# Santa says, the smart shopper compares.

## SANTAGRAM:

When I do my Christmas shopping I have to compare both quality and price before I make my decision. I have found over the years, that Boyd Chrysler has the reputation, quality, selection and price savings that helps me make a one-stop purchase for all my automotive needs. If they don't have that special car or truck that I am looking for, Boyd's will always find it for me, which sure saves me a lot of time!

The staff at Boyd's just alerted me that they are having a

**Christmas Special Sale** on their trucks and Reliants  
including interest rates as low as **3.9%**. It sounded  
so good I just had to pass the information on to you:

Mrs. Claus and I talked to our accountant and we decided it didn't make sense to spend our savings when we could borrow the money at these fantastic interest rates. Mr. Boyd informs me that these vehicles must be sold before the snow flies so his sales team is ready to make your Christmas dreams come true.
