Save Systematically

Haphazard, occasional saving seldom accomplishes much. It's the steady, persistent, regular depositing of so many dollars a week, or month, or season, in the Union Bank of Canada, which makes one financially independent. The money accumulates all the more rapidly, too, because of the Interest which is added every six months.

Reverse Judgment in Workman Case.

By a unanimous finding, the Judges of the local Court of Appeals, on Saturday reversed two judgments of Mr. Justice wier in the cause celebre between Dr. workman and the wesleyan Theological College. The higher court refused to concur in the findings of the trial judge, on practically all points, and hence the award of $3,500 made in favor of the plaintiff in the lower court, was annulled, and the finding reversed with costs against Dr. workman. The judges of higer tribunal took up Dr. workman's engagement as a professor in the wesley-College, and regarded it in the light of a contract, whereby he has bound himself to teach in conformity with the doctrinal standards of the Church. On at least cardinal points—the Diety of Christ, the Virgin Dirth, and the Atonement as an expiration and propitiation. Dr. workman's views were at variance with the doctrinal standards of the church. Hence he had been guilty of breach of contract. Hence the body whieh engaged him had a right to dismiss him and he could have no recourse in law against his former employers.

This is the second stage in the case, which has been before the local courts for some four or five years. It is not known whether the finding of the Court of Appeals will be taken higher, this being a matter which will be determined upon after a conference between Dr. Workman and his legal advisers.

Lodge Of Instruction

A Masonic lodge of instruction for the benefit of St. Lawrence district was held at Brockville on Monday, and it was the most largely attended in the history of the craft in that section. About three hundred visitors attended, among whom were about twenty-five from Smiths Falls. Prescott lodge put on the second and Smiths Falls the third degree during the afternoon and at night the first was exemplified by a joint team from the Brockville lodges. A banquet followed at which District Deputy Grand Master, Wm. Hyndman, of Smiths Falls presided. Speeches were given by him and by Rev. D. N. Coburn and Rev. E. W. McKay of Smiths Falls and a quartette from Smiths Falls gave some selections.

Mohawk Crossroads Entertainment

At Hamilton's Music Hall, on Tuesday evening, a bumper house greeted the ladies of Trinity Methodist Church and their friends in their rendering of "A Ladies Aid Business meeting at Mohawk Crossroads".

The time was in the fifties, and the scene was laid in the home of Mrs. Green, where the furnishings were of "slippery" haircloth, and the pictures being so near the ceiling, it gave one a stiff neck to attempt to look into their beauties.

Antimacassars and table covers in striking colors and quaint designs gave a homey look to the old parlor and carried us back to "grandmothers day".

Mrs. Green (Miss Ella Harrison) was quite as much at home, as hostess, as in the many varied parts she has taken before our town audiences, and we would have been pleased to have heard still more from her.

The street scene in opening gave the audience a chance to see the costumes worn by the participants.

Many rare old bonnets, wee hats, quaint shawls, dresses, earings and other jewellery were displayed, and any of the ladies would have made an excellent model for the artist who wished to put on canvas a picture of a "Lady of the old school."

When the hostess asked one of the ladies to "hist" the tune in opening, and familiar strains of the old hymn "Invitation" floated over the hall. Many of the elderly ones must have been carried back to the days of our forefathers, when the tuneing fork was in evidence, and congregational singing hearty.

The various parts seemed to be most happily assigned, and all did so well, from our familiar locai stars, down to the "Freshman," that to mention any in particular would be out of the question, however the reading 'What a Minister's wife should be," given by Mrs. Scott (Mrs. Fred Bolster) must have a word.

This dear old lady of the Society never for a moment forgot she was past the four score and ten mark.

Others who assisted the hostess in entertaining were her Boston friends Mrs. Fitz. Hammond (Mrs. Woods) in an appropriate reading and Mrs. Kindly (Mrs. Stevens) in a song, "Old Lace." Mrs. Kindly's son (Mr. W. H. Srevens) who was also visiting Mrs. Green, joined his mother in a duette.

Miss Flo Gordon as (Miss Darling) once again won warm applause in a Scotch Song, and Miss Isabel Stevens as (Miss Dorey) rendered "The Mocking Bird" with variations.

Misses Iva Hamilton and Helen Soule as (Mrs. Green's daughters) brightened the programme with a piano duette.

Mrs. Kane (Mrs. Pickering) who suffered from a bad cold, sang ,,O Promise Me," in an amusing style, and Mrs. Black (Mrs. Baker) rendered in true Mohawk Cross Roads style, ,,The Black Hawk" waltz.

The last item was a recitation admirably rendered, by Mrs. W.A. Brown, entitled "The Ladies Aid"

God save the King, brought to a close one of the most enjoyable evenings Chesterville has had for some time, and left the "Ladies Aid Society" of Trinity Church the richer by over $100.00 clear.

The School Opened

A six weeks course in Agriculture was commenced in Chesterville Continuation School on Monday. Sixteen young farmers of the community are taking advantage of this opportunity to study their problems.

It is very gratifying to those who have the work in hand to meet with such a hearty response. Courses of this kind have been put on with a good measure of success in various parts of the province. The course here promises to be very successful.

The class will attend the Short Course at the Allison Stock Farm next week.

Winchester Township Sunday School Rally

The annual rally of Winchester Township Sunday Schools was held in the Hall Morewood, on Thursday afternoon and evening, Jan. 23rd. Though the day was somewhat stormy, the large gathering in both afternoon and evening showed the interest taken in this very important part of church work.

Owing to the absence of Rev. Mr. Sproule of Winchester, the devotional exercises were conducted by Rev. K. A. Gollan of Morewood.

Owing to the absence of Mr. Wm. Campbell, the president, on motion of Rev. S. A. Woods and A. D. Carkner, Rev. G. Yule took the chair.

Greetings were extended by Rev. Mr. James and Rev. Mr. Gollan of Morewood to which Mr. Yule, the chairman, replied

The minutes of last meeting were read and adopted. The following nominating committee was appointed—Mr. G. Hutt, convener; Rev. S. A. Woods, A. D. Carkner, Mrs. S. A. Woods, Mrs. A. W. Reveler. Mr. J. Cook was appointed auditor

The secretary-treasurer reported in schools enrolled, 12 open reported, all open 12 months; 6 schools have Cradle Rolls with 113 on roll; one Home Department with 55 enrolled. The 15 schools reported 125 teachers and officers and 1039 pupils, making a fotal of 1333.

Eleven of the schools gave a total of $21.45 for organized Sunday School work, through our treasury.

The home Department report was given by Mr. D. E. Barclay of Winchester. The Winchester Presbyterian Sunday School is the only one carrying on this branch of the work.

Mrs A. W. Reveler of Cannamore gave a very encouraging missionary report.

Most of the schools give missionary instruction in some way, and also contribute to the financial support of missions. $344.73 being this year's contribution for this work.

Mr. G. Hutt reported that the subject of Temperance was being taught in most of the schools—some employing pledge signing.

There was no report from the Primary Department.

Rev. W. H. Stevens reported only one class in Teacher Training this winter, that being at Ormond. He urged on all the schools to employ this means of improving the efficiency of the teachers.

Rev. J. R. Urquhart of City View, gave an excellent address on "Teacher Efficiency." He said "the best part of the Sunday School is the teacher. The work is important; the material is very delicate. The best brain and piety is needed, and teachers should measure up to the highest standard. A teacher must be a good character; must possess personal magnetism; must be adapted to work; must be consecrated to the work of the Lord Jesus Christ; a person of courage, patience and perseverence. A teacher must know his Bible; he must know his scholars intimately and individually. He must work, study, plan and take his lesson on his knees before God in prayer." In reply to a question Mr. Urquhart said that the most important thing in a teacher was character.

Rev. Mr. James of Morewood, gave a very thoughtful and instructive address on "The Boy in the Sunday School." He said the reason boys do not turn out right is because they do not get a right start. Boys learn by imitating older ones. "Do not discourage the boy when he asks questions. Teach him to be brave and strong in character and mind. Be sympathetic with the boy and place worthy heroes before him. A good man makes the best teacher for a boy."

The discussion of this address was left over to be taken up along with those to be given at the evening session.

At 7 o'clock A. D. Carkner lead a brief devotional exercise after which the Rev. S. A. Woods of Chesterville, gave a very able handling on the subject "How far and in what way do home influences retard the Sunday School and counteract its work." He said "Home influehces are the greatest of all influences; the parent and teacher must co-operate. Parents must be faithful to the Sunday School, Sunday visiting, laziness, or work should not be allowed to interfere with the Sunday School. Cheerful firmness should be shown in directing home life, and securing obedience. Obedience to law and order must begin at home. The school is only supplemental to the home in the study of God's word. God calls upon us to show the truest spirit of reverence in all things."

Upon the recommendation of the nominating committee the following officers were appointed for the ensuing year:—

President—Mr. G. Hutt, Winchester.

Vice-Pres.—Mr. J. A. Campbell, Ormond.

Sec-Treas.—Mr. A. Carkner, Ormond.

Auditor—Mr. J. E. Cook, Winchester.

Secretary of Home Department—Mrs. D. E. Barclay, Winchester; Secretary of Teacher Training Department—Mrs. S. A. Woods, Chesterville; Secretary of Missionary Department—Mrs. A. W. Reveler, Cannamore; Secretary of Temperance Department—Mrs. Robert Rennick, Winchester; Secretary of Elementary Department—Miss Moad, Chesterville; Secretary of Adult Department—Mr. J. E. Cook, Winchester.

At this juncture Messrs. Wm. Dickson, and J. E. Cook extended an invitation to the Sunday School Convention to meet at Winchester for the next meeting. This invitation was accepted.

After the rendering of a beautiful Anthem by the Morewood Union Choir and the taking of the offering, Rev. Mr. Urquhart gave a masterly address on "The Boy Problem." He said of 35,000,000 boys between 12 and 20, ninety per cent are outside of the Sunday School. There are two doors open to the Sunday School boy—one into the church, one into the world. Eighty-five per cent of our church members come to us through the Sunday School.

The "boy problem" is the "home problem" and the "church problem." The "teen age" is the most critical period in boy life—the time when influences draw and hold. Give the boy your sympathy and guidance. Talk to him in a manly way about the vital elements of life. Be a boy with your boy and get close to him. Make your homes "homes for the boys" not the house. the wardrobe, the pantry—but love makes the home. If the home life is wrong, in most cases the boy is lost. If we solve the Boy Problem we solve the problem of laborers in the Master's Kingdom, and do away with very much of the large expenditure for the reformatory, etc.

The discussion of the last three addresses was combined into one and Mr. H. Loucks of Morewood and Mr. J. A. Campbell of Ormond, gave very helpful remarks in that connection.

On motion of J. A. Campbell and A. D. Carkner a hearty vote of thanks was tendered the people of Morewood for their most generous hospitality to all who attended the rally.

The meeting adjourned to meet at Winchester in January 1914.

Among the delegates we noticed Mr. and Mrs. A. T. Carkner, Ormond; Mr. D. G. Hutt, Maple Ridge; Miss Belle Melvin, Melvin; Mr. and Mrs. George wilson Rev. S. A. and Mrs. woods, Chesterville; Mr. J. E. Cook, winchester; Rev. G. Yule Mr. David E. Barclay, Miss Isabella A. B Dickson, Miss Mae Rose, Mr. J. A. Campbell, Ormond; Miss Katie McDonald, Miss Bella McVey, Mr. Wm. Dickson, winchester; Rev. J. R. Urquhart, Ottawa; Rev. w. H. Stevens, Chesterville.

FEARED HE HAD CONSUMPTION

"Fruit-a-tives" Cured Him

HUGH McKENNA, Esq.

ST. STEPHEN, N.B. Jan. 17th. 1911.

"I wish to tell you of the great good "Fruit-a-tives" have done for me. For years, I was a martyr to Chronic Constipation and Stomach Trouble. I was greatly run down and my friends feared I had Consumption. I tried numerous doctors and all kinds of medicines, but received no relief until advised to try "Fruit-a-tives" by Mr. McCready of St. Stephen, and am pleased to say that I now enjoy excellent health. "Fruit-a-tives" are the best medicine made, and I strongly advise my friends to use them".

HUGH McKENNA.

"Fruit-a-tives" is the only medicine that will positively and completely cure Constipation. This wonderful compound of fruit juices acts directly on the liver, causing this organ to extract more bile from the blood, and to give up more bile to move the bowels regularly and naturally.

Duke and Duchess Depart In Spring

Ottawa, Jan. 30.--Their Royal Highnesses the Duke and Duchess of Connaught are expected to sail for England within the next few weeks. Beyond a bulletin issued this morning from Government House, there is no official information as to the arrangements made or in the making. It is assumed, however, that as the bulletin states that the Duchess goes "for fnrther medical advice" the departure will not be long delayed.

The general opinion here is that the Duchess will not return to Canada, and just how far this would affect the movements of his Royal Highness is a subject of considerable speculation. The Duke goes back to England on leave of absence the length of which, according to the official bulletin, has not been determined.

Under the circumstances there is little to attract the Duke of Connaught in Canada in the Summer, and the two-year period which it was understood will measure his stay in Canada will be over in the coming Autumn of this year. This means that if the Duke does return his stay will not be a long one.

General Booth Memorial

Toronto, Jan. 30.—The $100,000 apportioned as Toronto's contribution to the General Booth Memorial has been practically raised. At the final meeting tonight E. R. Wood, the chairman of the citizens' commitee, announced that $97,498 had been subscribed in the three days. It is expected that tomorrow morning's mail will bring in subscriptions for the remainder, but in case the full amount is not made up, the citizens' committee has guaranteed to supply what ever was lacking.

It was an extremely good-tempered crowd and the cheering was immense and when the final return was made, and "General" Wood announced that with the amount forthcoming from mail appeals the $100,000 was assured, pandemonium reigned.

After Commissioner Rees had returned thanks the band played "Praise God From Whom All Blessings Flow," and everybody shook hands with everybody else.

Large amounts in today's canvas were: $5,000 by Mr. E. R. Wood; Hon. A. E. Kemp and G. P. Grant; $2,500 by Sir Henry Pellat; $1,000 by Messrs. W. A. Kemp, Hon, George A. Cox, F. H. Deacon and First brook Brothers.

Thrilling Crossing Accident

Coaticook, Jan. 28.—A miraculous escape from death occured here yesterday afternoon. Mrs. Regis Duquette and her daughter-in-law were driving across the track in the lower town and did not hear the noon Grand Trunk Railway express coming. The engine struck their sleigh and smashed it to pieces. Both ladies were hurled from their seats, and landed on the cowcatcher of the engine, where they clung, and were carried for some distance. When the train was stopped, and the women removed from their perilons position, it was found that Mrs. Duquette had a broken leg, and was badly bruised. The other lady was not badly injured.

Ottawa Laborer Killed His Wife; Took Paris Green

Ottawa, Ont., Jan. 31.—Cyrille Lepage aged 45, a laborer at the Booth mills, who came here from Quebec a few years ago shot and killed his wife, aged 40 and then commited suicide by taking paris green at their rooms 87 Broad Street, shortly before noon today.

According to the woman's mother, Lepage came home this morning and said he was going to kill his wife and himself. The mother rushed out to summon the police but when assistance arrived Mrs. Lepage was found with two bullet wounds in the head, and the man had taken poison. Mrs. Lepage died en route to a hospital and Lepage about half an hour later.

Spelling Contest And Debate

Not withstanding the inclemency of the weather on Friday afternoon the C. P. S. L. S. was well attended, and the visitors expressed themselves as being well pleased with the work done by the juvenile contestants. The box ofchocolates offered as a prize in the spelling contest, was won by Pearl Merkley. The Debate, "Resolved that the Pen is mightier than the Sword in bringing about reforms," was so closely contested that the guests declined to name the victors. The affirmative was supported by Gerald Huxtable, Vera Johnston and Pearl Merkley; while on the negative were Graham H. Stevens, Bobs Lawson and Malcolm Sanders Francis Stevens sang a solo very sweetly. Recitations were given by Nina Merkley, Jack McGee and Carl Rice. Lloyd Bolster was class editor for the week and read a paper on "Current Events." The valedictory given by Merwin Becket brought the programme to a close, after which the visitors were invited to join the school in singing the National Anthem.

Another open meeting of the Literary Society will be held at the close of the term, when parents will have an opportunity of noting any improvement that may be made in the work of the children.

VARICOSE VEINS CURED

NO NAMES USED WITHOUT WRITTEN CONSENT.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on Varicose Veins. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dreaded it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy & Kennedy, as he had taken treatment from them himself and knew they were square and skillful. I wrote them and got THE NEW METHOD TREATMENT. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn $12 a week in a machine shop before treatment, now I am earning $21 and never loose a day. I wish all sufferers knew of your valuable treatment.

You can rip sod land with the CLIMAX and a 3-horse team—so it MUST be built strong! Yet the teeth won't smash if they strike a stone—their joints unlock and fly back to pass over unharmed.

The War against Consumption

Dr. P. J. Maloney, Provincial Health Officer for Eastern Ontario addressed the Council on the changes in the Public Health Act, and also on the work of the Provincial Board of Health is carrying on.

After a few opening remarks Dr. Maloney said that war against consumption was taking a great deal of the Board's attention. Up to the present time there has been no cure discovered for consumption. The best results in dealing with this disease are obtained by waging a battle all along the line. Some communities in this country have been able to reduce the number of cases fully 50 per cent.

The Provincial Board of Health of Ontario, have a scheme by means of which they hope to meet direct each person suffering from consumption. The plan is that within 12 hours of the discovery of a tubercular case, the physician in attendance must report the case to the local officer of Health, who reports all cases weekly to the Provincial Board. On receipt of this advice the Board will send a sealed letter to the patient, giving instructions how to conduct himself with regard to fresh air, diet, mode of life and particularly how to prevent the infection of other members of the family and the general public.

At this point Dr. Maloney stated that medical men are satisfied that consumption is not hereditary at all, although that conviction is pretty strongly fixed in the minds of some people, and the explanation given why so many members in one family die, is that consumption is a disease of contact.

Another change in the act is that hospitals receiving government aid are compelled to take consumptive patients. Sanitoria are being established at London, Kingston and other centres. There is a provision in the act that indingent persons will be treated in these institutions free of charge at the expense of the state.

Dealing with prevention of typhoid, Dr. Maloney said that Germany with 60,000,000 people had only 2000 cases of typhoid, "I would be ashamed" said the speaker, "to mention the number of cases in Ontario."

As a preventative of this disease in small municipalities, Dr. Maloney would recommend septic tanks for the disposal of sewage.

The Canadian and American Governments have a joint commission, which will this summer look into the pollution of boundary waters from Duluth to Cornwall. In regard to inland rivers and lakes it is unfair that any town should so pollute the water that further down the stream it could not be used by farmers or others. When our rivers, streams and lakes are free from sewage contamination, it will have a very beneficial effect on the people generally. Dr. Maloney closed his address by saying that he would be pleased to answer any questions on the public health and the carrying out of the Public Health Act, that councillors wished to put to him.

On motion of Councillors Dr. Munroe and Dr. Marcellus, a vote of thanks was extended to Dr. Maloney for his able exposition of the work being done by the Provincial Board of Health.

Dr. Maloney acknowledged the vote of thanks and was then questioned for some time by the Councillors.

Council then adjourned in order to give the members an opportunity to visit the House of Refuge.

Council reassembled at 5o'clock.

The following by-laws were put through.

No. 1669, appointing D. Robertson, Lochiel, Warden, Chairman, Dr. E. H. Marcellus, Finch, and W. G. Timmins, Mountain, a Board of Management for the House of Refuge.

No. 1671, to extend for a period of one year, the time for sale of non-resident lands for arrears of taxes

CONCRETE watering-troughs and feeding-floors help to keep your live-stock healthy.

HORSES and cattle watered from a concrete trough are less likely to contract disease. Concrete is sanitary, easily cleaned — does not rot or leak. Once built, a concrete watering-trough will last forever. You need never waste time "patching it up." Like all concrete improvements, its first cost is its final cost.

MANY diseases of hogs are directly due to feeding from the filthy, unwholesome mud of the barn-yard. This manner of feeding is also wasteful, because the grain is trampled into the ground, in such a condition that not even a hog will eat it. Concrete feeding-floors, with concrete swill-troughs are clean, sanitary. They keep hogs in better health and save feed.

WATERING-TROUGHS and feeding-floors are only two of scores of valuable, every-day improvements that may be made of concrete. All are fully described in our 160-page, illustrated book,

"WHAT THE FARMER CAN DO WITH CONCRETE"

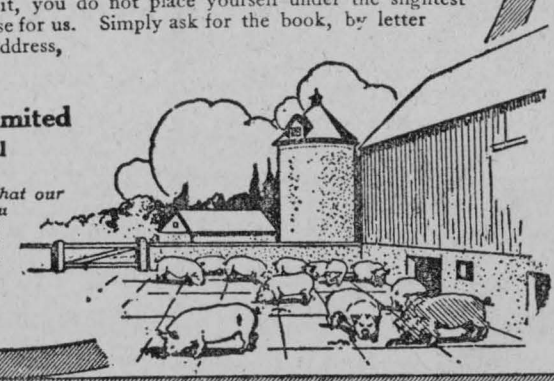

sent free to any farmer upon request. This book has shown thousands of Canadian farmers how to make their farms more profitable. In asking for it, you do not place yourself under the slightest obligation to buy cement, or to do anything else for us. Mr. J. A. MacEwen Dead.

After a brief illness, the death occurred of the late Mr. John Alex-MacEwen at his home in the 5th Con. Roxborough. The funeral to Maxville was held subsequently, the church being filled with sympathizing friends. The service was conducted by the Rev. J.T. Daley, who fittingly referred to the faithful and benevolent life of the deceased, who leaves three sons, John Henry and Vincent, residing near Maxville, and two daughters, Mrs. J. A. MacLeod, of MacKimmon, and Mrs. A.D. MacRae, New Liskard. For many years the late Mr. MacEwen was a member of the Township Board and Deputy Reeve. Although he had reached the age of eighty years, he was active to the last.

Travers' Toronto Trips

Toronto, Feb. 2.—With the death of Dr. Beattie Nesbit, Walter R. Travers' little jaunts to Toronto from Kingston have ended. Travers was taken back to Kingston yesterday, in company with two other prisoners, by the sheriff's officers, to serve the rest of his five-years sentence. Travers had been in jail since Nov. 9, where he was held pending the trial of Dr. Nesbitt. Since Travers was sentenced he has made many trips to Toronto over investigations arising out of the Farmers' Bank case.

Wouldn't Cut Allowances

Brockville, Feb. 2.—Reeve Britton of Gananoque at the session of the counties council just closed, introduced a resolution to reduce the per diem allowance of the members from $5 to $3 per day, and also making a reduction in the travelling expenses. It appeared that some of the members on the hustings declared against the high figure and to test their sincerity, Mr. Britton made the motion.

He and the seconder, Dr. Scott of Merrickville, were the only two to support the cut. The other twenty-eight members voted nay.

The council refused to make the annual grants to the two Brockville hospitals for the treatment of charity patients from the counties. They preferred that the townships should settle for the keep of indigents under the terms of the new act which makes the municipalities liable.

Indemnity Payments to Commonns Members.

Ottawa, Jan. 31.—Some members of parliament who are usually conspicuous by their absence from the sittings of the Commons are sometimes likely to be conspicuously present in the Auditor-General's report. Volume two of the report for the past fiscal year, tabled in the Commons, includes the list of payments to members on indemnity account. Sir Rodolphe Forget was absent last session only six days over the fifteen days allowed under the rules of the House during which a member can be absent without forfeit of $15 per day. He drew $2,410 in sessional indemnity. Sir Edmund Osler, M.P. for West Toronto, who is another rare visitor, was absent 55 days last session but drew $1,900 indemnity. Edmund Bristol, M.P. for Centre Toronto, was absent 38 days, and drew $2,155 indemnity. Hon. George E. Foster and A. Claude Macdonell, the other Toronto members, were more faithful attendants, and got their full indemnity. W.F. McLean, M.P., reported 22 days' absence, and drew $2,245.

Strathcona May Resign Shortly

Ottawa, Ont., Feb. 3.—The rumor has revived at Ottawa that Lord Strathcona will resign very shortly as Canadian High Commissioner. It is well known that he wanted to resign some time ago, and continued in the position only at the express wish of the Government. Two names are prominently mentioned as successors: Sir Hugh Graham, of Montreal, and Sir Edmund Walker, of Toronto.

Not the Same Diamonds.

Chief Smyth of Cornwall has recieved reveral enquiries from distant points regarding the diamonds found in the paper waste at the Mille Roches Paper Mill last week. One lady, Mrs. W. B. Lawson, of Central Park Place, New York, states that last summer an old pink bag containing jewellery disapperaed from her cottage at Sea Cliff, near New York and seeing the report about the finding of the diamonds in Cornwall she thought they might possibly be her property. A description of the lost jewellery is given but it does not correspond with what was found at the mill.

Another letter was recieved from Lieut. J. F. Abboti, of the New York Fire Dept., whose sister-in-law lost about $2500 worth of Diamonds, all in rings, while house cleaning last June.

By the way, the finders of the diamonds do not appear to be able to arrive at a satisfactory understanding as to the division of the articles and there is a possibility of a lawsuit to settle the question of ownership.
