Tubie races promise weekend of fun

Well, all you tubie fans, it is time to get out the tools and start building your tube floats. As most people should know by now, "Tubie Weekend" is on July 30 and 31. On Saturday there will be a two band dance featuring "Jude" and "Kenny Wise and The Third Edition". The town can see all the wild tubie water vehicles there are at the parade beginning at 2:00 p.m. on Saturday. Sunday is the big day, though, with the races beginning at 2:00 p.m. The course runs from Mariatown to Morrisburg Beach. There are three categories: Junior, Ladies and Over 16.

How did anyone ever hit on the idea of the "Tubie Races"? Let's Communicate spoke to Steve Casselman, who was able to fill in the details. Approximately 8 years ago the Morrisburg Mets had a great lacrosse team with all the players spending their free hours together. Everyone, including close fans, would always be looking for great ways to unwind. One particular Saturday, after a game, they all got together and started their usual discussion of what to do on Sunday. Tom Dawley suggested having a tube race. The team and fans were enthusiastic. Why not? It could be fun. That was how it began.

The first year was very informal - some built tube boats, others sat on a tube and kicked - but no matter what happened they all had fun. The race began at Mariatown on Glen Cunningham's lawn and ended at Yogi Island with a big party. The following year the same thing happened again, with a few rules added. Until the last three years the tubie races suffered greatly because most of the lacrosse team had pulled apart, but now the tubie races are going great. For the past three years, Morrisburg has held the "Tubie Weekend". Danny and Louise Cassel, Steve and Bonnie Velej and Bill and Lyn Dillaough are the organizers of the weekend and put much work

into it, to make Tubie Weekend the success it is.

Steve told Let's Communicate that there is much rivalry and betting among the teams which makes the weekend fun. He mentioned that the girls were even capable of beating the guys - so girls do not be afraid to enter. Steve also stressed that most enter the Tubie Race for the fun of it, not to win. One year, money was left over from

the Tubie Weekend and it was donated to help pay for the Zamboni in Morrisburg.

Let's Communicate has heard many rumours concerning Tubie Weekend. It seems there are to be some different entries and rivalries. This should prove to make the weekend very interesting, so all are invited to either spectate or actually enter.

Children's program features Wanderin' Minstrel

"Wanderin' Minstrel Claude LaBrecque" will present a special program for boys and girls at the Iroquois Public Library on Tuesday, August 9 at 2:30 p.m.

Well known as a TV performer, folksinger, songwriter and story-teller, Claude LaBrecque presents a program of songs and stories for children of all ages while accompanying himself on guitar.

He has been a popular performer at many Eastern Ontario public libraries for several

years, so children who know him always ask to hear again some of their favourite songs like "The Whopping Big Tale of Herman the Whale" or "What's a Poem, Anyhow?" New audiences delight in being introduced to his fun-filled world of music, fantasy and legends.

All are invited to attend this free program sponsored by the Ontario Arts Council and Eastern Ontario Library System at Iroquois Public Library, Dundas Street on August 9 at 2:30 p.m.

Hospital Auxiliary hold active meeting

Members of the Winchester District Memorial Hospital Auxiliary took advantage of the regular meeting of the Hospital's Board of Governors to present a crash cart to the hospital. The cart is complete with a portable heart monitor and defibrillator.

The presentation was made by Mrs. Louise Sloan, first vice-president of the Hospital Auxiliary and convener of the recent Antique and Craft

Market and Mrs. Irene Wallace, president of the group to Ed. Hanson, president of the Board of Governors and H.P. Stel, hospital administrator.

Purchase of the crash cart and its associated equipment was financed by the Hospital Auxiliary from the proceeds of the June 10th and 11th Antique and Craft Market, which was held at the Winchester Com-

see HOSPITAL - pg. 3

Local Scouts attend Jamboree at P.E.I.

Sixty-five Boy Scouts and their leaders from the St. Lawrence District attended the National Scout Jamboree at Cabot Park, P.E.I. Winchester and Chester-

ville scouts entrained at Cornwall, along with scouts from Cornwall Council. Troops from Morrisburg, Cardinal, Prescott and Kemptonville entrained at

Brockville, with the Brockville Council scouts, Iroquois scouts, under George Fowler, motored to the Jamboree. Morrisburg scouts were led by Bill Sheld-

rick and Bob Butcher; Cardinal scouts by Steve Brown; Kemptonville troop by Stu Andrews, and Chesterville troop by Jim Lowe. The Reverend E. Earle Eaton,

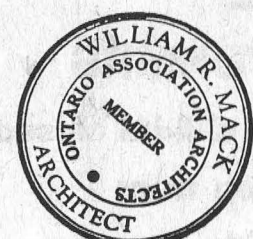

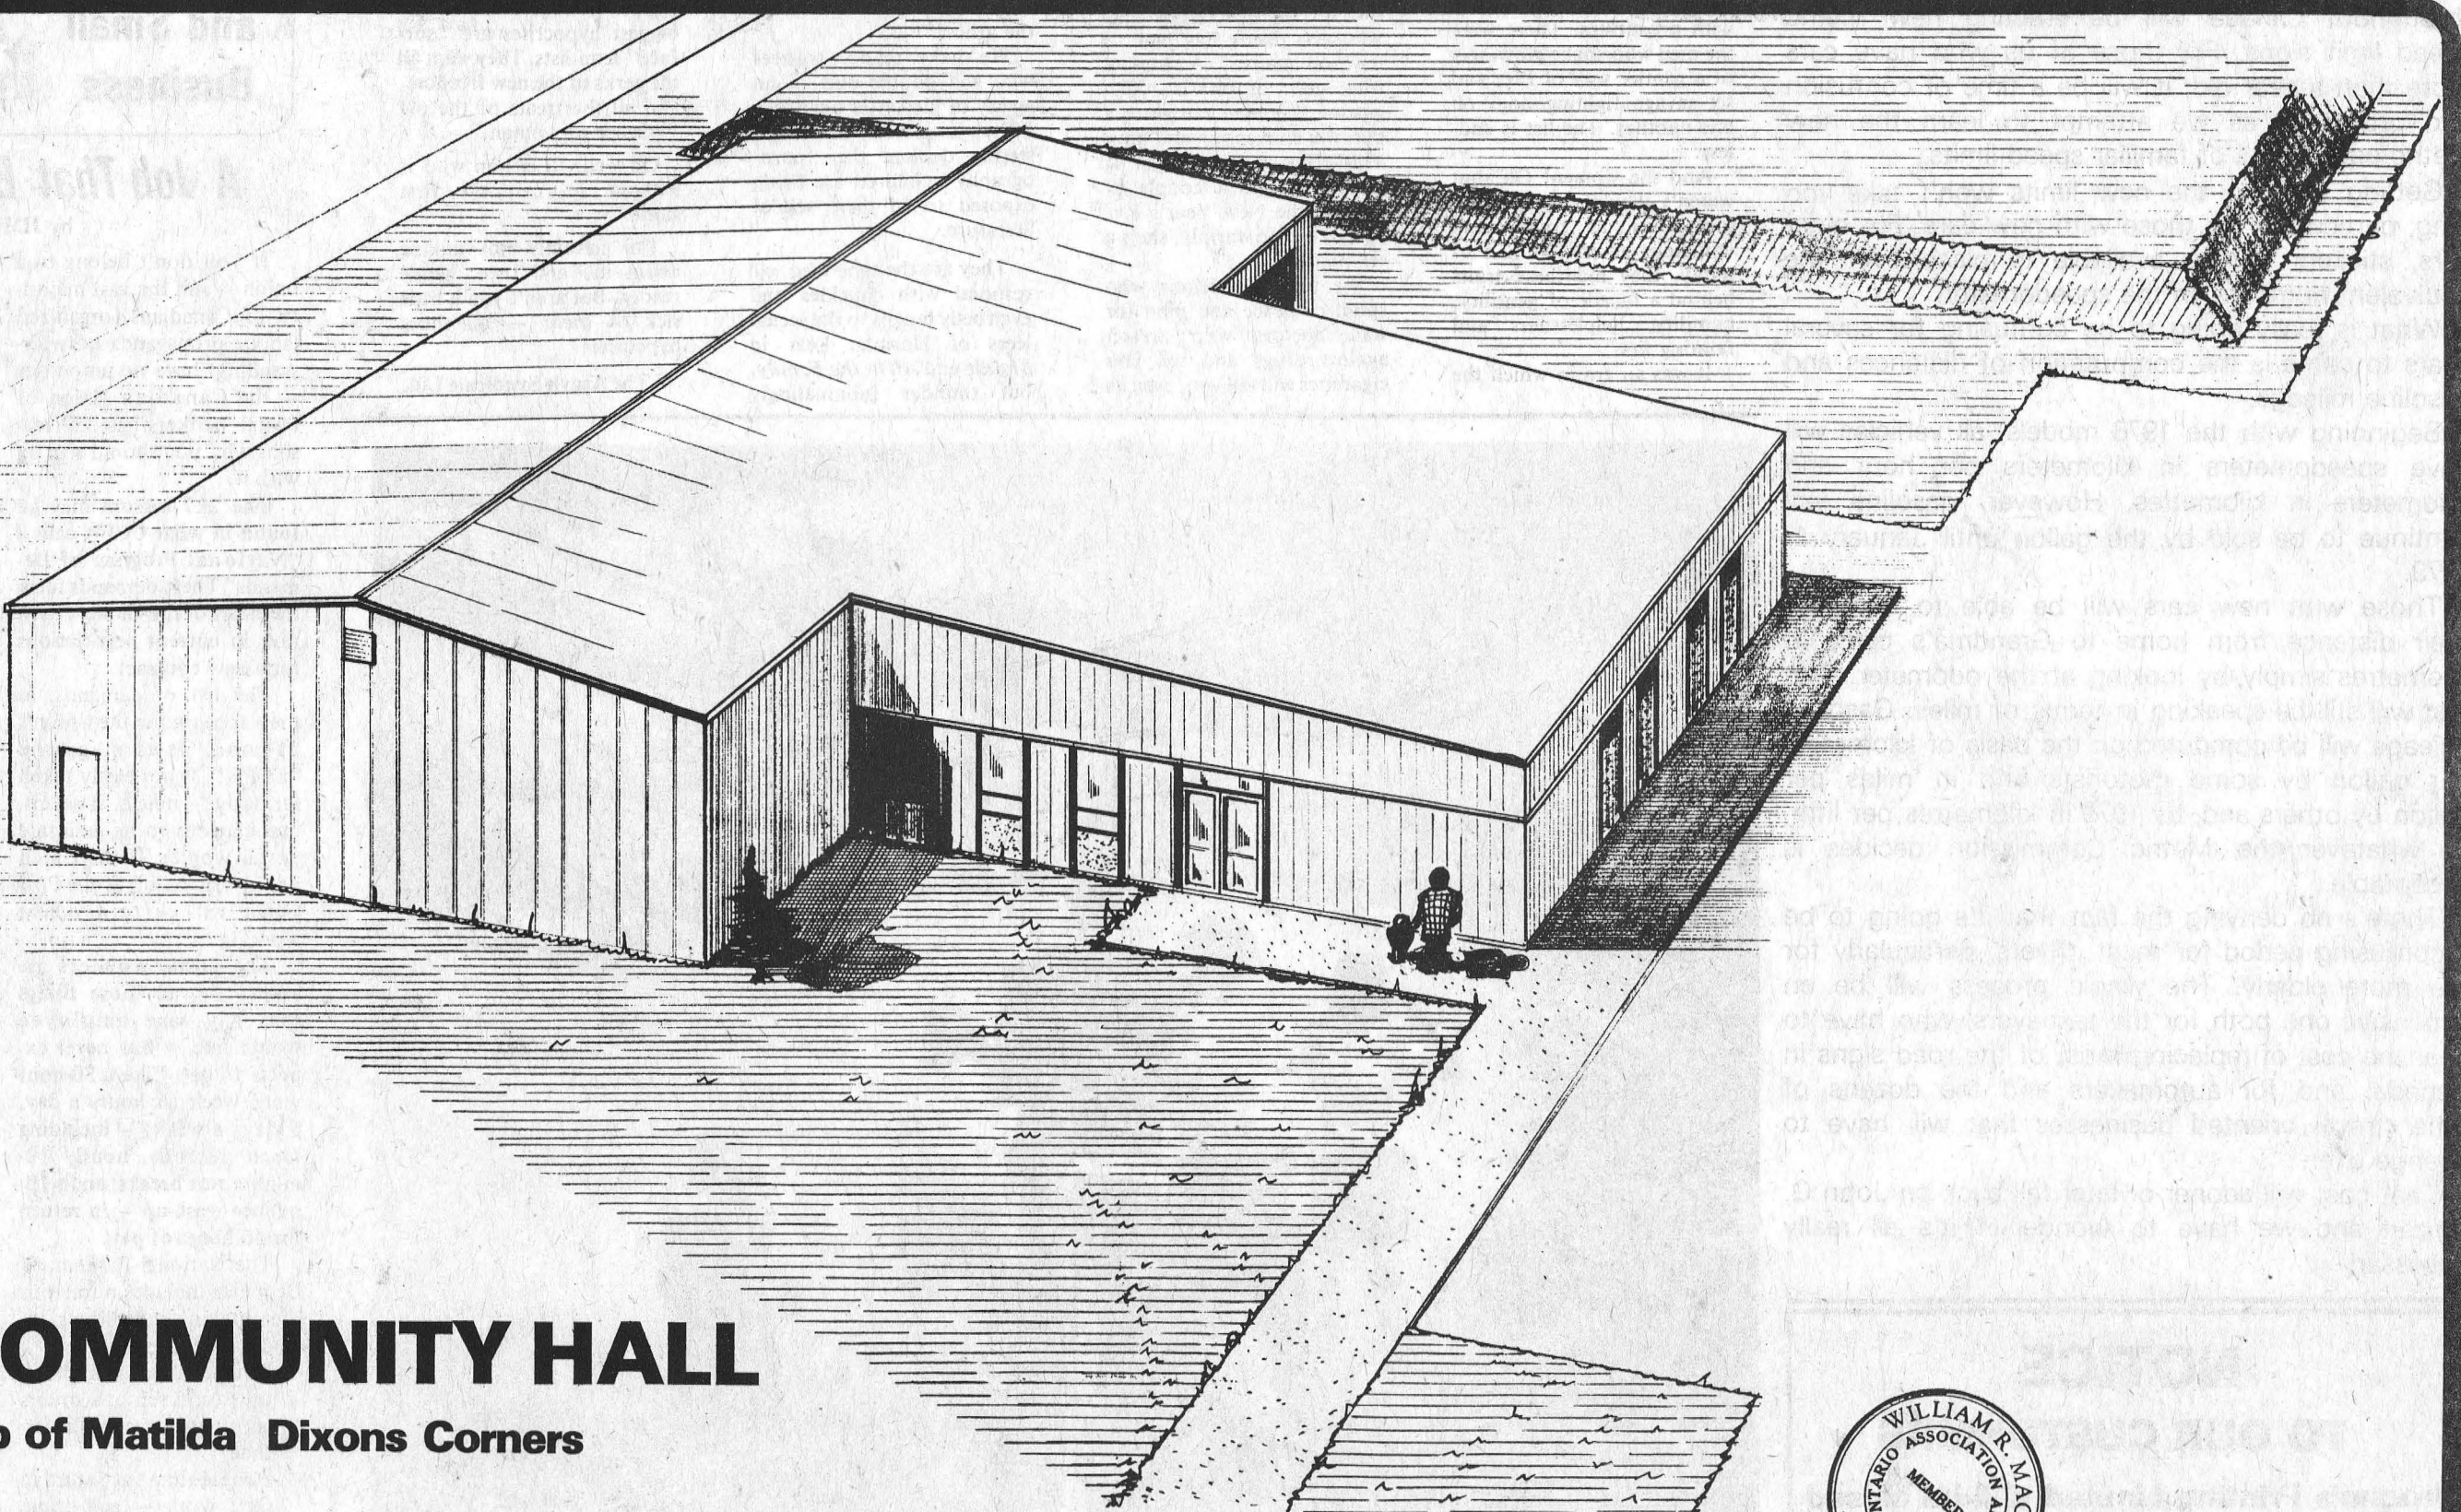

district chaplain and public relations officer, who served on the Jamboree chaplaincy staff, accompanied the Chesterville troop.

Members of the Iroquois Boy Scouts who attended Jamboree '77 in P.E.I. earlier this month stopped off at Levis Quebec for a tour of L'Hoir Incorporated. The firm manufactures kettles and pots for industry and restaurants and before the boys left, the owner Mr. L'Hoir presented them with a kettle for their campfire cooking. Photo by George Fowler

PUT YOUR THINKING CAP ON

Iroquois council has made an appeal to local groups to give some serious thought to projects that they might want to become involved in under the auspices of the Canada Works program.

One meeting was held on July 5th with somewhat disappointing results. Another has been planned for August 3rd in hopes that there will be a better turnout of people who are interested in being involved in the application.

There are plenty of points that could stand to be clarified and the meeting is just the place to do it. If your group is thinking of doing a project that you might not otherwise be able to afford, talk it out at the meeting. It's strictly an information session with village council.

Jobs that could be undertaken, or at least discussed, include such things as painting, roofing or renovation of public buildings, road building, tree removal, and park improvements. Iroquois council already has several projects in mind, but are not certain that they would be enough to provide work for the required number of people for 30 weeks. For that reason they are interested in getting a few partners for a joint application.

Projects under consideration include renovations to the Carman House, and to the Lawn Bowling clubhouse, shoreline improvement work, construction of hiking paths and cross country ski trails and a variety of other ideas. Now it's time for other groups to start thinking of what they would like to undertake if the labour was supplied free by the government.

A CHANGE IS COMING

Beginning the day after Labour Day, highway crews throughout Canada will be erecting new metric speed limit signs. For those of us who have cars more than a year old, it will be a time of confusion and grumbling as we attempt to learn the new metric equivalents of familiar speed limits.

Getting used to the new limits won't take too long, particularly for those with new cars. For older cars, stickers will be available to place over the equivalent numbers on the speedometer.

What is really going to be confusing for several years to come is the computation of distances and gasoline mileage.

Beginning with the 1978 models, all vehicles will have speedometers in kilometers per hour and odometers in kilometres. However, gasoline will continue to be sold by the gallon until January 1, 1979.

Those with new cars will be able to compute their distance from home to Grandma's place in kilometres simply by looking at the odometer. The rest will still be speaking in terms of miles. Gasoline mileage will be computed on the basis of kilometres per gallon by some motorists and in miles per gallon by others and, by 1979 in kilometres per litre, or whatever the Metric Commission decides is acceptable.

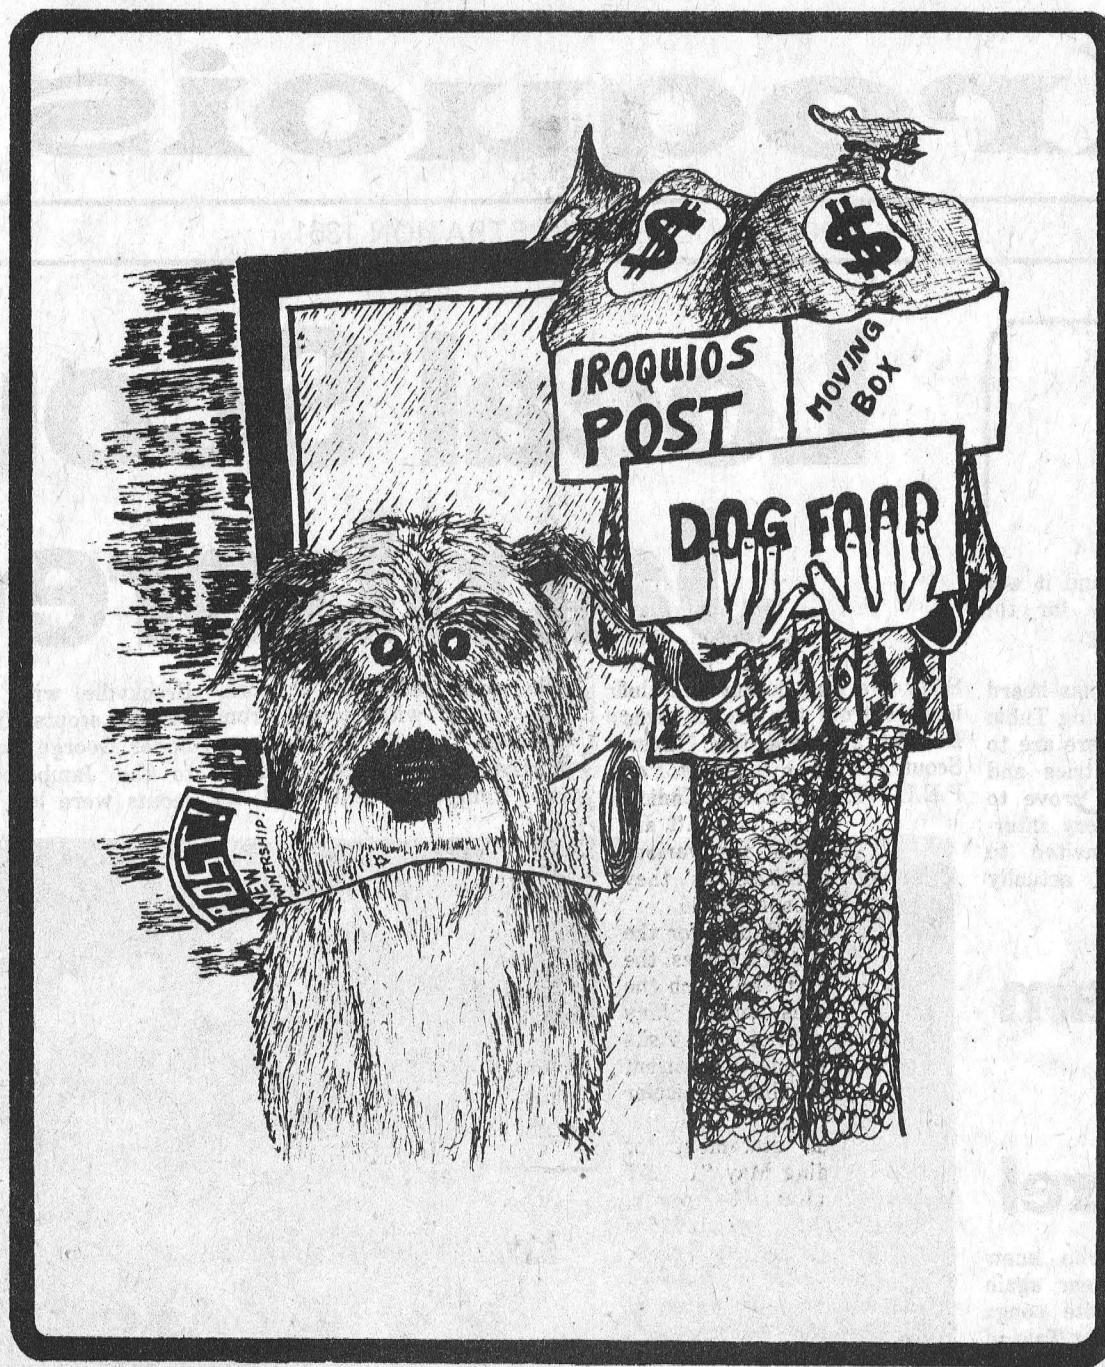

There's no denying the fact that it's going to be a confusing period for most drivers, particularly for the more elderly. The whole process will be an expensive one both for the taxpayers, who have to bear the cost of replacing most of the road signs in Canada, and for automakers and the dozens of other travel oriented businesses that will have to change over.

That cost will sooner or later fall back on John Q. Citizen and we have to wonder if it's all really necessary.

Bill Smiley

Those hypocrites

By BILL SMILEY

There is one type among the species Man that puzzles and saddens me.

In an age that congratulates itself on its openness, its honesty, its "Let it all hang out" attitude, the hypocrite is still very much with us.

Some people might think the 19th century was the golden age of hypocrisy. Certainly, it set some high standards in this line.

There were the manufacturers who preached enlightenment and progress on the one hand, and on the other worked children 60 hours a week in their factories.

There were the men who brayed of chastity as one of the prime virtues, and dallied with prostitutes. There were the men who spoke glowingly of a gentler way of life, and set savage fighting dogs on one another. The list is endless.

And the women! Oh, but weren't they the hypocrites, too? Just as tough and voracious as any woman of today, they hid these traits behind a facade of gentility, humility, helplessness and fainting fits.

It was an era in which the

public mouthing of the Christian virtues was only exceeded by the private materialism, corruption, and sometimes downright viciousness of the middle and upper classes.

Well, then, have we got rid of this particularly obnoxious type, well into the second half of the 20th century? Not bloody likely!

Perhaps we're not quite as hypocritical as the Victorians, but I wouldn't want to bet on it. All that's changed is the terms of reference.

No manufacturer today could get away with hiring children. But don't think they're any less heartless than their forebears. At least, in the 19th century, you knew the boss, was a bastard. Today, a company can "reorganize," and turn half a dozen middle-aged men into the street by an "executive decision."

Many men in today's society still practice a double standard, one for themselves, one for their wives. A man who gets drunk has had "a few too many." A woman who gets drunk is "disgusting." A man can go to a business convention and have a little fling with a call girl. If his wife kisses a couple of guys at the New Year's Eve party a bit too warmly, she's a sex maniac.

We have politicians who spout of peace and plan for war, doctors who preach against drugs and tell you cigarettes will kill you, even as

they butt their 50th coffin nail of the day and pop a couple of bennies to keep going.

We have pillars of the church whom you wouldn't trust as far as you could bounce a bowling ball in a swamp.

We have all kinds of characters who will cheat on their income tax, and then berate people on welfare for "ripping off the government."

We have teachers who "can't understand the attitude of young people today," completely forgetting that they themselves were insolent, lazy, and not even that bright when they were young people.

We have mothers who got in the family way at 19, and had a shot-gun marriage, bewailing the "sexual licence" of their daughters.

We have fathers who deplore at length the slothfulness of their sons, conveniently ignoring that they had to have a good boot in the tail from their own fathers before they'd even carry out the ashes.

We have school trustees who will double over in an agony of glee after hearing a filthy joke, but in public sternly deplore the "pornography" children are being exposed to in their school literature.

They are the type who will respond with chuckles and even belly laughs to the sexual leers of Norman Lear in *Mauve* and *All in the Family*, but thunder fulminantly

against a fine novel like *The Diviners* by Margaret Laurence.

They are the type who don't want anything racier than "The Bobbsey Twins" taught in school, but will shout with ribald laughter at smut on television and take in every restricted movie in town, laughing when there is bloodshed on the screen, and nudging heavily when a couple of naked bodies start squirming on the celluloid strip.

What about today's women? Are they less hypocritical than their great-grandmothers? On the whole, I'd say yes. They're just as blasted irritating as ever, but they're more honest. They still cry for no apparent reason, but they know there's no percentage in pulling a faint. They'd probably just get a glass of water in the face.

But even the women are a long way from being out of the woods, when it comes to hypocrisy. And many of the biggest hypocrites are "surface" feminists. They want all the perks of the new freedom, and all the treats of the old "essence of woman."

Oh well, "Let him who is without sin cast the first stone."

I'm certainly not talking about me and thee, gentle reader. But aren't you a little sick of *them* — all those hypocrites?

100 LINES

by J.M.

By the time this edition of the Post reaches our readers, most of the staff will be embroiled in an all-out attempt to pack all of the fun of summer into one or two weeks. We're heading in all directions here at the Post with one rushing towards the Atlantic, another towards the Pacific and me in the middle.

Last year, you may remember reading, we set our sights on the sunny beaches of Prince Edward Island, only to return home disenchanted because there were plenty of beaches but no sun.

That was in a year when rainfall was the order of the day almost every day. This year, with heat and sunshine the predominant features of the summer, we're heading to another area. No, not Algonquin Park or Peggy's Cove or a similar vacation paradise.

We're heading *for----are your ready----Sudbury, the vacation capital of Northern Ontario. With all due apologies to the city fathers of Sudbury it's hardly the kind of place you impress your friends with having visited. But to really ice the cake, we're going to hit North Bay too.

You may wonder why anybody would plan to visit either place on a vacation. You may wonder why they would bother to write about it, and you may have already said "Who cares where he's going" and moved on down the page to Bill Smiley's column.

For those who are still with us, it must be obvious that we're taking a moocher's holiday this year. Mooching with friends in North Bay and relatives in Sudbury and then if we're lucky, maybe a day or two of mooching in Toronto on the way home. All topped off with a few days of mooching at the in-laws pool right at home.

What began as a simple trip with relatively low expenses has mushroomed into something resembling a crusade. Repairs to the car, something I had been putting off for months, were carried out two days prior to leaving; film was bought for the camera; lawn mowed; cat sitter found.

This last chore sounds simple enough.....find someone to feed the black cat, which has now taken to wandering day and night, returning home only to stuff herself. Applications for the job have not been pouring in. They've been coming in at the same rate as those for the plant watering job.

A likely young recruit has actually volunteered for both jobs and has been entrusted with the golden can opener, a case of Pamper and a jug for watering the indoor vegetation. Mother Nature has been assigned the outdoor work.

With a full tank of gas, a handful of credit cards and a new metric roadmap, we're off to find fun and adventure inyou've got it.....Sudbury.

LETTER TO THE EDITOR

ipant in the bicycle section next year.

Sincerely,
Jane McAllister

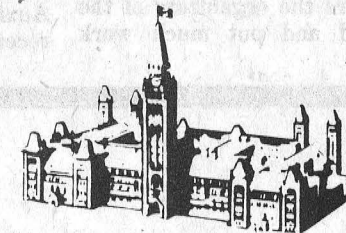

Dear Mr. Millard

Leanne has drawn this picture of two children as her way of saying "thank you" to all those in the parade last Saturday, and especially to those who threw her candy and gum.

She enjoyed the parade very much and hopes to be a partic-

Editor's Note: The drawings that Leanne did were delightful but could not be reproduced here to share with our readers. Her sentiments though, will certainly be appreciated by those who worked so hard to organize the parade.

OTTAWA and Small Business

A Job That Beats Working

by JIM SMITH

If you don't belong to a union — and the vast majority of Canadians (organized labour propaganda notwithstanding) have no union ties — the Canadian Union of Postal Workers has 227 reasons why you should sign up with it.

The 227 reasons may be found in what CUPW calls a "National Program of Demands." These demands form the heart of the Union's position in current negotiations for a new contract.

The list of demands, as they appeared in the Union's national news magazine "CUPW", is not easily taken seriously — unless, it seems, one happens to be an inside postal worker. If the Union has its way, a job in the Post Office will certainly beat working.

The postal workers are asking for all those things that any sane employee would like — but never expects to get. Like a 30-hour work week (6 hours a day, 5 days a week) — including lunch periods, hourly 10-minute rest breaks, and a 10-minute wash-up — in return for 40 hours of pay.

The National Program of Demands includes numerous breathtaking suggestions, including:

- Double time for all overtime (and senior workers get first chance at all overtime);
- Double time for Saturday shift work — and triple time on Sundays, even if the hours are part of a regular shift;
- 4 weeks of vacation time a year for the most junior

employees, building to 7 weeks a year after 15 years of service;

- A raise of 30 cents an hour for any worker relocated from one postal station to another (even if the old and new stations are in the same block);
- An end to all electronic surveillance of workers — as well as building supervisors' offices in such a way that the supervisors can't see the employees;
- No sub-contracting of any work to independent firms without Union approval.

There are more — many more — demands, but you get the idea. And the average Canadian (and small businessman, in particular), as the Canadian Federation of Independent Business points out, is being manoeuvred into a "no-win" situation. Either there will be a prolonged postal strike which could bring the system (along with countless smaller businesses) to its knees or there will be extreme concessions to the workers which will bankrupt the already overburdened Post Office.

All of which explains why the federal government is finding it difficult to arrange an early end to the wage and price control programme, despite pressures from the Canadian Labour Congress and organizations representing big business interests.

A large postal settlement would set off a chain of atmospheric demands and settlements that would force a return to controls — on a permanent basis.

Iroquois Boy Scouts stopped on their way to P.E.I. for a view of the world's longest covered bridge at Hartland, New Brunswick.

Hospital Auxiliary holds active meeting

cont'd. from pg. 1

In other board business, it was noted that Carl Ward of Chesterville would be joining the members of the board, filling a vacancy created when Doug Mitchell resigned because he was leaving the area.

It was also noted that Mr. H.P. Stel, hospital administrator had been re-elected to stand for election to the O.H.A. Board for another two years, beginning in November 1977.

Dr. G.N. Houze, the Chief of Staff, gave his report, indicating the usual Committee activities, including that of the Medical Records Committee, the Medical Audit and Tissue Committee and the Admission and Discharge Committee.

Dr. Houze also reported that

Mr. Jerry Heymans, of Russell, Ontario, a final year Medical student, is spending 8 weeks at the hospital to gain some insight in the operation of a hospital from a medical practice point of view, under an arrangement with the Faculty of Medicine of the University of Toronto and an number of local doctors.

Mrs. Irene Wallace reported for the Hospital Auxiliary, indicating that the regular monthly meeting of the Auxiliary had been held a week earlier on June 9, 1977, at which time final arrangements for the June 10 and 11 Antique & Craft Market were reported to the group.

A report from the purchasing committee was also received, indicating that the Auxiliary

would likely be asked to assist in the purchase of a large number of window drapes for the patients' rooms. Mrs. Louise Sloan reported on the very successful Antique & Craft Market, which showed a profit of approximately \$5500.00. Mrs. Sloan's report was a very complete one, showing details of revenue from all the various sections complete with a list of expenses incurred.

Although successful, it is not likely that a third event of this nature will be held in 1978, but the Auxiliary may instead, participate possibly, in a trade fair or something of that nature, especially so, since 1978 will be 30th anniversary year of both the hospital and the Hospital and the Hospital Auxiliary.

The Antique and Craft com-

mittee held a meeting on June 20th at which the June 10th and 11th event was reviewed and an excellent lunch was enjoyed, courtesy of the hospital.

The Administrator reported that staff turnover for the month of May had again been slight with no new employees hired during that month.

In addition he commented on the many meetings held on May and June, including several committee meetings of the O.H.A. Board of Directors in Toronto, Ontario.

The Administrator also commented on the activities of the Dietary Department, the report for which shows an average of 38, 34, 33 and 37 special diets being prepared per day for the month of February, March, April and May of this year. Miss Marion Charleson, our dietitian was an advisor for Mrs. Maria Ouimet of Alexandria, Ontario who graduated from the Food Supervisor's Course in Toronto on June 10, 1977, another indication that our hospital staff are much involved in the various educational activities as they pertain to the hospital field.

The Statistical Report for the month of May 1977 shows the level of activity to be much the same as it was during May 1976, with a total of 1450 visits to the Emergency-Outpatient Department for that particular month.

The financial statement for the period ending May 31, 1977 shows the hospital to be approximately \$6000.00 within the financial liability set up by the Ministry of Health for our size hospital, while it is expected that the hospital's capital assets should show a balance of approximately \$100,000.00 after all capital expenses and revenue for the year 1977 are incurred and received, including those in connection with the renovation program.

The Administrator explained that it would be advantageous to take action on a quotation received from Bernie's Furniture and Carpet Centre of Chesterville, Ontario for the purchase of drapes and necessary tracks for patient rooms. This quotation was the lowest of a number received, while it was also mentioned that the Auxiliary would likely assist the hospital financially with this purchase.

It was decided that the hospital proceed with the purchase of drapes and necessary track, for a total cost of \$9500.00.

The Administrator also reported that a cheque for \$200.00 had been received from the Rotary Club of Chesterville towards the cost of purchasing a new therapeutic chair for One East.

A combined meeting of the Management and Finance Committees was held on June 9, 1977 under the chairmanship of Mr. Bill Porteous. Prior to the meeting a tour of the building and grounds was conducted and as a result, the members expressed satisfaction with the condition of the buildings and commented on the excellent way in which the grounds were being kept.

A complete set of minutes of this meeting were read to the Board by the Administrator indicating that a large number of items had been reviewed by these two committees, including the renovation program, the 1975 year-end settlement, major maintenance items such as spray painting of the ceilings in the 1959 portion of the hospital buildings, the average length of stay (8.6 days for active treatment and 46.7 days for long term care at May 31, 1977), and the matter of a change in the fiscal year period, made necessary due to changes in the Public Hospitals Act.

Mr. Bill Porteous also submitted his written report, which included a recommendation that the following items of equipment and or repair costs be approved for payment:

1. The purchase of a Craig 23-Channel CB unit together with Antenna and 100' Coaxial cable at a cost of \$340.00 from Vice Furniture Ltd.

2. The payment of \$2650.00 to cover the cost of spray-painting the ceilings in the basement, first and second floor of the 1959 wing to Mr. Ben Batistella, the painting contractor of Ottawa, Ontario.

3. The payment of \$650.16 to Helmer & Associates, Architects, to cover their latest invoice in connection with the renovation program.

Considerable discussion took place with reference to the work of the Steering Committee charged with the eventual formation of a District Health Council for the Three United Counties of Stormont, Dundas and Glengarry and the Counties of Prescott and Russell and it was explained that the present Seaway Valley District Hospital Planning Council would likely continue to function as an

see HOSPITAL - pg. 7

The recent hot weather has made Iroquois municipal beach a pretty popular spot with youngsters and the not-so-young alike. This picture was taken as the temperature hovered around the 90 degree Fahrenheit mark and there was no complaining that the water was too cold.

Tennis Tournament rated a success

The Seaway Tennis Club's junior tournament was rated as a success despite the fact that it had to be finished on Tuesday evening. Rain forced the cancellation of both the junior and senior final events last weekend when the tournament was held as part of the Iroquois Anniversary Carnival.

The actual junior tournament began on Friday July 15th and saw players from Cornwall, Brockville, Prescott and Iroquois competing for trophies and prizes. Playoffs were held on Tuesday evening for the juniors at the Iroquois courts.

The Junior A boys winner was Mark Chodynietcki of Cornwall. Mark received a trophy donated by Beaupre Jewellers,

a radio from Johnny's Spot and tennis balls from the Seaway Tennis Club.

Runner up in the Junior boys A series was Mike Bennett of Cornwall who won a skateboard from Hank's Hardware and tennis balls from the club.

Mark won in straight sets 6-2, 6-0 in the finals.

The Junior boys "B" series was won by Kevin Palmer of Iroquois who beat out Robbie Shaw, also of Iroquois. Kevin received the "B" series trophy donated by Biba fashion store in Iroquois. Robbie received tennis balls as the runner-up, from the club.

The Junior girls "A" series was won by Robin Sauve of Iroquois over Jocelyn Chartrand

in a close match which saw a 7-7 tiebreaker applied - to decide the match. Robin won a trophy donated by Dave Jones Sports Shop in Brockville.

The Junior girls "B" series was won by Jocelyn Chartrand in an extra tiebreaker match over Lori DeBellefeuille. The trophy was donated by Frank Tatton Insurance. The runner-up prize of pillows donated by Fitzsimmons-Fader Furniture went to Lori.

Throughout the weekend of the tournament, the Iroquois Lions Club food booth was in operation under the auspices of the tennis club and for this, the Seaway Tennis Club would like to extend their thanks to the Lions.

Junior A Tennis Tournament Winners - Mark Chodynietcki and Robin Sauve.

Junior B Tennis Tournament Winners - Kevin Palmer and Jocelyn Chartrand.

Local resident named to area OECA Council

W. Victor George, a Brockville resident, has been appointed to the Eastern Regional Council of OECA's community spokesman for a 3-year term, George will be able to respond directly to local inquiries and comments concerning Ontario's educational

television network.

The other new appointees are Robert Owen, a former editor-in-chief of the Kingston Whig-Standard; Frank Rabel, Frankford, the assistant general manager of Bata Engineering; Robert Wylie of Belleville, who is the co-ordinator of the Instructional Media Centre for

the Hastings County Board of Education; and Larry Eshelman the director of the Eastern Ontario Library System in Ottawa.

The five 15-member Councils were formed six years ago to advise the Authority of the cultural and educational needs of their region.

To: The Members of Council,
Inhabitants and Ratepayers of
the Corporation of the
Township of Matilda

We have examined the consolidated balance sheet of the Corporation of the Township of Matilda as at December 31, 1976 and the statements of revenue and expenditure and capital operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the Corporation of the Township of Matilda as at December 31, 1976 and the results of its operations for the year then ended in accordance with accounting principles generally accepted for Ontario Municipalities applied on a basis consistent with that of the preceding year.

NOTES TO THE FINANCIAL STATEMENTS

1. ACCOUNTING POLICIES

- (a) Statement of Revenue and Expenditure
This statement reflects the revenues and expenditures of the revenue fund of the municipality and includes the activities of all committees of council and local boards for general municipal activities. The local board whose activities are included is the Recreation Committee.
- (b) Statement of Capital Operations
This statement reflects the capital expenditures and the related capital financing to be recovered from general municipal revenues of the municipality and its local board described in note 1(a).
- (c) Balance Sheet
This statement reflects the assets and liabilities of the revenue fund, the capital fund, reserve funds and the local board described in note 1(a).
- (d) Fixed assets
The historical cost and accumulated depreciation of fixed assets is not reported for municipal purposes. Instead the "Capital outlay to be recovered in future years" which is the aggregate of the principal portion of unmatured long term liabilities and the cost of capital projects not yet permanently financed, is reported on the "Balance Sheet".
- (e) Municipal enterprises
There are no municipal enterprise activities carried on by a local board or by a committee of council of the municipality.
- (f) Charges for net long term liabilities
Debt retirement costs including principal and interest are charged against current revenues in the periods in which they are paid. Interest charges are not accrued for the periods from the date of the latest interest payment to the end of the financial year.

2. CAPITAL OUTLAY TO BE RECOVERED IN FUTURE YEARS

(a) Some capital outlay to be recovered in future years does not represent a burden on general municipal revenues, as it is to be recovered in future years from other sources.

3. RESERVES AND RESERVE FUNDS

- (a) The "Statement of Revenue and Expenditure" does not reflect the following revenues for the year which were credited directly to reserve funds.

	1976	1975
Special charges on benefitting landowners	\$552,272	\$602,791

- (b) Capital outlays, including fixed assets and the transfers of capital funds in the amount of \$31,062 which have been financed from general municipal revenues of the current year, are reported on the "Statement of Revenue and Expenditure".

	1976	1975
for the Ontario Home Renewal Plan	\$ 38,759	\$ Nil

- (b) The total balance of reserves and reserve funds is \$106,932 and is comprised of the following:

	1976	1975
Reserves for working capital	\$ 72,000	\$ 72,000
Reserve funds for the Ontario Home Renewal Plan	\$ 34,932	\$ Nil

4. NET LONG TERM LIABILITIES

- (a) The balance for net long term liabilities reported on the "Balance Sheet" is made up of the following:
- Total long term liabilities incurred by the municipality including those incurred on behalf of former school boards, other municipalities and municipal enterprises and outstanding at the end of the year amount to \$557,978
- Of the long term liabilities shown above, the responsibility for payment of principal and interest charges has been assumed by others for a principal amount of \$193,000
- Net long term liabilities at the end of the year \$364,978
- (b) Of the net long term liabilities reported in (a) of this note \$363,967 in principal payments are payable from 1977 to 1981, \$194,011 from 1982 to 1986.

	1977 to 1981	1982 to 1986
From benefitting landowners	\$215,967	\$149,011

5. CHARGES FOR NET LONG TERM LIABILITIES

Total charges for the year for net long term liabilities were as follows:

	1976	1975
Principal payments	\$ 34,601	\$ 25,136
Interest	12,555	9,580
	\$ 47,156	\$ 34,716

Of the total charges shown above \$47,156 were paid from general municipal revenues of the municipality and are included in expenditure on the "Statement of Revenue and Expenditure" classified under the appropriate functional headings.

6. LIABILITY FOR VESTED SICK LEAVE BENEFITS

Under the sick leave benefit plan, unused sick leave can accumulate and employees may become entitled to a cash payment when they leave the municipality's employment.

The liability for these accumulated days, to the extent that they have vested and could be taken in cash by an employee on terminating, amounted to \$8,208 at the end of the year. No provision has been made for this liability.

7. THE ANTI-INFLATION ACT

The municipality, its local board and commissions are by agreement between the Government of Canada and the Government of the Province of Ontario dated January 13, 1976 subject to The Anti-Inflation Act (Canada) and the national guidelines. This legislation limits increases in compensation payments effective October 14, 1975.

LET'S COMMUNICATE

Behind the scenes

The purpose of this column, as in our previous articles, has been an attempt to give recognition to those people or organizations that have contributed to the improvement of this community.

Without a doubt, the hard-working Morrisburg Lions Club fits into this category very easily. Mr. Hal Wagner, District Deputy Governor, of the Eastern Ontario Lions organization, agreed to give Let's Communicate an interview about the club.

As Deputy Governor, Hal is directly responsible for 24 Lions clubs in Eastern Ontario, covering such communities as Westport, Alexandria, Smith Falls, and Merrickville. Hal also held the office of Morrisburg Lions Club President in 1973 to 1974, and Zone Chairman in 1975 to 1976. A member of the Lions for nine years, Hal has the amazing record of never missing a meeting.

Hal also filled in Let's Communicate on the history of the Lions charter, remarking "that

the Morrisburg and Waddington belonged to the same Lions Club, with Morrisburg obtaining their own charter in 1936. Unfortunately, this original charter was lost during the shuffle of the Seaway, and has yet to be located." Hal also mentioned that throughout Morrisburg Lions history, the club have sponsored other Lions clubs bids to obtain charters.

In 1947, they sponsored Iroquois and in 1950 the club sponsored Cornwall. Hal was able to recall "That it was only six years ago, that the Morrisburg Lions membership was down to six." Now, as Hal points out, the club has 48 hardworking members.

To become a Lion, as Hal explained, one has to go through several steps. "First, you must be approached by a Lion's member, and your application investigated and approved by the Board of Directors. Then the novice is required to attend three meetings, the final decision on his membership resting on the vote

of the entire club." Hal stressed the fact "that the Lions need more members, but only those people who will work year round."

Over the past year, the Lions have been working hard for the benefit of the community. One of the big projects for the year has been the arena. A tidy sum of \$4,000 went for lighting, a public address system and renovations to the interior. The Lions also gave \$500 towards paying off the Zamboni machine at the arena. As usual, the club have once again sponsored several hockey and baseball teams, the Figure Skating Club, the Boy Scouts and assisted in the cost of a beach program.

The Lions were also very generous in buying bleachers and playground equipment for the park. As in previous years, the Lions donated prizes at Seaway District High School and at the elementary school level for public speaking contests. Bursaries and scholarships are also given out each year, at the high school level.

The Lions club also contributed to such worthwhile organizations as the C.N.I.B., Muscular Dystrophy, Meals on Wheels, and to individuals in need. The Lions are also Foster Parents for Amparito Solomayoi, a seven year old girl from Ecuador.

One of the planned projects for the Lions, if the Town Council gives their approval, is an addition to the Civic Centre. This addition would provide facilities for larger meetings, dances and banquets.

"The funds for these projects are raised by bingos, catering in the arena, the circus and Old Home Week", Hal added. The Lions meet twice a month, on Thursday nights, and encourage people to attend these meetings. Mr. Wagner told Let's Communicate "that guest speakers are often presented at the meeting with a Ladies Night held in honour of the wives."

Hal also felt that a Lions club in any community is worthwhile, as they provide a town with equipment and facilities they might not normally have. Morrisburg is even more fortunate than other communities, because our Lions Club consists of 48 hardworking dedicated men, who constantly work for the benefit of this community.

Recreational film festival

Have you ever considered climbing a nearly perpendicular wall of rock 200 feet high. (Sheer Sport), longed for that exhilarating feeling of skimming over white fields and quiet forest trails on cross country skis, (C.C. Skiing), or experienced the passion for wings and the freedom of the sky, (Blake)? If so, then you should plan to attend, the upcoming Recreational Film Festival coming to Morrisburg Civic Centre, August 4th and 5th. For these days, Program 501, Ministry of Culture and Recreation, have planned an exciting, informative and very interesting selection of sport, craft and other leisure activity oriented films for your viewing pleasure. The idea behind the two day festival, at which 40 films will be shown is to present a new perspective on sports and recreational activities. The films will be shown in groups lasting approximately one hour each, with short breaks between each group, to allow viewers to come and go or get up and grab a bag of popcorn, before the next hours session. The festival will run from 10 a.m. to 5 p.m. and 7 p.m. to 10 p.m. both days in the air-conditioned comfort of the

civic center auditorium.

In the sports division the festival highlights include, "A Piece of Cake" - investigating the long hours of arduous training of the champion gymnast, beginning with the little ones and concluding with an exhibition of faultless gymnastics at the 1973 China - Canada competitions; "The Queen's Plate" - Canada's horse racing classic depicts the story of how the Plate began, the rearing of famous horses, and a closeup of Queen Elizabeth as she presents the trophy to the winning jockey.

The ancient and deadly sport of fencing is demonstrated by world masters in competition, illustrated in "Sabre & Foil", and "Joy of Winter" shows people of Canada making the best of what they cannot change the long snow bound season.

For the less active "Exploration" is an entertaining, informative film for drama enthusiasts or anyone interested in the poise and flexibility of movement in the human body, or "Origami", the Japanese art of paper folding, as practised both by skilled hands and the less adept hands of children.

The "Colors of Pride" is an

introduction to four Canadian Indian painters, whose work in recent years has stunned national and international interest. Pottery, hand looming, weaving and the designing of jewelry from native stones and silver are featured in "Crafts of My Province."

"Is It La'sher or Lezh'er" provides a widely varied selection of personal attitudes and viewpoints regarding the individual interpretation of leisure in Ontario in 1976. Visually colorful, the film portrays a wide variety of leisure activities.

A look into the problems and risks encountered by the occasional exerciser is the focal

point of "The Weekend Athlete" while the film "Your Move" examines women and girls enjoying various sports for fun and fitness.

A full listing and time schedule of the films to be shown will be posted in convenient places around the shopping plaza, beach and civic centre. Popcorn and drinks will be on sale for those with the "movie munchies" but there is no admission charge for viewing the films. Education and entertainment is Project 50A's goal for the Festival. Program 50A invites everyone, both young and old to come and take part in the "Festival".

New principle for St. Lawrence College

St. Lawrence College's Board of Governors recently approved the appointment of Mr. Eugene Cardinal as Principle of the Cornwall Campus of St. Lawrence College for a one year term. Mr. Cardinal is presently Chairman of the Continuing Education Department.

Mr. Cardinal will replace Mr. Louis Tremblay, Principal of the Cornwall Campus who will be taking a year's leave of absence, commencing September 1, 1977. Mr. Tremblay will be based in

Cornwall during the period of his leave and will be studying all practical aspects of energy conservation as it applies to heating and air-conditioning of residential, industrial and institutional buildings. Mr. Tremblay's engineering training specialized in this field.

The expertise he will gain during his leave of absence will be applied to the plant operations of all College facilities and will be shared with technology programs that deal with energy conservation.

SEELEY - In loving memory
of a loving husband and
father, Ivan Seeley, who
passed away July 26, 1971.
God saw that you were very
tired
He did what he thought best
He put his arms around you
And whispered "Come and
rest"
The golden gate stood open
Six years ago to-day
With good-byes left unspo-
ken
You gently slipped away
Sadly missed by wife Vivian
and family Aubrey, June and
Joyce. 7-1p

Pastures for profit

Drought, poor pastures and light hay crops could lead to shortages in E. Ont. Fertilizer usage is critical in dry weather because organic matter is not decomposing. Thus added commercial fertilizer has a proportionately greater effect.

Not all pastures need fertilizer. Old bludgrass pastures

seldom return enough to pay for the fertilizer. Grass stands such as brome or timothy should be top dressed with up to 50 lb. of nitrogen per application. Apply only phosphorous and potash where legumes are plentiful otherwise competition from nitrogen application is too severe.

Manure droppings in the field

waste fertility and pasture production. Vegetation is smothered and the surrounding forage becomes unpalatable. A good manure spreader for a pasture can be made by chaining old car tires behind a harrow drawbar.

Good pastures can be maintained by clipping. Anyone who has tried to pasture an old orchard grass or reed canary

grass stand knows how little cattle will eat yet these grasses provide excellent spring feed.

BIRTHS

July 11, Mr. and Mrs. Jean Guy Desormeaux, Box 112, Crysler, A Son.
July 12, Mr. and Mrs. Harry Micolaassen, R.R. 3, Williamsburg, A Son.
July 13, Mr. and Mrs. Larry Harper, Box 155, Williamsburg, A Son.
July 13, Mr. and Mrs. William Link, R.R. 1, Cardinal, A Son.
July 16, Mr. and Mrs. Wellington Casselman, R.R. 2, Williamsburg, A Son.

Clipping is the best means of week control in legume stands. In grasses a variety of chemicals are available to do an excellent job.

The hand writing is on the wall concerning direct watering from streams. Erosion of the

banks and manure going direct into streams is catching the attention of environmentalists. Already farmers are being advised in some areas to erect fences and install water pumps. Your better judgement may help save agriculture an additional cost of production in case direct watering becomes prohibited.

Hospital Auxiliary

cont'd. from pg. 3

advisory committee to the (yet to be established) District Health Council.

A letter was also received from the Ministry of Health, outlining the procedures to be followed for the obtaining of approvals for new programs and for the expansion of existing ones. All of these requests must be routed through District Health Councils, where they have been formed, for review and subsequent recommendation to the Ministry of Health.

There was considerable discussion concerning a recommendation received from the Medical Staff that a rooming-in policy for the Obstetrical Department be approved. This policy would allow for the baby to be in the mother's room from approximately 1000 hours until the 1800 hr. feeding. Visiting hours would be changed for that particular purpose and the necessary information brought to the attention of everyone concerned. It was proposed to use room 120 for that purpose.

This new policy concerning rooming-in for babies in the Obstetrical Unit was approved. There being no further business, the meeting adjourned at 2200 hours on a motion by Dr. G.N. Houze.

There is little left of this Laidlaw Transport Truck which was loaded with coke fuel and collided on Highway 401 last week. Miraculously, the driver, 45-year-old John Hibma of Simcoe suffered only fractures to his right leg and ankle in the accident which spilled the contents of two tractor trailers over the highway, blocking traffic for several hours.

LET'S COMMUNICATE

Good Neighbour of the Week

This week, our Good Neighbour award is presented to Constable John Watson, of the Ontario Provincial Police. Constable Watson has the unique job of a public relations officer for our community, a job he has had for seven years, plus helping out with regular patrol duty.

John joined the British police force in 1956, coming to Canada in 1968. After a short duration with the Toronto Metro police force, he joined the O.P.P. in 1970. His years of police work all add up to a very impressive record of some 20 years of experience.

One of his main functions as John remarked, "is working in the elementary and high schools, talking to students and trying to succeed in getting my messages across. Particularly in the high schools, I have tried to place emphasis on shoplifting and the dangers of drinking while driving."

somebody committing a crime, phone the O.P.P. We can't be everywhere at once and we need the public's co-operation."

In performing his duties as a police officer, John is very aware of the need to present a good image to the public. He wants not only the teenager, but all ages of people, to realize the police are their friends, and that they need the public's co-operation. Constable Watson also felt a policeman needs several important traits to ensure a successful career. "A policeman must be conscientious and alert, a quick decision maker and honest. He must be conscious of the image he projects, and to set an example to the community, he needs a good home life", he remarked.

John and his wife, Patricia have three children Ian age 13, Fiona 10, and Merideth 4.

In addition to working with the schools, Constable Watson, is a frequent guest speaker at numerous organizations. His presentations usually place emphasis on crime prevention with a film to reinforce his talk. Over the years, he has also worked in close association with the Senior Citizens, stressing the hazards of fire and special precautions the elderly should take while driving.

Constable Watson has been in Morrisburg for seven years, and is impressed with the community, "I like the town, there is certainly a lot of very community minded people. Old Home Week proved that", he quipped. "Unfortunately, there is always a small group of troublemakers, who take pleasure in causing trouble", he added.

Constable Watson urges the community to become involved and eliminate this problem of troublemakers. "If you see

Surviving are his wife, the former Evelyn Fossitt, six daughters: Anne (Mrs. Gordon Wittkie), MaryLou (Mrs. Kevin Van Camp), and Judy of Cardinal, Jean (Mrs. Kenneth Buker) of Richmond, Connie (Mrs. Brian Mallon) of Ottawa, and Eleanor of Kemptonville.

He also leaves one brother J.P. of Hainsville, four grandchildren - James and Robert Wittkie of Cardinal, Ward and Matthew Mallon of Ottawa, and several nieces and nephews.

The funeral mass was offered Tuesday, July 12 at 10:00 a.m. at Sacred Heart Church, Cardinal with Rev. E.J. Keyes and Rev. W.L. Cummings officiating. Interment followed at St. Anne's Cemetery, Dixon's Corners.

The pallbearers were Ralph Merkley, John Millard, Carl Francois, Glenn Windsor, Ken Bush, and Lloyd Morris.

James A. Murray passes

James Augustine Murray, 57, of Dundas St. W., Cardinal, passed away at Brockville General Hospital on Saturday July 9.

Mr. Murray was born at Hainsville, Ont., on March 1, 1920. He was a son of the late Frank Murray and the former Mame Mullen, also deceased.

Mr. Murray farmed near Hainsville for several years before moving to the Cardinal area where he was a construction worker. He had resided in the village of Cardinal for the past fourteen years.

Have puppet, will travel

"Have puppet, will travel", the group of puppeteers touring the libraries in the three United Counties, is now in the process of performing its second program, "A midsummer night's dream". Starting Monday July 25 a new series of visits begins with "Tales of Tante Odette".

The fourth show, starting Monday August 8 will be a "Surprise package" and on

Monday August 8 will be a "Surprise package" and on Monday August 22 the troupe goes on the road with a revue consisting of skits and songs, using the most popular puppets under the title "The grand finale".

All programs are about 35 minutes long. The shows are free to all comers; times and dates are posted in all libraries.

Constantin Petre mourned in Iroquois

Constantin (Peter) Petre died in the Ottawa Civic Hospital on July 18th at the age of 78. Mr. Petre had been a resident of Iroquois for the past 25 years having operated a restaurant at the western limits of the village for 15 years from 1960 to 1975 when he retired.

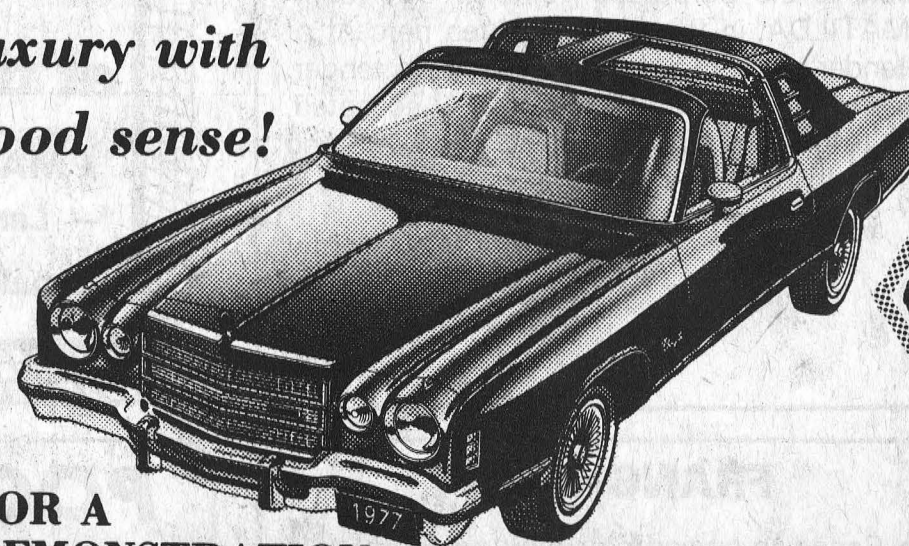

He was born on June 11, 1899 in Bucharest Romania. He moved to England in 1939 and it was there that he married his wife, the former Anna Szekely, in London in 1947. The couple came to Canada in 1952, settling here in Iroquois.

As well as his wife, Mr. Petre is survived by a daughter, Mary Ann of Ottawa and by two sisters in Bucharest and a brother in Toronto.

He was a member of the Eastern Orthodox Church in Montreal, whose minister Rev. P. Popescu conducted funeral services in the C.W. Marsden Funeral Home in Iroquois on July 20th at 2 p.m. Pall bearers were Walter Bailey, John Zaharia, Alec Lorentiu, Vasile Lorentiu, John Lorint, and John Vlad.

Interment was in Iroquois Point Cemetery.
