### Thrift, a Profitable Duty

It is not what you earn, but what you save that counts. And remember, too, that it is of

little use to pare down expenses if the money so saved is not put to work. As a personal and patriotic duty, save every dollar you can, and let it earn interest in a Savings account.

### O. D. Casselman Gets Nomination

The Conservative mass meeting called for yesterday afternoon in the Music Hall was one of the largest meetings of the kind ever held in this riding. Representatives were present from every part of the old riding and many from the townships of Osnaburck and Finch and the village of Finch.

The meeting was called to order by Warden McNaughton, reeve of Finch village in a short address on the outstanding features of the present situation. Two names, only, came before the meeting, those of Dr. Collison of Brinston and O. D. Casselman of Chesterville. The former promptly made it known that it was not his intention to ask election at the present time and said he would do nothing to divide the party in this riding when the energies of all good Canadians were so urgently needed in carrying on the greatest work of winning the war. He was heartily applauded.

Mr. Casselman accepted the candidature tendered him and will be the Conservative standard bearer in the approaching election. He was in fine form and delivered a most telling address, showing that his grasp of public questions is clear and his judgment sound.

### Bright Little Elma Lad Passes Away.

The sudden death of Lloyd Wesley, at the age of three years, one month and fourteen days, only child of Rev. and Mrs. R. W. Carkner (nee Miss Maude Shaw), Elma, has caused many sad hearts in that community. Until within four days of his death Lloyd was a light-hearted, sweet little chap enjoying the best of health but on July 26th was seized with severe pains and by medical advice he was taken to Cornwall General Hospital where he underwent a very painful operation, after which he lived but a short time.

The funeral was held on Tuesday of last week, being conducted by the Rev. Thos. Meredith, pastor of the Elma Methodist Church of which Lloyd entered as a member of the Cradle Roll just three Sundays ago. Around the coffin were beautiful wreaths and sprays. The text was taken from Mark 10, verses 13 and 16. The hymns sung were little Lloyd's favorites—"Down in the Valley with my Saviour I will go," "Will there be any stars in my Crown" and "Asleep in Jesus." The remains were taken to the Elma cemetery for interment.

### Chesterville High School

The record of the High School during the past year is one to be proud of. There have been fifteen successful candidates at the Lower School examination, and eleven at that of the Middle School. Of course the great majority of these passed the farm option test; but the fact that, of the three who passed the final examinations in June, two had failed on the farm option test shows conclusively that those who passed it were well qualified to do so. Care was taken to make the test a proper one, and the outcome has fully justified the steps taken. Besides those mentioned above, Thos. Carpenter, and Vincent Masterson were granted their certificates under special conditions.

We believe that few schools in the province can surpass this record in proportion to their total attendance. This school is, of course a small one, but large or small, we venture to state that there is no school doing better work throughout the province. It may cost something to keep up the school, but it is a source of the greatest satisfaction to know that the students are doing work equal to that done in the foremost High Schools and Collegiate Institutes in Ontario. The record of twenty-eight successful candidates out of a total attendance of less than one hundred amply justifies this statement.

Students who purpose attending high school during the coming year would do well to consider carefully the above facts. They may rest assured that in deciding on Chesterville High School they will make no mistake.

## The Essential Factors

### In Producing a Clean Safe Milk.

1. Clean, healthy cows kept clean, light, well ventilated stables.
2. Stable so constructed as to be easily cleaned.
3. Clean utensils thoroughly sterilized.
4. Clean, healthy milkers, that milk with dry hands.
5. A small top milking pail.
6. Immediate cooling of the milk to 50 degrees F. or lower.
7. Storage of milk at a low temperature until delivered.
8. A separate house for handling the milk.
9. An abundant supply of pure water.

The number of bacteria in your milk is an accurate pressure of the care used in its production.

Some dairymen are making their milk worth more by making better milk.

Just now we have no baker. A No. 1 good opening, good oven, bake shop and dwelling house for a good man.

Our blacksmith still continues to be busy. One day recently he put on 60 new shoes besides a great deal of other work. Newington needed a good blacksmith and has one.

We are very sorry to hear that the township hall, Osnabrock Centre, was burned to the ground recently and the cause of fire unknown.

"The primary duty of a Food Controller in Canada and the United States" said Hon. W. J. Hanna in a recent interview "is to see that the men at the front do not suffer from want of food, and that our Mother Country and our European Allies should not suffer from want of food."

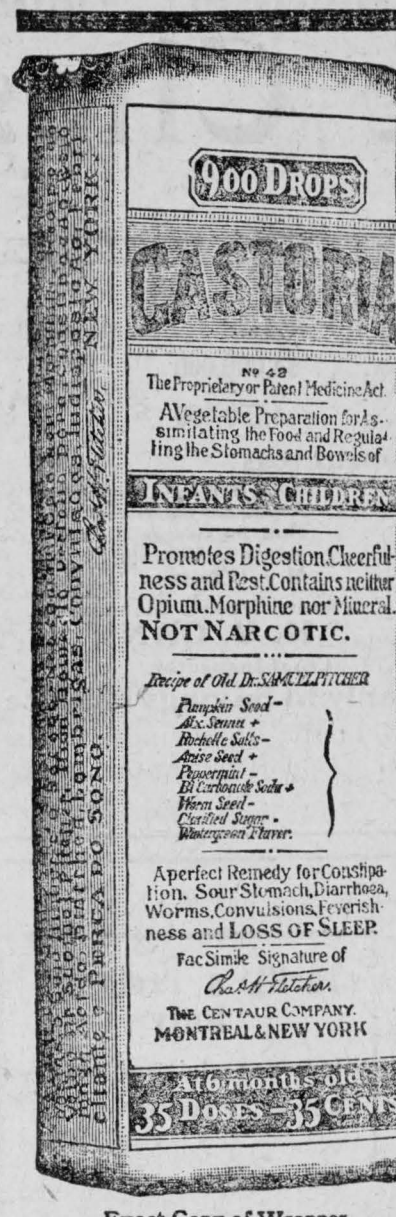

"Have you power to check prices?"

Hon. W. J. Hanna was asked.

"Certainly."

"Are you going to exercise it?"

"In the cases where we have the necessary data we will not hesitate to check prices," declared Mr. Hanna.

## Firebugs Burned Osnabruck Hall

CORNWALL, Ont., Aug. 7.—The Township Hall of Osnabruck Township, situated in the village of Osnabruck Centre, was burned to the ground about midnight. The fire is supposed to have been of incendiary origin. An old unoccupied hall formerly used as an Orange Hall, was also burned and the Episcopal Church was somewhat scorched, but good work by a bucket brigade saved the edifice.

The Township Hall was a one storey frame building about 30 by 75 feet. Some old records of the township were destroyed, but the majority of books and valuable papers were at the home of the clerk Harry E. Hodgins, and were thus saved from destruction.

The residents were pretty well worked up over the occurrence, and the excitement was increased last night when Mr. Hodgins heard a sound like a blast going off at a bridge near his home. He went to investigate, and saw three men at the bridge. They fired at him, and he went to a neighbor's and procured a gun and returned. He also opened fire, and the three men fired back, and after an exchange of a few shots the strangers made off in the dark. The people of Osnabruck Centre are at a loss to know the cause of all the commotion in their usual quiet neighborhood.

## Red Cross I.O.O.F. Convass

It has been considered advisable to postpone publication of lists until after the 15th of this month. This will give all a chance to pay the amount subscribed and enable the committee to publish a complete list. It would obviously be unfair to publish subscriber's name until they have paid, and the Odd-fellows, as well as the Red Cross Society are anxious that every subscriber's name shall appear.

Britain in twelve months will have to import five months' supplies, according to the statement by Kennedy Jones, director general of food economy, Great Britain. His calculation included the cereals at present on hand, the rate of submarine losses, the new tonnage to be available and the result of the campaign to eliminate food waste, Canada and the United States are looked to for the five months' supplies necessary to be imported.

## Newington Patriotic League.

In the month of July a large consignment of supplies consisting of hospital shirts, sheets, pillow covers and towels were sent to Red Cross rooms for use in hospitals. Also on an average of every two weeks a parcel containing socks and towels are sent direct to the trenches to some of our dear boys there, and letters are received from them telling how glad they are to receive them. A social was held on July 31st and was a decided success, \$75 being added to the funds. The Society wishes to thank S. Z. Wert for the use of his grounds and all those who worked so faithfully in every way to make the social such a success. One young man remarked that as they would not take him overseas he could do his bit here. It is a pity that there are not more with the same spirit. We have quite a large membership but our sewing meetings are not as well attended as they should be. Red Cross work should not have to take second place. As long as our brave boys are facing the dangers and hardships of war for us we should not think of giving up our share of the work. The president has recently received letters and photos from her son, Sgt. Neil McMillan, who is a prisoner of war in Germany. His letters are quite cheery and his picture along with three other Canadian boys tells even more, for they all look well and hearty and are looking forward to getting home before another year. We will gladly furnish yarn to anyone who will volunteer to do knitting for us.

## Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed for ever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free.

# Foot Comfort In Hot Weather

In nearly all cases you will change most of your clothing to get comfort in the hot weather—except your shoes. Why not your shoes, too? When you are foot-sore and weary you are nearly all in. It is as cheap to have two or three pairs of shoes as only one. You can only wear out one pair at a time, anyway. The Canvas Shoe is the Hot Weather Shoe for comfort, and they certainly are sensible. We have Canvas Shoes for Ladies, Men and Children at prices away below leather. For Lawn Socials, The Races and Shows Low Shoes in leather may be better. We have many styles to show you at close prices.

### Helping the Farmer's Wife

The following suggestions of a United States magazine to the women of that country are perhaps even timely for those in Canada at the present time.

The big crops we begged the farmer to raise this year are bringing harder work and longer hours to his already overburdened wife. Big crops means more labourers to feed, more food to be put up. The farm woman needs help in her kitchen. If she could hire more help she would, but limited supply is already overtaxed. Can't you give a week, or your mornings, afternoons, to helping some farm woman? It is national service just as much as making munitions or nursing soldiers. Offer our services direct—with or without

say—or offer your self to the nearest agent of the Women's Committee for farm-help service.

"The other way to help the farm woman is if you can't work with and for her, keep away. Farmers wives have appealed to Washington asking for protection against thoughtless city people who descend upon the farm home in motors each Sunday expecting to be fed. Go to the country, by all means, but take your lunches with you, and spare the farm woman the burden of feeding extra people on her day of rest."

### Do Your Bit to Keep World from Going Hungry.

The word famine doesn't mean very much to us. When the Government has urged us to save food in order that we might keep the world next Winter from starvation, we have not quite known what starvation means. For it is a long time since a real famine has visited any Western country, and even in India, the home of famines, there has not lately been one of these terrible visitations of hunger.

Before the war we should have considered ourselves justified in saying that modern civilization would make famine impossible. The surface of the earth shows such a fine tracery of railway tracks that food could be hurried in almost any hungry district on short notice. To be sure there have been occasional famines in the isolated districts of some of the Eastern countries where railroad communication is poor. Still, we were becoming rather complacent about ourselves so far as fear of famine was concerned, before the war.

But now the fear of famine has become a very real terror in many parts of the world. We ourselves are working to conserve the food of this country so that it may help next Winter to feed Europe, or such parts of it as we are friendly with. For we realize that, after all, our modern civilization is not proof against any of the terrors of the past, and it is only by our heartiest efforts that we can keep the world from going hungry.

Europe has put it up to the United States and Canada, and they have put it up to each individual housewife to save the world from famine. So whenever you use corn meal instead of wheat, or make an inexpensive and plentiful food take the place of an expensive one that is needed in Europe, or whenever you prevent waste, you should realize that you are really doing your bit toward saving the world from some of the horrors of famine—and horrors they are, as anyone knows who has read the records of some of the most serious famines of the past.

These scourges have occurred since the beginning of time; at least, there are records of them since the beginning of written history, and it is said that there have been recorded throughout the ages some 350 serious famines. If the housewives of 1917 had not heeded the call of our Government to exercise thrift and ingenuity in handling the food problem, horrors greater than those accompanying any of the famines of history might have been recorded next year.

The first famine of which there is a really full record is the Indian famine of 1669-70, when it is said that about 3,000,000 people died of starvation. Then, as in other terrible famines of the East, many women—and men, too, for that matter—sold themselves into lifelong slavery for a pound of rice. In one of the earlier Indian famines—300 years earlier, in fact in which there is only a meagre record—it is said that even the Emperor could

not find food enough for himself and his household.

Just a brief dwelling on the horrors of the famines of the past will make us glad to do our very utmost to avert a famine of the present, and if some day after a succession of corn-meal-muffins and eggless cake we rebel at the food we are forced to eat in order to be patriotic, we will surely be put to shame when we think that at times of other food shortage rats have been considered a delicacy, and that 800 years ago, at a time of famine in England, thousands of people were kept alive by eating bark of trees. Indeed, it is said that 20,000 people died in London because there was so few trees there that there was not enough bark to go around. And if the rice that we now serve liberally becomes monotonous, just remember the years of slavery that have sometimes been bartered willingly for a handful of this food.

### Field Marshall Haig Says:—British Armies Can and Will Achieve Victory.

British Headquarters in France and Belgium, Aug. 5.—Yesterday, the third anniversary of Great Britain's entrance into the world conflict, Field Marshal Sir Douglas Haig, commander of the British armies on the Western front, issued a special order of the day, filled with the spirit of confidence in ultimate victory and complete faith in the people of the Empire and in its forces which only this week in the battle in Flanders added another link to their steadily growing chain of successes over the Germans. The order follows:

"Today we stand at the beginning of the war. Twelve months ago the power of the British Empire to undertake an offensive operation on a great scale and to carry it through to success was still on its first trial. That power stands fully proved today—to the armies themselves, to the enemy and to the world.

"We enter the fourth year of the war with a steady confidence, based securely on all that already has been achieved by ourselves and our gallant Allies. The record of the past three years leaves no room for doubt that the British armies in France and the workers at home, on whom they depend, have both the power and the will to complete the task they have undertaken and will press on until their labor is crowned with ultimate and certain victory."

### Canadian Observation Officer's Bravery

A remarkable story is told concerning the cool bravery of one of our artillery observation officers. The post from which he had been observing the effect of our gunfire was an excellent one for the purpose.

The German gunners, knowing it was being put to use as an observation post, determined to destroy the building, and began shooting at it early in the morning with 5.9 shells, their most effective projectiles. They continued firing on the structure throughout the day, using, in all considerably over three hundred rounds, at a cost of many thousands of dollars.

The building rocked and swayed under the impact of bursting shells, but only twice during the day did the observer leave his post. Once he did so to report that the top of his periscope had been carried away by a bursting shell. On the second occasion he told his battery commander over the telegraph wire, that the Bosche had forced him out for a few minutes by throwing part of an adjacent building upon that in which his post was located.

His devotion to duty under constant peril, the nature of which can be fully appreciated by men who have seen and heard heavy shells explode within a short distance of them, enabled our gunners to continue their work on a day when airplane observation was impossible.

### Pledge Cards Will be Given

The Executive Committee of the Women's Auxiliary to the Organization of Resources Committee, after consultation with the Hon. W. J. Hanna, the Dominion Food Controller, is authorized to state that the Food Controller has adopted the idea of a pledge to be taken in a house to house canvass from each individual housewife to do her best to prevent food waste and to encourage thrift and economy in the home. Where pledges are given the Food Controller will provide a card to be placed in windows showing that the house is pledged to save food for the Canadian soldiers and our Allies.

"At first the call was for men, munitions and money," says Food Controller Hanna. Now the cry is for men, munitions and food."

### Boys May Have Forgotten But Not the Girls.

The following letter was recently received by Miss Mary Grady of Berwick.

France, July 9, 1917

Dear Friend Mary,

Don't think me rude for calling you Mary, not knowing at this time whether I am writing to a Miss or Mistress, so I will write the same as if I was writing to a sister. I was more than pleased to receive the answer to those few lines of thanks that I sent you some time back, and I must thank you one and all again. You have no idea how the boys feel when they receive any comforts from the kind friends of Canada. It seems so good to think that the girls of Canada have not forgotten us. It seems that some of the boys over there have but some day will think of it. This is not one man's war. It is everybody's. This is a great and unjust war, forced on us so we must fight to the finish. I have been in the trenches 26 months and I am proud to say so. I was wounded once, last October. You have seen in the papers where we were at that time but you know we can't mention any names so you can guess. Well, I did not come from Derry, so I must of come from there. I enlisted in Edmonton, Alberta. I have been all over Canada but never had the pleasure of calling in your town. How far is it from Belleville? I have been there lots of times. I think that is all that will interest you for this time, so will bring this letter to a close hoping to receive that long letter from you and don't forget me when you send more parcels, and thanks for your kindness so goodbye and God bless you all. I remain, yours sincerely, Pte. J. P. O'Neil.

"Any insanity in your family?" asked the insurance doctor of Mrs. Suffragist. "Well, no; only my husband, who imagines he is the head of the house."

## TRUE ECONOMY

## DEMANDS THE USE OF MORE PURITY FLOUR

There is more actual food value in ONE POUND OF PURITY FLOUR than there is in One Pound of Beef, One Pound of Potatoes and One Pound of Milk COMBINED.

The truly economical housewife must take advantage of this great strength in PURITY FLOUR over other food substances by serving more frequently the delicious bread and rolls, toothsome, dainty cakes and crisp, mouth-melting pastry which are among the possibilities of this perfectly milled product of the world-famous Western Canada wheat.

## Williamsburg Council.

Pursuant to adjournment, the Municipal Council met in Chris Barkley's House, Dunbar, on Saturday, the 28th day of July. Members all present. Minutes of the previous meeting were read and adopted. A grant of \$50 was made for turnpiking the headline between the 7th and 8th Concessions, opposite lots 28 and 29. M. S. Beckstead was appointed to make arrangements to have the work done on the Barkley Branch of the Whitaker Drain to the best of his judgment. After inspecting the condition of the boundary road between the townships of Winchester and Williamsburg by the Council, it was recommended that the portion of it from the Springs, east, to Jeffrey's Corner be graded up and that portion along lot 21, Williamsburg be stoned and covered with road material and that the Clerk be instructed to send the Council of the Township of Winchester a certificate copy of the resolution passed. The Reeve, Deputy Reeve and Clerk were appointed a committee by resolution opposed by the Reeve, to measure the gravel pit bought from the Whittaker Bros. and plant the necessary posts. Orders were passed in favour of the following:—Miles Marcellus, disinfesting house, \$5.00; Oscar Casselman, winter work \$1.50; Municipal World acct, for blanks \$1.89; Alvin McIntosh, 99% rods of wire fence \$18.14; Elgin Herri-man, work and hired help \$67.50; John Dillabough, drawing gravel 1916 and winter work, 1917, \$6.00; Silas Barkley, work with team and extra man on crusher \$11.00; Arthur Heagle, ditto \$28.12; Herman Hayunga, furnishing and placing 8 yards of gravel on front road \$7.00; E. A. VanAllen, statute labor over done in 1917, \$8.00; Peter Merkley, work and hired help, grading and winter work, \$44.75; Frank Shaw, work with team on crusher \$7.50; Orrin Gallinger, ditto \$31.50; Geo. Dennison, ditto \$15.00;

Omer Warren, ditto \$13.50; H. A. Gallinger, ditto \$7.50; Chas. Watson, statute labor over done in 1916, \$2.50; James Zeron, grading West Townline, Concession 1 \$16.00; Mason Robinson, winter work, hired help grading and dragging given road, Con. 8, \$91.51; Allen Froats, work on crusher \$30.62; James Alguire ditto \$14; Milfred Swedfeger ditto \$13.12; Earl Darrah ditto \$3.50; M. S. Beckstead part payment on salary as Road Superintendent \$50; Frank Empey, chairman of R. C. S., Williamsburg, grant for month of July \$100; John Coons, repairing North Townline \$13; Archie Crowder work on crusher and 56 feet of elm plank \$69.87; Sanford Colquhoun work on crusher with team, extra man and use of waggon \$29.25; Henry Wells, hired help drawing gravel, given road, Con. 5 \$64.37; Alex Colquhoun work on crusher \$13.12. The Council then adjourned to meet at Boucks Hill on Saturday the 25th day of August at 10 o'clock, a. m.

## New Birth of a World

An American War Song.

This world is being born again  
And tyranny must perish;  
Give each and every child of earth  
All rights that freeman cherish.

'Mid cannons roar and mortal wail,  
Brave men are marching thither;  
Who aim to end this sad travail,  
And safeguard peace forever.

Our blessed Goddess Liberty  
So noble, true and grand  
To all fraternal nations now  
Extends a helping hand.

Then sound the bugle, hoist the flag  
Let all brave men assemble;  
Let cannon roar on plain and crag  
'Till tyranny doth tremble.

We seek to gain no lands of gold;  
We enter in this fray  
To fan the flames of freedom 'till  
They light the earth today.

The dove of peace shall bless the world,  
All hail this glad new birth;  
The cruel hand of tyrants shall  
No longer rule on earth.

Wm Shaffer, Evanston, Wyoming, June 1, 1917.

## Nothing More Glorious

A few words from an address by His Grace Archbishop Sinnott, of the Roman Catholic Diocese of Winnipeg, delivered on the occasion of the unveiling of the honour roll in the Brandon Catholic Church, are apropos, and comforting at the present anxious time.

"I have been told," said His Grace, "that there is a small reservation of Indians somewhere in Ontario, where every man of military age and fitness took up arms when the country called. I know not what credence may be attached to that report but, were it true, it were indeed a glory which might be the envy of every community in the land. For my own part, I would desiderate nothing more glorious for any parish in this archdiocese. And even if every able-bodied young man paid the supreme penalty, the community would indeed be the

loser, but the democracy we cherish would not be the loser, for their names would be a precious heritage to encourage and inspire wherever duty called for courage and sacrifice.

"Now to the honor which we willingly pay to those who are gone and to the sorrow which we naturally feel at their loss, we must add the sufferage of our prayers. That is another reason why we

are gathered here to-night. Before this altar of sacrifice, and in presence of the divine victim who dwells thereon, we join with you in prayer that God may heed their sacrifice and grant them eternal rest. Their blood has watered the soil of France and they are buried in nameless graves, far from those they loved, but the sweet aroma of their heroic deeds is still with us and will endure as

long as time will last. That God may bless the families from which they sprung and bless the country for which they died is our most fervent prayer."

The Food Controllers of Canada and the United States will work in mutual harmony and understanding. Hon. W. J. Hanna, the Canadian Food Controller, and Mr. Herbert Hoover have known each other for some years.

# Bread-Making Contests At Rural School Fairs in Ontario

More than \$2,000 worth of prizes for bread making will be offered at the Rural School Fairs this fall. Among the prizes are five large cabinet phonographs, fifteen Canuck bread mixers, and many attractive books. These splendid prizes will make the contest the most stirring ever held at rural school fairs. Every girl between the ages of 12 and 18 should read all about this fine opportunity, and should begin now to prepare for it. The prizes, under the conditions explained below, will be awarded for the best loaves baked with

## Cream of the West Flour

the hard wheat flour that is guaranteed for bread

—the flour that you will want to use always, once you have given it a good trial. We want you to know for yourself that it makes splendid big loaves of the lightest, most wholesome bread that good flour can bake. That is why we make it well worth your while to try it, by offering these attractive and costly prizes.

For this contest we have divided the Province into five districts, each with several counties. In each district we will give a large cabinet phonograph, a set of Dickens' Works and three bread mixers. These are called the District prizes and they are to be given in addition to the prizes offered at the local rural school fairs. (See list of districts below.) Be sure to compete at your local rural school fair. If you win first prize there, you will then automatically become a competitor for the phonograph and other district prizes.

The Prizes, remember, are offered for the best loaf of bread baked with Cream of the West Flour. No other flour will do. For local prizes we offer a number of valuable books. By local prizes we mean those given at the fair.

1st Local Prize.—"Girl's Own Annual," a great big beautifully bound, illustrated book with 800 pages of stories and articles about people, art, animals, gardens, sewing, crocheting—everything that particularly interests young girls, older girls and their mothers. This is a wonderful prize that you can treasure for years.

2nd Local Prize.—"Stories of Famous Men and Women," heavily cloth bound with gold titles, many beautiful pictures in colors, embracing the stories of Florence Nightingale, Grace Darling, Flora MacDonald, Jenny Lind, the late Queen Victoria and others.

3rd Local Prize.—"Britain Overseas," a big handsomely bound book with many colored pictures, interesting stories and descriptions of the countries and the peoples of Britain's world-wide Empire.

4th Local Prize.—"The Queen's Gift Book," a book of stories, pictures and special articles by Britain's best writers; the proceeds from the sale of this book are for the benefit of disabled soldiers in England.

Note.—Unless the entries number six or more only first and second prizes will be awarded. Unless the entries number ten or more no fourth prize will be awarded.

The District Prizes.—The winner of the first prize at each local fair automatically becomes a competitor for the following District prizes. One-half of the first prize loaf will be sent to the Ontario Agricultural College at Guelph, to compete in the District Contests. (See conditions below.)

1st District Prize.—The "Pathephone" is the name given to the fine big mahogany phonograph we offer as first prize. It will give you endless pleasure and entertainment for a lifetime. It has special reproducer attachments and needles, enabling you to play all kinds of flat disc records of no matter what make. The Pathephone reproduces band music, orchestra music, songs and funny pieces perfectly; with it goes a dozen of the famous Pathe records. Total value, \$150.00.

2nd District Prize.—Set of Dickens' Works, 18 splendidly bound volumes with many illustrations. Among the books in the set are "Oliver Twist" and "Old Curiosity Shop." These are two of the most entrancing stories ever written.

3rd, 4th and 5th Prizes.—"Canuck" Bread mixers. This simple, yet well-made, machine takes the hard work out of bread making. Instead of laborious kneading of the old method, you just put in the ingredients, turn the handle and the dough is thoroughly and more evenly mixed.

## CONDITIONS OF THE CONTEST

Every girl may compete at the rural school fair in her district, whether or not she attends school, providing that her 12th birthday occurs before November 1st, 1917, or her 18th birthday does not occur before Nov. 1, 1917. One loaf of bread must be submitted baked in pan about 7 x 5 inches and 3 inches deep, and divided into twin loaves so that they may be separated at the fair. The loaf must be baked with Cream of the West Flour. One-half will be judged at the fair. The other half of the prize loaf will be sent to Ontario Agricultural College, Guelph, to compete in the District Contests. The judging will be done by Miss M. A. Purdy, of the Department of Breadmaking and Flour Testing. The local contest at the fair will be conducted under the same rules as all the other regular contests at your fairs.

The Standard by which bread will be judged will be as follows:

- Appearance of Loaf..... 15 marks
  - Color..... 5 marks
  - Texture of crust..... 5 marks
  - Shape of loaf..... 5 marks
- Texture of Crumb..... 40 marks
  - Evenness..... 15 marks
  - Silkeness..... 20 marks
  - Color..... 5 marks
- Flavor of Bread..... 45 marks
  - Taste..... 25 marks
  - Odor..... 20 marks

Important.—Each loaf must be accompanied by the part of the flour bag containing the face of the Old Miller, and an entry form must be signed by the girl and parents or guardian stating date of birth, P.O. address, and giving name of dealer from whom Cream of the West Flour was purchased. The form will state that the girl actually baked the loaf entered in the competition. The forms will be provided at the time of the fair. The decision of the judges is final. Not more than one entry may be made by each girl and not more than one local prize will be awarded to the same family.

Which District is yours? This list shows you which counties you compete against if you become a competitor for the District prizes:

- District No. 1.—Counties of Glenora, Stormont, Dundas, Grenville, Leeds, Frontenac, Lennox and Addington, Carleton, Lanark, Renfrew.
- District No. 2.—Counties of Hastings, Prince Edward, Peterboro, Northumberland, Victoria, Durham.
- District No. 3.—Counties of York, Ontario, Peel, Halton, Wentworth, Oxford, Brant, Waterloo.
- District No. 4.—Counties of Welland, Haldimand, Norfolk, Elgin, Kent, Essex, Lambton, Middlesex.
- District No. 5.—Counties of Bruce, Grey, Dufferin, Simcoe, Districts of Muskoka, Parry Sound, Timiskaming, Algoma, Sudbury, Manitoulin.

THE RESULTS of the contests at the fair will be made known in the usual way as in the case of all the other regular contests. The District results will be announced as soon as possible after the conclusion of the Rural School Fairs in the Province.

DO NOT MISS THIS GREAT OPPORTUNITY: Every girl between 12 and 18 years should compete. What a splendid way to stir up increased interest in breadmaking! Get a supply of Cream of the West Flour at your dealers and practice using it as often as possible to increase the chances of winning. If your dealer cannot sell it to you, write to the Campbell Flour Mills Co., Ltd., Toronto, and we will promptly tell you the nearest place to get it.

NO COMPETITIONS IN COUNTIES NAMED BELOW: The competition is open to all parts of the Province where Rural School Fairs are held, except the Districts of Rainy River, Kenora and Thunder Bay. These districts are the only parts of the Province where school fairs are held by the Department of Agriculture in which this competition will not be a feature. There are no district representatives of the Department of Agriculture in the Counties of Huron, Perth, Wellington, Haliburton, Prescott, Russell or Lincoln, and no rural school fairs are held in these Counties by the Department of Agriculture. There are, however, a few local school fairs held in these seven counties, and we are opening the competition to these fairs. We will announce later the districts in which each of these Counties will be included.

## Taking Time to Think It Over.

A Tragedy in Real Life

A Mutual Life insurance agent urged a certain man to sign an application for \$5000 insurance protection. The man replied—"Give me Sunday to think it over." Instead of thinking it over on Sunday, the young man went away on a motorcycle trip and, meeting with an accident, lost his life.

Leaving the signing of the application 48 hours cost his dependent relatives \$5000, a sum which would have been a wonderful blessing to them.

Life is just as uncertain during the days of procrastination as later. Insure now, and do not make your family take chances for another day.

Mutual Life Policies afford protection at minimum cost. Nearly fifty thousand Canadian homes are protected by means of Mutual Policies.
