist. Program will be replete with good things. Further particulars next week.

The Dundas Teachers' Institute are in session in the Public School here to-day and to-morrow.

#### Written in Slang.

Matthew Henry's commentary on the Bible was written for the common people and in the slang of the day. In commenting on Judges ix he says: "We are here told by what acts Abimelech got into the saddle. He hired for his service all the scum and scoundrels of the country. Jotham was really a fine gentleman. The Sechemites were the first to kick him off. They said all the ill they could of him in their table talk. They drank health to his confusion."

#### A Bold, Bad Man.

The phrase "A bold, bad man," now worn threadbare and comic, belongs to Spenser, who applied it to the Arch-mago of "The Faerie Queene" (l. 1, 37): A bold, bad man that dared to call by name Great Gorgon, prince of darkness and dead night.

#### Unreasonable.

"I suppose your chief creditor is very rich."  
"Well, I should say so. But even at that he acts as though I were living above his means."—Ellegende Blatter.

#### A Safe Lover.

Perkins—Does the young man who is courting your daughter leave at a reasonable hour? Pater—Yes; I have no reason to kick.—Boston Transcript.

To see good in a heart that seems evil is to beget good there.—William Henry Phelps.

Peter English one of the oldest residents of Renfrew county was burned to death at his home where he lived alone, in Adamstown a few nights ago. The deceased was 93 years of age. He was an ardent Liberal and in the election in Renfrew last February he struggled out through the wild storm that day and travelled a long distance to record his vote for Hon. G. P. Graham.

Mr. Peter McLeod who has been on the staff of the Union Bank here for the past two years has been promoted to the position of teller accountant in the office at Stirling, Ont., succeeding Mr. W. #### Small Fruit Culture.

The failure of many who occupy land to grow an abundance of small fruits, at least for their own use, is due to a mistaken idea that it requires too much time to look after a garden. This is the view taken by Mr. W. T. Macoun, the Dominion Horticulturist, and expressed in a paper read by him last winter before the Senate Committee on Agriculture and Forestry. This paper, which constitutes a pamphlet of thirty-five pages is an exhaustive treatise, expressed in the plainest terms, on the culture of small fruits; the fruits dealt with are the strawberry, blackberry, raspberry, gooseberry, and several classes of currants. Besides giving full instructions for planting and cultivating notes are given on relative merits and varieties.

This pamphlet contains an interesting table on cost of growing and the returns from an acre of strawberries, at a selling value of five cents per box, a net profit of eighty-four dollars is shown. A section is devoted to the preparation and application of insecticides and fungicides that are useful in fruit growing. Having the information of this paper to guide him, there is no good reason why every farmer should not have a productive fruit garden. A large edition has been printed to be sent free to all who apply to the Publications Branch, Department of Agriculture, Ottawa.

#### Barkley—MacMillan

The Presbyterian manse, Chesterville, was the scene of a very quiet wedding on Monday, Sept. 23rd, when Ethel S., youngest daughter of Mr. and Mrs. J. J. MacMillan of Grantly, was united in marriage to George Barkley of Connaught.

The bride wore a beautiful gown of pearl grey Duchess satin trimmed with baby Irish lace and pearl trimmings.

The happy couple left on the seven o'clock train for Brockville and other points, the bride travelling in a navy suit with hat to match.

On their return they will reside at the home of the groom, where their friends wish them long life and happiness.

### "Maid Of Mist" In Her First Mishap

Niagara Falls, N. Y., Sept. 23. —The Maid of the Mist, the little steamer that for years has carried tourists close to the tumbling waters of Niagara Falls ran on rocks Sunday opposite the Ontario Power Company plant, a short distance below the cataract. The situation was so grave that Captain Richard S. Carter ordered the lifeboats made ready for launching and the twenty passengers equipped with life preservers. By skilful manoeuvring however Captain Carter was able to release the steamer by its own power. This mishap is the nearest approach to an accident that has occurred in the 45 years the trip has been made by the present Maid of the Mist.

### The Late John Watson

An old and highly esteemed resident of the district, Mr. John Watson died at Aultsville on Sunday, 8th inst., at the great age of 93 years and 7 months. The deceased lived at East Williamsburg up to a couple of years when he removed to Aultsville. He was of a robust condition, enjoying good health until about nine months ago when, he was compelled to take to his bed. He is survived by one son and two daughters—Mr. Charles Watson of Froatburn; Mrs. John H. Wells and Miss Melissa Watson of Aultsville. A kind-hearted man he was a good neighbour, being held in the warmest regard by all who knew him. In religion he was a Methodist and in politics a Reformer. The funeral took place on Tuesday to the Methodist church services being conducted by Rev. Mr. Hanna. The pall-bearers were Messrs. Simeon Grove, S. C. Hanes, Charles Bush, F. Van Allen, S. Reddick and H. Lapointe. There was a large gathering of friends to pay a last tribute of respect.—Standard.

### Sir Richard Cartwright Dead

Kingston, September 24—Sir Richard Cartwright died in the General Hospital shortly after eleven o'clock this morning. He took a bad turn during the night and though he rallied during the early hours of the morning, he began to sink steadily and passed away very suddenly.

A consultation of doctors at ten o'clock decided that the aged knight could not survive the day. Lady Cartwright and members of the family were at his death bed. His end was peaceful.

The funeral will be private, the time however not having been yet arranged.

Sir Richard Cartwright had not yet finished his seventy-seventh year, having been born at this place December 4th, 1835.

When only twenty-seven he was elected to the old legislature of Canada from the constituency of Lennox and Addington. From the formation of the Dominion Parliament with Confederation until 1878 he represented Lennox at Ottawa and being then defeated he afterwards sat successively for

### WHY LOTS IN RIDEAU HEIGHTS ARE A GOOD INVESTMENT.

#### Canadian Pacific Railway

This World-famed Railroad has made Smith's Falls, and is still making it. Over \$60,000.00 of C.P.R. money is paid out monthly in Smith's Falls in wages. This divisional point is of most strategic importance to the Railway, and is daily becoming more so.

#### Canadian Northern Railway

This new Railway wonder of the 20th Century will be operating into Smith's Falls in a few months, and will no doubt have a divisional point at Smith's Falls. Station, freight sheds, large water tank and extensive yards now nearing completion, and trains are at work.

#### Grand Trunk Railway

The G.T.R. must have more direct access from Toronto to Ottawa, and a line already surveyed, a portion built and a subsidy granted will give Smith's Falls three great Railroads before long.

#### Kingston & Ottawa Electric Rly.

This Electric Railway to operate between Ottawa and Kingston has already been surveyed, and the front lots on Lorne Street, in Rideau Heights, will face on this Electric Line. It is expected before long, and will quadruple prices in Rideau Heights on arrival.

#### Rideau Canal and Lakes

The Canal from Ottawa to Kingston is a great factor in making Smith's Falls well-known to Canadian and American Tourists, and materially assists in reducing

freight rates. The beautiful chain of Lakes on this Canal near Smith's Falls is one of Smith's Falls' greatest attractions, and heralds her name across the Continent.

#### Hydro-Electric

There is not the least doubt that while the three water powers in Smith's Falls at present deliver \$15.00 Horse Power Electric Energy, the 120,000 Electric Horse Power at Chat Falls on the Ottawa will shortly be introduced into Smith's Falls, and manufacturers will flock to this near Railway City.

#### 300 Houses Wanted Now

Between 250 and 300 Houses are at present required in Smith's Falls as computed by a reliable authority. Surely this is enough said. Many of them will be located on "Rideau Heights."

#### Prices and Terms

Our prices are 1c a foot and up for some of the nicest property you ever stood upon. Terms are easy and there is no interest. A new idea in Smith's Falls.

#### Quality and Nearness

The property is high, dry and very desirable for building; only Nine Minutes' walk to the property from the centre of the Business District. Houses, sidewalks, sewers, electric light and water right up to the property now.

#### Growth of Town

The Town must grow toward "Rideau Heights," because it is hemmed in by Railways in every other direction. "Everything goes to the point of least resistance."

There are so many other advantages that time and space will not admit of enlarging on these. Later we will tell you, but don't wait for more particulars while your friends are seizing the chances unparalleled we are offering. Call, write, phone, wire or send your friend, but act at once, and secure some of the greatest bargains in Real Estate ever offered on this Earth.

TRY IT FOR 1912!

Montreal Standard Publishing Co., Limited, Publishers

Morrisburg, Sept. 21st, 1912

To the Editor:-

The Department of Agriculture, Morrisburg Branch, in conjunction with the Alexandria Branch and the Dundas Fruit Growers Association are arranging to put up a two hundred box exhibit of McIntosh red apples at the Toronto Flower, Fruit and Honey Show to be held in November.

Last year an exhibit of seventy boxes of McIntosh Red was taken there under the supervision of the District Representatives of the United Counties, and the high quality of the fruit was commented upon by all who saw it. This year we hope to get together two hundred boxes, and possibly by next year work up to a carload exhibit of six hundred boxes.

This movement deserves the hearty support and co-operation of everyone interested in the agriculture of the United Counties. It is a very effective way of advertising the fruit growing possibilities of this district. Already this section is becoming recognized as the one where the best quality of McIntosh Red can be grown. We need to keep this fact constantly before the public by exhibiting the products of the orchards at such shows as the one at Toronto. If we do this it is a sure means of opening up special markets for the disposal of the apples grown in this section. Markets in which our fruit will command a considerably higher price than though disposed of through the ordinary channels. A good article is always at a premium on the market, but some way must be taken to let the people know that you have that good article, and any business man will say the way to do that is to advertise.

This year along with the box exhibit a special advertising exhibit is being planned. This to consist of a monument constructed of a frame work of lumber entirely covered over with McIntosh Red apples. This idea is to represent the monument erected at Dundela to mark the spot of the original McIntosh tree, and the object is to bring to the attention of the thousands who visit this show the fact that this variety of fruit originated in the United Counties, and the fruit growing possibilities of the district. We hope to make this exhibit large enough to attract considerable attention, and the monument together with two hundred boxes of apples should make a display worthy of the United Counties.

Many of the fruit growers of the district are saving us some of their choicest fruit in order to make up the two hundred boxes. They supply the boxes and the fruit is sold after the show and whatever it brings is divided among them at so much per box. It is a different matter though to finance the monument scheme for advertising purposes. It will require some funds for this purpose. We have been promised some help from the Ontario Fruit Growers Association providing our own Counties Council who will assist and use this as a way of advertising the resources of their district.

We are satisfied that the cause is a good one, and hope that the members of this council will not turn a deaf ear when the matter is placed fairly before them.

Thanking you for this space in your columns

Yours very truly  
E. P. BRADT

### Sunday School Convention.

Brockville, Sept. 23—The annual convention of the Sunday School Workers of the Brockville Presbytery was held last week at Kemptonville. The principal speakers were Rev. Dr. Johnston of Montreal. The united societies report was submitted and was quite satisfactory.

The officers elected for the current year were as follows: President, W. H. S. Knowles, Merrickville; Vice-President J. K. Dowsley, K. C., Prescott; Secretary M. McGuire, Spencerville; Treasurer, Mrs. S. Clare, Bishop's Mills.

In connection with the convention, the quarterly meeting of the Brockville Presbytery was held. Rev. S. T. Martin of Quebec was present as representing the Financial Board of the Assembly and addressed the Presbytery upon the budget. The financial sheet of the church is extending very rapidly he said. With the New Year the stipend of all ministers in the East will be at least \$1,000. In Northern Ontario and the West the minimum will be \$1,200 and the salaries of the home missionaries throughout the church will be raised proportionately. The Presbytery of Brockville, which was asked to raise \$1,000 has next year to become responsible for \$1,800.

Premier Borden at the banquet in his honor at Montreal announced a November session of the Parliament to settle the navy question.

### Bankwas Robbed by Bogus Account.

Montreal, Sept. 20—Charged with the misappropriation of \$38,000, the property of the Bank of Hochelago, by which he was employed as a tailor, Henri Legace made his appearance in the Enquiry Court this morning and pleaded not guilty.

The police allege that Legace opened a false account in the bank and as cheques came in placed fictitious names upon them, stamped them with the accepted sign, and entered them up to the bogus account. He is then said to have opened up an account in the name of L. K. Amyot in the City and District Savings Bank, transferring the account from the Hochelago Bank to it. To cover up his actions the authorities assert that Legace was in the habit of reducing the account of some account of some large firm in the ledger. Of course, this reduction could not appear in the firm's pass-book. In August an investigation was held and \$28,000 at least was found to be missing.

The investigations revealed the fact that only twelve dollars remains in the name of Amyot in the City, and District Savings Bank. Legace bears an excellent reputation.

### Little Boy was Drowned in Lock.

Merrickville, Sept. 17—A very sad drowning accident occurred at Andrewsville about two and a half miles north of Merrickville, when Master Garnet Ward, son of Walter Ward, met his death.

The little fellow, who was seven years old, was watching the men lock the Ottawa through. He was not missed until noon, and his parents telephoned to Burritt's Rapids and Beckett's Landing, thinking he was on board the Ottawa. Not being able to find any trace of him a search was instituted. The lock was emptied and there the little boy was found. Much sympathy is expressed for the bereaved family as he was a bright, smart little fellow. The funeral took place Monday.

### Canada Is Ninth Maritime Nation

Ottawa, September 19.—Canada is now ninth in tonnage list of the maritime states of the world, as published in a report for 1911 just issued by the Department of Marine and Fisheries the other eight beginning at the top, are Great Britain, Germany, United States, Norway, France, Russia, Italy, and Japan.

The total number of vessels on the register books of the Dominion at the close of the year was 8,088, measuring 770,446 tons, a marked increase over the total of the previous year. The number of steamers is given as 3,444, with a gross tonnage of 588,741.

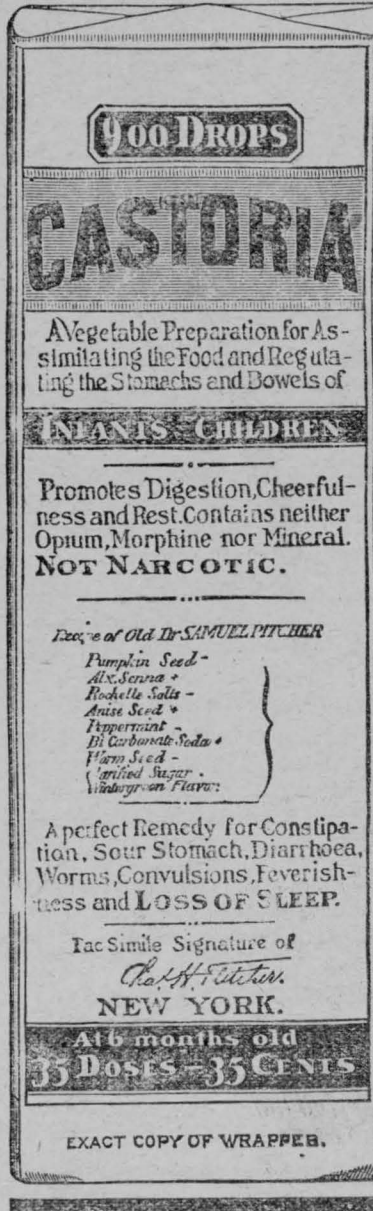

Estimating the average value to be \$30 per ton, the value of the net registered tonnage at the end of the year would be \$23,113,380. New vessels added to the list during the year numbered 339, with a net register of 27,736 tons. Estimating the value of the new tonnage at \$45 per ton, the value of the new vessels is given at 1,148,120. During the year 297 vessels were removed from the register. Of these 27 were wrecked, 15 stranded, 12 lost, 10 abandoned at sea, 12 foundered, and 31 reported out of existence.

The department estimates that 41,447 men and boys found employment on the ships of Canada during the year.

Quebec is the third important "maritime" province according to the list of registered ships, having a total of 1,511 sailing ships and steamers. The other provinces appear in the list as follows Nova Scotia, 2,105; New Brunswick 996; Ontario, 2,105 P.E.I., 149; British Columbia, 1,227; Saskatchewan, 5; Manitoba 96, and the Yukon Territory, 15.

### Hon. J. W. Sifton Has Passed Away

Winnipeg, Sept. 19. There died this evening here Hon. J. W. Sifton the president of the Free Press Publishing Company, and one of the foremost old-timers of the City. Mr. Sifton, who had been ailing for some time, was one of the oldest inhabitants of Winnipeg, and there was no part of the West with which he was not familiar. He was a native of London Ont., and coming out here early in life, he soon rose to a high position in life. He was elected to the office of Speaker in the Provincial Assembly. Mr. Sifton, who was the father of Hon. Clifford Sifton and of the present Premier of Alberta, was well known throughout the West.

### Walker-Smith.

A very pretty wedding took place at the home of Mr. and Mrs. J. Wesley Smith of Morewood, on Wednesday, September the 18th, 1912, at three o'clock, when their daughter Ada, was united in marriage to Mr. Lawrence Walker of Winchester.

Just before the hour about seventy guests assembled and were received by Mrs. Smith.

The bride was given away by her father and entered the room to the strains of Mendelssohn's wedding march played by her sister Miss Ellice Smith. She looked very pretty in a gown of cream silk trimmed with silk overlace and insertion, and carried a bouquet of cream roses and ferns.

The ceremony was performed under an arch of twining vines in which the green and autumn tints blended beautifully and formed a pleasing contrast with the clusters of white asters arranged amongst the leaves, Rev. E. C. James officiating.

After the ceremony the wedding supper was served in the dining-room, which was decorated with tinted leaves and pale pink and white asters while asters of different colors decorated other rooms of the house.

The bride received many beautiful gifts, amongst which were a rocking chair and parlor table presented her on the previous Saturday evening by the members of the choir and officers of the Sunday School of the Methodist Church.

### Tees—Masterson

In Edmonton, on Wednesday, Sept. 18th, 1912, by the Rev. Father Cozanet, Mr. Frank Tees of Montreal, was married to Miss Annas Masterson, daughter of Mr. and Mrs. Daniel Masterson of Chesterville, Ont.

The young couple left immediately after the ceremony for a short honeymoon, after which they will reside in Edmonton.

### Jumped \$300 Bail.

Arthur Archambault, who was arrested Friday, Sept. 13th, on a charge of attempting to rob Albert Galvan of Berwick, Ont., and appeared in police court the following morning being remanded for a week, has jumped his bail. Detective Joliat who made the arrest and who has the matter in hand has learned that Archambault served several long terms in St. Vincent de Paul penitentiary and also in the state of New Hampshire prison. He has also a very bad criminal record.

### Hourigan—Sweeney

In St. Mary's church, Morrisburg, at 9 o'clock yesterday morning, Rev. Father Keeley performed the ceremony which united Miss Agnes Sweeney, daughter of Mr. and Mrs. Francis Sweeney, of Iroquois, to Mr. Francis Hourigan of Carthage, N. Y. The bride looked charming in a tailor-made suit of brown with hat to match. The bridesmaid was Miss Emma Sweeney, sister of the bride, and she was dressed in blue, with white hat. Mr. J. Hourigan, brother of the groom acted as best man. The bride was given away by her brother, Mr. Harvey Sweeney.

The wedding party arrived here by auto, and after the ceremony, took the ferry to Waddington, and will visit New York before taking up their abode in Carthage, N. Y.—Leader.

Stephen Kyoshk, the young Walpole Island Indian who has been acquitted on his second charge of murder, is to marry Flossie Williams.

A charge was preferred in the Kingston police court against Dr. Edwards and J. L. F. Sproule, directors of the Kingston township fair, charging them with running horse races at the fair, at the same time receiving a Government grant contrary to the rules governing the acceptance of a Government grant. The case was dismissed owing to the non-appearance of the plaintiff, Denis Sheehan.

On Monday afternoon of last week president Oliver and directors Rilt, Bigger, Bogard, with W. C. Strader, with secretary J. R. Bishop and solicitor Kelly, of the Morrisburg & Ottawa Electric Railway, came out from Ottawa by autos en route for Morrisburg. On their way from the capital they followed the route of the proposed line as near as possible. The officers of the undertaking seem pleased with the proposed route and are determined to push the construction as soon as possible.

### Grand Trunk Bylaw Carried.

The by-law which the town council of Prescott submitted to the ratepayers to raise the sum of \$35,000 to build a subway at the Edward street crossing of the G. T. R. in that municipality was voted on Monday. A large vote was polled and the by-law carried practically unanimously, there being but one vote polled against it, and it is said that was by an elderly man whose eyesight is defective, and who really intended supporting the measure. There were cast 333 votes, of which 332 were for the bylaw and one vote against.

The number of votes in favor of the bylaw is far in excess of the two-thirds required by statute to carry a money by-law, and was the largest vote ever polled in Prescott for a movement of a like nature.

Stephen Kyoshk, the young Walpole Island Indian, was acquitted of the charge of murder on his second trial.

### Dr. G. H. Groves for Senator.

The convention of the Conservative association of Carleton county will be held at Stittsville on Nov. 19th. The delegates will be elected the night previous. This was decided at a meeting of the executive held at Richmond yesterday.

The meeting unanimously endorsed Dr. Geo. H. Groves, of Carp, for a senatorship and will send a deputation to wait on the premier urging the claims of Dr. Groves who is president of the Conservative association.

A new man in the field for the Carleton convention is Sir James Grant, the well known physician. He was present at the meeting of this executive and made a strong address. He will put up a big fight for the nomination.

The other names which will go before the convention have already been announced. They are Messrs R. T. Richardson, of Woodroffe; W. F. Garland, of Hintonburg, and Mr. Robert Grant of Hazeldean. The meeting was well attended, every member of the executive being present.

William Travis of Chatham, N. B., was mistaken for a deer by his hunting companion Robert Hamilton and shot dead.
