The gambler of the fall fair will soon be an individual of the past. This year a determined effort will be made to put a stop to gambling contrivance of any sort at country fairs.

The act relating to fall fairs provides that when fair officials permit gambling on the grounds the government grant may be withheld. This clause of the act, however, has never been put into effect. This fall the act will be lived up to and the society found countenancing gambling in any form will be deprived of its annual grant.

#### Alexandria had Narrow Escape from Fire.

The town of Alexandria had a fire on Thursday morning, when the Crystal block, owned by D. Courville and H. R. Cudon's jewellery store and dwelling were totally destroyed along with most of their contents. The fire was discovered about 1.45 a. m. by Mr. John Boyle, who gave an alarm. It is supposed to have originated in Frank Kerr's stationery store and telegraph office and worked its way into the upper flat of Mr. Courville's hardware and furniture show rooms and into the attic of Mr. Cudon's establishment next door. The volunteer fire brigade under Chief Kemp, worked like heroes and despite the darkness and the high wind, confined the blaze in the two buildings.

## Central Saskatchewan Wheat Lands.

In the "Heart of the World's Hard Wheat Belt"  
The Last Mountain Valley.

The Wm. Pearson Co. Limited, Winnipeg, Canada, offer for sale 175,000 acres of selected open prairie and park wheat lands in the famous Last Mountain Valley. Abundant rainfall for all crops—the best of water at from 12 to 30 feet—splendid railway service, with 7 railways in the district and 3 more being built—nearly 30 towns and shipping points. The top soil is a mellow chocolate loam, from 8 inches to 2 feet thick, extraordinarily rich in nitrogen, phosphoric acid and potash—the foods of cereals. Beneath this is a rich loamy marl 2 to 3 feet thick, then a strong yellow clay subsoil. The combination is ideal, as crops grown there have abundantly proved. In fact a single crop often pays for the farm on which it was grown.

## A STEP FORWARD IN EDUCATION

Dr. F. W. Merchant Appointed Director of  
Industrial and Technical Training.

Several appointments of the greatest importance to the educational system of the province were announced by Sir James Whitney at the conclusion of the Cabinet meeting. Dr. F. W. Merchant, who for several years past has been Chief Inspector of Public and Separate Schools and Inspector of Normal and Model Schools, has been appointed Director of Industrial and Technical Education for the province. In addition to his new position he will retain that of Inspector of Normal and Model Schools. Dr. Merchant is highly recognized as an authority on all matters educational. For several months past he has been investigating, for the Government, the entire system of bi-lingual schools in the province, and will present his report in due course. Dr. Merchant has devoted special attention to the study of mathematics and science, which are the basis of the system of industrial and technical education. Later on in the year Dr. Merchant will spend several months abroad, for the purpose of gathering further information with regard to technical and industrial training. His appointment is another forward step by the Government and the Education Department, which has determined to make the educational system in this province second to none anywhere.

R. H. Cowley, M. A., at present Inspector of Continuation Schools, succeeds Dr. Merchant as Chief Inspector of Public and Separate Schools. Mr. Cowley has an intimate acquaintance with the rural schools of the province, and was formerly School Inspector for Carleton County. For several years he was a teacher in the Normal schools of the province.

The growth of the continuation schools in the province, of which there are now 138, has necessitated the appointment of two inspectors. Dr. John Waugh, of the Ottawa Normal School, formerly Inspector of Schools for Ontario County, succeeds Mr. Cowley, and Mr. G. K. Mills, B.A., now Public School Inspector for North Simcoe, has been appointed to the position as Second Inspector of Continuation Schools.

Mrs. E. H. Warren, of Westboro.  
Bereaved

Rev. H. E. Warren, of Westboro, and Mrs. Warren will have the sympathy of many friends in this district in the death of Mrs. Warren's mother, Mrs. Wm. Coates, late of Brockville, which occurred Thursday morning at the parsonage, Westboro. Since last autumn Mrs. Coates had been the guest of Rev. H. E. and Mrs. Warren, all her long life of seventy-four years prior to that having been spent in Brockville. Her maiden name was Charlotte Jones; her father, the late John B. Jones, was one of the early settlers of Brockville and for many years one of its leading citizens. In 1857 she became the wife of the late Wm. Coates, of the firm of Wm. Coates & Son, jewellers, who predeceased her by nearly five years. Two members of her family, Mr. Herbert Coates, of Brockville, and Mrs. Warren, survive her.

Rev. Geo. McRitchie, a former pastor of Mrs. Coates, conducted a touching service at the parsonage, Westboro, which was attended by many friends from Ottawa, Westboro and neighboring points. The remains were then taken to Brockville, where interment took place from the home of her son, Mr. Herbert B. Coates. Rev. Mr. and Mrs. Warren accompanied the remains to Brockville.

Miss E. Hunter Died at Toronto

Typhoid fever caused the death of Miss Ella Hunter, of Toronto, formerly of South Mountain, who passed away in the provincial capital Tuesday night of last week. The remains were brought to South Mountain Thursday morning for burial.

Deceased was aged about twenty-eight years and was a daughter of Mr. and Mrs. John Hunter, of South Mountain. She had been employed as stenographer in Toronto for about 3 years past. Surviving brothers and sisters are Misses Edna and Lyla and Mr. Chas. Hunter, at home; Mr. Arthur Hunter, of Ottawa; Mr. Archie Hunter, of Montreal.

Some severe criticisms of evangelical campaigns were uttered at the London Conference meeting at Stratford.

The new C. P. R. station at Guelph will be opened on Monday.

## AVONMORE.

The news of the sudden death of Miss Minnie Morrison shocked this community last Sunday, when her brother received a despatch from Montreal that she had passed away that morning. She was ill for only two days, when she was taken to the Western Hospital to undergo an operation, after which she never regained consciousness. Her remains arrived at Avonmore Monday evening. The funeral took place Tuesday afternoon from the residence of her brother, Mr. John Morrison, where deceased was born thirty-eight years ago, to the cemetery in the first concession of Finch. The late Miss Morrison for the past number of years lived in Montreal, where she was held in high esteem by those who had the pleasure of knowing her. This was in evidence by the number of flowers and wreaths sent from far and near. Her brother, Angus Morrison, of Vancouver, B. C., on hearing the sad news, immediately ordered a beautiful wreath from Montreal. She was a daughter of the late Mr. and Mrs. Hugh Morrison, of Finch, and is survived by six brothers—John, on the old home; Angus, in Vancouver, B. C.; Alex. in Minnesota; Hugh and Malcolm, in Montana; and three sisters—Katie, in Rochester, N. Y.; Christy Ann, in Watertown, N. Y.; and Sarah, in Syracuse, N. Y.; who is now on a trip to Great Britain to attend the King's Coronation in London.

The funeral was one of the largest seen in this vicinity for years. Rev. S. D. McPhee of Avonmore, conducted the service assisted by Rev. W. C. MacIntyre, of Ogdensburg, N. Y. Mr. McPhee took for his text the 39th verse of the 5th chapter of Mark, and delivered an address which was both eloquent and instructive.

The sorrowing brothers and sisters have the sincere sympathy of a large circle of relatives and friends in the loss sustained by this sad bereavement of one so dear to them.

Rev. Silas J. Hughes Elected President.

Montreal June 2—Five candidates presented themselves to the Montreal Methodist Conference at St. James' Methodist Church this morning for election as President, the ballot resulting as follows: Rev. Silas J. Hughes, 130 votes; Rev. Dr. Young, 100 votes. The other names presented were those of Rev. Dr. W. Sparling, Rev. E. W. Craig and Rev. A. T. Webster. Rev. Charles S. Deeprope, the retiring President welcomed Rev. Silas J. Hughes and handed him the Chairman's hammer. The newly elected President, after a suitable reply, remarked that it was very near the birthday of his Majesty the King, and proposed that all join in singing "God Save the King." He also considered that the Conference should take some part in the Coronation of his Majesty, even if they were not able to have a representative at it. Rev. E. Richardson Kelly of Lansdowne, last year's Assistant Secretary, was elected Secretary for the ensuing year, on the first ballot. Rev. A. E. Sanderson of Lacolle, Que. was appointed official correspondent and press representative.

Mr. G. H. Perley's Offer.

Ottawa, June 2—George H. Perley M. P. for Argenteuil, has offered to contribute \$50,000 for a new tuberculosis hospital for Ottawa.

The suggestion of the donor is understood to be that \$30,000 of his subscription should be used for a hospital building in the city, and \$20,000 for a farm a short distance out, where the patients may work and obtain the outdoor exercise so necessary for a cure.

The hospital is to be in memory of the late Mrs. Perley, the donor's wife, who it will be remembered, died suddenly while in England last year. Mrs. Perley was greatly interested in the Lady Grey Hospital.

Must Prosecute Trespassers

The agents of the C. P. R. have received a circular letter from the head office in Montreal instructing them that in future they must prosecute all trespassers, and the agents have been given strict instructions to act in this matter. The circular goes on to state that last year, on Eastern lines, out of a total of 133 casualties, 93, or over 75 per cent., were trespassers, that is people walking on the tracks, stealing rides, or being on the Company's property where they have no right to be. In the case of tramps they will be dealt with without any warning, while habitual offenders will first be warned, after which the law will be enforced.

F. H. Cummings was drowned while swimming at Chatham.

## Three Names Selected

Kingston, Ont., June 2.—It is understood that three names for the Archbishopric of Kingston have been forwarded to Rome. It is an absolute secret as to the names selected, the bishops of the two ecclesiastical provinces declining even to talk about suggested candidates. It is not likely that the announcement of the new Archbishop's selection will be made until late in August or early in September.

## The Trade of the Country

A week or so ago one of the most progressive and aggressive firms in one of the best villages in Eastern Ontario, good advertising too, headed their advertisement in the local paper as follows:—

Please do not send your money away for goods without first consulting our stock and prices. Is it fair? Here we are your humble servants; we have been buying goods for you for the past 30 years, toiling late and early to serve you well. We have really become experts in buying goods for you. Automatically we are your servants, we go to the best markets, we watch all the tricks of the trade so that we will not be taken in, we try to economize, we try to watch all the leakages in order that you will get goods as cheaply as possible. You are not as good judges of goods as we are because of our experience, therefore it is not best to trust us whom you know to buy your goods for you? Who can do you an occasional favor? Who takes your produce? Who keeps all the staple lines of goods, fresh and ready for you at no profit scarcely such as sugar, nails, flour, feed, etc.? Who are always ready to exchange goods when you have changed your minds? Who stands ready to serve you quickly at all times, from 11 to 15 hours a day? Those who send their money away, we are sure, do not give our side of the argument any thought. A good store in the town or in the community is a good thing, especially if they are financially strong. You weaken our ability to become that strong store if your money goes to build up Toronto stores. If we lived in leisure, had automobiles and motor boats, and did not work hard, there would be some excuse, but our profits are so small that it takes us all our time to make ends meet. We cannot afford the big advertising schemes to lure you, such as the big Toronto stores, into buying, but who pays for all the immense advertising schemes and big pleasure steam boats and quarter million subscriptions and all their heavy taxes and expense? You do of course and occasionally you get splendid values, but often no better than at home with us. Let us bury the hatchet, let us trade together, let us build up a big useful Departmental store right here in our own community where you can step in and see exactly what you are buying.

## Induction at Moose Creek

On Tuesday afternoon, May 23rd, the Presbytery of Glengarry met in Knox church, Moose Creek, to induct Rev. A. D. MacKenzie, of Montreal, into that pastoral charge. The day was fine and the members and adherents of the Presbyterian church turned out in large numbers to welcome the ministers and elders who were present.

Rev. Mr. Govan, Moderator, presided during the induction service. Owing to the illness of the Rev. A. B. MacLeod, of Cornwall, who had been appointed to preach the induction sermon, the Moderator called on Rev. Mr. Stewart, of Alexandria, to fulfill that duty. He preached from 2nd Corinthians, 5-14, taking as his subject, "Love to the Lord Jesus Christ as the impelling motive in Christian Service." The charge to the minister was delivered by Rev. Mr. McPhee, of Avonmore, while Rev. Dr. McKay, of Maxville, suitably addressed the people on their duty towards their newly inducted pastor.

At the close of the service, Mr. Victor Begg read an address and presented to Mr. McKay a well-filled purse as a mark of their appreciation of his services as acting pastor during the long vacancy. Miss Jean Grant also presented to Mr. McKay a beautiful bouquet to mark the anniversary of his birthday.

Mr. MacKenzie was then taken to the door and introduced to his people as they retired from the church.

Mr. MacKenzie is a native of Prince Edward Island, a graduate of McGill University and the Presbyterian College, of Montreal, where he has been lecturer in Classical languages for the past year. He has spent several years in Demarara as a missionary, but owing to ill health was forced to return to Canada, and now for the first time assumes charge of a congregation in the home field.

The congregation of Moose Creek is certainly to be congratulated on securing his services.—News.

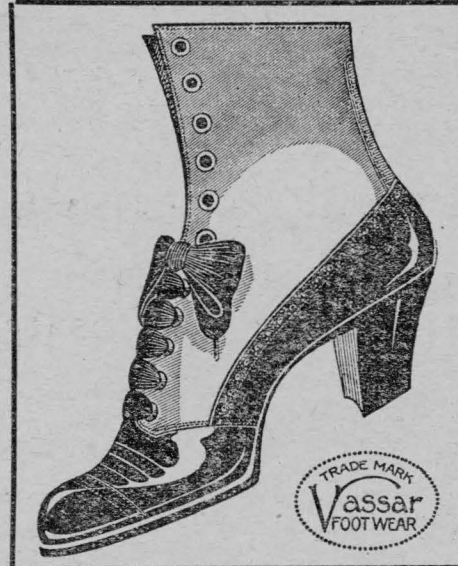

## Property Change.

W. F. Bell, of Brinston, has purchased the handsome residence of W. E. Bowen, on King street, Iroquois, for \$2,000. It is one of the most beautiful homes in Eastern Ontario, and cost several times the price Mr. Bell paid for it. Mr. Bell has sold his Brinston property to Mr. Alex. Clark, consisting of residence and implement storeroom for \$2,700.

He will carry on the implement, piano and organ agency business there, where the shipping facilities are more convenient, a big saving of time and money to Mr. Bell.

### Five-Year-Old Girl Burned to Death.

Ottawa June 5—Eva Nixon, the five-year-old daughter of Robert Nixon, this city, died to-day as a result of burns received at noon on Sunday while in St. Thomas' Roman Catholic Church, Clarkstown, a suburb of Ottawa. The girl was visiting friends near the church, and with others entered the edifice to place some lighted candles before one of the altars. There was a row of lighted candles on the altar steps, and passing too close to these, the little girl ignited. She rushed from the church to the street but by the time she got outside her clothing was almost all burned off. The little one was rushed to a hospital, but the terrible burns proved fatal.

### Rocked the Boat.

The old story of rocking the boat almost resulted in a double drowning opposite Brockville. Three young men named Haley McMahon and Burns, capsize by the reckless act of the last mentioned. Haley immediately struck out for shore, and being an excellent swimmer had no difficulty in reaching it. His companions were unfit to aid themselves further than to cling to the craft. Wm. Foster put out in a skiff to their aid. Burns managed to crawl into it at the risk of making a second upset. McMahon was well nigh exhausted, but Foster managed to hold his head above water until Customs Officer Burns in another boat, appeared.

A horse was recently purchased in Calgary for the Czar of Russia for which the sum of \$75,000 was paid. It was started last week on its long journey across the seas. The horse was General H., the famous racing stallion.

It is stated that Archbishop Gauthier, of Ottawa, is suffering from an attack of neuritis in the right arm caused by the unusual number of confirmations he has conducted lately. In one day a couple of weeks ago he confirmed over one thousand children in Hull.

Chas. Chambers, Chesterville.

To the Editor of the Chesterville Record:

Thinking I would like to see more new territory before leaving Mexico, I with three others start on a prospecting trip to the mountain intending to visit the Indians. We take the boat from our plantation up the Rio Tonto, a distance of forty miles and mounting our ponies, set out for the mountains. We come to the end of state roads and find ourselves in narrow trails, consequently when we come to rivers and streams we must provide our own way of crossing, that means that we must swim. We do it by taking off our boots and putting whatever we have that we wish to keep dry in them and tying them on our horses' or our own heads, for we must learn like the native women to carry things on our heads, for she carries everything there but her shoes and hat. Then we ride in the water and as the pony begins to swim we slide off and taking him by the bit we are enabled to swim along side very comfortably, steering the animal at the same time. This we have to repeat very frequently as the streams are numerous. After the third day we arrived well up in the mountains at sunset among a band of Indians. We have for our guide an interpreter, a man from Texas, but when we reach the village we find he cannot converse with the natives at all. We are tired and hungry and as it is late we cannot persuade them to give us anything to eat and are very loathe to give us a place to sleep. But after spending considerable time in their pow wow and manoeuvres they decide to allow us to sleep in their Casa Politico. We are conducted there I being the first of our party to enter. I sat down and was watching the scene when someone shut the heavy doors and our guide hearing the tumult and seeing the doors shut with me inside sprang against them and forced them open thinking I needed aid. This caused a great uproar and our arrest and we were placed in the lock up to remain until morning with a guard over us. We had a nice clean floor to lie or sit or stand on as we choose. When morning came we were taken out and I expect had some sort of trial, the chief sitting as judge or Politico. But we were acquitted and afterwards treated to breakfast, consisting of cortees (meal pan cakes) and fish and venison. After this we were granted the freedom of the town, but with such a reception as we were greeted the night before we were not in very good position to get much information as to mines. However we decided to try so a band of them went out with us. We spent the day looking for minerals and after getting some good specimens, we returned at night pretty tired in time for tea. We were again assigned the same bed but not locked up. I wish I had time to present to you all the details of this trip but I must hurry back to catch the steamer for home calling at Havana where we shall remain for thirty hours taking on cargo for New York. This will enable me to get some information about this beautiful city.

When I study the place I am almost sorry I had not planned this for my future home. Havana has a population of over 302,000 and was founded in 1519. A grand temple is erected on the spot where Columbus said his first mass in the new world. Morro Castle, which commands the entrance to the harbor, was completed in 1597 and is about 120ft. above sea level and affords a grand view of Havana from the ramparts. The light house is erected high up on this Castle and can be seen twenty miles at sea. This Castle is nearly all a natural rock. Cabanas fort adjoins Moro Castle and extends further south on the eastern bank of the harbor. This is more the fort proper than Moro Castle, the latter being in former days a political prison, a place to punish and nearly every prisoner entering there was heard of no more. The buildings of Havana are very substantial and the streets in many cases very narrow. On some streets the walks are just wide enough for one and then he must make himself small and thin to escape being struck by the street cars. Many streets are only available to travel in one direction at a time. The city is noted for its many most beautiful parks and never have I seen in any other city such a beautiful display of goods in the store windows.

There are many public works now in progress and among the rest about to be commenced are docks in the harbor which up to the present time has been a great inconvenience to shipping as all freights had to be loaded and unloaded from lighters, while the ships lay at anchor.

I was much interested in the raising of the wrecked battleship Maine, so I visited the works. The time first set (100 days) was nearly expired and really I could see but little change since I passed there three months ago. I visited U. S. Consul General, thinking I would get some definite information but he seemed uninterested in the affair and assured me they expected to have her floating in

## THE CURSE OF THE NATION IS CONSTIPATION

### "Fruit-a-tives" Alone Cures This Disease

A famous scientist states that Constipation, or non-action of the bowels, causes more deaths than all other diseases combined. Constipation inflames the kidneys, ruins digestion, is the foundation of Rheumatism, poisons the blood, causes Headaches, Neuralgia, Nervousness and Insomnia.

Constipation is caused by a weak or sluggish liver. Bile, the only purgative of the body, is secreted by the liver, which in turn should pour out into the intestines sufficient bile to move the bowels. Unless the liver is active, there cannot be enough bile to move the bowels regularly, and Constipation is the result.

"Fruit-a-tives", the famous fruit medicine, will always cure Constipation because it acts directly on the liver—relieves the congestion—increases the quantity of bile—and strengthens the bowel muscles.

about six weeks. The plan on which they are working is by sinking cylinders from fifteen to twenty-four feet in diameter, made of corrugated steel, set as closely as possible all around the ship, then flat steel piles are driven outside these cylinders and all the openings are filled in with clay, sucked from the bottom of the bottom of the harbor by a dredge, made purposely. This completed, the water is to be pumped out and the ship repaired where she lays, then the water let in again and she will float to the surface, that is if she is intact. My private opinion is that she is simply a mass of scrap iron and will go for such. The main boilers are hanging up within eight feet as high as the mast and are just a twisted mass of steel. Our ship's time is up and before we reached New York the decks were covered with ice.

## THE NEW MODERATOR

Rev. H. C. Cameron, of Windsor, Chosen for the Office.

Windsor, Ont., May 31.—Discussion of the Ne Temere decree occupied a large portion of the time of the delegates to the 74th annual meeting of the Western Association of Baptist churches to-day, and resolutions were adopted expressing the indignation of the delegates at the provisions of the decree, which they declared to be "of a nature which fails to create the kind of a home essential to the well-being of both Church and State."

The resolution was introduced by Rev. J. C. MacFarland, of Chatham, seconded by Rev. M. P. Campbell, Bothwell, and declares that the association desires to place itself on record as:

1. Again asserting our age-long contention for the complete separation of Church and State, believing as we do that the church as such has no right to interfere with the authority of the State, and that the State has no authority to invade the realm (which is spiritual) of the Church.

2. Claiming the marriage relation to be a divine institution, but its enactment a civil rite.

3. Recognizing the right of all churches and religious faith to deal with their members according to their rules of discipline, but at the same time we would enter a most emphatic protest against the Roman Catholic Church in assuming the right to call upon the judiciary of the province of Quebec to give civil effect to its ecclesiastical deliverances in this connection.

4. Further, whereas the Church of Rome in the Dominion of Canada under the Ne Temere decree has assumed a new attitude towards marriages between Protestants and Roman Catholics, declaring that it will not recognize such marriages as valid unless solemnized by a Roman Catholic priest, and making it a condition that any issue of such mixed marriages shall be trained up in the Roman Catholic faith, we would pledge ourselves to use our influence towards discouraging mixed marriages, which, as a rule, fail to create the kind of home essential to the well-being of both Church and State. Be it therefore resolved that this association adopt the foregoing resolutions, and that copies of the same be forwarded to the Honorable Sir Wilfrid Laurier, Premier of the Dominion of Canada; the Honorable Sir Lomer Gouin, Premier of Quebec, and the Honorable Sir James Whitney, Premier of Ontario.

At this morning's session the principal address was that of Superintendent Deyfoot, who conducted a conference on "Sunday Schools." Prof. I. G. Matthews, of McMaster, gave an address on "The Old Testament Prophets and Modern Social Christianity." This was followed by general discussion. Other speakers were Mrs. M. J. Mulock, St. Catharines, Mrs. J. J. Ross, Toronto, and E. Bosworth, Montreal, the latter's subject being "Grand Ligne."

### Election of Officers.

U., Mr. Matthew Side, Chatham; Bible School, Rev. J. C. MacFarlane, Chatham; Church Edifice, Mr. Arch. McNea, Windsor; Education, Rev. C. R. Jones, Ridgetown; Foreign Missions, Rev. C. C. ### The Pope's Birthday

Rome, June 2.—Pope Pius X was 76 years old to-day, having been born on June 2, 1835. The Pope celebrated his birthday anniversary very quietly with his sisters. He attended Mass in the private chapel in the Vatican, after which he gave an audience to a few prelates. Many congratulatory telegrams were received. A band played in St. Damascus' courtyard, but there were no illuminations because it was feared that there might be an anti-clerical demonstration.

### Commission Going West.

The board of railway commissioners will go west this month. They will sit at Brandon on the 14th and in Winnipeg on the 15th. There is a large list of cases to be heard at both places but they have not yet been assigned. The transportation of live stock is one which will probably be heard at Winnipeg.

A western case which will be heard at the Ottawa sitting is that in which the Grand Trunk Pacific is required to show cause why it should not be subject to the penalties provided by the Railway act for operating its Melville Regina branch from Melville to Balcarres, Sask., without lawful authority.

Mr. J. J. Hill, the railway magnate, has sent a check for \$1,000 to the building fund of the Guelph Y. M. C. A.

## Notice to the General Public.

No doubt the people of Chester-  
ville, Morewood, Cannamore, Cry-  
sler and intervening points have  
been wondering what has been the  
delay in installing the rural Tele-  
phone line. It is for the purpose of  
giving the necessary information  
that I am inserting this notice in  
the Record. The Bell Telephone  
Co'y. made a proposition to me say-  
ing that they would sell their ex-  
change in Crysler to me and would  
drop out of Morewood and Can-  
namore, if I would stay out of  
Chesterville. Also that they would  
take my line into Chesterville and  
give me connection for my sub-  
scribers at a 5c. rate or a flat rate  
for long phone connections. They  
have been putting me off all spring.  
I called up Mr. Gray, Supt. of the  
Bell Telephone Co., on May 1st,  
and wanted to know what they  
were going to do, and he informed  
me that I would receive the ne-  
cessary information on the Satur-  
day following. It is now the 26th  
day of May and no word has yet  
been received. I conferred with Mr.  
Bolster, the agent at Chesterville,  
on this date, and he called up Mr.  
Gray, who informed him that the  
Company were going to fight the  
Glasgow rural line company. When  
Mr. Gray promised to give me an  
answer on the Saturday, above date  
referred to, or the date of our talk,  
the following day he had his con-  
tract men at work on the route to  
see what the prospects were, and  
whether they would appear favor-  
able for the Bell Telephone Com-  
pany.

The public along this rural line  
know well what I have attempted  
to do for them, and with their  
assistance, I will carry out to the  
end what I have started, and give  
them entire satisfaction and better  
connections than they could other-  
wise possibly get.

*The Following will be the Rates and  
Connections.*

For country phones the price  
will be \$12.00, which, when the  
line is opened, will have connection  
with 200 subscribers, and take in  
Crysler, Cannamore, Cambridge  
Station, Morewood and Chesterville.  
The price for Chesterville, or  
other incorporated villages, will be  
\$15.00, which will give connection  
with above list of places.

No contracts asked for. Any  
person not satisfied at the end of a  
year can have their phone removed.

As soon as the above line is  
instituted I shall be busy extending  
the line to Winchester and Russell,  
and when this is in readiness the  
subscribers will be able to talk to  
all the above mentioned places at  
the rates named.

Trusting that the above infor-  
mation will enlighten the minds of  
the public generally along this  
line, and that I shall have your  
hearty co-operation in this enter-  
prise.

The work of getting this system  
into operation will be proceeded  
with at once.

A. E. GLASGOW  
Cannamore Ont.  
Dated May 26th, 1911.

### Members and Their Indemnity Payments

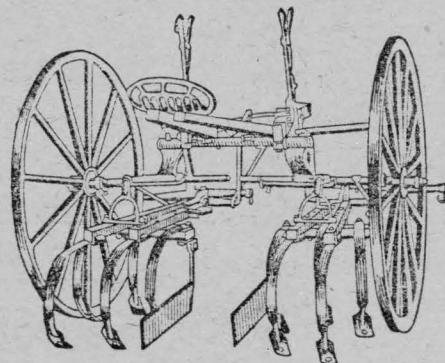

Ottawa, June 2.—An interesting situa-  
tion with reference to the payment of  
the regular sessional indemnity of \$2,500 to  
members of Parliament is likely to arise  
shortly after the members reassemble on  
July 18. At the end of July the members,  
under the regular rule of allowing \$10  
per day for every day the House is in  
session, would be entitled to draw the  
balance of the indemnity still due them.  
But a fine of \$15 per day is provided for  
every day's absence over fifteen during  
the session. The Auditor-General has  
written the Accountant of the Commons,  
Col. Cameron, that he will be held re-  
sponsible for the deduction of the daily  
fines for absence of members after the  
end of July. But if the members have  
already drawn their full indemnity to  
that date the situation will then be that  
not only must the members attend to  
their duties in the House without receiv-  
ing any further indemnity, but they will  
also have to pay back to the treasury  
fifteen dollars for every day they remain  
absent.

The village of Bernie, Man. has  
appealed to the Attorney-General  
for protection against a gang of  
roughs who are terrorizing the  
community.

facturers is reported from Montreal.

### The Mayors of Ottawa Since Bytown Days.

Jacob Erratt, the seventeenth mayor of  
Ottawa, was born in Winchester, Dundas  
county, Ont. in 1848. His ancestors be-  
longed to Wexford county, Ireland, the  
county which has given so many enter-  
prising pioneers to Canada.

Mr. Erratt became a permanent resi-  
dent of the Capital in 1869. He had  
previously spent a few years here, attending  
school and business college. Soon after  
his permanent settlement here he com-  
menced in business, and by his per-  
severance and the exercise of marked  
commercial ability it grew rapidly until  
it became one of the largest of its kind  
in Eastern Canada.

Mr. Erratt had a long and distinguish-  
ed municipal career. In 1882 he was  
elected alderman for St. George ward,  
and in 1883 and 1884 was re-elected. In  
1888 he was again returned for his ward,  
its electors displaying from first to last  
every confidence in his ability and in-  
tegrity. During his various terms of  
office as alderman he occupied the im-  
portant and responsible position as chair-  
man of the finance committee for three  
years, and the duties pertaining to the  
position he discharged to the general  
satisfaction of the council and the public.

During the greater part of 1888, while  
Mr. Erratt was chairman of the finance  
committee, he was appointed acting  
mayor during the absence of Mr. McLeod  
Stewart in England. In 1889 he was  
elected mayor, and the following year  
was re-elected by the handsome majority  
of 1195. During his long period of service  
in the municipal council Mr. Erratt had  
always taken an active and intelligent  
part in all questions in which the interest  
of the city was involved, being ever a  
consistent advocate of necessary im-  
provements. He took a very active part  
in the work of municipal extension,  
which resulted in 1903 in the addition  
to the city of the growing villages of  
Stewarton and Rochesterville. He was  
also one of the principal workers in the  
agitation for the abolition of tax ex-  
emption. As chief magistrate, citizen and  
business man he enjoyed the respect

and confidence of all his fellow citizens.

In politics Mr. Erratt was an active  
worker in the Conservative ranks, and  
did good service for his party in this  
district. He is at present general man-  
ager of the Saskatchewan and Moose  
Jaw company with headquarters at Cal-  
gary.

### Found by Wife Dead in Tent with Shot- gun Under Body.

Simcoe Ont. June 4—William William  
Drewery, formerly of Niagara Falls, who  
has for some time been employed on the  
farm of Mr. William Davidson, near  
Walsh, in Charlotteville Township, was  
yesterday found dead, from a gunshot  
wound, by his wife, in a tent at the back  
of the residence. Drewery was alone on  
the farm at the time of the tragedy, his  
employer and Mrs. Davidson being in  
Simcoe, and his wife on a visit to a neigh-  
bor in the immediate vicinity.

Shortly after 1 o'clock Mrs. Drewery  
and Mrs. Walter Spencer, with whom  
she was visiting, heard the sound of a  
shot, but neither thought anything of it,  
and it was not till some time later that  
Mrs. Drewery returned home. She spent  
some time in the house and then, look-  
ing for her husband, entered the tent,  
where she found him lying dead with a  
shotgun underneath his body, and the  
top of his head almost blown off.

There had been no one in the vicinity  
of the tent about the time when the shot  
was fired and there is no suspicion that  
the man was murdered. Whether it was  
a case of suicide or whether in cleaning  
the gun Drewery accidentally discharged  
it, is uncertain, but there was, so far as  
is known, no motive for his taking his
