A charming wedding took place in Trinity United Church, Saturday afternoon when Katharine Margaret, daughter of Doctor Howard and Mrs. Justus became the bride of Thomas Alexander, son of Mr. and Mrs. Charles W. Eastwood of London, Ont.

The Rev. W. E. Wright performed the ceremony in a setting of pastel coloured gladioli and ferns.

Mrs. P. G. Hewitt was organist and Miss June Rowat of Winchester, the soloist.

Doctor Justus gave his daughter in marriage and she was attended by her sister, Miss Ardeth Justus and Miss Gwyneth Davies as bridesmaids, five-year-old Norma Dalgleish, cousin of the bride acting as flower girl.

The best man was Robert Anthony of London, Ont., and the ushers: Duane Justus, brother of the bride, Lex Roble, St. Catharines, brother-in-law of the groom, Orm Murphy, Saskatoon, Sask., and Bill Merritt of Deep River.

For her wedding the bride wore a gown of white brocaded satin, fashioned with neck yoke, banded with ribbon, lily paint sleeves, long full skirt with bustle effect and train. Her finger tip length veil of embroidered tulle illusion was held in place by a Juliet cap of brocaded satin and she carried a semi-cascade bouquet of white baby poms and adiantum.

The bridesmaids wore blue taffeta with long full skirts, bustles, short puffed sleeves and portrait necklines. Their headdresses were of blue taffeta and they wore short blue net gloves, their bouquets being of baby yellow poms and adiantum.

Norma Dalgleish wore pink net over taffeta and carried a white satin basket of pastel Autumn flowers.

The bride's mother wore a becoming grey gown with black accessories and a corsage of pink roses.

The groom's mother was attractively gowned in Wedgewood blue, with black accessories and her corsage was of red roses.

Following a reception at the bride's home, the young couple left on a wedding trip, Mrs. Eastwood travelling in a midnight blue wool suit with grey accessories and a corsage of red carnations.

MISS SHEILA MacMILLAN HONOURED SATURDAY NIGHT

About 100 guests gahthered in St. Mary's Parish Hall Saturday evening to honor Miss Sheila MacMillan whose marriage to Richard Casselman takes place shortly. The Hall was prettily decorated with bridal colors and the wedding march was played by Miss Frances McAvoy as the guest of honor was escorted to the platform.

An address was read by Miss Marion Lynch, and Miss MacMillan received numerous beautiful and useful gifts. Miss Addie Campderros accompanied by Miss Evelyn Marcellus sang a group of three songs. Miss Thelma Froats made the beautiful bride's book, which was signed by all present.

After happy chatter, refreshments were served by the hostesses Miss Gladys Marcellus, Miss Helen Hughson and Mrs. D. Hitsman.

LARGE LUNGE LANDED 24 POUNDER FOOLED IN A FLASH

With the muskie season drawing to a close, another beauty has been added to the list. At the week-end Wm. Nash Jr. and 'Slim' Olsen made a tour of the river below Casselman and succeeded in landing a beauty. They had drifted the canoe up to the mouth of a small creek and 'Bill' tried a cast towards the weeds. He was using a 20 lb. test line and a small 4 inch plug with a gut leader. The big fish slid out from the shore and struck. One of the little hooks of the tail gang sunk into the cheek just above the jaw joint outside the head and the battle was on. The fighter played submarine all the way, never doing more than lunging and showing his broad tail above the surface. In a matter of ten minutes, by skillful handling, 'Bill' had the fish beached on a sandy spit with the fight out of him. Weighed in at Casselman, the scales tipped to 24 pounds, even. Around, the fish measured 20 inches with a length of 43 inches.

KENNETH FARRELL SPEAKS ON 'SCIENCE SERVES THE FARM'

Rotarians of the local club heard an excellent talk on the part science is playing in farm operations today, last Monday evening. OAC student Kenneth Farrell, grandson of Rotarian K. K. Wood addressed the club after being introduced by Carl McMillan.

Mr. Farrell opened his talk with a review of the history of the Dominion Experimental Farm System, its work and the service it offers to the farmers of Canada. He pointed out that since the Farm System was formed in 1886, it has served as a link between the farmer and the latest developments in farming science. "A sound and healthy farm economy is a necessity for the economy of the rest of the nation," said Mr. Farrell.

In 1884 it was realized that agriculture needed to be put on a more profitable basis, and in that year a committee was set up under the guidance of Sir John Carling and Dr. Wm. Saunders to study the best way to go about doing this. After an intensive study of all existing systems, the groundwork was done and in 1886 the present system was evolved with Dr. Saunders as its first director. The present Central Experimental Farm was acquired at Ottawa consisting of 466 acres of land. That property has been steadily increased until now the Farm consists of over 1100 acres devoted to experimental work.

One of the first problems to be approached by the Department was that of developing a variety of wheat for the Western plains that would combine the excellent milling qualities of Red Fife, then grown extensively and yet have better resistance to early frosts. After several years of experimentation with many varieties of wheat from all over the world, 74 varieties of wheat had been collected for trial. By intensive cross-breeding with a combination of early varieties from Russia and India the famous Marquis wheat was evolved. This variety answered all the needs of the western farmer and that development alone has proved of untold value to the farmers of Canada.

Today the Farm at Ottawa is the head of a great chain of branches, sub-stations and illustration farms that stretch across Canada. The Central Experimental Farm alone has 13 divisions for the bettering of animal husbandry, poultry, bees, etc. Here the preliminary work is laid out and started and then carried on at the various sub-stations in other parts of the country.

The public is always welcomed at the farms and stations of the system. By means of demonstrations, field days and the written word the Department endeavours to keep the busy farmer in touch with the latest developments that will help make his farming more profitable.

In conclusion the speaker said, "Science can help the farmer, but the farmer must help himself by using the data presented by the Dominion Experimental Farm System."

The thanks of the club were expressed by W. J. Carr.

CHS INSPECTOR HERE WORDS OF PRAISE FOR STAFF

Department of Education Inspector A. L. Lakie met with members of the board of Chesterville High School Wednesday afternoon to report on his inspection of the school. He had unqualified praise for the present staff under the principal M. E. C. Clark and was much impressed with the general tone of the school and the efficiency of its operation.

In discussing the equipment, Inspector Lakie made the point that teachers must have proper tools to work with, and it was evident that the board had that in mind as the additions to the equipment showed.

CONFUSION REIGNED MONDAY WHEN TIME CHANGE CHANGED

Council decided early Monday morning that it would be better to stay on Fast Time after all. Nearly all the other municipalities in the area had decided not to change to Standard, and that would have meant too much confusion if the municipality of Chesterville had gone back to slow time as was the announced intention. After the initial confusion had died down on Monday, and most of the business men had lost an hour in the day, things got back to normal and we are on Daylight Saving Time until further notice.

PHIL. FADER, LEAMINGTON

The Record regrets very much the early passing of Phil Fader, editor and publisher of the Leamington Post in his fifty-third year.

Phil Fader made a name for himself and his paper in the Essex town where his boundless energy and capabilities won the approbation of the citizens who elected him their mayor for nine years as well as one year as councillor. Nothing for the good of Leamington lacked his assistance.

The publisher of The Record has very pleasant memories of the years with him while Phil finished his trade in the office of the Winchester Press. —G. C. Lacey.

FISHIN'

Supposin' fish don't bite at first,
What are you goin' to do?
Throw down your pole, chuck out your bait
And say your fishin's through?
You bet you ain't; you're goin' to fish
An' fish, an' fish, an' wait
Until you've ketched a bucketful
Or used up all your bait.
Suppose success don't come at first,
What are you goin' to do?
Throw up the spong and kick yourself
And growl, and fret, and stew?
You bet you ain't; you're going to fish,
An' bait, and bait ag'in,
Until success will bit your hook,
For grit is sure to win. (Anon.)

NEVER BEFORE
have farm implement prices been so low in comparison with prices of other supplies the farmer buys

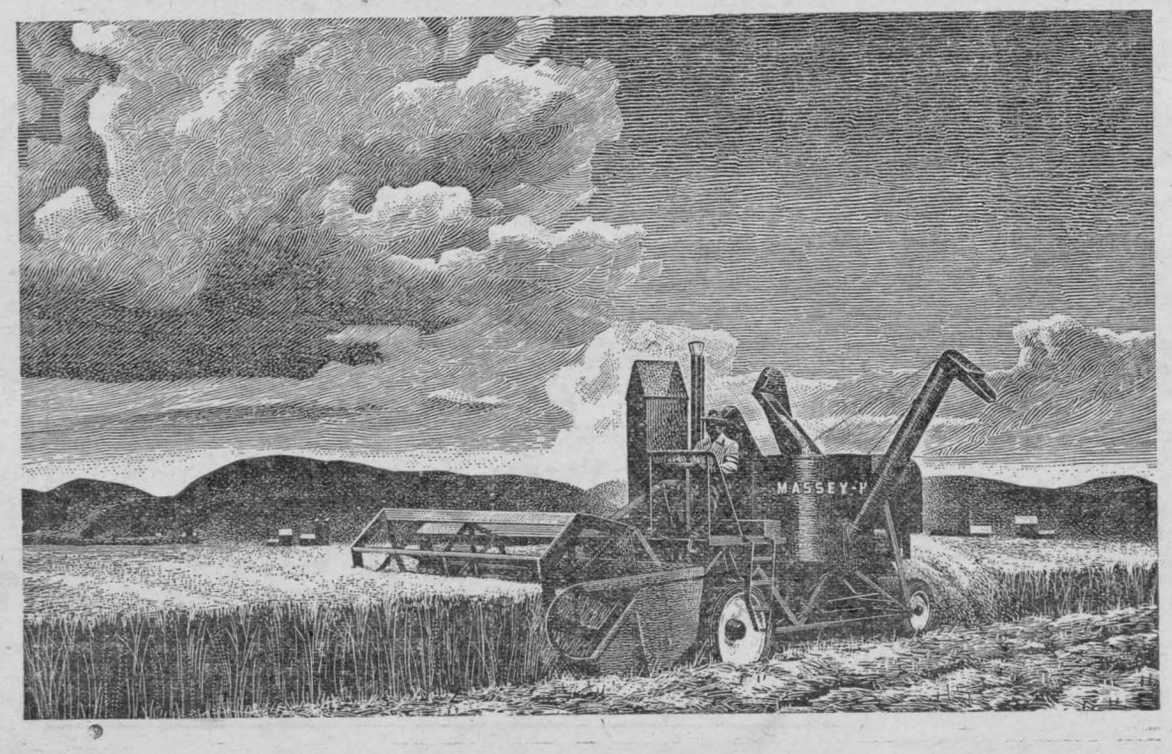

*Dominion Bureau of Statistics Indices

On the average, supplies which farmers must buy to carry on their business, have gone up 70.1% in price since 1941. In the same period, Massey-Harris prices for Canadian-made farm implements have gone up only 43.9% ... not much more than half the average rise.

Massey-Harris has held down its prices in the face of a 92.6% increase in cost of raw materials, and an increase of 87% in the average hourly wage rate to its employees.

Demand has been keen in all parts of the world, and Massey-Harris factories have been working at top capacity. High volume has spread the overhead costs over more machines, and enabled the Company to absorb part of the increased cost of material and labor.

IN MEMORIAM

BEATTIE—In fond and loving memory of a dear wife and mother, Mrs. George Beattie, who passed away September 29, 1948.

Many a lonely heartache,
Often a silent tear,
But always beautiful memories
Of one we loved so dear.

—Husband and family.

IN MEMORIAM

HUMMEL—In loving memory of my dear mother, Mrs. Edward Hummel, who passed away six years ago. October 1st.

"Safe in the arms of Jesus, safe from this world's temptations where sin cannot harm her.

Gone out of the world of woe into the beautiful garden, to the Ivory Palaces where God is gathering the gems of His pure ones—to the Mansions of Glory. Her faith had caught the joyful sound, the song of Saints on higher ground. She did suffer with Him below and shall reign with Him on High when Heaven's morning breaks, and the shadows flee away." How sweet it will be to meet my mother again.—Sadly missed by daughter, Cora.

An Address Presented To Archbishop of Kingston In 1889 At Finch Event

(Concluded from last issue)

To His Grace, the Most Reverend James Vincent Cleary, S.T.D., Archbishop of Kingston.

My Lord Archbishop:- Once more it is our cherished privilege to bid your Grace a most cordial welcome to our midst. But a few weeks have elapsed since ours was the pleasant duty of accompanying your Grace and our worthy pastor to the present spot, to hear your kind words of approbation as to the advisability of constructing the new church hereon, and today our hearts are replete with joy as we see our Lord Archbishop amongst us, to bless and lay the corner stone of St. Bernard's church, in the village of South Finch. Countless are the favors we receive at your Grace's hands. Your kind fatherly attention to the spiritual wants of your people, your untiring efforts to ensure the happiness of all, and your more than loving care for St. Bernard's flock in particular, serve to increase our esteem and admiration for you, our venerable first prelate; and gladly do we take advantage of the first opportunity afforded us to manifest our respect for gratitude to our generous benefactor, who has graciously condescended to gratify our every want, and answer every desire. We would beg leave to congratulate your Grace on the recognition paid your sterling worth by our most Holy Father, and to felicitate you on the success that had crowned your admiration in the past, and to wish you continued health and prosperity in the fulfillment of the duties of your high office, and the prosecution of the nobel work to which Providence has appointed you. We would now ask leave to tender your Grace our sincere and heartfelt thanks for the favor of your honored visit today and our grateful prayers shall not be ceased to ascend before the Throne of God, that you may be long spared, and that we, so lately placed under the protection of Saint Bernard, may continue to enjoy the favor of your Archbishopal benediction. We are, my Lord Archbishop, your grateful children of St. Bernard.

Thus ended the grand ceremony, and methinks it will be many a day ere the people will forget with what religious fervor and dignity that learned and holy man, the good Archbishop Cleary, laid the corner stone of St. Bernard's Church, in the village of South Finch.

We clip the following from the Owl, edited by the students of the College of Ottawa:-

Our life is like the summer, ere we know
That yet we live
Our time is past; our souls to God we owe.
To God we give.

Death at all times comes unexpectedly, "like a thief in the Night", as the inspired writer puts it. The death of Bernard Campbell was far from the minds of those who bade him good-by as he left for his home at South Finch, Ont., a few months ago, suffering from what all thought to be a slight injury to his knee. After reaching home he was confined to bed and the injured limb attended to. When everything looked favourable to his ultimate recovery, he contracted that dread disease, consumption. His wasted body could offer but little opposition to its inroads, and after enduring with great resignation, his long sickness, he had the happiness of good death. Bernard Campbell was a graduate of the commercial course and was in his third year's work for matriculation when he left the college. He was a universal favourite and won many sincere friends, who deeply regret his untimely death. They, in common with all the students and professors in the institution, have already besought and still continue to beseech the God of mercy, to look with compassionate eyes on the soul of their departed friend.

Joint Meeting At Crysler W.M.S. and Ladies' Aid

The September meeting of Crysler W.M.S. and the Ladies' Aid Society was held on Thursday afternoon at the home of Mrs. Kenzie MacGillvary. Mrs. Earl Moore, President of the W.M.S., presided and conducted the meeting. After the call to worship a hymn was sung by the group. The nineteenth psalm was read by Mrs. Wilbert Paul, followed with prayer by Mr. Moore.

The roll call was answered by eight members and two visitors and was responded by a verse of scripture. Mrs. Frank Carruthers gave a review from September Glad Tidings.

It was decided to have the annual Thankoffering service in the church some time in October.

The Ladies' Aid meeting was opened by the President, with the Lord's Prayer in unison. The minutes of the last meeting were read and approved. Plans were made to hold the annual fall supper and sale of work the 1st of October, in the Orange Hall. Discussions followed and the different committees were appointed.

The meeting closed with the Doxology, after which dainty refreshments were served by the hostess, assisted by Mrs. John Currie and Mrs. Carl MacRae.

Church News

MOREWOOD UNITED CHURCH

The service at Morewood United Church was conducted on Sunday morning by the minister, Rev. W. J. Copsey, B.A. The sermon was based on the text, "Jesus said unto them, Come ye after Me and I will make you to become fishers of men." Jesus chose His first disciples from the fisher of Galilee. They were hard working men. There were no idlers among them. Matthew He summoned from his counting house, Simon and Andrews, James and John from their fishing nets. They were all budy men, but in our Lord's invitation to them they recognized a higher call. Their life with Him was an expanding life, clarified by a vision of transformed values, larger motives, and broadened horizons. Had they never met Jesus, they would have remained fishermen to the end of their days, but meeting Him, they became preachers of the Gospel in far distant places. John became Bishop of Ephesus, Andrew travelled through the countries surrounding the Black Sea, Thomas and Bartholomew are said to have journeyed as far as India and Peter was martyred in Rome.

So today the believer in Christ gets a new set of values—the winning of men to the Christian Way of Life. He has a new purpose to "Seek first the Kingdom of God and His righteousness." The Christian's horizons are pushed back until humanity becomes a great brotherhood, and the whole world one great field of labour for Christ. When we come to know Jesus we find that He turns our thoughts and purposes outward from our narrow, self-centred life and we become conscious of our neighbours, we become fishers of men.

The infant son of Archie Coulthart and Louva Luella Coulthart (nee Allison), Lloyd Owen, received the rite of Christian Baptism.

THE MIXING BOWL

By ANNE ALLAN
Hydro Home Economist

Hello Homemakers! One of the strangest things about the history of the tomato is that although its origin was South America and Mexico, it was unkown as food in the New World until long after it had been generally accepted in Europe. The Italians, who were the first to eat tomatoes in 1550, for years had considered them an ornamental garden plant, due to a mistaken idea that the tomato, then known as love apple or gold apple, was poisonous. The species does belong to the Nightshade family, some members of which are very poisonous, but the cultivated tomato is nutritious and much improved in size and flesh. A well-known American statesman, Thomas Jefferson, was the first to grow tomatoes in 1781 in America, and it was not for another fifty years that the fruit was grown in our country. The Italians made the **poma d'oro** famous as a vegetable—and spaghetti is hardly spaghetti without tomato sauce. As a food of world-wide importance, the tomato is the newest.

Fresh tomatoes are a refreshing adjunct to any meal, simply peeled, sliced or quartered and served on crisp greens with a good dressing. Firm quarters of bright red tomato intermingling with tossed salad greens are very tempting even to those men who profess not to like salads. To make a more decorative dish, stuff scooped out centres of tomato with diced celery, chopped chive and minced meat.

Broiled tomato slices are delicious with many meats or just served on toast, plain or with cheese sauce. After preparing thick slices, sauté in bacon dripping until brown. Add milk slowly to make a gravy, a little grated cheese and pour this over slices of tomato on toast. Serve with crisp bacon.

SAVORY BAKED TOMATOES

- 4 large tomatoes
- ¼ cup minced celery
- 1 tbsp. chopped onion
- ¾ cup bread crumbs
- ¼ cup chopped parsley
- Salt and pepper

Cut slice from stem of tomatoes. Scoop out portion of pulp and press it through sieve. Combine pulp juice with bread crumbs, celery, parsley, onion and seasonings. Fill cavities of tomatoes and top with buttered crumbs. Bake in electric oven of 375 degrees for 20 minutes.

TOMATOES AND MACARONI

- 1 pkg. shell macaroni
- 1 green pepper
- ¼ cup minced pickle
- 2 tsps. lemon juice
- ½ cup old cheese
- 2 tbsps. onion
- 1 cup flaked salmon
- Salt and pepper
- 6 large tomatoes

Boil one package of macaroni in salted water until tender. Drain and add grated cheese. Set aside to cool, then add chopped pepper, onion, relish, salmon, lemon juice and seasoning. Pile into peeled, hollowed tomatoes. Top with a spoonful of mayonnaise. Garnish with pepper rings and serve on chopped lettuce and parsley.

THE QUESTION BOX

Mrs. R. S. requests ingredients of pie filling made of green tomatoes.

Answer:

MOCK MINCE MEAT

- 6 green tomatoes
- 6 apples
- ¼ pound seedless raisins
- ¼ pound seeded raisins
- ½ cup citron
- 1 orange-rind
- 1 teaspoon salt
- 1 teaspoon cloves
- 1 tablespoon cinnamon
- ¼ cup fruit-juice
- ¼ cup vinegar
- ½ teaspoon allspice
- ½ teaspoon ginger
- ¼ teaspoon grated nutmeg

Chop tomatoes, apples and raisins. Add other ingredients in order given and cook until thick. This amount should make three pies.

Mrs. M. C. asks for good catsup recipe using green tomatoes.

Answer:

- 1 peck green tomatoes
- ½ peck white onions
- 3 ounces white mustard seed
- 1 ounce allspice
- 1 pound brown sugar
- 1 ounce cloves
- ½ cup dry mustard
- ¼ cup water
- 1 ounce black pepper
- 1 ounce celery seed
- Vinegar

Chop the tomatoes and onions, sprinkle with salt, and let stand three hours. Drain well and put the pulp in a preserving-kettle with the other ingredients. Cover with vinegar, and boil slowly for one hour. Seal in clean, hot jars. Less mustard may be used if a less hot catsup is desired.

Mrs. J. A. asks for ingredients of Chow Chow pickle.

Answer:
