# Present Pictures of Destroyer "Iroquois" To Village

The Captain of the first Canadian naval ship "Iroquois" and now Rear-Admiral Daniel L. Hanington, accompanied by Major Craig Carpenter, presented the Iroquois Village Council with two full colour pictures of the new destroyer "Iroquois" which was commissioned July 29, 1972. In attendance at the presentation were representatives of Branch 370 of the Royal Canadian Legion, as well as the village Council. Reeve Lloyd Davis expressed Iroquois' appreciation for the fine gifts to the community. The ship's bell from the first "Iroquois" was presented to the captain of the new Iroquois at the commissioning last July with former reeve Ken Kirkby and Councillor Jack Fetterly taking the bell to Sorel and in return, brought back the new bell from the new ship and this is on display in the Iroquois Civic Centre.

R Adm. Hanington commanded the destroyer escort "Iroquois" from August 1955 to June 1957, following a distinguished naval career which saw him survive the sinking of the merchant cruiser Rajputana in 1941 and after serving on several other ships, was awarded the Distinguished Service Cross for "meritorious service before the enemy" in the Wetaskiwin for his part in the destruction of the submarine U-588. His rise through the chain of command brought him to his present rank in January of this year.

# *John McGowan Widely Mourned*

John Edson McGowan, a resident of Brinston for many years, passed away on Feb. 7, 1973, at Winchester Memorial hospital, after a short illness in his 74th year.

He was a very active member of Brinston United Church, serving on several boards, a man to whom the Church was his main interest. Not only was he always in attendance but worked hard to maintain the building in repair and also the parsonage.

No job was too difficult for him to tackle, right up to the time he was taken ill.

He will be greatly missed by the church for the work he did.

A kind neighbour, always ready to help those in need, especially elderly folk, also to bring anyone to hospital to visit when they had no other transportation.

His last days were lived in testifying to the Lord whom he trusted in. His faith was encouraging to those who knew him personally.

The funeral was held in Brinston United Church on friday, Feb. 9th, with his minister, Rev. James Stewart officiating.

Interment to be in the spring at Spruce Haven Cemetery.

The Church was filled by his many friends and neighbours.

The sermon was one he had requested before his death taken from the 23rd psalm.

The choir rendered an anthem from the same psalm.

Rev. & Mrs. James Stewart sang a duet by request "In the Sweet By and By" accompanied on the organ by Mrs. Charles Coons of Prescott, formerly from Brinston.

The service closed with the hymn "Jesus, the Very Thought of Thee with Sweetness Fills my Breast".

After the service, the ladies of Brinston Church served a light lunch to the friends and relatives in the church parlour.

The many floral tributes and memorial cards showed the esteem the friends of the late John McGowan felt towards him.

# *Mrs. W. B. Reynolds Hosts Hanesville U.C.W.*

On Feb. 6the Hanesville U.C.W. met at the home of Mrs. W.B. Reynolds. The President opened with Psalm 23 followed by prayer. Thirteen members answered the roll call and three visitors were present. After the business meeting, Betty Falkenberg took charge of the programme. Hymn 388 was sung and Iris Murray read Ruth 1 verses 1 to 8 and 14 to 17. Discovering Neighbourhoods was read by Betty followed by prayer. Ethel Reynolds read the potato that preached a sermon" and Lil Hanes read "A Romantic Walk". Hymn 374 was sung. Mrs. Falkenberg introduced our guest, Mrs. Darcy Primrose, who gave us a commentary and showed pictures of her stay in Israel and visit to England; which were enjoyed by all. Gwen Hanes thanked Marnie on behalf of the people present.

A social hour followed and Mrs. Murphy thanked Mr. & Mrs. Reynolds and everyone that took part for making an enjoyable evening.

# Cubs and Scouts Activities Increasing

The winter activities for cubs and scouts are in full swing. The cubs had Winter Sports Day on Feb. 4th at Chesterville with a large turnout. The Iroquois boys won both hockey games. The scouts' Winter Sports Day will be held in Spencerville later in March when the ice time can be arranged.

The cub mothers are busy working with the club leaders providing special Indian costumes and accessories for the June campout. There will be more concerning this event later on and the spring campout for the scouts in May.

During the annual Scout Week, this year from Saturday Feb. 17 to Sunday Feb. 25th, there will be two activities to commemorate the founding of this association. The first will be the St. Lawrence District Scouter's Dinner and Dance at Prescott on Feb. 24th. The second event will be the 1st Iroquois Cubs and Scouts church service to be held in St. Cecilia Roman Catholic Church on Feb. 25, at 9:30 a.m.

The annual Father and Son Banquet is to be held on Sunday, March 4, at 6:30 in the Iroquois Civic Centre. The boys really look forward to this event each year, as a family affair. The mothers are being asked to help plan and serve this meal. At this banquet, Mr. Fowler, the Scoutmaster, will demonstrate and show slides on "Canoe Tripping in Algonquin Park". Many of the hints will be given from his own personal experiences to show that this type of holiday can be enjoyable and relaxing. We hope that many former cub and scout leaders will take this opportunity and come to the banquet to enjoy an evening of fellowship.

## REGIONAL WHAT ?

The word "regionalization" has become a bit of a dirty word in many parts of Ontario. Perhaps most of us aren't so much interested in change as we are in "letting things be".

Plunging ahead in some regional areas of Ontario, the provincial government has done a good job of amalgamating the forces at hand to provide a better "community base of operation" to help keep costs/down and provide the services we all want.

The last part of the sentence sums up the real problem we face. We all keep wanting a bit more each year from the governments in Toronto and Ottawa, and as we demand more and they take over more and more of our responsibilities, we continually lose the change to govern ourselves and the opporunity to shape our own futures.

We can't blame our problems on the word "regionalization". There's nothing wrong in grouping things together to make them better and more useful for all concerned. Certainly we may not always be happy with the application of these principles, but that is up to us to see that the decisions made are properly applied. It is up to us to see that the people we elect to office do the things we want done and in the manner in which we want them to perform.

Canada is still a country of the people and for the people. Certainly our system of government has its shortcomings. What government hasn't?

At least here in Canada we can still stand up and say what we think and work towards a change in something we don't like, without being thrown in jail or persecuted. The biggest problem we face is that most people don't give a hoot about standing up and fighting. They would sooner sit back and let the governments of this country do what they feel they should, and then we Canadians sit back and complain.

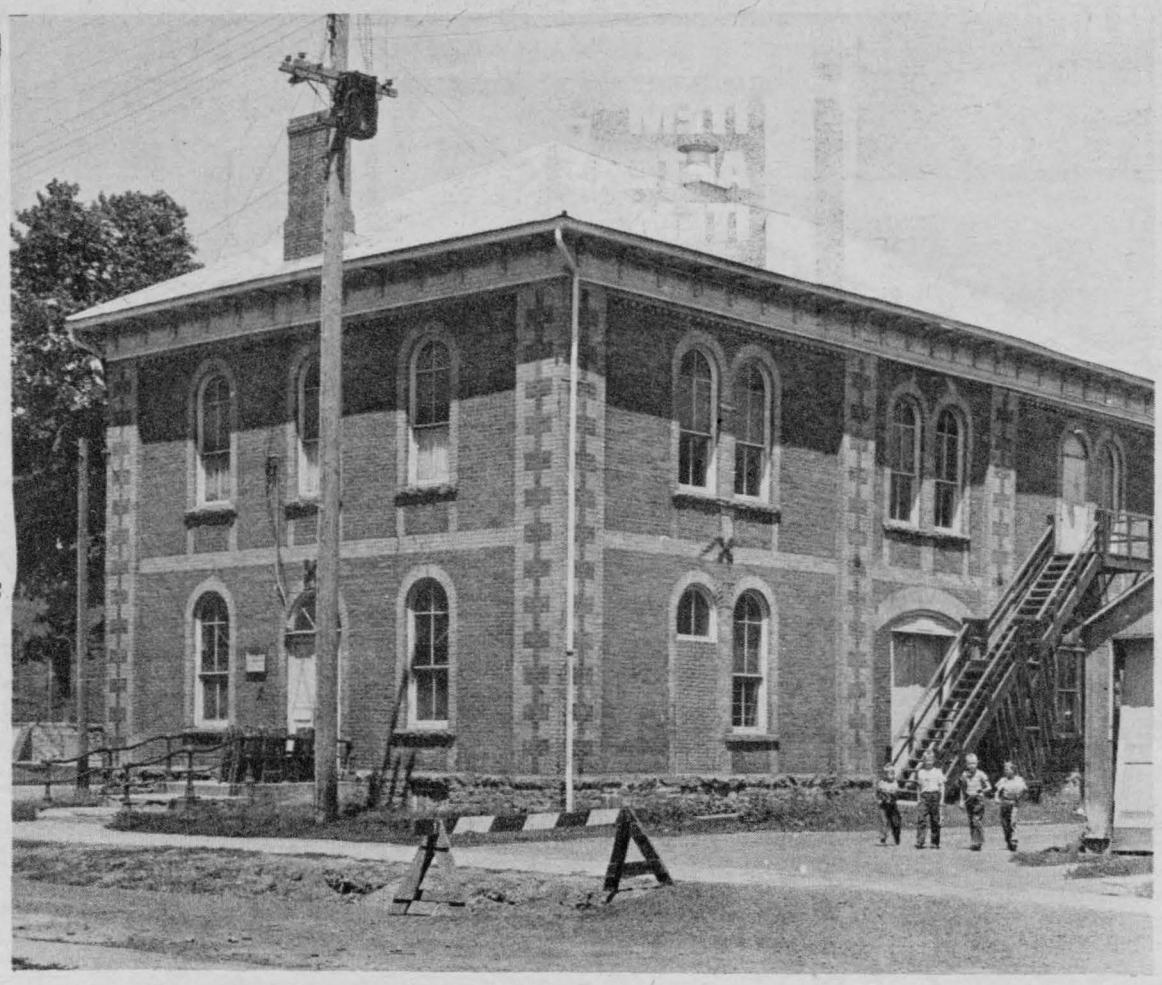

Next time out why not stand up and be counted. Why not write a letter to your Member of Parliament if you don't like the stand he has taken. He or she will appreciate your interest and your advice and in that way you will have added your voice to government and to governing your own life.

It's difficult to say we are against regionalization when we know so little about it. The first thing to do is delve into the problems that face our communities and see what advantages and disadvantages there are to amalgamating certain services. Sound judgment in our decisions after careful examination will not lead us too far out of the way in the coming years . . regional or local.

## REMINDER OF THE PAST

Mr. Lee McKnight, a former resident, came to Iroquois Monday night to speak to the local Lions Club and guests, taking the audience on a memory trip into the past.

It was a delightful reminder of how life in Iroquois developed over a 70-odd year period and we thank Mr. McKnight for the experiences he shared with those who came out to hear him.

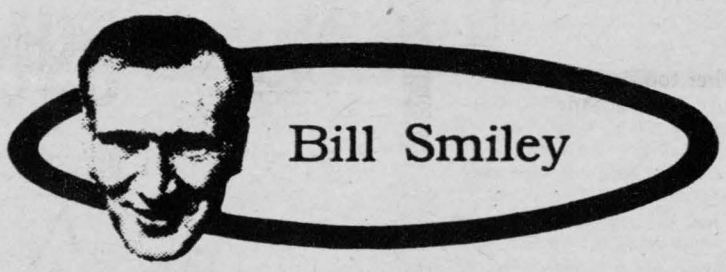

## The Old Iroquois

## *The Old Town Hall*

Back in 1956 Iroquois had this building as its town hall. It accommodated a great portion of the life of the community and had as some of its uses, the Council Chambers, the Fire Department, the village library, a good kitchen and auditorium upstairs. For those who recall those days prior to the Seaway, many happy memories come flooding into mind. Among the four boys in the picture, we've been assured that one is Jeff Beaupre and two are McCurdy boys.

### HOW REVOLTING CAN MAN GET?

by Bill Smiley

As many a sage has remarked, man is a curious animal. He is the only species that will kill others of his own type in either hot or cold blood. And he is the only animal, including the much-maligned hog, that will eat anything and drink practically anything.

Carnivores eat meat. Herbivores eat herbs. A few species like to vary the diet with some nice, ripe carrion. But man will eat anything that grows, walks, swims or flies, including himself, if he's hungry enough.

Thus we have a proliferation of such delicacies as seal flippers, cod's tongue, canned snake, fried grasshoppers, frogs' legs, bees and ants in chocolate. What other species could stomach birds' nest soup or year-old eggs? Not to mention haggis.

Prince Hamlet said: *"What a piece of work is man! how infinite in faculties! in form and moving how express and admirable! in action how like an angel, in apprehension how like a god! the beauty of the world! the paragon of animals!"*

What a piece of work indeed! Man will eat anything from guts to nuts.

For many, there's nothing tastier than fried liver, baked stuffed heart, kidney pie and — almost unbelievable — tripe, that exotic dish made from the lining of a cow's stomach. It's not hard to figure out where the expression "That's a lot of tripe" came from.

Those are just a few categories in the guts department. At the other end of the scale, among the nuts, are such things as hickory, hazel, chest, wal, pea and sweetbreads.

No self-respecting goat would eat and drink some of the things the "paragon of animals" stuffs into his quivering, reluctant stomach. Dill pickles, kippered herring, cold tongue, hot curry. Never mind the juice of fermented grapes, and cheese crawling with maggots. No wonder we smell peculiar to other animals. Ever noticed how dogs and cats sniff us and walk away with a disgusted look?

How cavalierly we treat those long-suffering stomachs, of which we are issued only one for the duration.

Breakfast. What a way to start a day! A glass of icy orange juice, followed by scalding coffee. Then some cereal, the rougher the better. Then a few slices off a pig's bum, accompanied by a couple of hens' children.

Toss is a couple of vitamin pills, with dear-only-knows what poisons in them, and we're ready to face the world. No wonder the world looks pretty grim.

When I was in prison camp, there were rats about. The Germans kept quite a few cats around to control the rat population. One day the camp commander, who had a sense of humour, posted a notice in each barracks: "Anybody caught eating long-tailed rabbits will be severly punished." Yep. The boys were eating the cats.

The French have horsemeat butcher shops. Some Asians consider there's nothing sweeter than boiled, baked or fried dog. Some Arabian tribes cook a whole sheep, and the most succulent part of the meal is sucking out the eyes. An Eastern version of oysters on the half-shell.

Of course, Canadians would never touch such things. We confine ourselves to such treats as shepherds' pie, consisting of ground-up, used-up shepherds, toe nails and all. At least they seem like toe nails when you crunch down on one.

This may all seem irrelevant to the great issues of the day, and it is. But it's a lot deeper than it seems at first glance.

I began thinking of man as guts when somebody told me a chap had spent 32 days or something in a cabin up north and had survived by eating mice. It was an intriguing thought.

Can't you see him sitting there, drooling, as he turned a mouse on a spit? Can you understand him deciding to have a cold lunch of haunch of mouse, with a salad of pine needles and cedar buds, served on birch bark?

Can you see him munching a mouse drunstick for a bed-time snack?

Or worrying, like any perplexed housewife, about whether to have a rump roast of mouse, or a standing rib roast, or hot sliced mouse tongue?

And deciding the hell with it, he was going to splurge tonight and have filet of mouse! It boggles the mind.

## IN MEMORIAM

Casselman - In fond and loving memory of a dear father, Colin S. Casselman, who passed away Feb. 7, 1966.
He suffered with courage, he never complained.
He thought he'd get better, but all was in vain.
So God called him home to his garden of rest
For he knew very well he was one of the best.
Always remembered

LEWIS - In memory of our dear mother, Sarah Helen Lewis, who passed away Feb. 8, 1972.
We do not forget her.
We love her too dearly
For her memory to fade
From our lives like a dream.

When our hearts mourn sincerely
For grief often dwells
Where it seldom is seen.

# That Expensive Black Walnut

Thirty-five people attended the public auction held in Mr. Erdley Finch and his son's woodlot near Mapleton, Ont., on December 7 and only six entered the bidding but the sale received a great deal of local and national coverage from all media.

The interest lay with the unusual item being sold here in South-western Ontario - one black walnut tree. The top offer for this specimen, which contained 750 board feet of timber suitable for veneer, was $5,050.

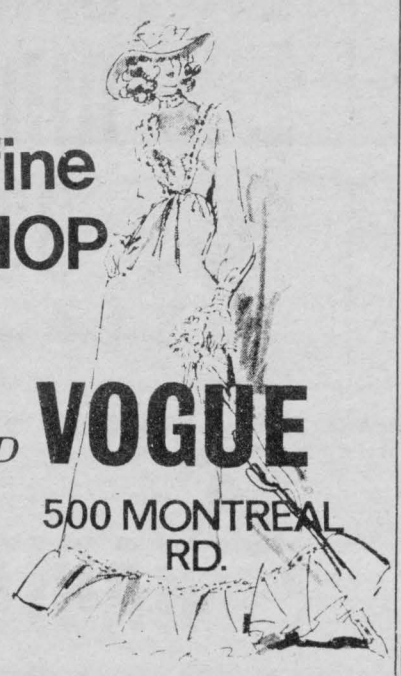

The featured tree was of the highest quality with a large diameter (32.5 inches at breast height, 4.5 feet above the ground), straight stem, free of knots and defects and excellent colour in the heartwood. These qualities were clearly demonstrated by ministry of natural resources staff in advance of the bidding. When the successful bidder, Mr. Gary Patterson of Lewiston, N.Y., cut the tree down three days later, it was clean and

Four of the winners at Snowmobile Rally. Left to right: Gary Bouck, Cephus Sypes, Arnold Grey, Duane St. Pierre.

Three of the winners at Snowmobile Rally. Left to right: Bob MacIntosh, Dale Casselman and Ford McCaslin.

With the weather man playing havoc with the plans for the Royal Canadian Legion's 4th Annual Snowmobile Rally, the rally competition had to be officially cancelled.

However, in no way did the weather dampen the spirit of the entrants, as over 230 participants and their ladies attended the dinner and dance.

A very delicious feed of chicken and chips with all the trimmings was served by Norma Claxton, Norma Delegarde, Phyllis Leckie, Lil Roberts and Mabel Roberts.

Over 115 couples danced their cares away to the smooth dance styles of the Rhythm Incorporated Orchestra.

The following participants won door prizes in lieu of trophies, as the trophies' competition was cancelled until the 1974 Rally.

April Beckstead, Ruth Collison, Betty Locke, Dixie Mullin, Connie Rice, Jacques Asselin, John Barris, Garry Bouck, Don Beattie, Mac Casselman, Wayne Gurnhill, Arnold Gray, Paul Lalonde, Ford McCaslin, Bob McIntosh, Al MacKinnon, Norman O'Neil, James Primrose, Perry Robertson, Duane St. Pierre, Cephus Sypes, W.C. Stewart, Norm Tinkler and Ron Whitteker.

The winners were awarded prizes through the courtesy of Williamsburg Sport Shop, Stampville Snowmobile Club, Pinkus Auto Parts, Williamsburg, Ken Strader, Iroquois, New York Cafe, Iroquois, Don Thompson, Iroquois, Denzil Prunner, Iroquois, John Wilson, Iroquois; W.C. Stewart, Iroquois; Ralph Van Allen, Iroquois; Canadian Tire, Williamsburg; Jack Saver, Iroquois; Ron Whitteker, Iroquois; Sports Barn, Kemptville; Lee Shaver, Iroquois; S & F Food Market, Iroquois and Fetterly's Garage, Iroquois.

To these donors of assorted prizes goes a hearty vote of thanks from Branch 370 for their generosity and community interest.

The Branch wish to remind all snowmobile enthusiasts that the Iroquois Winter Carnival Snowmobile Rally, Dinner and Dance will be Sat. Feb. 17th at 12:00 noon. The dinner and dance will be held at the Legion Hall, Iroquois. Tickets are available from Mrs. Helen Smith, Ed Hitchinson or the bar steward at Branch 370.

Plans are rapidly being prepared for Slalom Races in the immediate future. A further press release will be released regarding the proposed races as soon as details are finalized.

Members are reminded that general business meeting of Branch 370 are held the third Thursday of each month, with the next general meeting scheduled for Feb. 15th at 8 p.m. sharp. Join the Legion in your region. If a veteran, why not a Legionnaire?

Ray Delegarde, chairman of the Branch's 50-50 draw, conducted the latest draw at the Snowmobile Dinner Dance on Feb. 3rd. The winner of the draw was ticket number 3662, that of Mr. Joe Roberts.

Comrade Delegarde urges all members to pick up a book of 50-50 tickets and assist in selling these tickets before the next Ladies Night Dance on Feb. 24th.

Recently, Mr. Lee Merkley has taken several photographs of special events held at the Branch or sponsored by the Branch, of which the Branch is most grateful to Lee for his excellent co-operation, which adds much to the "Legion Bulletin" as it appears regularly in the Iroquois Post.

In addition to the Ladies Auxiliary for their services provided at the recent Snowmobile Rally - we would be remiss if the entire membership - executive and sports committee, as well as many other proples too numerous to mention would be offered a vote of thanks for assisting in making the events a success considering the weather conditions. Many thanks to one and all and better luck with the wea-

The Royal Canadian Legion Branch 370 sponsored their Annual Public Speaking Competition for elimentary school students on Friday Feb. 9th at the Iroquois Public School.

Realizing there were only nine children entered into the contest, the calibre of the contestants were of the highest quality. The entries were submitted from the Iroquois Public School and Saint Cecilia's Separate School.

The Junior and Senior winners Mark Smith and Jennifer Payne will now advance into the Royal Canadian Legion's Zone "G" competition in Kemptville, on Sunday, March 4th.

Mr. Roberts wishes to commend the judges for assisting in the project, as well to compliment all the contestants for an excellent effort. Congratulations to all nine young prople for a very successful evening.

Mr. Roberts further wishes to thank the people who were in attendance to hear the speakers and hopes that more students and parents will participate at the next Public Speaking Competition.

A ministry spokesman believes that, in terms of local impact, this sale will inform woodlot owners of the value of trees and the strong demand for good timber. "Hopefully, the sale will also encourage walnut owners to seek advice on improving young trees so that they, too, can achieve a maximum gain upon maturity," he said.

# Letter To The Editor

Sir:

A few weeks ago, you published a letter I submitted to you in regards to re-organizing the Iroquois Brownies and Guides.

Today, I am pleased to mention that it aroused considerable interest in the project.

Many mothers and teen-age girls have approached me, offering their assistance. Therefore, Mrs. Leona MacIntosh and Helen Smith have made arrangements to have Mrs. William Purvis, the St. Lawrence District Brownie and Guides Commissioner, to serve as guest speaker at an organization meeting in early March.

A display ad will appear in your paper, announcing the exact date of this open meeting.

It is hoped more mothers, former leaders and any interested parties, as well as representation from Ladies Organizations in Iroquois, will rally behind this project.

Further, it would be appreciated if those interested citizens would contact the two ladies mentioned above or myself to avail themselves to attend this very important meeting.

Remember, our youth is our most important product now and for the future.

We, on behalf of every young girl in Iroquois, do wish you will respond and co-operate in this very important endeaver.

Sincerely Yours,
Leo DeBellefeuille

Dear Sir:

Members of the Session of Knox Presbyterian Church, having due regard for the rights of snowmobilers to use their machines in the parklands of our community, would solicit a similar due regard for the rights of Knox worshippers to participate in the 11 a.m. to 12 noon service on Sunday mornings without the disruption of same by undue noise and commotion outside of the church building.

Unfortunately some snowmobilers have been running their machines close to, and in the park area directly behind the church building, during and at this appointed hour of worship. Due consideration would be appreciated.

Respectfully submitted

One person we will give special and honourable mention to is Mac Anderson. Mac worked long and hard towards the success of the rally, then rather suddenly, Mac suffered a seizure and was admitted to hospital. From all reports, he is resting comfortably and everyone at 379 wishes Mac Anderson a very speedy recovery!

A' so, the deepest sympathy go goes out to the family of the late Len Serviss, R.I.P.

Remember members this month is being observed by the Ontario Heart Foundation as "Heart Month", will you do your share to help heart research? Give... so more will live!

Is your Legion Dress Complete? Order what you need now! See Fred Goodmurphy for details.

Some folks are given credit for being good when they are only growing old.

Getting married is something like going into a restaurant with friends. You order what you want, then after you see what the other fellow has, you wish you had taken that.

If you know of anyone ill at home or in hospital, please notify comrades Louis Bailey, Fred Goodmurphy or Len Roberts.

At the regular Canadian Legion Ladies Night Dance held Sat. Feb. 10th, a draw for a home-made rug was won by Mrs. Audrey Moke of Iroquois.

We wish to welcome into the Branch our new steward, Ken Martin. Welcome aboard Ken, and may success be yours at 370.

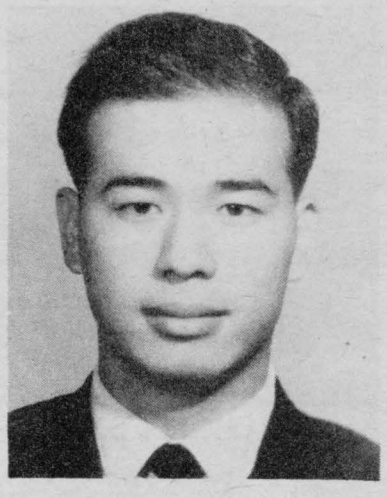

The members and guests in attendance at the branch on Jan. 30th enjoyed an excellent 26th NHL All Star Game and were treated to a feed of cheese and crackers. If this was appreciated, it could be repeated at future sports events on the tube while in attendance - a fine gesture by the executive.

It certainly is a pleasure to see comrade Paul Claxton back visiting the boys. Welcome back Paul, and hope your health continues to improve.

In speaking of Paul, it reminds us to mention that his dad, Harry Claxton, a life member of Branch 370, is now a resident of Cornwall and would welcome his many friends to drop in and have a chat with he and his wife when you are in the Cornwall district.

A reminder to all veterans, ex-servicemen and women and dependents. The Royal Canadian Legion Service Bureau Officer, Mr. Ian Urquhart, Room 1002, 218 MacLaren St., Ottawa, Ont. K2P OL7, will be visiting in the area. Anyone wishing information, advise or assistance regarding war disability pensions, treatment, allowances, etc., is requested to contact the service officer of the local branch, Mr. Gerald Cornell at 652-4424 not later than Feb. 15th to arrange an interview.

Lee McKnight Reminisces About Old Iroquois

"HERB AND I PLAYED TOGETHER AS KIDS"

# Lee McKnight Reminisces About Life in Old Iroquois

Herb who? Herb Caldwell, who took his father's infant towel-making business, and set the foundations for the present Caldwell Linen Mills in Iroquois

With intimate personal recall of the Iroquois most of us never knew, Lee McKnight led us back to the opening years of this century in this Village. He was the Lion's 2nd Anniversary speaker, and on Monday evening he laid to rest the nonsense that history is a bore!

Lee McKinght, in his quiet and dignified manner, seemed to make us hear once again the laughter that comes with the visit of a travelling minstrel show in our Village. Through him, we could feel the excitement of the "Britannic" or the "Alexander", sidewheeler steam boats making ready their departure down the river for Montreal. Or perhaps it was the daily steamer plying between Waddington and Ogdensburg, with the regular stop at old Iroquois.

The St. Lawrence River had always been a major factor in the life of this serene village. So much of what Mr. McKnight spoke about, concerning the years up to 1910 when he left the village, centered around this factor.

Point Iroquois seems to have remained firmly etched in his memory. He remembers seeing the last of the timber rafts, coming around the bend of the river, with clothes lines on board fluttering in the breeze, shooting the rapids on their way to Montreal. And if it wasn't the rafts, it was the "Rapid King" or the "Rapid Queen", which had picked up passengers from Toronto at Prescott, where they changed boats in order to descend the turbulent waters.

Gypsies were a common experience on the Point, with the men trading horses on the local scene, and the women coming in to town to shop. In a more cultural manner, the Point was the location of the Methodist-sponsored "Summer School."

But perhaps the most indelible memory Lee McKnight claims, is how on a clear June night, one could see "coming round the bend" thousands of eels like a shimmering carpet, on their way to the open sea after spawning up-river.

Iroquois for young Lee McKnight was the place of several "firsts". In the days when grown-ups talked of the wonders of Admiral Perry reaching the North Pole, and of the great St. Louis Fair, he saw his first automobile, owned by one Will Marsh. He heard his first phonograph player, the kind that used the cylindrical recordings. He saw his first motion picture: "The Great Train Robbery". It was the dawn of many new adventured in living for the boy who "played on the wooden sidewalks about 1907."

In 1921, the young man, Lee McKnight, heard Herbert Hoover, a future American President, say in Ogdensburg, that a seaway along the St. Lawrence River was inevitable. From then on, a "sword of Damocles" hung over the Iroquois he had known as a boy. Politicking in the American Senate held off the inevitable for a third of a century. But the sword finally fell in the 1950's, and the old Iroquois passed into history.

In words that reflected a profound respect for those who lived here before us, our speaker said, "Tonight we are standing on the sholders of the old Iroquois... they went through their 'future shocks.'" There was no lasting regret for the change, but a call to remember their story of sacrifice, to build on it with the greatest of care, in this present "re-incarnation of Iroquois."

See Page Four

Mr. McKnight was the second of special speakers during Iroquois Lions Club's 25th anniversary year and was introduced by Lion Ken Kirkby and thanked by Lion Roland Johnston. The dinner was held in the Civic Centre with Lion President Peter Swank presiding.

Zone Chairman Gerry Flucke of Winchester paid his official visit to the club.

# Mrs. K. Perry Hosts Knox Ladies

The Knox ladies held their Ladies Aid meeting at the home of Mrs. K. Perry last Monday at 2 p.m.

During the absence of Miss N. McGowan, Mrs. K. Perry opened the meeting with a hymn followed by prayer.

The scripture lesson was read in unison.

Minutes, roll call and correspondence were read and approved by Mrs. Moke.

Mrs. J.B. Fenton, treasurer, gave a very interesting report.

Plans were made for our annual St. Patrick's tea and food sale March 17th, 2:30 to 4 p.m. in the church hall.

The meeting was closed with a hymn followed by prayer by Rev. J.J. Hibbs.

Refreshments were served by the hostess and thanked by Mrs. M. Hyslop.

# Iroquois Midgets Eliminate Athens

Iroquois Midgets defeated Athens 4-2 on Sunday to take the first round of League playoffs three games to one. The first game was awarded to Iroquois when Athens failed to ice a team on time. Although Athens were winners in the second game by a 3-1 count, that game too was awarded to Iroquois as an ineligible player was on the ice for Athens.

Last Tuesday in Cardinal Athens defeated Iroquois 3-0. Athens was on top of Iroquois throughout the entire game and made the most of the Iroquois mistakes.

In Sunday's game Don Adams was outstanding as he came up with two goals. Darcy Casselman added the third goal on a beautiful setup by Wayne McKee. Kevin Merkley put the final goal into an empty net. Iroquois now advances to meet Morrisburg, the League's first place finishers.

The Novice B team with a few "A" players filling in for each game, played three times on the weekend. On Friday night, the boys suffered a 3-1 loss to Cardinal Novices. Darren Hall scored Iroquois' lone marker. Saturday afternoon saw Iroquois take a 1-0 victory over Cardinal. Mike Tryon was the marksman in that one. On Saturday night, our Novice B's defeated Prescott 2-0 on the strength of Tim Patterson's two goals.

On Tuesday, Iroquois Tykes were big winners in Morrisburg, coming out on top of a 9-1 score. Mike Veltkamp scored three times and Tony Picotte added two more. Singles came off the sticks of Andy Lee, Darrin Hall, Will Traynor and Jeff Kirker.

On Saturday night the boys suffered an 11-1 loss at the hands of Cardinal. Andy Lee scored in that one. Sunday saw our boys lose again, this time by a 2-0 count.

The Novice "A"s played the Prescott All Stars in Prescott on Thursday and lost a squeaker 2-1. Tim Patterson was the lone marksman for Iroquois.

Our Atoms suffered a 2-0 loss against Prescott on Thurs. night. The Prescott goalie played an outstanding game, stopping everything in sight.

On Sat. afternoon, Edwardsburg were the visitors and were handed an 8-0 defeat. Scott Brennan opened the scoring early in the first period and Iroquois never looked back. Pat Moran and Kent Holder added other first period goals. Steve Eddy, Bruce Graham, Ken Lapier, Kevin Brown and Graham McMartin scored the other Iroquois goals in succession. Graham McMartin with one goal and three assists, and Earl Nesbitt with three assists were the top point getters in the game.

The Pee Wee's, playing in Morrisburg on Saturday, went down to a 5-3 defeat. The boys bounced back to take a 3-2 win over Athens. Bruce Armstrong scored the winner on a blistering shot, after taking a beautiful pass from Mike Moran. Robin Adair and S. Bueley were the other Iroquois Marksmen.

On Monday night, the Pee Wee's lost a close one by a 4-3 score to Kemptville.

# SPORTS SLANTS

## News & Views

*by Leo DeBellefeuille*

The idea for this week's version of Sports-Slants came from a discussion with a reader of the column.

It stemmed from the article of Jan. 17th which was based on Minor Hockey Week in Canada. In the said release, on more than one occasion reference was made to the effect that "hockey was Canada's national sport".

When this reader questioned me about this particular column, prior to explaining the purpose of his question, he quized me on my reference to hockey and I answered him to the effect "Hockey is Canada's national game behind Lacrosse".

I am well aware that the game of lacrosse is truly Canada's national game. However, in this day and age, is that really true? Let us face the problem head on. In this nation, irregardless of the age of the participant, ask yourself, "How many people play hockey versus lacrosse in this country?'

Where has the pride for our national game gone? A few weeks back, we mentioned that Mr. Sonny Harrington was interested in having a minor lacrosse shcool in Iroquois, open to players, coaches and referees, and if anyone was interested in getting the sport established in this are, advise the writer. Regretably, not a soul responded to the offer. So!

Of course, Mr. Harrington is interested in lacrosse, as he is the Eastern Ontario Convnor of the Ontario Lacrosse Association. In turn, 1973 will present Junior "A" lacrosse in Cornwall, as they have been accepted into the Junior OLA and Sonny wishes to form a farm system for the promotion of the game in Eastern Ontario. With Cornwall in the OLA, we will be in a position this summer to view some of the finest lacrosse played at a junior level anywhere in North America. We should be interested and accept Mr. Harrington's proposal. Granted, this is not the season for discussing summer sports, but however, plans should and are being drafted now to get the programme operating. Going back to the opening paragraph, I thought it may be enlighting to bring a history of Canada's national game to your attention and to one reader in particular, we dedicate this column.

Lacrosse, probably America's oldest competitive game, originated with the North American Indians. When Jacques Cartier, Count de Frontenac, Samuel de Champlain and the early voyageurs sailed down the St. Lawrence River, they saw Iroquois Indians of the Six Nations engaging in a war-like sport called baggataway. The Indians passed and carried an animal-hide ball up and down a playing field, which had goals at either end. The game was played by means of a crooked stick with a rawhide bag or sack for throwing and catching the ball. This stick resembled a bishop's corsier or cross, prompting the early explorers to rename the Indian game "lacrosse". It is played in high schools, colleges and clubs in the United States, England, Australia and Canada, and is officially recognized as Canada's national game.

The U. S. Inter-collegiate Lacrosse Association was founded in the early 1880's and the rules of play are still regulated by this organization. Some 50 colleges participate in inter-collegiate lacrosse schedules, including many of the leading eastern and southern colleges. The lacrosse ball is made of firm sponge rubber and is $5\frac{1}{4}$ ounces in weight. The stick is made of bent hickory with an oval triangle netting of cat gut for catching, carrying or throwing the ball.

The object of the game is to send the ball by means of the stick through or into the rival team's goal as many times as possible during the regulation period of play of sixty minutes, divided into four periods of fifteen minutes each. A goal counts one point.

The game is in charge of two officials, a referee and a judge. They rule on the conduct of play and levy penalties for infractions of the rules for roughness and unsportsmanlike conduct. Players are penalized for rule infractions by being suspended from the game for certain periods of time, one minute, two minutes, three minutes etc. They leave the field or floor and retire to a penalty box. Basically, that is a fair assumption of lacrosse, Canada's national game!

In next week's Sports-Slants, I will give a run down on ice hockey including its origin, its development in Canada, in the U. S., early salaries and attendance, then after reading the history and origin of both lacross and hockey, you be the judge as to which is Canada's national sport.

None the less, it would be nice to have minor lacrosse played in Iroquois - what is your opinion Let's hear it!

Well, here we go again, repeating ourselves for the third time in about as many weeks. It goes back to several columns in which we listed many former NHL players who turned to coaching and for various reasons were "fired" from their positions.

At that time, I listed at least 15 examples of former pros who were chopped in the last 2 years. It prompted me to spell out the most recent names to that lengthy list by adding Red Kelly and Phil Goyette to the roster of the "has beens". On each occasion, no sooner had the article been prepared, then bang! Another coach is gone. This time it is Thomas Christian Johnson.

For goodness sake, lets hope there are to be no further coaches relieved of their duties this year because it is starting to become a bore commenting on the situations. Perhaps it does seem repititious, but as soon as a team commences a losing streak, its the coaches' fault. Each time this has happened, I seem to be in defence of the coach. Maybe we have the wrong outlook, but to each his own opinion.

However, T. C. Johnson is no longer the All-Star coach of the Boston Bruins. Could the truth be that he did not want Derek "Turk" Sanderson back into the Bruins' lineup?

Johnson, like Goyette and the others, received one of those polished up executive positions. If the WHA ever decides to hire all the coaches who were fired in the NHL, they will have an excellent coaching staff.

Tom Johnson was born in Baldur, Man. on Feb. 18/28. In his playing days, he was a defenceman with a good left hand shot and played at 180 lbs on a 6' frame; winner of James Norris Memorial Trophy as NHL's leading defenceman in 1958-59; named to first All-Star team in 1958-59 and to the second All-Star team in 1955-56; purchased by Boston from Montreal in June of 1963. He was selected by Hockey Illustrated as the comeback player of the year in 1963-64.

Tom's career was spent with Montreal Canadiens from 1947-48; Buffalo Bisons from 1948-50. Then from 1950 to the season of 1962-63 with Montreal. Then he was traded to the Boston organization. In 15 seasons, up to '64, saw T.C.J. play in both regular and Stanley Cup games to the tune of 1,038 games plus 2 all-star contests. His record was in 1,040 games, 59 goals, 219 assists for 278 points and 1,039 penalties in minutes. Tom, however, has bit the dust with his fellow comrades. Remember. If you play sports, be a good one!

Prevention is made simple with SHUR·GAIN DIAL DOSER . . . for easy, accurate, no waste treatment. And very economical too . . . about 9¢ a dose.

Active ingredients in SHUR·GAIN DIAL DOSER are Bacitracin and Streptomycin . . . a combination of antibiotics proven to effectively fight scours. Be ready when those next litters are due. Pick up your supply from our SHUR·GAIN ANIMAL HEALTH SERVICE display.
