W.I. Seeking Preservation Old Home Hear Address on Parks Program

James Smart, consultant to the Ontario St. Lawrence Parks Commission, Morrisburg, spoke to the Iroquois Women's Institute last week, standing in for George H. Challies, Parks Commission chairman, who was unable to attend. The gathering was in the town hall on Thursday.

Following the speaker's introduction by Mrs. Lloyd Davis, he first recalled the battle of Chrysler's farm in the War of 1812. He outlined the plan for establishing a national museum on the site of the battle and gave the history of many of the homes in that area which it is hoped, may be preserved because of their historical value. These buildings will accommodate historical exhibits.

He mentioned the many relics that have already been collected and are ready to be placed in that museum, when it is established. He spoke also of the park area planned for that vicinity with its various types of recreational grounds.

Before closing Mr. Smart mentioned the "Carman House" in Iroquois, built in the year 1805. He said, he felt this old home should be retained as a historical site and gave suggestions on how it could be put to use.

Many questions were asked of the speaker, and were fully explained. Mrs. E. R. Norton, on behalf of the Institute, expressed thanks and appreciation to Mr. Smart, for his interesting historical talk.

Mrs. L. C. Davis reminded members that the booklet on "Iroquois" written by Miss Nancy Burleigh, will be ready for the next meeting.

There were several visitors at the meeting which Mrs. E. R. Norton, President, opened with the Institute Ode. Mrs. J. C. Gilder was at the piano. Before repeating the Mary Stewart Colelet in unison, two minutes' silence was observed in memory of a valued member of the Institute for many years, Mrs. A. Jamieson, who passed away December 25th, 1955.

Mrs. Norton expressed her appreciation at seeing so many present and extended a welcome to the visitors.

Roll call was answered by giving a date on Canadian history and why it is important. The minutes of the previous meeting were read by the secretary, Mrs. A. McInnis, who also gave the financial statement.

Related Christmas cards from the members of the Wington Institute, England, were distributed to the members of the Iroquois Institute.

Mrs. Ivan Seeley was named convener for the Iroquois Lions Club dinner scheduled for February 13th.

It was decided to give a donation to help cover expenses for a delegate from this area to attend the Ceylon Convention to be held during the year 1956.

Mrs. L. C. Davis was in charge of the program, the topic being "Historical research and current events". She spoke a few words on the motto "Man cannot inherit the past, he must recreate it" and gave the current events.

Delicious refreshments were served and a social half hour spent.

BURNED IN ACCIDENT NEAR HERE

Donald Wyatt, of South Mountain, was rushed to the Winchester District Memorial Hospital last week and later was taken to Toronto, after he was severely burned at work.

Details of the accident were not available at press time but it is understood his condition had been listed as "serious".

Mrs. Wyatt is in Toronto with him.

Band Concert Nets \$50.00 Towards Buying Uniforms

The High School Band made a sincere effort Friday evening towards a dual purpose. The members of the musical group not only provided the capacity audience with a program of fine music and vocal selections but they netted \$50.00 towards buying band uniforms.

It is hoped that in the early spring the group will again perform and perhaps at that time will have collected enough to see them properly uniformed for home and outside engagements.

This was their first public concert and there was no doubt of its success. This was achieved through hard

Village and Township Ladies Hospitalized with Fractures

Similar accidents in the past two weeks have caused village and township residents, Mrs. Nellie Hutt and Miss Ella Ault, to be confined to a hospital bed with fractures. Mrs. Hutt suffered a broken leg on Sunday and Miss Ault a broken hip two weeks ago.

Mrs. Hutt has been taking care of Mrs. W. C. Stone and had just been taken home by Mr. Stone. The road was slippery and making her way to her home she fell. She had tried to steady herself by holding onto the side of her son-in-law's car but it was to no avail. She lives with her daughter and son-in-law, Mr. and Mrs. Bert Perry. Mr. Stone had

driven away and didn't see Mrs. Hutt fall. A neighbor, Mrs. John Eichner, happened to notice the incident and rushed over to Perry's to inform the family of the accident.

Back in Matilda Township at the home of Mr. and Mrs. Vivian Ault with whom she was living, Miss Ella Ault was walking from one room to another and apparently tripped. She fell to the floor and as a result, suffered a fractured hip. Miss Ault is 76 years old.

Both the ladies are in Brockville General Hospital and their many friends are wishing them every success for a quick return to good health.

DISCUSS FARM ORGANIZATIONS WEEK'S FORUM TOPIC

The St. Lawrence Seaway Forum enjoyed the kind hospitality of Mr. and Mrs. Fox, river road west, on Monday night with 16 members meeting at their home to discuss farm organizations. The radio broadcast came direct from the Canadian Federation of Agriculture, Hamilton, where the annual meeting is being held.

A resume of the radio program as it was discussed, follows: Farm organizations have come to play an increasingly important role in Canadian-Agriculture in the past twenty-five years. Indeed, it might be said they have come into their own in that period. We now have commodity marketing organizations dealing with a large number of our major commodities; we have our farm co-operatives; and we have the educational organizations such as the Women's Institutes, Junior Farmers and so on. Most of these are set up not only at Provincial level, but in county and township units.

To coordinate the work of these many organizations, the Federation of Agriculture was established at Provincial level. Then the Provincial Federations, along with some inter-provincial farm organizations joined to make the Canadian Federation of Agriculture and tonight's broadcast came from their annual meeting. Finally, farm organizations at national level have banded together in the International Federation of Agricultural Producers to deal with international farm problems.

On paper this is fine, and each organization locally and in the broader fields have their jobs to do. However, in the local community it sometimes seems there are so many organizations it is difficult for the individual farmer to keep up with their activities. At the same time, it is sometimes found that there are differing ideas as to what the job of each organization is supposed to be. Thus, on the occasion of the annual meeting of the Canadian Federation of Agriculture, this seemed like a good time to take a look at the farm organizations in your community.

By so doing you can get a better idea of the organizations which exist, the job they were set up to do, and possibly assess the degree to which they are achieving their original purpose.

After a short discussion led by Austin O'Dell, it was decided that each organization was needed in its own field but they should all be joined to form one solid organization so strong that they can make their demands and get results.

The next meeting will be held at the home of Mr. and Mrs. Ralph

Fishing in Florida Fun For Bob, Joan McDonald

What a time of the year to be fishing in Florida! Alfred 'Gar' McDonald tells us this week that Bob and Joan McDonald are holidaying in Florida. Bob telephoned home to Ottawa to tell Gar he had caught a 7' 2" sail-fish while Joan had hooked a 250-lb. Blue Marlin.

The fish will be coming to Ottawa (mounted) and we wish we could be on hand to see Gar's face when they arrive.

The McDonalds are hoping to get in another summer on the St. Lawrence before giving up their cottage to the power project. They've been camping on the Point for 20 years.

TED ROBERTS NEW PRESIDENT OF LEGION BRANCH

George "Ted" Roberts took over the leadership of the Canadian Legion Branch (370) here last Thursday night when the 1956 executive was installed in office by a representative of the Cardinal Legion Branch, Hazen Sloat. Members of the Ladies' Auxiliary of the Iroquois branch attended.

Floyd Cross, of Cardinal, acted as Sgt.-at-Arms during the ceremony which saw the following slate presented: Past President, Edward Millard; President, "Ted" Roberts; 1st Vice-President, Robert MacDonald; 2nd Vice-President, Albert Marshall; Recording Secretary, Keith Beaupre; Treasurer, Alex Shovel; Sgt.-at-Arms, Harold Merkley; Padre, to be announced; executive, John Johnston; Joe Roberts, Carl Banford and Thos. Shaver.

Meeting in the legion hall over the Royal Bank, the legionnaires heard a few remarks from the retiring president, Edward Millard, who called for full support of the new executive. Ladies' Auxiliary President, Mrs. D. Gallinger, offered the assistance of her group in the year ahead; Mrs. Fred Hadley and Alex Shovel also offering a few remarks.

Primarily, the meeting was called to instal the 1956 officers of the branch but the group also took time out to enjoy a social hour following the general meeting. The Ladies' Auxiliary members served a lunch which had been supplied by the men.

Hazen Sloat, in a few remarks earlier in the evening offered a word of encouragement to the branch and suggested means of raising funds to bolster the branch funds so that the work of the legion could be successfully carried on.

Barkley on Monday night when the topic under discussion will be "The Family Farm". All members and interested friends are invited to attend.

SHAKING SCHOOL APART. The digging up and blasting on Victoria Street, near the High School, is said to be responsible for shaking loose plaster in large quantities from the inside walls. Hydro officials immediately inspected the building and placed supports against the outside wall. They said this week that the building definitely was not in a dangerous condition and the measures taken were only precautionary. The picture shows where the street was dug up near No. 2 Highway. H. G. D.
"ARCTIC LIVING" by Robert Jack.

A small island community by the name of Grimsey in the Arctic is the scene of most of this book, written by a Minister who spent some years there. Mr. Jack is now in Manitoba, working among Icelandic people, but the book was written during his last months in Iceland. Robert Jack was born in Scotland and received his early schooling there. When still a young man, he went to Iceland as a football coach, and became interested in the country, and especially in the people. He struggled through the rudiments of the language himself, and later, his Icelandic wife was of much assistance to him in perfecting his speech. When war broke out, he was more or less stranded there, so he finished his Theological course at Reykjavik University, from which he took the Gospel to Heydalar, on the east coast of Iceland. There he stayed a few years, but always considered this first parish as a stepping stone to Grimsey, which island had not had a Minister for twelve years. His desire to go there was granted, and he and his wife, two children and their dog landed on Grimsey in June, 1947. By the way, the dog was a novelty to the children on the island, they had never seen a dog before!

Life in the Arctic is very picturesquely told: the blizzards, the bright days, the farming carried on, the fishing and the risky business of collecting guillemot eggs from the sides of the cliffs. Here is a very interesting and unique book, unique in that only one other book written centuries ago tells of life in Iceland.

held: (1) Revision of By-Laws, convoked by MacLellan; (2) Mrs. J. R. Miller, man in the Church.

A delicious luncheon was served by the Prescott ladies at which the students taking part in the Mission in Brockville were guests. Mrs. T. R. Gates, of Brockville, reported on the findings of the discussion groups and votes were taken on specific items. A very full and carefully prepared resume of the year's work was given by Mrs. A. N. Riley, Corresponding Secretary.

Allocation Exceeded
The Presbyterial Treasurer, Miss G. McCaughey, was pleased to report the allocation for the Presbyterial had been exceeded. The reports from the Sectional presidents and departments were exceptionally encouraging and were received and dedicated by Mrs. Brownfield, Brockville.

A duet by two Prescott ladies was very beautifully rendered and greatly enjoyed. Mrs. J. R. Miller presented the report of the nominating committee after which Miss Ruby Walker, regional secretary, installed the newly elected executive, asking them to accept their duties cheerfully and prayerfully and to work together to make 1956 a record year for Missions in Brockville Presbyterial.

New Slate Presented

Fair board considers methods attract more rural customers

Carman C. Tennant,
Agricultural Representative,
Grenville County

A real spirit of optimism was apparent at the annual meeting of the Merrickville Agricultural Society, held last Tuesday afternoon. Although gate receipts at the 1955 fair were adversely affected by rain-fall during the forenoon, their financial status is reasonably good. A study of their plan of operations resulted in several good suggestions for improving their fair, and their income as well.

In considering fair dates for 1956 it was noted that this matter of catering to urban crowds from the home town and from Smiths Falls seemed to be an important consideration. The argument of holding the fair on Saturday with the expectation of drawing crowds of industrial workers on their day off seems a very logical one. Certainly, Agricultural Societies want urban people at their fairs, but should the Society have to rely on these people to take care of the lack of rural support? It was heard that day that many farmers in the immediate vicinity of the fair go ahead with their work on Fair day the same as usual. This doesn't seem right even though farm jobs are pressing. A good agricultural society deserves better than that. The writer, however, doesn't feel like taking sides. Perhaps there is a real public relations job for the society to do right in its own area.

Dr. L. H. Newman, Merrickville, RR 1, was re-elected as President and Mervin Baker, Merrickville, RR 2, elected as secretary-treasurer.

One thing worthy of note was the place taken by the women in this Society's activities. At the meeting their numbers were almost equal to that of the men, and they participated freely in all deliberations.

It is my understanding that the fair dates chosen for 1956 were Tuesday and Wednesday, September 18th and 19th.

The annual meeting of the Central Canada Canada Exhibition Association held at Lansdowne Park, on Wednesday afternoon can, in my mind, be regarded as a model. The whole meeting required only about 90 minutes because reports were so well prepared and presented and items of business attended to with dispatch.

Directors in both Agricultural and Industrial sections are elected by mail ballot. After the announcement of the results of the elections a nice gesture was made by D. M. Stewart. He did something which we don't see done enough—publicly thank the unsuccessful candidates.

Persons who offer their services but are not successful in being elected surely deserve consideration in this way. They are the ones who keep the rest on their toes.

In giving his report, G. H. McElroy, general manager, made some interesting comments on the Junior Department. In 1955, entries reached a new high with 468 members of 4-H Clubs participating in Club Camp and 108 in open Judging Competitions. This Association was the first Exhibition to establish a Junior Department. That was in 1931 and, in this year, the 25th Anniversary of the establishment of the Department will be specially recognized and celebrated.

The directors of the Grenville County Federation of Agriculture held their first meeting in 1956 in the board room of the Provincial Government Office Building, Kemptville, on Thursday afternoon. President John Carley was in the chair, with the new secretary, Cyril Betts, at his side. Both of these men, incidentally, are former 4-H Club members, members of judging teams and so on. The Agricultural Representative gets quite a bit of satisfaction out of seeing his young proteges move up into responsible positions in our agricultural organizations.

Twelve members of the directorate were present. District Fieldman, Wm. Legault of Moose Creek, outlined plans of the Ontario Federation of Agriculture for observance of Rural Safe Driving Week. The directors concurred in the plan and will hold a County meeting on that subject on February 20th. This meeting will be addressed by a member of the Ontario Provincial Police force and appropriate films may be shown also.

The writer is at present preparing an historical summary of agricultural extension work in Grenville County since the office was opened here in 1915. This necessitates the delving into old records, correspondence, achievements and reports and many interesting things regarding the work are being brought again to light. This summary is being prepared at the request of one of our Associate Directors, E. I. McLoughry, who has been appointed historian of the Branch. When summaries from all the County offices are received and edited, a very interesting compilation will surely result. This project is undertaken in preparation for the celebration of the 50th Anniversary of the founding of the Agricultural Representative Service in 1907. It is possible that a motion picture film will also be prepared. It is expected that the

Wood-using industries important to counties

By A. E. Walroth

Planing mills, saw mills, furniture factories and other wood-using industries play an important role in the economy of south-eastern Ontario, according to figures released by the Dominion Bureau of Statistics.

In the Counties of Carleton, Dundas, Glengarry, Grenville, Lanark, Leeds, Prescott, Russell and Stormont in 1953 there were 213 wood-using establishments, employing 1,543 people. The earnings of these employees amounted to \$3,384,644. The selling price of the manufactured products was \$11,846,029.

The actual value of all forest products, cut in the district, is far in excess of the value quoted for manufactured products, as this figure does not include the value of such material as veneer logs, pulpwood, cedar posts, poles and fuelwood.

Good woodlot management in more woodlots would increase the volume of material produced and the quality as well. The practice of pasturing farm woodlands is responsible for the unhealthy condition of many woodlots and the gradual disappearance of others. By using the woodlot for grazing the seedlings and young trees do not have an opportunity to re-establish the stand. In addition, insects and disease are found more frequently in trees which grow in pastured woodlots.

Annual Agricultural Representatives' Conference will be held at Kemptville Agricultural School in 1956, and at Ontario Agricultural College in 1957.

Hospital advisory board first annual meeting

The first annual meeting of the Advisory Board of St. Vincent de Paul Hospital, Brockville, was held in the hospital board room on Friday night. The active members are Rev. J. A. O'Neill, pastor of St. Xavier Church, Brockville; W. M. Dubrule, QC, of Prescott; Arthur Parrish, and W. A. Dillon of Cardinal; Hugh Reynolds, L. V. Fitzpatrick, F. F. Walsh, V. P. Lawless and L. A. Lalonde.

This board was organized during the year by Right Rev. Monsignor J. P. Sullivan, diocesan director of Catholic hospitals, at which time G. A. Higginson was appointed chairman with the following honorary and active members:

Honorary members: Most Rev. J. A. O'Sullivan, Archbishop of Kingston; honorary president, Rev. J. P. Sullivan, diocesan director of hospitals, rector of St. Mary's Cathedral, Kingston, J. G. Dickenson, J. Gill Gardner and F. I. Ritchie.

UN to Watch Balloting in Trust Area

The first plebiscite ever to take place in a UN Trust Territory is scheduled in British-administered Togoland for early May 1956 when the people will be consulted as to their future political status. The voting will be supervised by a UN group of observers, headed by UN Plebiscite Commissioner Eduardo Espinosa Prieto of Mexico. Mr. Espinosa, center, and the group's Principal Secretary, Heinrich Wieschoff, right, discuss plans prior to their departure with UN Under-Secretary for Trusteeship, Benjamin Cohen. The UN mission is now in Togoland where registration for the voting has begun.

NHA SMALL HOUSE DESIGNS—This compact 1½-storey house provides four good bedrooms for the larger family interested in both economy and privacy. The bay window of the living room and the small planting area enhance the otherwise simple exterior lines.

The convenient location of the rear door, which gives access to either the basement or main floor, is one of the many interior features which will appeal to busy housewives. Cupboard space is more than adequate throughout the house while linen closets on both floors are an additional step-saving device. Entertaining would be no problem, for the front entrance hall leads to an ample sized combination living and dining room which provides many possibilities for interesting furniture arrangement.

The total floor area of this house is 1,179 square feet, while the cubic measurement is 16,714 cubic feet. The exterior dimensions are 30 feet by 23 feet, 4 inches. Working drawings for this house, known as Design 412, are available from Central Mortgage and Housing Corporation.

The purpose and function of this board is to act as liaison between the hospital administration and the general public, as well as to counsel the hospital, in matters relative to improved services and more efficient patient care.

During 1955, St. Vincent de Paul hospital obtained from the Lieutenant-Governor in Council full approval of the by-laws, rules and regulations, for the medical staff.

The hospital obtained provisional accreditation from the Joint Commission on Accreditation of Hospitals. This commission is a corporation composed of members of five American and Canadian medical and hospital organizations, grouped to render public services; mainly the improving of the care to patients in hospitals. All standards of accreditation are based on what time and experience has shown to be the best means of assuring proper care to hospital patients.

Complete accreditation, through expansion of a physical plant, and the installation of more modern and efficient facilities, is the aim of the hospital.

Below is a statistical summary of the professional services rendered during 1955: Total number of In-Patients, 2537; Out-Patients, 5902; X-ray Films, 5590; Operations, 1504; New Borns, 328; Laboratory Tests, 10,805; Pharmacy Prescriptions Alone, 17,676; Physio-Therapy Treatments, 799; Electro Cardiographs, 222; Blood Transfusions, 188.

Mrs. Robert F. Gurr, of Montreal, spent a few days with Dr. and Mrs. J. R. Miller, Ruth and David, before leaving for Port Alfred to reside.

MRS. A. D. THOMPSON HAD LIVED IN MATILDA SINCE WED

The community was shocked and deeply grieved to learn of the sudden passing of Mrs. Arthur D. Thompson on Friday morning, January 13th, at the home of her daughter, Mrs. Acil Cook. She succumbed to an attack of thrombosis.

The former Mary R. Cameron, she was born in Scotland and was in her 71st year. Coming to Canada at the age of seven she lived in the Pittston area until her marriage to the late Arthur D. Thompson, when she moved to Matilda.

The funeral service was conducted by Rev. C. A. Dukelow on Monday, January 16th. The Hanesville choir assisted and Mrs. Wm. Reynolds, accompanied by Mrs. Harry Warren, rendered a solo, "Beyond The Sunset".

Mrs. Thompson leaves to mourn the loss of a devoted mother, two sons, Wilfred of Brinston; Carman, of Toronto, and one daughter, Mrs. Acil Cook, Brinston. One daughter, Mrs. Arlie Locke (Gladys), predeceased her in 1927. She also leaves one brother, Jack Cameron, of South Mountain, as well as several grandchildren, nieces and nephews.

The pall bearers, all neighbours, were Ben Johnstone, Lloyd Cook, John Thompson, Archie Johnstone, Percy LaRose and Edward Lewis.

Several floral tributes bespoke the esteem of a departed friend. The body was placed in the vault awaiting burial at Point Iroquois.

DAIRY COURSE NOW IN PROGRESS AT KAS

The Dairy Course got under way at the Kempeville Agricultural School on January 3rd, with a registration of twenty-one. This year there are eleven boys with cheese factory experience, seven from creameries and the remainder from milk distributing and milk powder plants.

Several of the students have had either training or experience in Europe, and are taking the course at the K.A.S. to become acquainted with Canadian methods of milk processing. Three of the students are from Quebec and the remainder from Ontario. The course will conclude on March 23rd.

The Dairy School is fortunate this year in having secured a new Gosselin stainless steel churn for the butter laboratory. This model of 400 pound capacity is excellent for training purposes, and should add to the facilities of the school a good deal.

The assistance of four of the Ontario Milk Products Board instructors has again been of great value to the Dairy School this winter in carrying out this program of training.

Robert Webb, of Toronto, spent a few days at New Year's with his mother and went to see his father, who was a patient in Brockville General Hospital.

Women's place in the church interesting Presbyterian subject

The 42nd Annual meeting of the Presbyterian Women's Missionary Society (W.M.S.) of Brockville Presbyterian was held in St. Andrew's Presbyterian Church, Prescott, on January 18th.

The President, Mrs. H. T. Graham, South Mountain, presided and constituted the meeting by prayer. The theme for the meeting was "Adventuring for God." The Spencerville Auxiliary gave the Scripture reading and prayer, and for meditation chose the text, "Be strong and of good courage; neither be dismayed for the Lord thy God is with thee whithersoever thou goest."

Words of welcome were graciously extended by Mrs. A. J. Morrison, Prescott, and responded to by the Iroquois Auxiliary. Miss Ruby Walker, Regional Secretary, brought warm greetings from Council Executive.

Highlighting the morning session were the interesting group discussions on:

(a) Revision of Constitution and By-Laws led by Mrs. A. D. MacLellan, Iroquois.

(b) Stewardship—Mrs. J. R. Miller, Iroquois.

(c) Place of Women in the Church—Mrs. Earl Munroe, Winchester Springs.

All proposed changes in the constitution and by-laws were agreed upon with the exception of Associate groups, who preferred to remain with the same status.

The decision of the W.M.S. Council was to abolish the system of allocations and endorsed a principle whereby each individual member and group should determine its own responsibility in terms of Christian stewardship and in the light of the Society's estimate for the year. Every Christian has an obligation to give to her Church—both for its work locally and for its share of the larger work of the Christian Church in Canada and throughout the world.

The individual alone can decide what God has given to her, and what she will give back to Him through the Church and the Women's Missionary Society, which has been entrusted with a large share of the mission work of our Presbyterian Church.

This decision was heartily endorsed by the W.M.S. of Brockville Presbyterian.

It was agreed that women have an important part in the work of the Church but when votes were cast by ballot, the majority had voted against the Ordination of women for the ruling Eldership and as ministers in the Presbyterian Church in Canada.

Following the luncheon served by the ladies of St. Andrew's Church, the Rev. A. J. Morrison, introduced a number of students from Presbyterian College were conducting "The Mission of the Seventy" in Brockville churches last week. They were enthusiastically received by the W.M.S. members who felt their evangelistic mission would be the means of bringing many re-dedicated lives in service for the Master.

The afternoon session convened at 1:30 p.m. with the call to worship, "I can do all things through Christ which strengtheneth me." This was followed by the singing of the hymn, "Fight the good fight." Devotions were conducted by the Mountain Auxiliary.

The report of findings from discussion groups was presented by Mrs. T. R. Gates, Brockville. Greetings from Presbytery were extended by the Rev. A. J. Morrison, in the absence of the Rev. MacMillan, Moderator of Presbytery. The Recording Secretary, Mrs. C. R. Robinson, Winchester, reported that all Presbyterial and Executive meetings had been well attended, and a good representation to Synodical meeting in Brockville. Mrs. A. N. Riley, Corresponding Secretary, Morrisburg, reported many reflections of a very encouraging and successful year in the Presbyterial but noted that there are still many women, girls, and children who have yet to be influenced by the Church's outreach. The subscribers to Glad Tidings can be greatly increased in 1956.

Miss Gladys McCaughey, Kemptville, Presbyterial Treasurer, presented an excellent financial report, stating that our allocation for 1955 had been oversubscribed.

The auditor's report was given by Mrs. Don Hyndman, Kemptville, and Mrs. H. O. Brownfield, Brockville, moved the adoption of all the reports.

The vocal duet, "Speak, Lord for We Hear Thy Voice," was beautifully rendered by two members of Prescott choir, accompanied by the organist of the church.

The offering was received by the Prescott Auxiliary and the dedicatory prayer given by Mrs. Donald Merkley, Morrisburg.

Mrs. J. R. Miller presented the report of the Nominating Committee and the impressive installation ceremony was performed by Miss Ruby Walker.

The report of the Nominating Committee was as follows:

Hon. Pres. Mrs. D. Agnes Gow, 1 Heath St., Apt. 10, Toronto; President, Mrs. Harold T. Graham, South

Mountain; 1st Vice-Pres., Mrs. Earl Munroe, Winchester Springs; 2nd Vice-Pres., Mrs. A. D. MacLellan, Iroquois; Recording Secretary, Mrs. C. R. Robinson, Winchester; Corresponding Secretary, Mrs. A. The report of the Courties Committee was given by Cardinal. Following the singing of the hymn, "Lead On O King Eternal," the benediction was pronounced by the Rev. A. J. Morrison.

21 in Dairy Course at Kemptville School

The Dairy Course got under way at the Kemptville Agricultural School on January 3rd, with a registration of 21. This year there are 11 boys with cheese factory experience, seven from creameries and the remainder from milk distributing and milk powder plants.

Several of the students have had either training or experience in Europe, and are taking the course at the K.A.S. to become acquainted with Canadian methods of milk processing. Three of the students are from Quebec and the remainder from Ontario. The course will conclude on March 23rd.

The Dairy School is fortunate this year in having secured a new Gosselin stainless steel churn for the butter laboratory. This model of 400-pound capacity is excellent for training purposes, and should add to the facilities of the school.

The assistance of four of the Ontario Milk Products Board instructors has again been of great value to the Dairy School this winter in carrying out this program of training.

One of the headline attractions at the stage show held in conjunction with the Ogdensburg Auto Show, which opens Friday and continues until Sunday at the State Armoury in Ogdensburg, will be Pupi and Pupi, a dwarf-like pair of dancers who turn out to be one person, a talented and beautiful young lady. There's a surprise ending which must be seen to be appreciated.

4-H church service conducted on train

During National 4-H Club Week newsworthy happenings take place that are often not uncovered until after the delegates have returned home. This year for example, on learning that the train from Winnipeg would be late arriving in Toronto on Sunday morning, a committee of 4-H members organized an informal church service.

The Committee comprised John McPaul of British Columbia, Mary Miller, Alberta, Lynn Biggart, Saskatchewan, and Penny Treasure, Manitoba. Miss Clair Gardner of Alberta presided and scripture readings were given by Byrne Rothwell of Saskatchewan and Dorothy Olson of Alberta. Several hymns were sung and prayers offered by Beverley Nicholson and Betty Anderson of Manitoba and British Columbia.

The Service concluded with a collection, totalling \$18.51, which was forwarded to the Crippled Children's Hospital in Winnipeg.

Outstanding vaudeville added attraction at Ogdensburg Auto Show

A highlight of this year's Ogdensburg Automobile Show will be the exceptional entertainment. The Show will be held at the State Armoury in Ogdensburg Jan. 26 to 29.

Last year the talent at the Automobile Show won the acclaim of everyone who saw it. The performers were secured through George Hamid Inc. and General Artists Corp. The headliners include Mickey Sullivan and His Band; Pupi and Pupi; Smetona, and other attractions.

The stage will be erected in the centre of the Armoury floor and the acts will be much easier to see than last year when the stage was against the north wall of the Armoury and visibility was limited. The shows will be given afternoons and evenings. A \$25 U.S. Savings Bond will be given as a door prize at each evening performance and a giant \$200 jackpot at the final performance Sunday evening.

The latest model beautiful new 1956 cars will be featured on the main floors of the Armoury and there will be a galaxy of interesting exhibits by appliance and accessory dealers in the basement.

Admission will be 50c for adults as last year and 25c for children when accompanied by their parents. There will be a special Kiddie' Matinee Friday afternoon at 4 p.m. Jan. 27 when children will be admitted for 15c and will not have to be accompanied by their parents. At all other performances children under 14 must be accompanied by their parents and the admission will be 25c for each child.

Unique award made to country 4-H fathers

In recognition of their personal support of the 4-H movement in which members of their families have established impressive records, four fathers of the Ottawa district have been selected by the Carleton County Crop Improvement Association for special awards—a trip to Toronto January 24-27, to attend the annual convention of the provincial crop and soil association in the Royal Winter Fair Buildings.

Named for the newly-created honour are, Arnold Cavanagh, James Anderson, Reg. Faulkner and J. H. Patterson. In each case, sons and daughters of these county fathers have gained prominence in their respective 4-H projects. In the latter instance, two sons of Mr. Patterson represented the potato clubs of Ontario at National 4-H Club Week last fall and won the national championship.

The purpose of the award is to provide recognition for fathers whose interest and co-operation have been a source of encouragement for boys and girls to undertake time-taking projects and to be active in the club program, often when much work is to be done at the farmstead. Accompanied by Agricultural Representative W. M. Crockery, the four award winners will travel as guests of the County Crop Association.
