Chamber of Commerce To Invite Ministers Address Dinner Meeting

Following up discussions on the future route of Highway 43 and the urgent need for a new bridge over the Nation River in Chesterville, the latter being the subject of a resolution passed unanimously by the Eastern Ontario Associated Boards of Trade, The Chesterville Chamber of Commerce has invited the Hon. George H. Challies and the Hon. George E. Doucett to address a dinner meeting of the Chamber to be held early in October. The present bridge, built almost sixty years ago, in 1887, has been badly neglected in recent years by the Department of Highways who took it over from the United Counties as a part of King's Highway No. 43, and is a serious bottleneck in highway traffic.

W. O. Dixon, vice-president of the Chamber of Commerce which met in the Community Theatre Thursday evening, reported that Nestle's Milk Products (Can.) Ltd., had offered $100 toward the cost of erecting a highway sign advertising Chesterville. F. W. Barker and C. Allison were added to the "Signs Committee". The committee was authorized to ascertain estimates of cost of erection and lighting.

The Secretary reported the charter had been received from The Canadian Chamber of Commerce. It will be framed and hung in the Municipal Clerk's Office until such time as the Chamber has a permanent home.

The Chamber will attempt to organize opposition in Dundas County toward the setting-up of county high school areas which would deprive Chesterville, Winchester, Morewood —all in Winchester Township—of their high schools. While it is realized benefits would accre from the building of one school to serve this area, the Chamber considers the draw-backs greatly offset the advantages. The one big disadvantage is the condition of roads during the winter months which, it is felt, would prevent attendance of scores of pupils when blocked highways and sideroads would prevent buses from making their rounds. E. B. Lynch. J. Frank Casselman and C. Allison Graham were named a committee to represent Chesterville at the October session of Counties Council where it is expected the proposed high school areas will be discussed.

H. Brown, W. O. Dixon and George H. Barkley were named representatives to the Eastern Ontario Associated Boards of Trade meeting in Renfrew.

Reeve George H. Barkley explained the Municipal Council's plans to instal 15 new street lamps in the business section as soon as materials are available from the manufacturers.

YOUNGSTER BADLY CUT BY BROKEN GLASS

Bruce Leroux, four-year-old son of Mr. and Mrs. George Leroux severed the main artery of his right leg below the knee when he fell on a piece of broken milk bottle while playing yesterday afternoon. He was rushed to the office of Dr. W. H. Lloyd in Lee Smith's car where two clamps were used to close the wound. Although he lost a considerable amount of blood he is reported quite well this morning.

CELEBRATES 91ST BIRTHDAY

A former resident and businessman of Chesterville, Robert Beattie, now residing in East Farnham, Que., celebrated his 91st birthday on Tuesday, September 10th.

St. Andrew's Anniversary Will Be Celebrated Sunday

The anniversary services of St. Andrew's Presbyterian Church will be held next Sunday at 11.00 a.m. and 7.30 p.m., with the Rev. E. E. Preston, B. D, of Vankleek Hill, Ontario, conducting the services.

The history of this church in Chesterville, perhaps antedates that of all other denominations, for in the early forties of the last century, services were conducted more or less regularly by Old Kirk ministers, writes one author, Mr. O. D. Casselman, in his History of Chesterville. The words of another spoken in 1910 were, "At least one hundred years ago ministers were coming here to conduct services." One of the first ministers was a Rev. Dickey, who made visits on horseback to his several appointments.

Some of the first services were held in Stallmeyer's Hall, later in the Town Hall and also in the home of Mr. George Hummel, who donated the land for the present church and who was the father of a present trustee, Mr. Herman Hummel.

The church was built during the pastorate of Rev. Grant and was dedicated on March 26th, 1888 by Rev. Dr. Kellock, Vernon, father of Rev. J. M. Kellock, who later ministered to the congregation.

In 1900 the first Sunday School was organized, Rev. Andrew Russell, being minister at the time. Mr. Moad was the first superintendent with Messrs. David Rae and James Gillespie as assistants. They later acted as superintendents. The first elders in St. Andrew's were Messrs. James Moody, Thomas Carlyle, James J. Gillespie and David Rae, father of the present Clerk of Session. The Session is now composed of the following members—Rev. W. H. Heustin, Moderator; Wm. T. Rae, Clerk; H. G. Bigelow, John Fleming, Frank Hummel, C. T. McIntosh, Robert Ramey and Wm. Taylor.

The Board of Trustees consists of: Messrs. Herman Hummel, Jay D. Bailey and Wm. T. Rae and the Board of Managers, Messrs. John Fleming, Chairman and Jay D. Bailey, H. G. Bigelow, Lorne Feeley, John MacLeod, C. T. McIntosh and Wm. Taylor.

The Session and congregation extend a cordial invitation to all to worship at the anniversary services next Sunday.

NEWLYWEDS HONORED BY THEIR FRIENDS

Mr. and Mrs. Edwin Shay (nee Leola Francis Werely) were honored by their friends Monday evening with a party in the Community Hall. Dancing was enjoyed, and the presentation was made of a Chesterfield suite.

Two Shows Each Evening

Two Bulls - Full Brothers Capture Championships Black-and-White Day

Two full brothers both bred by W. J. Fawcett, Winchester, and one now owned by R. A. Suffel and Sons, Inkerman and the other by W. J. Fawcett, were named Grand and Reserve Grand Champion Bulls at the Dundas County Black and White Day held at South Mountain on Friday. These two bulls are sons of Willola Car Born Bell, Mr. Fawcett's noted Excellent cow that was Grand Champion at the Kemptville Championship Show in 1941. The Suffel bull, Willola Sir Rag Apple Ormsby, headed the class for Aged Bulls, while the Fawcett entry, Willola Rag Apple Jack, topped the Yearling Bulls before going on to win the Grand Championship. Altogether Mr. Fawcett secured eleven firsts.

W. R. McMenomy and Son, Inkerman, showed a first class string of cattle. Their first prize dry Aged Cow, Illehee Montvic Peg, was named Senior and Reserve Grand Champion Female, while their first prize milking Aged Cow, Sallie Bonheur Pontiac, took the Reserve Senior honours. They also had the first prize two-year-old in milk, first prize Senior Heifer Calf and first prize Open Get-of-Sire by Bonheur Prince Kerk and the first prize Graded Herd.

W. O. Dixon, Chesterville, took the Reserve Senior Championship for bulls on his second prize Aged Bull, Harwil Rag Apple Bonheur, who stood next to the Grand Champion in an exceptionally strong class. Reserve Junior Champion Bull was Jay-Dee Ormsby Buster, the winning Senior Bull Calf. J. Dwight Dawley, Winchester, had the first prize two-year-old Bull. A total of 52 heads were shown by eleven exhibitors and the quality of the entries was excellent. The placings of Judge M. C. McPhail, Principal of the Kemptville Agricultural School, were followed with interest by a ringside of at least 200 people.

A detailed list of the first three winners in each class is as follows:

Aged Bulls—R. A. Suffel and Sons, 2. W. O. Dixon, 3. W. R. McMenomy and Son. Two-year-old Bull —1, J. Dwight Dawley. Yearling Bull—1, W. J. Fawcett, 2. W. E. Brissenden. Senior Bull Calf—1, Basil Dawley, 2, J. Dwight Dawley. Junior Bull Calf—1, W. J. Fawcett, 2, Basil M. Suddaby, 3, W. R. McMenomy and Son. Milking Aged Cow—1 and 2 W. R. McMenomy and Son, 3 W. J. Fawcett. Dry Aged Cow—1 and 2 W. R. McMenomy and Son, 3 Arnold Gilroy, South Mountain. Milking 3-year-old Heifer—1 W. J. Fawcett, 2 W. R. McMenomy and Son. Dry 3-year-old Heifer—1 W. J. Fawcett, 2 W. R. Mc Menomy and Son, 3 J. Dwight Dawley. Milking 2-year-old Heifer—1 W. R. McMenomy and Son, 2 W. J. Fawcett, 3 R. A. Suffel and Son. Dry 2-year-old Heifer—1 W. J. Fawcett, 2 W. R. McMenomy and Son, 3 J. Dwight Dawley. Senior Yearling Heifer—W. J. Fawcett, 2 W. R. McMenomy and Son. Junior Yearling Heifer —W. J. Fawcett, 2 W. R. McMenomy and Son, 3 J. Dwight Dawley. Senior Heifer Calf—1 W. R. McMenomy and Son, 2 R. A. Suffel and Sons. Junior Heifer Calf—1 and 3 W. J. Fawcett, 2 McVey Bros., Winchester. Open Get of-Sire—1 and 3 W. R. McMenomy and Son, 2 W. J. Fawcett. Junior Get of Sire—1 and 2 W. J. Fawcett, 3 W. R. McMenomy and Son. Progeny of Dam—1 and 3 W. J. Fawcett. 2 R. A. Suffel and Sons. Graded Herd—1 W. R. McMenomy and Son, 2 and 3 W. J. Fawcett. Junior Herd—1 W. J. Fawcett, 2 W. R. McMenomy and Son, 3 J. Dwight Dawley.

2610 Ration Books Distributed by Local Office

Volunteers working at the Community Hall issued 2610 ration books No. 6, the first three days of this week. The distribution was under the direction of Harry C. Hummel, Village Clerk, and the helpers were Mesdames Jack Doering, John R. Fader, A. B. Clayton, Geo. G. Merkley, Lyle Marcellus and Mrs. Violet Lelanc; and Rodney Hummel, while checking of the books was done by Mrs. Gordon Cummings and Mrs. Ken MacoDonald.

Persons who did not receive their new ration books during the official week, must mail the green application card from the back of the present book to the local Ration Branch at Winchester. Such applications will be cleared through the main office of the Ration Administration and the new books will be mailed as soon as possible.

Dangerous Philosophy Of Futility Scored By Rotary Governor

A man who has travelled this continent extensively stated he found a great majority of the people beset by futility and asking "What can one man do with the world in such a turmoil?"—exemplifying a dangerous philosophy, and we must remember that the victorious march of our allied armies started with just one man, said Harry J. Yoder, Governor of District 170 of Rotary International, when he made his official visit to the Chesterville club on Monday evening. After addresing the club, Mr. Yoder presided at a meeting of the Board of Directors and committee chairmen at the home of President Leon Marcellus where reports of the year's activities were made and plans discussed for the coming year.

During the business session of the meeting, the president reported that plans for the Hallowe'en frolic for children of the village were well under way. The first part of the evening will be spent in games, followed by a free picture show, and a dance will wind up the festivities. The Rotarians were pleased to welcome back P. S. Boyd who has been absent since May due to serious illness.

Harry J. Yoder is vice-president of the W. W. Conde Hardware Company of Watertown, N.Y., and has been a member of Rotary International 26 years, having been chairman of every committee in his club. District 170 is one of the truly international districts, as it is made up of 20 Canadian clubs and 16 across the border. In Canada, the district boundaries are Napanee, Maniwaki and Montreal.

Taking as his subject "Rotary and Your Club", Governor Yoder spoke of the efforts of Rotary to spread good will throughout the world by its more than 5,000 clubs in 55 countries. At the recent International conference, governors of 150 districts met to discuss their problems, and their earnest searching for understanding among the nations was heart warming.

"No man liveth by himself" is no idle saying, stated the governor speaking on community service, one of the "four lanes" of Rotary service; the man who is not community-minded is not a true Rotarian. The other "lanes" are club, vocational and international service.

Leonard G. Allen, acting secretary, read a letetr of greetings from the Schedale, Eng., club, which was turned over to Dr. S. H. Hutt, chairman of the International committee, and it is possible the local club may reciprocate with packages of food for distribution by the Schedale club, which is near Manchester.

At the club assembly, following the meeting, reports were given by K. K. Wood, community service; Dr. S. H. Hutt, international service, and Geo. Barkley, for community service.

TRANSIENT TRADER'S FEE AND TAXES

Answering a query about transient trader's fees, The Municipal World has this to say:

Answering a question about transient traders' fees, as to doubt about the meaning of the word "taxes" in the bylaw to which the amount of the fee is credited on that person's tax account, The Municipal World has this to say: "In our opinion, the transient trader's license fee is to be credited against any taxes payable by the licensee, as the Act does not specify that the fee is to be credited only against business tax.

SORRY, CAN'T PLEASE 'EM ALL

As a rule man's a fool,
Always wanting what is not,
When it's hot he wants it cool,
And when it's cool he wants it hot.

It's a difficult problem to please all the people all the time. Even the weatherman can't do it. The fine warm weather of the last two months was a grand help to farmers in harvesting their crops of hay and grain, even if it endangered the filling out of some grain. But the long dry spell has been showing its effect on some of the wells and farmers are finding it difficult to water their stock. The level of water in the Nation River has fallen to its lowest and water ceased flowing downstream over a week ago into the basin at Chesterville from which Nestle's derive their water supply to operate their plant. Officials of the plant have been forced to install a large pump about five miles upstream to force the water "over the hump" and downstream to the pumps which drain about 1200 gallons a minute from the Nation, most of which reenters the river below the dam.

The heavy rain of Monday and Tuesday was hardly enough to make any impression on the water level, as the parched earth soaked in the moisture.

And on the other side of the Atlantic, when hungry Britons were awaiting the harvesting of the best crop in years, a week of wind and slashing rains have almost spelled ruin to hopes for a better bread basket.

TIMELY ADVICE TO SCHOLARS

Fathers who want to send Son John off to school with a telling injunction probably would do no better than quote what Woodrow Wilson told the young men and women of Swartmore: "Do not forget as you walk these classic places that you are here to enrich the world; forget that errand and you impoverish yourself."—The Rotarian.

MAN WHO FAILS

By Alfred J. Waterhouse

Oh, men, who are labelled "failures",
up rise up! again, and do!
Somewhere in the world of action is
room; there is room for you.
No failure was e'er recorded, in the
annals of truthful men,
Except of the craven-hearted who
fails, nor attempts again.
The glory is in the doing, and not in
the trophy won;
The walls that are laid in darkness
may laugh to the kiss of the sun.
Oh, weary and worn and stricken, oh
child of fate's cruel gales!
I sing—that it haply may cheer him
—I sing to the man who fails.

He Trusted Her

"Well," said the insurance agent to the newly-wed Angus, "now that you're married I'm sure you'll want to insure your life."

"Awa' wi' ye," said Angus. She's no' that dangerous."

The Nation River and Conservation

With interest in the Nation River and its periodic floods and drought showing a high level following the recent tour when plens were announced for a mass meeting in Chesterville on Wednesday, October 2nd. The Record will publisr for the next three weeks excerpts from a report on "The South Nation and Its Environs" by Ferdinand Larose, Agricultural Representative, Plantagenet, which appeared in the book, "Conservation in Eastern Ontario," published by the Department of Planning and Development, Ontario.

The area of the watershed nears the million-acre mark, or approximately, 915,600 acres, distributed among the eight Eastern Counties as follows:

78% of Dundas County
77% of Russell County
52% of Prescottt County
43% of Grenville County
41% of Stormont County
19% of Carleton County
9% of Glengarry County
2% of Leeds County

Its Soils:

The South Nation River drains some of the best agricultural land in Eastern Ontario. The topography is fairly level and the drainage is a problem. The lands on the lower level are mostly composed of clay, clay loams and silt, with muck and peat bogs in spots. The largest area of muck land is the Alfred Peat Bog, which has been operated for peat fuel for nearly half a century. The high lands are in great part formed of sand, with occasional gravel and rocky hills.

Its Inhabitants:

As to the inhabitants of the Nation River Valley, they were originally English-speaking settlers of the military type, mostly Empire Loyalists. Others came directly from the Old Country, this being the case with the Scots of Glengarry. Afterwards, the surplus of the population of the Province of Quebec found its way into Eastern Ontario, particularly in Glengarry, Stormont, Prescott, Russell and Carleton. Today, the population of Prescott and Russell is 80% of French extraction, Glengarry, 50 percent, Stormont 45 percent, with 42 percent in Gloucester Township, in Carleton County, and an odd sprinkling here and there—Dundas 9 percent, Grenville 6 percent, Leeds 5 percent. This immigration moved upstream following the development of the Lumber Industry, and the clearing up of new lands.

A Word on Conservation

By conservation I mean the preservation and the rehabilitation of our natural resources, mainly those directly connected with agriculture, namely: Soil, Water, Organic Matter, and Crops whether field or forest crops.

(a) Soil—To protect it against water and wind erosion.

Gulley Erosion—Striking examples of gully erosion can be seen at School Section No. 5, Bradley Creek, on the Lemieux road, in Plantagenet South Township, Prescott County; at School Section No. 10, near Pendleton, also in Plantagent South Township, Prescott County; near School Section 18, west of Bourget, in Clarence Township, Russell County and north-east of the County Forest, also in Clarence Township, Russell County. At L'Original, on the Bay road of the Domaine or "Seigneurie de L'Original" (last Seigneurie conceded by the French Government, and the only one situated in Upper Canada, or Ontario), sliding occurs along a shore of approximately two miles, extending from the Lighthouse to School Section No. 2. The lands abutting the bay are affected to the extent of 15 percent of their size. The road, along the shore of the Bay, had to be moved in three times during the last ten years. In 1944, 67 different slides occurred on this waxy type of clay soil, on a depth of about 25 feet, and in spots as wide as 80 feet.

Wind Erosion can be observed in the Village of Curran, in Plantagenet North Township, Prescott County; at Baker's Corner, north of Pendleton, also in Plantagenet North Township, Prescott County, and on the Grant road, near the County Forest, in Clarence Township, Russell County.

(b) Water—to control and regulate surface water and to maintain ground water at a favourable level in the soil.

(c) Organic Matter—To conserve organic matter by establishing proper methods of cropping and reforestation, and by adopting a happy balance between forest cover and cultivated land.

The Need Of Conservation

Is there any need of Conservation? We have floods, soil erosion, drought (1941, 1944) crop, failures, and our land is denuded of trees. Where is our timber wealth? Where is our lumber industry? What has happened to our numerous saw-mills? They have all disappeared with the woods. What more can we say?

We have deforested our land to an extreme limit, and at an excessive rate, without proper steps being taken, at that time, to replace, even on a small scale what was being taken away from the forest.

(a) Extent of Deforestation in the Nation River Drainage Area:

1. 654,700 acres or 71.5% is cleared land and is used for agricultural purposes.
2. 65,000 acres, or 7.2% is wooded land producing forest products.
3. 195,300 acres, or 21.3% is largely slash, waste and low land which is non-productive at the present time.

915,600 acres 100%

The Nation River Watershed drains a large percentage of the best agricultural land in Eastern Ontario. Unfortunately 21.3% of its total area or 195,300 acres are made up mostly of slash land which is unproductive. I may add that even some of the cleared lands, that are classed in the marginal and submarginal group, should be given back to the forest. When one considers the revenue which would eventually be derived through reforestation, it places heavy responsibility on this generation, especially on its leaders.

(b) Rate of Deforestation:

Let me quote some figures:

Number of acres of each class of land based on the Assessor's Roll in the National River Valley for the years 1901 and 1934—

Year 1901
Cleared Land: 543,000 59.5%.
Wooded Land: 252,000, 27.5%.
Swamp, Slash, etc.: 119,200, 13%.
Total: 915,600 acres, 100%.

Year 1934
Cleared Land: 654,700, 71.5%.
Wooded Land: 65,600, 7.2%.
Swamp, Slash, etc: 195,300, 21.3%.
Total: 915,600 acres, 100%.

Please note that the wooded land during that period of thirty-three years has decreased by 20.3%, as against an increase in slash land of 8.3%, and also an increase in cleared land of 12%.

In Russell County the decrease in forest land during the same period is from 58.5 percent in 1901 to 4.4 percent in 1934, or a difference of 54.1 percent of the toal area of the County which was deforested, irrespective of forest fires.

NESTLE'S DAM IN THE NATION AT CHESTERVILLE

This five-foot dam assists in conserving the flow of water for the supply of Nestle's Milk Products (Can.) Ltd., but during dry seasons, such as has been experienced this summer, the level of water becomes dangerously low and pumps have to be installed upstream to force the water down to the local basin.

SHARP DROP IN THIS YEAR'S HONEY CROP

Present estimate of the 1946 honey crop is in the neighborhood of 25,000,000 pounds as against 30,000,000 pounds in 1945. The short crop is due largely to a virtual crop failure in Ontario which beekeepers are at a loss to understand in view of favourable weather and forage conditions which prevailed throughout the season. The clovers simply did not yield, and many of the larger commercial beekeepers of Ontario have had to feed their bees throughout the summer.

No marketing problem is anticipated with respect to honey; as honey is still on the ration list and all sales should continue at ceiling prices which were adjusted upward by one cent per pound at wholesale level in Administrator's Order No. A-1950 of April 10, 1946.

Although the United Kingdom is prepared to take half a million pounds of honey this year, in view of the short supply situation in Canada, it is doubtful if any honey will be exported.

Importations of honey for industrial use as a sugar substitute have been extraordinarily heavy during the past year and will no doubt continue heavy until sugar supplies improve.

THE ATTENDANCE OFFICER

Regularity of attendance is the foundation stone of school efficiency.

Without it the teacher, however skillful, in a large measure fails to function.

The attendance officer holds a vital place in the school system.

On the one hand he safeguards the right of every child to an adequate education, and on the other helps the teacher to maintain the efficiency of the school by keeping classes up to strength and the general attendance up to the standard of a good working unit.

Still further, the state calls for his service. It is from the ranks of the unschooled that the parasite and the potential criminal are mainly recruited.

The child that is kept regularly in touch with the wholesome influence of the school is usually saved for self-dependent and productive citizenship. The attendance officer is, therefore, not only a servant of the home and the school, but an indispensable adjunct to the state.

The aim of supervised attendance is to safeguard the right of every child to an adequate education up to the limit of his powers and opportunities. To this end the task of supervision is threefold in character, viz. (1) to provide for the enrolment in some suitable school or training institution of every child of compulsory school age who is capable of profiting by education, (2) to ensure the continuous attendance of all such children up to the maximum limit possible, and (3) to make provision under the permissive clauses of the said Acts for exemption from school under exceptional conditions which render it impossible to adhere to the regular rules governing the enforcement of school attendance without entailing undue hardship on the individual pupil or the home. In addition to promoting the child's progress and the efficiency of the school as a working unit, the attendance officers are incidentally helping to inculcate those habits of punctuality, regularity and dependability which are not only desirable in home and school but which will help to equip the child for efficient service in all his relationships in the large sphere of life.

Careful Bill

"Arizona Joe", the animal hunter and trainer, was telling an after-dinner story: "Old Bill had charge of the animal tent, and among his pets was a leopard. One day I went away to arrange some business. While I was having dinner a telegram was handed me. It read: 'The leopard has escaped; prowling about town; what shall I do.—Bill."

"Bill was one of those fellows who had to have explicit directions to do anything even in an emergency. He was afraid of making a mistake.

"Shoot him on the spot," I wired. I forgot all about the affair until two hours later, when I returned to the hotel and another telegram was handed me. It proved to be from careful, conscientous Bill, who asked: "Which spot?"

Looking Backward — 20 Years Ago — From The Record Files

Thursday, September 9th, 1926

September 1st at the family home, Miss Agnes Irene Nephew, became the bride of Mr. Henry Clare Nugent when Rev. R. Wilson Stewart, Finch, perfromed the ceremony.

A large number were grieved on Tuesday to learn of the death of Jas. G. Tate, for many years a prominent business man and church worker in Chesterville. He represented the Massey-Harris Company here for many years.

Cheese on the cheese boards in Brockville and Cornwall was offered at 15 cents per lb. with no sales being made on either board.

A birthday party at the home of Mrs. Wm. Southworth of Archer, in honor of her mother, Mrs. Grondeau's 87th birthday was attended by about 40 guests. Mrs. Grondeau was enjoying good health.

Mr. John Murphy of town passed away Tuesday night after having suffered a stroke while assisting at the threshing at Edward Sauve's. He was well known and had been a farmer within the corporation for many years.

Miss Voilet Saucier was honoured last week with a shower held in the public library by her numerous friends in view of her approaching marriage.

Many Attend Funeral Hugh Rombough at Finch

Funeral services were held at Finch Sunday for Hugh M. Rombough, well known Finch drover who died in Ottawa Civic Hospital September 5th.

Born in Finch Township in 1900, he was a son of the late J. D. Rombough and his wife, Mary Ann Cameron. He had been a drover in the surrounding district for the past 19 years and was held in high esteem by everyone as was shown by the large crowd which attended the funeral and the flowers which banked the casket at his home.

The funeral was held from his late residence to St. Luke's Presbyterian church and was conducted by Rev. Robertson Millar, assisted by Rev. H. M. Beach of Chalmer's United Church.

Mrs. Abraham rendered a solo "Face to Face", with Mrs. Earle Droppo at the organ.

He leaves to mourn his loss his mother, Mrs. J. D. Rombough, his wife formerly Velma Whittaker, and two sons Lynn and Jimmie, and one daughter Marian, and three sisters, Mrs. C. T. McQuaig, Cornwall; Mrs. C. W. Boadway, Toronto; Mrs. W. D. Bogart, Iroquois.

Honorary pall bearers were Hugh Morrison, George W. Rupert, Sr., Corah MacGinnis, Ossie Villeneuve, Fred Smith, Mr. LaFleche, Wilfred Beauchamp.

Active pall bearers were George Rupert Jr., George E. Beckstead, Reg Helmer, Lillburn Nephew, Fred W. McQuaig, Ellery Ouderkirk.

Flower bearers were Ernest Farley, Lorne Quinn, Charles Bissonette, Mr. Savage, Riel Chartrand and Bob. Ouderkirk.

Mrs. W. J. Carr Entertains St. Mary's C. W. League

The September meeting of the Catholic Women's League was held at the home of Mrs. W. J. Carr Tuesday evening at 8 o'clock, with a good attendance. After the usual opening, which included a letter regarding convention, the visiting committee reported 14 calls had been made since the last meeting. A paper on doctors and nurses was read by Mrs. Thos. Moran. After the business part of the meeting a very enjoyable social hour was spent and a dainty lunch served by the executive. Mrs. Carr was thanked for the use of her home and the meeting adjourned.

BALANCED DIET

Even in the matter of diet, one can get "too much of a good thing" say nutrition experts of the Department of National Health and Welfare. They point out that, for comfort as well as health, food must be taken in reasonable amounts. This means choosing a balanced diet. It is suggested that such diet will be found in the "Canada's Food Rules" booklet which has been printed for free distribution by the federal and provincial health departments.

Never do today what you can put off until tomorrow; delay may give clearer light.—Aaron Burr.

Morrisburg Minister Elected Presbytery Head

Rev. H. P. Maitland, of Morrisburg was elected moderator of the Brockville Presbytery of the Presbyterian Church in Canada at its September meeting here today. He succeeds Rev. Wallace McKinnon, of Winchester.

Rev. Wm. Merrilees, of Westport, was returned to his office of Clerk of Presbytery, an office he has filled since 1925.

The sessions heard reports of congregations and from the General Assembly. Standing committees were named.

The resignation of Rev. Wm. Reynolds from the charges of Spencerville, East Oxford and Ventnor was received with regret by presbytery.

BRIDE-TO-BE ENTERTAINED AT MISCELLANEOUS SHOWER

On Friday evening, August 30th, Mrs. George Edgerton and Mrs. Donald MacGregor entertained at a miscellaneous shower in honour of Miss Aileen Masterson, whose marriage takes place Saturday, September 14.

The bride-elect was escorted to a decorated chair to the strains of the Bridal March played by Miss G. Lynch.

An appropriate address was read by Mrs. Floyd Edgerton and a wagon load of beautiful gifts drawn by little Miss Helen Smith was presented to the bride-to-be.

Miss Masterson unwrapped the gifts and graciously thanked all present.

The evening was spent in contests and games after which a dainty lunch was served and all joined in extending best wishes to Miss Masterson.

Well Taught

"Yes", confirmed Aunt Elvira, who was well acquainted with all the happenstances of the village. "Almira Smith and Henry Tutwiler have broken off their engagement; been engaged eight years, you know."

"What was the trouble?" a sympathetic neighbor inquired.

"It was a question of economy," Aunt Elvira replied.

"Economy?"

"Yes; during all their courtship Almira had been inculcatin' into Henry, as you might well call it, the beauties of economy. But the other day she discovered that he had learned his lesson so well that he had saved up 217 pairs of socks for her to darn immediately after the wedding.

"Well, she 'peared to conclude that he had taken her advice a mite too literally and broke off the match."

SECOND WIND

Urging support of its National Physical Fitness campaign, the Department of National Health and Welfare compares the extra stamina of the health-wise person to the "second wind" of the athlete. By keeping fit, all through life, the Department suggests that everyone may build up a reserve of strength which will see him or her through any challenge to strength and capacity.

He that riseth late must trot all day.—Ben Franklin.

THE PROVINCE OF PROMISE...

ONTARIO'S growing gold... her largest cash crop... is tobacco. Its twenty-year development, from nothing to really-something, has been due almost entirely to the phenomenal increase in flue-cured tobacco—the most valuable of the three types grown here. The others are burley and dark-leaf. This year, a fourth type, cigar leaf—one thousand acres of it—opens rich, new Ontario possibilities. Tobacco is a delicate plant and a demanding one, needing utmost watchfulness and even handmade encouragement during its complicated cure. Its cultivation means back-breaking, short-season work with high rewards for all concerned.

Published by THE BREWING INDUSTRY (ONTARIO)

A CORNER ON TOBACCO

The annual Ontario production of tobacco is about 97,000,000 pounds—its value around $30,000,000. In the southwest corner of the province, some 90,000 acres are planted to it and the Ontario crop represents nine-tenths of the Dominion yield. 85% of this is high-grade flue-cured—the less-carefully-treated burley and dark-leaf making up the rest. It is an industry in which a few experts prepare the scene for a sudden inrush by thousands of workers in the crucial harvest weeks.

BAZINET—MURPHY

The marriage of Theresa Margaret daughter of Mrs. Murphy and the late John Murphy to Joseph Felix, son of Mr. and Mrs. Jos. Bazinet, Crysler, took place at nine o'clock, Labor Day, at Our Lady of the Rosary church, Crysler, with Rev. J. A. Goulet officiating. The wedding music was played by Mrs. George Richer and Miss Jean Curran rendered several hymns appropriate for the occasion.

The bride, who was given in marriage by her brother Hugh, wore a floor-length gown of white French lace and net over satin. The bodice was styled with a square yoke, rounded neckline and the long sleeves formed points over the hands.

Her veil was arranged with a Queen Anne headdress. Her only ornament was a single strand of pearls, the gift of the groom. She carried a cascade of white gladioli, which was complemented with white tulle.

Miss Rose Murphy, Lakefield, Ont., the bride's sister, as maid-of-honor, wore a floor-length gown of blue sheer over taffeta with long torso and sweetheart neckline. Her headdress was a blue halo and she carried a hand bouquet of mixed flowers.

The bridesmaid, Miss Eileen Kearns, niece of the bride was charming in her blush pink floor-length gown with pink net head dress. She carried a sheaf of gladioli.

The little flower girl, Miss Jean Murphy, Cornwall, another niece of the bride, was wearing a floor-length gown of maize swiss organdy with colonial bonnet to match with pink and blue trimmings and carried a basket of old-fashioned flowers.

Francis Bazinet was best man for his brother.

Messrs. Edmund Murphy, Walter Beehler, were ushers.

The bride's mother wore a plum-colored crepe dress with black accessories and a shoulder knot of pink roses. The groom's mother wore a black dress with black accessories and wore a corsage of yellow roses.

Following the ceremony a reception was held at the bride's home and was attended by a large number of friends and relatives.

Later the bride and groom left on a trip through the New England States. For travelling the bride wore a melon-colored wool suit with matching accessories.

Out-of-town guests included Rev. J. V. Masterson, Lakefield; Rev. F. L. Richer, Wooler; Rev. P. J. Keaney, Chesterville; Rev. E. Danis, Moose Creek; Dr. and Mrs. C. M. Hall and Robert, Mr. and Mrs. E. W. Dubois, Miss Gertrude Devaney and Miss McIsaac, Mrs. Frank Murphy and family, Mr. and Mrs. J. P. Grady, Mr. and Mrs. V. Grady, Mr. Phil Bazinet, Mr. Freddie Bazinet, all of Cornwall;

Mr. and Mrs. Lou Riley, Mr. Clem Riley, Mrs. Lillico, all of Peterboro; Mr. and Mrs. F. M. Carroll and Miss Helen Carroll of Ottawa; Mrs. C. J. Murphy and Miss Leona Murphy of Winnipeg; Mr. and Mrs. Pat Murphy, Farran's Point; Miss Bernice Curran, Montreal; Miss Mary Gannon, Inkerman; Miss Rose Coyne, Ottawa; Mr. and Mrs. Roy Modeste and Joseph, Miss Mary Lynch of Ottawa; Mr. Joe McCadden, Smiths Falls; Miss K. McGuire, Montreal; D. J. Gettings, Cleveland, O.; Miss Helen Riley of Kingston; Mrs. Hearne and Miss Sheila of Toronto.

Louis Defends Crown Twenty-Third Time

Joe Louis' second defence of his heavyweight boxing title within three months is to be broadcast for boxing fans from coast to coast from Yankee Stadium in New York on Wednesday, September 18, at 10.00 p.m. EDT, over the CBC Dominion network. The challenger is Tami Mauriello who recently knocked out Bruce Woodcock, British heavyweight champion, in the fifth round.

The broadcast description of the title match, presented by the American Broadcasting Company, will be given from the ringside by Bill Corum and Don Dunphy, veteran sports observers.

Mauriello came to the fore among challengers for Louis' title on the impetus of many recent impressive victories. In his fights he has never been knocked out and, although floored in several encounters, has picked himself up and gone on to score victories.

Joe Louis, regarded by many as the outstanding champion of all time, will defend his championship for the 23rd time. He has won all but two of these contests by knock-outs.

Avonmore Star Fractures Leg at Softball Practise

Marking the second serious accident of the softball season in Avonmore district, Cecil Warner, 16-year-old star of the Avonmore "Aces" and a member of the Avonmore High School softball club, suffered a broken left leg Monday afternoon when he collided with another player in a practice on the Avonmore High School grounds.

The accident occurred a few minutes before the end of the noon hour recess. The school boys were in routine practice in preparation for an interschool competition scheduled for next week. Warner was running from third to home base when he slid into the catcher, Wayne Poapst.

Warner was immediately given first aid by members of the High School Cadet Corps. Dr. J. M. Pollock, Avonmore, was called and ordered the youth removed to the Cornwall General hospital, where his condition is reported as satisfactory.

"Panic" Buying Causes Shortages in Meat Supplies

According to a recent statement by the Wartime Prices and Trade Board "panic buying" has created, or made more acute, practically every shortage Canada has had during recent months.

As soon as the word "shortage" is mentioned people all over the country immediately rush to their nearest store and cart away as much as they can carry or the grocer will sell, officials said. Consequently after stores have been "blitzed" on a scale resembling D-Day all that remains are empty shelves and a dejected storekeeper, so that when some fair-minded housewife comes into the store to purchase a certain commodity all she receives is a disappointing "Sorry just sold out".

The Board points out that Canada is short of hundreds of essential items. The whole world is short of them. Present day shortages exist where supplies are either temporarily held up because of local strikes, or scarce because of depleted world stocks.

Officials have estimated that in one day retail stores have been cleaned out of several months supplies of such things as flour, salt, soap and any other item which is in limited supply. They have urged consumers to dispense with the "hoarding fever" and make normal purchases so that there will be a fair share of these items for all.

MAGIC BY MOUTH

No matter how "fagged" you are, a "square meal" can work magic for you. The Department of National Health and Welfare, through its nutrition authorities, points out that lack of food, or improper diet, can result in fatigue, headache, digestive unset and other ailments. Wise people, they say, give serious thought to their food—both as to quality and quantity.

No Help There

John Barrymore liked to tell of those hectic, lean days when he played with small stock companies.

Once, in a Midwestern town, he forgot his lines. Edging quickly over to the side of the stage, he asked the prompter, 'What's the line? What's the line?"

"Damned if I know," came the nonchalant reply. "What's the play?"

ACTRESS

Toronto-born Ruth Springford began her career as a radio actress in 1942 and in the past four years has become one of the "reliables" called to play roles in comedy shows, daytime cereals and in CBC feature and drama productions. Currently, Miss Springford is cast as "Jessie" in "The Martins", Mondays, Wednesdays and Fridays at 7.00 p.m. EDT, over the CBC Dominion network and is frequently heard in the "Summer Fallow" dramas, Mondays, at 8.30 p.m. EDT, over the CBC Trans-Canada network.

BABY WEIGHTS

Value of weight measurement as a gauge to physical development is the subject of comment from the Department of National Health and Welfare. The Department favours the system of weighing babies frequently. This, it points out, provides valuable records of a baby's gains, and will help the family physician assess and assist the development of the child.

RAPID ADVANCE IN POULTRY MARKETING

During the past few years, the domestic consumption of poultry meats in Canada has increased. This has been due mainly to two factors: the rationing of meats and increased earnings, states the latest issue of Current Review of Agricultural Conditions in Canada. The demand for poultry has also been augmented by the development of poultry barbecues and other specialized meals in restaurants in several cities, and by the development in the sale of cut-up poultry which has made possible the wider distribution of poultry through the availability of smaller units.

A notable development during the year 1945, says the Review, was the extension of sale of poultry by grade at retail. Under existing Dominion-Provincial legislation, it is possible to introduce this type of sale by grade progressively from area to area, rather than by whole provinces or the Dominion as a whole at one time. Sale of poultry by grade at retail is now required in the following cities in Canada: Winnipeg, Toronto, Ottawa, Montreal, Quebec, Charlottetown and Summerside—and is being extended in accordance with public demand.

Another significant development in connection with market poultry has been the expansion and the improvement in poultry killing, cooling and freezing facilities which permit more efficient and year-round marketing. New plants have been built and old plants made over. The majority of the plants, excepting the smaller ones have been equipped with modern and efficient processing equipment and built to meet the standard blue-prints of the Dominion Department of Agriculture. The number of plants and the daily killing capacity in the Dominion has been stepped up from comparatively low figures to over 200 plants with a total killing capacity of about 332,000 birds a day.

Josie—"Mary has a wonderful husband."

Susie—"Yes, Josie. Why, he helps her do all the work. Monday he washed the dishes with her. Tuesday he dusted with her. And tomorrow he's going to mop the floor with her."

While wind, rain and sun may be hard on such lifeless objects as brick and stone, they are essential to living creatures, including human beings, declares the Department of National Health and Welfare. The government health experts point out that living organisms grow stunted and pale when cheated of benefits of the weather. For health, people should get out of doors as much as possible, for the open air is the natural habitat of breathing things.

Retailers Ask Housewives Aid in Wrapping Shortage

The co-operation of housewives is sought by retailers to help them deal with the shortage of wrapping paper and paper bags. Housewives are requested to take shopping bags or other receptacles with them when they are buying in the stores and thus help to conserve paper.

The Wartime Prices and Trade Board has had to curtail production of wrapping paper, shopping bags and brown envelopes in order to divert Kraft paper to the manufacturers of multi-wall paper bags. These bags are used for packaging a variety of foodstuffs both for domestic and overseas purposes. Multi-wall bags are also essential in building construction. The cement industry alone, which is a big user of this type of bag, has reached a production level nearly 35% over 1945.

Prices Board officials state that housewives can greatly help in this emergency by not insisting on packaged goods being wrapped, and by using their own baskets or bags to carry home supplies.

THE MIXING BOWL

By ANNE ALLAN
Hydro Home Economist

Hello Homemakers! Bless them all. I mean the fine array of vegetables—the long and the short and them all. Unless our I.Q. is definitely under par there are more interesting ways to serve vegetable plates than any other group of main dishes. A plate consisting of boiled vegetables is uninteresting—bake one vegetable, steam another and scallop the third. And to make a vegetable plate substantial use two root vegetables and a green leafy one. Garnish plain, uniform sized vegetables with parsley, chopped egg, grated cheese, croutons or herbs.

Try These Combinations

Cauliflower with mock Hollandaise sauce, broiled tomatoes, buttered peas.

Chopped spinach, carrot balls, baked onions stuffed with buttered and seasoned crumbs.

Corn-on-cob, glazed sweet potato, buttered string beans.

Baked stuffed peppers (with barley), grilled eggplant, buttered beets, coleslaw with Russian dressing.

Baked tomato with grated cheese, mushrooms, lima beans.

Baked onions stuffed with carrots, broccoli, baked potato on half shell.

Mashed summer squash, chopped and seasoned beet tops, golden bantam corn, sweet potato croquettes.

Fried macedoine of tomatoes, onions, cucumbers and green peppers; creamed wax beans.

Green peas, turnip greens and creamed radishes.

FRIED MACEDOINE

4 tomatoes, 2 cucumbers, 2 green peppers, 1 large onion, sliced, 3 tbsps. shortening, 1 tsp. salt, 1 tsp. Worcestershire sauce, few grains pepper.

Wash, peel, and slice tomatoes and cucumbers. Remove seeds from green peppers and cut in small pieces. Fry onion in shortening until slightly browned. Add tomatoes, cucumbers, green peppers, salt, pepper, and Worcestershire. Stir together lightly and fry slowly until cooked.

GREEN PEAS AND MUSHROOMS

½ lb. mushrooms, 1 lb. shelled peas, 4 tbsps. shortening, ¼ cup water, 1 tsp. salt, few grains pepper.

Melt shortening, add onion and brown slightly, wash, scrape and slice carrots. Add carrots, celery, salt, pepper, water and sugar to the onions and butter. Cover tightly and steam until tender. When done all the water should be evaporated.

THE SUGGESTION BOX

1. For fresh flavour, add your own garden herbs to canned soup.
2. Use lemon to bring out flavour. Rub chicken with cut lemon before cooking. Squeeze lemon over steak before serving.
3. Save lemon rinds and fill with tartar sauce; they make an attractive garnish for fish platter.
4. Add some red colouring to the syrup for canned pears and some green colouring to another batch of syrup. They make attractive festive salad plates.
5. Keep salt free-running by adding some pieces of laundry starch or pot barley to the shaker.

BRIDE-TO-BE HONORED

On Thursday evening, September 5th, a number of friends and neighbours assembled at the home of Mr. and Mrs. Harry Edgerton, to honopr Miss Dolores Johnston, prior to her marriage.

As the bride entered she was escorted to the chair of honour by Mrs. Floyd Edgerton. Mrs. John Sutherland read an appropriate address and Mrs. Lorne Feeley made the presentation of a tri-light lamp.

Miss Johnston made a very fitting reply expressing her appreciation for the thoughtfulness of her friends and invited all present to visit her in her new home.

Two contests were enjoyed by all in which Mrs. Hugh Smith carried off the prizes.

The dining room table was prettily decorated with pink and white streamers from which a dainty lunch was served by Mrs. George Edgerton, Mrs. Lorne Feeley, Mrs. Harry Edgerton, Mrs. Floyd Edgerton and a number of Mrs. Edgerton's pupils.

Mrs. H. S. McMurray and the bride's mother, Mrs. Hudson Johnston poured the tea.

After the signing of the bride's book the evening was brought to a close.

On Tuesday afternoon, Miss Dolores Johnston was guest of honour at a pyrex shower given her by Mrs. Harry Allison. The bride-to-be was seated at a beautifully-decorated dining room table, centred by a large model of a wedding cake. The cake came apart to reveal many lovely gifts in pyrex. At the close of a pleasant afternoon Mrs. Allison served lunch to the guests, assisted by Mrs. Allison Graham.
