VOL. L, NO. 47. CHESTERVILLE, ONT., THURSDAY, SEPT 7, 1944. SINGLE COPIES 5c

Severe Earth Tremors Felt Throughout District

Just at the hour when the westbound midnight train was at the local station this district felt the heaviest earthquake shock experienced in more than nine years. Those who were abed were almost thrown from their beds as windows rattled, doors creaked, dishes shifted in their cupboards and pictures became askew on the walls. The accompanying growling noise seemed to come from the direction of Ottawa and pass away towards Cornwall where the heaviest damage reported from any point is said to exceed three quarters of a million dollars. The chandelier in St. Columban's church crashed. Rev. Father Foley, well known here, is parish priest of St. Columban's. Much damage was done to many buildings in Cornwall, particualrly to the Public and Vocational Schools making it necessary to postpone for a week or more the opening for the Fall term.

Locally there has been no property damage but many report damage to their nerves. Billy Allen thought his house was coming down when the glass from a cracked window clattered to the ground. Others decided at first that the vibrations must be caused by a heavy train leaving the rails as it passed through the local yards.

A chimney was toppled from the home of Joe Manley in Connaught, at the height of the 'quake.

It's a joy to have a clear conscience. The only man in town so far reported not to have been disturbed by the earthquake, is Percy Gilroy.

Many dogs became very excited by the unusual tremors and the accompanying noise and added to the clamor by refusing to be pacified for hours.

IROQUOIS LANDMARK DAMAGED BY 'QUAKE

The old "Wallace Home" a pioneer stone house in Iroquois, now owned by George Renwick, sustained $2,000 damage as a result of the earthquake Tuesday morning. The building a ten-room structure, with walls two feet thick, took a rough ride under the earth vibrations and had many of its original stones jarred out of position. This was the only serious damage occurring in the town.

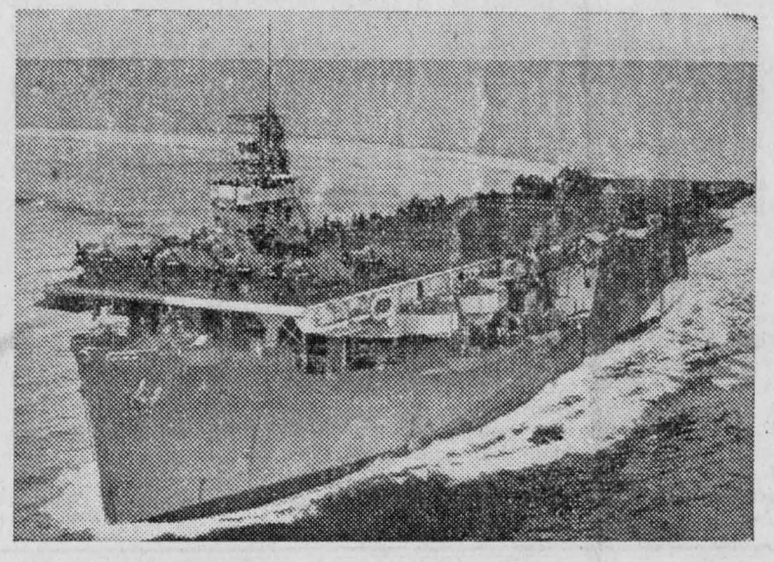

CATCHES PORCUPINE IN CORNFIELD

While binding corn on the farm of Richard Scott in Melvins, a collie dog belonging to the farm spotted a porcupine among the stalks. Lee Flegg, assisting in the work, chased the dog but not before it had gotten a mouthful of quills, and captured the intruder.

BRITAIN'S "POCKET" CARRIER
HELPS TO BREAK THE BACK OF THE U-BOAT WAR

Aircraft of the British Fleet Air Arm based on escort carriers have been partly responsible for the heavy price Germany is paying in U-boat losses. H. M. S. Searcher, one of these midget floating aerodromes, is about a third the tonnage of a normal Fleet Aircraft Carrier, but her aircraft, U.S. Grumman Wildcat, fighters, are among the fastest in the Fleet Air Arm.

Picture shows: H.M.S. Searcher—bow view from the air showing "Wildcats" on the flight deck.

200 Bags Grain Lost When Old House Burns

Sunday night about 1.40 a house on South Street. east of the Doering Stock Farm Buildings was totally destroyed by fire of unknown origin. The building was an old one but in part of it 200 bags of grain belonging to the Doering farm were stored The grain, which was harvested by a combine had been placed in the building for further hardening but is said not to have shown any tendency to heat the day previous to the fire. Those first at the burning building claim all the fire at that time was in a shed adjoining the building which leaves several theories as to how it may have started.

BOY BREAKS ARM.

Last Thursday as Foster Droppo of Nation Valley, was working in the barn he fell from the hay mow and sustained a broken right wrist.

HIGH SCHOOL ENROLMENT

High School opened on Tuesday with an initial attendance of 111 students. This is approximately the same as last year's attendance. Several other students expect to attend, later in the month.

The number of students in Grade IX, while not as great as last year, totals 38. Of these, 24 are newcomers. Grade XI and XII each has 27 while Grades XII and XIII will likely number 15 and 10 respectively.

Big Turnout Chesterville Fair Yesterday Afternoon

Every fair as the years roll around are hailed as the best ever. This year Chesterville fair, yesterday afternoon, could not be described by any other words. The entries were numerous the crowd larger than ever before and the weather could not be improved.

Combined with the society's programme and prize list for the fair was the first annual exhibition of the Dundas-Grenville Ayrshire breeders in their "Red and White". As promised by the breeders of the red and white cattle a very fine showing was made.

The complete prize list will appear in next week's Record.

The track was in good shape yesterday and very interesting and closely contested races were the order of each class.

Morrisburg Community Band made a fine impression with a varied programme rendered throughout the afternoon. It was interesting to note that the members of the band were young ladies as well as men from the community.

"Black & White" Day At Mountain Fair Successful

The second Dundas County Black and White show held with the Mountain township fair was said to be the best yet held by the breeders of the red and white cattle. The prize money amounted to $377 which was distributed among 103 entries owned by nine exhibitors among whom were four who had not before shown animals.

The exhibitors were W. R. McMenomy & Sons 18 head, Ronald Carkner 15 head, W. J. Fawcett, 11 head, D. W. Cameron 10 head, Dwight Dawley 8 head, Arnold Suffel 6 head, G. Mullholland, 5 head; John W. Guy, 3 head, W. O. Dixon, 3 head.

Grand Champion Bull was owned by W. J. Fawcett.

Reserve Grand Champion Bull owned by John W. Guy.

Grand Champion Female owned by W. J. Fawcett.

Reserve Grand Champion Female owned by W. R. McMenomy & Sons.

Three Hurt In Car Crash Near Winchester

Three persons were injured when two cars collided on a curve on Highway 3, a mile north of Winchester, around 11 o'clock Tuesday morning.

The injured were Orrin Dupreau of Morrisburg, the driver of the southbound vehicle; Neil Lee, of R.R. 1, Winchester, driver of the other car, and his brother, John Lee, who was riding with him.

Dupreau suffered fractured ribs and was taken to the office of Dr. A. Shannette in Morrisburg for treatment. The two boys received cuts and bruises.

Provincial Constable R. H. Wannell of Morrisburg, investigated.

RECOVERING FROM OPERATION.

It is reported from Kingston General hospital that Melvin Durant is making satisfactory recovery from an operation which he underwent slightly over a week ago and it is reported he will leave the hospital at the week-end.

SOFT BALL PLAYER COLLAPSES

Yesterday at the Fair Grounds while taking part in a softball game between Dunbar and Williamsburg Harold Marcellus, a member of the Dunbar team after running into third base suffered a heart attack and collapsed. At first it was thought he had been hit by a batted ball, but such was not the case. Dr. Justus was called and in a short time the young man was out of difficulty.

BORN AT MORRISBURG

C. Whitteker, 72, western manager of the Imperial Optical Company, died in Winnipeg Tuesday. He is survived by two sons and two daughters, including Dr. R. E. Whitteker, Yorkton, Dr. J. G. Whitteker, Rodney, Ont., and Mrs. Sheldon Duge, Toronto. He was born at Morrisburg.

Ray---Kyle

The home of Mr. and Mrs. Robert Armstrong, Avonmore, was the scene of a very pretty early Fall wedding, on Saturday evening, September 2nd, at 7:30, when Mrs. Armstrong's only daughter, Audrey Oril Kyle was united in marriage to Christia G. Ray, of Toronto. Rev. M.N. McDonald of St. Andrew's Presbyterian church officiated.

The bride, who was given in marriage by her brother, J. Arnold Kyle of Ottawa, wore a charming model of sweetheart blue moss crepe with sequins. Her corsage was of Picardy gladioli and Bettertime roses with matching head-dress. Miss Marilyn Kyle, niece of the bride, as bridesmaid was gowned in powder blue sheer and carried a nosegay of sweetheart roses and corn flowers with a bandeau of the same flowers in her hair. Norman Craig of Toronto attended the groom.

Mrs. Armstrong received her guests in a black georgette and lace frock and wore a corsage of tea roses and gladioli. After the reception Mr. and Mrs. Ray left on a short honeymoon after which they will make their home in Toronto.

The out-of-town guests included friends from Ottawa and Toronto.

Burned By Gasoline Eleven-Year-Old Boy Dies

The death occurred this morning of Ernest Fleming, 11-year-old son of Spr. James Fleming, now overseas. The boy who was visiting an uncle, Mr. Jennings of Mountain township, was present when the latter was putting gasoline into an engine on the farm. Unnoticed Ernest took up the wires leading from the battery and was producing a spark. This spark ignited the fumes from the open gasoline and the boy's clothing taking fire he was terribly burned. It is said the surface of his body was eighty percent burned. With little chance of saving his life all that was possible was done while he lived until this morning.

Ernest, his brother and mother have made their home with Mr. Frank Hummel, where the husband was employed before going overseas.

CORRECTION.

In announcing the birth of a daughter to Mr. and Mrs. Mac Smyth of Dundela, the first name of the young lady was given as ""Chuyl". This should have been "Cheryl".

FIRE DESTROYS BARN, ANIMALS AT VANCAMP

B. P. Richardson, farmer a Vancamp suffered a heavy loss by a fire of unknown origin which broke out in his barn on Sunday evening. Besides losing the barn and the whole of his season's crops, he also lost a calf and four pigs and a cow. Only by the good work of the many neighbours who went to the scene were the flames prevented from spreading to a nearby building and from working onto neighboring farm lands.

IN MEMORIAM.

HILLIS—In loving memory of our dear sister, Mrs Wm. Hillis, who passed away, September 4th, 1943.
God called her home, it was His will,
But in our hearts, we love her still,
Her memory is as dear to-day
As in the hour she passed away.

It Doesn't Cost to Advertise in The Record—It Pays!

THURSDAY, SEPTEMBER 7, 1944.

HEALTH UNITS IN LOCAL COMMUNITIES

It is contended that the sanest and most effective system of dealing with veneral disease and tuberculosis is the inauguration of health units throughout the local communities aided by Government assistance. It is regrettable to record that veneral disease is at an all time high in Ontario and as the Health Minister states "those affected must be given treatment not only for the protection of the home today but for that generation not yet born into the world." The Government is prepared to pay 75 percent of the cost of treatment of veneral disease. In the treatment of tuberculosis there is no cost to the municipality except for some after cases. For some years great progress has been made in combatting tuberculosis, this field having been aggressively invaded by provincial authorities without exacting toll from the municipalities. Despite this however, there is still need for the establishment of Sanatoria for the treatment of tuberculosis in many provincial districts. Stormont, Dundas and Glengarry stand as an example of how counties may combine in a single unit in combatting the White Plague. These counties established a Sanatorium after a survey showed there were 60 deaths per 100-000 yearly. Five years later this had been cut to 30 deaths.

SHOULD BE PARTNERS IN TEACHING

The newly-formed Ontario Teachers' Federation sees the need for a spirit of partnership among officials of the Department of Education, School Trustees and teachers. It is contended that those who teach a curriculum should have some say in that curriculum and should be consulted when the time comes for a change. It is held that reasonable security, reasonably attractive teaching conditions and adequate pay are necessary if the profession is to attract the right number of right people. The president, Norman McLeod, protests the use of partially trained or untrained teachers to fill war-created vacancies. In Ontario and other Provinces, he said 17-year-olds are being recruited to take "some of the tough assignments on the frontiers of our profession. One out of 14 teachers in the Dominion is partially trained or untrained—5,000 out of 71,000. That is too many.

MARKET FOR CANADAN HORSES

Since the war and the consequent shortage of gasoline, horses have been pressed into more general use in many sections of Ontario. It may come as news to horse owners that a good market for Canadian horses has been found in the British West Indies. In fact, this market has existed since 1933 when the Government of Trinidad sent a representative of the constabulary to Canada to select the horses and to accompany them to their destination. The initial shipment proved eminently satisfactory for mounted patrol work in outlying districts of the island by native constabulary under the command of British officers. Since that time authorities have relied on the judgment of the Dominion Department of Agriculture to select and ship their horses for them. The official in charge of these purchases says that in obtaining horses for the Barbadoes and Trinidad he always makes selections from the seven stations established under the breeding station policy. The object of this policy is to encourage production of saddlers, hunters, remounts, police horses and horses suitable for light commercial work. The horses produced have achieved an enviable reputation for the Canadian animal.

TOBACCO AND TOMATOES

For some years cigarettes, or rather careless cigarette smokers, have been charged with being the origin of many of the serious fires in the province. The cigarette is now found blameworthy in another important particular. Agriculture Department experts declare that smokers should throw away their cigarette and wash their hands before working at their tomato plants. Plant pathologists have found that the use of tobacco by gardeners may be responsible for infecting the plants with mosaic. The danger of spreading this disease is greatest when smokers use natural leaf tobacco or roll their own. In the meantime it's safe enough to keep on sending cigarettes to the boys at the front.

ITALY: EIGHTH ARMY MORTARS OPEN ASSAULT THAT DROVE THE GERMANS BACK BEYOND ROME.

When the 8th Army launched their assault on the Gustav line, over 700 guns opened up in terrific barrage lasting for 45 minutes. Among the guns firing were the 4.2" mortars of "A" Troop of a Lt. A. A. Regt. R.A. The troop has recently changed over to 4.2" mortars from Bofors A.A. Guns, and this was their first major action with the new weapon. During the night barrage they fired over 1,000 rounds into the enemy-held section.

Picture Shows: A 4.2" mortar in action against enemy-held positions in Cassino.

EVE'S ROCKING METHOD

Life For The Drowned

The Schafer technique of artificial respiration, long the preferred method of restoration breathing in the drowned, may become a back number although it is still widely used in first aid practice. It has already been rejected by the British Navy in favor of a new technique called "Eve's Rocking Method," after Dr. F.C. Eve who devised it. The trouble with the Schaefer method, in which the patient is placed prone on the ground and pressure applied to constrict the ribs in stimulation of normal breathing is that there is a loss of tone in the diaphragm muscle of a victim of submersion, and the elastic recoil depended on to draw air into the lungs is often absent. In the Eve method, the victim is bound face downward to a stretcher which is hoisted on to a trestle or sling so a teeter-totter motion can be given. The patient is first tilted head down at some 50 degrees to produce expiration, then feet down to produce inspiration. The process is repeated a dozen times a minute, is safe and can be done by anybody. The force of gravity, rather than the patient's own inspiratory recoil, does the job. It is advised that the Schaefer method be used during the time the stretcher is being procured.—Your Life.

about the things you buy in wartime

The production of milk and milk products in Canada has achieved a notable record. Careful planning makes the best use of every quart. But we must all recognize the conditions imposed by war and realize that in these times we all can't get all we want.

Chairman
Wartime Prices & Trade Board

Milk IS NOT ELASTIC

Milk is our most valuable food. It must provide us with milk to drink, with butter, cheese, evaporated and concentrated milk and a score of other products.

Canadian farmers have done a magnificent job. They have increased milk production in 1943 by more than 540 million quarts over 1938.

They have done this in the face of a 25% reduction in farm help, equipment shortages, and the fact that it takes two to three years to bring a calf into milk production.

WHAT HAPPENS TO ALL THIS MILK?

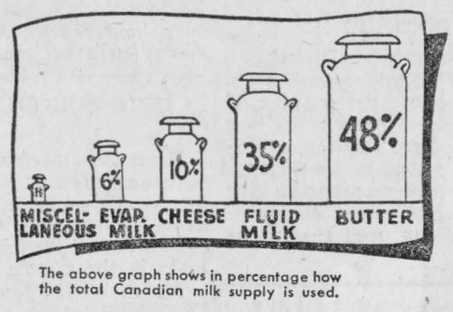

In spite of greater production, the demand for milk and milk products has risen even more, because—

(a) There's more money to spend;

(b) More people are working, with changed food habits and increased food needs;

(c) Our Armed Forces and Allies make heavy demands.

It has therefore been necessary by rationing, by subsidies, by careful planning and by other controls—to divert our milk supply into channels most suited to our various food needs.

The above graph shows in percentage how the total Canadian milk supply is used.

FLUID MILK

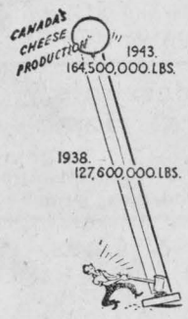

TAKES 35% OF OUR MILK

Because fluid milk is regarded by nutritionists as the most nearly perfect food, nothing has been allowed to interfere with its sale. Today, Canadians are drinking more milk and a greater percentage of our milk supply is being consumed as fluid milk—than ever before. Fluid milk has the right of way, but don't waste a drop of it.

CHEESE

TAKES 10% OF OUR MILK

Canada's annual cheese production has gone up by about 37 million pounds since the war.

Cheese is a concentrated food product—easily shipped and stored. That is one reason why we send large quantities to Great Britain to help meet its pressing food needs. While in the last year we exported four of every five pounds of cheese we made, our production has been so increased that we have left for domestic use about three million pounds a year more than before the war.

IT TAKES 9 QUARTS OF MILK TO MAKE ONE POUND OF BUTTER

BUTTER

TAKES 48% OF OUR MILK

In the first three years of war, our butter consumption increased 10.9%. So, rationing was established to prevent too much milk going into butter, at the expense of other important milk products, and to insure a fair share to everyone.

The rationing of butter was influenced by the fact that it has less nutritive value than some other milk products, and because we get a generous supply of fats or their food equivalent in other forms.

To maintain a proper balance of consumption between various milk products and to ensure that butter is put into storage for winter use—when production drops—it is necessary to reduce the ration from time to time.

The only Canadian-made butter not consumed in Canada is that sent by the Red Cross in prisoner-of-war parcels; each of which contains a 1 lb. tin.

EVAPORATED MILK

TAKES 6% OF OUR MILK

More than twice as much (152 million lbs.) was used by Canadians this last year as in 1938 (74 million lbs.). And yet, there has not been enough.

Where has it all gone? It's an important food for babies—and there are 50,000 more of them a year. Larger quantities have gone to areas where fresh milk is not available. Armed Services have added new demands. In spite of this, our exports of evaporated milk to Great Britain, Newfoundland and the West Indies, etc., are maintained at pre-war level.

ICE CREAM AND OTHER MILK PRODUCTS

TAKE ABOUT 1½% OF OUR MILK

The manufacture of ice cream is restricted to the 1941 level because milk is needed for other purposes.

Milk Powder and Condensed Milk are taking more milk. Milk sugar is used in the manufacture of Penicillin and for other wartime purposes. Casein (a milk by-product) is used in making glue for aeroplanes.

90% OF THE MILK PRODUCED IN CANADA IS CONSUMED IN CANADA

THE WARTIME PRICES AND TRADE BOARD

THIS IS THE FIRST OF A SERIES OF ADVERTISEMENTS GIVING THE FACTS ABOUT THE SUPPLY SITUATION OF VARIOUS WIDELY USED COMMODITIES

Cornwall Suffers From Earthquake

The earthquake which shook Cornwall early Tuesday was accompanied by a roar which sounded as though "all hell had opened up and let loose." Constable Eddie Firn, who was pounding his business district beat when the first tremors were felt, said in an interview.

"First there was a noise which sounded as though a big wind storm was coming up and then the pavement began heaving and sinking under my feet," Firn said. "There was an awful roar which sounded as though all hell had opened up and let loose.

"I was scared stiff and did not know which way to turn. I was standing in the middle of the road and I went to go one way and a lamp shade toppled from a light post and broke in front of me. I turned to go the other way and a huge plate glass window flew out at me.

People Pour From Houses

"The people began to pour out of their homes. One man ran out to me and said, 'come quick, my wife has fainted'. I told him to go back and throw a glass of water in her face. He went back but returned a short time later and said his wife had not come to. I told him to go back and throw a pail of water in her face. He came back a short while later and said that worked all right.

"Women were fainting all over the place. Some of them were crying hysterically. Children were crying and screaming too. By the time the people reached the street most of the damage was done, there were no casualties."

Firn agreed that had the 'quake occurred earlier many persons might have been hurt by the tumbling bricks from the numerous chimneys which were shaken down. Firn said his own home was pretty badly damaged. A clothes closet was thrown across the bed of his young daughter but the girl was not sleeping in the room at the time.

Reports of freak happenings were numerous. Jim Baker, telegraph editor of the Standard-Freeholder, said a medicine chest in his home was thrown open, all the contents shaken out, and the door closed again.

The chimney on C. E. Roberts' home on Fifth street was shaken from the roof and landed upright on his lawn. It stood brick upon brick as it had on the roof. In the business district the 'quake seemed to travel in swaths. Some store windows were broken and others were not. In some stores cans, bottles and boxes were thrown to the floor. In others nothing was out of place.

Many people remained out-of-doors after the first tremors were felt as they feared that other tremors might send their homes toppling in on them. Hundreds roamed the streets in night attire or sat on their verandahs.

Hospitals reported that there was no panic among patients. Some were nervous but quickly recovered. Power was off in the hospitals for about 10 minutes, but this caused no major inconvenience.

Northfield

Mr. and Mrs. Harold Warner and Mrs. Hannah Warner spent Sunday with Mr. and Mrs. Thomas Finlayson, Montreal.

Mrs. Ann Rupert and Miss Clara Rupert spent a few days with friends in Watertown, N. Y.

Mr. and Mrs. George Devey and Bobby, Montreal, spent Monday with Mr. and Mrs. Harold Warner and family.

Cecil Warner, Cornwall, spent the week-end with Mr. and Mrs. Fred Warner and family.

Mr. and Mrs. Garnet Mackie of Cornwall spent Sunday with Mr. and Mrs. George Urquhart.

TOO MANY FIRES ON CANADIAN FARMS

By Proclamation published in the Canada Gazette the week commencing Sunday, October 8 and ending Saturday, October 14, 1944, has been appointed "Fire Prevention Week" in Canada. Authoratative statistics compiled by the Dominion Fire Commissioner show that during the past ten years 470,000 fires in the Dominion have destroyed insurable property valued at more than $264,000,000 and that during the same period 2,869 persons lost their lives, and at least 10,000 others have been seriously injured as the result of fire.

As pointed out in the Proclamation, humanitarian, wartime and economic considerations demand that human life and material resources in Canada be so far as possible conserved in order that Canada's war effort be unobstructed and the general welfare of the people may be increased.

Towards this end, the Proclamation recommends that at some time during the week, as may be found most practicable, the following methods of fire prevention should be carried out:

That all residential, assembly, institutional, commercial and industrial buildings be carefully inspected and all conditions likely to cause or promote the spread of fire removed;

That all farm buildings and their surroundings, elevators and warehouses be carefully inspected and all fire hazards remedied so as to safeguard vital food supplies;

That fire drills be held in all schools, institutions and factories in order that a greater degree of safety be ensured by acquainting the occupants with the best and most expedious ways of exit in time of danger, and that special instruction on the subject of fire prevention be given by the teachers and by municipal authorities dealing with fire prevention be given publicity by the municipal officials, and that by public meetings, the press, radio broadcasts, specially prepared motion pictures, or otherwise as may seem fit, endeavour be made to impress upon the citizens the national importance of safeguarding life and property from loss by fire.

Now is the time to look around to make certain that not a single preventable cause of fire will be overlooked.

Double Entry

Jock had been courting Maggie for many months without definitely committing himself. Blithely assuming that the girl was accepting the long period of probation with patience and fortitude, the tardy lover pulled out a well-thumbed notebook one day, consulted it briefly and said:

"Maggie, I hae been counting up your guid points and I hae already got to ten. When I get a dozen I'm goin' tae ask ye the fatal question."

"Well," replied Maggie, "I wish ye luck, Jock. I hae also been keeping account and I've been puttin' doon your bad points. I hae 19 in my wee book already, and when it reaches the score I'm goin' tae accept the blacksmith!"

Chimneys Toppled At Morrisburg

Some damage was caused at Morrisburg by three earth tremors which shook the town Tuesday morning. First of the 'quakes hit at 12.45, another at 4.50 and the third about 7.00 a.m. Several chimneys were toppled and many pictures and dishes broken. In at least half a dozen cases the bathroom medicine cabinets dumped their contents on floors or wash basins.

The first tremor at 12.45 was the strongest and many people on the main streets left their homes and went to safety in open grounds of Monument Park. During the excitement Police Chief C. B. Biccum patrolled the streets to guard against accidents or panic.

It was the first 'quake experienced here in many years and many did not know exactly what had happened. Theories were that Germans and Japs bombed Ottawa, and explosions of giant U. S. munitions works.

A quick survey showed no buildings destroyed nor any personal injuries as a result of the 'quake. Several people fainted with fright.

THE BIG 'UNS ARE WISE

With the sheet of water over them in the bed of the river the muskie remarked to the sucker "If you keep your mouth shut you won't get caught."

Considerate

"What did you give your baby for his first Christmas?" asked Mrs. Richards.

"We opened his money box," replied her friend, "and gave him a lovely electric iron."

MEN OF THE SEAS MUST GO ON TO THE END

"I have always held the view that no matter what may happen in any other theatre of war, Germany must continue her attacks on our shipping to the end."

This statement of the Hon. Angus L. Macdonald, Minister of Defence, Naval Affairs Branch made a short time ago sounded a note of caution in an otherwise optimistic review of what the future held for Canada's navy and served to indicate that for the men of the seas in the Royal Canadian Navy or the Canadian Merchant Service, there can be no let up in the work planned for them and no cessation or easing of the vigilance and fighting qualities they have displayed in the past to the benefit of the Allied cause and the worry of Mr. Hitler et al.

Indeed as more fronts open up, calling for more naval bombardments as a "softening-up" treatment preparatory to our land and air forces going into action and calling for more goods to be transported, the life of the merchant seamen and sailor becomes more strenuous if that is possible.

Our thoughts are with them and our thanks go to them for the work they are doing in the cause of bringing speedy world-wide liberty but do our practical thanks go to them in the form of woollens and magazines and ditty bags through the Navy League who acts as their agent and is willing to act as ours?

Let us make sure that these brave fellows have every comfort we can possibly supply them with NOW!

It doesn't cost to advertise in The Record—It Pays.

John A. Welsh Former Maxville Resident Dies

Mr. John A. Welsh, formerly of Maxville, and a resident of Ottawa for the last six years died at his late residence, Kenwood Apartments, 155 O'Connor street, Friday afternoon following a lengthy illness.

Although retired for some years, he had for thirty-five years been a cheese-buyer for the exporting firm of Jas. Alexander Limited, Montreal, and for a number of years was an automobile dealer. He was a well-known throughout the eastern counties of the province.

He was interested in Liberal party activities. For a number of years he had been superintendent of the Sunday School and was also an elder in St. Andrew's Presbyterian Church, Maxville. He was a charter member of the Maxville Masonic Lodge.

Surviving are his widow the former Elizabeth MacLeod of Dunvegan and a daughter Marion on the staff of the Science Service, Department of Agriculture, Ottawa.

Service was held under Masonic auspices in St. Andrew's Presbyterian church on Monday at Maxville.

THE UNDERGROUND PRESS.

Ten European countries are represented in the Underground Press Exhibition sponsored by the Printing Trades Federation at the Scottish Corporation Hall in Fetter Lane, London. The most astonishing fact that emerges is that 112 daily papers are published on the continent by staffs all the time in peril of their lives. In addition there are numerous news-letters and fly-sheets.

See that G.S. badge on his arm? That means he's volunteered to fight anywhere in the world.

The Army needs more men like him—men who can take it—men with the courage to fight, so that their home, their loved ones—everything they cherish—may be free.

For this War is not over yet—we still have a lot of fighting to do. And our boys who are fighting over there will need the help of every red-blooded Canadian who is fit to fight, and *willing* to fight.

It will take months of thorough training to make you fighting-fit. That's why Canada's Army needs you *NOW*—and needs you for overseas service.

OVERSEAS BADGE OF HONOUR — GS — WEAR IT ON YOUR ARM

Goldfield

Miss Margaret Gillies, RN, of Sydney, N.S., is spending a holiday at her home in Finch and friends here.

Mr. Cecil Droppo of St. John's, Newfoundland, spent holidays at the home of Mr. and Mrs. Geo. Smith and Mr. and Mrs. Roland Droppo.

Misses Marlene and Brenda and J. Biscoe of Cornwall spent holidays with their grandparents, Mr. and Mrs. Geo. Smith.

Mr. Stanley Kerford of Merrickville, spent a few weeks with Mr. and Mrs. Blake Nephew and family.

Mrs. Duncan Cameron, Finch, visited at the home of Mr. and Mrs. Sam Cameron.

Miss Amanda Gillies who spent several weeks in Toronto returned to her home on Sunday.

Mr. Alex H. Gillies, B.A., returned to Ottawa after spending a few weeks with his brothers here.

Mrs. Ambrose McMahon and Betty and Joseph McMahon of Toronto spent a few days at the home of Mr. James McMahon.

Miss Rose McMahon, Mr. Leonard McMahon, Mrs. Ambrose McMahon, Betty and Joseph visited friends at Alexandria on Saturday.

Mrs. E. A. Smirle of Moose Creek visited friends here.

Rev. Fulton, Missionary from Manchuria gave an interesting and instructive address in the interests of the Bible Society in St. Luke's Presbyterian church, at the Sunday morning service. Mr. Gladstone McLean was re-elected President and Mr. W. Johnston re-elected secretary of the Finch district.

Miss Doris Droppo who spent a few months in Ottawa resumed her teaching duties at the Goldfield school on Tuesday.

Mr. and Mrs. Silas Farrell of Ottawa visited with friends here during the week-end.

Mrs. Harold Winters and son of Sandtown visited her parents Mr. and Mrs. Hugh McMillan at the first of the week.

Residents here were startled by the earth quake on Tuesday morning.

Miss Jean Nephew left on Tuesday for St. Alberts where she is engaged as teacher.

Mr. and Mrs. Wm. Robertson of Moose Creek, visited at the home of Mr. and Mrs. John Nephew at the week-end.

Miss Lillian Winters of Mille Roches, visited her sister Mrs. J.D. Dunbar and Mr. Dunbar.

Miss Janet McLean visited at the home of Mrs. Isobel McLean.

Mrs. Isobel McLean and Margaret spent a day in Ottawa visiting the former's sister Mrs. Mary Lowry and daughter before they returned to their home in Manitoba after visiting friends here and in Ottawa.

Miss Otha Zeran of Newington visited Miss Jean Nephew during the week.

HOW IS CLOTH MADE?

Did you ever think of how much engineering skill is involved in making a common everyday sheet? Thousands of fine threads must be worked together in the weaving, and each one of those threads has first to be made by combining millions of short fibres. So many centuries of accumulated knowledge and tradition lie behind our modern textile industry that we are apt to look upon the products of the loom as a commonplace thing, but do not appreciate the marvels of their manufacture.

A special exhibition in the Royal Ontario Museum illustrates the technical background of cloth making. The exhibits are from many parts of the world and range in date from prehistoric times to the present day. Every stage in the making of a fabric is shown, from the raw fibre to the finished article. Different methods of spinning fibres together to make a thread are explained and a wide variety of spindles and spinning wheels are on exhibition. Looms of many types are set up ready for weaving, and the varied ways of achieving patterns are illustrated by large diagrams and by fabrics selected from the Museum's vast textile collections.

Modern craftsmen will be particularly interested, for many of the techniques shown are readily adaptabe to present day looms. The exhibit, however is mainly designed to give the average person a better understanding of the materia's they use to clothe themselves and to furnish heir homes.

WHEN CHILDREN DIE.

The tagic death of children in an English community when a military airplane crashed in their midst aroused widespread pity and sympathy. Ironically, nothing has been said about some 240 children in England and Wales who were choked to death by diphtheria in four weeks ending April 29 last—or the hundreds of other British children who have fallen victims to preventable diseases this year. Are our tears to be confined to those children who die dramatically?

According to statistical reports, there were 2,420 cases of diphtheria in England and Wales during the four weeks mentioned. About 10 per cent of diphtheria cases today are fatal. Many of the patients who recover suffer serious complications.

Thus, like falling aircraft or enemy missiles, infectious diseases take their toll in dead and maimed. The difference is this: All the valor and skill of the armed forces, and all that parents can do, cannot protect all children against the violence of war or accidents associated with warfare. But loving parents can and should protect their little ones against preventable diseases for which simple, safe immunization procedures are available.

Our tears for the little children who died and were maimed in the crash of the airplane cannot bring them back. But we can protect children against diseases which kill and maim just as surely as violent accidents associated with war. This applies in Canada as well as in the British Isles. This is the objective of National Immunization Week, September 10-16, sponsored by the Health League of Canada in co-operation with Health Departments throughout Canada.

Grantley

Mr. Frank Carr, Black Lake, N. Y., is spending a few days this week renewing acquaintances in and about Grantley.

Mr. and Mrs. Lloyd Carr and children, Black Lake, N. Y., spent Sunday here.

Mr. and Mrs. Geo. Knight and Mr. and Mrs. Wallace Myers of Ottawa, were recent guests of Mr. and Mrs. Jas. McMillan.

Miss Doris Kittle, student nurse, R.V. hospital, Montreal, spent the week-end at her home here.

Miss Phyllis Gordon. Ottawa, is enjoying a week's holidays at her home here.

Mrs. Sarah Lockhart and little granddaughter Elaine Abbott of Monteral who spent the summer here have returned to Montreal.

Misses Irene Abbott and Audrey Hemmings returned to Montreal on Monday.

LAC Byron Gordon, Goose Bay, Labrador, and Mrs. Gordon, Ottawa, are spending a few weeks with Mr. and Mrs. John Kittle.

Mr. Herb. Ball, Finch, visited in Grantley on Sunday.

In the quiet of a moonlight night, the ominous roll of an earthquake roused everybody from their beds. The terrific shaking lasted a full minute here with minor ones coming at intervals.

It has been the hottest and driest summer on record around here.

A good many wells are dry and farmers are drawing water for their cattle.

A feeling of sadness was felt here when the news of Lt. Harold Casselman's death in Italy was flashed over the telephone. We extend our deepest sympathy to the bereaved relatives.

The funeral of the late Mr. Alex Winters was held in Grantley United church on Saturday, Rev. Mr. Beach officiating. Interment in North Valley cemetery. We extend our sympathy to Mrs. Winters and family.

Winchester Township Council

The Regular meeting of Winchester Township council was held in the Community Hall, Chesterville, on Monday, September 4th, with all members present. The minutes of the last regular and special meetings were adopted as read and signed by the reeve.

The Reeve and Clerk were authorized by council to sign the petition to the Department of Highways for the statutory grant on road expenditures up to August 31, 1944.

Council decided to give a grant of $150.00 to the Chesterville and District Agricultural Fair and the Treasurer was authorized to issue a cheque for same.

The following accounts were passed and paid:

Roads & Bridges	$3,595.79
Refund Taxes	16.55
Sheep Killed	11.00
Treas. SD&G hospital acc.	47.25
Fence Viewers	30.00
Relief	9.67
Salaries, Allowances	65.00
Grant	150.00
Schools	400.00
Total	$14,525.26

Council adjourned to meet in Winchester on Monday, October 2nd, at 12.30 o'clock p.m.

APPRECIATES WELCOME

I've just recently come to Canada to live after living twenty-one years in England and I want to take this grand opportunity of thanking the people of Morewood for making me so welcome which I must say has made it much easier for me to settle down; also to thank the Red Cross personnel for looking after me right from leaving England until I arrived in Canada, their work was wonderful towards the women and children that came over with me. I met my husband Ken Lambert in England while he was serving in the Canadian Army Overseas. He was regraded down and sent back to Canada after serving two years in England. I served three years in the women's forces but was discharged to come

Church Road

Mr. and Mrs. Gory Milliward of Riverside spent Sunday evening with Mr. and Mrs. Murray Styles.

Mrs. L. Robinson of Poughkeepsie and Mrs. Mary Gowland of Riverside spent Tuesday with Mr. and Mrs. Roy Styles and family.

Mr. and Mrs. Albert Bowman of Chesterville, Mr. and Mrs. Ben Bowman and daughter spent Sunday with Mrs. A. Bowman.

Mr. and Mrs. Grant Bowman, Mr. and Mrs. Blake Barkley of Glen Union were recent guests of Mr. and Mrs. Ben Bowman.

Mr. and Mrs. Mason Beckstead of East Williamsburg were guests on Sunday of Mrs. J. Styles and family.

Mrs. Geo. Styles and daughter spent the week-end with Mr. and Mrs. Roy Styles and family.

Messrs. Roy and Gerald Styles were in Kemptville on Friday.

No Excuses There

Boys and girls of Southern England have refused to interfere with their general and higher school certificate examinations, now being held.

Head teachers are full of praise for the calm way in which the children have gone about their work.

One group of girls began their geography paper at 9.30 a.m. and finished at 2.45 p.m. having spent only 50 minutes on the paper and the rest of the time in shelters.

In another school the girls doing their algebra paper had to go four times from a ground-floor classroom to the shelters and finally they had to finish the paper writing on their knees in the shelter.

Editor's Loot

Life is still worth living, even through a war, George W. Haskett, editor of "The Independent", weekly newspaper of Elizabeth City, North Carolina, says.

In a recent week the editor received from benevolent rural subscribers and friends the following:

Two nice watermelons, several lbs. of ripe tomatoes, a batch of roasting ears, two different batches of grapes, half a pint of cream, a quart of blackberries, a peck of peaches, several nice apples, to say nothing of promises of black walnuts and a baby bear tenderloin steak as soon as the hunting season opens.

"It beats being a big-city editor any day of the week," says Haskett. And he means it.

Justice Simplified.

An old judge who was known for the remarkable speed with which he disposed of his cases, was asked by a friend to explain it.

"I always listen to the plaintiff, and then I make my decision."

"Never to the defendant?"

"Well, I did at first, but I found out it confused me."

Reason Enough

An indignant woman called the city editor demanding, "Why weren't the pictures of today's draft group in the paper?"

"It might have been because our photographer was one of them," sighed the editor.

Mrs. Jacob Brownell, Mrs. Christiann Brownell and Jas. Brownell spent a day recently with Mr. and Mrs. Ezra Brownell, Wales.

Mrs. Donald Casselman, Mary and Joan, Goldfield, spent Friday with Willis Warner.

Mr. and Mrs. John Grandaw were Sunday guests of Mr. and Mrs. Geo. Johnston and family, Chesterville.

That Wath Juth What He Thaid

When a Midwestern reporter turner in a story about a farmer's loss of 2,025 pigs by theft, an alert copy-reader thought the figure was pretty high and phoned the farmer to check up on it.

"Did you lose 2,025 pigs?" he asked. And when the distraught farmer answered, "Yeth," the newspaper man thanked him and changed the copy to make the loss two sows and 5 pigs.

The following is a supplementary list of standings obtained in the June Departmentals in Grade XIII: Gerald Droppo, Eng. Comp. C, Thelma Froats, E. Lit. C, Marjorie Masterson E. Comp. C; E. Lit. C; Chem. C; Douglas Smith E. Lit. C.

The principal is arranging to provide Grade XIII with the following subjects: Eng., P. T., French, History, Chemistry, Physics, Botany or Zoology, Algebra, Geometry, and Trigonometry.

Berwick

Miss Helen Ruddy returned to Ottawa on Tuesday to resume her duty as teacher.

We extend our sympathy to B. C. McIntosh of the village in the loss of his feed store, which was totally destroyed by fire on Saturday.

Mrs. Arthur Reed of Cornwall spent the first of the week with her mother, Mrs. McQueen.

Miss Audrey Elliott of Ottawa, returned to her home here on Friday after spending the summer months in Civil service.

Mr. Bernie Courthart of Russell visited his sister Mrs. J. Summers here on Sunday.

Mr. and Mrs. R. Lalamme and baby returned home on Wednesday after visiting with relatives at Moose Creek.

Miss Betty Elliott spent a couple days this week in Ottawa.

Sgt. A. A. Nichols and Mrs Nichols are visiting with relatives in Massena.

Mrs. Jack Clabory of Harrisons Corners, is visiting her parents Mr. and Mrs. W. H. E. Warner.

Mr. and Mrs. Hillard Waldroff and Jean of Avonmore, visited Mrs. Wm. Spotton on Sunday.

Mr. and Mrs. Walter Smirle and children of Cornwall, spent Monday with Mr. and Mrs. Carmel Smirle.

Mr. and Mrs. Simon Ouderkirk of Rome, N. Y., are visiting with relatives here.

School re-opened on Tuesday with Miss Vida Smith and Mr. E. J. Lanigan as teacher.

The many friends here were sorry to hear of the death on Sunday of Mrs A. Hawn, Newington. Much sympathy is felt for her family and other relatives.

Mrs. Robina Barrigar celebrated her 84th birthday on Thursday, August 31, at her home in Berwick. Many friends and relations called, wishing her many happy returns. She has lived her life in Finch township.

Mrs. Barrigar is known to many as "Aunt Benny". A beautiful dinner was enjoyed. Her relatives attending from the States were her daughters, Mrs. Chloe Merkley, Mrs. G. E. Dishaw and Mrs. Raymond Gregg; her niece Mrs. Lester Moses. The oldest daughter, Mrs. Mary Mills arrived from Edmonton, Mr. and Mrs. Alex J. Barrigar and little daughter Bobby. A lovely time was had by all and many beautiful gifts and flowers were received by Mrs. Barrigar. All hope Mrs. Barrigar will live to enjoy many more birthdays.

Riverside

Mr. and Mrs. Mills Foster, Mr. and Mrs. L. B. Shaver and Mr. and Mrs. R. C. Bogart, Mr. and Mrs. J. W. Bogart, Mr. and Mrs. Fay M. Droppo and Thelma and Dougal McMillan attended the funeral of the late, Mrs. Addie Hawn,, Newington, Tuesday afternoon. The sympathy of the community is extended to her family and other friends in their bereavement.

Milton Pollock and Ann of Ottawa, visited the week-end at his parental home.

T. G. Bogart of Chesterville was a recent visitor at his parental home.

Mr. and Mrs. L. B. Shaver and family were recent visitors at the latter's parental home.

FILM STRIP DEALS WITH RURAL SCHOOL LUNCH

"The Rural School Lunch" is the topic of a fim strip by the National Film Board, taken recently in the Municipality of Rosser, Manitoba, at request of the Division of Nutrition, Ottawa. Boys and girls of the municipality "starred" in the film.

The film strip depicts the three different methods by which adequate hot school lunches may be served in any rural school in Canada, as well as the support which the parents of pupils can give such a project.

The film is to be available for showing throughout the rural districts of Canada in about two months according to Doctor F. W. Jackson, deputy minister of health and welfare for Manitoba.

Beckstead

Miss Thelma Merriman spent a week with her uncle and aunt Mr. and Mrs. Wm. Dillabaugh

Miss Aileen Beckstead and Miss Doris Kirkwood had tea on Sunday with her parents Mr. and Mrs Fred Beckstead and William

Callers and visitors of Mr. and Mrs. Maurice Beckstead on Sunday were, Mr. Mario Chaesen just returned from convoy duty in the Pacific; Mr. and Mrs Don Carr, Mr and Mrs. Claude Carr and Dalton Mr. Charlie McMillan and Mr Clare McMillan and Mr. Milton Pollock.

Mrs. Helen Smith is spending some time with her sister Mrs. Donald McMartin.

Our next Red Cross meeting will be at the home of Mrs. Geo. Weegar on Wednesday, September 20.

Mr. Mahlon Beckstead has gone to Toronto as a delegate of the Dundas-Grenville Presbytery.

Mr. and Mrs. Wilbur Kelley, Mr. and Mrs. Roy Burton of Ottawa visited on Sunday with Mr. and Mrs. Maholn Beckstead and family.

Mr. and Mrs. Baron Smith of Cornwall and Miss Edith and Miss Millie Gallop, Mr. and Mrs. Lawrence Whittaker and family, Miss Jean Whittaker, Mr. and Mrs. Herman Strader, Mr. Ed. McMillan, Mr. Harold Armstrong, Mr. Jack Casselman and Mr. Rex Casselman and Mr. Emerson Barkley were visitors and callers at the home of Frank Whittaker over the week-end.

Filling silo is the order of the day.

Melvins

Mr. and Mrs. Norman Holland and Jr of Massena, visited Mr. and Mrs Adam Gainer over the holiday week-end.

Miss Ruth Merkley of Williamsburg visited Mrs. Richard Scott a few days last week.

The school opened on Tuesday with Miss Alice Majerison of Attic Hill as teacher again.

Mr. and Mrs. Jack McDermid of Cass Bridge visited Mr and Mrs Adam Gainer on Sunday

Mr. Wm Scott of Buffalo visited Mr. and Mrs R. Scott over the holiday week-end; also Mr. and Mrs. P. Poole and Mrs G. Cook and Edna.

Mr. and Mrs. E. Cayer attended the reception at Crysler Thursday in honor of Mr. and Mrs. Cauthier.

Mr. Clinton Presley of Brockville, visited his parents Mr. and Mrs. J. Presley recently.

Miss Florence Gauthier of Crysler spent a couple of days with her sister Mrs. I. Cayer.

Those who were present at the Harvest Home dinner at Sheik's Island were: Mr. and Mrs. Henry Stata and Sons, Mr. and Mrs. Geo. Beckstead and family, Mr. and Mrs. Aura Hutt and family, Maple Ridge; Mr. John Stata, Mrs. F. Beckstead, Ross Beckstead, John Hutt, Mr. and Mrs. Ernest Swerdfeger and family, Hainsville; Ross Stata, Mr. and Mrs. Charlie Stata and Grant of Grantley.

Mr. and Mrs. Henry Stata called on friends in Morrisburg on Saturday afternoon.

Sandtown

Mr. John Hehir and Miss Ileen Harper of Chesterville spent Tuesday with Mr. and Mrs. Dannie Hehir and family.

Mr. and Mrs. Willard Hawn and Joyce of Cornwall spent Thursday with Mr. and Mrs. W. A. Helmer.

Mr. and Mrs. Andrew Helmer and son Harold and Miss Betty Barkley and Mr. and Mrs. Harry Gove and sons Billie and Johnnie and Mr. and Mrs. John Ostler spent Thursday in Cornwall.

Miss Audrey Helmer returned on Thursday after spending a week with Mr. and Mrs. Willard Hawn and Joyce at Cornwall.

Mr. and Mrs. Carl Waldroff, Finch and Mr. and Mrs. Edward Rutley of Toronto spent Sunday with Mr. and Mrs. R. . Waldroff.

Mr. and Mrs. Millen Mattice and Mrs. Clair Ostler of Cornwall and Mr. and Mrs. James Ostler of Moulinette spent Sunday with Mr. and Mrs. Harry Gove.

Mr. and Mrs. Larmor Noblet of Rochester were recent guests of Mr. and Mrs. Andrew Helmer and Mr. and Mrs. Dannie Hehir.

Mr. and Mrs. Andrew Helmer and son Harold and Mrs. Lloyd Hawn and daughter Betty and Mr. and Mrs. John Ostler and Miss Betty Barkley, Mr. and Mrs. Harry Gove and sons Billie and Johnnie, Mrs. E.J. Markell and Mrs. James Winters motored to Cornwall to view the damage done by the earthquake.

A number from here attended the funeral of the late Mrs. Addie Hawn at Newington Tuesday. We extend our sympathy to the sorrowing sons and daughters.

IN MEMORIAM.

HILLIS—In loving memory of a dear wife and mother, Minnie Rainey who passed away September 4, 1943.

Peacefully sleeping, resting at last,
The world's weary troubles and trials are past,
In silence she suffered, in patience she bore,
'Til God called her home to suffer no more.

Sadly missed and ever remembeerd by Husband and family.

WANTED—A MODERN PIED PIPER

There is more truth than fiction in the story of the Pied Piper of Hamelin. Behind this fanciful tale lies a state of affairs that has plagued agriculture for centuries, namely, periodic outbreaks of mice and voles. A special exhibit on this subject is found in the Royal Ontario Museum, complete with the Piper and his magic flute. It shows how in real life the role of Pied Piper is played in part by the animals of prey which rid the fields of thousands of destructive rodent pests.

Although animal plagues occur throughout the world they have been particularly severe in the agricultural districts of Europe and Asia. The Pied Piper of Hamelin is perhaps the best known story of one of these outbreaks, but history, starting with the Bible, has recorded many instances. Such plagues have had a strong influence on the affairs of mankind, causing famines, even affecting the trends of war. It has been disclosed only recently that Germany suffered severely from a plague of mice and voles in the critical years of 1917 and 1918. Crops over large areas were completely destroyed and this, in the opinion of men competent to judge, was a factor in hastening the surrender of the Germans in 1918.

The factors involved in the serious outbreaks of these crop-destroyers are still but poorly understood and the subject is receiving a great deal of attention from modern biologists. Britain, with her Bureau of Animal population at Oxford, is perhaps the centre of such studies. However, the problem is an international one and fellow scientists in North America and Russia are also working hard on the why's and wherefore's of rodent plagues. The practical object of their search is for a modern equivalent of the Pied Piper's magic flute which will enable us at least to control, if not prevent, these devastating outbreaks of rodents.

Ye Moderns

Teacher was testing the knowledge of the kindergarten class. Taking a half-dollar from her purse, she tossed it on the desk, saying:

"And now, children, what is that?"

Instantly a voice from the front row answered, "Tails!"

...—V...—

An Oversight

The British officer gazed sternly at the private who had been brought before him.

"Did you call the sergeant a liar?" he demanded.

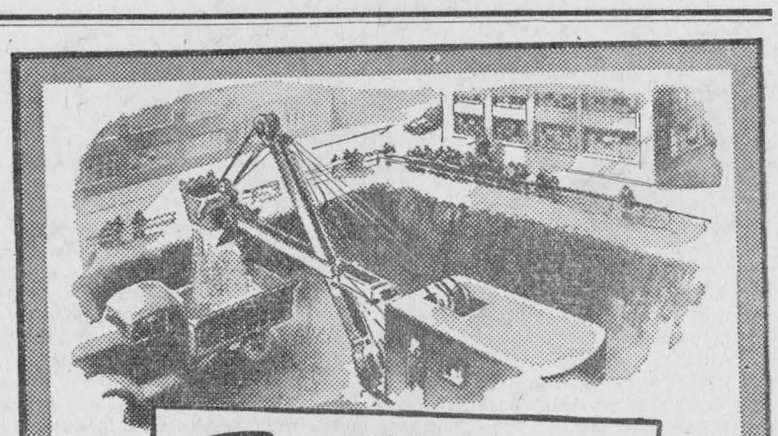

"I did, sir."

"And a twister?"

"Yes, sir."

"And did you go on to describe him as a pop-eyed, knock-kneed, blackblighted stooge?"

The private hesitated. Then, with a note of regret in his voice, he replied: "No, sir. I forgot that!"

Free Enterprise BUILDS CITIES

FROM country cow-paths have grown Canada's paved city streets, in whose high buildings thousands of people earn their living. Whence came the change?

The answer is individual enterprise. Some man, with foresight and courage, recognizes the possibilities of an undeveloped region, invests savings, buys property, starts building. Others follow his lead . . . a city is in the making.

For over a hundred years this Bank has been associated with Canadian building and development projects . . . has afforded essential banking services . . . sharing in the growth of a self-reliant people, a prosperous Canada.

Neutrals In The Dog House

Allied soldiers returning from the front across the English Channel for one reason or another came up this afternoon when we were listening to the ship's radio. The announcer told how the Swedes had ceased to recognize the Vichy Government because Marshal Petain was under arrest.

"That's like putting Al Capone in jail for income tax violation", said an American boy from Camden, N. J. He was 25 years old and had his second wounds of the French campaign. "I wish you could have seen the Swedish equipment we took off a panzer division in Normandy."

From what this correspondent has heard in these parts the last week, the so-called "neutrals" are not going to have many friends at the end of the European war. The recent case of Romania brought it to light again.

"You can't just decide halfway through a football game that the other team is going to win and then go over to their bench and cheer just as loud for them," said the wounded boy from Camden, whose first name was Jules. "Didn't Romania declare war on the United States? Well, what happens now? I don't see why Romania should become a member of the United Nations."

I said I didn't think there was much chance of that. I asked an able seaman named Eddie Bingham, from Tulsa, Okla., how he felt about the neutral nations at the end of the war.

"You couldn't print what I would say in a family newspaper", said Eddie. He especially didn't like the Irish Free State for her attitude.

All aboard our little craft agreed that the war neutrals would have their economic troubles after the European peace. Several thought the United States ought to forbid trade with any of them. This war, most American soldiers aboard seemed to feel, was not like most wars, between kings and princes playing their favorite sport. This was a war of survival—survival of all nations all over the world. Nations that did not help defeat Hitler and Japan were just sitting in the boat being rowed to safety by someone else.

Worse than just sitting in a boat doing nothing were the many overt acts of actual supply by these "neutrals" to the German army, soldiers thought. Sweden came off very badly in their talk. Those aboard had actually seen Swedish guns on captured U boats, Swedish anti-aircraft guns used effectively against the Allies overhead, Swedish treads for German tanks, and they all knew about Swedish iron ore that had supplied German foundries throughout the war.

One young Yankee of Norwegian birth, Jens Nyquist by name, got mad when some one suggested that Sweden had to live.

"We Norwegians had to live, va," said Jens. "but we live by fighting for our country and not as traitors. What does the other way get you in the end, no matter how much iron ore you sell or how much money you make?"

Turkey and Spain did not come off very well, either. Most every one thought Turkey had come in too late and that her decision was too obviously ex post facto. Spain, perhaps as a result of Mr. Churchill's statement in the House of Commons last month, was not as severely criticized. Portugal came off very well indeed, since most American sailors aboard the bouncing stick of wood that they called "our ship" had seen Allied aircraft overhead on the Atlantic and had known that some of these heart-warming aerial patrols had come from Portuguese bases in the Azores.

Every one agreed that making money is a wonderful thing, but that selling munitions to Hitler while protesting neutrality or friendship for the free nations of the earth was unpalatable and the consensus was that all such offenders would have their troubles getting post-war contracts. Sanctions were suggested, but an unofficial cold shoulder was the more popular choice aboard this absurdly small warship.

"Let Swedes do business with Germany after the war," said Jens, ducking a wave that had broken over our tiny bow. "No trade with Judas."

Tall Story Department

Some friends were motoring in New Jersey and ran out of gas late in the evening. They put up at a primitive small-town hotel for the night. There were no electric lights; only candles.

The bedroom proved to be so infested with Jersey mosquitoes that sleep was impossible. One of the boys suggested a way to get rid of the pests. As they were squatted all over the ceiling, it would be a simple matter to light the candles and burn them up.

So they lit candles, stood on a table and proceeded to put the plan into action. It worked fairly well until one outside specimen, feeling the heat, turned around and blew out the candle.

RADIO WON

English born Nancy Hanbury, of CBC's announce staff, satisfied her taste for the varied life through travel, acting, copywriting and managing restaurants, until radio beckoned. That was in January, 1944, and since then Mrs. Hanbury has stayed close to the CBL "mike" in Toronto. Currently she is heard announcing Styled for Swing on Saturdays, at 9.30 p. m. EDT, the recorded novelty, "Sweet Melody" on Sundays at 3.15 p.m. and a number of daytime news and music features.

HIRED MAN'S LIFE DOWN ON THE FARM

What it's like to take a job on a farm with no previous experience in farming, is told in one man's graphic account entitled "Diary of a Hired Man". The story, as written for radio presentation by Alan King, will be broadcast on Monday September 11, at 8.30 p.m. EDT, over the Eastern Network of the CBC.

The scene of the action is an Ontario farm, and it would seem as the drama unfolds, that the job of hired man is one requiring a lot of practice. Farm help can suffer needless hardships through inexperience. But the hired man's numerous paths could be smoothed, according to the Diary, if the farmers would take the trouble to point out the pitfalls.

A Farm Broadcasts Department presentation, the play's theme concerns the post-war days, when Canada's farms will draw most of their extra help from former soldiers.

ADVICE IN CARE OF PEACHES GIVEN TO HOUSEWIVES

Some timely advice to the housewives of Ontario regarding the selection and care of peaches for canning is given by E. F. Palmer, Director of the Ontario Horticultural Experimental Farm at Vineland, where studies of this subject have been made over a period of years.

Peaches picked for shipment to distant markets, says Mr. Palmer, are usually too firm for immediate consumption. Where the consumer buys supplies from the retailer, many of the peaches may still be too firm, that is, they may not yet have reached their full lusciousness. In each case where peaches are bought, it may prove helpful if the consumer would observe the following:

1. Remove all peaches from the container.

2. Place them on a shelf or table in dry, airy place at ordinary room temperature.

3. Examine daily, using those fruits which have reached their maximum flavour and juiciness, for dessert or for canning.

4. Mould or brown rot develops more rapidly where humidity is high and where there is a lack of air circulation.

5. It is better not to place peaches in a refrigerator for longer keeping unless they have first been softened.

Varieties of peaches suitable for canning and for dessert purposes will be harvested in volume during the period from August 15 to Sept. 15.

The Growers Merchandising Committee appointed by the Niagara Peninsula Growers' Association supports these recommendations to aid consumers and at the same time urges a wider use of nature's most luscious fruit.

MUSEUM JEWELLERY TREASURES

A case of jewellery has just been rearranged and placed on exhibit in the Etruscan gallery of the Royal Ontario Museum. It is full of tiny treasures, so delicate that most of them cannot be fully appreciated without the aid of a magnifying glass. But you can enjoy the glitter of pure gold, the delicate design of the lion reposing on the great brooch the bull or lion or even girls' heads as earrings, rovered with minute ropes of filigree or wee balls of gold that encrust the design. This process of embellishing with gold is known as "granulation" because the minute spheres are no larger than grains. It is a lost art today. But it sets off the design with gold of rough texture, cleverly contrasted with the smooth and shining surface. However, not all the ornaments are small. One gold locket has a great face of blue glass, and a decorative head band would hold down even a modern hair-do. The costume-jewellers might get some good ideas here, only they'd better not make them of pure gold.

STARTING TO SCHOOL.

(The Dunnville Chronicle)

God bless a little boy who goes to school,
His shiny Primer hugged against his breast,
With cheeks scrubbed clean and in his rounded eyes
A baby wonder of the strange new quest.
September, take him gently; he is small
Whose sturdy form must battle with the blow
Of morning; make the red-gold leaves that fall
A carpet where such little feet may go
In safety. Sun, shine tenderly upon
The forehead where his mother laid her kiss.
It was a consecration; see that books
May never rob her little son of this
Birds, sing him softly; he has only known
A lullaby; and little brook, run clear
When he is watching; never let him know
A stagnant secret; he is young and dear.
Pray that he finds within the strange four walls
The smile, close kin of tears, the heart grown wise
In love of simple things, the hand that shields,
And laughter, laughter in the waiting eyes.
He was a baby yesterday; he lived
By just my simple rote and easy rule
There—he is gone around the curve of road—
Oh! God bless little boys who go to school.

Covering.

Boss—What's this item—$10 for overhead expenses?

Drummer—I bought an umbrella.

Payne Valley

Mr. Donald MacIntyre spent Monday at Mr. Wendell Henry's, Berwick.

Mr. and Mrs. Geo. Tinkess and Mr. and Mrs. Cam Murdock and son Dwayne of Avonmore spent Sunday with Mr. and Mrs. J. D. Shaver and family.

Mr. and Mrs. J. D. Shaver and daughter Laura and sons Keith and Garry and Mr. Donald Shaver spent Thrusday with friends in Cornwall.

The Misses Colleen Henry, Berwick and Hazel Shaver, Finch and Doris Baker, Newington, called Saturday afternoon on Miss Laura Shaver.

Mr. and Mrs. Geo. Eligh called on Mr. and Mrs. Rupert MacIntyre and Mr. and Mrs. Glen Watkins of Newington on Monday.

Miss Audrey Cameron of Cornwall spent the week-end at her parental home.

Miss Bernice Curran, RN of Montreal spent the week-end with her parents Mr. and Mrs. Hugh Curran.

Messrs. Leo Curran and Bernard Lynch spent a week with friends in Montreal.

Mrs. K. Cameron spent one day last week with friends in Winchester

Cpl. Walter Quinn of Camp Borden and Mrs. Quinn and family of Cornwall spent the week-end with Mrs. Effie Quinn and daughter Margaret.

Masters George and Manson Cameron spent Monday with Charlie Hunter, Finch.

Mrs. Rupert MacIntyre spent last Thursday with Mrs. Janet Shaver of Finch.

The Boys' Calf Club held a judging class at the homes of Mr. Wm. Morrow and Mr. Charlie Blaney, of Maxville. This is their last meeting for the year.

Mrs. Lemuel McMillan returned home after spending a couple weeks with her sister Mrs. Charlie Campbell and Mr. Campbell.

Mr. and Mrs. Norman Sinclair of Avonmore visited Mr. and Mrs. Maldwyn Watkins on Sunday last.

Mr. and Mrs. George Eligh spent Monday morning with friends in Cornwall.

Mr. and Mrs. Ernest Swerdfeger, and son Dale, Hoasic, spent Sunday with Mr. and Mrs. George Eligh.

Mr. and Mrs. Tom Hunter and daughter, Nancy, called on Mr. and Mrs. Neil McMillan and Mr. Hughie Cameron and family.

Mr. and Mrs. Geo. Eligh, Mrs. Hughie Cameron and family spent Thursday with friends in Cornwall.

Mr. and Mrs. Geo. Eastman of Lunenburg, and daughter Ruby and son, Martin and Master Roy of Montreal spent Sunday with Mr. and Mrs. Harold Cameron.

MAY NOT NEED SUGAR ..

The Prices Board has found it necessary to limit the icing on refrigerator cars. It has been limited for many months on cakes you may have noticed.

Hyndman

Mrs. Tooley, Ogdensburg, returned home Thursday after spending a few days with her sister Mrs. Walter Salter.

Mr. and Mrs. Wm. Brown spent Wednesday with Mr. and Mrs. J. Kennedy, Ventnor.

Mr. and Mrs. Gordon Francis and family have moved to their new home that was known as the Sam Robinson place.

Mr. Harold Francis, Mr. E. Francis and Lawrence spent Wednesday in Prescott.

Miss Ruth Chartrand, Mountain, spent a few days with her friend, Miss Shirley Grant.

Mr. and Mrs. Hillard Kenney and children, Roebuck, spent Friday with Mr. and Mrs. Ray Grant.

Mrs. Alma Thompson and granddaughter Sheila spent a few days with Mrs. Cecil Canning.

Mrs. Lorne Conley and baby returned home from the Coleman nursing home on Saturday.

Miss Dawna Chartrand of Mountain, spent the week-end with Miss Betty Francis.

Mr. and Mrs. George Shaver, of Cardinal spent one day last week with Mr. and Mrs. Gordon Francis.

We extend congratulations to Mr. Sam Grant who celebrated his 82nd birthday on September 2nd; also his grandson, Arnold, who celebrated his eleventh birthday. We wish them many more.

Mr. Mervin Colborne, Mrs. McRorie, Mrs. McMullen and family of Ogdensburg, were Sunday visitors of Mrs. Laurel Beach.

Visitors at the home of Mr. and Mrs. Robert Conley on Sunday were Mr. and Mrs. John Beggs, Heckston, Mr. and Mrs. Howard Conley, Prescott.

Miss Jennie Francis of Prescott, spent the week-end at her home here.

Mr. and Mrs. Cecil Canning visited Mr. and Mrs. Robert Grant, Sunday afternoon.

NEW RATION BOOK TO BE DISTRIBUTED

Ration Book No. 5, with a pink cover, is to be distributed throughout Canada during the week of October 14-21. The coupons contained in it, including some series for emergency use if required, will cover a longer period than earlier issues. The co-ordinator of the Foods Administration, which works in close touch with the Ration Administration has expressed the opinion that, based on information already at hand, the sugar situation next year promises to be "tough", while the butter situation is not likely to improve. A stocktaking of the tea and coffee situation is to be made at an early date.

Treatment.

At a boarding house a guest was sawing away at the sinewy knee-joint of a roast chicken leg. At last, waving an arm towards a bottle of sauce on the table near the landlady's elbow, he said:

"Pass the liniment, please, Mrs. McPherson. This seagull has rheumatism."

COMBINE IMMUNIZATION AGAINST WHOOPING COUGH, DIPHTHERIA

Studies show that infants can be immunized successfully against diphtheria and whooping cough at the same time, The Health League of Canada reported today, quoting an article by three Illinois investigators in The Journal of the American Medical Association.

Because diphtheria and whooping cough are most prevalent and serious in the first years of life, it seemed logical that immunization against the two diseases should be attempted at the same time. . ." the investigators are quoted. The report is based on injections given 649 infants averaging eight months in age. Three doses were given each child. Three-week intervals between doses yielded a higher precentage of immunity responses than do; ge one week apart. Ninety-seven percent of the children on the three-week-interval dosage tested immune to diphtheria and 72 per cent had high immunity tests for whooping cough. After a stimulating dose of pertussis vaccine, the whooping cough percentage rose to 95. Reactions were transient and usually mild.

The three investigators said that "No infant so injected during the past five years. . . is known to have contratced either diseases."

5 New Helpers-Free!

The Protein content of Shur-Gain Hog Concentrate has been raised to 40% — from 35%!!

Thus you get 5% more protein—5 extra helpers in your pig feeding job—assisting you to make hogs grow faster, to grow more economically, to grade better—and you get these **Free!!**

The price of **Shur-Gain 40% Hog Concentrate** is being held at the same level as for the former 35% product.

You can get all the Shur-Gain Hog Concentrate you want. There is no shortage of protein material for making hog concentrate.

Shur-Gain 40% Hog Concentrate is being made to pre-war standards — *plus* wartime scientific advances in balanced feeding.

Get **Shur-Gain 40% Hog Concentrate**—*NOW!*—and watch your hogs grow "right out of their skins."

DELICIOUS

"SALADA"

TEA & COFFEE

As a little must now go a long way, satisfaction depends upon quality of flavour.

PEOPLE WILL TALK
By Samuel Dodge.

YOU may get through the world,
but 'twill be very slow,
If you listen to all that is said as you go;
You'll be worried and fretted and
kept in a stew,
For meddlesome tongues will have
something to do;
For people will talk.

If quiet and modest, you'll have it
presumed
That your humble position is only
assumed;
You're a wolf in sheep's clothing or
else you're a fool,
But don't get excited, keep perfectly
cool;
For people will talk.

If generous and noble, they'll vent
out their spleen.
You'll hear some loud hints that
you're selfish and mean;
If upright and honest and fair as the
day,
They'll call you a rogue in a sly,
sneaking way!
For people will talk.

Now, the best way to do is to do as
you please,
For your mind, if you have one, will
then be at ease.
Of course, you will meet with all
sorts of abuse,
But don't think to stop it, it is of no
use,
For people will talk.

Ration Coupon Calendar

September 7-13, 1944.

Butter: Coupons 74-77 are now valid. Coupons 78 and 79 will become valid September 21.

Tea or Coffee: Coupons T30-T39 are now valid and will remain so until declared invalid. Coupon T40 will become valid September 14.

Preserves: Coupons D1-D16 (old book) and 17-28 are now valid and remain so until declared invalid. Valid preserve coupons may also be used for the purchase of sugar at one-half pound per coupon.

Sugar: Coupons 14-29 (old book) and 30-41 are now valid and remain so until declared invalid.

Canning Sugar: Coupons F1-F10 are now valid for the purchase of sugar for home canning at one pound per coupon. If desired, they may be exchanged into preserves coupons on application to Local Ration Boards.

Small Arms Ammunition: Until September 30 sportsmen may apply at Local Ration Boards for permits to purchase rim-fire cartridges and shot shells in limited quantities. Each applicant must at the same time present his gun registration certificate and also his ration book or ration card. No purchase permits will be issued to sportsmen after September 30 but permits will be valid for purchase from September 1 to December 31. Essential users of small arms ammunition who desire the latter for sporting purposes may apply in the same manner.

THE MIXING BOWL

By ANNE ALLAN

Hydro Home Economist

Hello Homemakers! Our fruits parade their luscious wealth each in their turn throughout the entire summer. In spite of inexperienced help gardens have displayed an excellent quality of produce and an ample quantity for our needs too. It is then up to us to make the best of true-flavored foods. Keep the flavour of late summer fruits by storing them in a cool place—preferably the refrigerator. Do not store too much raw fruit for a long period. Use the ripest ones first. It is a wise precaution to keep any strong flavored foods away from fresh fruit. In the preparation of fruit such as peaches, pears, and apples drop in salted water as soon as peeled to prevent discolouration. Mix with citric fruits if these fruits have to "stand" for some time.

PEACH COFFEE CAKE

Cream 2 tbsps. shortening and ¼ cup sugar. Add 1 beaten egg. Sift together 1 2-3 cups flour, ½ tsp. salt and 2 tsps baking powder. Add alternately to creamed mixture with ½ cup milk. Mix just until blended. Pour into greased pie-plate. Arrange sliced peaches over top. Crumble 2 tsps. flour, 2 tsps. butter, ¼ cup sugar and 1 tsp. cinnamon together. Sprinkle over peaches. Bake in electric oven at 375 degrees F. for 35 minutes.

CANNED PEACHES

Scald, peel, halve, slice or leave whole. Pack raw in sterilized jars and cover with boiling hot syrup, (1 cup sugar to 1 cup water). Adjust lids; process in boiling water bath for 25 minutes. Process 35 minutes if peaches are firm.

Open Kettle Method: Boil in syrup Adjust lids and process 20 minutes in boiling water bath.

CANNED PEARS

Peel—leave whole or cut into halves and core. Cook gently in a boiling light syrup 4 to 8 minutes according to size and firmness. Pack hot and cover with boiling syrup. Adjust lids and process 20 minutes in boiling water bath.

Open Kettle Method: Same as for peaches.

PEARS IN SALADS.

Use equal amounts of diced raw pears and apples when you make Waldorf salad; stuff the cavities of peeled pear halves with salmon salad; mix diced pears, cubed cantelope and maraschino cherries with a light syrup.

PEACHES OR PEARS WITH CHEESE

For a dessert type salad, fill cavities of peeled and cored halves of fruit with cream cheese or cottage cheese and apple jelly or old cheese and peanut butter. Dressing isn't necessary.

BROIL FRUIT.

Put slices of peaches and pears on a grill. Drizzle with honey and mint and broil for 5 or 6 minutes.

TAKE A TIP

1. Before fastening corks into bottles, boil them for five minutes to soften them. Then, while hot, press them into bottles. The corks will fit tightly when cool.

2. Clean plaster vases by dipping into a thick liquid starch. When dry brush off the starch and dirt will vanish with it.

3. Try adding a pinch of nutmeg to creamed corn—a different but blending flavour for a change.

THE QUESTION BOX

Mrs. D. W. says: Is it true that you should sprinkle sliced cucumbers with salt and allow them to stand some time before serving?

Answer: There is no evidence that salt makes cucumbers easier to digest. Salt would draw water from the cells and make the cucumber limp and unappetizing. This water contains valuable minerals and vitamins which would be lost. Crispness would be lost too.

Mrs. E.C. says: Mould formed on some extra fruit juice I had in covered bottle in the refrigerator. Could I use it?

Answer: Such mould is not injurious to health, but may change the flavour. Usually the mould can be skimmed off and the syrup, boiled, will be alright. To help avoid it, pour hot syrup into a sterile jar, cover at once, and place in the refrigerator as soon as cool. If syrup is kept for an extended period, reheat it occasionally and always keep in airtight container.

Mrs. G. J. M. has a suggestion for R.B.:

To make Red Chili Sauce:

Peel and core tomatoes, put in pan, mash with wooden potato-masher, cut up onions to a boil, then take off lid of pan and let cool till Chili Sauce thickness. Then put in sugar, salt (spices mixed with the vinegar) and let cool for a few minutes longer, stir well.

Canadian and British Fighters Not Getting Their Full Credit

Criticism of the War Office and British information services for making the British and in parenthesis, the Canadian soldiers, take a back seat in this war was an outcome of the Normandy battle.

Newspaper columnists and editorial writers complained bitterly aboct the "blimps" who turned the glare of publicity away from the Tommy and his Canadian fighting brother in favor of the United States Doughboy.

No one tried to take any credit away from the fighting Americans whose great achievements have been headline news in the British press since the outbreak in Brittany, but many writers felt that too little emphasis was given to the importance of the bitter Normandy battle.

In an outspoken editorial called "The Back Seat" the Daily Mirror said:

"The blimps of the War Office seem to have an idea that to let the world know the truth about the British army's achievements would in some grotesque way be tantamont to disclosing an important military secret to the enemy. . . .

"The Battle of Normandy was won at Caen through the great work of British and Canadian troops. . .The plan was Monty's from beginning to end. Yet it would appear that the policy of our Government is to hide these facts and give the whole credit to the Americans."

A. J. Cummings, writing in the News Chronicle, quoted a Sunday Observer article to the effect that the battle of the Seine "was won primarily by British and Canadian troops."

It is high time that an unimaginative British Government . . as well as spokesmen in the British press, should make full and generous acknowledgement of this vital fact," wrote Cummings.

"All of us gladly applaud the brilliant success of the mobile American forces in exploiting the achievments of the British and Canadian armies which, in some of the bloodiest fighting in the whole war, tied down tre bulk of the German 7th Army, including the finest Panzer divisions, and thus made possible the breakthrough at Avranches.

"That was Montgomery's resolute plan and it came off. Both the plan and its triumphant execution will have their place in history. But it is of considerable importance, for political and other reasons, that the United Nations should be made aware now of the mighty part played by the forces of the British Empire."

Here are other comments:

The Stars and Stripes, United States servicemen's newspaper:

"In Normandy the Yanks were assigned to carry the ball while the British and Canadians heroiclly bled and died to pin down strong enemy forces. . . To rumor otherwise is to strike a note that is music to Corporal Schikelgruber's ears. Don't do it.

Sunday Times:

"There are some who actually think that the British and Empire troops have not borne their full share of the burden. In fact, they have continually been in the thick of the hardest fighting in the positions of vital importance. Had they failed, the whole campaign in France would have been endangered, if not ruin ed. They have, instead, achieved a glorious success."

BLAME THE INVENTORS OF WRITING

This month children return to school for another year of struggle with the written word. What is the sense of it and who started it all anyway .The trouble first began about 5,000 years ago in Mesopatomia and in Egypt with the invention of writing.

Whether you are glad or sorry that mankind ever hit upon this means of storing up knowledge, you will find the Royal Ontario Museum's exhibits of the earliest writings a fascinating study. Both the Mesopotamian and the Egyptian systems in the beginning were an attempt to record events and ideas through the use of standardized pictures. In Mesopotamia writing was done on soft clay with a wedge-shaped instrument. Through the centuries the picture forms evolved into a system of wedge shaped marks. In Egypt a corresponding change is seen in the brush writing on papyrus, although the pictographs carved in stone scarcely altered during 3,000 years of history. The Egyptian script shows mankind's first attempt to formulate characters representing single sounds instead of syllables and whole words. Since both these countries also developed numerical systems—in Mesopotamia with units of 60, in Egypt with units of 10—we may truly say that they are responsible for the pangs of reading, writing and 'rithmetic.

Mr. and Mrs. O. D. Casselman spent a couple days in Montreal this week.

* * * *

Miss Lila Weegar has returned to Ottawa to resume her duties on the Public School staff.

* * * *

Mrs. J. Foster and brother John McQueen spent a few days last week at Granby and Montreal.

* * * *

Miss Mary V. Kearney, Limerick Road, left on Monday to resume teaching at Hamilton.

* * * *

Mrs. Andrew Morrison of Wilmington, Del., is visiting her parents Mr. and Mrs. Melvin Durant.

* * * *

Dr. R. L. Jones of Marietta, Ohio, spent the week-end at the home of the editor and Mrs. Lacey.

* * * *

Mr. and Mrs. Alec Nicol of Mille Roches and Mr. and Mrs. Lloyd Carr and family of Lisbon, N.Y.

* * * *

Robert Tait, of the RCAF, and friend of Montreal visited friends in town a couple of days at the week-end.

* * * *

Miss Hazel Gardner of Bainsville, en route to North Bay, was the guest Sunday night of Miss Lila Weegar.

* * * *

Mrs. John Thorpe and children, Beatrice, Shirley, Denzil and Buford visited Mr. and Mrs. Harold Droppo on Monday.

* * * *

Mrs. Philip Merkley and Miss Evelyn Carr spent last week at the home of Mr. Roy F. Merkley at Montreal West.

* * * *

Mr. and Mrs. Donald Graves and little son Gary returned to their home in Windsor after spending a week with the latter's parents, Mr. and Mrs. Harry Edgerton.

* * * *

Guests of Mr. and Mrs. Harold Droppo for dinner last Sunday were Mr and Mrs. Geo. Beattie, Mr. and Mrs. Harvey Barkley and sons Gordon and Donald and Mrs. G. Earle.

* * * *

Mr. John A. MacQueen and daughter Gladys of Bismark, N.D., who have been visiting the former's sister Mrs. Will Stark and Mrs. John Foster of Berwick, left for home Tuesday morning.

* * * *

Recent guests of Mrs. Arletta Ball and Mr. and Mrs. Johnny Ball were Mr. and Mrs. Grant Ball and sons of Ottawa, Mrs. Bertha Webster of Detroit, and Mrs. Edgar Ault and Mr. Chas. Ault of Cornwall.

* * * *

Mrs. Charles LaPierre and daughter, Mrs. Henry Chant, Sheila and Carolyn and daughter-in-law, Mrs. Chuck LaPierre and daughters Lorraine and Ann Marie, spent Labour Day at Sheik's Island attending the picnic held by Howard Smith Paper Mill.

Having spent last week with her daughter Mrs. Harvey Barkley of Iroquois and this week with her daughter, Mrs Harold Droppo and also with her brother Mr. Geo. Beattie. Mrs. G. E. Earle will leave on Saturday to reside in Ottawa.

FILL ANTWERP ZOO WITH NAZI SOLDIERS & QUISLINGS

In the animals' cages of the Antwerp zoo are all the German sailors and soldiers and quislings and collaborationists taken by the local resistance movement.

They have been put there because it is the obvious place. The zoo lies beside the main railway station in the centre of the city and the cages have strong bars. Nothing would be more suitable. But it is a fantastic sight.

On the right where the lions were are German officers. Panther cages have German non-commissioned officers. The tigers' places are taken by men of the blackshirt Fascist movement. And in the corner on the left, where there used to be wildcats there is a throng of weeping women.

CARD OF THANKS.

Mr. and Mrs. Carmel Smirl and family wish to thank their friends and neighbours for their many acts of kindness, words of comfort, cards and beautiful floral offerings received during their recent bereavement.

Fire Insurance
COVERING
MERCANTILE, MANUFACTURING, RESIDENTIAL, AND FARM PROPERTY
WINDSTORM & AUTOMOBILE RISKS ALSO

Prices of Farm Products have advanced but the rates for Fire Insurance in our Companies remain the same and are the lowest in the Province for this class. No fees asked nor premium notes or other obligations required, as our securities—as sound companies—are on deposit with the Dominion Government, Department of Insurance.

FARM PROPERTY INSURANCE
CARRIED UNDER THREE-YEAR OR ONE- YEAR SYSTEM AS NECESSARY

James Clement DIAL 598 Chesterville

PEACE OF MIND

Only if you KNOW you are adequately protected by good automobile insurance can you drive with that peace of mind which makes motoring a pleasure. Only in this way can you protect yourself against serious financial loss through bodily injury to other persons or their property.

Because nowadays you are driving fewer miles than you used to is certainly no reason for being without the protection an Automobile policy will give you.

Remember that your car is older and, therefore, less reliable mechanically. And remember that it takes but a split fraction of a second for "something" to happen.

Let us plan your automobile insurance to give you the protection you need TODAY.
