P. S. Literary Society.

On Friday afternoon a Literary Society was organized by the pupils of the Public School, the object of which is, primarily to study the life and work of Longfellow. An illustrated lecture on the Land of Evangeline is being arranged for the October meeting and it is hoped that similar meetings will be held throughout the year, public announcement of which will be duly made in order that parents and others may have an opportunity to encourage the efforts of the children in this most beautiful work, by attending the "open" meetings.

The officers elected are as follows:—
Pres.—Arnold Morrison.
Sec'y—Maud Lacey.
Treas.—Keith Merkley.
Pianist—Helen Price.
Com. of Management—Appointed each month.

The cry of fire Saturday evening about eight-thirty caused considerable commotion on our streets, but luckily it was a false alarm. Boys at quite a distance south of the Methodist Church had a large bonfire and from it a great quantity of smoke and sparks were ascending and from "the square" the Church sheds looked to be a fire.

Harvest Supper

A Harvest Supper will be held on the Presbyterian Church lawn at Dunbar on Wednesday evening Sept. 27th, 1916. Admission 25 and 35c.

Big District Meeting.

The Financial District meeting of the Matilda District of the Methodist Church was in session in Trinity Methodist Church yesterday when the largest representation of delegates ever to attend such a meeting in this district were present.

Magistrate Must Pay.

(Mail and Empire, Sept. 8)
The Police Magistrate of Chesterville was yesterday ordered to pay \$40 costs of a motion brought by Lemuel LaSalle for an order quashing a conviction against LaSalle. LaSalle's son used some improper language to a lady resident of Chesterville, and the father was haled to court and fined \$1 or 10 days in jail.

Counted Many Autos.

Showing the prevalence of motor traffic throughout this district Tuesday last a farmer living a little beyond Metcalfe, while working near the road counted 126 motor cars which passed that place going towards Ottawa in the ten hours from 8 a. m. until 6 p. m. being at the rate of one a trifle less than every five minutes.

Knitting Circle

The first meeting of the newly organized "Knitting Circle" was held at the home of Mrs. W. O. Dixon, last Friday evening. It was a decided success and there was a good attendance.

The proceeds from a small fee of ten cents at each meeting, are to be given to the "Soldiers Comfort Fund."

Every Friday evening this "circle" is to meet. The next meeting will be at Mrs. C. Smith's.

Don't Expect to go Overseas Soon

Quite a number of the Chesterville members of the 154th Battalion of Barriefield Camp spent four days leave, over the week-end here. Most of them hold the idea that the 154th will not be going overseas this winter. Last season the Barriefield Camp broke up early in November, but the fall was exceptionally fine and it may break up earlier this year. It has been reported that the different platoons will be sent back for the winter to where they were recruited and we understand inquiry has been made here if the town hall would be available for them as it was last winter. The battalion is still about 150 men short after the culling out process and a number of desertions.

Night Rider's Driver Injured at Ottawa

Tuesday last night have almost been designated Chesterville day at Ottawa Exhibition. People from this section were in evidence at every turn not only that but a number were distinctly in the spot light. In the machinery hall 'Jimmy' Hughes was a busy man showing to interested people the large line of Bateman and Wilkinson's machines and tools of which he was making many sales. In show ring "Creighty" Johnston with his fancy driver looked the goods from the stand alright, but judges are funny folks and we have not heard the awards in the class. In the speeding in the ring T. E. Ellis' Night Rider was bidding fair to get in the money when he got mixed up in a spill in the second heat of the 2.30 and Dan Quinn had his shoulder injured. Night Rider was third in the first heat and was following in sixth place in the second heat, close up to the bunched leaders, when coming round the end from the back stretch on the last lap, the fifth horse stumbled and fell and Quinn and his horse went over the top of them and unfortunately Quinn was badly injured.

Dr. S. H. and Mrs. Hutt are in Montreal this week, where the former is attending a meeting of the Dental Association.

RED CROSS WORK: Morewood.

The Morewood Red Cross committee are sending collectors from house to house on Saturday, Sept. 16th, to collect all kinds of old papers, such as newspapers, magazines, catalogues, scribbles, paper sacks, wrapping paper, etc. These papers are to be sold for the Red Cross fund and none are to be sent as reading for the soldiers. Will the ladies kindly have their parcels ready for the collectors on Sept. 16.

A very satisfactory Red Cross tea was held at the home of Mrs. S. Christie on Sept. 8th, both as regards the proceeds and the work done.

The Red Cross committee would be pleased to hear from any ladies who would care to have a tea and so help along this very necessary work.

Chesterville.

A splendid audience greeted the Chesterville Orchestra at South Mountain on the 8th, and the selections by the orchestra, Miss Violet Saucier's singing, and the violin solos were listened to with very evident pleasure.

Major Thompson of Ottawa made a capital speech, in which he urged upon all his hearers the necessity of everybody being mobilized for this terrific world-struggle. It is the opinion of many people that the dallying of the government with the National Registration is hurting the cause of the Empire. The male quartette, especially in their comic numbers, delighted the audience and they were repeatedly encored.

The President of the Agricultural Society handed over to the orchestra \$50.00; but owing to the fact that the cars conveying the performers to South Mountain have to be paid for, this sum will be somewhat depleted.

On Tuesday evening Sept. 12th the Orchestra journeyed to Iroquois to put on a concert under the auspices of the patriotic workers of that town.

Owing to the fact that almost all realize the necessity of everyone helping bear the burden laid upon us as citizens of the Empire, gentlemen in town and vicinity who are the owners of automobiles have generously placed them at the disposal of those young people who have been trying to do their bit in raising Red Cross funds during the summer.

Special prominence the Orchestra feel, should be given to the fact that Messrs. Craig and Price were equally ready to make up any deficiency in this regard and each helped in the transportation problem on several occasions.

Other gentleman kindly helping out in this way are Dr. Brown, Mr. F. M. Sanders, Dr. Hutt, Mr. McAvoy, Mr. D. Allison, Mr. McElroy, Mr. Fred Smith, to all of the above the best thanks of the Orchestra are due.

An account of the very fine concert at Iroquois will be given next week.

The Str. Riverside will run special excursions to the Big Ogdensburg Fair on Wednesday and Thursday, Sept. 20th and 21st, leaving Morrisburg at 7 A. M., Iroquois 8 A. M., arriving at Ogdensburg 10 A. M. Returning leave Ogdensburg 6 P. M. Fare 50c round trip.

Henry's Shorthand School

Ottawa, Ont.

Our instruction being individual, you may start at any time.

We are HEADQUARTERS for Shorthand, Typewriting, Penmanship, Spelling, English, Correspondence, Punctuation, Paragraphing, Transcription, and office work.

Since January, 1913, more than 265 students from other local colleges have joined our classes.

Students are assisted to positions. More than 115 were placed during the past year—most of them in the Government.

Chesterville Horses Winners.

Quite a large contingent from town went up to South Mountain on Friday afternoon, last week, to take in the races. T. E. Ellis two fast ones, A Night Rider, and Ellis Pointer were reported ready to set the pace and show the way to the wire in their classes. They each did as expected and came home winners. Many found especial satisfaction in Ellis Pointer's victory over the Winchester horse, Dan Forrester. Ever since Dominion Day the Winchester bunch have been sweet on Dan Forrester because, in a half mile heat race, he beat the buckskin, but when the goal was a mile away Dan Forrester had to trail the colt home. It is even reported among the wise guys around town that A Night Rider took the measure of Ellis Pointer in a trial up at the track the other day and he may be expected to take Dan Forrester's measure at some of the fall fairs.

98 Cases of Typhoid

Dr. Maloney, of Cornwall, district medical officer of health was in Brockville Friday returning from Smith's Falls, where he was engaged over the epidemic of typhoid fever. He states that 98 cases of the malady now exist in the place. The cause of the outbreak was owing to people drinking impure well water. The epidemic is now under control. The death rate is 6 per cent of the number having the disease. A chlorination plant has been installed under the direction of Sanitary Engineer Delaport, of Toronto, and the district medical officer of health. A barrel of hyper was sent from Brockville for use in purifying the water in Smith's Falls which comes from the Rideau, the wells being ordered closed.

JAS. CURRIE - CRYSLER

The Highland Pipe Band

OF THE

154th OVERSEAS BATT. C.E.F.

WILL TOUR THE UNITED COUNTIES

Opening at Lancaster, Glengarry Co
ON MONDAY, SEPTEMBER 18th

The leading towns and villages of Stormont, Dundas and Glengarry will be visited in turn and every opportunity afforded relatives and friends of the "Counties' Own" to see and hear the best Pipe Band yet organized for Overseas.

A short programme will be put on wherever the party may visit during the day and a "Camp Fire" will be the main feature staged at night. There will be no admission fee. As this is undoubtedly the farewell tour of the Pipers it is confidently expected large audiences will greet them wherever they appear.

The Proposed Itinerary Is as Follows :

- Sunday, Sept. 17th**—Cornwall, evening.
- Monday, Sept. 18th**—Lancaster, dinner. Williams town, night, Camp Fire.
- Tuesday, Sept. 19th**—St. Raphael's, North Lancaster, Glen Nevis dinner, Green Valley, Alexandria night, Camp Fire.
- Wednesday, Sept. 20th**—Glen Robertson, Dalkeith dinner. Vankleek Hill night, Oamp Fire.
- Thursday, Sept. 21st**—Kirk Hill, Laggan, MacCrimmon dinner. Dunvegan night, Camp Fire.
- Friday, Sept. 22nd**—Greenfield, Maxville dinner. Apple Hill, Martintown night, Camp Fire.
- Saturday, Sept. 23rd**—St. Andrews dinner. Monkland, Avonmore night.
- Sunday, Sept. 24th**—Finch dinner. Berwick, Crysler night.
- Monday, Sept. 25th**—Morewood dinner. Chester-ville night, Camp Fire.
- Tuesday, Sept. 26th**—Winchester dinner. Inker-man, South Mountain night.
- Wednesday, Sept. 27th**—Brinston's, Iroquois dinner. Norrisburg night, Camp Fire.
- Thursday, Sept. 28th**—Aultsville, Farran's Point, Osnabrock Centre dinner. Wales, Dickeusons Landing, Cornwall night.

This tour is made practicable through the co-operation of the Militia Dept. and the assistance of Mr. John McMartin of Cornwall.

The 154th Male Quartette and other entertainers will accompany the band. The support of the several municipal authorities and citizens generally is confidently looked for. Parties having motor cars or other vehicles for hire will be expected to furnish same where required at reduced rates. Local talent including the school children are invited to contribute their quota to making the camp fires each evening an entertainment to be remembered.

Speed the Kiltie lads along and do your little part to make their visit enjoyable to all concerned.

GOD SAVE THE KING

Search For Missing Girl

Brockville Recorder—On Saturday Chief of Police Jackson was informed that a gang of gypsies who had been in camp near Kempton, had with them a little white girl who it was thought might possibly be the little McKenna girl, who has been missing from Marlborough Township since May last. It is said that one of the female gypsies inquired of a resident of that section if the McKenna child had been found and on being informed that an aunt of the child lived a short distance away returned to the camp and on Friday morning the whole band of gypsies moved in the direction of Spencerville. Chief Jackson visited Spen-

cerville and vicinity in company with Dr. McPherson, coroner, only to find that the gypsies had left going in an easterly direction. It might be well for the police in the different places in Eastern Ontario, to investigate should any bands of gypsies be seen. The case had caused a lot of excitement. The little girl disappeared as though the earth had opened up and swallowed her. A diligent search of streams, woods and swamps have failed to locate her.

The Record to any address in Canada for 12 months for One Dollar.

FINCH.

Mrs. M. A. Stark of Berwick is visiting Miss Hannah Stewart.

Mr. and Mrs. Ainsworth, who have been visiting friends in this vicinity are spending a few days at the former's parental home in Mille Roches before returning to their home in Chicago Ill.

Mrs. Jessie McLean of Maxville is the guest of her brother Mr. Allan Cameron. Miss Eva Pollock who has been visiting friends in town and vicinity has returned to her home in Massena N. Y.

Miss Flora Hamblin of Ottawa was the week-end guest of her uncle Mr. H. K. MacLean.

The Misses Hazel Cameron, Gladys Merkley and Mary Mattice of this place are attending Ottawa Normal School and Misses Eunice and Helen Casselman are attending the Normal at North Bay Ont.

Mr. Alex MacLean of Maxville is visiting friends in town.

Mrs. (Dr.) Armstrong of Chicago Ill. was the guest of her sister, Mrs. Hugh A. MacMillan on Tuesday.

Miss Laura Adams has left to take charge of her school at Russell.

Mrs. H. K. MacLean is spending the week in Ottawa.

MELVIN.

Mr. A. Baxter did not leave for the West last Tuesday as he had intended doing.

The Red Cross tea at Mr. Sherman Christie's on Friday afternoon was not as well attended as usual owing to bad roads and the busy season.

Miss Helen Steinburgh has been visiting her aunts in Russell.

Mr. and Mrs. Geo. Earle visited their aunt Mrs. Mulloy of Maple Grove on Saturday.

Mr. and Mrs. Joshua Annable and daughter Miss Ada of Moose Jaw spent last Friday at the home of Mr. and Mrs. D. Melvin.

Mrs. Ira Christie of Winchester was the guest of Mr. and Mrs. S. Christie on Sunday.

Miss Ida Scott spent a few days this week with her cousins in Finch.

Capt R. O. Earl and Mrs. E. Alderson were guests at Glenwood Farm, the home of their sister, Mrs. A. Christie on Monday and Tuesday.

Recent visitors of Mr. and Mrs. U. L. Steinburgh are: Mrs. Birmingham and daughter Miss Audrey and Mr. and Mrs. C. B. Channon of Russell, also Nurse Martin of Kingston and her sisters Misses Lena and Stella Martin of Morewood.

Miss Belle Melvin spent the week-end in Winchester with her friend Miss Myrtle Reveler.

Mrs. Alexander and children of Finch and Mrs. Bennett of Riceville were guests of Mr. and Mrs. J. R. Scott several days this week.

Miss Greta Earle is spending part of this week with friends in Chesterville.

Mr. and Mrs. Robt. McDonald and family of Kenmore spent Sunday with Mr. and Mrs. S. Christie.

Mr. Geo. Earle attended the Matilda District Meeting on Wednesday in Chesterville as the delegate from Winchester.

Mr. and Mrs. G. F. Beckstead spent Sunday with friends in Ottawa.

Fisherman Made a Gruesome Haul.

Brockville, Sept. 11.—William Easter, a Prescott fisherman, while engaged at fishing about six miles east of here, Saturday afternoon, got his fish hook caught in some unusually heavy substance, and carefully hauling in his line, brought to the surface the body of a woman dressed in a suit of blue cloth. The face was badly discolored. As Easter reached to clutch the clothing of the woman the hook lost its grip and the body sank rapidly. When Easter got back to Prescott he reported his find to Coroner McPherson, who, with several men and a lot of grapples, started for the scene of the find in the hope of raising the body. There have been no reports lately of a woman missing from this neighborhood, but it is probable that the woman fell from a passing boat.

Proved His Point.

The old Scotch professor was trying to impress upon his students the value of observation.

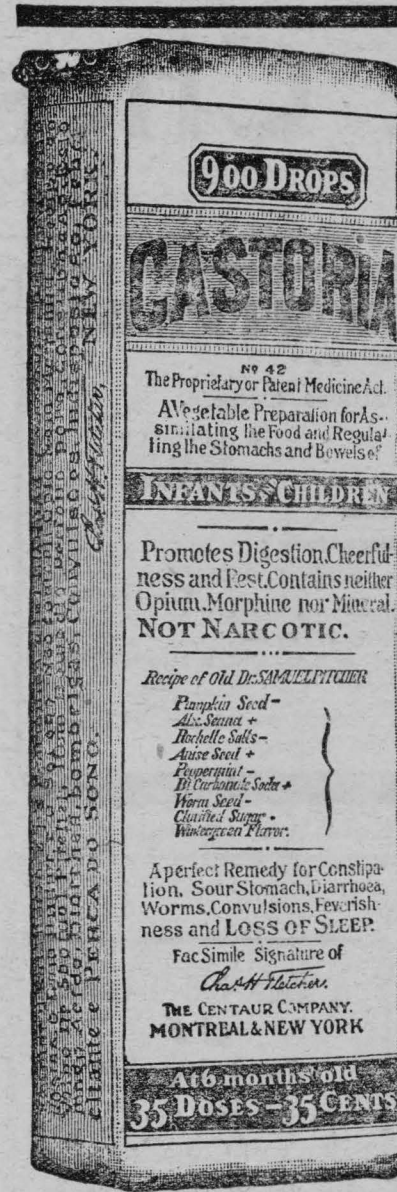

"No," he complained, "ye dinna use your faculties of observation. Yer dinna use 'em. For instance—"

Picking up a pot of chemicals of horrible odor, he stuck his finger in it, and then into his mouth.

"Taste of it, gentlemen," he commanded, as he passed the pot from student to student.

After each had licked a finger and had felt a rebellion through his whole soul, the old professor laughed in triumph.

"I told you so!" he shouted. "Ye dinna use your faculties of observation! For if ye had observed ye would ha' seen that the finger I stuck into the pot was not the finger which I stuck into my mouth!"

G. C. LACEY,

Editor and Proprietor

Perplexing Many Ratepayers

The following words which appeared in the report of proceedings of the last meeting of the township council—"Passed By-law levying the different local and high school rates in accordance with trustees regulations" have quieted feelings of apprehension in some breasts and roused hostile feelings in others throughout the districts which were formerly attached to the Winchester and Chesterville high schools. At the solicitation of the rural portions of these districts some time ago the Counties' Council released them from their obligations in regard to the maintenance of these schools and the whole burden was thrown on the villages.

Now it is alleged, with what truthfulness we know not, that a little plan was worked out by those most interested which showed the present representative that by a little judicious manipulation and the placing on the statute books of an order forbidding the dismemberment of sections for a period of five years, making the action retroactive to a date which was prior to the action of the Counties' Council here, would in all likelihood restore to him that large number of voters which was conspicuous by its absence when the ballot papers were scrutinized at last election.

Whatever solace can be extracted from the council minutes is apparently misplaced and we are informed that the township council stand by the enactment of the counties' council and the wishes of the rural ratepayers in the matter, and the requisition for funds for maintenance from the high schools will be disregarded, leaving recourse to the courts the only way the schools may collect their funds.

Up at the late Andrew Kennedy's funeral it is said that Mr. Hilliard had one interesting time trying to convince questioners that he was not responsible for the Legislature's enactment in its dying hours of that session; and at Winchester Fair advice was sought of the Federal member as to what should be done in the matter and Mr. Broder cannot see the justification of the interested township ratepayers contributing taxes directly in opposition to the time honored unwritten British law of "no taxation without representation."

COLLAPSE OF NEW QUEBEC BRIDGE.

The central span of the Quebec bridge, which was being raised 150 feet from the river St. Lawrence this morning, collapsed when it was about fifteen feet in the air, and dashed into the river. The span weighs 5,000 tons. The loss of life will be heavy.

The span was towed out from Sillery cove when it had been constructed to the bridge site this morning. It was safely lifted from the pontoons amidst great excitement and much whistling by the hundreds of river craft gathered to see the raising, the greatest effort in bridge building history.

The pontoons were removed from under the span, which was proceeding upwards on its journey. Everything pointed to a most successful enterprise when suddenly, with a ripping noise from one of the girders holding the span at its northern corner, the span dropped into the stream at one end.

The remaining jacks held the mass of steel for a few seconds, while frantic efforts were made to get a chain rope around the tottering beam.

With reports like shells exploding the remaining supports snapped and the span disappeared with a mighty splash in the river and disappeared in the two hundred feet of the channel.

Men working on the span itself were seen to jump into the stream. Boats were at once rushed to the spot and several were picked up.

It was estimated there were 90 men on the span.

The two arms of the bridge, which was to be connected by the span, were not disturbed by the collapse.

Arrangements were at once made to send down divers to see if the ship's channel had been blocked and to see if it would be possible to raise the span. Engineers who saw the collapse expressed doubts as to whether it would be practical to get the span up again.

The engineers in charge of the elevation thought that once the span was lifted from the pontoons the jacks would have held it until it reached to the roof of the bridge above. An onlooking engineer said that apparently one corner gave way and the strain on the span itself was too great because it appeared to break from the centre as well.

The collapse happened just at a moment when steamers were hooting loudly acclaiming the progress being made. Several men, on the extreme height of the bridge, pignies, compared with the giant structure, were seen to be bowing acknowledgment.

Some onlookers claimed two of these men overbalanced when the break occurred and fell into the river.

Dozens of women on ships and on shore shrieked and a number fainted when the break came. Since the adventure began this morning the onlookers were kept up to the highest pitch of excitement by the obvious danger of the enterprise.

First reports of survivors gave the number of dead at 16 to 20.

War Certain to End This Year

Paris, Sept. 2—Mme. A. de Thebes, well known French clairvoyant states that the war will end before the new year. She it was who said in 1913 that the year 1914 would be the year of great heroism, and despite much shedding of blood and tears would be a great year for France and place her in the front rank of the nations. The correspondent found Mme. A. de Thebes in her home in the Avenue de Wagram. She at first declined to be interviewed, referring the correspondent to her almanac for 1916, but she finally consented to give him the following message.

Germany has opened the eyes of the world and has given us all a great lesson in military efficiency and preparedness. We will always have war. Of course, it is nice to dream of peace, to preach peace and to wish for peace, but as long as there are two men left on the earth conflicts will take place. It is the same with nations. War will never cease between nations, because war belongs to the natural order of things, and the present war will teach even the smallest nations that they must always be prepared for war. The wolf will devour the lamb when he gets the opportunity.

I have predicted that the war will end this year, and I desire to say now, despite all circumstances and arguments to the contrary, that peace will be declared before the new year. And peace will come suddenly and unexpectedly. The roar of the guns will cease over night, and the soldiers on both fronts will be called home to peaceful pursuits. Fate has so decreed it."

WAR LOAN

DOMINION OF CANADA

Issue of \$100,000,000 5% Bonds Maturing 1st October, 1931.

PAYABLE AT PAR AT

OTTAWA, HALIFAX, ST. JOHN, CHARLOTTETOWN, MONTREAL, TORONTO, WINNIPEG, REGINA, CALGARY, VICTORIA.

INTEREST PAYABLE HALF-YEARLY, 1st APRIL, 1st OCTOBER.

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

ISSUE PRICE 97½

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st APRIL, 1917.

THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above named Bonds for subscription at 97½, payable as follows:—

10 per cent on application;
30 " " 16th October, 1916;
30 " " 15th November, 1916;
27½ " " 15th December, 1916.

The total allotment of bonds of this issue will be limited to one hundred million dollars exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of October, 1916, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the October instalment.

Scrip certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as

to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, or Victoria.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch in Canada of any chartered bank.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

Subscription Lists will close on or before 23rd September, 1916.

DEPARTMENT OF FINANCE, OTTAWA, September 12th, 1916.

Importance of Conserving the Fertility of Our Soils

The soil is one great factorial foundation not only of agriculture but of the nation's welfare, hence it is practically impossible to spend an excess of care on its cultivation and preservation. Therefore any knowledge that results from experience is of the greatest value. A deal of information acquired from such experience in Bulletin No. 27, second series, entitled "Soil fertility, its economic maintenance and increase," just issued by the Department of Agriculture of which Dr. Frank T. Shutt, the Dominion Chemist, is author, and which can be had free by application to the Publications Branch of the Department at the capital. Dr. Shutt sounds an intensely practical note of warning when he argues that we have been terribly wasteful of plant food and that every effort should be made to maintain and increase the fertility of our soils, and by more rational methods, endeavour to put a stop to the waste. While the warning is directed to the Northwest, "where farming has been likened to mining," Ontario and Eastern Canada generally are summoned to account. In brief, a change is called for from extensive to intensive farming, the lesson that it is sought to convey being that there is more profit in high tillage and conservation in cultivation than in methods of mere routine. Having gone minutely into the properties, necessary treatment and application of farm yards manures, the doctor supplies a table giving the approximate average composition of manure (fresh) from various animals, describes the manurial value of

clover, the component elements and beneficial influence exercised by fertilizers, and refers to the places occupied by wood ashes and seaweed as potassic fertilizer.

He goes into the virtues of gypsum and nitrate of soda as indirect potash fertilizer, concluding in an instructive review of the chief means by which the productiveness of the soil may be increased and preserved, by urging farmers to make greater use of the various means and agencies provided by the governments—Federal and Provincial—for the assistance of the man on the land by information, advice and demonstration. "There is no country," he avows, "better provided than Canada in this respect." Regarding manure, two important facts to be remembered are that where it is not at once utilized by being put into the soil, or onto the soil, one third of its initial value is lost, and that the loss is least where the manure is kept compact and protected from rain.

Two bankers were talking about a financier who had failed.

"And did poor Joe accept his failure like a man?" asked the first.

"Exactly like a man," the second answered. "He blamed it on his extravagant wife."

Fall Opening OF NEW GOODS

The first arrival of Fall Goods is a shipment of the
Famous Northway Coats for Fall & Winter

WE INVITE your early inspection of these garments. You can rest assured that the styles shown are the latest and most correct that can be had, for the "Northway" Style Book is not issued until the correct fashions are definitely and finally determined. The best styles of all for fall will be found in our range now ready for you.

Shipments of All Lines of Fall Goods Are Now Arriving

We have to hand a lot of Coat Sweaters for cool evenings, also Ladies' Fall Dress Goods and Men's Fall Suitings. A full line of Staple and Fancy Dry Goods at or as near the old prices as possible.

We want and appreciate your patronage at all times.

G. W. BOGART, = = CHESTERVILLE

BERWICK

School Shoes And Work Shoes

Two of the necessities for this present time. And what's more—they need to be watertight for fall wear. In the Summer what's the difference if your feet do get a little in the long grass. Now is the time your health should be protected by Solid Leather Work or School Shoes. McMahon's Solid Leather Shoes have gained a good reputation. Got it during the wet Spring. And the same brands will keep it throughout the Fall and Early Winter wet. Come in and look these Solid Leather Boots over and you will know your money can't buy better, and it won't take as much money as many others ask for them.

GOOD HEIFERS Wanted

I want a number of good heifers from 1 to 2 years. I am very busy and have not time to go looking over stock at random. If you have any you think will fill the bill let me know by card or telephone. I am prepared to pay good prices for the right stuff.

WENE ROBINSON
CHESTERVILLE

Letter from Pte. Wesley Fulton.

Somewhere in France
Aug. 13, 1916.
Rev. H. E. and Mrs. Warren.
The Cottage, Butternut Bay,
Brockville, Ont.

My dear friends,
Your interesting letter of July 21st to hand a few days ago; and am pleased to know you are having a real rest in a beautiful restful spot overlooking the grand old St. Lawrence. Such recreation is indeed denied us for the present, and life is strenuous and alert most of the time, but we hope the day may come when those delightful, legitimate, and necessary pleasures may be ours. x x x

In your letter you referred to some of your friends on the firing line. We are about 60 miles farther south than the distance you mentioned and am not likely to see him. Yes, we reached the scene of activity surely—very active and to say we received a warm reception from our inconsiderate foe, is putting it very mildly. Considering the number of casualties our boys were very fortunate indeed, George Dunn being the only one, having received a wound in the head, from which I am glad to learn at this time he is nicely recovering and thereby missing some of the strenuous life here, of which I cannot tell you because of the censorship.

You say the papers give a great many details; yes that is true, but papers do not always tell the whole unvarnished truth you know. I presume it is not advisable in war times to print events just as how and when they happen. However the papers can make up for any lack of news which the soldiers are not allowed for the present at least to impart. As for incoming mail, I think we receive it quite regularly, which speaks well for the service.

You fancy we write under rather trying circumstances. Well yes, sometimes, but not always, most of this has been written on a rough Y. M. C. A. table, around which there are several others sitting on a more or less pliable seat which has a slight motion which reminds me of the childhood days when I used to "teeter" on a plank across a fence rail or some such support. Then comes along a not altogether unwelcome interruption. Capt. Warner (Chaplain), and announces that he is going to begin the meeting by singing hymn—, so I lay down my pencil and pick up the proffered hymn book, then after the first course is finished the Capt. serves out the dessert in an interesting, if short address, and I finish my letter afterwards. Please excuse the pencil, I use it entirely since coming to France as it isn't always convenient to get ink for my fountain pen. There are Y. M. C. A.'s, at almost, if not every camp or billet, for battalions. Some un-housed in tents, others in huts and yet others in "dugouts" and many are within artillery range. They are a great convenience to the men by way of supplying refreshments from their canteens, reading (although somewhat limited) writing tables and paper and the no less important space for the social meet or entertainment.

As for news I can give you but little, but although watch for and welcome any news through letters or newspapers from my native land and from all the friends in and around the native town.

I heard of Mr. Casselman's accident with the auto, and I trust he is recovering from the injury and will soon be around again as usual.
Sincerely yours
W. N. FULTON.

Distribution of Seed Grain and Potatoes

By instructions of the Hon. Minister of Agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (about 5 lbs.) white oats (about 4 lbs.) barley (about 5 lbs.) and field peas (about 5 lbs.) These will be sent out from Ottawa. A distribution of potatoes in samples of about 3 lbs. will be carried on from several of the experimental farms. The Central Farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free by mail.

Only one sample of grain and one of potatoes can be sent to each farm. As the supply of seed is limited, farmers are advised to apply early. Requests received after the end of December will probably be too late.

Anyone desiring a sample should write (post free) to the Dominion Cerealists, Experimental Farm, Ottawa, for an application blank.

WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutriment gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. Free from harmful drugs.

Bread Making Contests At Rural School Fairs

PRIZES—Free Courses at Macdonald Institute, Guelph
Free Poultry Raising Courses at Ontario Agricultural College
Free Cook Books and Magazines

Over 1,500 prizes in all will be offered in bread-making contests which will be held this fall at over 250 rural school fairs taking place in Ontario. It will be a great event at the fairs and will stimulate interest in bread-making among young girls between the ages of 12 and 17 years.

Here is a wonderful opportunity for your daughter to win for herself a Free Course in Domestic Science at the famous Macdonald Institute, Guelph. All she has to do is to bake one double loaf of bread and enter

it in the contest at the fair according to the conditions explained below and more fully told in the folder we will send you on request. The loaf must be baked with

Cream of the West Flour

the hard wheat flour guaranteed for bread.

This is a splendid flour which makes the biggest, bulging loaves—whitest, lightest and most wholesome bread you ever baked. Is this not a splendid opportunity to interest your daughters in breadmaking?

Here are the Splendid Prizes offered for the best loaf of bread baked with Cream of the West Flour. The following are offered at each local fair:

1st Prize.—1 paid-up subscription to "My Magazine" for 1 year. This magazine is full from cover to cover every month with articles suitable for young people of all ages. It is published in England. Value \$2.50 per year.

2nd Prize.—6 months paid-up subscription to "My Magazine" Value \$1.25.

Extra Prizes.—When entries exceed ten a 3rd prize will be awarded of 6 mos. paid-up subscription to "My Magazine." When the number of entries exceeds twenty the judges at the fair will award 4th, 5th, and 6th prizes of one year's paid-up subscriptions to "The Little Paper." This is a wonderful little publication issued every month in England. Its eight pages are packed with highly engaging information and stories relating to history, nature-study, animals, bird-life, etc.

Important.—The winners of 1st prizes at the fairs automatically become competitors for the Provincial Prizes. The second half of the double loaf is sent to Ontario Agricultural College, Guelph, by the district representative in special container provided. The judging is done by Miss M. A. Purdy of the Department of Breadmaking and Flour Testing at the College.

Conditions of the Contest

Every girl may compete at the rural school fair in her district, whether or not she attends school, providing that her 12th birthday occurs before November 1st, 1916, or her 17th birthday does not occur before Nov. 1, 1916. One loaf of bread must be submitted baked in pan about 7 x 5 inches and 3 inches deep, and divided into two loaves so that they may be separated at the fair. The loaf must be baked with Cream of the West Flour. One half will be judged at the fair. The other half first prize loaf will be sent to Ontario Agricultural College, Guelph, to compete in the Provincial Contest. The local contest at the fair will be conducted under the same rules as all the other regular contests at your fair.

The standard by which bread will be judged will be as follows:

1. Appearance of Loaf..... 15 marks
 - (a) Color..... 5 marks
 - (b) Texture of crust..... 3 marks
 - (c) Shape of loaf..... 3 marks
2. Texture of Crumb..... 40 marks
 - (a) Evenness..... 15 marks
 - (b) Silkiness..... 20 marks
 - (c) Color..... 5 marks
3. Flavor of Bread..... 45 marks
 - (a) Taste..... 25 marks
 - (b) Odor..... 20 marks

Each loaf must be accompanied by the part of the flour bag containing the face of the Old Miller (important) and an entry form must be signed by the girl and parents or guardian stating date of birth, P.O. address, and giving name of dealer from whom Cream of the West Flour was purchased. The form will state

Write for free folder giving full and complete information about every feature of this great contest.

Address Campbell Flour Mills Co., Limited, (West) Toronto

Interesting Letter From England

The following letter received from Harold Merkley of the 54th Battalion by his parents Mr. and Mrs. Geo. A. Merkley of Nation Valley.

Bramshott, Hants, Eng.
Aug. 2, 1916.

To Loved Ones at Home:—

I was more than glad today when I came in from a march to receive some letters from dear old Canada. There is certainly good mail service now for one letter was mailed on 15th July and I received them on Aug. 2nd. It certainly is an honor to serve a Country who can keep the seas open for her vessels and also those of neutral country's.

We are certainly working hard over here now. Several times we have come in off a march at 12 o'clock and then get up at 4.15. I have stuck to it and feel Jake. If they want us for a walk to Berlin we are sure the boys who can do it. If they keep our training up we will sure be in great training for good advances, for we march from fifteen to twenty miles a day with pack on. It is pretty hard in the hot sun.

They use us good, as every night when we are out on a march which as a rule is five nights a week, we are given soup and bread when we come in. It certainly comes in handy.

They estimate that there are three million in our base in France. The Germans can't last much longer for they have certainly pulled up the last reserve and they can't scrap the same as the allies.

We were reviewed by Col. Sam Hughes and Lloyd George yesterday. We had to walk eight English miles. I wish you could see us 20,000 and each brigade had its transports and field kitchens. The medical corps had all its ambulances there.

I was up to London for three days and saw some great sights. I made the best of my time. I went through St. Paul's Cathedral. One could spend days in it looking around.

Was up to Westminster Abbey I saw the Royal Tombs and also had them explained. They don't mind showing the Canadian soldiers around up there. A great number of valuable articles are taken and secreted somewhere in case of Zeppelin raids.

I was also to the London Tower and Zoological Gardens. At the Tower I saw the Royal Jewels also a great number of guns captured in battles and all kinds of armour dating from the 12th century. I spent all Sunday morning in the gardens. There is all kinds of birds, animals and reptiles from all parts of the world.

You were asking if you could send me anything more, there is nothing more unless some good home made candy.

Expect to be back to Canada again unless I get punctured with

a German Whistler.

I will have to close for this time as it is getting late and we have to roll out for a Mustard Parade at 4.45 in the morning.

Hoping this finds you all well. I remain your loving son. HAROLD.

SEED CORN AND SEED POTATOES IN DUNDAS

Mr. F. C. Nunnick B. S. A., agriculturist of the Conservation Commission, has written to The Record as follows:—

"I am enclosing a couple of short articles which I have prepared on the subject of 'Selection of Seed Potatoes' and 'Selecting Seed Corn.' While potatoes are generally grown over Dundas county I know that corn for seed is not so generally grown, but some may be ripening some for seed this year. I would be glad if you could make use of these two articles in your next issue, as seed selection is a thing that has been very much neglected in Dundas county according to recent investigations which we have conducted in the county."

SELECTING SEED CORN

If a good crop of corn is expected good corn must be planted. The crop depends so largely upon the seed that no farmer can afford to plant anything but the best. Those who save their own seed are urged to carefully select it from the field crop and to give it the best of care. Those who have to buy should make sure to obtain only carefully selected seed. The Virginia Department of Agriculture has conducted tests in connection with field selection and crib selection and has found that ears selected from good yielding stalks in the field (field selection) produced 16 bushels more per acre, or 20 per cent more than good ears of the same variety selected from the crib. Selection in the field enables one to see under what conditions the ear was produced and to note the character of the stalk and leaves of the parent plant, earliness of maturity, size, weight and strength. Where husking is done while the crop is standing a box can be attached to the back of the wagon and the best ears from the most suitable stalks can be plucked and placed in this box. If, however, the corn is to be cut and shocked before husking, enough for seed can be quickly gathered just previous to cutting by going into the best portion of the field and pulling the best ears from the desirable stalks. This should be carefully handled and thoroughly dried before the severe freezes come. More than just enough should be selected as outlined above and the poorest of the ears plucked discarded.

SELECTING OF SEED POTATOES.

Thousands of farmers have suffered heavy losses at various times from fungus diseases attacking their potato crop. This is often caused by having a number of weak, spindly hills, which make breeding places for the diseases which never would have got started but for these weak hills. These spindly hills are often caused by planting weak seed. In other words no care has been taken in selecting the tubers for seed. Like begets like and the sooner that those foolish enough to plant small or diseased po-

RHEUMATISM WAS MOST SEVERE

Dreadful Pains All The Time Until He Took "FRUIT-A-TIVES".

MR. LAMPSON

Verona, Ont., Nov. 11th., 1915.

"I suffered for a number of years with Rheumatism and severe Pains in Side and Back, from strains and heavy lifting.

When I had given up hope of ever being well again, a friend recommended 'Fruit-a-tives' to me and after using the first box I felt so much better that I continued to take them, and now I am enjoying the best of health, thanks to your remedy."

W. M. LAMPSON.

If you—who are reading this—have any Kidney or Bladder Trouble, or suffer with Rheumatism or Pain In The Back or Stomach Trouble—give 'Fruit-a-tives' a fair trial. This wonderful fruit medicine will do you a world of good, as it cures when everything else fails.

50c. a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

tatoes realize this the better it will be for their crop yields. Marvellous results have been obtained by investigators in seed selection work in potatoes.

Intricate methods are not necessary to obtain marked improvement in the ordinary field crop. It is a good plan to go over the field when the tops are about half ripened off and mark with a stake or twig the hills which show exceptional vigor and resistance to disease, drought or heat. At digging time these hills can be kept apart for seed. Any of the marked hills not yielding smooth or superior potatoes should be discarded. Farmers may think this too much trouble to save all their seed in this way but enough can be easily selected to plant a special seed plot each year from which seed for the main crop the following year may be obtained. If the farmer neglects to mark the vigorous hills he should, at least, note and keep apart the high yielding hills of smooth, uniform tubers for a seed plot next year. Potato growers will find that it is highly profitable to carefully and intelligently select their potatoes for seed as it will mean greater productiveness, more vigor, and uniformity in shape and size.

The Cheese Markets.

An exceedingly strong feeling has prevailed in the cheese situation during the week and prices generally at the boards throughout the country scored sharp advances, with two exceptions. The most sensational rise of the week was at St. Hyacinthe when prices were packed up to 2c per lb. over a week ago at 21½c, which so far, is the highest figure ever paid for cheese in the history of the Canadian industry. At the other boards the advances ranged from 1-12c to 1½c per lb., with the exception of those at Campbellford and St. Paschal, which declined 3-16c to ¼c. The market throughout the most part of the week was somewhat excited and a fairly large volume of business was done both on spot and over the cable.

Belleville—20½c.
London—20½c.
Cornwall—20½c.
Iroquois—20½c.
Perth—20½c.
Vankleek Hill—20½c.
Alexandria—20½c.

Not Far From Right.

The day was hot, and the sleepy class found it difficult to concentrate its attention on its tasks, though the history mistress did her best to make the lesson interesting.

"Now girls," said she at last, "can you tell me why the great man was buried in Westminster Abbey?"

There was a long silence.

"Because," she answered, solemnly and impressively, "he was dead!"—"Tit-Bits."

Irish Troops Were Irresistible in Guillemont Fight

With the British army in the field, September 10.—The first mention of Irish troops fighting at Guillemont has been made officially, and it is now possible to write about them in more detail.

Their charge through Guillemont last Sunday with English battalions of riflemen on their right was one of the most astonishing feats in the war, almost too fast in its impetuosity. They went forward with the pipes playing them on in a wild and irresistible assault. If there had been three times the number of Germans against them they would not have been checked until they had carried the northern part of the ruined waste that once was a village.

English troops who fought with them tell me they have never seen anything like the way in which these Irishmen dashed ahead.

"It was like a human avalanche" said one of them. "The officers cheered their men on as they came alongside. One of their commanding officers, following the last across, picked up pieces of chalk to throw them after his men, shouting good luck to them. They stormed the first, second and third German lines, through the upper part of the village, sweeping all resistance away and not stopping to take breath.

Death had no terror for them, nor all the dead men that lay in their way. After months of dull and dogged fighting in the trenches they were excited at getting out into the open, and meeting the Germans face to face. The only fault with this fighting at Guillemont was the rapidity of pace, which gave them no time to safeguard the ground behind them. But that was a fault due to the splendor of their gallantry, and no harm came from it.

A Small Point.

Barrister's Wife—"So your client was acquitted of murder. On what grounds?"

Barrister—"Insanity. We proved that his father once spent two years in an asylum."

Barrister's Wife—"But he didn't, did he?"

Barrister—"Yes. He was doctor there, but we had not time to bring that fact out."

"Look here," exclaimed the new tenant, indignantly. "You advertised this place as being near the water. I've looked in every direction and I don't see any water."

"You haven't looked at the cellar yet" remarked the agent.

WHY I should select a Mutual Policy!

FIRST—Because in a mutual company the assets are the sole property of the Policy-holders.

2—Because in a mutual company ALL of the profits go to the policy-holders.

3—Because in a mutual company the executive is directly responsible to the policy-holders: ALL the directors are policy-holders' directors.

4—Because mutual companies hold the record for stability.

5—Because mutual companies have all the "safety-first" features of stock companies with mutuality thrown in.

6—Because the largest American companies are already mutual or seriously considering mutualization, and already more than one-half of legal reserve insurance is mutual.

7—Because mutual companies are not built up in the interest of the FEW, but of the MANY.

Therefore I will take for mine

Passenger Pigeon's Nest

The Colborne Express reports "While in his orchard last Saturday Mr. Frank J. Chapman discovered a wild pigeon's nest in which are two young pigeons. A pair of wild pigeons have been noticed in the orchard during the last few summers, but this is the first time a nest has been found. Like many other species, the wild pigeon is fast becoming extinct and to find a nest is a rarity."

It would be very interesting to know that a mistake had not been made in the identity of the birds making their nests in this orchard, as it is many, many years since the nest of a wild pigeon was seen in Ontario, or for that matter on this continent. A standing offer of \$1000 made by an American society, for a nest of the wild pigeon, has never been won, and although hundreds of claims for it have been made they have all proved erroneous upon examination. The fact that the above mentioned pair built in an orchard does not seem to be in accord with the bird's usual nesting place which as we remember being told years ago was always in the tamarack swamps. It is hard to conceive now that the passenger pigeon at one time in Ontario was so plentiful that the vast flocks would at times darken the sun. Their disappearance has always been one of the mysteries of bird life.

Mrs. T. Houlehan with Miss Jean and Robbie Morrison who have been visiting friends in Toronto and Dundas returned home this week.

Mr. F. C. Clement has been added to the staff of the C. P. R. at this station in the capacity of day telegrapher. Four men constitute the station staff, whereas but a short time ago only two were required at this point.

The old saying that "there is nothing new under the sun" got a bad jar in Brockville the other day. The Recorder recorded that a hen had been "found" Prior to this announcement hens were never known to have been other than lost or stolen.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

The Record had a pleasant call yesterday afternoon from Mr. J. W. Dawson of Colquhoun, when renewing his subscription and that of his brother-in-law, P. E. Ouderkirk of Moose Jaw. Mr. Dawson says The Record keeps his western friends up to date on all the local news better than the writing of many letters.

Last evening those who attended the presentation of "Within the Law" by May A. Bell-Marks and her company enjoyed a show given by the most talented company to visit Chesterville for a long time. The Music Hall was comfortably filled and not a word or action was lost, so engrossingly was this play of the underworld of New York put on. The Vaudeville turns between the acts were new and clean.

Trinity Methodist Church is to be visited on Sunday, Sept. 24, by Rev. and Mrs. W. H. Stevens of Almonte. On Sunday Rev. W. H. Stevens will preach morning and evening the anniversary sermons in the interests of the Connexional Funds of the Methodist Church. They are to remain over Monday night to take part in the Epworth League Rally which the young people are holding.

The ice cream social, which was held last Thursday evening in the parlors of Trinity Methodist Church in place of on the parsonage lawn, as was intended, proved to be quite a success. During the evening while the refreshments were being served, a program was rendered. Mrs. Howard rendered several selections which delighted the audience. Musical numbers were rendered by Misses Flossie Hummel, Arlie and Hildred Durant and Laura Simser. The social was under the auspices of the Ladies Aid Society, the following committee on arrangements: Mrs. M. Durant, Mrs. A. H. Forbes, Mrs. C. Casselman, Mrs. J. Cunningham, Mrs. Geo. Hummel, Mrs. F. W. Merkey and Mrs. Warren.
