HENRY'S Shorthand School Ottawa, Ont.

No School in Canada offers a better training, or ensures a more successful future. Henry's leads all others, and ranks among employers as "THE SCHOOL OF HIGHER EFFICIENCY"—a fact borne out by more than 600 pupils who have, since January, 1913, left other Ottawa schools to come to it.

Therefore, it is not surprising that business men, in advertising for stenographers, should specially say, "Graduates of Henry's School preferred."

For particulars about our course, apply to:

D. E. HENRY, Director.

The Ladies' Aid of the United Church of Elma, will hold their Bazaar at the home of Mrs. Morley McPherson on Saturday, October 19th. 50

Battery Stolen From Auto

Saturday night while Harry McGillvray of Cannamore, had his car parked in the United church shed here, the battery was stolen. On going to the car about ten o'clock it looked to have been ransacked but as nothing was missing from the body of the car the theft was not noticed until an attempt was made to start the motor when the starter did not respond nor the lights shine forth. It has been found out on inquiry at the local garages that Saturday evening two men, one tall and the other short, made an unsuccessful attempt to borrow a battery saying that their own had gone dead. Their names are not known but are understood to have been driving a car with American license plates.

Fine Film Entertainment Appreciated Here

It was exceedingly well demonstrated Saturday evening that the citizens of Chesterville are appreciating the fine showing of pictures which is being exhibited at the Rex Theatre by Mr. E. B. Gravelle. Saturday night with the spoken drama by an excellent company showing in the Music Hall, only a very small audience took advantage of the low admission prices to be present. Over at the Town Hall two showings hardly accomodated the large numbers desirous of seeing that beautiful picture, "Lilac Time," with a war time setting. Mr. Gravelle has brought many outstanding pictures to Chesterville and is booked far ahead for all the real good things in the movies.

The installation a few months ago at very heavy expense of the sound equipment brings within reach all the great orchestras that are heard in the big cities.

Elma Young People Honored

A very pleasant evening was spent on Thursday, October 3rd, at the home of Mr. Watson Carruthers, when about sixty-five friends and neighbors gathered to welcome their son Harry and his bride. The evening was spent in music and games until eleven o'clock when Mr. and Mrs. Carruthers were called to the floor and presented with a piano lamp and two framed pictures.

The following address was read by Mr. Reginald Barkley and at the proper moment the presentation was made by Messrs. Donald McMarton and Milton Carkner:

We, your friends and neighbours, have gathered here this evening to extend to you our most hearty congratulations on your recent marriage, to spend a social evening together, and to offer you our best wishes for your future happiness.

We always have known you, Harry, and have found you willing to help in all social and church affairs in our community.

We welcome you, Mrs. Carruthers, to our midst. We are happy to know that you are going to remain with us and be one of our neighbours.

We could not let this happy event in your lives pass without expressing to you the esteem in which you are held. For this we would ask you to accept these gifts, not for their intrinsic value, but as a token of the loyal friendship they represent. May they always be a remembrance of this happy occasion. May kind Providence so guide your lives that health, happiness, and prosperity may be yours.

Signed on behalf of your friends and neighbors, M. Carkner, Lyle Thom, Donald McMartin.

Harry thanked those present with a few well chosen remarks and all joined in singing "For They Are Jolly Good Fellows."

Church Committees--- Attention !

After having decorated the interior of a number of fine churches in this part of Ontario, among them the large First Presbyterian Church and First Baptist Church in Brockville, the United church in Merrickville, the United church in Chesterville, I am now decorating the Presbyterian church in Dunbar and expect to finish here within three weeks. If there are any churches, large or small, needing renovating badly, better take advantage of my presence, before I return to Toronto. I will be pleased to submit prices and full particulars without any charges and being here now with my tools and material I can decorate your church yet in plenty of time for Christmas and at a very reasonable price. Come and see me in the Dunbar Presbyterian church.—C. B. Vanderfeen, Artist, Toronto, Ont.

Mr. Sinclair's Radio Speech

Last evening doubtless the majority of radios in Ontario were tuned in on the speech delivered at a great Liberal rally in the city of Oshawa, the home riding of the Hon. W. E. N. Sinclair, leader of the Opposition in the Ontario legislature, to hear what was to be the great pronouncement of the Liberal campaign in this contest.

In an hour's speech in which Mr. Sinclair took up considerable time jollying the home crowd and thanking them for the wonderful demonstration in his behalf, his supporters throughout the province waited for the great moment when they would learn just where Mr. Sinclair stood fast and firm regarding the control of the liquor traffic. Referring to Mr. Ferguson's remark at Peterboro that he could not tell where Mr. Sinclair would be on the question when the latter arrived in Oshawa, Mr. Sinclair made the rather childish reply, "I am in Oshawa." That was all right with the crowd there but to the electorate at large it does not give a great deal of information.

The speech as a whole was not convincing that Mr. Sinclair had anything worth while to offer the electors of this province that would make conditions any better than they have been under the Ferguson government. He decried the policy of the Conservative government in establishing the revenue producing services for the people which are eventually paid for out of earnings such as the Hydro, the T. & N. O. railway and the great system of provincial provincial highways as well as a profitable sale of liquor for beverage purposes under government control. He particularly stressed the unfair gasoline tax, than which perhaps there is none more cheerfully paid. With our highways as well as a pro- highways cluttered with cars bearing American license plates, who can fail to recognize that a great portion of the tax is being paid by non-residents of the province?

Has any one yet met the user of Hydro power and light who would willingly return to the coal oil lamp days no matter what the hydro should cost within reason? Hydro is simply mentioned as an illustration of the different services which we so quickly get used to and lose the sight of the fact that the money has to come forth for their payment. Mr. Sinclair's promise of tax reduction is only a gesture. If your money is required to pay for the government of the province he would have to get it from some source should he reduce the gasoline tax or cut off revenue producing services. Land is the most easily taxed source of revenue. Mr. Drury knew this when he placed a transfer tax on all sales of real estate and Mr. Sinclair must have his tongue in his cheek when he talks of reducing the farmers' taxes. It is popular talk but the accepted principal of good business to-day is pay out of earnings while you use the service.

Cedar Grove

Mrs. Emmett Armstrong, of Lisbon Centre, N.Y., was the guest of her brother, Mr. Harry Buchanan, on Friday.

Mr. and Mrs. Ross Dafoe and family visited the latter's parents, Mr. and Mrs. J. O'Shaughnessy, Aultsville, on Sunday.

Mr. and Mrs. Mason Beckstead and Miss Keitha were Sunday guests of Mr. and Mrs. James Stiles, Morrisburg.

Mr. and Mrs. A. Hollister and family, 2nd Con., spent Sunday with Mr. and Mrs. Chas. Dafoe.

Mr and Mrs. Arnold Crites visited Mr. and Mrs. Earl McIntosh on Sunday.

Mr. and Mrs. Willis Wereley and son Lloyd visited Mr. Charles Wereley at Morrisburg.

Recent visitors at Mr. and Mrs. Frank Dafoe's were, Mr. and Mrs. Ernest Marcellus and family, Miss Hilda Seeley ,of Iroquois; Mr. and Mrs. Kenneth Gallinger and Miss Keitha, of Gallingertown.

Mr. and Mrs. Robert Casselman and son, Bert, of Massena, were Saturday guests of Mr. and Mrs. Mason Beckstead and family.

Mr. and Mrs. Willis Wereley and Miss Jean Armstrong were callers at Mr. and Mrs. Jack McConnell's, Gallingertown, on Wednesday.

Miss Jean Armstrong was the week end guest of Mrs. Harold Carkner, Massena.

Mrs. Lillie Dafoe and Mr. and Mrs. Frank Dafoe spent Tuesday in Cornwall.

Mr. and Mrs. Fred Dafoe, Mr. Robert Dafoe, and Mrs. Percy Pier motored to Bombay and spent Saturday and Sunday with Mr. and Mrs. Roy Sweet and family.

Service at Gallingertown United church, Sunday, October 20th, at 11 a.m.

Customer:: "To what do you owe your extraordinary success as a house-to-house salesman?"

Salesman: "To the first five words I utter when a woman opens the door: 'Miss, is your mother in?'"

DANCE FRIDAY NIGHT

A dance will be held in the Music Hall Friday night when Don Johnston's orchestra will supply the music. Admission $1.00 per couple. Refreshments at Mrs. Gillissie's cafe.

Dynamite Cap Explodes

Sunday forenoon last while the little son of Mr. and Mrs. Edie Earl of Kemptville, was visiting with his parents at the home of his uncle, Mr. John Erratt, of Melvins, in company with the latter's eight-year-old son, Morley, they came upon some unused dynamite fuse caps and proceeded to experiment with them in a field close by, resulting in the loss of two fingers and the thumb from the hand of the Earl youngster.

Toronto Man's Car Wrecked In Smash at Aultsville

Sideswiped by anothed car, an automobile owned by H. Ashbee of Toronto was diched on the Provincial Highway west of Aultsville at 7.30 Sunday evening and turned over on its top, with the wheels spinning in the air. Ashbee, his wife, and seven month old baby, escaped injury, but the car was badly damaged.

According to Ashbee's story, he was driving east on the highway when two cars approached him from the east and met his roadster almost abreast. A collision occurred which forced Ashbee's car into the ditch and turned another car completely around on the road. The driver of the third car drove deliberately into the ditch to avoid being struck, damaging a front wheel, front axle and fenders of his car. The top and body of Ashbee's roadster were smashed.

Berwick Women's Institute Grandmothers' Day

The annual Grandmothers' Day of the Berwick Women's Institute was held at the home of Miss Bella McMillan on Thursday, October 10, with an attendance of twenty grandmothers and a very large number of visitors and members.

The meeting opened in the usual manner by singing the Ode after which a very appropriate address of welcome was tendered the grandmothers by Mrs. Henry Nugent, to which Mrs. Alfred Casselman replied on behalf of the grandmothers. The business part of the meeting was dispensed with, the whole afternoon being given in honor of the grandmothers.

A programme was given, consisting of community singing, a reading by Mrs. S. Hutt, a solo by Mrs. Arnold McIntosh, a reading by Muriel McQuaig, a solo by Mrs Lorne Hutt, a reading by Helen Hutt, Chesterville, and a solo by Mrs. Jake Smirle.

A prize was given to the grandmother telling the best three-minute story of something that occurred in her early days. Mrs. Archie Hunt won the prize, her story being her first impression of Canada when she arrived from Ireland. There was also a prize given for the grandmother's best old-fashioned costume, this being won by Mrs. Gray. Mrs. J. Meilleur received first prize for being the youngest grandmother present.

The Institute had the honor of entertaining four generations in the persons of Mrs. Wm. Bird, Mrs. B. Armstrong, Mrs. Roy Ouderkirk, and little Irene Ouderkirk. The meeting closed by singing God Save the King, after which a dainty lunch was served by the hostess and members of the Institute.

Dundas--Grenville Presbyterial

The Sectional Meeting of the Dundas-Grenville Presbyterial was held in the United church, Iroquois, Tuesday, October 8, with two sessions, afternoon an devening.

The afternoon session opened with the President, Mrs. Thos. Houlehan, of Chesterville, in the chair. Morrisburg auxiliary, with Miss I. Farlinger, Mrs. J. G. Challies and Mrs. F. Stata, led in the devotions. Mrs. (Rev.) Knowles, or Iroquois, extended a hearty and cordial welcome to the visitors and this was ably responded to by Mrs. I. Cross, of Chesterville. In the absence of the Presbyterial President, Mrs. Hyndman, Mrs. Merrill, of Morrisburg, brought greetings from the Presbyterial. Mrs. Steele and Mrs. Durant, of Winchester, rendered a duet, "Carry the Tidings," which was enjoyed by all. This was followed by roll call of auxiliaries to which eighty-one delegates responded.

Mrs. (Rev.) Russell, of Williamsburg, gave a very excellent and inspiring paper on "Stewardship of Prayer." She stressed the need of system in connection with all W.M.S work. This was followed by prayer by Mrs. Merrill, Mrs. Morrison and Mrs. Newman. Then the Round Table Conference was conducted very capably by Mrs. (Rev.) W. H. Cram, of Apple Hill, and much help was derived from this. Then followed an excellent paper on "An Adequate Missionary Program," prepared by Mrs. (Rev.) H. M. Servage and in her absence read by Mrs. Armstrong. Some very helpful suggestions along this line were offered.

Echoes from the Branch meeting at Cornwall were given by Mrs. H. Reddick, of Morrisburg. This was a wonderfully prepared paper and gave the audience a very clear account of the meeting. Mrs. (Rev.) Russell was unanimously elected delegate to attend the next Branch meeting.

Tea was served in the basement of the United church by Iroquois Auxiliary and about one hundred and seventy-five were served.

The evening session opened with Rev. T. Knowles in the chair. A bright song service of fifteen minutes, led by Mrs. Armstrong, of Morrisburg, was heartily enjoyed by all. The Morewood Auxiliary had charge of the devotions. Mrs. (Rev.) Newman on behalf of the delegates, thanked the local auxiliary for their hospitality, which was followed by a solo, "Teach Me to Do Thy Will," by Miss Ruby Johnston, which was very beautifully rendered.

The address of the evening by Mrs. W. H. Cram, of Apple Hill, was then given and thoroughly enjoyed by all. She appealed to the Christian womanhood of the nation and much valuable information was given. Then Mrs. Armstrong rendered a solo, "Come Unto Me," in her usual pleasing manner.

The Winchester Springs Auxiliary extended an invitation for the next Sectional meeting, which was graciously accepted.

Rev. Mr. Knowles pronounced the benediction and thus closed one of the most successful and best attended Sectional meetings of the Presbyterial.

World Milkmen Meet

More than 1500 milkmen from four continents will gather in Toronto on October 24 for the annual three-day convention of the International Association of Milk Dealers.

Delegates from South Africa, New Zealand, South America, Canada and the United States will discuss problems of the industry, ranging from the question of the annual loss of $6,500,000 from lost bottles to the long standing problem of choosing between horse-drawn and motor-powered milk wagons.

Premier Howard Ferguson will speak at the convention banquet on October 26.

New Grading Regulations

New hog grading regulations, enacted jointly under federal and provincial authority, are now in force. All hogs will now be graded and the producer paid according to grade. The better hogs are now divided into three classes, namely, "Select Bacon," "Bacon," and "Butchers." As a result of this innovation, the producer will be rewarded as, step by step, improvements are made in type or in feeding practices. Each and every farmer will receive a notice as to correct grading.

Rainfall Figures

The September bulletin of the Department of Agricultures gives some rather surprising figures in regard to rainfall during the past spring and summer. In view of the prolonged drought in the latter part of the summer, it is of interest to learn that precipitation for the five months, March to July, inclusive, was 18.13 inches, or 4.91 inches above the average. The rainfall in March, April and May considerably exceeded that of the same months of 1928. It fell off badly in June, however, and the July rainfall, though above average, did not compare with that of 1928. The figures for August and September are not given, but it will occasion no surprise to learn that they likewise slumped.

Orchardside

Mr. and Mrs. Alex Young, of Dunbar, were recent guests at the home of Mr. John Elliott.

Miss Grace Cunningham attended the teachers' convention held in Morrisburg last Thursday and Friday.

Mr. and Mrs. W. Sproule and daughter, Eleanor, of Cornwall, spent last Sunday at Mr. George Elliott's. They were accompanied home by Mr. Ronald Sproule, who had been spending a few days visiting Dalton Elliott.

Mr. and Mrs. Ernest Beckstead and family spent Sunday at Mr. A. Weegar's, Dunbar.

Mr. and Mrs. Roy Fetterly and daughter, of Newington, were recent guests of Mr. Earl O'Shaughnessy's.

Born—On Sunday, October 6th, to Mr. and Mrs. Edsel Merkley, twin daughters.

Kind Old Lady (to small boy: "What is your name, little fellow?"

Dirty Urchin: "Well, ma'ah, everywhere I goes dey gives me a new name, but my maiden name was Alfy."

—o—

"Sam is a confirmed liar, isn't he?"

"Not exactly, no body has ever confirmed anything he said."

Finch

Mr. Jas. McMartin spent a few days in Brockville last week with his daughter.

Mr. Fred Murphy spent a few days in Massena, N.Y., recently.

Misses Eva Nephew and Esther Cameron and Mr. Ferguson Stewart, of the O.N.S., spent a few days at their respective homes recently.

The W.M.S. of Chalmers United church will meet at the home of Mrs. John Casselman on Friday, October 18th, at 2 p.m.

Miss Eva and Vonnie McMartin have returned to Kingston after having spent a few weeks' holidays at their homes here.

Mr. and Mrs. C. W. Merkley, Massena, spent the week end here.

Miss Eva McMillan spent the week end in Ottawa.

Church services will be at 11 o'clock Sunday morning, October 20th, in Chalmer's United church, Finch.

The autumn can scarcely be called an idle time in the rural districts, what with fall fairs, school fairs, plowing matches, threshing bees and silo-filling, in addition to the usual run of chores.

And the highest hills produce this finer tea.

"SALADA" TEA

533

'Fresh from the gardens'

The Royal Winter Fair is more thoroughly a farmers' fair than any other of the exhibitions of the year. There he sees the best, and seeing is the most forceful education; he matches himself against the best, the surest way to progress. To attend is time and money well spent; to pit your best against the nation's best is enterprise and brings an immediate reward even before success crowns one's efforts. It runs this year from November 20 to 28.

Is the threshing machine used on your farm equipped with a weed screen for removing small weed seeds? It might pay you to find out.

—o—

"Excuse me," called the driver of the small car, "is this the London road?"

"Yes," cried back the pilot of the monster machine.

"Then, do you mind letting me have a bit more of it?"

It Pays for Itself

GENERAL ELECTRIC Refrigerator

This "years-ahead" refrigerator conserves food always below the 50-degree danger line. Milk, cream and butter are kept safely cold . . meat is guarded against harmful bacteria . . and the countless left-overs are kept healthfully fresh for other meals.

With a General Electric Refrigerator you can always be sure that the food is fit to eat . . you will make fewer trips to market . . you will have original menus with less work . . and your current bills will be surprisingly low.

Remember that the General Electric is the only refrigerator which has an hermetically sealed mechanism that never needs to be oiled. It was first to have an easily accessible temperature control to regulate the speed of freezing ice cubes and frozen desserts. And the General Electric alone has this performance record . . 300,000 owners and not one of them has spent a single dollar for service or repairs!

Let us give you positive proof that a General Electric Refrigerator actually pays for itself and that it is money in your pocket to own one.

See the various models at our show rooms and ask about our attractive deferred payment plan.

Prohibition Meetings

Township Rallies to hear the celebrated woman orator, Mrs. Gordon Wright, of London, on the Prohibition question will be held next week. Mrs. Wright is the lady who so valiantly faced the Premier in debate at the Prescott nominations three years ago. You will have the opportunity of hearing her and other speakers at the following meetings:

Town Hall, Winchester, Tuesday, October 22, at 2 p.m.

Town Hall, Chesterville Tuesday, October 22nd. at 8 p.m.

Music Hall, Morrisburg, Wednesday, October 23, at 8 p.m.

Other meetings to be addressed by several excellent men and women speakers will be held as follows, each meeting beginning at 7.30 p.m. The candidate of the Prohibition Union, Mr. N. W. Beach, will be present himself at as many of these meetings as possible to meet the people.

Thursday, October 17th, Maple Ridge School.

Monday, October 21st, Ormond, Nation Valley and East Williamsburg Schools.

Wednesday, October 23rd, Morewood Hall.

Thursday, October 24th, Beckstead School.

Friday, October 25th, Elma.

To all these meetings the public is cordially invited. A special invitation is extended to the ladies. Other meetings will be announced next week to conclude the campaign.—Dundas Prohibition Union.

Townley: "What have you got in your garden this year?"

Suddubs: "My neighbors' Plymouth Rocks, Leghorns and Rhode Island Reds."

Middle-Aged People

Youth ridicules middle-age, thus giving middle-age a taste of the medicine that it distributed thirty or forty years ago when it was "youth."

Middle-age grins, as it has always grinned, and gets along fairly well by employing youth to do the work, and pocketing the money itself.

But middle-age still makes the mistake of youth—for by discarding the workman of forty-five, it presents itself with added taxes, and sets an example that youth may see fit to follow some day in the near future. . . .when the middle-age who discharges becomes the discharged.

Men over 45 or 50 or 55 are by no means fitted for the junk heap. Their fellows are actually rulers and leaders, even though they show signs of senility by refusing to see ability in middle-aged men other than themselves.

Berton Bailey hits the proverbial nail smack upon the head in his excellent poem, which closes with the following stanza:

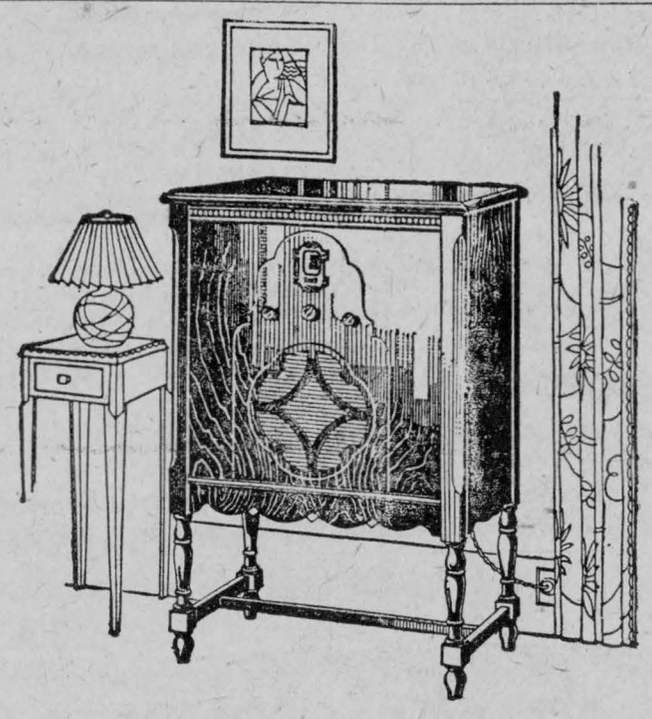

"MIDDLE-AGED PEOPLE," they often hold back,
They don't like new paths, they prefer the old track;
And Youth frets and rages at order and rule,
While middle-aged people just smile and keep cool.
For, in spite of the talk that the youngsters have hurled,
The middle-agel people are running the world!"

"What does your mother do these days?"

"What she likes."

"And what about your father?"

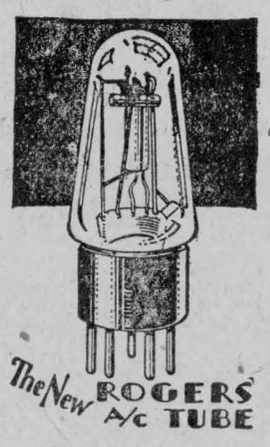

"Oh, he does what mother likes as well."

We have just received this smart *new* ROGERS RADIO...

And it certainly is, as the factory says: "New in everything but reputation!" *Eight* re-designed tubes (this year)—including one rectifier—all of them *unconditionally guaranteed* (as in former years) to give you satisfactory performance. A gem of a walnut cabinet, with genuine Electrodynamic Speaker. Single dial control, automatic voltage regulator, phonograph "plug-in" jack. And the price is only

CRAWFORD A. BARKLEY

Finch - Ont.

Dundas County Teachers' Institute

the Dundas County Teachers' Institute was held in the Music Hall in

The fifty-fifth annual meeting of Morrisburg, Thursday, October 10th.

The morning session began at 9.30 when nearly one hundred teachers were enrolled, after which the president, Mr. Leonard Porteous, addressed the teachers, taking for his subject, "Ontario." He emphasized some wonderful facts relating to the greatness of our country in connection with the industries of agriculture, fruit-growing, dairying, lumbering and mining. He also spoke of the advantages offered by the Township Boards.

Mr. J. E. Chambers, of the Normal School, North Bay, spoke on "Construction Work," and exhibited a great number of models such as maps, posters, paper folding, paper cutting, weaving, raffia work, woodwork, bookbinding, etc., from which the teachers could carry away many splendid ideas. Mr. Chambers also gave a talk on "Writing" in the afternoon, stressing the fact that free hand motion must come first, before the formation of the letters and he suggested many good devices for obtaining this.

An excellent report was read by Miss L. Currie, delegate to the Ontario Educational Association, held in Toronto last Easter

In the afternoon lively discussions were held at the "Round Table Conference" on School Attendance, led by Miss Lillian Tate, who went into the matter most thoroughly, making quite clear the duties of parents and teachers; on Promotion Exams, by Mr. Harry Baldwin; on Our New Canadian History, by Mr. Arnold McMartin.

Mr. Simpson, the district representative of agriculture, spoke on "Agriculture in Our Schools." He pointed out some of the results of teaching this subject, which is encouraging, since Agriculture is taught in every school in Dundas.

Mr. Fetterly, I.P.S., gave some information which should be interesting to every one in Dundas, especially to those who have children going to school. It was in connection with the effort being made to obtain a Public Health Nurse. Four boards have consented to have the nurse, two have not yet been approached, Chesterville, and Winchester Township have not given an answer. There were such good results, when the School Nurse was here a few years ago, that the teachers are looking forward to seeing the good work taken up again. Mr. Fetterly is anxious that the nurses be engaged before the usual yearly epidemics begin. A Public Health Nurse is a qualified nurse with an exfra year's training so that she is really better qualified than a School Nurse. Not only does she visit the schools but work is done in the homes, and clinics are held so that all people of the county would be benefited. The cost for Chesterville would be one hundred and fifty dollars per year and it is hoped Chesterville will keep up its reputation of having one of the best schools in the county by helping along this good work. o

The evening sessin began at eight o'clock with Mr. J. G. Challies as chairman. A programme of music, elocution, and public speaking was enjoyed. The winners of the Public Speaking Contest of Rural School Fairs who spoke were: Mary Darough, Jean McMillan, Millie Barkley, Nelda Fader, Eileen Simpson, Jimmie Reveller and Robert Durant. The contest was won by Nelda Fader, who spoke on Junior Red Cross.

The Forester Medal was presented to Miss Doris Hamilton, of Winchester, and the Campbell Medal to Miss Ruth Walker, for obtaining the highest marks on the Entrance Examinations. The presentation was made by Mr. J. Campbell, of Winchester. Following the programme was a dance, music being furnished by Winchester orchestra.

On Friday a motor trip was taken to Macdonald College at Ste Anne de Bellevue, Quebec. The weather was perfect and every one enjoyed the scenery along the St. Lawrence and the beautifully coloured autumn woods. Lunch was served at the college after which the teachers assembled in the main building where they were addressed by G. S. H. Barton, B.S.A., Dean of the Faculty of Agriculture, and by Miss B. M. Philp, Head of the School of Household Science. The Dean welcomed the teachers to Macdonald College and outlined the courses given in Agriculture. Every one listened with interest to his description of Ste Anne, and the history of the college, and to his remarks on the province of Quebec, regarding the development of power, the splendid agricultural lands, the French people, the beauties of the hills, trees, and rivers, and historical beauty spots. Miss Philp outlined the work in Domestic Science taken in the non-professional course of twelve weeks, the home-makers course of one year, a two-year course, and a four-year course. Then the teachers were shown through the college and around the grounds till about four o'clock, when they left for home.

Enthusiastic Angler—I want to be certain that your paper mentions my big fish.

Reporter—When did you catch it?

"Next Saturday."

THURSDAY, OCTOBER 17TH, 1929.

Leadership In Public Affairs

One of Mr. Sinclair's complaints—inspired or repeated by his anonymous ally in the Toronto Star—is that Mr. Ferguson is a dictator who lays down the law for the rest of us to obey. This is a poor compliment to the people of Ontario, for no one has yet been able to bludgeon them into any course they disliked or disapproved, and they have nevertheless given Mr. Ferguson a very handsome majority. But it may at least be admitted that it is a charge that could never be laid against Mr. Sinclair. His words are certainly not law to his followers. They can be beer and wine wets in some ridings, where they fear to offend Liberals whose votes they sadly need; they may be O.T.A. prohibitionists in other constituencies, if three-cornered contests can be avoided. But Mr. Sinclair is not even a law unto himself. At Fort William he may accept government control—if he is allowed to administer it. Elsewhere, as electoral necessities may require, he may talk of a plebiscite; but when it will be held, or at whose request, we are not told. He does not promise it after the election—it may be this year, next year, sometime, never. No, Mr. Sinclair certainly does not dictate to us. He cannot even be sure what his policy is. He can lead us nowhere.

Mr. Ferguson's way is different. He knows that the business of a leader is to lead. At the last election he told us the way he would go, and he went that way. Now he tells us the way he proposes to go, and if we dislike it, we, who made him, can reject him. He has said so publicly, for he will not shilly shally. He is the leader of his party, the first among equals, because they have made him so. Who but Mr. Sinclair and the Toronto Star imagines that Mr. Price, who is Attorney-General and leader of the Bar of Ontario, or Mr. McCrae, who has the confidence of the entire north country and the great mining industry, or Mr. Martin, who has done more for agriculture than all the farmer government that ever existed, or any other member of the Cabinet for that matter—who but Mr. Sinclair and the Toronto Star imagines that Mr. Ferguson ever disregards the opinions of these men or of the people of Ontario. Each member of the Government speaks the united opinion of them all.

And who would Mr. Sinclair substitute for the present government? Our experience of a few years ago, when we elected a party who did not disclose its Cabinet until after the election—that experience was so unfavorable to honest government that we are not likely to repeat it. We can hardly rely on Mr. Sinclair's differing assurances—as Edmund Burke said: "private men may be wholly neutral and entirely innocent; but they who (like Mr. Sinclair) are legally invested with public trust. . . can hardly in any case remain indifferent, without the certainty of sinking into insignificance."

Summer Attire Nor Men

SUMER ATTIRE FOR MEN

"Man's enslavement to fashion," says Mr. Kaempfert, director of the Rosenwold Industrial Museum, "will be broken by paper suits costing about two dollars apiece and thrown away after about two weeks' wear."

"The fibres," Mr. Kaempfert says, "will be made of paper and spun like cotton or wool, then woven into attractive patterns. Instead of being sewn together the woven paper will be glued."

"Such a suit—unlike a paper tissue towel—will be unaffected by rain and will hold its shape for at least two weeks."

News and Information For the Busy Farmer

Furnished by the Ontario Department of Agriculture.

(Editor's Note:—Believing that it will be of great interest and value to our readers The Record will henceforth publish each week a column of farm news and advice in the form of the paragraphs below. The material comes from the Department of Agriculture and the Ontario Agricultural College and will be presented in brief, readable fashion.)

Much interest is being displayed in the annual auction sale of pure-bred cattle and swine at the Ontario Agricultural College, Guelph, on Thursday, October 24th.

A shortage of feed in many parts of Ontario has hurt the dairying industry to no little extent. A scarcity of water and pasturage has resulted in a falling-off of the milk supply and will probably be reflected in an increase in production costs of milk.

Ontario farmers annually lose thousands of dollars from parasites in sheep and hogs. Dr. L. S. Stevenson has made a special study of this problem and has written several bulletins. Copies can be obtained at your District Agricultural Office.

Brainwork on the Farm

Every farmer should plan his work and work his plan. He should specialize in the lines of farming that he and his farm are adapted to; use his head as well as his hands and strive to produce high quality products at the lowest possible cost.

A Deadly Menace.

Warning — The perennial Sow Thistle is the worst weed in Canada. It is so serious in some places that farmers have left their farm. Good drainage, good cultivation, short rotations and good farming all help to keep this weed under control. Every farmer should give it special study and attention.

Free Trip to Royal Fair.

The Department of Agriculture has announced that it is again offering a free trip to the Royal Winter Fair in November to the ten young men who qualify in each county in Old Ontario and to five young men in each district in New Ontario. The fortunate young men will be those who rank highest in the judging competitions now being held in each county. Particulars regarding these competitions are now in the hands of the various agricultural representatives. The competition is open to boys between the ages of 16 and 21 years living on farms in their respective counties. The winners will be given their railway fare from their home station to Toronto and return and lodging accomodation for four nights, November 19th to 23rd, and meals while in Toronto. An extensive tour of stockyards, abbatoirs, factories and public institutions besides the Royal Fair, has been arranged. This offers a rare opportunity to some 500 farm boys throughout Ontario. o

The School Fair.

Township school fairs have been steadily growing in popularity during the eighteen years in which they have been held in Ontario. Figures are available for the 1928 season and from all signs, 1929 will even surpass the excellent results obtained in the past year.

Last year there were 560 school fairs held in Ontario. In these 560 fairs, 4,859 schools were represented, making a total entry list of 135,153. Visitors to the fairs numbered well over 360,000.

The growing popularity of the school fair can be attributed to some extent to the attention given a championship school fair at many of the fall county exhibitions. In many localities the newly orgarized school fair has proven a greater drawing card than the older township or county fair.

The Laying House In Winter

Experimental Farms Note.

Now that the time of the winter housing of the pullets is at hand it is well to realize just what is necessary to fulfil the requirements for greatest results in profitable returns.

Pullets to give maximum results must not only be well bred and well fed, they must be comfortably housed, which means that the house must be dry, thoroughly ventilated, without draughts, and bright and cheery. Such a house properly furnished to allow the maximum of unobstructed floor space is a satisfactory foundation on which to start the season's work.

To assure such conditions see that there are no leaking roofs, that all cracks in the walls are well batoned, that the floor is sufficiently elevated above the ground so that it will be well drained, and if you have been troubled in the past by a moist condition on the roof or ceiling put in a straw loft and make openings in the gable ends of the house to allow of a cross draught over the straw.

By all means use dropping boards under the roosts and clean them off regularly so that they will not contaminate the air which the fowl have to breathe in. When the pullets are brought in from range in the fall try to make conditions as nearly as possible like those they have been accustomed to. They have been on grass range living in open houses, if when they are brought in they are put in close houses you may be almost certain that you will have trouble with fall colds and roup.

When they are put into their winter quarters the house should be kept wide open day and night and the birds allowed to spend the days in the yards surrounding the house. As the weather gets colder the windows may be gradually closed at night, but keep them open during the day, so long as the sun is shining, even in the severest weather.

The birds will do well even in severely cold weather so long as the houses are dry and thoroughly ventilated without draughts.

Landlady: "And how do you feel now?"

Lodger: "Just terrible. I feel as if I was going to die."

Landlady: "Well, you can't die here. This is the livingroom."

o

An oyster met an oyster
And they were oysters two,
Two oysters met two oysters
And they were oysters, too,
Four oysters met a pint of milk
And they were oysters stew.

Government Control

(Its true name should be "Government Sale")

What is CONTROLLED by Government Control ?

1. Not Drinking.

In 1926 exaggerated estimates said we drank 25 million dollars worth of liquor. It was urged that Government Sale would reduce this to 5 million. In 1928 the sale was nearly 50 MILLION DOLLARS worth or nearly a million dollars a week.

Prescott has a Government store and a Brewery warehouse. If these sell their average with other stores and warehouses, the sale in that town last year would reach the colossal sum of $437,000.

Morrisburg has a Brewery warehouse. Its figures, based on averages for all such warehouses, would be for last year $143,000.

2. Not the number of Persons drinking.

Ontario people bought 220,440 permits in 1927, and 400,000 permits in nine months of 1929. There is nearly 100 per cent increase in two years.

3. Not Bootlegging.

Last year there were 24,176 convictions for violation of the Liquor Control Act. This was an increase last year of 22 per cent. In Toronto these convictions increased from 1078 in 1927 to 1288 in 1928. The old bootleggers have not quit to any extent, and many more new ones have gone into the business.

4. Not Lawlesssness.

General Williams, head of the Provincial Police reports,—"Prosecutions under the Provincial Statutes for the year 1928 were 11,035, an increase over 1927 of 3,563."
NOT CRIME

5. Not Crime.

Crime of all classes is mounting apace. Offences against the person have increased 14.65 per cent, against property with violence 14.54 per cent, forgery, etc., 16.14 per cent, and other offences 31.03 per cent.

Government Control is NOT control, it is sale, while the Brewers and Distillers grow rich at our expense.

Let us say on October 30th:—
"DUNDAS IS OPPOSED TO GOVERNMENT SALE"
"DUNDAS ALWAYS STANDS FOR PROHIBITION"
Our Candidate is N. W. BEACH.

Dundas Prohibition Union
