### Narrow Escape From Death.

Ernest Moore miraculously escaped being killed while driving home from Aultsville on Monday morning. Moore was crossing the railroad when he noticed the approach of an express train and stopped his horse. The animal was struck by the train and killed and Moore was thrown out of the sleigh, but was uninjured.

### Morrisburg Liberals

There will be a public meeting held in the music hall, Morrisburg, this (Thursday) evening, March 6, under the auspices of Morrisburg Liberal Club, when addresses will be delivered by the following:—F. B. Carvell, M.P., Carleton, N.B.; J. G. Turfiff, M. P., Assinaboia; and J. D. Wylie, of Cardinal, Ont.

### Matheson Estate.

The value of the estate left by the late Col. A. J. Matheson, of Perth, provincial treasurer of Ontario, according to papers filed in the surrogate court, is \$56,198.37. There are twenty-three beneficiaries under the will, and \$37,118 is in bank and other stocks. The estate is divided amongst members of the family.

### The Late Mrs. Algaire.

The funeral of Mrs. James Algaire took place on Saturday afternoon, Feb. 22nd, at one o'clock, from the residence of her son-in-law, Mr. Mahlon Dillabough of this place, where she had been living for some time, to Trinity Methodist Church, where services were conducted by Rev. W. H. Stevens, after which the remains were placed in the Grantley vault. She leaves to mourn her death a husband, two sons and two daughters, viz: James and Oliver of Hoasic, Mrs. William St. Pierre of Osnaburck, and Mrs. Mahlon Dillabough of Chesterville. Also three brothers and three sisters, viz: Hiram of Lunenburg, Peter of Sudbury and James of Collingwood; Mrs. Adam Waldruff of Osnaburck, Mrs. R. Baker of United States and Emma in Collingwood.

### Food Sale.

A Food Sale, under the auspices of the Chesterville Women's Institute, will be held in the Town Hall, on Thursday, March 20th. Home-made bread, buns, cakes, candy, etc., will be offered for sale; also cut flowers and potted plants. Refreshments will be served during the afternoon, and tea from 5 to 6.30 p. m. Sale to commence at 3 o'clock. Positively nothing sold before that hour.

Orders for flowers and plants will be received by the committee. Mrs. A. E. Bolster and Miss M. Shirkey until March 14th.

### Lodge of Instruction.

The lodge of instruction for this district of the I.O.O.F., arranged by Bro. D. Allison, D.D.G.M., and district secretary, was held in this place on Monday evening of this week.

A special train from Kempton brought the members from the lodges west of us, and the eastern lodges came by regular trains.

Shortly after seven o'clock the majority of the brothers were here and, as Hamilton's music hall had been secured, everything was made ready for the degree teams to do their best. The initiatory degree was exemplified by Winchester Lodge and the first by Kemptville Lodge.

After the lodge of instruction was completed, the brothers were invited to the McCloskey House and Flynn House, where every preparation had been made by the proprietors for the pleasure of the Oddfellows, and where they all enjoyed themselves.

S. F. Evanson, Grand Master of the Grand Lodge, was present, and during the banquet delivered an excellent address, besides many others participated in the social function.

Train wrecks in five places in Ontario on Monday caused the death of three railway employees and the injury of thirty-eight persons, some seriously.

### Must Complete Line Within Five Years.

The amalgamation of the North Lanark railway with the Ottawa & St. Lawrence Electric Railway was approved by the Railway Commission of the Legislature Tuesday morning.

The amalgamated company has authority to raise five millions of stock and is required to start work and expend at least fifteen per cent of its capital within two years of the passing of the act and complete the line within five years, or forfeit all its rights.

The projected line runs from Ottawa to Morrisburg, then along the St. Lawrence to Brockville, then northwesterly to the Ottawa river near Braeside and back to Ottawa.

Chief of Police Randall of Guelph was exonerated by Judge Jamieson of all charges against him.

### Procure Armory For Kemptville.

Kemptville town council has recently decided to take steps to procure a site suitable to the militia department for the proposed armory at Kemptville. Surveyors have been there frequently.

The annual report of Kemptville public library, just issued, shows that there are three thousand volumes on hand and the reading room is supplied with four daily papers, five weekly papers and fifteen magazines.

### Letters Sent in Newspapers

The statement was made by W. B. Rogers, Toronto's postmaster, a few days ago that the practice of enclosing letters and other articles of mail matter in newspaper and periodicals had recently grown to a great extent. The principal offenders are evidently newcomers to Canada, as most of the mail matter discovered with the enclosures has been addressed to persons in the United Kingdom.

A warning is given of the seriousness of the offence, which renders the sender liable to a fine of from \$10 to \$40 for each offence. On the discovery of an enclosure in a newspaper, which is liable to a higher rate of postage, it is sent to the dead letter office, and the sender made liable to prosecution by the postoffice inspector. Newspapers also are being mailed without sufficient postage. This is especially the case with the weekly editions of the Toronto papers. The proper rate on these is one cent per four ounces.

### A Call to Rev. Stevens.

The Rev. W. H. Stevens has received an invitation from the Quarterly Board of the Methodist church at Iroquois to become their pastor next June.

As will be remembered an item appeared in the Record a couple of weeks ago in which the Quarterly Board of Trinity Methodist Church (of which Rev. Stevens has been pastor for the past three years) extended a unanimous invitation to Rev. Stevens to remain for a fourth term, and which we believe he has consented to do.

During Mr. Stevens three years in our midst he has filled the pulpit to a nicety, and as well outside of the pulpit, and we can assure the Quarterly Board of Iroquois Methodist Church that there is no chance of securing his services for the year 1913-14.

## REGINA LOTS AGREEMENT NULL AND VOID.

Justice Lennox Gives Judgment In Wallace Real Estate Case.

Judgment has been given against W. T. Wallace, real estate dealer, who was sued in the high court at Ottawa by James Scobie last month. Judge Lennox summing up is a strong condemnation of the misrepresentation and fraud by means of which the real estate dealer's agent sold lots near Regina last July.

It will be remembered by those that followed the case last month that James Scobie claimed the sum of \$1,225 which he had paid to Wallace's agent, Bergin, on the understanding that he was buying 14 lots within a mile and a half of Regina post office. He found later that the lots were much more than a mile from the city limits. Wallace replied to this by stating that "Glenelm Park," which contained the lots was within a mile of the city limits.

The agreement which Scobie signed at the instance of Bergin was almost blank, and other clauses were added when he was not present. By the agreement as it was produced in court, Scobie was supposed to have paid \$1,225 as a first instalment only. Judge Lennox scores this practice on the part of the real estate men.

"The practice of inducing farmers and others to sign long and intricate agreements wholly in blank and to be filled up and sealed at the office of the vendor is a dangerous and intolerable practice," says the Judge.

The following are Judge Lennox words.

I heard this case at Ottawa without a jury on the 8th and 9th of January 1913.

"The plaintiff is entitled to the relief sued for.

"He has not proved all the allegations of his statement of claim, but he has clearly established that he was induced to sign the agreement in question by representations and statements made to him by the defendant's agent, Michael Bergin, to wit: (a) that the lots he was purchasing were 'inside lots' in the city of Regina; (b) that they were within one and a half miles of the city post-office; (c) that the city was actually built up as far out as these lots; (d) that Bergin had recently visited Regina and could be depended upon to give reliable information; (e) that the plaintiff entered into this agreement relying upon the truth of these representations—as the agent knew—and (f) that they were false, and were knowingly and fraudulently made.

"The plaintiff was a rather easy victim, as he had only recently come into control of some money. The agent is an adroit young man and inspired the plaintiff's confidence by telling him that he was a son of an old acquaintance, and by assuring him that he could go out and see the land, and if not right he would get his money back. So great was the plaintiff's faith that he signed the agreement in blank, I believe, without reading it.

"Well, there is told again the story so often heard in these cases; 'No, I did not say the lots were within a mile and a half, I said 'the property,' meaning the park, was within one and a half miles of the post office; but the property' surely means the lots the man is buying and even as to this, as I recollect it, the agent stumbled pretty badly upon cross examination.

"The evidence of the defendant does not shake my faith in the truthfulness and substantial accuracy of the plaintiff's statements.

"It does not surprise me at all that the defendant, deluging the plaintiff with pamphlets, maps and photographs, and pouring out his rapid and plausible explanations and assurances, as reproduced at the trial was able to, temporarily, allay the plaintiff's anxiety on the 3rd August, and get his consent to let the cheque go through. But the plaintiff had been assured, and the defendant says upon good foundation, that defendant was worth \$100,000, and at that time the plaintiff had made no investigation and as he says knew no more than upon the night he signed the agreement.

"And it no doubt tended to smooth away difficulties that a disinterested gentleman, Mr. Chas. Marshall, happened to come in, in time to join the defendant in assuring the plaintiff that he had made no mistake in buying this property—the groundwork of Mr. Marshall's information, as it turns out, being gleaned from the newspapers.

"In the absence of information from the west, and with the assurances of the defendant that all that Bergin had told him was true, the plaintiff went away on the 3rd August, silenced if not convinced.

"Weighing the evidence of the defendant against the statements of the plaintiff and his brother, my conclusion of fact is that upon the all-important point of distance or location, the defendant led or

## STRONGLY ADVISES "FRUIT-A-TIVES"

Because They Cured Him, And They Will Cure You

MR. ALEX. MCCARTER

WALKERTON ONT., MAY 9th. 1911. "I have been in Walkerton in business for a good many years and many of my townsmen know that my health, for long periods was precarious. My trouble was extreme Nervousness, brought on by Indigestion and Dyspepsia, from which I suffered in the most severe form. It was so bad that I could not sleep before about four in the morning. I noticed one of your published testimonials of how someone had used 'Fruit-a-tives' for similar trouble and asked Mr. Hunter, my druggist, his opinion on the matter and he advised their use. I immediately procured several boxes and I am pleased to say that I now enjoy splendid health and could not possibly feel better. I can eat with every degree of satisfaction and sleep without an effort. I strongly advise anyone suffering from like complaints, to commence using 'Fruit-a-tives'. ALEX. MCCARTER. 50c. a box, 6 for \$2.50—trial size, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

left the plaintiff to believe—and knew that he believed—that the lots were within one and a half miles of the post office. The defendant swears otherwise and says he told him and showed where the lots were and the distance from the post office; but the omission to state this in his letter of the 30th of September, 1912, written in reply to specific statements in the plaintiff's letter of the 20th of September, cannot be readily reconciled with his evidence and the defendant was unable to explain it. If he told the plaintiff the distance on the 3rd of August, as he swears he did, why did he not in his letter say: 'I told you all this on August 3rd?'

"This is another instance of western land dealing in which the prearranged method of procedure is to be severely condemned. The practice of inducing farmers and others to sign long and intricate agreements wholly in blank and to be filled up and sealed at the office of the vendor, is a dangerous and intolerable practice. And this is another instance too in which the principal cannot shift even the moral responsibility from himself by saying it was the agent who did it, for we have here again a familiar form of fraud in the papers placed in the agent's hands for distribution.

"Glenelm Park is not in Regina, and the lots sold are not within a mile of the city limit, but this did not prevent the defendant from describing them as in 'Block 51, Glenelm Park, Regina, Saskatchewan.' Another document which the defendant sends out endorsed with

his name and 'compliments' is a 'map of the City of Regina' and on it Glenelm Park appears to be a part of and well within the city; and it is only if you are aware that this is not the case—and then only by an intent microscopic examination—that you discover 'City Boundary' printed upon one of the lots in almost invisible ink. And following in the same line, for the guidance of prospective purchasers, is another map embellished with fascinating pictures of Regina, and teeming with statistics of its phenomenal growth and assured future; and upon this in many places, so that the hesitating purchaser will readily realize that he is buying himself right into the centre of all this wealth. Glenelm Park is described as 'the most attractive subdivision in the city'—as 'Regina's finest subdivision' and as 'a beautiful subdivision in a beautiful city.' Can the principal who sends his agent out into the country laden with this literature say that he intended him to act honestly or tell the truth?

"There can be no question of waiver or confirmation in this case. The plaintiff was quieted but not convinced by the defendant. He had an investigation made which was reported upon in the latter part of September. He there-upon repudiated the transaction, demanded back his money and threatened suit.

"There will be judgment declaring that the agreement in the pleadings mentioned is null and void and directing it be delivered up to be cancelled; and that the defendant shall pay to the plaintiff the sum of \$1,225 with interest thereon from the 3rd August, 1912, and the costs of this action. And dismissing the defendant's counter claim with costs to the plaintiff."

### Montreal Paper is out Dominion Day.

Montreal, Feb. 27—Definite announcement of the publication of a new morning paper for this city and the names of the men behind it was made today. The company publishing the paper, which is capitalized at \$500,000, will have M. E. Nicholis, late president and editor of the Winnipeg Telegram, as president and managing director, and Brenton A. McNab, who has been engaged in organizing the enterprise, as editor and vice-president.

Mr. McNab was editor of the Montreal Star for fifteen years.

Attempts will be made to put the first edition on the streets on Dominion Day. No name has as yet been decided upon for the paper, which has no political connections, and will be published on strictly independent lines.

### Chief Of Police Sentenced.

Latchford, Feb. 27.—Chief of Police Charles Fyfe, Frank Marcott and John Leglais was arrested by Constable J. Lefebvre last night at 10 o'clock. Brought before the magistrate this morning they were sentenced to six months' imprisonment each and despatched to North Bay this afternoon. For some time past C.E. Kingston, proprietor of the King Edward Hotel, has been missing liquor, cigars and tobacco from his hotel and information came to Constable Lefebvre last night which caused him to make the arrests. Leglais is night operator at the Timiskaming and Northern Ontario Railway station, and Frank Marcott, night porter at the hotel.

Joseph Fleming of Arthur, was caught in belting at the flax mill there and instantly killed.

SPARKLING WATER, cool and sweet, refreshes the farmer who builds a

## Concrete Well or Tank

THE FARMER, above all others, appreciates good water. He drinks more water than the city man. The city-dweller is dependent upon the public water-supply for the purity of his water, while the farmer can have his own private source of water, and thus be sure that it is pure and healthful.

MAN hasn't found a better drink than cool water, properly collected and stored. But in order to keep water fresh and pure, a tank or well casing that will keep out every possible impurity must be used.

CONCRETE IS THE IDEAL MATERIAL FOR TANKS AND WELL-CASINGS.

IT is absolutely water-tight, protecting your water from seepage of all kinds. It cannot rot or crumble. It is easily cleaned inside. Time and water, instead of causing it to decay, actually make it stronger.

OUR experts' Information Department will help you to decide how to build anything, from a porch-step to a silo. The service is free—you don't even have to promise to build. When in doubt ask the Information Department.

## CITY CIRCULATION AGENT

Of Leading Montreal Daily Endorses GIN PILLS

**F**IVE long years of suffering from Kidney Trouble—two boxes of GIN PILLS—and it's all gone. That has been the experience of Mr. Eugene Quesnel, Chief City Circulation Agent of La Patrie, of Montreal. He describes it feelingly:

May 3rd, 1912  
"I have been suffering from Kidney Trouble for over five long years. I had also Rheumatism in all my bones and muscles, could not sleep nights and on some occasions could hardly walk. I had been treated by some of our best Physicians but without relief and I lost over fifteen pounds. One day I met one of our leading hotelkeepers, who had been cured by your famous GIN PILLS, and he advised me to try them. So I bought two boxes at my druggist's and before I had used one box I felt a big change. Before I finished the second one I was completely cured. I can assure you I can hardly believe it for if I had only known what I know now I would not have spent over One Hundred Dollars for nothing when two boxes of GIN PILLS cured me."

## Independent Tory in South Lanark.

Perth, Feb. 28.—There will be an election in South Lanark for the Ontario House in March 19. J.B. Lyle, of Smith's Falls, a former Conservative, having announced his candidacy as an independent candidate. He promises to consider legislation on its merits and to support that which commends itself to his intelligence.

## Much Money Will Be Expended On New Buildings

Toronto, Mas. 7.—Supplementary estimates for the present financial year to the extent of \$1,639,522 were tabled in the Legislature yesterday. Added to the total of \$8,884,496 provided for the main estimates brought down last session the total estimated expenditure for the year 1912-1913, exclusive of course of the further supplementaries, which have still to come down reaches the sum of \$10,484,018.

A large portion of the million and a half of estimates laid before the House by Hon. I. B. Lucas represent additional expenditures on various important public projects under way. The erection of buildings and other expenses in connection with the new provincial reformatory at Guelph are provided for with a vote of \$150,000. A similar sum goes toward the construction of Government House and \$128,550 to the new north wing and the completion of the west wing of the Parliament buildings.

The exploration of the new territory added to Ontario is covered by two appropriations. The balance of the cost of the Tyrell exploration party—\$2,095 is provided for and a sum of \$20,000 set aside for the survey of the new boundary line between Ontario and Manitoba and at the further exploration of the new territory's work to be undertaken this year. The new district of Temiskaming received a vote of \$14,847 to meet various judicial expenses incurred since it became a separate district.

Several extensions of the public service are provided for. The new provincial forestry director, Prof. E. J. Zavitz, gets \$2,500 as salary. The appointment of a provincial sanitary engineer is provided for by a vote of 1,800, with an appropriation of \$4,000 for sewage and water investigations.

That the government has had under consideration the need of more factory inspectors is shown by an appropriation of \$1,200, for an additional inspector.

The increase in the cost of necessities is strikingly shown in the estimates for the various provincial institutions. Practically every one has required an additional vote to meet the most of groceries, provisions, etc. The most important appropriation in connection with the asylums is one of \$60,000, \$40,000 of which is a revote for additional cottages at the Orillia hospital for the feeble-minded. The erection of these cottages will not only relieve the crowded condition of that institution but will allow of more classification and separation along advanced scientific lines.

The Woodstock Hospital for the Epileptics has a vote of \$6000, for the purchase of farm lands and their improvement. Hon. W.J. Hanna has added Woodstock to the list of his institution farms and is extending the area of the farm lands. The institution for the deaf and dumb at Belleville gets \$38,500, part of which is revote for the completion of new dormitories, and \$2,000 for furnishings. For the same work at the Brantford institution for the blind \$52,000 is set aside.

Toward the new veterinary college there is a vote of \$65,000.

Colonization and immigration takes \$15,000, \$5,000 of which goes to agents and various organizations for securing domestics and farm laborers, 5,000 for expenses in distributing settlers in Northern Ontario, and \$5,000 for other emigration work in Great Britain and Ireland.

Five thousand dollars has been set aside to pay for extra clearing Buildings, salaries, etc., in connection with the experimental farm at Monteith in Temiskaming.

The salary list is a long one but the increases are not large. All the deputies and heads of branches get increases from \$100 to \$250, the subordinate officials benefiting correspondingly. Practically every member of the staff at the Ontario Agricultural college has been given an increase of \$100, and \$550 has been set aside as six months' salary for a demonstration in bacteriology.

For agricultural training in the high school \$7,000 additional is provided. The Ontario Bee Keepers' Association gets an additional grant of \$200, while \$1,000 additional is set aside for fruit spraying and experiments under the Fruit Pests act.

The strike at Porcupine is represented by a vote of \$6000 to cover expenses incurred there. The Wolfe monument being erected in England gets \$4,000, and \$12,5000 is provided as a payment on account of sewage disposal from the Hamilton Insane Asylum.

## Eganville Man Dies in Killaloe

Eganville, March 3.—Death came suddenly to John Jones, a merchant of this place, who was found dead in bed Sunday morning in a hotel in Killaloe. The deceased gentleman was 63 years of age and was born in the county of Lanark, and lived on a farm till he was 40 years of age. Twenty years ago he moved into Eganville, where he has since resided. His wife was Miss Isabella McLellan, of Perth. There are two sons, Rev. Eather C.J. Jones, assistant priest at Arnprior, and D. A. Jones, editor and proprietor of the Pembroke Observer, and three daughters, Miss Baccaline, nurse-in-training at Port Arthur, and Misses Mamie and Maud of the civil service, Ottawa. Two brothers, William, of Michigan, and Jacob, of Lavant, Frontenac county, mourn the loss of their brother.

The funeral will take place on Tuesday morning from his home in Eganville to the Roman Catholic church.

Rev. Father Dowdall, of Eganville, will celebrate the requiem mass and Rev. Father Jones will assist.

## Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

## Spot Cash Hereafter For Meat In Midland.

Midland, Feb. 28.—The butchers of this town have issued a dodger intimating that "after careful consideration of the meat situation" they have found it necessary to conduct their business on a spot cash basis on and after the 1st of March. They state that the increased cost of meats and labor make it absolutely necessary to do away with the credit business, a move which they say they feel sure will benefit the consumer as well as the dealer. The circular is signed by the four butcher firms of W. A. Simpson, J. G. Marshall, F. Brisbin & Co., and C. A. Herron & Company.

This action does not meet with unanimous approval. There is a feeling on the part of some of the citizens that offers a good opening for a couple of good, live business men that would give two weeks' credit, as a majority of the working men of the town are paid every two weeks, and could pay more conveniently then, and would find it inconvenient to keep cash ready every day.

## Died In Iroquois.

Another old and respected resident of Iroquois passed away on the 21st inst., in the person of Charles Merkley, son of the late Mr. and Mrs. Henry Merkley, of Matilda, aged 71 years and 11 months. He had been failing for two months and his demise was not unexpected. In politics deceased was a Conservative, and in religion a Methodist. He was united in marriage on Aug. 6th, 1862, to Elizabeth Irvine, daughter of the late Mr. and Mrs. Archie Irvine, of Matilda, and have resided in Iroquois for the past 35 years. Five children were born to them, viz., Effie, of Los Angeles, Cal.; Margaret, of Snohomish, Wash.; Mary, of San Francisco, Cal.; George, of St. Helena, Cal., and John, of Saskatoon, Sask., who with the aged widow are left to mourn the loss, together with the following brothers and sisters: Mrs. Maria McCaslin, Matilda; Simon of Haddo; William, of Barkway, Muskoka; Mrs. Chas. Tonsaw, Matilda; Eli, Reeve of Matilda, and Mrs. James Merkley, of Dunbar. The funeral was held on Sunday afternoon, under the auspices of Iroquois Lodge, No. 145, I. O. O. F., of which order Mr. Merkley was an honored member for many years. Rev. Mr. Philp conducted the impressive service at the Methodist church, referring to the many good qualities of deceased as a husband, father and citizen, after which the remains were interred in the Methodist cemetery. As our old citizens pass over the divide we are reminded that the stay here at longest is brief indeed. Mr. Merkley possessed the warm, genial and sympathetic nature of the Merkley family, and left a host of friends to mourn his demise.—News.

# NERVOUS, LIFELESS DEBILITATED MEN

**YOUNG MEN AND MIDDLE-AGED MEN,** the victims of early indiscretions and later excesses, who are failures in life—you are the ones we can restore to manhood and revive the spark of energy and vitality. Don't give up in despair because you have treated with other doctors, used electric belts and tried various drug store nostrums.

Our New Method Treatment has snatched hundreds from the brink of despair, has restored happiness to hundreds of homes and has made successful men of those who were "down and out." We prescribe specific remedies for each individual case according to the symptoms and complications—we have no patent medicines. This is one of the secrets of our wonderful success as our treatment cannot fail, for we prescribe remedies adapted to each individual case. Only curable cases accepted. We have done business throughout Canada for over 20 Years.

**CURABLE CASES GUARANTEED OR NO PAY**

**READER** Are you a victim? Have you lost hope? Are you intending to marry? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. Consultation Free. No matter who has treated you, write for an honest opinion. Free of Charge. Books Free—"Boyhood, Manhood, Fatherhood." (Illustrated) on Diseases of Men.

Miss Jean Brownell has returned to Ottawa, after spending a few days at her home here. She was accompanied by Miss Hopper, of Ottawa.

Recent visitors: Miss Leila Nesbitt, of the Cornwall High School, with her parents; Mr. Lloyd Grant, of Lunenburg, with friends here; Miss Flossie Wert, of Newington, guest of Miss Sadie Wert; Dr. McKercher at his home in Hawkesbury.

Messrs A. O. Miller and Elias Fetterly were in Cornwall on Wednesday to see Mr. Jacob H. Rupert, of Lunenburg, who is a patient at the General Hospital. Mr. Rupert's many friends will be glad to hear that he is making good progress towards recovery.

An esteemed resident of the village, Mrs. Estella L. Fetterly, widow of the late James Ira Fetterly, died on Friday, 21st inst., aged 58 years. She is survived by her father, Mr. Jacob Eaman, and a brother and sister, Mr. Dimmick Eaman, of Osnaburck Centre, and Mrs. D.H. McDairmid, of Avonmore. The funeral took place on Monday to the Methodist Church and Cemetery, Lunenburg. Service at the house was conducted by Rev. M. S. Lehigh, and at the church by Rev. G. C. Wood. The pall-bearers were Messrs. Colby Markell, Wm. Markell, T.S. Gillis Wm. Robb, Jas. Grant and W. Eaman.

Among those present from a distance were Mrs. W.M. Andrews, Maple Grove; Mr. Edgar Fetterly and son, Cory, Lunenburg. A beautiful wreath was placed upon the casket from the family. The sympathy of the community is extended to the bereaved.

## "Blind Pig" in Cradle Is Betrayed By Baby

Cobalt, Ont. Mar. 2.—The eight-month old child of Jos. Pelon, 212 Lang street, cost his parents a \$100 fine on Saturday. Provincial Constable Jerry Lefebvre, was pretty sure that Pelon had whiskey on the premises, so when he searched the house he did not leave many places without scrutiny. Still he did not suspect that the fire water was in the cradle till he heard the frolicsome youngster crow and kick and he heard the familiar clink under the blankets. Then he inserted his hand and found three bottles snugly concealed under baby's legs.

#### Navy Bill Passes Second Reading

Ottawa, Feb. 28—Amidst a scene of great animation the second stage of Mr. Borden's Naval Bill was negotiated by the ministerial majority at two o'clock this morning, when Mr. Guilbault's sub-amendment and Mr. Turriff's amendment were voted down, and motion for the second reading adopted by a majority of 30.

The Guilbault sub-amendment calling for a plebiscite received the support of the mover, and Messrs Boulay, Achim, Bellemere, Mondou, Barrett and Lamarche—the seven recognized Nationalists—and four Liberals, Messrs Turriff, East Assiniboia; Thompson, Qu'Appelle; Proulx, Prescott, and L.A. Lapointe, Montreal, a total of 11; while 187 Conservative and Liberals voted against it.

As soon as the result was announced the vote on Mr. Turriff's amendment, calling for a redistribution bill and general election, was taken. It received the support of all the Liberals, except Col. McLean, and of four Nationalists, Messrs Achim, Lamarche, Barrett and Guilbault. The division list stood at 81 yeas to 117 nays, a Government majority of 36.

When the vote on the main motion was taken this majority was reduced by six, because the three Nationalists, Messrs Bellemere, Mondou and Boulay, who voted against the Turriff amendment, joined the other four in voting against the second reading. This made the division list stand 114 to 84, a Government majority of 30. On this division Col. McLean again voted with the Government.

When the final vote was announced both sides cheered, the Liberals, because the Government's majority was two less than on the vote on the resolution, and the Conservatives because the division marked another stage of progress in the fight for the passage of the bill. Before the House rose Mr. Borden informed Sir Wilfred Laurier that the House would be moved into Committee on the bill today.

The debate was closed with speeches by Sir Wilfred Laurier and Mr. Borden in turn. Both covered much old ground.

Sir Wilfred announced that it was the intention of the Opposition to give the bill all the consideration its importance merits, while Mr. Borden said that it is the intention of the Government to use every means at its disposal to press the bill to a conclusion.

#### Alberta Banks Done By Clever Forgers.

Edmonton, Alta., March 3.—Information now in the hands of the police indicates that an epidemic of forgery is sweeping over this province and that a number of important documents have been forged in Edmonton.

Two days ago \$500 was secured from Royal Bank branches at Lacombe and Stettler by means of clumsily forged land titles. The title used for each bank had reference to the same quarter section of land southeast of Edmonton. A few days ago, \$1,000 was obtained from Ewing & Harris on a forged mortgage. In neither case has the culprit been captured.

Last week two neatly executed forgeries were passed on the Merchants Bank here and \$63,000 was paid out. The signature was that of a construction firm working west of here whose name the police refused to divulge.

On the charge of being connected with these forgeries Gustav Berg or Gustav Blanc, as he is known, locally, was arrested in Calgary yesterday.

#### Indian Braves Get \$1,000 Each

Calgary, March 2.—The Dominion Government has about concluded negotiations with the Sarcee Indians, who own an extensive and valuable reserve adjoining the south-west boundary of Calgary, whereby the Indians will relinquish 1,600 acres. The price is said to be about \$160,000, which would mean \$1,000 for every brave on the reservation.

#### PARISIAN SAGE

PUTS HAIR ON YOUR HEAD AND KEEPS IT THERE

What's the use of being bald? What sense is there in deliberately allowing your hair to turn gray?

Do you want to look old before your time? Give up the thought; old age will come only too soon.

Look after your hair. PARISIAN SAGE will kill the dandruff germs, and is the only preparation, so far as we know, that is guaranteed to do so.

Man or woman, no matter how old you are, PARISIAN SAGE will make you look young.

Why not go to W.G. Bolster and get a large bottle today, it only costs 50 cents, and your money back if it does not cure dandruff, stop falling hair, or itching of the scalp. It will make your hair luxuriant, bright and beautiful, and it is the most refreshing, pleasant and invigorating hair dressing made.

#### Dr. Friedmann, Who Claims To Have Cure For Tuberculosis.

New York, March 1.—Dr. Friedrich Franz Friedmann, of Berlin, is in the city and is arranging with Dr. Milton H. Foster, of the United States Marine Hospital Service, for a thorough test of his tuberculosis cure. Dr. Friedmann promptly refused an offer of \$1,000,000 for his secret, this offer being based on his curing 95 out of 100 cases. "I have not come to New York to win any prize money," said Dr. Friedmann, "but I did come to demonstrate that I could cure consumption and that the pecuniary consideration is the least of the objects involved, publications to the contrary notwithstanding. For the good of humanity I am anxious to have the bacilli distributed as quickly as possible throughout the world. No sufferer from tuberculosis need lack for the treatment on account of lack of money." Dr. Friedmann is 36 years old, tall, rather slender, immaculately attired, rather retiring in manner. His skin is as fresh and clean as an infant's. His hair and closely cropped moustache are light. His every word, every gesture, create the impression that he has the utmost confidence in his ability to overcome the ravages of tuberculosis. "I have applied for patents in virtually every important nation in the world," continued the physician. "I did so for the reason that the preparation of the cultures and their administration require special training on the part of the physicians. While it is non-injurious, its effects could be entirely lost in the hands of incompetent persons. Every reputable physician who wishes to test the treatment and who is willing to study its use is perfectly welcome to it. Every sufferer from consumption can have access to it regardless of his or her financial condition. In administering the treatment each patient will be treated exactly alike, and if they are unable to pay anything they will be treated as charity patients." When asked of what the cultures consisted Dr. Friedmann said, "The tubercular bacilli are of the cold blooded turtle. The details of the culture and the treatment I prefer not to give at this time, but I intend doing so later. The turtle bacillus has at no time been a virulent one, and never has had any relation to the human bacillus. In this instance we have to deal with live bacilli and not with a dead extract such as Dr. Koch's tuberculin, antitoxin in diphtheria or Dr. Ehrlich's remedy, salvarsan, for blood diseases. The physician who administers the treatment must be specially trained and will have to do much hard studying before he becomes capable. My treatment must be administered with a view to individual conditions in each case."

#### Black Fox Industry

Quebec, March 3.—Indications that the black fox industry is spreading rapidly are coming from all over the province, and especially from Gaspé, where everyone seems bitten with the craze and is getting or has got one or two pairs of foxes. A company to be called the "Silver Black Fox Company," with a capital of \$49,000 common stock, is in process of formation, and will appear for incorporation shortly. Its promoter is a Mr. Nadeau. Several pairs of foxes have been purchased from the Dalton ranch, Prince Edward Island, at a high figure.

The cultivation of red foxes is also becoming popular, and there has been a remarkable rise in prices during the past few years, skins being four or five times the price that they were formerly, and the price of stock per pair being as high as \$20 to \$30.

Mr. Beetz, of Westmount, who has a black fox ranch at Piastre Bay, on the north shore, is offering this for sale at \$300,000. The stock consists of twenty black fox, ten male and ten female. These are guaranteed pure bred and descended from at least eleven generations of black fox. The fact that certain owners and vendors of black fox ranches in Prince Edward Island are issuing prospectuses saying that their milder climate is better for the furs than the cold further north, and that all their stock is reared on Prince Edward Island, is much commented on by those in the industry here. The fact is that communications are being received by Quebec ranchers nearly every day from the island ranchers, who are seeking new stock. For instance, all the pups raised this year at the Lorette ranch of Messrs. Holt & Renfrew, furriers, have been sold to Prince Edward Island people, and the latter are also trying to buy foxes from Cascapedia and Gaspé. It is claimed here that the very first foxes of the Dalton ranch were taken there from Anticosti twenty years ago.

#### Twenty Lashes For Brute.

Brockville, Ont., Jan. 18.—Clarence Longley, found guilty of indecent assault was today sentenced by Judge McDonald to one year in Central Prison, ten lashes on entering jail and ten more three months later.

The McLaughlin Carriage Company have been engaged in the development of vehicles for 43 years—over 38 years of that time have been devoted to making carriages. They were made well, as might be expected when every effort, every new and tried idea was applied to the betterment of their construction and to the extension of their service. McLaughlin buggies bore a good name, but they earned it. It was won on sheer merit. A farmer or townsman bought a McLaughlin buggy when he had the price simply because it represented the best he could get. He could buy cheaper buggies, but he couldn't get McLaughlin service. Service can't be had for nothing; it costs money, and it's worth it.

But here's the point. The same standards that made the McLaughlin buggy famous are still applied to the making of McLaughlin cars. Each McLaughlin car is the product of the accumulated experience, skill and knowledge of over forty-three years directed solely along one line. Methods haven't altered. It is only the principle of locomotion that has changed.

In relation to service, consider well that which goes with every McLaughlin car. Through its depots located all over the country, the resources of the McLaughlin plant are placed convenient to the needs of the McLaughlin motorist. Over one hundred thousand dollars' worth of parts are carried for the single purpose of giving quick, economical service. You may never need this service, but all the same, it's mighty comforting to know that it is at your disposal when and where you want it. This is partly what is meant by McLaughlin service. It covers the country.

No other Company in Canada has so much invested in service for its customers.

Model No. 40, \$2,350. Model No. 30, \$1,675. Model No. 31, \$1,825. Model 24, \$1,250. Model 25, \$1,450.

#### Toronto Jail Crowded.

Toronto, Feb. 27.—The provincial authorities have written Sheriff Mowat that the government grant toward the maintenance of prisoners in Toronto jail will be withheld until better conditions prevail. On Sunday night there were 358 prisoners in Toronto jail, which has 322 cells.

Four years ago the city was indicted by the grand jury for maintaining a nuisance in Toronto, to wit: The Toronto jail. This indictment was withdrawn on conditions

that the city would provide a better one and establish an industrial farm. This farm was established, but all the accommodation provided up to the present has been temporary facilities for about sixty prisoners.

This is a severe trust for the city. The Government grant amounted in 1911 to \$10,729 and last year will amount to over \$12,000. The Government pays a portion for the keep of prisoners and the whole of the keep of prisoners indicted on criminal charges.

#### Kicked Burglars Out.

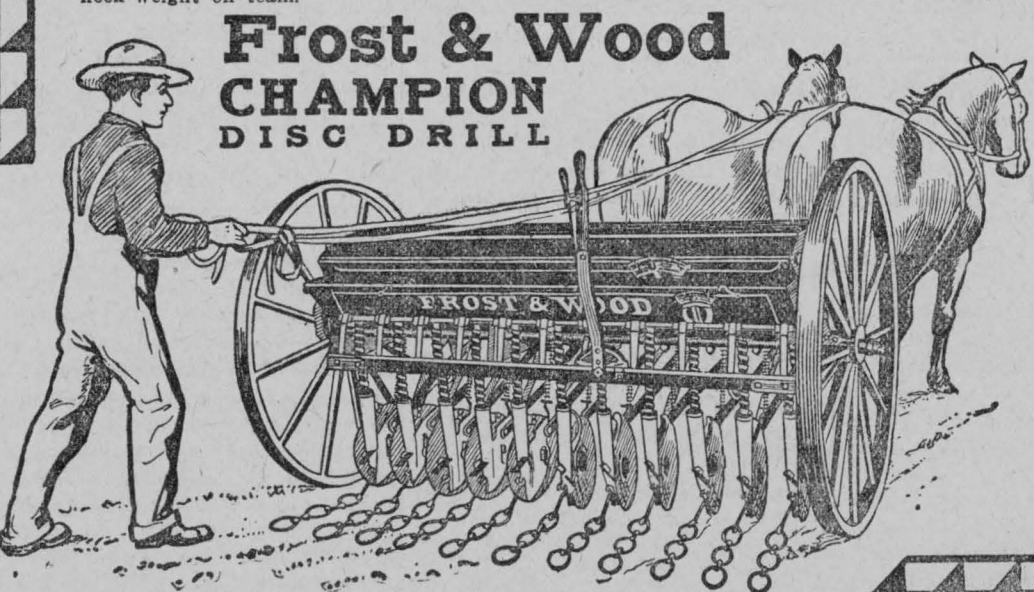

Ogdensburg, N.J., Feb. 28.—Two masked burglars were helping themselves to Harry Mills' silverware, early to-day, when Mrs. Mills stole downstairs with a revolver and made them throw up their hands. Then she shouted for Mr. Mills, who, rather than go to the trouble of a long trip through the rain to the county jail took the burglars one at a time to the front door and kicked them out into the darkness. When he returned to his wife he found her on the floor in a dead faint. She had just discovered that the pistol was not loaded.

### The disc drill that can't stall

Built with more strength than it will probably ever need. Continuous steel axle from wheel to wheel, with frame and seed-box solidly attached. Seed-box down low and easy to fill. Tested indexes tell just how much you are sowing. Champion does not compel you to fit the shift-lever precisely into such-and-such a notch. Vary the seed-feed to suit yourself—do it in a second. Champion disc hubs are really dust-proof, and are fitted with ball-bearings same as a good automobile. Direct down-pressure on EVERY disc-hub avoids side-strain. No neck-weight on team.

ANY disc drill economizes seed, time and labor as compared with other ways of seeding. But a FROST & WOOD CHAMPION excels all in accurate sowing, money-saving and the certainty of bigger crop-production. It sows right under hardest conditions.

Macdonald Agricultural College praises its CHAMPION DRILL. So do the Experimental Farms throughout Canada. Profit by their experience.

**Alliance to Support Mr. Rowell's Policy**

Toronto, Feb. 28.—The Ontario branch of the Dominion Alliance decided yesterday afternoon to express its approval of the Liberal temperance platform.

The following resolution was carried: "That this convention hails with delight the advanced stand taken by the Liberal party in the resolution which N. W. Rowell, the leader of that party, has given notice in the Legislature that he will move for the immediate abolition of the bar including hotel and club licenses; also the treating system, and placing such other restrictions upon the residue of the liquor traffic as experience may show to be necessary to limit its operation and effectively remedy its evils. Local option to be maintained as a means of wiping out the residue in the retail sale where the electors so decide.

"That this convention call upon all friends of the temperance cause to take steps to secure the nomination and election in every constituency of a representative who can be relied upon to do all in his power to secure the enactment of legislation for the suppression of the liquor traffic and declares that anything less than the proposal of Mr. Rowell could not be looked upon as sufficient to entitle any candidate to the support of the temperance electors.

"That this alliance appreciates the action of the provincial government and Legislature in making amendments to the license act which make the working of the act more effective and notable for securing the enforcement of local option. Also do we appreciate the action of the department in refusing to be bound by technicalities where it was really evident that local option had been carried at the polls."

**Several Papers Sued by Mrs. Eliz. Cullen**

Montreal, Feb. 28.—In addition to the action for \$55,000 damages for libel brought by Mrs. Elizabeth Cullen against half a dozen Maritime Provinces papers for \$10,000 or \$15,000 each, further actions amounting to \$20,000 were entered today against The Mail & Empire Publishing Company, Toronto, \$10,000, and The Times Printing Company of Moncton, N. B., in a like amount.

The plaintiff as in her former plea alleges that reports were made in defendants' papers derogatory to her character in the report of the Russell-Pinkerton case, implying that she, the plaintiff, was implicated in the conspiracy against Mr. David Russell.

Action was entered against a certain correspondent, who disclaimed all responsibility, and suits have followed directly against the papers.

**Robbery at G. T. R.**

Toronto, March 2.—By gaining an entrance in such a mysterious manner that the city detectives are completely baffled burglars stole nearly \$3,000 from the ticket office of the Grand Trunk Railway at the Union Station today. They also broke into the Canadian Pacific Railway offices, but were unable to open the safe. While the burglary was being executed an armed railway detective stood on guard in another part of the building. The ticket offices are situated on the eastern side of the building, just to the left of the train entrance. Doors of both offices were double locked and had not been forced.

Between the Canadian Pacific Railway cashier's cage and that of the Grand Trunk Railway there is a board partition. Several feet of this were cut out with a chisel. In this way the burglars had access to both offices without being seen from the outside.

**Tannery Destroyed by Fire.**

Waterloo, March 2.—Shortly before noon to-day fire broke out in what used to be the old Apple Evaporator Building on Erb Street, now owned by the Spanish Leather Company, and used as a tannery and upholstery factory. Aided by a strong west wind the fire soon made such headway that the firemen were helpless and the building was soon burned to the ground. The loss was \$4,500, over \$1,000 of this being put into the building a few months ago to fit it up for a tannery. No insurance was carried.

**The Late Miss Janie Earle.**

Cornwall, Ont., March 4.—Miss Janie Earle, a native of Belle Riviere, Que., who has made her home here for a great many years, died at her residence today. Deceased was a daughter of the late Francis Earle. She is survived by one brother, Thomas Earle, of Cornwall, and two sisters, Miss Elizabeth Earle, of Cornwall, and Mrs. D. W. Murray, of Winnipeg. The remains will be interred in Woodlawn cemetery on Wednesday afternoon.

**Lineman Fell from Pole.**

On Tuesday afternoon about 3.30 o'clock, while Richard Emlaw of Campbellford, an employee of the Hydro-Electric, was up one of the big 55 poles along with another man, fell a distance of about 42 feet to the ground, breaking his right leg below the knee and also some bones in the instep of his left foot.

From what can be learned the accident happened by the guy wire sliding under the tongue of the snap to his safety belt, and when he put pressure upon the belt, it unhooked. Feeling himself going backward he made a jump, thus landing on his feet in about 15 inches of snow, with the result above stated. This act of his undoubtedly saved his life, and had he struck on his back or head, he would not have lived to tell the tale.

Foreman Bailey states that Emlaw has been a most careful man and one who always had his head, and that the accident was not due to any carelessness on the man's part. He also states that in the fifteen years which he has been at this work, this is the first accident that has befallen any of his men.

The patient was taken to the Morrisburg Sanatorium, where everything is being done for him that can be. No internal injuries are anticipated, but the patient is suffering great pain—Morrisburg Leader.

**Free Entrance For Animals**

Ottawa, Feb. 28.—An order-in-Council has been passed amending the regulations regarding the free entry of animals for the improvement of stock, providing that the importation of such animals shall not be free unless in each case the owner is a British subject resident in the British Empire.

A certificate must be presented stating that the animal is entered in the Canadian National Record or in a foreign record recognized by the National Record's Committee.

**Dies Suddenly When Out Driving**

Carleton Place, March 3.—One of this town's well known citizens in the person of Mr. George Graham died very suddenly yesterday afternoon. The deceased with his niece, Miss Ida McFarlane, had driven to Lanark to visit some relatives, and were on their return homeward when having just passed through the farmer's gate to the main road, the deceased listed to one side and died. Heart failure was the cause. Mr. Graham was for many years a resident of Carleton Place, having conducted business here as a grocer. His wife predeceased him some years ago. He was a man who took a keen interest in public affairs, and was a staunch Conservative in politics. He was about 65 years of age.

### Donald McLellan Dead

Nearly everybody in the province of Ontario knew Donald McLellan, of South Branch, Glengarry county, and will hear of his death, which occurred on Sunday at his home in South Branch. He was the second son of Mr. Angus McLellan and Catherine McRae, and was the last of eleven children. He received his early education in Belleville, where he attended school from the home of his uncle, Col. Donald McLellan.

Later he was engaged in the grain and forwarding business in Belleville, from which he retired in the middle 60's. During the Fenian raid he enlisted in military service. He took up business as a general merchant in Glengarry, and later was engaged in lumbering and general merchandise in Sault Ste. Marie. For many years he was official assignee for the united counties, Glengarry and Stormont under the old insolvent act.

The late Mr. McLellan, on retiring from business in Sault Ste. Marie, continued business in Glengarry until 25 years ago, when he retired to a private life.

For many years the deceased was an intimate friend of His Grace Archbishop Gauthier, from boyhood days a friend of Sir Mackenzie Bowell, and for half a century a friend of Sir James Whitney. He was unmarried, a Roman Catholic in religion and a Liberal in politics. Besides having an extraordinary knowledge of Canadian history, he also had a wonderful knowledge of European history.

At the time of Gladstone's death he was said to be strikingly like him. He was 85 years old and six feet in height.

His surviving relatives are three nephews, Alexander McLellan, Belleville, division engineer of the C.N.R.; John A. Chisholm, lawyer, late mayor of Cornwall; Angus McLellan, of South Branch, and four nieces, Sister St. M. Alexander, sister superior of the Gloucester street convent; Mrs. Sandy Woods, of South Branch, and Misses Barbara and Katie McLellan, of Montreal.

The funeral took place yesterday morning at 9 o'clock from his late home at South Branch to Williamstown, where interment was made.

### Big Run on C. & D. Bank Last Night

Montreal, March 5—Upwards of one million dollars were withdrawn during a run on the City and District Savings Bank yesterday, started apparently on some groundless rumor.

Signs of uneasiness were noticed for two or three days at a couple of the branches where a large number of depositors were Jewish people, but the withdrawals did not assume the proportions of a run until yesterday afternoon.

The run opened at noon and continued throughout the afternoon and evening, being for the most part confined to the Point St. Charles, St. Lawrence corner Pine avenue. St. Denis corner Rachel, and West St. Catherine street branches. All depositors demanding their money had their wishes complied with, and the bank officials state that they are ready to meet all comers.

The management is at a loss to assign the cause of the unexpected turn of events, as on Saturday and Monday the deposits made in the bank amounted to over \$225,000, whilst no less than 147 new accounts were opened in different parts of the city. They attribute the uneasiness of depositors to some groundless rumor which has gained currency and which has, in the process, attained most abnormal proportions. They do not, however, anticipate much further continuation of the run, as the well-known standing of the institution, as well as the charter restrictions governing the securing of deposits, they feel, will soon serve to assuage whatever little fear has been existing in the ranks of the clients of the institution.

Thomas McMillan was chosen candidate of West Huron Liberals in the next Federal election.

Many large flocks of ducks are to be seen in the open water of the St. Lawrence abreast of Ogdensburg. Thousands of these wild ducks caught by the cold and held prisoners in Sodus Bay, Lake Ontario, are being fed by the state. Game protectors notified the State Conservation Commission that the ducks were dying from lack of food and were promptly ordered to buy grain to feed them.

Evangelist J. Ritchie Bell has lately been holding a series of special services in Winchester, and many persons have been converted under his preaching. This may explain why it is that somebody in Winchester, his conscience troubling him, has sent the sum of \$6 to the customs office here to be placed at the credit of the Dominion Government.—Morrisburg Herald.

Remember S. G. Carlyle's auction sale of High grade and Pure-bred stock, tomorrow (Friday) March 7th.

W. Watts, a representative of Gordon Ironsides & Freres, who has been in this neighborhood the past few days in the interests of his firm, left Jasper today with a special train of thirteen cars, carrying 350 milch cows, all purchased in Eastern Ontario for use in the city dairies of Western Canada. One car load was purchased in the vicinity of Newboro. Mr. Watt also purchased a number of turkeys and geese.—Brockville Recorder.

Mr. S. G. Carlyle shipped to Calgary on Tuesday of this week 22 head of registered Holstein Cattle. He, in partnership with his brother Walter, will start a stock farm outside the city of Calgary. W. J. will manage the farm, S. G. having accepted a position with the Alberta Government. Mr. Robt. Hamper of this place has been engaged as herdsman.

Chief Burke of Brockville is in receipt of a communication from Geo. B. Phillips, of Campbellford, seeking the whereabouts of his son, Ross, a lad of 17, who left home two years ago. Mr. Phillips states that he heard the boy was working in a livery stable in that town. Constable Ferguson made the rounds this morning and found no trace of the lad. He had dark curly hair almost black, is five feet six inches in height, weighs 150 pounds, and is of dark complexion.

Miss Blanche Jones, an English girl, who started her career in training for a nurse at the Eastern Hospital, Brockville, where she spent two years, has just graduated as a full-fledged nurse after a three years course in Mount Sinai Hospital New York. In graduating Miss Jones covered herself with glory. She was first in general proficiency winning the Guggenheim gold medal and \$100 in gold, and also the Betty Loeb prize, a nurse's hand bag of ebony and silver equipped with instruments, valued at \$105, for the best managed ward. Miss Jones has many friends at the Eastern Hospital, whom she visited last summer and all are proud of her latest achievement.

Wm. N. Ashplant was selected as City Engineer by the London Council.

### Co-operative Store For Brockville

The Brockville Co-operative Society, Ltd., is the latest local organization about to apply to the Ontario Legislature for incorporation. It is to be registered with limited liability and a capital of \$10,000.

The provincial board of directors are the following:

President—Thomas Guest, shipper 372 King street west.

Secretary—Herbert Belsey, machinist, 21 Bennett street.

Vice-President—Wm. P. Carswell, painter, 15 Flint street.

Treasurer—Joseph H. Perkins, glover, 344 King street west.

Directors—Herbert B. Foster, boiler maker, 32 Chaffey street; Frank Whitehill, carpenter, 96 Water street east; Charles Robinson, tinsmith, B. Carpenter, 33 King street east; Frederick Washburn, moulder, 24 St. Andrew street; Percy E. Heward, joiner, 36 Keefer street; Walter Spendlove, machinist, 42 North Augusta road; Alex. Watchorn, toolmaker, 27 King street west; A. J. Traill, deputy sheriff, 206 King street east; Jonas N. Abbott, blacksmith, 20 Pearl street west.

The business will, in the first instance be confined to the sale of general groceries and provisions. For this purpose a paid-up capital of \$10,000 required. Other departments will be added from time to time as and when the society may consider the same advisable.

The capital will be divided into shares of \$5, each bearing interest at the rate of not more than five per cent, per annum. The holdings will be limited to 40 shares of \$200 worth of stock to one household. An option has been secured on a store in Weatherhead block.

One paid up share of \$5 entitles a member to one vote and there will be only one vote per member irrespective of the number of shares held. To be entitled to draw full purchase dividend two shares must be held.

The income will be divided as follows: 1. In payment of all expense interest on capital, and to depreciation reserve and other funds.

2. Dividend of net profit to members in proportion to their purchases.

3. Non-members purchasing at the store will be entitled to draw half dividend in proportion to their purchases.

The new society believes that the existence of an army of merchants under the competitive system of distribution, with its multiplicity of profits, rents, taxes, lighting, heating, delivery, salaries and other expenses, is an unnecessary tax upon the earnings of the wage population. If the people are, therefore, prepared to co-operate in the purchase and distribution of their own merchandise, great savings will be effected.

Chief Campeau, of Montreal, is seeking the whereabouts of one Charles Williams, alias Willie Brighen, who is charged with the theft of \$500. He is 23 years of age, five feet six inches in height, weighs 135 pounds, slim build, very near sighted, wears spectacles and has fair hair.
