Milk Producers' Annual Meeting Wed. Evening Large Crowd On Hand For Lively Discussions

One of the largest crowds yet to attend turned out for the annual meeting of the Chesterville Concentrated Milk Producers Association in the Community Hall, Wednesday night. Many questions were discussed dealing with the problems of the producers, excellent talks were listened to with good attention and the election of officers took place.

The new slate of officers saw most of the executive returned. J. Frank Casselman is president again with a board of directors consisting of Ray Dillabough, Sheldon Ball, Hulbert Cross and Angus Smith. Howard Kittle is number two man as vice-president and Allison Graham was returned as secretary-treasurer. The auditors, John Sutherland and Mac Curran remain the same.

Highlighting the evening was the report of the Association fieldman, Frank Cox. Mr. Cox took much of his time discussing the problem that has arisen over low acid milk. From a beginning of one herd in the area that had to stop shipping to the condensery because of the acid content of the milk, the number has risen to 24. These patrons are forced to send their milk to cheese factories, which works hardships in some cases. The problem is a knotty one, the speaker pointed out, and in spite of the best advice available no solution is seen. The Department in Ottawa, men from Kemptville and Guelph have all been consulted without too much success. A very lively discussion followed Mr. Cox's remarks.

George Lowery, Provincial Director of the Asscciation from Almonte, gave a general report on the conditions in the industry. He expressed continued optism in the future of the dairy industry as soon as world conditions improve. The plants are even now finding slightly better marketing conditions for their products. Powdered milk is moving faster and the demand for evaporated is rising after a slow summer.

Charles Milton, Provincial Secretary reported that a total of nine meetings had been held this past summer with the processors. The main point of his address stressed the need for a unified system of milk controls in the other provinces, besides Ontario.

President Frank Casselman gave his resume of the past year and the work done in the local association. He welcomed the large turnout and expressed the belief that only continued interest in their association would allow for the most benefits from it. Allison Graham, secretary-treasurer made his report after being introduced by President Casselman.

In the drawing for door prize that closed the meeting, the lucky winners were as follows: Stable broom, Reg. McCloskey; Fork, Bill Byers; Milk Pail, Harry Edgerton; Shovel, D. McLean; Can of Grease, H. Johnston; Pulley, Asa Shay; Fork, Lorne Byers; Six Quarts Motor Oil, Lloyd Merkley; Pail, Jas. McCloskey; Milk Filters, Jim Moran.

TAG DAY FOR BLIND MEETS FINE RESPONSE

The Chesterville W.I. is grateful to the general public for the generous support given the appeal for the Blind on the occasion of the annual Tag Day and to the Editor of The Record for donation of advertisement.

As the Golden Autumn Sunshine shone down on taggers and tagged alike, the following young ladies gathered $80.00 in an endeavor to bring a ray of hope to those who must walk in darkness: Marlene Cross, Jean Deoring, Denise Brady, Una Merkley, Jean McMillan, Patsy Durant, Sheila McPhail, Sheila Morris, Doreen Barkley, Marlene McLean, Miriam Gilroy, Betty Merkley, Jean, June and Erva Smith, Doris Smith, Aileen York and Ann Casselman.

HALLOWE'EN QUITE QUIET PRANKSTERS FEW

Hallowe'en passed by this year with little stir in the community. For the first time in many a moon the square was empty in the morning of its usual litter of odds and ends. Costumed kids made some fine hauls by ringing doorbells and Tuesday found many lurking stomach aches to recall the generosity of the townfolk.

Rotary put on a parade of costumes in the Library and flocks of goblins, ghosts and Mother's last year's hats put in an appearance.

ARMISTICE DAY CELEBRATION FOR NOVEMBER 11th PLANNED

In celebration of Armistice Day next Friday, November 11, members of the town and community are taking fitting steps to recall the debt we owe to our soldiers, living and dead.

The stores will be closed from 10 a.m. until 12 on that day. The churches are holding Remembrance Day Services and a Legion Rally is planned to be held in front of the Community Hall at 11 a.m. The public is asked to turn out in good number to give the various organizations their support.

RECENT GRADUATE

JOHN S. GARDINER, son of Mr. and Mrs. Charles Gardiner, Morewood, who has recently been appointed as Instructor and Fieldman at Kemptville Agricultural School. He graduated from the Ontario Agricultural College on May, 1949.

BURD—JOHNSTONE

St. John's Anglican Church, Crysler, was the scene of a very pretty fall wedding on Saturday, October 29, at 2 p.m. when Rev. P. E. Clarke officiated at the marriage of Betty Marion, eldest daughter of Mr. and Mrs. Geo. Johnstone, Crysler, to Walter Keith, only son of Mr. and Mrs. Walter Burd of Finch. Wedding music was furnished by Mrs. W. Armstrong. Mrs. Andrew Anderson sang "O Perfect Love".

Given in marriage by her father, the bride wore a gown of brocaded organza with fitted bodice, long sleeves coming to long points over her hands and a full skirt. She wore a three-quarter length veil held in place with a coronet of orange blossoms and white lilies. Her arm bouquet was of white carnations. Hilda Jonhstone, sister of the bride, was maid of honour and wore a floor-length gown of blue taffeta with bustle effect with head dress and mittens to match. She carried a nose gay of pink roses and carnations with multi-coloured ribbons. Vera Smirle, a friend of the bride, wore a floor-length gown of pink taffeta with bustle effect and carried a nose gay of pink roses and carnations with multi-coloured ribbons. Audrey Rushford was flower girl and chose a long gown of yellow sheer. She wore a dutch bonnet and carried a basket of mauve mums.

Lionel Baker, cousin of the groom, was the groom's attendant. Ushers were Dalton Ouderkirk and Frank Johnstone.

Mrs. Geo. Johnstone, mother of the bride, wore a green crepe dress with black accessories and a corsage of pink roses.

Mrs. Walter Burd, mother of the groom, wore a grey crepe dress with black accessories, a corsage of pink and white mums.

Following the ceremony a reception was held at the bride's home. After the reception the happy couple left on the midnight train for Niagara Falls and points west. The bride travelled in a navy suit with black accessories and wore a corsage of red roses.

On their return they will reside at the groom's home in Finch.

Out-of-town guests were from Niagara, Mille Roches, Ottawa, Cornwall, Winchester, Avonmore, Brinston and Pembroke.

CHESTERVILLE FARMER LOSES BUILDINGS IN FIRE

Fire of unknown origin late Saturday night destroyed buildings on the farm of Charles Shortt, four miles south-west of Chesterville. The loss was estimated at $4,000, only partially covered by insurance.

Destroyed were a large frame barn and milk house and their contents: the season's hay, six hens, a set of harness and a milking machine. Also levelled was the small structure that housed a buggy, which was saved.

A bucket brigade formed by Mr. Shortt's neighbors tried vainly to stop the fast spreading flames. The fire broke out at 11 o'clock and in a few minutes the buildings were in ruins.

LYLE HUNTER GROWS MULTIPLYING POTATOES

The other day we saw a sample of the potatoes grown back on the W. C. Hunter farm. Included in the fine basket full were some remarkable tubers that were startling in appearance. One specimen consisted of seven good sized potatoes fused together to make star-shaped unit that would feed half a dozen people. Several others were fastened together in the same fashion. One advantage of growing the spuds in lumps like that would be the ease in which they can be picked. We haven't learned if Mr. Hunter is developing a strain for that purpose.

IN MEMORIAM

CASSELMAN—In fond and loving memory of a loving mother, who passed away October 30th, 1945.

In depths of sorrow we cannot tell
Of the loss of one we loved so well,
And while she sleeps a peaceful sleep
Her memories we shall always keep.
—The Casselman Family.

Mr. and Mrs. T. D. Ross spent Sunday in Ottawa, the guests of the latter's brother, Mr. and Mrs. Grant Chalmers and family.

Mr. and Mrs. Wilburn Johnston of Vancouver, BC, are visiting the former's brothers and sister, Mrs. A. J. Forward and other friends.

Hugh Shaw, 98, Dies At Elma

Believed to be the oldest resident in Dundas County, Hugh Shaw died Saturday at the home of his grandson, Hugh McMillan, Elma, at the age of 98. He had been ill for two weeks.

Mr. Shaw was born near Hallville in 1852, a son of the late Hugh Shaw and his wife Annie Wylie. In 1874 he married the former Maria Hyndman, who died 12 years ago.

Following his marriage, Mr. Shaw farmed in the Hallville area, but in 1880 moved into the village to open a general store. He was active in the community and in his business until 1906, when he retired.

He maintained his keen interest in community activities, and in 1927 moved to Elma. He was a familiar figure in the community, and was appointed an honorary elder of the United Church there. Mr. Shaw was also a member of the Canadian Order of Foresters.

Rev. F. J. Vowles conducted the funeral service Monday afternoon in Elma United Church. He was assisted by Rev. W. A. Morrison, of Dunbar, and Rev. D. Holmes of Hallville.

Mr. Shaw is survived by one daughter, Mrs. W. A. McMillan of Elma, and four grandchildren.

OMISSION IN W.I. REPORT

The secretary of the W.I. regrets that the name of Mrs. Ken MacDonald was omitted from the committee in charge of the recent Pot Luck Supper. As Mrs. MacDonald is a loyal Institute member, a willing and cheerful worker, her efforts are deeply appreciated by all members.

Chesterville Legion Elects Officers 1949-50 Wm. Gould Named As New President

Chesterville Branch 434, Canadian Legion, held a reorganization meeting in the Community Hall last Friday evening. The object of the meeting was to elect officers for the coming year and to increase the activities of the branch in the community. Present to lend a hand were a representative of the Canadian Legion of Ottawa, Mr. Rosser, Zone Commander Ernie Summers of Winchester and the secretary of the Winchester Branch, W. Servage.

At the outset it was pointed out that only paid-up members were eligible to vote, and in response to a call from the chairman, 44 members qualified. In the elections that followed Wm. Gould was chosen to direct the destiny of the Legion for the next year. His right hand men are E. McMillan as first vice-president, Gordon Cummings as second vice-president and Leonard Moriarty as third vice-president. Secretary-treasurer will be Hubert McCloskey. The two posts of secretary and treasurer will be combined this year. Milton Phillips was chosen as sergeant-at-arms.

Mr. Rosser discussed at length the activities of the local branches and the manner in which their work was related to the parent body, the Canadian Legion of the British Empire Service League. He told of the work of the headquarters group and explained the uses of the money that was received from dues. Discussing the Legion Rink here in Chesterville, the speaker pointed out that even if the Legion disbanded the Rink still belongs to the person or persons who have a money interest in it either by way of a mortgage or in any other fashion.

After a general discussion by the members present, the meeting closed with the reading of the Legion Benediction.

SALESMEN FOR BETTER FARMING

In most counties and municipalities across Canada there is a man doing one of the most important jobs in the country. He is the local agricultural representative—called "ag. rep." by the majority of farmers.

The ag. rep. is the farmers' professional counsellor. He advises on the suitability of soils, what crops should be grown, identifies plant and animal diseases and works out pest control programs. He answers countless questions on farm economics, helps organize farm clubs and breeders' associations and lectures extensively to rural groups on the newest methods of modern farm management.

The field of agricultural representative's activities is so vast, his entire life is dedicated to his work. During his travels about his territory he has acquired an intimate knowledge of the countryside, calls every farmer by his first name and usually knows more about the farmer's farm than the farmer himself. His work starts early in the morning and continues well into the night.

A graduate from an agricultural college, he is expected to possess a vast fund of knowledge on practically every phase of agriculture. Yet, the remuneration he receives for his work is quite modest.

Farmers are indeed priviliged to have the services of such an advisor —without a penny of cost to themselves. Those who are interested in bettering conditions could at least offer their whole-hearted co-operation to him in the various farm activities he inspires.

PREVENT FIRES BEFORE THEY START

Furnaces will soon be lit in most farm homes against the coming blasts of winter. Among the dozen most common causes of fires in rural Canadian homes those originating from heating and cooking equipment are prominent. Here is the list of common causes: chimneys of sub-standard construction; sparks from dirty chimneys; faulty smoke-pipes and stove installations; seasonal grass and bush fires; spontaneous ignition of hay; worn-out shingle roofs; lighted lanterns; mis-use of electrical equipment; threshing operations with gasoline powered engines; matches or smoking in out-buildings; lightning.

The time to prevent a fire is before it starts. Chimneys and smoke pipes can be checked, gasoline can be stored away from main buildings, oily rags never left lying about.

An excellent fire prevention on the farm is a roof ladder. Keep a few buckets of water ready for use and a number of water barrels at suitable points is an added precaution. But they are worse than useless if the water is frozen solid should a sudden emergency arise, so choose a reasonably warm place.

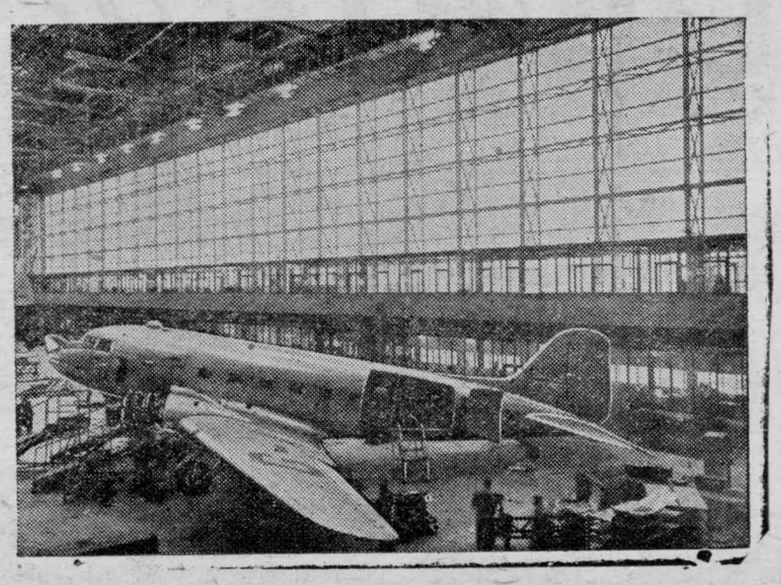

A standard two-and-a-half soda acid fire extinguisher is often a weapon which will scotch an incipient fire and prevent disaster.

Coming Down

As a result of her snobbish attitude towards servants, a dowager had experienced difficulty in keeping sufficient help in her home. The other day, interviewing a prospective maid, she said:

"If you're accepted, I don't want you to be like some of the others—jealous of my wealth and position, resentful and envious because they have to look up to me."

"I'm not like that," said the applicant gently. "I've often looked up at flagpole sitters but never with envy."

WORLD'S BIGGEST PLATE GLASS WINDOW

The largest plate glass window in the world, 1,000 feet long and 50 feet high, has been erected along one wall of the great assembly hall where the "Brabazon," Britain's giant airliner, is being built at Bristol. As well as housing the "Brabazon," this hangar is being used for servicing the aircraft of British Overseas Airways. The window is built to withstand 80 miles per hour Atlantic gales which sweep up the Bristol Channel. A system of double glazing has been used, developed by the Chester (England) firm of Williams and Williams, Ltd. The design is tested to stand wind velocities up to 150 miles per hour, and since no putty and no initial or subsequent painting is necessary, the upkeep is very low. This picture shows: One section of the 1,000 feet plate glass window of the "Brabazon" hangar at Bristol. An aircraft of British Overseas Airways Corporation is being serviced in the foreground.

HE WAS DEAD, BUT HE WOULDN'T LIE DOWN

An astonishing thing happened recently on the BBC television screen at Alexandra Palace. It was during the production of the television version of Agatha Christie's thriller, "Ten Little Nigger Boys." Viewers watching the show gasped with surprise and then laughed loudly when one of the characters, who had been stabbed to death on the balcony a few minutes before, got up and walked calmly off the stage. The explanation for the actor's peculiar behaviour was quite simple. He thought, quite wrongly, that he was out of camera range and therefore need spend no more time lying full length on a somewhat draughty floor, but could assume a vertical position without further delay.

The cynic is one who never sees a good quality in a man, and never fails to see a bad one.—Henry Ward Beecher.

If we cannot live so as to be happy let us at least live so as to deserve it.—Fitche.

A Bargain

"I say, you gave that cloak room attendant an enormous tip," said the business man to his friend as they left the restaurant.

"Naturally," said the friend, "look at the splendid coat he's given me."

How True

"Uncle Joe," asked a 12-year-old girl, "how do wars start?"

"Well," replied the uncle, "suppose Canada and the United States got into a quarrel, and..."

"That's preposterous," interrupted the girl's father, "Canada and the United States have always lived peaceably..."

"I know," shouted Uncle Joe, "but I am merely posing a hypothetical situation..."

"But you give the child the wrong impression, and don't raise your voice at me in that tone..."

"I'll raise my voice if I like," screamed Uncle Joe, "and if you weren't so dumb..."

"Never mind, Uncle Joe," the girl managed to put in, "I think I know how wars start."

Eastern Sectional Rally Dundas-Grenville Presbyterial In Elma United Church

On October 26th, in Elma United Church, representatives numbering 82, from the Eastern Section of Dundas-Grenville Presbyterial W.M.S. held a grand rally, Rev. Mr. Vowles, minister of the church and his wife, cordially welcomed those attending. Mrs. M. McPherson of the local auxiliary, in a few appropriate words also welcomed those present. Mrs. W. Wright of Chesterville was in the chair during both morning and afternoon sessions and Mrs. Fennell of Winchester was recording secretary. After a few items of business had been attended to and the appointment of Mrs. M. Dillabough of Morewood, as secretary, and Mrs. Oscar Wallace of Winchester as 1st-vice president, the devotions for the morning session were ably conducted by Mrs. N. J. Thomas and Mrs. O. Wallace of Winchester. Using the words of the Scriptures "What have they seen in thy house", they told by prayer and talking how a home that has godly parents, family altar, church goers and one well disciplined can show the christian way of living.

Mrs. P. Cumming of Hallville, Literature Secretary, illustrated a number of very useful books for reading and help in all Auxiliaries, Mission Bands, Baby Bands and C.G.I.T. These could be purchased at very reasonable prices.

Mrs. C. Sypes told some highlights from the School for Leaders, which she had attended at Macdonald College this summer. She told of splendid addresses and reports given at these sessions and urged all to advance in every way in the missionary cause.

Mrs. K. Blancher addressed the meeting on Mission Band work. All members of the W.M.S. should aid in every way this splendid task, helping to make children feel that the love of Christ fills all missionary hearts.

Mrs. A. B. Allison of Winchester, assisted by Mrs. Merrill of Morrisburg, answered questions asked by some of those present, thus fixing up some difficult problems.

Mrs. Wright, in talking told how by eye, ear, lips, hands and feet we can be 'Personal Witnesses' in our own auxiliary. By using words from the Bible such as "Annoint thine own eye," "Lord speak for Thy servant heareth," "The work of our hands establish Thou it" and "Ponder the way of thy feet", these thoughts for being personal witnesses were made very helpful.

During the morning meeting Mrs. Dalton Robinson of Winchester Springs, delighted all with the singing of a very lovely solo, "I will be a hero for Jesus".

The afternoon sessions, devotions were conducted by Mrs. H. Reddick and Mrs. W. S. L. Merril of Morrisburg. They told in a very clear christian way by prayer, bible reading and good living, how men down through history were God's witnesses in the community.

The address for this meeting on Korea, was given by Mrs. C. R. Sutherland of Inkerman. She had returned in 1935 from Korea where she had worked with her husband, Rev. Mr. Sutherland, as missionaries. Dressed in native Korean style which she said was of linen material in warm weather and cotton in cool, she gave an interesting and instructive talk on the early life of this country, their customs, manners, language and education. During this talk she spoke a few thoughts in their language. She told of early missionary life and work, and of difficulties encountered. At church services here people pray devoutly out loud and often one of them has been known to memorize the whole of one of the Gospels. There were about 3,000,000 Christians in Korea.

Mrs. H. VanAllen, president of the whole Presbyterial, gave an inspiring message, showing that by information, inspiration and invitation the great work of the W.M.S. could be made to advance in every manner.

Seven women of the meeting by representing seven ships, such as Fellowship, Citizenship, Stewarship, etc., showed how Auxiliary workers can be encouraging and helpful in their contributions of talents, work, etc., to their W.M.S.

Mrs. John Milne of Mountain, impressed on all many good thoughts gleaned throughout the day and asked all to try to live up to these high ideals.

A quartette of Evening Auxiliary members from Chesterville, Mrs. J. Fyke, Mrs. M. Phillips, Mrs. J. Deering and Mrs. Carl Merkley sang a number entitled "Only a smile", which was appreciated by all.

Members of the Courtesy Committee were: Mrs. Cinnamon, Mrs. Clarke, Miss B. Coons and Mrs. Cecil McIntosh. Mrs. Cinnamon, the convener, brought their report before the meeting. Thanks were extended to the Official Board of Elma Church, for their courtesy in allowing us to use their church for our meetings. To Rev. and Mrs. Vowels, to all the ladies of the church who served such a substantial and appetizing dinner and everyone who had spoken, sung or accompanied the singers or helped in making the sessions helpful and interesting.

The Williamsburg ladies invited the Sectional meeting to be in their church in 1950.

Edgar McIntosh, 76 Dies At Williamsburg

Prominent in district farming circles for many years, Edgar McIntosh, 76, died suddenly in his Williamsburg home at 11 o'clock Saturday night.

Mr. McIntosh had been visiting friends during the evening and sat down to rest upon his return. Ten minutes later he was dead of a heart attack.

Son of the late John McIntosh and Diana Casselman, he was the fifth generation of McIntoshes to be born on the family homestead, "Sunnybrook Farm", two miles north of Williamsburg.

He was educated in district schools and more than 50 years ago married Jessie Strader of Williamsburg. He led an active life on Sunnybrook Farm until his retirement to the village 10 years ago.

Always active in church work he was an elder of Williamsburg United Church and sang in the choir for many years.

Surviving besides his wife are two sons, Dr. John McIntosh, Chateaugay, NY; Strader at home on the farm; two daughters, Mrs. Clinton Fetterly, Mrs. Fred Donnevan, both of Oshawa; four brothers, Dr. Aden McIntosh, Unity, Sask.; Isaac, Williamsburg; Angus, Sacramento, Cal.; John, Ottawa; one sister, Miss Florence McIntosh, Williamsburg.

Funeral took place Tuesday at 2 p.m., to Williamsburg United Church, Rev. Gerald Fee officiated. Burial was in Williamsburg cemetery.

Lord Bishop of Ottawa Visits Holy Trinity Church

This past Sunday evening, The Right Reverend Robert Jefferson, D.D., D.C.L., Lord Bishop of Ottawa, visited the Church of the Holy Trinity, Chesterville, to administer the Apostolic Sacrament of Confirmation or the Laying-on-of-hands. He was assisted in the service by the Rector, Rev'd Leon B. G. Adams, who read the Scripture passages on which this service is based, and Mr. M. E. C. Clarke, B.A., Lay Reader, who acted as the Bishop's Chaplain.

The church was filled to capacity for the occasion. The hymn singing was led by the choir accompanied by Mrs. Ralph Smith at the organ. The altar was beautifully arrayed with white hangings, tall lighted candles, and vases of bronze-coloured mums which were given by the Confirmation candidates.

Those confirmed were: John Alfred Julyan, Ronald James Charles Clackett, John Robson Sutherland, Graeme Claire Miltimore, Melville Charles Abel, Donald Wade Abel, Hosea Droppo, Sharon Gertrude Morris and Muriel Elizabeth Julyan.

In his sermon the Bishop congratulated the congregation on installing a new oil-burning heating system for the Church.

The Rector announced that all services henceforth would be on Slow Time, and that the Confirmation candidates would make their first Communion at 9.00 a.m., this coming Sunday, November 6th.

THE BRITISH POSTAGE STAMP

In the United Kingdom seven thousand million stamps are issued annually. Face values vary between a half-penny and one pound. Absolute uniformity of issued quality is the General Post Office's insurance against forgery: and the quality standard of this production job may be judged by the high rarity value given by philatelists to imperfect examples. A block of 4d. stamps, on which some were not perforated on three sides, was auctioned recently for £42. A strip of twelve sixpennies printed on double paper is offered currently for £500. Here stamps printed in continuous form for making rolls are being dried in an air-conditioned room.

A number from here attended the funeral of Mr. Hugh Shaw at the United Church, Elma.

LAUGH, LITTLE FELLOW

By Wilbur D. Nesbit

LAUGH, little fellow, laugh and sing
And just be glad for everything!
Be glad for morning and for night,
For sun and stars that laugh with light,
For trees that chuckle in the breeze,
For singing birds and humming bees—
Be one with them, and laugh along
And weave their gladness in your song.

Let nothing but the twinkle-tears
Come to your eyes these happy years,
When you are free of task and toil
And all the frets that come to spoil
The hours of folk whose feet have paced
The road along which all must haste—
Laugh, little fellow, for it drives
The shadows out of other lives.

Puzzled

Blanche: "Isabel, what makes you so bad-tempered?"

Isabel: "Why, I've just had a letter from Jack, and he writes such a horrid hand that I can't tell whether it's a proposal, an ode to summer, or that cure for chilblains he promised to send me."

MOREWOOD UNITED CHURCH

The services at Morewood United Church were conducted on Sunday by the minister. The theme of the morning sermon was "Christ's Appeal to the Intellect," based on Luke 10,27, "Thou shalt love the Lord thy God with all thy heart and with all thy soul and with all thy strength and with all thy mind." The appeal of Christ is to the whole man, body, mind and spirit. There is an important place in religion for deep emotion. At his conversion John Wesley felt his heart deeply stirred. In other words, there was a spiritual glow. In the hearts of all believers the spiritual glow should be kept alive. Yet God is light as well as love. The believer adds to his faith knowledge, "Ye shall know the truth and the truth shall make you free", John 8,32, "Study to show thyself approved unto God, rightly dividing the word of truth," 2 Tim. 2,15. "Search the Scriptures for in them ye think we have eternal life and they are they which testify of Me", John 5,32.

Deep and earnest feeling is good. If a man's religion never sets him on fire, either there must be very little of it or his whole nature must be frost-bound; but a feeling that is not rooted in intelligent conviction is always in peril. There can be no true religious growth which is not growth in the knowledge of our Lord and Saviour Jesus Christ. Therefore when we pray, "Take my heart, it is Thine own," we ought also to pray "Take my intellect, and use, every power as Thou shalt choose."

The anthems were: "Let Me Serve Jesus", "Master the Tempest is Raging". Mrs. Sam Barrington presided at the organ.

The Very Idea!

"Do you have fits of giddiness?" a doctor asked a middle-aged stern-looking woman.

"No, I don't," came the snappy retort. "I'm a respectable married woman."

One-Hoss Shay Parade Marks Flin Flon Golden Wedding

FLIN FLON, Man.—Days when the bride and bridegroom rode in an old buckboard with cans tied on the axles were recalled here Tuesday afternoon as Mr. and Mrs. Sam Young rode down the main street in a one hoss shay in celebration of their golden wedding.

On the vehicle was a notice, Just married, 1899, while behind came a stream-lined decorated automobile with another sign, Just married, 1949.

Members of the family present were Mrs. W. Lacey, a daughter, Ernest and Milton, all living in Flin Flon, Mrs. W. L. Holland, Watrous, Sask., and Mrs. K. C. Gilbart, Victoria, B.C., alos daughters, who arrived during the week-end, and Robert Young of Prince Albert, Sask.

In the evening there was a dinner attended by members of the family, grandchildren and intimate friends. Mrs. A. Hugill, Calgary, sister of Mrs. Young, was also present. Later at a reception at the Elks Hall, Mr. and Mrs. Young were the recipients of congratulations and various gifts.

Mr. and Mrs. Young were married in Grantley, Ont., October 18, 1899. Mrs. Young was born at Dundela, Ont., and Mr. Young at Dunbar, Ont. They first lived at Valleyfield, Que., and later came west to Carnduff, Sask., where they took up a homestead. Other western points where they lived were Biggar, Keppel, Sask., Edmonton and The Pas. Mr. Young operates an exchange furniture business here, and is known throughout the north as a colorful auctioneer. Both have been active in community, church and welfare organizations during the years they have made Flin Flon their home.

Eighth Avenue East Osna.

GOAT BUTTS INTO CHURCH SERVICE

Rev. Gordon Dangerfield, of the Iroquois United Church, was guest preacher at the anniversary service at the United Church, Lunenburg.

During the hymn preceding the sermon he was much surprised to see a billy-goat at the rear of the church, which had entered through the open door.

The goat was hustled outside but he refused to leave and butted the door several times while Mr. Dangerfield was delivering the sermon.

After the service was over and the people were leaving the church the goat again entered and walked to the front of the church and around the pulpit, then retired of his own free will, seemingly satisfied.

Faith, hope and love are three torches which blend their light together, nor does the one shine without the other—Metastasio.

THE MIXING BOWL

By ANNE ALLAN

Hydro Home Economist

Hello Homemakers! Vacuum cleaners have come a long way from their original job of straight carpet cleaning. So, if you are shopping for a new one, you will find them equipped with tools to shoulder the major portion of your cleaning tasks. The attachments run all the way from upholstery and floor brushes to spraying tools for paint, insecticide and moth-proofing.

However, the first requirement of your electric cleaner is effective rug cleaning. Tests show that more than 85 per cent of all dirt in a room gets into the carpet.

Cleaners can be classified three ways according to their construction: (1) straight suction cleaners, which have no moving parts on the nozzle opening, are available in upright or tank-type models; (2) motor-driven brush cleaners have a rotating brush within the nozzle; and (3) motor-driven agitator cleaners have a rotating cylinder equipped with bristles and two glass-smooth vibrator bars. These rotating brushes are electrically driven by means of a rubber belt even when the cleaner is in a stationary position.

TAKE A TIP

1. The weight of a vacuum cleaner is not a test of its efficiency, and you will be happier with one that can be easily carried from room to room whether it's upright or tank-type.
2. Inquire about the motor guarantee before you buy. Most reliable cleaners have a year's guarantee.
3. In upright cleaners the nozzle must be adjusted to the thickness of the rug to clean effectively. Some models adjust automatically and others have a foot pedal for this purpose.
4. The efficiency of any cleaner, whether tank or upight, depends upon the condition of the bag or filter. Check to see that they can be easily removed and cleaned and what provision is made for replacing filters.
5. Attachments, especially with the tank type, should be light and easy to connect. There should be a convenient carrier for storing tools.
6. It's important to have 3 easily-adjusted handle positions in the upright cleaners — upright for storing, operating position and a low position for cleaning under furniture.
7. Check for soft bumpers on front and corners, and for convenient switch.

OPERATION OF CLEANER

Just a few simple cleaning practices will net best results from your investment:

1. Clean often. Daily cleaning will prevent a great deal of surface dirt from becoming embedded in the rugs and the corners.
2. Clean slowly. Allow at least ten minutes for a 9x12 rug. Your cleaner cannot do an effective job at high speed flight across the surface.
4. Keep the cleaner in working order. Empty the bag often—after each use. Comb the brushes. Read the instructions carefully and keep booklets and guarantee handy. Follow the manufacturer's directions to oil. Do not wind the cord too tightly on the guards. Never run over the cord or yank it from the wall plug.

Mrs. C. R. asks: How do you fumigate upholstered furniture?

Answer: Clean the furniture thoroughly with cleaning gadget especially along the seams. Place 1 pound of moth crystals in the moth control device and attach to the cleaner at bag outlet. Disconnect the belt on the motor brushes, if there is a belt. Turn the switch on. Cover both the cleaner and furniture with heavy paper and a heavy blanket on top. Hold the lower edges of blanket to floor with books. Connect the cord at electric outlet and let cleaner operate for at least two hours. At the end of this period disconnect the cord but leave furniture and cleaner undisturbed for at least 3 days.
