UNION BANK

OF CANADA

Paid-Up Capital, Reserve Fund and Undivided Profits (Over) \$8,375,000
Total Assets (Over) \$69,000,000

Save Systematically

Haphazard, occasional saving seldom accomplishes much. It's the steady, persistent, regular depositing of so many dollars a week, or month, or season, in the Union Bank of Canada, which makes one financially independent. The money accumulates all the more rapidly, too, because of the interest which is added every six months.

Try it.

The Boys Club Baseball team, met the Winchester Athletes Saturday afternoon at Winchester. The match resulted in a victory for Winchester. Another game will be played to decide which is the better team as each have won a victory.

Wreck On The C. P. R.

This forenoon about 11 o'clock quite a bad wreck occurred right at the station in Chesterville, the Overseas Mail train and the weigh freight coming together. The weigh freight from the east was busy unloading at the freight shed when the mail train from the west put in an appearance, and as there is quite a down grade after coming over the rise of the hill the engineer was unable to stop before coming together, although he got it slowed down considerably. The mail train was very light, there being only the mail car and a passenger coach.

Several cars were badly smashed as well as both the engines.

Mr. McDonald, brakeman, and Mr. Haley, fireman, were both badly hurt, but not seriously.

The auxiliary train is here and clearing the track as fast as possible.

Anniversary Services at Trinity Methodist Church.

The fourth Anniversary Services of the Dedication of the new Trinity Methodist Church will be carried out next Sunday and Monday, May 25th and 26th. The Rev. W. R. Young, B.A. D.D., President of Montreal Conference and at present minister of Douglas Church, Montreal, will be the preacher for the Sunday services and address a public meeting in the Church Hall Monday night.

Dr. Young is well known, having occupied many prominent pulpits notably St. James' Church, Montreal. He is of Irish parentage and has the gift of eloquence in keeping with the traditions of his race. The Officers of our local church are fortunate in being able to secure his presence this year for the occasion of the anniversary. The order of services for Sunday and Monday: 10 a.m. Service of Prayer and Praise. 10.30 a.m. Public Worship, sermon by Rev. Dr. Young, subject "Forgetting, Seeing, Striving." 2.30 p.m. open session of the Sunday School, with address by Dr. Young. 7.30 p.m. Public Worship sermon by Dr. Young, subject, "A Nation's most valuable asset."

The Ladies of the Church will serve supper to the congregation on Monday from 5.30 to 8 p.m. At 8.15 o'clock a Social gathering will be held in the Church Hall to which all are invited when Rev. Dr. Young will give an address.

Allan A. Fraser Dead.

The death occurred on Tuesday, May 6th after a lengthy illness, of one of the most highly respected citizens of Apple Hill, in the person of Allan A. Fraser. Deceased was a son of the late Jas. Fraser of Loch Garry, and was 55 years of age at the time of his death. He leaves to mourn his loss his wife and one daughter, also two brothers, John and Angus A. Fraser of Ottawa. The funeral took place on Thursday from his late residence to Martintown cemetery, and was largely attended, several members of the A.O.U.W., to which Society deceased belonged, attending in a body. The service at the church was conducted by Rev. J.S. McBrath. The A.O.U.W. burial service was said at the graveside. The pallbearers were—Duncan McIntosh, Duncan McDonald, Cyril Campbell, Willie Fraser, Selim Shaver, Ernest Campbell. Beautiful floral tributes from the brothers and relatives of the family testified to the love felt for him who had gone before. Among those present from a distance were Mr. and Mrs. John Fraser and Mr. and Mrs. Angus Fraser and Willie Fraser of Ottawa, John McBain, Buckingham, Mr. and Mrs. Selim Shaver, Aultsville, Cyril Campbell and Ernest Campbell, Woodlands, and Miss Edith Campbell, Rochester, N.Y.

The sympathy of a wide circle of friends goes out to the bereaved relatives.

The Oddfellows Lodge of Morewood will attend service next Sunday evening, May 25th, in the Presbyterian Hall of that place. The service to commence at 7 o'clock and the preacher the Rev. K. A. Gollan.

THE MOLSONS BANK

Women's Institute.

The Annual Meeting of the Women's Institute will be held at the home of Mrs W. P. Allison on Wednesday, May 28th at 2.30 p.m. Members are requested to be present.

Demonstration Cars.

Arrangements have been made by the Ontario Department of Agriculture with the C.P.R'y., for the transportation of two cars over their lines from Windsor to Montreal. One car will contain live stock, the other illustrative material for demonstration purposes. The tour will begin on May 26th, and conclude on June 11th.

John Barran Hanged For Constable's Murder

Portage la Prairie, Man. May 20—John Barran, who murdered Constable Rooke, was hanged at the jail here this morning by Hangman Ellis, his death being instantaneous. Barran maintained the utmost composure to the last, and made no statement. This was the first hanging in the history of this town.

John Barran was indicted at the Spring Assizes at Portage la Prairie before Justice Prendergast for the murder of Constable Chas. Rooke on Sunday, January 26, 1913 in the rural municipality of Gilbert Plains and the trial took place on March 6 and 7.

The crime was one in which there appeared to be no extenuating circumstances. Rooke went to Barran's shack, where he was living with a woman, not his wife, and her baby, to arrest him for having refused to show cause why he did not support his wife and four children, who, in the meantime were being supported by the township of Dauphin. Rooke had not even a gun in his hand, but Barran, who is a Galician, shot him through the door as he rattled the latch because as the condemned man told Judge Prendergast at the conclusion of the trial, "I was so frightened I did not know what was coming to me, and the woman she started to yell."

Fire did \$30,000 damage at Bow Park Farm, near Brantford, including the death of thirty-two horses, about fifty pigs, a number of sheep, much hay and a number of buildings and implements.

TRINITY METHODIST CHURCH CHESTERVILLE

Minister, - - REV. W. H. STEVENS,

Sunday School and Bible Classes 2.30 p.m.
Senior Epworth League, Monday, 8 p.m.
Prayer and Praise Service, Wednesday Evening, 7.30 o'clock.

Strangers Cordially Welcomed.

Rural School Fall Fair.

Agriculture in the schools of this district is becoming a live issue. A number of schools near this village managed a school fall fair quite successfully last year. The work is being extended to include more schools this year.

A new feature will be a poultry competition. Mr. Vining of the county branch of the Department of Agriculture distributed fifty dozen eggs among the pupils of these schools this week.

These eggs are from Prof. Graham's pen of bred-to-lay Barred Rocks. They are given to the children and the chickens raised become their property, and will be exhibited at the school fall fair in September.

The pupils will also have gardens as last year and will show the results of their work at the fair.

The school fair idea as a means of stimulating an interest at school in the affairs of the farm is becoming justly popular. It deserves the support which it is receiving from parents and teachers alike.

Postponed.

The Field Day sports advertised by the Boys Club to take place on the Chesterville Driving Park on Saturday, May 24th, has been postponed until Monday, May 26th.

Besides the long list of events, a 2-mile bicycle race has been added.

Amo-Sorrell.

A quiet wedding took place at Massena, N.Y., on Tuesday, May, 20th, 1913, when Lydia M. Sorrell, daughter of Mr. and Mrs. Levi Sorrell of this place, was wedded to Mr. Dennis P. Amo of Massena, the Rev. T. P. Fitzgerald officiating. Miss Maud Barkley was bridesmaid and Mr. Ambrose Raymo acted as best man.

200 Bottles Of Gin Sent From Montreal To 'Dry' Ontario Town.

Toronto, May 21.—Another attempt to get a large shipment of liquor into Owen Sound has been frustrated by the license department. Information reached the department that three barrels of "extracts" had been shipped from Montreal, under circumstances that aroused the suspicions of the license branch. The barrels contained over 200 bottles of dry gin. No explanation is given for the shipment and with the view of ascertaining what it was intended for, the consignees are to be subpoenaed.

Rev. W. Lashley Hall was elected President of the British Columbia Methodist Conference at Vancouver.

DIED

MERKLEY—At Winnipeg, on May 18th 1913, Walter G. Merkley, son of Mr. Lemuel Merkley of Ottawa, aged 21 years.

The funeral will take place at Ottawa today, the remains being interred in Beechwood cemetery.

Ottawa Census and Statistics Office.

Ottawa, May 14—A bulletin issued today by the Census and Statistics Office records the condition of crops and live stock on April 30 as reported by agricultural correspondents throughout Canada.

It is estimated that in Ontario about 18 per cent and in Alberta about 43.5 per cent of the areas sown to wheat last fall have been winter-killed. These percentages represent a deduction of 261,900 acres from the total area sown to fall wheat, viz.:—1,086,800 acres; so that the area remaining to be harvested is now 825,800 acres.

The condition of fall wheat on April 30 was in Ontario 83.4 per cent and in Alberta 76 per cent of a standard representing the promise of a full crop, the corresponding percentages on the same date last year being 71.2 for Ontario and 76.8 for Alberta. For all Canada the condition on April 30 of this year was 82 per cent of the standard representing the promise of a full crop, or 101 per cent of the average yield of the past four years. Last year at the same date the corresponding figures were only 72.6 per cent of the full crop standard and 87 per cent of the average of the three previous years.

Spring seeding has made good progress throughout the greater part of Canada, and was much further advanced at the end of April than it was on the same date last year. In the Maritime provinces seeding does not begin until May, but the weather was favorable and the indications were for an early Spring. In Quebec there was also the prospect of an early season and about 12 per cent of the total seeding was completed by April 30. In Ontario conditions were more variable, but 40 per cent of the total seeding was reported as finished. In Manitoba and Saskatchewan over 50 per cent and in Alberta about 75 per cent of spring wheat had been sown during the favorable weather of April. In Saskatchewan there is a tendency to sow less wheat and devote more attention to dairying and mixed farming. For Quebec, Ontario and the three Northwest provinces the proportion of seeding completed on April 30 was for wheat 43 per cent, for oats 20.5 per cent, for barley 13.7 per cent and for all crops 34.7 per cent.

About 22 per cent of the area in hay and clover meadows is reported to have been winter-killed; but the average condition of these crops at the end of April was 89.6 per cent as compared with 74.6 per cent last year.

The conditions of live stock remains generally satisfactory being for all over Canada 90 per cent of a standard representing a healthy and thrifty condition.

Parcel Post is Advanced a Step.

Ottawa, May 16—Postmaster-General Pelletier today put through committee a resolution declaring "that it is expedient to establish a parcel post system and to provide for the appointment of two officers and supervisors at salaries of \$2800 on appointment with an annual increase to maximum of \$3500."

The minister explained that it was necessary to pass this resolution before introducing a bill respecting the parcel post. After the resolution was adopted, he introduced the bill, which is not yet printed, but which it is understood merely embodies the contents of the resolution.

Mr. Pelletier said he would explain the general scheme for the parcel post which had been decided upon when the bill came up for second reading. He stated to The World this evening that no intimation of the government's program would be made until it was communicated to the house.

"As a matter of fact," Mr. Pelletier said, "no legislation is necessary to establish the parcel post. The postmaster-general has full authority to prescribe regulations for the carriage of fourth-class matter and the rates to be charged therefor. The bill will not disclose the regulations, which I will explain to the house if desired on second reading."

It is generally understood that the parcel post service will open the mails to farm and factory products, as in the United States, with a weight limit of 11 pounds and a length limit of 72 inches. The rates, it is understood, will follow the United States model in being regulated as to distance by certain zones, although no official announcement as to this has yet been made.

Will Not Allow the Sale of Lottery Tickets.

Rev. T. Albert Moore some time ago received information from a correspondent that the Universal Turf Society of Lucerne, Switzerland, was sending advertisements into the country of a sweepstakes lottery to take place shortly and offering tickets for sale.

Dr. Moore immediately got into touch with the Postmaster-General and informed him of the affair. The Postmaster-General replied to the communication to the effect that his department had been advised by the Department of Justice that such sweepstakes are illegal under section 235 of criminal code, and further stating that the department will prohibit the transmission of the circulars of the Turf Society.

The clerks throughout the various postal stations will also be informed not to issue money orders for payment to the Universal Turf Society.

Traffic Manager Dead.

Montreal, May 15.—The death occurred here today of William Edward Davis, passenger traffic manager of the Grand Trunk Railway, after a brief illness. He was one of the oldest and best known railway men in the Dominion. He was born on August 2nd, 1850, at Wilson, N. Y., entering the railway service as clerk in 1868 on the Hannibal and St. Joseph Railway, entering the Grand Trunk employ in 1877, and steadily advancing to the position he occupied at the time of his death.

"I ATTRIBUTE MY CURE SOLELY

And Entirely To Taking "Fruit-a-tives"

HULL, QUE., DEC. 24th, 1909
"For the past twelve years, I had painful attacks of Dyspepsia. I could not digest my food and everything caused the most agonizing pain in my stomach. I also had a fearful attack of Constipation and at times, I had no movement of the bowels for two weeks. Three doctors attended me for two years and gave me all kinds of medicine but did me no good. My weight came to only 80 pounds and everyone thought I was going to die. Finally, I had the good fortune to try "Fruit-a-tives" and as soon as I began to take them, I felt better. I persisted in the treatment and to my great joy, I steadily improved."

Now I feel very well, weigh 115 pounds, and this is more than I ever weighed even before my illness. I attribute my cure solely and entirely to "Fruit-a-tives" and can never praise them too much for saving my life. To all who suffer from Dyspepsia and Constipation, I recommend "Fruit-a-tives" as a miraculous remedy."

Mrs. ANDREW STAFFORD.
50c a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

Noted Presbyterian Dead.

Word comes from Broadview, Sask., of the death at the manse there of Rev. Stuart Acheson, at one time pastor of the Reformed Presbyterian Church, Toronto, and for many years a clergyman in different parts of Ontario. Mr. Acheson was the son of the late Thos. A. Acheson, and was born at Mono Mills, Dufferin County in 1847. He was educated in the Toronto Grammar School, now Jarvis Collegiate, the University of Toronto, and Queen's University. He graduated in theology from Knox College, Toronto, in 1876, and was ordained the same year, his first active ministry being at Clover Hill, from which in 1889 he came to the First Reformed Presbyterian Church there. He became incumbent of St. Paul's, Wiaton, in 1894, and went to Broadview, Sask., in 1906. Deceased held many official positions, at one time being Grand Chaplain of the I.O.O.F., a member of the board of management of Knox College, and an official in the General Assembly. He wrote a number of pamphlets, including one on the Scotch-Irish in Canada. In 1877 he married Francis Mary, a daughter of the late Lieut-Col. T. R. Ferguson, M.P.

Presbyterians Plead For Peace.

Prescott, Ont., May 16.—In the dying hours yesterday afternoon of the meeting of the Synod of the Presbyterian Church of Montreal and Ottawa, an overture in reference to universal disarmament came up, but was not discussed owing to the fact that most of the ministers and elders had gone home, and those remaining scented politics in the suggestion of naves and hastily disposed of it.

The overture came from the Brockville Synod, and endorsed the attitude of the Vancouver Synod in deploring the waste of men and money by the nations of the earth for warlike purposes.

It was urged that Canada should take the lead in seeking to draw the nations into a peace pact.

The overture contended that Parliament should be approached as a means towards bringing this pact about, and asked that the subject be brought to the attention of the next General Assembly.

The overture was formally accepted, to be forwarded to the General Assembly.

Methodist Book Room.

Toronto, May 15.—Construction of the new headquarters of the Methodist Book Room will begin tomorrow. The building will be of ten stories, independent of the printing office, and cost a millions dollars. Part of this cost will be supplied by the sale of the old book room building on Richmond street, near Yonge street, which is expected to realize \$600,000 and \$260,000 of the first issue of \$300,000 bonds has already been taken up by Methodist ministers and laity. The new book room is further west on Richmond street, on the site of Sir John Beverly Robinson's old house, which was built one hundred years ago and torn down last year.

CHILDREN'S HAIR.

Keep it Clean and Free from Disease by using PARISIAN SAGE

If you want your children to grow up with strong sturdy and vigorous hair, teach them to use PARISIAN Sage; the world renowned Hair Tonic.

PARISIAN Sage is guaranteed by W. G. Bolster to cure dandruff and stop falling hair in two weeks. It grows new hair quickly in cases where the hair is "thinning out."

It is positively the most delightful, invigorating hair dressing on the market. It is not sticky or greasy and will make the coarsest hair soft, lustrous and luxuriant. Get a 50-cent bottle and watch how rapid its action. The R. T. Booth Co., Ltd., Canadian Makers, Fort Erie, Ont.

The Young Men's Christian Association Extending Its Activities

It is interesting to note that the Young Men's Christian Association is advancing another step in their great work of assisting young men. They are constantly reaching out far beyond the bounds of their immediate membership and are now doing a work which encircles the world in its effort to give the helping hand to any young men needing assistance.

A new department of the work recently organized in the Toronto Central Branch of the Young Men's Christian Association is one which should be known to every one. It is a co-operative effort between the Christian churches and the Young Men's Christian Association is one which they unitedly undertake to look after all young men coming to Toronto as strangers, putting them in touch with employment, good rooming and boarding houses, proper companions and with prominent young men of the church, etc.

"Keymen" are being appointed in every church of Toronto, men who assume the responsibility of looking up young men whose names may be sent to them by the Secretary of the work. "Keymen" are also being appointed in outlying municipalities whose duty it is to notify the Secretary of the Inter-Community work of any young man leaving his home town and for whom he is to work, etc. Information is also being sent in from many other sources in Canada, United States and British Isles as to young men coming to Toronto, and hundreds are already being looked after.

Parents and friends of young men going to Toronto will be glad to know of this important move on the part of the Y.M.C.A. and the churches, and will, no doubt, take the opportunity of notifying the Secretary of the Inter-Community work Mr. E. F. Trimble, at the Central Y.M.C.A., Toronto, of any friends going to Toronto to live.

We understand that, without any properly organized effort, the Central Branch of the Toronto Young Men's Christian Association has assisted in different ways more than 5,000 men during the year ending May 1st last, fully 1,000 of these being assisted in securing employment. That being the case, the possibilities for good in this new department, with the churches assisting in every way, are beyond calculation.

We are pleased to give this information to the public through the columns of our paper, knowing that by doing so we are assisting in one of the greatest movements the Young Men's Christian Association has ever undertaken.

Pembroke Armory Will Fill Needs.

Pembroke May 17.—Pembroke is to secure this year a fine new armory of a class equal to the best provided in the larger towns throughout the country and a structure which will be a decided acquisition to our numerous fine public buildings as well as a decided convenience to the town for the holding of large public gatherings and other purposes.

Mr. White says that the building which it is proposed to erect here will cost about \$30,000. It will be of standard armory design, one storey in height, and of good proportions.

At both ends there is an excavation—one end for rifle range, etc., and the other for other purposes.

The drill hall proper will be 83 x 130 feet, while at one end there is accommodation for infantry and cavalry, equipment, harness, etc., and at the other end sergeants' and officers' rooms. A good sized gallery is also provided.

Half an acre of ground is required for the armory, and Mr. White says that if the town council provides this free site he feels confident that an appropriation for an armory here could be secured this session.

Censured By Judge

Montreal, May 15.—Physicians, lawyers, notaries and other professional gentry were scored by Judge Leboeuf in the course of the hearing of a case in the Circuit Court yesterday.

"I, myself, some time ago," said the judge, "happened to receive a bill from a physician—one of my good friends. He billed me for \$85. I was surprised at the amount. I could not make it out, and asked for details. My good friend, complying with my request, sent me in a detailed bill or account. Would you believe me, when I say that he had quite a few itemized entries dated a certain month—and the interesting part of it all is that during that particular month I was away in Europe, and hence could not have had any consultations with him. The system is bad, excessively bad."

Miss Hutchinson Gets A Homestead.

Ottawa, May 14.—A special act of Parliament is to be passed to grant 360 acres of homestead land in western Canada to Miss Lois B. Hutchinson of Toronto. Her father, James Hutchinson, was killed in action at Cut Knife Creek during the rebellion of 1885. The application for land bounty under the volunteer act was not made by Miss Hutchinson before the time for filing applications under the act expired. A special exemption is now being made in her case, according to notice given by Hon. T. W. Crowthers of a bill to be introduced in the Commons.

Miss Hutchinson, or her substitute will be entitled to obtain, free of charge, a homestead of two adjoining quarter sections.

Gravenhurst Station Burns.

Gravenhurst, May 14.—Fire this afternoon completely destroyed the Grand Trunk Station here, also the coal sheds and several cars, including one car of live stock.

It is thought the fire started from defective wiring between the ceiling and roof.

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up; the nervous become strong as steel, so that nervousness, bashfulness and despondency disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and mental systems are invigorated; all drains cease—no more vital waste from the system. You feel yourself a man and know marriage cannot be a failure. Don't let quacks and fakirs rob you of your hard earned dollars.

NO NAMES USED WITHOUT WRITTEN CONSENT THREATENED WITH PARALYSIS

BEFORE TREATMENT

AFTER TREATMENT

Peter E. Summers relates his experience: "I was troubled with Nervous Debility for many years. I lay in bed for weeks and was unable to do anything. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me, gazed at my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, but received little benefit. I was induced to consult Drs. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic—I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and continue to do so."

CURES GUARANTEED OR NO PAY

We treat and cure VARICOSE VEINS, NERVOUS DEBILITY, BLOOD AND URINARY COMPLAINTS, KIDNEY AND BLADDER DISEASES and all Diseases peculiar to Men.

CONSULTATION FREE. BOOKS FREE. If unable to call write for a Question Blank for Home Treatment.

BY-LAW NO. 224.

To authorize the borrowing of \$5,000 by the issue and sale of debentures, to provide for the cost of a plant to distribute Electric Power to be supplied by the Hydro-Electric Power Commission of Ontario.

Passed 1913.

WHEREAS it is necessary to raise by way of loan on the credit of the Village of Chesterville the sum of \$5,000 to provide for the cost of works, plant, machinery and appliances necessary for the distribution of electric power in the said Village to be supplied by the Hydro-Electric Power Commission of Ontario.

AND WHEREAS the sum of \$5,000 is the debt intended to be created by this By-law.

AND WHEREAS it is desirable to issue the said debentures at one time, and to make a principal of the said debt repayable in yearly sums during the period of Thirty years, being the currency of said debentures, said yearly sums being of such respective amounts that the aggregate amount payable each year for principal and interest in respect of the said debt shall be as nearly as possible equal the amount payable in each of the other Twenty-nine years of the said period.

AND WHEREAS the total amount required to be raised annually by special rate for paying the said debt and interest as hereinafter provided is \$344.00.

AND WHEREAS the amount of the whole rateable property of the said Village of Chesterville, according to the last revised assessment roll thereof is \$227,540.

AND WHEREAS the amount of the existing debenture debt of the said Municipality, exclusive of local improvement debts, is \$16,296.29 and no part of the principal or interest is in arrears. Therefore the Council of the Corporation of the Village of Chesterville enacts as follows:

1. That for the purposes aforesaid it shall be lawful for the Reeve and Treasurer of the said Village to borrow the sum of \$5,000 and to issue debentures of the said Corporation to the amount of \$10,320.00, each of which debentures shall be dated on the date of the issue thereof, and shall be payable within thirty years thereafter at the office of the Treasurer of the said Corporation.

2. The said debentures shall be payable in thirty annual instalments during the thirty years next after the issue thereof, and the total amounts of principal and interest payable during each of the said years shall be as follows:

Year	Total
1	\$344.00
2	344.00
3	344.00
4	344.00
5	344.00
6	344.00
7	344.00
8	344.00
9	344.00
10	344.00
11	344.00
12	344.00
13	344.00
14	344.00
15	344.00
16	344.00
17	344.00
18	344.00
19	344.00
20	344.00
21	344.00
22	344.00
23	344.00
24	344.00
25	344.00
26	344.00
27	344.00
28	344.00
29	344.00
30	344.00

3. Each of the said debentures shall be signed by the Reeve of the said Village of Chesterville, or by some other person authorized by by-law to sign same, and by the Treasurer thereof, and the Clerk shall seal the same with the corporate seal of the said Corporation.

4. The said debentures shall bear interest at the rate of 5½ per cent per annum, payable yearly at the office of the said Treasurer, and shall have attached thereto coupons for the payment of same which coupons shall be signed by the Reeve and Treasurer of the said Village of Chesterville.

5. During the currency of the said debentures there shall be raised annually by special rate on all rateable property in the said Village of Chesterville the sum of \$344.00 for the purpose of paying the amount due in each of the said years for principal and interest in respect of the said debt.

6. This By-law shall take effect and come into operation from and after the final passing thereof.

7. The votes of the ratepayers of the said Village of Chesterville shall be taken on this question on May 31st, commencing at the hour of nine o'clock a.m. and

continuing until five o'clock p.m. at the following places and by the Deputy Returning Officer hereinafter mentioned, that is to say:—George Elliot, D.R.O.

8. On Saturday, May 24th, at the Town Hall at 10 o'clock a.m. the Reeve will attend to appoint in writing, signed by him, two persons to attend at the final summing up of the votes by the Clerk of this Corporation and one person to attend each polling place on behalf of the persons interested in and desirous of promoting the passing of this by-law, and a like number on behalf of the persons interested in and desirous of opposing the passing of this by-law.

The 3rd of June at the said Town Hall at 2 o'clock p.m., is hereby appointed for the summing up by the Clerk of this Corporation of the number of votes given for and against the said by-law.

..... Reeve.

..... Clerk.

NOTICE

TAKE NOTICE that the above is a true copy of the proposed by-law which has been taken into consideration and which will be finally passed by the Council of the said Municipality (in the event of the assent of the ratepayers being obtained thereto), after one month from the first publication in THE CHESTERVILLE RECORD, the date of which first publication was Thursday, May 8th, and that the votes of the ratepayers of the said Municipality will be taken thereon on the day and at the hours and places therein fixed, and further that the names of leaseholders neglecting to file a declaration pursuant to Section 354, Sub-section 1, of the Consolidated Municipal Act, 1903, as amended by 9 Edward Seventh, Chapter 73, Section 10, shall not be placed on voters' list for such voting.

DATED at Chesterville this 7th day of May, 1913.

GEORGE ELLIOT, Clerk.

The Senate Will Pass Naval Bill With A Provision.

Ottawa, May 17.—The Senate will not reject the naval bill, The Herald was informed to-day, but will alter it.

The present bill will be amended by adding a single short clause as follows:

"This bill shall not come into effect until it has been submitted to the people at the polls."

Judging by the action of the Government in the commons they will decline to concur in this amendment, and then the naval bill will become only a memory of a notable parliamentary struggle.

A conference of the Liberal majority in the Senate will be held on Wednesday, which is the day following the receipt of the bill from the House of Commons, Tuesday, to which date the Senate has adjourned.

The Senate calls it a "conference" because "caucus" is a vulgar American term monopolized by the Commons. After this conference, the course of the Liberal majority in the Senate on the naval bill will be found to be precisely as outlined above.

Four Students Drowned.

Ithaca, N. Y., May 18.—The finding today of an overturned canoe in Cayuga Lake was led to fears that four Cornell University students, two of them young women, who went for a ride in the canoe last night, have been drowned.

The students, Brainard Bailey, of Troy, N.Y., an editor of the Cornell Daily Sun; Reinhart A. Zimmer, of Rochester; Miss Martha E. McCormick of Troy, N.Y., and Miss Neil C. Brackett, of Middletown, N.Y., were guests at a house party at Willow Point, given by the Kappa Kappa Gamma Sorority. The four put out in a hired canoe to paddle to Renick, planning to walk back along the lake shore.

A heavy wind was blowing when they started and, as the canoe was loaded nearly to the water's edge, it is feared the high waves swamped the little craft. At daybreak, when the students had failed to return to the Willow Point House, Proctor T. H. Tweeson was notified and he and Sheriff Miller at once organized searching parties. The overturned canoe was found and late today grapplers began dragging the lake.

The two young women, who lived at Sage Cottage, the women's dormitory, were sophomores in the College of Arts and Sciences. Bailey was a sophomore in the law school, and Zimmer a sophomore in the College of Mechanical Engineering.

THE GREGARIOUS BLACKBIRD.

Likes the Company of His Kind and Is Unafraid of Man.

If one of the chief sources of happiness in this life is the having of many good friends of one's own kind, and it undoubtedly is, and if the birds are also subject to that rule, as they presumably are, then may the members of the blackbird clan lay claim to a large amount of happiness from this source, for seldom do you see them that they are not surrounded by many of their kind, and judging by their behavior they are on the most friendly terms.

These birds will alight in number, like a small black cloud, close to the human observer, apparently unafraid of his presence. They will give him a side-long, indifferent glance, which might be interpreted as one of inquiry, curiosity, or of simple greeting. Busily they pick up and devour the insects that are invisible to the human eye, and to judge by the length of time they devote to it, and their great diligence, they must, before they are through, reduce the insect population to a considerable extent. After they have been over a field thoroughly, it seems as if no bugs or worms upon the surface of the ground could have escaped the blackbird harvester. The male bird struts around proudly in his shiny, jet-black coat, and his female companion seems no less self-appreciative, although her dress is not as handsome as is his sleek coat, being of a dull dark gray that at times on the breast is a dark reddish brown.

The blackbird is rather voluble, which probably compensates him for his lack of ability to sing. He seems to be making remarks upon one subject or another almost constantly, that, though short and abrupt, are presumably to the point, judging from the business-like way in which he dispatches his work.

If you chance to be walking near the blackbird's nest during the nesting season, you may be startled by a sudden whirr of wings, a rush of air or the brush of a wing on neck or face, or possibly a peck of no little force. The bird angry at what he considers your intrusion on his sacred precincts, will follow you some distance, voicing his indignation and attacking you with a surprising vigor and indifference to his own danger.

The blackbird is an urban as well as a country dweller. He is sophisticated, and fond of city life. He would not be considered timid or bashful, but rather bold, though you would not class him with the rowdy English sparrow—far from it; he is not that kind of a bird. He looks far too much the gentleman in his fresh black cutaway for any such undignified conduct as the sparrow indulges in.

One Grain of Wheat.

A German philosopher has calculated that a single grain of wheat produces fifty grains and that these fifty will each produce fifty grains more, and so on, remarks The Bakers' Weekly. Thus he finds that the grain would develop in the following way: In the second year, 2,500 grains; in the third year, 125,000 grains; in the sixth year, 15,625,000 grains; in the twelfth year, 244,140,625,000 grains. The third year's crop would give 300 men one meal, leaving enough bran to feed eight pigs for one day. The produce of a single grain in the twelfth year would suffice to supply all the world with food during their lifetime.

To Improve Trade With Brazil.

For the improvement of trade relations between Brazil and Canada a Chamber of Commerce has been formed at Rio de Janeiro, and notification has reached Montreal that the chamber is now prepared to give assistance to merchants in Canada.

The objects of the chamber are to encourage trade, to collect and disseminate information and statistics, and to facilitate and establish direct communication between Brazil and foreign manufacturers and merchants. Special attention will be paid to Canadian trade and the Montreal Board of Trade has been asked to assist in this matter.

A Bible Rich In Color.

A publisher's letter bag often hold queer communications, but not many suggestions are more remarkable than one received at the Oxford University Press in the following terms:

"Why not make an India paper Bible, the paper of a bright purple color with gold capitals and silver words (or jet black India paper with orange or very bright yellow letters), or bright orange or yellow India paper with large black-faced type * * * with certain particular words in purple, red or bright blue?"

No medieval breviary ever had such a riot of gaudy hues.—London Standard.

Had Some Listeners.

The vicar of Fawston, speaking recently on the hot weather, stated that in an old book, left by a former vicar of the parish, he had found an entry relating to that particular July Sunday just forty-eight years ago. The entry ran: "Sixteen in church, eight asleep."

A Villain.

Friend—So your husband has been deceiving you, eh?

Mrs. Henpeck—Yes, the wretch! I used to give him 10 cents for his car fare every day, and I found out he's been walking to the office and spending the money.

ALLISON STOCK FARM

STUD (1913).

Headed by the Ottawa Grand Champion.

ON GUARD (13409).

Sire—Prince Sturdy (2881).

Dam—Lady Pride (14625).

ON GUARD is one of the best draught horses that ever crossed the Atlantic. He was imported a year ago last March, and never was shown in this country until Jan. 1913, when he was first in one of the best aged stallion classes ever seen at the Fat Stock Show held in Ottawa; also Grand Champion of the Show. He is a massive sized horse, standing on the very best of feet and legs, which are unsurpassed for quality and a beautiful goer. He is said to be by most of the noted horsemen, one of the best. He has proven himself a very sure foal getter, getting the very best of stock.

TERMS—Registered mares, \$50.00 to insure. Grade Mares, \$25.00 to insure; also

BRIGHT GUARD (13410).

Sire—On Guard (13409).

Dam—Bright Belle (26482).

BRIGHT GUARD is a great big good sized colt, the image of his noted sire, standing on the best of feet and legs and a splendid mover. He is the makings of one of the best show horses yet to be seen.

TERMS \$15.00 to insure; also

3 Imported Hackney Stallions

Of the best of breeding, style and action. These are three beautiful young horses, two of them being prize winners at some of the leading shows.

TERMS—\$10.00 to insure.

We hold a government certificate of soundness for each one of these horses. Come to the Allison Stock Farm where you have the winners to choose from. If you are looking for the best call and see them.

Mares at owner's risk. Yeld Mares \$1.50 per week. Brood Mares with foal at \$1.75 per week. This applies for keep of mares.

For further particulars apply

ALLISON STOCK FARM, Chesterville.

or ALEX. MCKENDRICK, Groom, in charge.

CHAMPION CLYDESDALE STALLION

WHITEKIRK HERO 10,721 (Imported)

PEDIGREE—WHITEKIRK HERO (10,724) imported; Vol. XXXII; Bay, foaled May, 1907. Bred by Sir David Baird, Bart., Newbyth, Prestonkirk, East Lothian. Sire, Aberlady (11,988). Grand Sire, Luffness (11,418). G. Gr. Sire, Macgregor (1,487) G. G. Gr. Sire, Darnley (222). Dam, Miss of Newbyth (23,404). Sire of Dam Gay Everad (10,758), by Sir Everad, by Top Gallant, by Darnley. Gr. Dam, Dora (23,403).

Will be found at the following stations, starting 5th of May, health and weather permitting:—Monday Noon—Charles Casselman's, Cass Bridge; Monday Night till Thursday Morning—Charles Graham's, Inkerman; Thursday Noon—Howes, Winchester; Thursday Night—Wm. Price's, Winchester; Friday Night—Allison Stock Farm.

DESCRIPTION—WHITEKIRK HERO Imp., is a big sized handsome horse of first rate quality, standing on the best of feet and legs and the very best of bones, along with marvellous action. He was second in his class, also reserve champion at Ogdensburg in 1911; also 5th at Ottawa the same year. He was again first in his class for aged stallions, first for the improvement of heavy draughters, prize was \$50 in gold; also standing at the head of the four best draught horses on the ground and the grand champion at Ogdensburg in 1912; also fourth in the aged stallion class at Ottawa Fat Stock Show, 1913, in as good class of aged stallions as ever gathered there. He is proving himself to be an extra sure foal getter, leaving plenty of the very kind of stock that is wanted in the country.

TERMS.—\$15.00 one foal, \$25.00 two foals, \$35.00 three foals, all mares to be owned by same parties. Payments to be made in cash when mares show in foal. Mares disposed of after service and before foaling time are considered same as in foal. All mates tried at owner's risk. Any persons trying mares to this horse without service and not returned will be held the same as being served.

For further particulars apply to John F. Droppo, Groom, in charge, or

Millionaire But Travels In Bonds Across Dominion.

Montreal, May 21.—A millionaire but in bonds, one of the builders of the Canadian Pacific Railway, yet travelling on that line under a guarantee, Sing Ho, probably the richest Chinese in America passed through the city to-day en route home to spend his last days in China.

For forty years Sing Ho has been at the head of a Chinese contracting firm which supplied much of the labor of the branches of the C.P.R. and with other work in the North-western States has amassed a fortune variously estimated at from five to ten million.

Worn-out and enfeebled after his lifetime of vigorous effort Sing Ho wishes to die in the old land and is taking the Atlantic and Mediterranean trip for the first time.

As a Chinaman it is necessary for him of course to go under a bond of \$500 while passing through Canada. He sat in the parlor car on arrival until his companion, Wah Tong, who accompanies him as a nurse and bodyguard, had seen after the other arrangements and then assisted him from the train. It has been twelve years since his last visit to China and his wife is still living there waiting for his return.

Sing Ho's company owns one of the largest hotels in Portland, Ore., valued at \$2,000,000. His son will succeed him in his varied business interests with headquarters at Hope, Idaho, winning his right to take his father's place through sheer force of ability rather than by inheritance, quite after the Chinese fashion.

Sing Ho is not a talkative person although he speaks perfect English. "America has been good to me," he said, "I cannot complain of unfair treatment."

New Highways Commissioner.

Ottawa, May 20.—The Government has appointed Capt. A. W. Gray, new assistant highways commissioner for Ontario, to be highways commissioner for the parks branch of the Interior Department. The post is a new one, the intention of the Government being to establish good roads for horse and automobile traffic through the national parks. Capt. Gray is an experienced engineer and an expert on road construction. He leaves for the West at once, and will likely make his headquarters at Edmonton.

Train "Butcher" As Thief.

Montreal, May 20.—Lying in his berth in the C.P.R. train between Toronto and Montreal last night Laws Delane, a miner from Cobalt, felt some one feeling in the pocket of his coat. Grabbing a hand in the pocket he called for assistance, and when the lights were turned on it was found that the miner held H. Ralph, the news agent on the train. Ralph was this morning charged before Judge Lafontaine with stealing \$300, the property of Delane, which was found on the news agent when he was searched, and committed for trial.

Charge Mother With Murder Of Babe.

Winnipeg, May 20.—Mary Jane Casemore, 26, who is engaged at the King Edward tubercular hospital as a domestic servant, was arrested by Inspector Stark and Detective Sergeant Bishop, of the city police last night, on the charge of the murder of her newly born child. The body of the child was found in the vicinity of the old pontoon bridge, West River Park, on Sunday. It is stated by the police that the woman has confessed the murder. The woman is a native of Teeswater, Ont., and is believed by the police to have married a man named J. J. McCourt, plasterer by trade, at present residing in Chicago.

Sends \$25,000 Cheque To His Alma Mater.

Kingston, May 21.—In fulfilment of a recent promise, Dr. Jas. Douglas of New York, one of the early graduates of Queen's, has sent Dean Goodwin a cheque for \$25,000 for the establishment of tutorships in the School of Mining.

A radial electric line is soon to be built from Hamilton to Galt.

MUSIC.

Lessons on Pianoforte. For terms apply to

MISS JEAN CASSELMAN.

Death Of The Naval Aid Bill Is Forecasted

Ottawa, May 21.—The close of the second session of the twelfth Parliament of Canada promises to be marked by a serious clash of authority between the Upper and Lower Houses. It is practically certain now that the two most important Government measures of the session, namely the Highways Bill and the Naval Aid Bill, will be either killed outright by the Senate or so amended that they will not be acceptable to the government.

The caucus of liberal senators was held today and while no announcement was made it is understood that the decision to amend the Naval Aid Bill was entered upon. The amendment will demand an appeal to the people on the Naval Bill besre it can become law.

This amendment is apparently the outcome of an agreement between the Liberals and Nationalists and is agreeable to both parties. Captain Armand Lavergne, second in command of the Nationalist party, arrived in the capital last night and had a conference with Sir Wilfrid Laurier this morning. It was of considerable duration and the news caused considerable surprise here as it has been an open secret that for some time before the 1911 election the Liberal leader, incensed at the attacks of his former follower, ignored the latter. But the present situation has made friends of enemies.

As to what will happen if the senate goes so far as to kill these two Bill was entered upon. The amenderal papers are again talking of a general election, but it can be stated authoritatively that the Government has no intention of permitting a body which is not representative of the people to dictate to those elected by popular will.

Mrs. Archibald Gault Dead.

Cornwall, Ont. May 16.—The news is announced of the death of Mrs. Archibald Gault, a former resident of Cornwall, at Edinburgh, Scotland, where Mrs. Gault has been living since the death of her husband. The deceased was an active member of the congregation of Trinity Church during the residence of the family in Cornwall. The only surviving member of the family is Mr. Harry Gault, who is living in Oregon.

Put On The Lid In Montreal On Sundays Now.

Montreal, May 20.—The open Sunday which Montreal enjoys, or suffers from, according as one regards the ten Commandments, will soon be a thing of the past, according to the plans of the Lord's Day Alliance, announced yesterday.

The man or syndicate who, or which gets up a sacred concert of which the chief sacred feature is that immortal classic "Has Anybody Here Seen Kelley?" the movie man who is making a fortune out of his Sunday business; the skating rinks which take an entrance fee; the baseball parks; every form of amusement, however harmless, which is organized for profit, and every form of labor which is not an absolute necessity—will be dealt with according to the federal law, which is shortly to be involved.

The Rev. W. Rochester, the general secretary of the Lord's Day Alliance, and the Rev. F. W. Mingle, the Eastern secretary of the same organization, have had interviews with His Grace Archbishop Bruchesi, with Mr. Ainey and Mr. Godfrey, Controllers, with Chief of Police Campeau, with Mr. Laurendeau, the City Attorney, and last, but not least, with Sir Lomer Gouin, the Attorney-General of the Province, on the subject of the plan of campaign.

Rev. Mr. Rochester is in the city today. He preached in the First Presbyterian Church Sunday, and said that the Forum case having been established, the Alliance was biding its time—which time was likely to be short—before inaugurating a general campaign whereby the Sabbath law would be enforced in Montreal.

A portion of Rev. Mr. Rochester's sermon was drowned out by a passing bugle band, which fact he pointed out, was significant of Montreal's observance, or non-observance, of the Sabbath.

An eleven-year-old boy, Jack Rawling, just out with his family from England, was struck and instantly killed by a piece of iron falling off a passing engine near Ford City.

Deceased Magistrate Did Much For Almonte.

Almonte, May 20.—The funeral of the late E. W. Smith took place from his former residence on Mill street yesterday morning. The late Mr. Smith who was 65 years of age had been failing in health for some time past, but had recovered sufficiently to be around again to some extent. He took a relapse, and after a short illness passed away Saturday afternoon.

Mr. Smith had been police magistrate of Almonte for many years and always took a deep interest in matters pertaining to the welfare of the town. He was especially active along educational lines and did much to encourage the educational systems in Almonte.

A large family are left to mourn.

Sir Richard Scott's Will.

Ottawa, May 20.—The will of the late Sir Richard Scott, fyled for probate here today, disposes of an estate of \$92,300.

He bequeathed \$2,000 to charity and the remainder of the estate is to be invested and divided between two unmarried daughters.

"I regret that financial losses debar me from making other bequests I would like to make," reads the will. The two sons, Assistant Railway Commissioner D'Arcy Scott and W. L. Scott are trustees of the will. They are not beneficiaries.

Suicide Leaves \$7,800.

Kingston, May 16.—The will of the late Frank Coley, a traveler, who committed suicide by shooting at Barriefield last Friday night, has been entered for probate in the Surrogate Court. He leaves an estate valued at \$7,800 to his sister. The will was made on May 3rd.

Body Found In River.

Soo, Ont., May 18.—Joseph Larue was taken in charge by the police tonight and lodged in the jail following the discovery of the body of his wife in the river near here. The woman disappeared about three weeks ago, her husband saying he had left her on the street near a local hotel and had intended to meet her later.

Fall Heirs to \$250,000.

Kingston, May 19.—The family of John McGuire, who died here a few years ago, where he was employed as a letter carrier, have become heirs to an estate valued at \$250,000, as the result of the death of James McGuire, a relative in Elizabeth N.J. The property involved is located at Elizabeth.

G. W. BOGART, - - Chesterville, Ont.

NEWINGTON.

J. McAvoy spent Saturday at the Capital.
Mrs. Mabel McAuley is visiting in Toronto.
Mrs. G. Helmer is home from the hospital.
Miss S. Smirle spent the week end at her home.
John Helmer has returned from Regina, Sask.
Mr. Doran is some better, but still confined to his bed.
Mrs. McIntosh is visiting her daughter, Mrs. Dickie.
Dr. B. C. Reynolds was visiting friends in Cornwall this week.
Iziah Zeron purchased the property of W. A. Jardine of Ottawa.
A slim crowd attended the dance in Helmer's hall last Friday night.
Mrs. A. A. McMillan and daughter, Thresa, have left for Ottawa.
C. P. Bowman has opened a new Ice Cream parlor in L. Hawn's store.
Mrs. O. Rombough and A. Helmer left town this week for Medicine Hat.
Misses Jardine and McAvoy spent Monday afternoon at the McMillan House.
Mrs. H. W. Cliffe and daughter, Lorna, are visiting at Mrs. A. C. Jardine's.
A. W. McIntyre engaged Watson's car for the past week buying cattle for the west.
What about that new station we heard so much about a little while ago? It still continues cool.
Mrs. R. J. Snetsinger of Grimsby came last week to visit her sister, Mrs. Campbell, who is ill.
Mr. and Mrs. C. F. Jardine attended the funeral of the late Mrs. H. Petherly at Lunenburg on Tuesday.
Mr. and Mrs. E. W. Martin and children of Cornwall visited the former's old home here over the week end.
A. C. Jardine, B. C. Reynolds, C. Warner and Dr. J. O. Baker took a trip to Ottawa in the car recently. Dr. J. O. Baker left for the west.

Brandon's Street Cars.

Brandon, Man., May 16. —With the mayor and alderman and several prominent citizens aboard the first street car to make the trip over the Brandon municipal system started at 11.30 today and with very few stops completed the journey and returned to the starting point successfully. It is not expected the cars will be running regularly for another couple of weeks.

DUNBAR

May 19th.

The dry weather has given way to refreshing showers and the farmers are quite jubilant.
Miss E. M. Deeks of the A.C.C.M., Ottawa, spent Wednesday at her home here.
Mrs. Nettie Marselis and daughter Miss Kate spent a few days last week visiting relatives in Finch.
Mrs. T. St. Aubin, Miss Eva Carlyle and Miss Mina Marselis are attending the Presbyterial at Iroquois.
Mr. and Mrs. R. S. Barkley of Chesterville visited at Mr. John Dillabough's on Thursday.
Mrs. Wallace Monk and the Misses Grace and Hattie Monk were recent guests of Mrs. Alex Young.
Plenty of surprises—a marriage every week.
Mrs. Bertha Weegar and little daughter Gladys are visiting relatives at Williamsburg.
Mr. and Mrs. Henry Clark and Baby and Mr. and Mrs. Herbert Clark and son Theodore motored from Avonmore on Sunday and were the guests of Mr. and Mrs. Jas. Clark.
Mr. and Mrs. Thos. McLean, baby Audrey and Master Walter were the guests on Sunday of Mr. Thos. L. Deeks of Williamsburg.

A most enjoyable time was spent on Thursday afternoon by the ladies of the W.F.M.S. who had a quilting bee at the home of Mrs. Harvie Dillabough. They successfully accomplished quilting two quilts, after which a dainty and appetizing luncheon was served, which, needless to say all did ample justice.

And so Miss Mc—doesn't like some of the things she reads in our news. Well that is too bad, but she is at liberty to pick out what she does not like and leave the rest for some one who is less fastidious. Does she know what they call the man who sat down at a first-class hotel dinner and beginning at the first item on the bill of fare tried to eat every dish mentioned thereon. Our news presents a varied bill of fare every week, but there is no law compelling you to devour every portion of it. Just put aside what you don't relish and say nothing about it. And don't swear at the scribe, its both wicked and foolish.

BILL NYE.

The funeral of Mr. W. E. Davis, passenger traffic manager of the Grand Trunk lines, was one of the largest and most impressive Montreal has witnessed.

\$23,470,316 Added To The Estimates

Ottawa, May 20.—Supplementary estimates for the current fiscal year were laid on the table by the Minister of Finance, Hon. W. T. White, late this afternoon. They total \$23,470,316. Of this, \$17,328,809 is chargeable to consolidated fund and \$6,141,506 is chargeable to capital. With the previous main estimates of \$179,152,183 the aggregate of the estimates is now \$202,662,499, a record figure for the Dominion.

The largest single item in the supplementary estimates is four million dollars "to provide for the construction, acquisition, leasing or expropriation of terminal elevators" this will carry out in part the policy which was announced in the House last week by Hon. George Perley, acting minister of trade and commerce. What is proposed is to establish at various points in the west interior elevators at which grain will be weighed and graded and certificates issued to the farmers upon which they may borrow money or sell their grain.

Ship Milk By Freight Trains.

Lachute, Que., May 20.—About 300 cans of milk which should go to Montreal on the regular morning passenger train had to be taken by freight today as a result of the various shippers in this district refusing to comply with the C. P. R. change of time. The Calumet-Montreal train has for the past few months passed through here at 9.30 a.m., but the new schedule alters the time to 7.40, and on being notified of this the shippers immediately called together a meeting to voice their protests, which they wired to the officials in Montreal. The train passed through at 7.40 this morning as scheduled, but very little of the milk was at the station for it to take, and farmers could be seen arriving with their milk at the time they have always come, and as a result it was left on the platform until the C.P.R. decided to remove it by freight to its destination. The farmers—many of whom have to come a considerable distance—state that they will not bring their milk so early, and they feel that the railway company are obliged to carry it just the same.

Read the Record

Miller Must Pay \$41,000 Or Else Give Accounting.

Montreal, May 20.—R. C. Miller, Canada's state prisoner, was presented with an alternative by the court of appeals yesterday that he may either give an accounting for the \$41,000 which he claims to have paid in order to secure government business or he will have to make good this amount to the Diamond Light and Heating Co.—the concern of which he was president.

This was the majority ruling of the court. Mr. Justice Gervais, however, strongly dissented from the finding of his colleagues.

Mr. Justice Trenholme, who handed down the judgment to the above effect, in the name of his colleagues, spoke without notes and in a lengthy review of case maintained that the general term "sundries," as used by Miller in explaining the destination of the amount involved was wholly insufficient and that hence it was incumbent upon him to give a detailed accounting of what had been done with the money he had received from the coffers of the company with a view of securing the government business.

His Lordship also upheld the ruling of the lower court calling upon Miller to give an accounting of the \$1,800 alleged to have been paid to a Mr. Fraser, a former official of the government, while the finding of Mr. Justice Hutchison in the court of first instance demanding that Miller also settle an account of \$900 for rent of an office he occupied on the premises of the Diamond Light Company, while he was president of the concern, was also upheld.

On the latter point his lordship held

that Miller had utilized the office space not only for the business of the Diamond Light Company, but also for his own business. In regard to the item covering payments alleged to have been made to Mr. Fraser, Mr. Justice Cross dissented from the majority ruling.

In the ruling dissenting all along the line from the finding of his colleagues, Mr. Justice Gervais, to summarize his views, maintained that the accounting which had been given by Miller was sufficient.

In the case of disbursements made in advancing the interests of the company, his lordship considered that a general statement of the manner in which such disbursements has been made was sufficient. Otherwise any director of the company would never be free from the liabilities of suit being taken against him or his heirs, to force a detailed accounting of disbursements made in the interests of the company. His lordship considered that the proper way for the Diamond Light and Heating Company to have proceeded would have been by way of an action "En rectification de compte."

For these reasons he was of the opinion that the ruling of Mr. Justice Hutchison, in the court of first instance, should be reversed.

Cornwall Firm Gets Job

Kingston, May 14.—An Ottawa report says Fallon Bros. of Cornwall, have been awarded the contract for the construction of Kingston harbor breakwater, to take the place of Catarqui Bridge. Fallon Bros.' tender was the lowest—namely \$212,000.

Notice to the Public

Having purchased one of the latest improved **Hydraulic Cold Tire Setters**, the same as won the gold medal at Toronto fair in 1912, and having had one of the Company's experts here for two days showing me all the details of operating it, I am in a position to set tires of any description on very short notice. We fully guarantee our work to be the best that can be done, either with hot or cold machines. Give me a trial and be convinced of the merits of the Hydraulic Cold Tire Setter.

TOPHILE LABRE, Chesterville.

CURE KIDNEYS AND RHEUMATISM DISAPPEARS

GIN PILLS Put Things Right

Get rid of YOUR Rheumatism for good by taking that reliable remedy, GIN PILLS. They will relieve the pain—they will strengthen the kidneys—they will cure you to stay cured—or your money will be promptly refunded.

Montreal, March 29th, 1912.

"It affords me great pleasure to inform you that I have used GIN PILLS for about six months and that they have done me a great deal of good. I had Rheumatism for two years and this winter I saved myself from it by taking GIN PILLS. I highly recommend them to the public."

A. BEAUDRY.

GIN PILLS neutralize the acid condition of the urine, prevent the formation of uric acid in the blood and stone in the bladder and kidneys, keep the kidneys well and strong, and thus cure and ward off Rheumatic attacks. 50c. a box, 6 for \$2.50. Sample free if you write National Drug and Chemical Co. of Canada, Limited, Toronto.

A GREAT INDUSTRY.

Mexico Produces 80 Per Cent. of World's Supply of Pencil Lead.

It is a note worthy fact not generally known that from the isolated Santa Maria mines, situated about 60 miles southeast of Hermosillo, Mexico, comes the graphite which provides the lead for 80 per cent. of the pencils used in the world. This has been the unbroken record of the Santa Maria property for the last 18 years. One pencil does not contain much graphite, to be sure, but when the millions that are in daily use in all parts of the world are considered the aggregate quantity of lead material for their manufacture is very large.

The Santa Maria graphite deposits are the largest upon the American continent, so far as known. They are owned by a syndicate of Americans from Saginaw, Mich. The product of the mines is shipped to Saginaw for treatment, where it is ground and separated by means of air flotation and bolting.

In many respects the location and development of these great graphite mines in western Mexico have been attended with romantic and tragic features. They are situated in the heart of the Yaqui Indian country and during the long years of turbulence when the Mexican Government was endeavoring to bring these untamed savages into subjection the little mining camp was in constant danger of being attacked by them. Raids upon the outlying settlements were frequently made and mining prospectors not infrequently met death at the hands of the Indians.

It was in 1895 that the present American owners obtained control of the property and opened up the mines on a large scale. They have operated them continuously ever since then and for several years the mines have been one of the chief sources of graphite in the world.

While 80 per cent. of the pencils that are used in the world contain graphite from the Santa Maria mines, this comprises a very small part of the property's output. Most of the graphite is used in the manufacture of lubricants, for which purpose the product must be very pure and free from grit. A large tonnage is also consumed in the manufacture of paint, foundry facing, powder glazing, electrotyping and stove polish.

The depths of the workings in the Santa Maria mines has reached more than 175 feet. The graphite bed is from nine to ten feet in thickness. It occupies a very irregular position. One mass of the product, which has been worked out, reached a thickness of 24 feet and had a breadth of 75 feet vertically and 150 feet horizontally. The graphite is so soft and friable that a large lump can be taken in the hand and crushed to small particles. It has a velvety surface and is smooth to the touch. So easily mined is it that all the work is done by pick and shovel, no explosives being required.

A Word With a Strange History.

"Treacle," or molasses, is a word with an interesting history. The earliest treacle was an antidote against the viper's bite and probably was made of viper's flesh itself. It is a word with a strange history, descending from the Greek "ther," a wild beast, whence came the adjective "theriakos," pertaining to a wild beast, which was eventually specialized to mean saving as an antidote against a wild beast's bite. In English treacle then came to mean anything soothing or comforting. Chaucer even speaks of Christ as "treacle of all harm." And, as so many soothing remedies were sirups, treacle at length meant simply sirups of various kinds.

A Barbarous Policy.

After the Dutch had taken the Moluccas from the Portuguese they introduced the cultivation of the clove into their own possessions, cut down all the clove trees of the Moluccas and pronounced death on any one who would plant a single clove bush or gather or sell a pound of the product. Expeditions were sent from their other eastern possessions every year to cut down any bushes that might have accidentally started in the Molucca islands. This barbarous policy made the islands a desert, for, deprived of their forests, the volcanic soil was washed away, and the population starved or was deported.

Peculiarity of Bats.

A century ago Abbe Spallanzani proved that bats could pursue and catch insects without seeing them. The vibrations of waves from a bat's wings, though of too low frequency to produce sound, are reflected back from obstacles they strike, and it is supposed that the bat is able to detect the reflections and thus to guide its flight.

Knew Her Mamma.

Policeman—Well, my little dear, if you can't tell me your mother's name or where she lives how are we to find her?
Little Girl (lost while out shopping)—Jes' put me in a shop window, an' mamma 'll be sure to find me.

Full Benefit.

Watts—Let's walk along until a car overtakes us.
Potts—No. Let's walk the other way until a car meets us. We will catch it sooner, we will go downtown just as quick, and we get more ride for our money.

The McLaughlin Carriage Company have been engaged in the development of vehicles for 43 years—over 38 years of that time have been devoted to making carriages. They were made well, as might be expected when every effort, every new and tried idea was applied to the betterment of their construction and to the extension of their service. McLaughlin buggies bore a good name, but they earned it. It was won on sheer merit. A farmer or townsman bought a McLaughlin buggy when he had the price simply because it represented the best he could get. He could buy cheaper buggies, but he couldn't get McLaughlin service. Service can't be had for nothing; it costs money, and it's worth it.

But here's the point. The same standards that made the McLaughlin buggy famous are still applied to the making of McLaughlin cars. Each McLaughlin car is the product of the accumulated experience, skill and knowledge of over forty-three years directed solely along one line. Methods haven't altered. It is only the principle of locomotion that has changed.

In relation to service, consider well that which goes with every McLaughlin car. Through its depots located all over the country, the resources of the McLaughlin plant are placed convenient to the needs of the McLaughlin motorist. Over one hundred thousand dollars' worth of parts are carried for the single purpose of giving quick, economical service. You may never need this service, but all the same, it's mighty comforting to know that it is at your disposal when and where you want it. This is partly what is meant by McLaughlin service. It covers the country.

No other Company in Canada has so much invested in service for its customers.

How To Milk A Cow.

Milking is generally considered such a simple operation that any common laborer is supposed to be able to milk. There is, however, an immense difference in milkers. One milker may be able to get 20 per cent. more milk than another.

The milker should not be allowed to excite or worry the cow by loud talking or abuse of any kind. A cow should be milked quietly and quickly. As she is largely a creature of habit, special care should be taken to get all the strippings. The first milk drawn may contain as little as 1 per cent. of fat, while the last runs from 6 to 10 per cent.

In milking the whole hand should be used, closing the first part next to the udder. Then the milk is forced past the pincher muscle by closing the remainder of the hand. The cow's teats should always be taken to get all the strippings. Wetting the teats is not only a dirty, filthy habit, but it allows the teats to become sore and chafed in bad weather. If there is difficulty in milking a cow dry, a small amount of vaseline may be rubbed on the hands; it is beneficial rather than harmful, both in a sanitary way and in the effect on the teats.

The failure of many a promising dairy cow has been ruined by improper milking soon after calving. The dairy cow has been abnormally developed to produce large quantities of milk; consequently certain of her organs, such as the mammary glands, have become greatly enlarged and weakened just before and after parturition, due probably to the secreting of large quantities of milk.

The art, or science, whichever we may call it, of milking can only be attained by those who are willing to make a study of each individual cow, of her disposition, dairy temperament and physical condition. First, as to the care of the cow previous to parturition: She should not receive much grain, but just enough bran mash to keep her slightly laxative. No succulent feed should be fed, as it stimulates milk secretion.

After calving the calf should be allowed to take the first milk, and when it has had all it will take finish milking with the calf still near. If the udder is hard and caked, a good massaging with the palms of the hand, with or without lard, or better, with camphorated ointment, will relieve almost any congested condition. The breaking up of the udder may be greatly hastened by the sucking of a hungry calf, because of the kneading it gives the udder with its nose.

The most important thing to keep in mind are: First, do not feed succulent feeds previous to parturition or for a few days afterwards; second milk the cow three times daily after the calf has taken the first milk; third, if the udder is in a congested condition, massage it and allow the calf to suck frequently the first day.

Constable Sentenced.

Regina, Sask., May 15.—John Ogilvie, one of the constables arrested on the charge of theft, was sentenced to six months' imprisonment this morning by magistrate Trant. Constable MacAuley's case has been held over until tomorrow. He pleaded not guilty. In giving sentence the magistrate said:

This was the most painful case that has come to my attention since I have been sitting on the bench. Although restitution has been made I can take no notice of it."

Yesterday afternoon these two members of the city police force, former Winnipeg men, were arrested by order of the police commission on a charge of theft. Chief Zeats is chief prosecutor in the case.

The men had come to him from Winnipeg, were sworn and put on night duty. One of their duties was to try all the doors in the business section. One of these Constables, it is alleged, found the door of a clothing store open and helped himself to a Panama hat, a raincoat and a suit of clothes. The other, finding the door of a wholesale warehouse open, it is alleged, took a supply of candies.

How A Newspaper is Made.

Many people believe that a newspaper falls together without work concerted action or plan. The Rev. McLeod, a Presbyterian minister of Pasadena, was of this opinion, and asked to be allowed to edit one edition of The Pasadena Star. This is how he felt himself at last at the end of his task, which, it must be said, had been done quite creditably.

"My time is now almost up as I pen this last line; my brain is befuddled, and I am free to confess that I am right glad to vacate the holy spot. Such rush and riot and disarray. Such a jumble and rush. It strikes me as the effort bring order out of chaos and, do it lightning quick. I am reminded of the memorable words. The earth was without form, and void and darkness was upon the face of the deep. And the spirit moved upon the face of the waters. Never again shall I criticise newspaper men more, I shall pray for them. They will have my heart's forbearance henceforth and forever. They are the hardest worked, shortest lived, poorest paid brain workers on this weary old world.

Calgary's New Issue.

Calgary, May 18.—Negotiations whereby the Bank of Montreal will place \$2,000,000 of Calgary treasury notes in the London market at 5 17-40 per cent. have practically been concluded and approved of at a special meeting of the council.

The notes will be sold at 5 1/2 per cent. interest plus 3/4 per cent. for commission and 1-20 per cent. for stamp tax, a total of 5 17-40 per cent.

Ducks And Water.

Although a pond is not essential to successful duck rearing, plenty of drinking water should always be accessible, and it should be supplied in vessels deep enough for the ducklings to completely cover their heads. Observation of a duckling when drinking will reveal the fact that it invariably forces its beak into dirt beforehand. In this way, unless supplied with a sufficient depth of water to cleanse the nostrils, these are apt to become clogged, and the birds stand a chance of being suffocated. The water supply must be constant, never intermittent.

Some duck rearers carelessly allow the drinking water to get exhausted for an hour or two and then replenish the supply. The result is that the ducklings drink too much, and if the water is at all cold, a cramp ensues with fatal results. It is a point worth noting that ducklings which are being fattened for table purposes should have their water half an hour before they are fed; it makes all the difference in the fattening process. A frequent cause of fatality among ducklings is neglect to provide them with grit. A supply of coarse sand ought always to be in the bottom of the drinking trough, or, if preferred, a little may be mixed with the soft food.

New Regulations For "Movie" Shows.

The provincial government purposes keeping a tighter hold upon moving picture theatres in future. So rapid has been the growth of this form of amusement throughout municipalities both large and small in Ontario, that in spite of the restrictions already in force, carelessness in the operation of the machines has frequently resulted and danger from panic ensued. In view of this it is understood that drastic changes in the manner of regulation are under consideration. These include the doubling of fees in some instances, and the graduation of all on a basis of the population served. Thus the city booth will in all likelihood pay considerably more for the privilege than that of the town or village.

In addition the license will be imposed on the booth and not on the machine as present. This will work directly to the minimizing of fire danger by encouraging the installation of more than one machine. It is well recognized that after a half hour's use any machine should be allowed to cool, and yet with the present tax of \$75 on each the small proprietor feels unable to instal more than one.

Hereafter operators will be required to undergo a more stringent examination, and to show a thorow knowledge of the wiring and electric fixtures necessary. It is possible that those entering this calling in the cities will be examined in Toronto, and those in counties by means of demonstration meetings in leading towns or at work in the booths. Already the examination has been undergoing strengthening, and 190 applicants have attained a sufficient standing.

Other changes such as the arrangement of aisle space on the seating accommodation of the auditoriums and the clearing of approaches and exits are also planned. These latter, however, will not conflict with the regulations now enforced by municipal councils or bylaws.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

Take Hall's Family Pills for constipation.

Death Is Mysterious.

Valleyfield, Que., May 17.—Mysterious circumstances surround the death of Ulric Pitre, of this city, whose body was found in a room in a local hotel yesterday afternoon, and George Tucker, of Montreal, is being detained by the police as a material witness.

Pitre and Tucker passed most of the day together, making a round of several of the hotels. At about one o'clock they went to Tucker's room, and a little later Pitre, who had went down to the bar for a drink, complained of feeling ill. He was advised to see a doctor, but instead returned to Tucker's room. Tucker shortly afterward left the hotel, and the bar-tender, going to the room found Pitre dying. He immediately called Dr. Gauthier, but when the latter arrived Pitre was dead.

The coroner sent the body to the morgue, and Chief of Police Lemieux set about to apprehend Tucker, giving orders to have the railway stations watched. Late in the afternoon Sub-Chief Cuillere heard that a stranger had enquired the road to St. Timothee, and driving out in a cab he found Tucker about five miles from Valleyfield. The latter at first denied any knowledge of Pitre, but decided to return to Valleyfield with the sub-chief.

The town is considerably exercised over the mysterious death. Pitre was about thirty-three years of age and was popular here. He was a graduate of Valleyfield College, and was a law student at Laval University some years ago. An autopsy was performed last night and an inquest was opened this morning, but later adjourned till Monday, when several witnesses will be called, who may be able to throw some light on the affair.

Perth Tax Collector Cannot Be Found.

Perth, May 17.—An old gentleman, Mr. John O'Neil, who was for many years tax collector for the township of Bathurst, is reported missing.

He left home about 2 p. m. Thursday and was last seen late in the afternoon going along the canal bank. Friday night his coat, hat and cane were found on the canal bank below the Graig street bridge.

It is supposed he got into the canal, and men dragged the canal Thursday night and all day Friday to locate his body, but so far without success.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy.

Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

Train To Tour States In Interests Of Canada.

Encouraged by the Federal and Provincial Governments, fifty representative Canadians have organized the Canadian Exposition Company to give an "exhibition on wheels" in the United States of the resources of the Dominion.
Starting in New York, the train of twelve or fourteen coaches and baggage cars, will carry Canadian live stock and other farm produce, lumber, minerals and kindred products, while moving-pictures and lectures by well-informed men will combine to give the people of the United States facts and figures relating to Canada.

Announcement of the project was made on Saturday night at the second annual banquet of the Foster Realty Company at the King Edward Hotel.

"It will be something like the 'Made-in-Canada' train, only on a more extensive scale," Mr. J. T. Wood told The Globe. "We will need as many railway cars as a big circus, and it is believed the exhibition will prove a great drawing card and result in many-people joining the exodus from the United States to Canada. One of the most prominent corporation heads in the Republic is advising us to adopt the slogan 'Canada, the Home of Progressive Americans.'"

The second banquet of the Foster Realty Company was even more successful than the first. Men from all parts of the Dominion and the United States were gathered around the table. Mr. A. Menke, general sales manager of the company, presided.

During the evening valuable prizes were presented, the most notable, a large silver cup, being given to the Toronto district office, which made the most sales during the last ten months, the period of the contest for which the trophy was offered. The period was divided into ten equal parts; and the Calgary office of the company headed the list three times, while Regina was on top one month. The Toronto office led four times. In appreciation of the services of Mr. A. Menke, General sales manager, the staff of the Toronto office presented the cup to him. Another prize, a trip through the Canadian west, was given to Mr. F. H. Littler, manager of the Rochester, N.Y., office of the company. Mr. N. E. Davidson of Hamilton received a diamond ring and a diamond pin, the prizes offered for division managers and individual salesmanship. Mr. F. J. Walker of Rochester being a close second. Mr. N. E. Needs, manager of the Montreal office, won the first prize offered to salesmen.

Addresses were delivered by Mr. A. Menke, who acted as toastmaster; Mr. F. H. Littler on "The Art of Salesmanship," Mr. E. H. McArthur and Mr. J. T. Wood, who spoke on "Real Estate as an Investment," impressing upon his audience the necessity of eliminating any ideas that induced speculation in real estate.

Misappropriated \$600.

St. Thomas, May 17.—Upon information laid by officers of Elgin Encampment I.O.O.F., in December, 1911, a summons was served on Col. Fred Doggett, requiring him to appear in the police court Monday on a charge of retaining and converting to his own use the sum of \$600 belonging to the encampment while he was acting in the capacity of treasurer in 1895. The case created considerable interest, as Doggett has for years been prominent in Oddfellowship.

Women Struck By Lightning In House

Sherbrooke, Que., May 20.—During a thunderstorm on Sunday lightning entered the house of a man named Robideau in Oxford, about nine miles from Sherbrooke. Two women who were sitting in a room in company with fifteen other people were struck down and rendered unconscious. One woman was burned on the leg and another on the body.

A lady who was being nursed by one of the victims escaped any injury whatever. The women will recover. The house was set on fire but the flames were got under before much damage was done.

Fire Chiefs For Kingston.

Kingston, May 20.—The annual convention of the Provincial Fire Chiefs will be held in Kingston on August 28, 29 and 30. The members of the civic fire and light committee will make arrangements to give them a trip among the Thousand Islands, and also an automobile trip, and a visit will be arranged to take in the locomotive works.

Local and District News.

Read T. Labre's advt. in this issue of the RECORD.

Mr. Thos. Cunningham has rented Mr. F. Shirkey's house and has taken possession.

Mr. James Beattie is moving into the residence he recently purchased near the Methodist Church.

Chesterville will hold Monday, May 26th, 1913, as a public holiday, instead of Saturday, May 24th.

Whitaker, the Optician, will be at Chesterville on Tuesday, June 10th; Russell, Thursday, June 12th; Finch, Friday, June 13th.

The Pembroke Observer says that over \$500,000 is to be spent in that town this year in new buildings.

Mr. and Mrs. W. E. Coons, of Iroquois, formerly of Brockville, announce the engagement of their daughter, Emma Dora, to Arthur Willia Betson, of Toronto, the marriage to take place early in June.

Miss Margaret Ross, a child of ten years of age, and daughter of Mr. Hugh Ross, formerly of Iroquois, but now appraiser at the custom office, died on Saturday last at Brockville. The remains were brought to Iroquois on Tuesday.

Herbert Moore, who was missing from his home in Kingston, was located in Prescott and taken back to Kingston on Thursday morning. His parents have secured a position for him.

Grenville's license board has made no change for 1913 in distribution of liquor licenses. Kemptville and Merrickville have still two each and Prescott seven, including two shop licenses. The rural communities are all "dry."

Mr. John Shiels had a pair of twin colts foaled at his farm in Montague Township, near Smith's Falls on Saturday last. They are both bays with white faces and white fetlocks and can scarcely be told apart. They are blood horses and Mr. Shiels hopes to raise them and have a handsome team.

One day last week Mr John Glosop of Perth, received from his father-in law, a sack of potatoes which came all the way from the state of Wisconsin through the mails. The postage was over a dollar. This was the largest parcel sent to Perth since the United States adopted the parcel post, and was a novel one. The potatoes are for seed and are of a superior quality.

A most impressive ceremony was held in the chapel of the Hotel Dieu, Cornwall, when Sister Ward (Miss Margaret Ward of Hogansburg, N. Y.), made her final profession, and Sister LaFarre (Miss Jeanne Villeneuve of Greenfield,) received the habit. His Lordship Bishop Macdonell of Alexandria, officiated, assisted by Rev. J. J. Macdonell and Rev. Corbett A. McRae. There was a large attendance of the parents and friends of the young religious. Rev. John A. Macdonell of Nativity Parish delivered the sermon on the profession. Among the clergy present were Rev. Geo. Corbett, V.G.; Rev. D. A. Campbell of St. Raphaels; Rev. Ronald Macdonald, Greenfield; Rev. Dr. J. E. McRae, St. Andrews; Rev. J. Dulin, Alexandria; Rev. J. M. Foley, Lancaster; Rev. Ewen J. McDonald, Crysler; Rev. A. J. McMillan, Nativity Parish.

The death occurred in Riverside on Friday evening last of Ellen McCullough, who had long been in failing health and had attained the age of 90 years. She was one of the family of the late Patrick McCullough, who with his wife and children came out from Ireland and settled in Williamsburg township about eighty years ago. First they lived on a farm on the river front below Trinity church, then they dwelt on a farm in the 7th concession of Williamsburg township, next farmed in Osna-bruck township and finally took their present farm in Williamsburg, close to their first place of settlement. The late Miss McCullough died at the home of her brother James, who with two sisters survives her. The sisters are Mrs. Catherine McCloskey of Chesterville and Mrs. Annie Featherstone of Finch. On Monday forenoon the funeral took place to St. Mary's church and cemetery.—Morrisburg Herald.

Local and District News.
Mrs. George Weegar of Dunbar, has rented Mr. Jas. Cunningham's house, and moved in yesterday.
The Legislature has passed a private bill for the County of Lanark legalizing the expenditure of some money on good roads. The county will now be able to recover a grant from the Government.
The appointment is announced of Col. J. H. Crowe, commandant of the Royal Military College, Kingston, to the first class general staff as adjutant at Simla, India. He has been attached at Kingston for the past four years. Col. Crowe was offered an extension of his command, but preferred the Indian post.
Mr. Thos. Foran of Ottawa who last week struck a silver streak while drilling a well in a garden near his house has formed a company to operate the "mine." Another hole will be bored adjoining the present one and on the result of that will be based the action of the company.
Members of the Presbytery of Brockville, in attendance at the Synod meeting in Prescott last week got together and did some business as a Presbytery. The call extended by the Presbyterian congregations of Williamsburg and Winchester Springs to Mr. D. A. Ferguson, B. A., licentiate, of the graduating class of Queen's university, was one item of business taken up. The call bore the signatures of over 200 members and many adherents of the two congregations. A salary of \$1,000, with manse and glebe and three weeks annul holiday, was offered. Mr. C. W. Norval of Williamsburg and Mr. Preston McIntosh of Winchester Springs were on hand to support the call. The call found favor with the Presbytery, and Tuesday, May 27th, was fixed as the day for ordination and induction the Presbytery to meet at 1.30 p.m. and a public meeting to take place at 2 o'clock in the church at Williamsburg. The committee to examine for ordination will be Rev. Mr. McLeod of Brockville, Rev. Mr. Goulin of Morewood and Rev. Mr. Cliff of Hallville. The moderator of Presbytery, Rev. Mr. McArthur of Iroquois, will preside and induct, Rev. Mr. Cliff of Hallville will preach, Rev. Mr. Cameron of Morrisburg narrate the steps taken in connection with the call and address the people, while Rev. Mr. St. Aubin of Dunbar is to address the minister.
