Iroquois, Ont., Wed., Feb. 24, 1971

Scout - Guide Church Parade This Sunday at Knox

Scout-Guide week in Canada is observed from February 21 to 28th and to mark the occasion, the Cubs, Brownies, Scouts, and Guides of the Iroquois community will hold a "Church Parade" in Knox Presbyterian Church this coming Sunday, February 28th, at 11 a.m. hour of worship.

mittee, and Mr. Frank Bates, Scout Advisor.

The parade will form-up outside the church grounds at 10:45 a.m. and proceed into the sanctuary at 10:55 a.m., followed by depositing of flags. Leaders of the respective groups are Mrs. Chas. Allan (Guides), Mrs. Charles Waddell (Brownies), Mr. Robert McGee (Scouts), and Mr. Claire Tucker (Cubs). Arrangements are under the supervision of Mr. Ralph Van Allen, Chairman of the Group Com-

This Sunday also marks "Students' and Colleges' Sunday" in the Presbyterian communion, and part of the service will be devoted to an open pastor-congregational dialogue sermon on questions about the ministry that is required today. The Knox Junior and Sen-

ior Choirs will also be combined for the choral singing of the anthem 'Amazing Grace', and the Sacrament of Baptism will be dispensed at the close of the service.

The Kirk Session of Knox Church on behalf of the congregation extends a sincere welcome to the Scout-Guide Movement of the village, on this occasion of observing Scout-Guide Week in Canada.

Public Speaking Dist. Finals

The public speaking contest at district level was held in the Legion Hall, Iroquois, Feb. 21st at 2 p.m. with Zone B3 public speaking chairman, Hugh Margette presiding, assisted by Branch 370 chairman J. Leonard Roberts.

The judges awarded first place in the Junior division to Robin McCullough of South Gower who spoke on "Renovation of My Home" built of stone and plaster in 1817. His amusing treatment of the subject intelligently known to the young speaker, drew much applause from the audience. In the Intermediate division, Scott Payne of Iroquois carried off high honours on the topic "Canada's Indians and Eskimos". Janice Thompson of Seaway D.H.S. was winner in the Junior H.S. division, her topic was "Changes in Our Far North". David Styles of Seaway D.H.S. spoke on "Noise Pollution" for the Senior High School division.

These district winners will proceed to the finals at the next level of competition in Vanier City on Feb. 27 where contestants may speak in either English or French.

Congratulations to the winners, and for their interest in this worthwhile project, many thanks to the Royal Canadian Legion.

Mrs. Hazel Merkley Dies at Hanesville

There passed away at the home of her daughter, Mr. and Mrs. Clifford Fader of Hanesville on February 10th, 1971 Mrs. Hazel Merkley, daughter of the late Wm Mellon and Elizabeth Strader. Deceased was born in 1906 and had been in failing health for the last four years. She had resided in Matilda Township most of her life. She was known to most of the community as (Mum Merkley). Her husband James Merkley predeceased her in 1960 as also a son James Junior in 1963 and a brother Kenneth Mellon in 1960. She leaves four daughters and one son Mrs. Aaron Coughler (Reta) of Ottawa, Mrs. Gary Smith (Beatrice) of Morrisburg, Mrs. Rene Valiquette (Susan) of Iroquois and Mrs. Clifford Fader (Leona) and Dale of Hanesville, two sisters Mrs. Betty Jones of Toronto and Mrs. Maud Lennox of Florida, five grandsons

and two granddaughters, three great grandchildren.

The body rested at the Fitzsimmons funeral home, Iroquois, where funeral service was held on Saturday afternoon at 2 o'clock with Rev. Stewart of Brinston bringing very comforting words from the 23rd Psalm to the bereaved family. Mrs. Earl Fossitt sang "What a friend we have in Jesus" favourite of deceased, accompanied by Mrs. Marion Warren at the piano.

The beautiful floral tributes Cancer and Heart cards and donations showed the high esteem in which the deceased was held.

Pallbearers were Gordon Liezert, George and Harry Christie, Ed Cooper, Geo. Conlin and Harry Byker.

Burial will be in Spruce Haven Cemetery in the spring.

Help Needed

The Red Cross in Iroquois is struggling for its existence. Three people have been keeping it alive for several years. We need a chairman and a secretary, also a chairman for the loan cupboard. It would seem the loan cupboard is worth a little thought. It serves the village and township supplying wheel-chairs, crutches, hospital beds, and other articles necessary to the care of the sick.

Our urgent need is someone to head up the campaign for funds, someone willing to continue on as chairman of the organization. The duties are light but if we do not get assistance in this regard, our charter will have to be surrendered. If you are interested in assisting this worthy organization, contact Mr. Robert Martin Iroquois.

Played at Beauty Contest

Two young aspiring musicians Timmy (15) and Barry Casselman (12) sons of Mr. and Mrs. Tom Casselman, played accordion duets at the Winter Carnival beauty contest a week ago Friday night and displayed excellent talent.

Former Teacher Dies

BURLEIGH, Nancy--Died at St. Mary's on the Lake Hospital on Monday, February 22, 1971, Miss Nancy Burleigh in her 84th year, daughter of the late Mr. and Mrs. Orwed Burleigh. Dear aunt of Mrs. Maurice Reynolds (Hazel) of Madoc and Mrs. Gordon Glenn (Nanetta) of Amherstview.

Resting at the Lindsay Funeral Home, 455 Princess St. for service in the Chapel on Wednesday, February 24th at 2 p.m. Interment Glenwood Cemetery, Amherst Island in the spring. Rev. Norman Allison officiating, Friends will be received from 2 to 4 p.m. and 7 to 9 p.m.

HEADING FOR A RECORD SNOWFALL THIS WINTER

Down Morrisburg way is a man who knows more about snowfall in our area than any other resident. Leonard W. Barkley has records going back to 1933, showing the monthly total fall as part of his job with the Department

of Transport, Toronto.

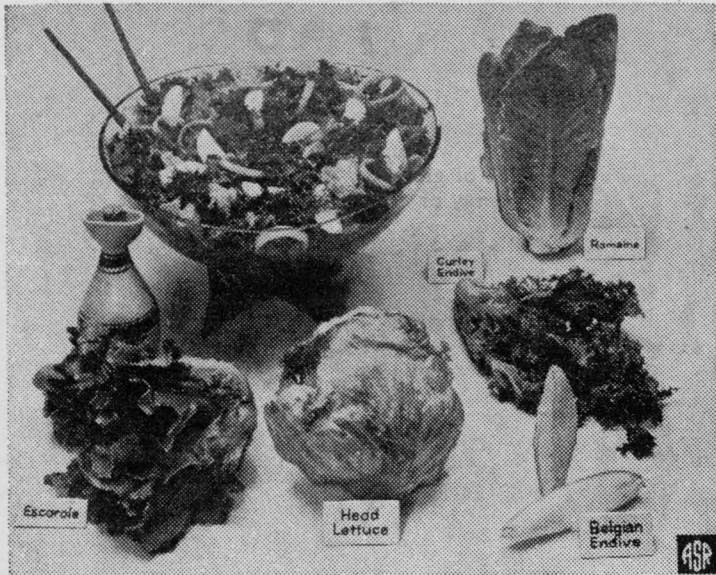

In the winter of 1933-34 there was a total of 95 inches of snow. In the winter of 1953-54 there was a 98.75 inch fall and last winter, 63.60 inches.

Already this winter we have had a fall of 93 inches, and not including the past weekend's supply. So it looks like our area is in for a record snow-

fall this winter of 1970-71. Thanks to Mr. Barkley we'll know by May just how much of a record we've had.

In The Post this week are scenes of the abundant snow which we thought you might like to have to clip out and put away in a scrapbook, to have to look back on in years to come.

Here's Salad-Opedia To Vary Salad Bowl

Few things add so much to eating enjoyment as a crisp salad, fresh, green and aglow with nature's goodness. Are you getting variety in your salad bowl? Everybody loves head lettuce. It's the classic salad green. But do you add other greens, too? Mix and match a number of leafy greens in season to make salad its exciting best.

Consider escarole, slightly frilled at the edges, with a flavor quite different from other greens. Escarole is sometimes called straight-leaved endive, which gives a hint as to its flavor. Belgian endive comes in elegant, ivory spears, a wonderful addition to the salad bowl. Romaine has all the dignity of tall green plumes. This green is crisp, handsome, and a great blender with other types of greens, or use it alone, as a salad variation.

Follow your own good taste to vary salad dressings according to what goes into the bowl. Many people like fresh lemon juice for a change when making a French dressing for a tossed salad. The creamy dressings are delicious with tossed salads that contain hard-cooked egg. Fresh fruit combines very well with greens in the salad bowl, and a whipped cream dressing sweetened with honey is very good with them.

For extra color in salads, call on carrots cut in curls or sticks, on green pepper rings, both red and green, onion rings and a scattering of bright red radishes. Now is the season to enliven your salad bowl with a variety of the good fresh greens and vegetables so attractive at your market.

Hanesville

We are sorry to learn that Mrs. W. B. Reynolds is still a patient in hospital; also Mrs. Gordon Leizert was taken to Brockville General Hospital last week.

Mrs. Marian Warren spent Wednesday with Mrs. Arnold Fader and Mrs. Annie Fader.

Mr. and Mrs. Clarence Warren and children had six o'clock dinner with his mother, Mrs. Marion Warren on Tuesday evening.

Mr. and Mrs. James Kennedy spent Friday evening with his cousin, Mrs. Arnold Fader.

Mr. and Mrs. Douglas Leizert, Mrs. Annie Fader and Mrs. Arnold Fader called on Mrs. Gordon Leizert in the Brockville hospital on Friday last.

Deepest sympathy is extended to the Merkley family in the death of their mother, Mrs. Hazel Merkley, who passed away on February 10th at the home of her daughter, Mr. and Mrs. Arnold Fader.

Mr. W. B. Reynolds accompanied by Mrs. Cecil Locke visited Mrs. W. B. Reynolds in the Brockville General Hospital Friday last and found her still in

intensive care. We hope for better news next week Ethel.

Deepest sympathy is extended to Mrs. Emma Thompson and family in the death of her husband, Hugh Thompson, of Williamsburg, and formerly of Hanesville, this past week.

STRADER HILL

Mr. and Mrs. Jimmy Beckstead and Garry, and Miss Yvonne Cowan had dinner on Thursday with Mr. and Mrs. James Cowan and Orville, of Pleasant Valley.

Mr. and Mrs. Allan Beckstead and children, of Mountain, spent Thursday with Mr. and Mrs. Lloyd Beckstead and Larry.

Mr. Dale Casselman, of Cornwall College, spent the weekend with Mr. and Mrs. Ivan Casselman.

Mr. and Mrs. Ed. Hanson and children, of Williamsburg, called on Mr. and Mrs. Cecil Hanson on Saturday afternoon, with Donna and John staying for the weekend, also Miss Kimberley Shaver, of Dunbar, was a weekend visitor.

Miss Barbara Hummell spent the weekend with Mr. and Mrs. Clifford Young, of Morrisburg.

Mr. and Mrs. Ed. Beckstead, of Dundela, spent Saturday evening with Mr. and Mrs. Lloyd Beckstead and Larry.

Word was received here by relatives of the passing of Murray MacClean, of Massena, N.Y. He was married to the former Esie Dropps, daughter of the late Mrs. Albert Riddell. They were both born and raised at Chester-ville. Mr. MacClean was a son of the late John MacClean.

Miss Janet Casselman spent the weekend with Mr. and Mrs. Doug Smith and Chris, of Morrisburg.

The Teachers View

A \$5 Million Tax Increase?

by Lynn Bergeron.

The federal government's proposed changes in the Unemployment Insurance Act are an ambitious attempt to widen benefits to the unemployed and, as such, this may be a good thing. However, closer examination of how the government proposes to pay for the scheme will undoubtedly knit the brow of the middle-income group (teachers are in here), and rightly so.

Federal Labor Minister Bryce Mackasey says that teachers will reap the benefits of being included. Just what he means by benefits is not too clear. There is nothing available for the teacher who finds himself unemployed and there is nothing by way of job retraining. Sick benefits? Nothing here either. The suggestion is that present teacher cumulative sick-leave plans are sufficient.

Okay, so why are we expected to pay? This writer suggests that some astute politician sees teachers as a group of socially minded citizens who, although they may have some objection, are not sufficiently organized to really create any static. Many teachers think that he and his colleagues are in for a big surprise.

OBJECTIONS VOICED

Formal briefs from the teaching affiliates outlining our objections have already been submitted to the government. The Ontario Secondary School Teachers' Federation is also circulating a booklet to teachers. Detailing the highlights of the brief and suggesting that every teacher in Ontario write his or her MP, stating in very positive terms specifically what his or her personal objections are.

Certainly the MPs keep a sharp eye on the volume and content of the mailbag and if over 200,000 teachers make their views known, then some-

thing will have to be done. If the teachers don't, then something will be done to their monthly cheque.

This scheme proposes to drain some \$10,000,000 from Ontario into the Federal wallet. Half that amount will be lifted from teachers' salaries and the other half will be paid by school boards. The money paid by the boards will be taken from amounts collected for educational purposes. In effect, the cost of education in this province jumps by \$5,000,000. (Can't you just see the editorials on the high cost of teachers' salaries?)

LITTLE SUPPORT?

I don't think the majority of teachers are against increased social assistance but certainly it's hard to imagine any teacher buying this package. It's only fair that all should pay according to ability and that

all should receive according to need. Anything less amounts to a hidden tax on a particular group. The middle-income group already carries the income tax burden in this country and I for one do not intend to sit by and let this latest scheme become a reality.

If the present collection of politicians in Ottawa are attempting to make themselves look good in time for the next election, then they couldn't have come up with a better plan. The unemployment picture is often used to judge a government's success or failure and the proposed changes, although they will not provide employment, will at least help to soften the cries of what is becoming a very vociferous group.

EDITOR'S NOTE: Mr. Bergeron is a history teacher at CCVS.

Information Meetings

Sponsored by the Ontario Department of Agriculture and Food in co-operation with Farm Organizations. Your attendance will be welcome.

WEDNESDAY, FEBRUARY 24th - Town Hall, Winchester.
1:30 p.m. - Topic - Sow Herd Management.

TUESDAY, MARCH 2ND - Oddfellows Hall, South Mountain. 10:30 a.m. - Interpretation and Utilization of D.H.I.A. Records (for members and prospective members of the West Dundas D.H.I.A.)
1:30 p.m. - Dairy Cattle Breeding Workshop - open to all interested dairymen in the area.

TUESDAY, MARCH 9TH - Town Hall, Winchester.

10:30 a.m. - Using R.O.P. records for herd analysis for persons on R.O.P. and prospective applicants)

1:30 p.m. - Dairy Cattle Breeding Workshop - open to all interested dairymen in the area.

TUESDAY, MARCH 16TH - Legion Hall, Chesterville.
10:30 a.m. - Interpretation and Utilization of D.H.I.A. records (for members and prospective members of the East Dundas D.H.I.A.)

1:30 p.m. - Dairy Cattle Breeding Workshop - open to all interested dairymen in the area.

WEDNESDAY AND THURSDAY, MARCH 24th and 25th. - Finch Community Hall.

Foliar Fertilization - Field Crops

Foliar fertilizer is material containing plant nutrients which is applied to the leaves of growing crops as a liquid spray or a dust.

Most plants can absorb nutrients through the leaves. Deficiencies of micronutrients can often be corrected by applying micronutrients on the leaves of the plants. It is also true that the major plant nutrients such as nitrogen, phosphate, and potash can be absorbed through the leaves, but only in small amounts per application.

Application of a mixture of micronutrients and major nutrients is not recommended as a foliar spray. For crops known to have a micronutrient deficiency, a separate foliar application of the micronutrient may be more efficient than soil application.

A liquid fertilizer with 10-20-10 on the label, must contain 10 pounds available nitrogen, 20 pounds available phosphate, and 10 pounds available potash per 100 pounds of liquid fertilizer. In other words, 100 pounds (7 gallons) of 10-20-10 liquid fertilizer must contain the same amount of available plant food as 100 pounds of 10-20-10 dry fertilizer. One gallon of a liquid 10-20-10 fertilizer would contain approximately 1.5 pounds of nitrogen, 3.0 pounds of available phosphate, and 1.5 pounds of potash.

A liquid fertilizer applied to the soil is as effective in increasing crop yield as an equivalent amount of dry fertilizer of the same analysis applied in the same way.

Liquid fertilizers sold for foliar application are usually sold by the gallon rather than by the ton. To compare the cost of liquid fertilizer with that of dry fertilizer it is necessary to calculate the cost of the liquid on the basis of a ton.

A gallon of 10-20-10 liquid fertilizer weighs about 14 pounds. One ton of liquid fertilizer would therefore amount to 142.8 gallons. If the liquid costs \$2.50 per gallon, then the 10-20-10 liquid fertilizer would cost \$357 per ton. A dry fertilizer of the corresponding 10-20-10 analysis costs approximately \$65 per ton.

The results of field trials conducted by the Soil Science Department, University of Guelph, prompted the following conclusions:

1. It is not practical to attempt to supply nitrogen, phos-

phosphate, and potash, to general farm crops by spraying these nutrients on the leaves.

2. Foliar fertilization with nitrogen, phosphate, and potash does not result in increases in yield of general farm crops.

3. Liquid fertilizer applied to the soil is as effective as dry fertilizer applied to the soil, provided the amount of nitrogen, phosphate, and potash and the fertilizer placement are the same.

4. A farmer should compare costs before buying a liquid fertilizer for general farm crops.

Personal

Mr. William Campbell, while visiting his daughter, Mrs. William Cunningham, New Westminster, B.C. received word his mother, Mrs. Mary Campbell, became seriously ill, so journeyed back by jet. She died on Feb. 14th in Huntsville Hospital.

She leaves to mourn her loss, Mr. Roy Campbell, Mercy, (Mrs. George Chaffey) Nora (Mrs. Obrey Bailey, of Novar.) Also she had one son Jim, who was killed in a car accident. Bill of Iroquois, Ontario.

Funeral service was held on February 17th, in Huntsville Funeral Home.

Eddie is at the stage where everything goes in his mouth — including his own hands. He's 13 months old, a good-looking boy of Anglo-Saxon ancestry, with lovely gray eyes, fair skin and blonde hair gradually turning brown.

This baby was born prematurely, though he hasn't had the health problems sometimes associated with prematurity. He has been walking for over two months, but in some areas is a little behind the normal in reaching his milestones. It is expected he will soon be average for his age.

Eddie is a busy, active boy who loves to play with other children. He is shy with strangers, but happy and vocal with people he knows. This lovable laddie needs parents who are not demanding about information on his family tree and who will not be concerned over an instance of epilepsy in his background.

To inquire about adopting Eddie please write to Today's Child, Department of Social and Family Services, Parliament Buildings, Toronto 182. For general adoption information, ask your Children's Aid Society.

Bantam Tournament held on Saturday

by Lynne O'Brien, Public Relations

The Annual Morrisburg Bantam Tournament was held Saturday, with Ottawa South emerging victorious after scoring 28 goals in 3 games.

In the first round: Iroquois 4, Cardinal 3, Spencerville 0, Ottawa 9, Brockville 3, Alexandria 2 and Morrisburg battled to a 2 - 2 overtime with Prescott. Prescott led 1 - 0 till Doug McNair tied the game forcing 5 minutes overtime. Ernie Duval scored at the 20 second mark, but Steve Wright tied the game for Prescott at 4:02, with Prescott being awarded the first goal in regulation time.

In the "B" division, Spencerville downed Cardinal 2 - 0 to enter the final game against Morrisburg who had swamped Alexandria 6 - 2 on goals by: Ernie Duval 4 goals, Kevin Duval and Larry Moore 1 each.

In the Consolation game, Morrisburg swamped Spencerville 8 - 2 to take the "B" Division and were presented crests by Gordon McGregor, Legion Representative. Scorers for the locals were: Doug McNair 2, Larry Moore 2, David "Seymour"

Hess 2, singles by Bill Velej and Paul Doney. Wayne Freer scored both goals for the losers.

In the "A" division, Brockville downed Prescott 4 - 1 to meet Ottawa South in the final game, with Ottawa opening the scoring in the 2nd period with a goal by Steve Blondin. Pete Edwards tied the game in the 3rd period but goals by Kevin Benson and Mike Graham gave Ottawa a 3 - 1 win. Gordon McGregor presented the trophy and crests to Ottawa and crests to Brockville.

Previous winners of the Legion sponsored tournament were: Morrisburg 1966, 1968 and 1970. Potsdam 1967 and Cardinal 1969.

Edwardsburg held a PeeWee Tournament with the Morrisburg team coached by Gary Duval, Paul Ostler and Bob MacIntosh entering their "A" team. Morrisburg won the first game over Athens by default and then lost 3 - 0 to Prescott.

Morrisburg Combines scored 3 unanswered goals in the first period to lead the Prescott Demons in the 2nd game of the best of 7 semi-finals. Goals were by: Shad St. Jean,

Knox Church Pancake Supper tonight

Due to the severe weather conditions on Tuesday, the Knox P.Y.P.S. annual Pancake supper will be held this evening (Wednesday) February 24th, again from 5 - 7 p.m. Come and enjoy fluffy pancakes, sausages, tea or coffee, and ice-cream. Adults \$1.25; Children 65¢.

Morley Hunt and Roy Pyke. In the 2nd period, Jack Duncan made it 4 - 0 before Duke Murphy beat Gibbs in the net. Duncan scored late in the 2nd to lead 5 - 1 after 40 minutes of play.

Dig Doug Casselman made it 6 - 1 early in the 3rd, with Wayne Ellis tallying for the Demons 5 minutes later. Little Doug Casselman and Rick Rushford made it 8 for the visitors with Wayne Ellis scoring the Demons last goal to complete the scoring at 8 - 3 for Combines.

14 minors were handed out by Currier and Hoy, 9 to the Combines who take a 2 - 0 lead in the series. Don Gibbs was in the net for the Combines against Father Art Appleton. Don't forget the 3rd game in Morrisburg Friday, February 26th at 8.30 p.m.

MARSH WORLD by ANGUS SHORTT Ducks Unlimited

SORA RAIL

Small, secretive and inquisitive marsh bird, the sora has a slim body, slender legs and long toes, enabling it to scamper about among tangled reeds and patter over lily pads. More often heard than seen. Its call is a series of rapid, whistled notes descending in scale. Nests in grass or reeds over water, may contain anywhere from 9 to 18 eggs, sometimes in two layers. Soras are found across Canada east of the Rockies.

Hugh Thompson Dies after lengthy illness

After a lengthy illness, Donald Hugh Ross Thompson died Feb. 16th, 1971, aged 78 years. He was the son of the late Edmund H. Thompson and his wife, Mary Platt Johnstone of Brinston, Ontario, where he resided until 1932 when he came to live in Williamsburg. In 1925 he married Emma Albertha Reilly of Shanly who survives him. He is also survived by a son, Donald Carl Thompson and granddaughter Laura Jean; sisters Mrs. George Clements (Dacie) of Ogdensburg, N.Y. and Mrs. E. A. Devitt (Pauline) of Ottawa.

niece, Mrs. Wm. Hull and nephews Wallace, Paul and Mahlon Clements live in the U.S.A., while nephews Col. Hugh E. A. Devitt and Doctor James E. Devitt live in Ottawa. There are seventeen grand nieces and nephews.

The deceased was well known in this area as he was in a Cavalry unit in World War I; acted as Assessor for Matilda Township in the 1920s. Being musically inclined, he played in the Iroquois and Brinston Bands and in the Community Orchestra of that time. He also sang in male quartettes.

Beginning in 1927 he was an Insurance Underwriter for 39 years, serving a large area faithfully and well. In 1943 he was appointed Justice of the Peace for the three United Counties. He was Chairman of the Trustees of the Village of Williamsburg and Hydro Commissioner for the Municipality for 16 years. He was a Director of Winchester and District Memorial Hospital from its inception until recently. He was the first President of the Ault Island Cottagers Association and for many years a Director of the Morrisburg Canadian Club. He helped promote Community activities and help worthy causes and tried to be a good friend and neighbour.

In 1915 he became a member of I.O.O.F. Connaught Lodge No. 440 of Brinston, later acting as Noble Grand and as a Representative at Grand Lodge. In 1965 he was presented with the 50 year jewel and remained a member until his death. An impressive memorial service was held for him on Wednesday evening led by Brothers Lorne Strader, Gerald Munro and Harry Small with members of Williamsburg Lodge also taking part.

He was a member of the United Church at Williamsburg and the funeral service on Feb. 18th was conducted by the pastor, The Reverend D. L. Gordon, assisted by the Reverend De Pater of the neighbouring Christian Reformed Church. The theme was "The Lord is my Shepherd, I shall not want."

The pall bearers were: Ralph Casselman, Fred Hill, Carlton McInnis, John C. Whitteker, Edward Hanson, John MacIntosh, Roger Tupper, Ross E. Wingard.

The numerous Memorial Cards and beautiful floral tributes were abundant evidences of the esteem in which the deceased was held. Besides the many friends and relatives from near and far who came to pay their last respects, there were representatives of the various companies and groups with which he had been associated, as well as the Iroquois Ministerial and United Church Choir members.

Interment will take place in the Spring at Spruce Haven Cemetery in Brinston, with H. C. Fairbairn & Son in charge.

Snowmobiling

with
Ralph
Plaisted

Leader, Ski-Doo Snowmobile Expedition to North Pole

While our expedition battled its way to the geographic North Pole on snowmobiles in the spring of 1968, we encountered temperatures as low as 62 degrees below zero.

Most snowmobilers do not have to endure such extreme cold. But a strong wind plus machine velocity, combined with a cold thermometer reading, can create a wind chill temperature in the danger range.

Obviously, the need for warm, protective clothing for snowmobiling is a must.

One-piece insulated suits

made of oxford weave nylon with orlon fleece linings offer excellent protection against cold and wet weather. A regular part of any snowmobiler's wardrobe also should be well-insulated boots and especially-designed mitts since feet and hands are easily affected by extremely cold temperatures.

Warm suits can be stylish, too. Ski-Doo Sports, for instance, offers such things as fur-trimmed hoods, bell bottom pants, stand-up jacket collars, and one-piece suits with two-piece appearance.

One final note of caution: Dressing warmly enough means dressing warmly from inside out. Start with insulated underwear and socks that protect against wind and cold.

Elected to Cattle Assoc.

Howard B. Dodge, Cardinal, and Allison Fawcett, Winchester, have been elected to the directorate of the Holstein-Friesian Association of Canada.

Letter to the Editor...

The Chairman of the Committee of Management of Glen-Stor-Dun Lodge (Home for the Aged), Mr. Cecil McNabb, Reeve of the Township of Winchester, has asked me to inform you of the following:-

(1) Glen-Stor-Dun Lodge currently has several vacancies which should be filled for efficient and economical operation.

(2) Where in the past, a majority of normal care applications were accepted for admission to Glen-Stor-Dun Lodge, the Committee of Management now wish to advise all interested parties that we are now in a position to accept senior citizens over the age of 60 years, who require some nursing care, but are not hospital cases, as well as those who are able to take care of themselves.

(3) It would be appreciated if you would bring this to the attention of your local council, as every effort is being made to fill present vacancies.

Yours faithfully,
Glen-Stor-Dun Lodge,
K. A. MacMillan,
Administrator.

Shanly News Notes

Mr. and Mrs. Walter Froom visited Mr. and Mrs. E. R. Froom at Carleton Lodge, Ottawa on Sunday.

Mr. and Mrs. J. Henderson Brockville were Sunday supper guests of Mr. and Mrs. Ross Riddell.

Miss Bonnie Pitt spent the weekend with her cousin Miss June Levere. Her father Basil Levere is attending Good Roads Convention, Toronto.

On Saturday, Mr. and Mrs. Walter Pitt visited their daughter Mrs. Ian Carley and Mr. Carley who is confined to his home through illness.

The sympathy of the community is extended to Mrs. Hugh

Thompson (Emma Reilly) and family of Williamsburg, in the passing of Mr. Thompson last Tuesday.

Wm. Hooper and Jim Irving accompanied by their wives are attending the Good Roads Convention in Toronto during this week.

On Monday Mr. and Mrs. Wm.

Hooper visited their daughter Mrs. Graham Burchell and infant daughter Jodie Louise in St. Vincent Hospital, Brockville.

Miss Diane Gunning of Tweed Ontario Dairy Princess was entertained Friday at the home of Miss Marilyn Pitt, Grenville County Dairy Princess.

Sunday guests of Mr. and Mrs. Albert Cross were her parents Mr. and Mrs. W. Henderson and Mr. and Mrs. H. Henderson of Chesterville and Mr. and Mrs. Lyle Pitt and family of Shanly.

The teachers of N.E.P.S. attended Development Day, Tuesday afternoon at South Grenville District High School.

A Night to Remember

Parents and Senior Students, 50 strong of North Edwardsburg Public School journeyed to the Forum in Montreal on Wednesday evening, February 17, to see the New York Rangers play the Montreal Canadiens.

The students went free of charge as they used money from their School Fund which they themselves had raised.

Everyone enjoyed the game, and the children were really impressed when they got the autographs of some of the players.

Mr. and Mrs. Walter Pitt visited her sister Mrs. Annie Van Allen of Morrisburg, Sunday afternoon.

Letter to the Editor...

Mr. Editor: I wish to publicly thank the Reeve and Council for the fine reception tendered a delegation of citizens who attended the Council meeting of February 15, 1971, as they presented a brief to request a Public meeting be scheduled for the purpose of inquiring information and data upon the possibility of a more up dated quarters for the performing of Winter Sports of all levels.

My feeling is this, recently there has been an interest shown by local citizens in regard to such a venture - therefore, now that this meeting has been approved and will be held on Sunday, April 4th, 1971, it is now left in the public's interest that all citizens make a special effort to attend this rally and contribute their thoughts to the subject at this open forum.

Sincerely yours
Leo J. DeBellefeuille

PLEASANT VALLEY

Mr. and Mrs. Wm. Somerville visited Mr. and Mrs. David Gilmer on Friday evening.

Callers this week at the home of Mrs. W. J. Gilmer were Mr. Clarence Gilmer, Ottawa and Mr. and Mrs. Chas. Ferguson, Castleford.

Mr. and Mrs. Hilliard Gilmer and mother spent Friday afternoon in Iroquois.

Mr. and Mrs. David Gilmer spent Thursday evening with Mr. and Mrs. Jas Neilson.

Callers at the home of Mr. and Mrs. Lee Kennedy this week were: Mr. Rae and Miss Edith Allan and Miss Viola Milligan, Ottawa and Mrs. Harold Milligan, Iroquois.

\$\$\$ and Sense!

by William J. Martin.

Mr. Martin serves as special consultant to Avco Financial Services. All questions should be sent to him at P.O. Box 5875, London, Ontario. Those containing a name and address will be answered in this column or by direct return mail. No names will be used in print.

Dear Mr. Martin:

The year 1970 was not a good one for the stock market, as most of us know. What about mutual funds - how did they do?

G. L.

Dear G. L.:

Generally somewhat worse than the stock averages, but some funds did quite well during the year.

One U. S. fund recorded a gain of about 18% in value during 1970, others lost as much as 56%.

Of some 450 U. S. funds, about 100 came out of 1970 with a gain but about 120 lost more than 20%, much worse than any stock average.

Mutual funds lost approximately 12% as a whole during the year, following a 14% loss in 1969. This was much more than the 18% gain the industry recorded during the stock market's boom year of 1968.

Despite this recent performance, however, mutual funds can still be a good investment and an excellent hedge against inflation. But, as always and with anything, investigate before you invest. Check a fund out, ask some brokers, examine its long-term performance and the quality of its management.

Mutual funds are a long-term investment and as such they remain a good buy for the most part. Just be sure your investment objectives meet those of the fund.

Clean Air Act

Daily our knowledge and concern about pollution grows. In our technologically advanced society we inject enormous quantities of man-made waste products into our water, soil and air. Our first concern has been about what we "see". We "see" polluted water, scum, closed beaches, dead fish and we "see" also the sources of pollution - inadequate sewage treatment and industrial plants.

AIR POLLUTION SERIOUS

But we "see" air pollution less and we have been until very recently less concerned about it. Periodically our noses are assailed by distressing smells. We can see some industrial smoke. At Sudbury we can see vegetation devastated by industrial gasses. But in the main, our polluted air is invisible and dangerous to our health. We do not need to drink polluted water but we cannot escape polluted air. It is estimated that the economic cost of air pollution in Canada today is \$1.5 Billion including health costs, house and building maintenance, corrosion, laundry and cleaning costs.

The study of air pollution was begun seriously in 1968 by the Department of National Health and Welfare. Basic research was required to establish air quality criteria and the nature of harmful pollutants emitted into the atmosphere. This was coupled with the establishment of a national air sampling program and studies with the International Joint Commission of common air pollution problems at key points on the United States' boundary. This federal activity was paralleled by growing provincial and municipal control measures. The stage has been set for a national policy and national action on air pollution. This will be provided by the Clean Air Act now before parliament.

AIR QUALITY OBJECTIVES

Air is no respecter of provincial borders and overrid-

ing Federal action is required in Canada. The new Act will establish criteria for national air quality objectives. These will be based on contamination in three ranges: "desirable", "acceptable" and "tolerable" and the long term goal will be to bring Canadian air quality within the "desirable" range.

NOXIOUS EMISSIONS PROHIBITED.

It will be necessary to control noxious emissions. The federal government can clearly prescribe and enforce emission standards for the rather restricted group of works, undertakings and businesses within its jurisdiction. It will also be authorized to set emission standards and guidelines to assist provinces and municipalities in developing uniform regulations across Canada, and make agreements with the provinces to carry out a proper national control scheme. In addition, the federal government will have overriding power to enforce emission standards in emergency conditions where air pollution creates a significant danger to health or where international agreements against air pollution are involved. The government will also be able to regulate the composition of fuels which are produced or imported into Canada. Severe penalties are provided - as high as \$200,000 for contravening a national emission standard and up to \$5000 per day for producing or importing prohibited fuels.

HOPEFUL PROSPECTS

The passage of the new Act will not end air pollution overnight. Much has already been done to set the new Act in motion. There have been Federal-Provincial discussions which augur well for a national attack on air pollution. In other fields, action has already been taken. For example under The Motor Vehicle Safety Act passed last year, regulations controlling exhausts apply to all new mot-

or vehicles sold anywhere in Canada starting with the 1971 model year. These regulations provide emission standards for all types of vehicles including diesels. For light duty vehicles of 6000 lbs. or less, hydrocarbon emissions will be reduced by 86% and carbon monoxide by 71%.

Combines win over Prescott

by Lynne O'Brien

Morrisburg Combines started off on the right skate with a 9-5 win over the Prescott Demons in the best of 7 semi-finals.

The Demons jumped into a 2 goal lead by Rick and Bill Farmer. Little over a minute later Big Doug Casselman narrowed the lead 2-1 to end the first period. At the 34 second mark of the 2nd, Big Doug tied it up with Jack Duncan giving Combines a 3-2 lead, but Greg Moore tied the game some 9 seconds later. Jack Duncan, and Allie Cameron pumped in 2 goals to make it 5-3, with Duncan completing his hat trick for a 6-3 lead.

Wayne Ellis and Tom Jacobs scored early in the 3rd to narrow the lead 6-5. Combines comeback with 3 unanswered goals to sew the game up. Goals by Jack Duncan, Bill "Cookie" Lawlor and Lyle Ellis. (Ellis also assisted on 4 goals.)

7 minors were handed out by LeBlanc and Garand, 4 to the Demons. Don Gibbs faced 33 shots while Doug Hay for the Demons faced 37.

The winner of the series is to meet Embrun Panthers.

PLAY-OFF DATES - 3rd game in Morrisburg, Friday, Feb. 26th, 8:30 p.m.
4th game in Prescott, Sunday, Feb. 28th, 7:30 p.m.
If Necessary
5th game in Morrisburg, Friday March 5th 8:30 p.m.
6th game in Prescott Sunday, March 7th at 7:30 p.m.
7th game in Morrisburg, Tuesday, March 9th, 8:30 p.m.

Navigation Season Announced

OTTAWA, FEBRUARY 17, 1971:- A new shipping season will soon be underway in both sections of the St. Lawrence Seaway. Weather and ice conditions permitting, the 7-lock section of the waterway between Montreal and Lake Ontario will open for daylight navigation on April 1, with 24-hour operations commencing as soon as the required lighted buoys can be positioned.

In the Welland Section, where 8 locks permit the passage of and Lake Erie, uninterrupted navigation is scheduled to commence on March 29. The Canadian canal at Sault Ste. Marie is to open on April 4.

Barring adverse climatic conditions or other unforeseeable events, the Montreal-Lake Ontario Section and the Canadian lock at Sault Ste. Marie will remain open until December 12, and the Welland Section until December 22. The Montreal-Lake Ontario and Welland sections may re-

main open beyond these dates, on a day-to-day basis, dependent on weather and traffic demand.

In announcing the opening and closing dates for the coming season, the St. Lawrence Seaway Authority and its U.S. counterpart, the Saint Lawrence Seaway Development Corporation, noted that as at last Wednesday, February 10, the ice cover on canals, rivers and lakes in the area between Montreal and Lake Ontario varied from 18 to 28 inches below St. Lambert Lock; from 25 to 29 inches in the Wiley-Dondero Canal, and from 14 to 17 inches at the Iroquois Lock. There were a few small openings in the St. Lawrence River ice between Pres-

cott and Lake Ontario. In general, these conditions are similar to those prevailing at the same date last year.

Users of the waterway are also being notified that in 1972, navigation in the Welland Canal Section will close on December 15. This early closure for next year's season is related to the completion of the Welland By-Pass channel which is scheduled to open on April 1st, 1973.

CARDS OF THANKS

We wish to express our sincere thanks to the Fitzsimmons Funeral home, Dr. Marcellus, Mrs Earl Fossitt and Mrs Marion Warren, the donations to the Heart and Cancer fund and the floral tributes. Special thanks to Rev. Stewart for his message of sympathy and to the many friends, neighbors and relatives for their kind expressions of sympathy. We deeply appreciate all those who helped in any way at our home, also for the baking and for the snow removal, again we would like to say "Thanks" to everyone. These kindnesses will long be remembered.

The Merkley Family. 1-P

I would like to thank my friends and neighbors for the cards, letters and gifts I received while I was a patient at the Civic Hospital, Ottawa. Also special thanks to all who provided transportation for my wife.

Gerry Belanger 36-1-C

I wish to express my appreciation to all my friends and relatives who remembered me while I was a patient in the Winchester District Memorial Hospital. Special thanks to the nurses and doctors. Also for the cards and phone calls.

Mearl Hutt. 1-P

I would like to say a sincere thank you, to my friends and neighbours for their visits, cards and gifts while I was a patient in the Winchester Hospital.

Special thanks to Dr. Domanko and Dr. Rosenquist, Rev. Stewart and Gordon my roommate, nurses and staff on First Floor.

Jerry Montgomery.

36-1-P

I would like to thank my friends, neighbors and relatives for the cards, letters, gifts and flowers sent to us while a patient in Winchester Hospital for the birth of my daughter.

Special thanks to Dr. Barton and nurses on Maternity Floor.

Anna Small and Kelly Ann.

I wish to thank the Iroquois W.I. for going all out to get this drop in center for adults in our town. It was really a good thought on their part. There are other places run just about the same in our Dominion and there a lot of folks enjoy it. Having a visit, playing games etc. I hope it goes over well as I think it will make a more friendly place.

Ivan Seeley.

We wish to express our sincere thanks and appreciation to all our good friends and neighbours for the countless acts of kindness shown us during the lengthy illness and death of the late D. Hugh Thompson. The many lovely floral tributes and memorial cards were deeply appreciated as well as the cards, calls and flowers received during his long illness. Special thanks to the clergymen, the doctors, nurses and attendants who gave care and comfort to him in Winchester Hospital, at home, and in the Dundas Nursing Home.

Ever remembered by wife and son.
Emma R. Thompson
Donald C. Thompson.

The Foundation

Has the Christian church been losing its grip in our society? Has it slipped too far to be brought back to the influence it once held in the world? Is it a good thing that those involved in the church today are intimating that if you aren't totally "involved" then you are not welcome or needed? Can the church survive much longer if it keeps slipping under?

These and many more questions are being constantly raised as the numbers of members in the Christian church keeps dropping. But are these questions being raised by those who have and who live by their faith, or are they being raised by those disenchanted with the church and all that institution stands for?

The hue and cry that the "little" people are urgently needed to bring about a revival within the church may carry a great deal of truth in its saying. Many ministers and priests have kept hammering away at their congregations in an effort to get them involved, but for the most part their efforts haven't been all that successful. Then along came the great ecumenical movement and a changing thinking in upper levels of the church.

From this change and more we hope to see in the not too distant future, may come the saving of the church and a reversal of the trend of the past 30 years.

From this change of attitude by church officials we have already seen gatherings of the various denominations in community services, and community togetherness unheard of less than 10 years ago.

Out of the desperation of seeing the church dwindling in membership and influence the hierarchy have finally come down to the level of the people who have kept the church going this long and this great change is a credit to those who have taken the first step.

Out of the many changes we can now see greater involvement by people at the local level; people who once again feel that the church is a part of their lives, that they will have a say in church policies and operations, and in the past few weeks this has become evident in our own area.

Four months ago, six clergymen of the area, asked two laymen from each of the churches involved, to plan a joint Lenten program. Theme of this is "Christians in Community" and the subjects under discussion are "Faith", "The Historical Jesus", "Prayer" and the "Mission of the Church".

The "Mission'71" program now has involved 40 people and final plans made for this presentation. The first four Mondays in March will see it take place at South Mountain under the leadership of Robert Weagant, from 8 to 10 p.m.

The first four Tuesdays in March will see it presented in Seaway District High School, 8 to 10 p.m., under the direction of Miss Daicy McKenzie.

The project was instituted by the Iroquois-South Mountain Ministerial, whose officers are Rev. Allan Rogers of Iroquois, President, and Father Lloyd Cummings of South Mountain, secretary.

Laymen have taken a first giant step...what better way of living their faith than by their involvement in Christianity and the Church.

THE BILL SMILEY COLUMN

The Argyle Syndicate

HERE'S HOW FAT
CATS GET THAT WAY

By Bill Smiley

Well, I've got the snowmobilers of Canada on my back, almost unanimously, after a recent column which suggested mildly that the machines are instruments of Satan at best, the finest tool for noise-stink pollution since the automobile took to the roads.

That makes up about one-quarter of my readers. This week I shall alienate another two-quarters of them by giving my unvarnished opinion of cats.

Cats, like snowmobiles, have their uses. They're handy to have around a farm, where they help keep the vermin under control. They have, in the past, been just the thing for the proprietors of some chicken palaces, when the price of chicken was high.

There were some in prison camp, presumably to keep down the rats. Their numbers were diminishing with increasing speed, until the German camp commandant issued the dictum: "Prisoners will cease and desist killing and eating of long-tailed rabbits." He had a sense of humour. Which is more than you can say for a cat.

Then, they are useful, when kittens, for putting on calendars. And finally, I'll admit they provide company of sorts for lonely people, who pamper them, stuff them with tidbits, and turn them from sleek felines into bloated,

contemptuous parasites who take over the best chair in the house, shed hair over everything, claw the rug and upholstery at will, and want out at five in the morning.

If I should grow old and lonely, I would prefer a snake as a pet. Like cats, they just sleep and eat. They also eat mice. But they don't come fawning and whining and rubbing fiercely against your legs when you're getting their food out. They don't want out in the middle of the night. And they don't get pregnant every six weeks.

It's a well-known fact that cats have no love for anybody. Not even for other cats. A beautiful female will marry any flea-bitten, one-eyed, torn-eared philanderer who comes along. And tom cats are just plain sex fiends.

In some ways, cats are like children. When they're kittens, they're sweet and loveable and cuddly. And always making a mess. When they grow up, they mooch unashamedly, stay out half the night, sleep half the day. And are always making a mess.

My wife isn't fond of cats, and I loathe them. But we always seem to be stuck with one. Daughter Kim picks up a stray kitten and brings it home. With the deepest misgivings, we adopt the scrawny little wretch. They're always female, which we don't find out until too late.

Then Kim breezes off somewhere, and we're guardians and grandparents. There's no parleying about birth control. Kim insists that her protegee must fulfil her

function as a female. After the drama of the delivery, and the period of nursing, we have a hysterectomy performed. And in about four months, the slim, sleek, pretty young thing is a great fat cat, knocking off tins and tins of cat food, and producing nothing except extreme irritation.

Try to get her to put her out when you think it's "time" and she darts upstairs and under a bed. Have you ever tried crawling under a bed to catch a cat who doesn't want to go out into the snow? It's a good way to give yourself a stroke, from sheer rage.

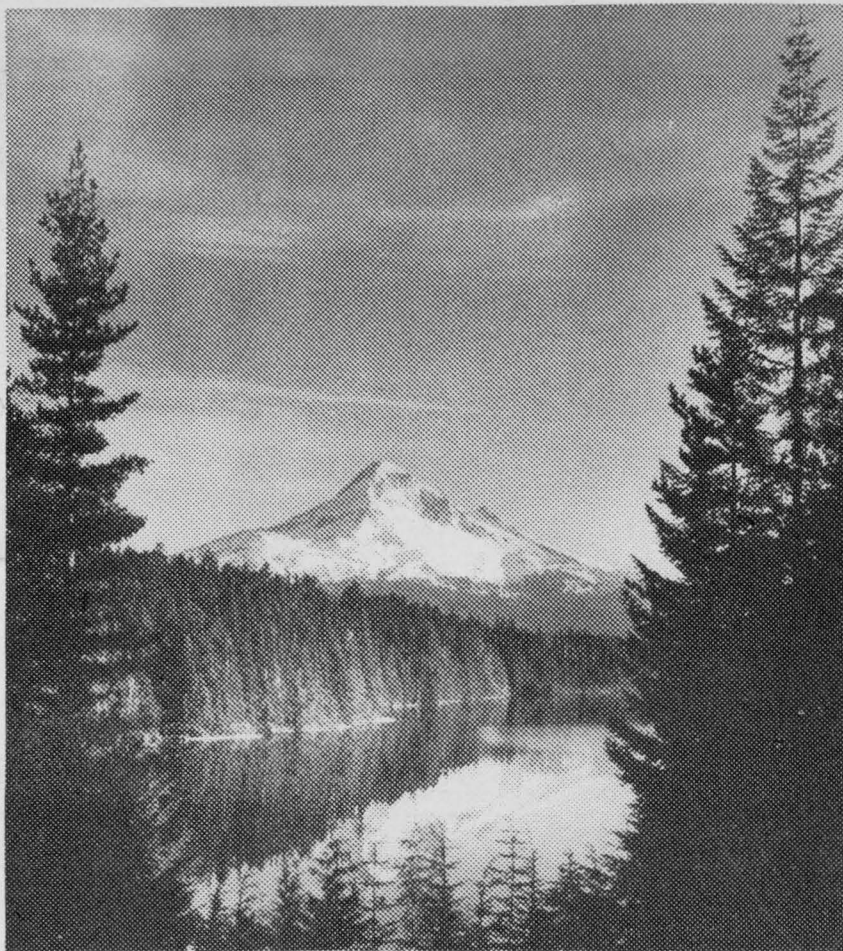

Leave her outside and she darts between your legs when you're bringing in armful of groceries, and high-tails it to safety under another bed, or down cellar, the door of which your stupid wife, or husband, has left open.

The solution, of course, is to have her put away. But somehow I've never been able to accept euthanasia. After all, you don't kill your kids, or even your parents, just because they drive you wild.

Many will not agree with me. But I got off to a bad start this week. All set to go to work Monday morning. Cat in back kitchen, with an odd look on her face. Threw her out. Went into the downstairs powder room, and there was the evidence. Not one, but two distinct evidences of massive diarrhea.

It's the only good thing I can say for them. At least they know enough to go to the bathroom.

THE SHINING GOAL

It's a long hike! Traveling to our goal can take a lifetime, but it's worth it. Every morning we start out on another stage of the journey, and it's up to us how much we accomplish before nightfall.

What is the goal? What is our highest peak of spiritual development? What are the rewards? All the things we long for — peace of mind . . . perfect freedom . . . contentment . . . happiness.

Many are still struggling through the forests of unbelief and despair. Some are lost and confused in the mists of doubt. Others are already climbing the foothills of hope. Many of us will reach the summit if we pray constantly for help and strength.

The Christian scriptures are your infallible guidebook, and the Christian Church offers you a place of spiritual refreshment along life's road. Attend church this Sunday, and continue your journey with a lighter burden . . . and a lighter heart.

Peat Moss Industry Gets ARDA Boost

The philosophy of ARDA (Agricultural Rehabilitation and Development Act) is to initiate and develop programs which will utilize existing resources, both human and physical, and create employment opportunities in rural areas where incomes are low. Such a program has been announced by the ARDA administration for Stormont County in Eastern Ontario.

This project involves an ARDA grant and an Ontario Development Corporation loan to the Diamond Peat Moss Co. Ltd., to increase the output of peat moss in the area, and create a substantial number of new seasonal jobs.

The Diamond Peat Moss Co. Ltd. has considerable experience in extracting this product. At present three seasonal workers are employed. The combined assistance from ARDA and ODC will be used to expand the physical plant, and purchase and install new equipment, with an immediate increase in staff of 15 seasonal male employees and one part-time female employee. Within five years this expansion would result in a total of one full-time female employee and 25 seasonal male employees. There are many underemployed persons in the area who would benefit substantially from

these new opportunities. Peat moss production is seasonal. The market demands a high-quality product. Which is available in unlimited quantities in this area. It is marketed primarily in the United States.

The ARDA grant to Diamond Peat Moss Co. Ltd., is made under authority of Part V, Section 32 (3) of the Federal - Provincial Rural Development Agreement, with the two levels of government sharing the cost on a 50-50 basis. The announcement was made simultaneously by Hon. Wm. A. Stewart, Ontario Minister of Agriculture and Food, and Hon. Jean Marchand, Federal Minister of Regional Economic Expansion.

Improves Forage Yields

Good fertilizer practices are essential if forage crop yields are to improve from their present poor levels in Ontario.

Mr. Russ Johnston, Soils Division, Ridgetown College of Agricultural Technology, told delegates to the 1971 South-western Ontario Farmers' Week that even the best management would get poor forage yields if fertilizers were not applied.

"On Class 1 and Class 2 land", said Mr. Johnston, "forages can only produce about 80% of the TDN per acre that corn can produce. However, on other land, forages can out-produce corn". Under similar fertility conditions, top alfalfa yields were between 11,000 and 12,500 pounds per acre of dry matter at Ridgetown, while corn yields were between 12,000 and 14,000 pounds of dry matter, he said.

The main considerations in forage production are proper soil PH, nitrogen (where the stand is mainly grass), phosphorus and potassium. Soil PH should be between 6.0 and 8.0 to obtain good establishment.

Forages should be band-seeded at planting. Nitrogen and phosphorus are most important at this time. If soils are testing medium or slightly lower, 150 pounds per acre (ppa) of 18-46-0 or 13-52-0 is sufficient, said Mr. Johnston.

If potassium content is down, use 8-32-16 or 6-24-24. Where

the soil test is high, there is no need to exceed 100 ppa of ammonium phosphate. The total requirement of phosphorus for a three- to four-year period can be broadcast and worked in before planting. Some phosphorus should be retained for planting.

Unless the phosphorus test is medium or below, no further increases from broadcast phosphorus should be expected. Legume forages are heavy potassium feeders and applied phosphorus gets good results. One application a year is sufficient. Further yield increases should not be expected when soil tests read high or high plus. A small yearly-September application may increase winter-hardiness and longevity of the stand.

Nitrogen is only required by pure grass stands, or where a legume makes up less than one third of the stands. For pure grass stands, at least 120 pounds of nitrogen should be used per acre and should be applied at least twice.

GO CLASSIFIED

TODAY'S CHILD

BY HELEN ALLEN

Toronto Telegram Syndicate

Glen is eight, doing good work in Grade 3. This young boy's high potential is being realized, for his last report showed him at the top of his class.

Glen is a good-looking slender lad with blue eyes, brown hair and fair skin. He is healthy and extremely active, with a great zest for sports. He plays hockey, baseball and lacrosse, usually with boys both older and bigger than himself. Last year he was the winner of a lacrosse award.

Glen loves reading and his interests go beyond his school work. Just now he's studying the moon and stars on his own. He is imaginative and creative. He has done puppet shows at school, making up the plot as he goes along and himself being the voice of every puppet. He is pleasant and co-operative and has many friends.

This young boy needs parents who will give him love and educational opportunities, and help to channel his energies constructively. To inquire about adopting Glen, please write to Today's Child, Department of Social and Family Services, Parliament Buildings, Toronto 182. For general adoption information, ask your Children's Aid Society.

Seals Campaign Great Success

The Editor,
The Iroquois Post,

Dear Sir:

January 31st marked the close of our 1970 Christmas Seal Campaign for the Three United Counties. Thanks to you and the publicity we received in your paper our campaign was a success... and we exceeded our target, receiving \$18,198. This was a 9.2% increase over last year. It may be of interest to you to know that although our average contribution was down, presum-

ably because of economic conditions in the Three United Counties, we had many new contributors to offset a possible drop in returns, and we attributed this to the wonderful job done by the media in the Counties to publicize our campaign. We estimated that we received \$2,000 worth of free or contributed advertising and for this we are extremely grateful.

To those 7,065 families who so generously contributed to our Christmas Seal Campaign I extend on behalf of the St. Law-

rence Tuberculosis and Health Association our sincere thanks.

Thanks to your contributions this year, we have already spent almost \$2,000 to purchase Intermittent Positive Pressure Breathing machines for hospitals in the Three United Counties for out-patient's use. Your donation to those people who use the machines was indeed a MATTER OF LIFE AND BREATH.

Yours truly,
R. A. McClelland,
Chairman
Christmas Seal Campaign

Interesting Meeting White Church UCW

The February meeting of the United Church Women of White Church was held on Wednesday evening, February 17, at the home of Mrs. Florence Thompson and Mrs. Frances Thompson with nine present.

Mrs. Betty Baker opened the meeting with hymn 501 "Will Your Anchor Hold", followed with a scripture reading taken from Psalm 71.

Included in the worship period were the reading of five poems "Sowing and Reaping" by Mrs. Carol Thompson; "How Much Did He Leave" by Mrs. Janet Barkley; "Not By Works", Mrs. Ethel McInnis; "Time To Check Up On Ourselves" by Mrs. Betty Baker and another, "Never-ending Friend" also by Mrs. Baker.

A reading, "Statements of Jes-

us Christ" taken from the book entitled "Christian Belief and Practice" was given by Mrs. Baker, followed by the Lord's Prayer in unison.

Mrs. Baker gave a reading on the United Church Council meeting held at Niagara Falls.

Open discussion followed on the "United Church Abortion Decision" with all taking part in the discussion.

The minutes of the previous meeting were read and approved and the collection received, which amounted to \$4.25.

A thank-you note was read from Mrs. Mary Houghton for the lovely plant given to her on her 90th birthday, also a thank-you card from Mrs. Doris Shaver.

The highlight of the meeting was a presentation of a Life Membership pin and certificate to the Past President, Mrs. Ethel McInnis. Mrs. Thelma Ault read an appropriate address, followed by prayer, and Frances Thompson presented the pin.

Mrs. McInnis replied in her usual capable manner, thanking everyone for the support given to her while President of the UCW for so many years and she wished all to give Mrs. Betty Baker the same support.

The benediction was pronounced and a dainty lunch served and social hour enjoyed.
