CRUMBS from Graham's Loaf

We found this small gem tucked under a forest leaf the other day. Penned no doubt by a leprechaun:

Joey and John aren't agreed
And strife reigns in the land of the dory.
Newfoundland might even secede
And small wood is the cause of the story.

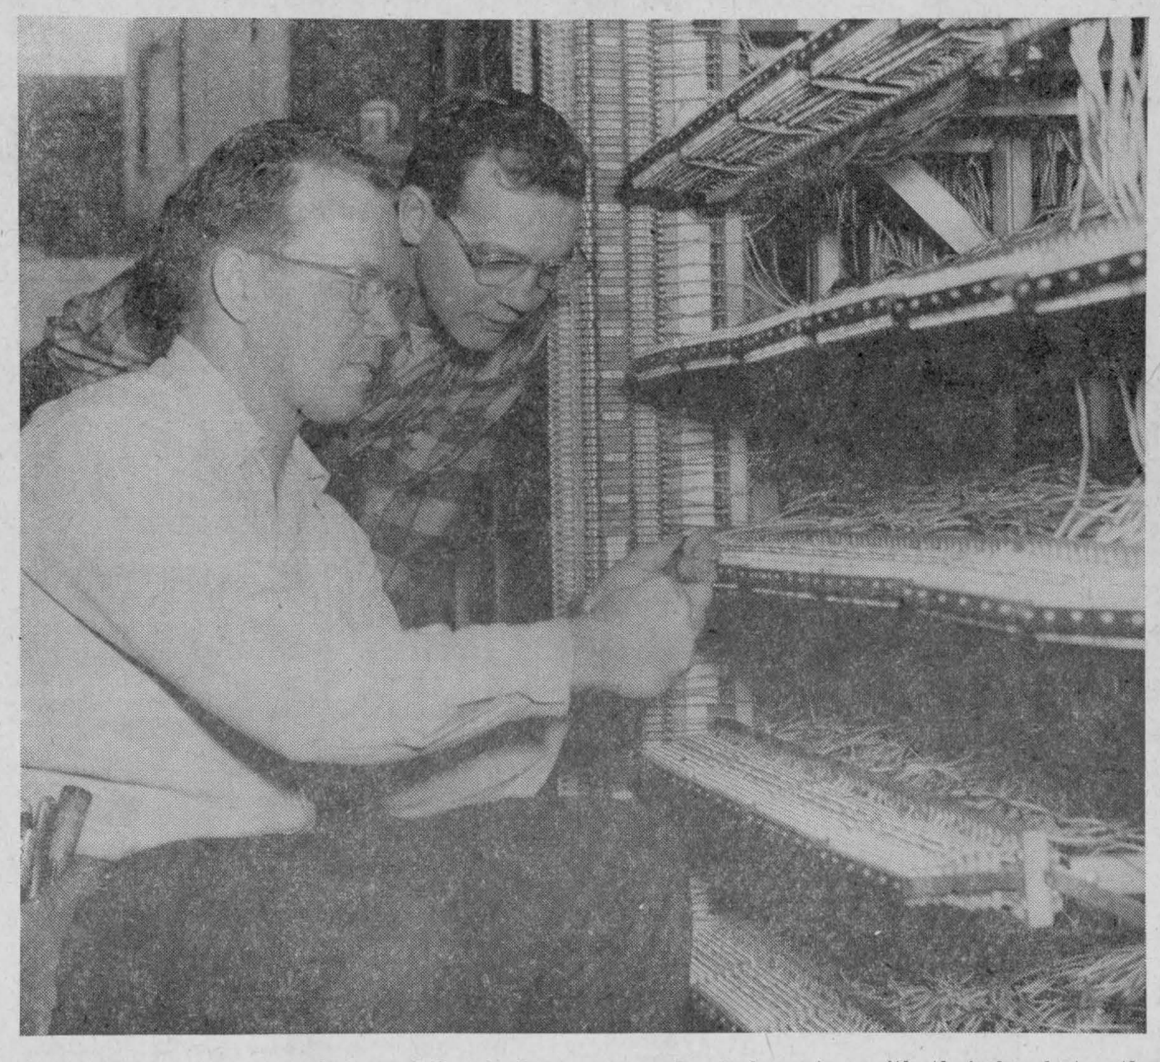

It's a sneaky thing to ask, but did you get your licence plates in time? Good for you. Hundreds didn't and for the second year in a row, the Department of Transport has remained steadfast. No extension of date. The last time we journeyed to Winchester we said hello to Mr Flora. He figured there were quite a few citizens who just can't believe the department's change of policy.

Leaking coal gas has been plaguing the congregation of St. Andrew's Presbyterian Church here for some time. Mr Fry tells us the trouble has been finally corrected. And if we may sneak in just a little one: Everyone now breathes easier. And over at Trinity United they have rolled out the red carpet—a whole new covering for the floor of the church.

Shure, an' it's a durthy trick Percy O'Saltzman pulled that fine St. Patrick's Day. Since the word got around, b'gorra, that the editor had second sight and cud predict things and stuff, 'tis a fact the river ice from the ould mill to the bridge has gone out the siventeenth. 'Twas sad to see him yesterday, sobbin' at the bridge. 'Twas even sadder to hear a neighbour threaten him with a shillelagh if he didn't shut up about the unprintable ice.

Young George Merkley of HMCS Shearwater, at Halifax, sent us a copy of the unit newspaper the other week. It had a graphic display of some of the living quarters offered naval personnel by private landlords. Many of our better stables are more attractive, and as George pointed out, the landlords were gouging at the rate of $60 to $100 a month for cold water shacks.

Love that HIllcrest! The telephone people use a universal system of picking exchange names, but we think ours and Finch's are just too ducky. YUkon conjures up visions of gold in them thar hills, and just west is HIllcrest. What could be more apt.

Bell Telephone men worked around the clock at the weekend to get the new 2-letter 5-digit system into service here. The new dial arrangement meant many long, hard hours of work and the Bell men along with installers from Northern Electric had plenty of headaches to contend with. We looked in at the Bell station and found a couple of characters with their heads together over a problem. At the left is Walter Johnson of Winchester, one of the most cheerful of service men, usually, and George Lofthouse, supervisor for N.-E. They have their heads in a rat's nest of wires, but know exactly what they are doing.—Record Photo.

Thieves busy here two shops entered

Thieves broke into the business offices of two firms in town Sunday night. Entered were the premises of Chas. McMillan, implement dealer, and the service station of Harold N. G. Merkley.

Entry was made first into the implement repair store of Mr McMillan. After emptying the till of all loose silver, the thieves took a set of wrenches and removed a hasp lock that led into the Merkley service station by way of the Harry Smith garage.

The till there was emptied of silver and a bundle of keys examined. The proper one was used to open a soft drink cooler and the dimes taken from that. The thieves left the way they had entered but not before they had taken other shelf items and a couple of new tires off the racks.

Police chief Leonard Shane is investigating.

That same night similar breakins occurred at Winchester, and were thought to be connected.

Mrs Hugh K. MacLean

A resident of Finch for more than fifty years, Mrs Hugh K. MacLean, the former Hannah MacAuley and daughter of the late Alexander MacAuley and his wife, Margaret MacMillan, passed away at her home on Monday afternoon. Although in failing health for some time, her death came as a shock to her many friends and relatives. She was in her 90th year.

She was married to the late Hugh K. MacLean, of Finch, in December, 1889. They lived in Ottawa and Michigan before returning to Finch where they remained. Mr MacLean predeceased her in 1927.

Mrs MacLean was a member of St. Luke's Presbyterian Church and a life member of the Women's Missionary Society.

She is survived by one son, D. Kenneth MacLean, of Finch, and one grandson, Ian, also several nieces and nephews.

The many floral tributes and friends that called at the funeral home showed the high esteem in which the deecased was held.

The funeral was held at the Brownlee Funeral Home on Wednesday afternoon with Rev John Bell conducting the service.

Pall bearers were William Johnstone, Roy Rupert, Fred Hoople, Osborne Shaver, Web. McQuaig and Ford MacMillan.

The body was placed in the vault to await burial in Finch Cemetery later.

The funeral was largely attended, with friends present from Ottawa, Dunvegan, Maxville, Valois, Avonmore, and the surrounding district.

Coulthart 50th anniversary

Mr and Mrs Wm. O. Coulthart, of Morewood, celebrated their 50th wedding anniversary quietly March 16 at their home. Members of their family made the occasion a joyous one.

Mrs Coulthart was the former Ethel Edgerton, daughter of the late Mr and Mrs John Edgerton, of Chesterville. Mr Coulthart is the son of the late Mr and Mrs David Coulthart, of Morewood.

The happy couple have been life-long residents of Morewood district. They were married at the home of the bride's parents on March 16, 1909, by the Rev Mr Reynolds. Their attendants were the late Mrs Edward Gillard, then Jane McLean, and George Edgerton. The flower girl was the sister of the groom, Minnie Coulthart, now Mrs Arnold McMahon.

Five children have blessed the union. They are, Mrs Harry A. Lapierre (Nelda), Brockville; Miss Jean Coulthart, Ottawa; Donald Coulthart, Toronto; Harold and Ralph Coulthart, of Crysler and Morrisburg respectively. There are two grandchildren, Billy and Gary Coulthart, of Morrisburg.

On Sunday last the family entertained the anniversary couple to a turkey dinner in their home. The table was centred with a three-tiered wedding cake and the family gifts to their parents were wrist watches for each. Yellow 'mums were featured as flowers. Other gifts included a gold base table lamp from the grandchildren and numerous lovely tributes from the neighbours, Ladies' Aid of the Presbyterian Church, and other friends.

Many messages of congratulation were received.

ALLEN FAULKNER

A Windsor, Ont., resident for 25 years, Allen Faulkner, of 1338 Curry Ave., passed away in Grace Hospital after a three-month illness.

Mr Faulkner was born at Morewood 57 years ago and was employed at Chrysler of Canada for 16 years. He attended Campbell Avenue Baptist Church.

Surviving are a son, Keith, of Toronto; a daughter, Trudy, at home; two sisters, Mrs Hubert Shaver (Jessie), Troy, Mich., and Mrs Mabel Newman, Ottawa.

'Copter used for injured man flown to Montreal Monday

Hugh Balkwill, former manager of the bank in Winchester, was badly injured in a car accident at Morrisburg on Monday. His condition was so serious, he was flown to Montreal by helicopter for treatment.

The accident occurred at the crossing of Highways 31 and the new No. 2 at the shopping centre at Morrisburg.

Mr Balkwill had taken part in a curling bonspiel at Ottawa along with some Morrisburg curlers. He had taken his friends home and was returning to Winchester when the accident happened. His car was in collision with a car driven by a Ville St. Laurent man, a Raymond Maguire.

The badly injured man was rushed to Winchester Hospital for treatment. There his injuries were found to be so extensive he would need treatment at the Neurological Institute in Montreal.

Search and Rescue division of RCAF at Trenton was contacted and the big S-55 helicopter soon arrived at the hospital parking lot, whipped east by strong gale-like winds. Mr Balkwill was loaded aboard, Mrs Gladys Beardsall stayed with him as nurse and the aircraft landed shortly in Montreal on the football field at the rear of the Institute. At time of writing, Mr Balkwill is still in critical condition.

AT HOME

Mrs Clarence Hagan wishes to announce that her mother and father, Mr and Mrs F. Oxford, will be "At Home" to all their friends and acquaintances on the occasion of their Golden Wedding anniversary from 3 to 5 and 7 to 9 p.m. at the McCloskey Hotel, Chesterville, on Tuesday, March 31, 1959. 26-2

This deer died because someone did not keep his hound tied up. The yearling buck was dogged out of the Long Sault bush and out on the St. Lawrence power dyke and dam. It came to the end of the line when it leaped from the high dam to the power heads sixty feet below. Game overseer Murray Martin was called to investigate and remove the broken body of the young deer.—Record Photo.

Deer killed by dogs in district

Deer killed by dogs in Kemptville District now number 27 this week, according to game overseer Murray Martin of Winchester. Martin himself has had to investigate seven killings in this immediate district.

The Department of Lands and Forests men are having a busy time of it. They are trying to be as fair as possible about the problem of loose dogs, but they have little choice when the hounds and collies are caught with deer down in the deep snow.

Last Saturday a deer was dogged out of the bush north of Dunbar, and it died in the snow near the cheese factory. Monday evening we took a photo of the results of another chase. The yearling buck had crossed down from the Long Sault bush to the dyke and then out on the high power dam. Frightened to its death, it leaped off the dam top to the concrete headworks sixty feet below.

The department officers are using their rifles on dogs running at large on deer.

Gordon Fulton featured on radio program

Accident Survey --

Dundas County organized to record all farm accidents

Dundas County is now organized for the farm accident survey taking place from March 1, 1959, to February 29, 1960. The purpose of the survey is to determine how and the reasons why so many accidents occur on farms, in farm homes and to farm people on highways.

The object of the survey is to use the information gathered to save life, to prevent injury and to reduce the huge loss of time and money occasioned by fires and accidents among farm people.

A total of 94 safety-conscious farm people have agreed to act as accident reporters in their communities and to report on all accidents causing more than two hours work loss or $25 property damage. IN MEMORIAM

FYKE—In loving memory of a dear father, William (Billy) Fyke, who passed away March 17, 1950.

We do not forget him; we loved him too dearly
For his memory to fade from our lives like a dream.
Our lips need not speak when our hearts mourn sincerely
For grief often dwells where seldom it's seen.

The Family.

IN MEMORIAM

ROBINSON—In loving memory of our dear daughter, Marion Leila, who passed away March 16, 1944.

God knew that she was suffering,
That the hills were hard to climb,
So He closed her weary eyelids
And whispered, "Peace be thine."
Away in the beautiful hills of God,
By the valley of rest so fair,
Sometime, someday, we know not when,
We will meet our loved one there.

Mother and Dad.

Accident Survey --

Dundas County organized to record all farm accidents

Dundas County is now organized for the farm accident survey taking place from March 1, 1959, to February 29, 1960. The purpose of the survey is to determine how and the reasons why so many accidents occur on farms, in farm homes and to farm people on highways.

The object of the survey is to use the information gathered to save life, to prevent injury and to reduce the huge loss of time and money occasioned by fires and accidents among farm people.

A total of 94 safety-conscious farm people have agreed to act as accident reporters in their communities and to report on all accidents causing more than two hours work loss or $25 property damage. The success of the project will depend on the full co-operation and assistance of all farm people. All are urged to help their local reporter by letting him know of any and all calamities that may have occurred in the area. Names or places are not recorded in the report forms.

STUFFED GIRAFFE

What to do with a stuffed giraffe?

A Los Angeles taxidermist tried to buy it for $150. He wanted it in his display room.

Another man offered a five spot. He wanted his picture taken beside the towering animal.

But a moving company president made the top bid—$155—when the county museum put its giraffe on the block. It's getting old and will be replaced by a new one fresh from Africa.

What does the lucky bidder, Paul J. Smith, want with a 17-foot stuffed giraffe?

He's full of ideas. For instance: "Don't you think it would look well on someone's front lawn?"

—By Mrs Jean Casselman

M.P. for Grenville-Dundas

This will be remembered and referred to for some time as the week of deficiency payments. The corridors of the House of Commons have been filled with Prairie farmers looking for the offices of their own Members or any other Member interested in agriculture. They were good humoured and friendly. They conducted their whole visit with dignity and presented their case reasonably and calmly from their own particular angle.

They seemed little discouraged by the fact that the case for deficiency payments had been lost for some time. The Minister of Agriculture, the Hon. Douglas Harkness, had stated last Fall that he did not favour deficiency payments and gave his reasons for coming to that conclusion. He has not deviated from that decision since.

The Prime Minister raised arguments last summer against deficiency payments that have never been refuted to the Government's satisfaction.

It is generally agreed that such a system would be unfair to Canadians geographically and, amongst the Prairie farmers themselves, would be unfair economically. No help at all would ensue to those most in need, the small farmers, or those suffering from light crops or disasters of one type or another.

Western farmers are worried fundamentally about the cost price spread. This is not a problem unique to Alberta, Saskatchewan and Manitoba. The cost of goods and services has made it difficult for all Canadian farmers to establish new farms or replace expensive and necessary equipment. The cost of goods and services increased alarmingly through the late 1940's; by the mid 1950's it had settled at approximately a 3% yearly increase, but in 1958 showed a decided improvement with only a ½% increase. The Minister of Agriculture, Col. Douglas Harkness, spoke in the House of Commons March 6, and I quote from Hansard:

"I make no claim that the farmer is in excellent shape. Anybody who did that would be foolish. I make no claim that there is no reason for concern over the farmer's economic situation. The farmer was in a severe cost price squeeze for several years up to 1958. Since we have been in office over the last 20 months we have followed a long-range plan to improve the farmer's position. It will, of course, take time to implement all of this plan, and it will take more time for the effects of the reforms we are making to be fully felt and fully apparent."

It is the right of Canadians to bring their problems before their Government in any lawful manner. The Western argument for deficiency payments has had a fair hearing and been well discussed. We all listened with sympathy to the Western problems and we told the delegates of our problems. We hope that they will return home and discuss the over-all picture of Canada's agriculture with a new outlook on Eastern problems.

SNORING DEVICE

Dr Boris H. Vassileff has invented a device to stop snoring by forcing the noise to annoy the snorer. You snore, says the doctor, when you sleep on your back or in some position in which the back of the tongue sags a bit into the throat. The tongue flutters when the breathing gets heavy and that's what causes all the noise.

Dr Vassileff calls his anti-snorer a "psicofon." Like a hearing aid, it amplifies the noise of the snore close to the ear of the snorer. The doctor thinks the wearer will roll over off into some position where the racket will stop.

WHITE-COLLAR JOB

Herbert Ellis, chief garbage collector in Bristol, Eng., forecasts that with the development of polythene and other soluble wrappings the garbage collector of the future will have a white-collar job.

Oilseeds are mostly used in manufacture of shortening and cooking oils, but also in soap, paints and printing inks.

DROP COOKIES

THESE DAYS MOST OF US like to do things the quickest way possible. Drop cookies fall easily into this pattern. Of course you can serve "store cookies" or buy rolls of refrigerator cookies that only require slicing and baking. Then there are numerous cookie mixes on the shelves of your favourite grocery store. These are all fine for especially busy days and for emergencies, but I still favour home made cookies.

Lemon Drops

½ cup butter
1 cup sugar
2 eggs
1 tbsp. grated lemon rind
1 tsp. vanilla
2 cups flour
½ tsp. salt
½ tsp. soda
¼ cup fresh lemon juice

Cream butter; add sugar and cream thoroughly with the butter. Add eggs, lemon rind and vanilla. Beat well. Sift dry ingredients, add alternately with lemon juice. Drop by teaspoonfuls on greased cookie sheet. Bake in moderate oven about 10 minutes.

To add a touch of colour, before baking sprinkle with sugar to which a few drops of food colouring has been added.

Fruit Drop Cookies

1 cup butter
1 cup brown sugar
1 egg
2 1-3 cups flour
1 tsp. soda
⅛ tsp. salt
¼ tsp. allspice
¼ tsp. cloves
½ tsp. cinnamon
½ cup dates
1 cup raisins
¼ cup maraschino cherries
¼ cup cocoanut

Cream the butter; add sugar gradually. Add egg, well beaten. Sift all dry ingredients; cut fruit. Add dry ingredients and cut fruit to first mixture. Blend well.

Drop by teaspoonfuls onto a well greased cookie sheet. Bake in 350 degree oven 12 to 15 minutes.

Butterscotch Oatmeal Cookies

2 cups sifted pastry flour
½ tsp. salt
2 cups rolled oats
½ cup cocoanut
1 cup shortening
1 cup brown sugar
1 tsp. baking soda
¼ cup boiling water
1 tsp. vanilla
1 pkg. butterscotch chipits

Sift together flour and salt. Mix in rolled oats and cocoanut. Cream shortening and sugar together. Dissolve baking soda in boiling water and stir into creamed mixture. Add vanilla; add flour mixture, part at a time, mixing well after each addition. Stir in chipits. Chill dough ½ hour. Roll in small balls. Press with a fork dipped in cold water. Bake at 400 degrees for 10 minutes.

Scottish Fancies

1 cup sugar
2 eggs
1 tsp. melted butter
2 cups rolled oats
f.g. salt
½ tsp. vanilla

Beat eggs; add sugar and melted butter. Mix thoroughly. Add rolled oats, salt and vanilla. Drop by small spoonfuls on a greased pan. Bake at 400 degrees until lightly browned. If desired a few drops of almond flavouring may be added.

CRIPPLED CHILDREN CAMPAIGN GOING WELL

Chairman Eric Casselman of the Crippled Children's committee of the Rotary Club reported today the campaign is going well. Returns are coming in fairly well, although Chesterville and district are behind compared to a year ago.

Mr Casselman pointed out the campaign does not stop with any set date. He noted that the need for helping is always there, and it is through public support that the work can be carried on.

Your donations are urgently needed. Send that pink envelope today to the address printed on the front.
