## Crippled Children Look Forward To Camplife At Merrywood

On Sunday, June 27, old friends and new faces will arrive in the Smith Falls area for the start of another season at Merrywood Camp for crippled children.

Any adult who has ever accompanied a child to his first summer camp will readily understand the mixed emotions that surge within each youngster at the prospect of a new experience.

And it is no different as far as a handicapped child is concerned.

For the newcomer, a mixture of expectation and apprehension. For the old hand, impatience and anticipation.

Whatever the feelings, by the end of August 288 handicapped youngsters from Eastern Ontario will have benefited from a two-week summer camping experience at Merrywood.

Old friendships will, have been renewed, new ones established, and happy memories stored away to last another year, thanks to the public's generous response to the annual Easter Seal appeal.

Opened in 1948, Merrywood is the third of five summer camps owned and operated by the Society for Crippled Children. It occupies 30 acres on the shores of Rideau Lake just off Highway 43, at Port Elmsley, midway between Smith's Falls and Peth.

Merrywood's 22 permanent buildings are specially designed to meet the various needs of 72 handicapped youngsters at a time. Campers range in age from seven to seventeen years.

Although they compete in numerous games and activities, the competition is directed more against individual

handicaps than against each other.

Activities are designed to encourage individual participation by every camper regardless of the nature or severity of his handicap and to continue his active rehabilitation, both physically and emotionally, in pleasant surroundings.

The Ontario Society invites visitors in the area to view the camp any day throughout the summer, except during the children's rest period between 1 p. m. and 3 p. m.

A special invitation is also extended for Camp Open House on Sunday, August 1 from 2:30 p. m. until 5:30 p. m.

On this occasion, visitors will have a further opportunity to inspect the program and facilities more thoroughly and see just one aspect of what their Easter Seal dollars can do.

## Commissioned to attend Congress

At the morning worship service of Knox Presbyterian Church, Sunday, June 20th, six members of the congregation and Pastoral Charge were commissioned to attend the every-four-year Presbyterian Congress, to be held from June 24-27th at University of Guelph, bringing together 500-600 lay members of the church from across Canada, and for a four-day conference on the work and witness of the church for this 20th century. Those so commissioned, during the worship service, were: Misses Gail Smollett, Dacie MacKenzie, Anne Yee, Mrs. Marie Meams, and Messrs. Gary Lockhart and Ted Robinson.

Meeting on the campus of the university, the delegates will share their own first-hand awareness of what is happening in the local congregation, and in terms of what forms of God-possibilities are going on in their congregation right now, as contrasted to what forms may have outlived their ability to bring

about God-possibilities in the local situation of "being the Church for today", and which may require either a "breathing into them of new spirit-life, or a new mode of expression altogether."

The delegates were commissioned, on behalf of the congregation, by the Kirk Session, the Rev. John Hibbs officiating, and prior to the Sacrament of Holy Communion being received. The Minister spoke in his sermon remarks on "The Crux of the Matter", as a prelude of thought by the congregation on the importance of what the Congress delegates will be sharing and discussing. The Knox Senior Choir sang the stirring anthem selection, "Rejoice in the Lord" by John Elvey before a capacity congregation.

Next Sunday's worship service at 11 a. m., with Church School at 9:50 a. m., will conclude activities in the congregation for the summer months as far as organizations are concerned, but combined services of worship with the

Iroquois United Church congregation will commence in the United Church sanctuary, Sunday, July 4th, at 9 a. m., with mutual services being held in the Knox sanctuary beginning the first Sunday in August, and at the same 9 a. m. hour, the Reverends Brian Gee and John Hibbs officiating. Both clergymen will be "on pastoral call" for the two congregations during these respective months.

## Bishop To Preach At Evensong '75'

The Anglican Diocese of Ottawa will observe at the Deanery of Stormont level their seventy-fifth (75) anniversary Sunday June 27th at Trinity Church, Cornwall.

The preparation of the Service Booklet has been the allotment for the Parish of Iroquois, and this is in addition to the exhibition stall that each of the nine parishes will create, with memorabilia, etc.

A Fellowship Hour will be held for the public at 3:00 p. m. followed by a festival of hymns and songs at 7:00 p. m., Bishop W. J. Robinson will be the guest preacher at Evensong '85 at 4:30 p. m.

**LAWN BOWLING THIS WEEK**  
Another local win, our ladies are lighting the way, Ruth Joyce, Jane Graham, with Gwen Parmeter skip, won the ladies triples at Smith's Falls on Saturday. Wednesday Ross Jamieson, and Ray Parmeter came in second at the men's Doubles in Brockville, nice position as the skip says, when you muscle a bloop down the alley. Monday evening open jitney-Tuesday evening, the Davis-Thursdays evening. The second game of the Hargraves Mens Triples--The Hargraves Twins trophy was postponed till later.

## Iroquois Ladies Golf Invitational

A record number of ladies from the home Club participated in the Iroquois Ladies Golf invitational. Both Morrisburg and Prescott Clubs were well represented. Though the weather was perfect for golfing, all scores were not so perfect. As usual some of the ladies had very interesting incidents to tell of tricky shots they had made.

A happy social time was enjoyed preceding the lunch.

The jovial barmaid "Jo" added to the fun as she tended to bar duties.

The buffet table was laden with beautifully prepared dishes of delicious food including a marvelous selection of desserts.

Miss Janet Davis welcomed the ladies and presented the prizes to the best players for each club. Winning for Iroquois were Mrs. Mary Jean Craig and low gross and Miss Janet Davis captured low net.

## Ecumenical Candlelight Service For Young Couple

Iroquois United Church was the scene of a pretty ecumenical candlelight service on Saturday evening May 8, 1971, when Alice Dianne daughter of Mr. & Mrs. Harold Baldwin of Iroquois exchanged wedding vows with Andre Gerald son of Mr. & Mrs. Frank Haman of Ottawa.

The Rev. W. Brian Gee officiated the double ring ceremony with Father Lloyd Cummings assisting. The "Wedding Prayer" and "Each for the Other" was beautifully rendered by Miss Jane Gibson accompanied by Mrs. George Fowler at the organ.

Given in marriage by her father the bride wore a floor-length white polyester satin empire fashioned gown trimmed with quipre lace; her full length veil was held by a quipre lace wedding ring head-dress, and she carried a cascade of white carnations centred with white purple throat orchids.

Miss Jeanette MacDonald

of Leamington (Friend of the bride) acted a maid of honour wearing a floor length empire styled gown of mauve polyester crepe, trimmed with purple velvet, carrying a sheath of varying shades of pink and mauve carnations with head-dress of carnations to match.

Miss Anne Elliott of Agincourt (friend of the bride) and Miss Fernande Haman of Ottawa (sister of the groom) were the other two bridesmaids dressed identical to the maid of honour only the colour being pink, trimmed with rose velvet.

Mr. Pat Vecchio of Ottawa (friend of the groom) acted as best man while the grooms brothers Mr. Yvon Haman and Mr. Noel Haman were the ushers.

Afterwards a reception was held in the Church Hall; the brides and grooms mothers received the guests. The brides mother wore a peach

F. M. CASS, Ninth Weekly Report

## GORDON BLAIR M.P. GRENVILLE-CARLETON

Room 532c, Centre Block Parliament  
Buildings, Ottawa, Ontario, 992-0511

### Opinions from Questionnaire

The views of the people in Grenville Carleton, as expressed in the amazing response to my questionnaire, show a tremendous interest in public affairs. Many expressed appreciation for an opportunity to speak out and underlying I sensed a deep sense of frustration about their inability to be heard amidst what one person called "the massive maelstrom of government, politics and pressure groups of our time."

The tabulation and the analysis have not been completed. My first report was based upon the results of approximately 6900 replies. The final result is based upon 7872 but is no different proportionately than the first. In addition, several hundred more replies were received after the first results

were published and, although they follow the main pattern, they have not been included in the final tabulation because of the possibility of being influenced by the results first published.

#### Independent Analysis

Almost three-quarters of those answering provided written comment, some of which probed important issues in a scholarly and detailed way. I felt that it would be helpful to have a disinterested group with experience in analysis to review the written comments to avoid the possible influence of any personal bias which I may have. I have now been furnished with their report which is long and most interesting. I would be glad to send it to anyone, along with the final tabulation. I can only briefly touch on the high lights of this report in the column.

#### Objections to Bilingualism

Comments and letters make it clear that governmental bilingual policies are the greatest concern in the constituency. People support

People support sensible policies to ensure adequate opportunities for French-speaking persons, but object to what many consider to be "force-feeding" bilingualism on English-speaking Canadians. Another objection is the institution of bilingual requirements in the Public Service where they may not be necessary.

There is also objection to an apparent policy of introducing a higher proportion of French-speaking Canadians in the Public Service rather than concentrating on the original aim of providing a more bilingual Public Service. Concern over these policies extends into other areas such as the expanded expenditure of Federal funds in the Province of Quebec as part of the regional development programs to correct economic disparities and in other ways. A strong positive thrust runs through all the comments suggesting that our bilingual problem might be better solved by concentration on the younger generation and the better teaching of French in our educational system.

On the general subject of government performance, 3276 of those replying felt that the record of the Liberal Government since 1968 was generally satisfactory, with 2831 replying in the negative and 1575 being undecided. But the written comments indicated disenchantment with Liberal policies and attitudes, especially on unemployment. There was general concern regarding what the report

termed a "posture of arrogance" on the part of the Government and many replies quoted statements of government leaders concerning the Auditor General's Office, discontinuation of the prefix "Royal" and statements that the cities would have to look to other sources for their financial needs.

#### M. P.'s Pay

On the controversial subject of M. P.'s pay increases, the comments suggested that, for the most part M. P.'s do not "work" hard at representing their constituents, and that such raises were justified only if an M. P. is doing his job. Some of the replies felt in fact that the M. P. should be given more responsibility and have greater influence in the parliamentary process, and if these things came about a salary increase would be more acceptable. On the general question whether proposals to increase M. P.'s pay were justified, 3047 answered yes, 3274 no and 1441 were undecided.

#### DRUGS

On the question of the non-medical use of drugs, replies appeared to indicate resentment against special groups who presumably have shown an interest in promoting a "drug culture". The comments suggested that the Government should ignore these views and hold the line on drug restrictions.

#### Canadian Ownership

On Canadian ownership the report indicated the receipt of some "exceedingly scholarly" views. The report said that the majority rejected the idea of domination of Canadian industries by outsiders on general principles and that, viewed in a political context, National ownership would probably be an attractive feature to voters.

#### No Isolationism

A number of written comments showed deep concern about reduction of commitments to NATO and NORAD and that Canada should avoid becoming "isolationist."

#### Pollution

There was a heavy volume of comment on pollution and the constituents of Grenville-Carleton appeared to want drastic action in this field and would not accept

excuses on the basis of conflict of jurisdiction of various levels of Government. The "pollution scare" has imprinted itself upon the public consciousness and the tax payers appeared to be willing to clean up the environment, regardless of cost.

#### National Capital Commission

The National Capital Commission came in for some interesting comment and may constituents were in favour of an attractive National Capital area totally under the jurisdiction of the Government of Canada, but there was object of excessive expenditures in the Hull and Gatineau areas, at the expense of Nepean Township, which is the largest township in the Grenville-Carleton riding.

#### Tax Reform

A major objection to pending Government tax changes came from business executives and professional men who

## Peace Reigns Prior To Summer Recess

Since last reporting, there have been, of course, notable changes on the whole national scene with the conference in Victoria of provincial and federal leaders and the 1971 federal budget. In the Ontario House the passage of depart-

mental estimates has been proceeding rather expeditiously and quite amicably so that it would appear all would be cleared away by approval before the summer adjournment or prorogation.

The Government has also finally brought in new legislation of significance although it has not proceeded in the House due to the absence of the Prime Minister and senior Ministers at the Victoria Conference. The bills so introduced by the Prime Minister provide for implementation of the great majority of the recommendations in the now famous McRuer report with respect to protecting the rights and persons of citizens with particular emphasis on right to be heard and represented by counsel at appeals before the multiplicity of Tribunals.

Boards and Commissions which now so greatly govern our lives and appeals from such decisions by such tribunals. The Minister of Health by certain bills provides for better, more private and more efficient detection and treatment of VD so prevalent now among our under 21's, and also provides new rules for organ transplants between living persons and disposition of bodies and organs of deceased persons in accordance with their ante-mortem directions regardless of post-mortem wishes of relatives or legal representatives.

One of the most heartening announcements made lately was that by the Minister of Transportation and Communications to the effect that, despite increased traffic on the roads of our Province, the number of persons killed in motor vehicle accidents in Ontario dropped 8.8% from the 1969 total to 1535 which, of course, is still a fearful, tragic and disgraceful statistic.

The next week should be an active and important one in the federal and all provincial parliaments as the results of the federal-provincial Victoria Conference are revealed to parliamentarians and debated, and as the 1971 federal budget and all its implications and side-effects are studied and debated.

saw the Government's White Paper on Taxation as an attempt to rob the upper middle class of its initiative, and from small businessmen who objected to removal of their tax concessions. The report stated that there was little support for the White Paper on Taxation, even from the low-income group who would benefit from the increased exemptions and it was wondered whether this group did not bother to comment.

#### Other Issues

Other subjects covered in the report included wages and price controls (which were generally supported if required to control inflation) and Public Service staff reductions based on the feeling, that in some areas, the Public Service of Canada may be over-staffed and this is inefficient.

The written replies strongly supported the ban on cigarette advertising, particularly to protect younger Canadian from the inducement of smoke which constituents saw as the direct result to such advertising.

#### Public Watchful

I have summarized this report without any political or personal comment. From all the replies, I have received the strong feeling that people generally are extremely concerned about their country; that they are searching for better solutions of our many problems; that not only the Government but all the political parties are on trial and that people generally are looking at their performance critically but responsibly.

Several hundred people asked me for a specific reply on many questions. I hope that everyone who did so will be patient and appreciate my problem of preparing proper answers which I am trying to do as quickly as possible.

## A Dry Summer For The Church, Financially, That Is?

(From the United Church, News, Iroquois)

We trust that the following "Summer Parable" will awaken your conscience to your obligations to your Church, as you are making those vacation plans. Your minister picked up this item at the recent Conference he attended, and passes it along for your edification. Please remember that your Church does have expenses during the summer, just as at any other time of year.

Now it came to pass that as the time of vacation drew near, a certain member of the Church bethought himself of cool streams where fish were found, and his children thought of sandy beaches by the sea, and his wife thought of the mountains. And this Church member spoke and said "Lo the hot days come, and my work lieth heavy upon me. Come, let us depart and go where the fishes do bite, and where the cool winds bring refreshment and the land is beautiful about us."

"Thou speakest words of wisdom," said his wife. "Yet three, nay, even four things, must we do ere we go."

"Three things I think of, but not a fourth," said her husband; "that we ask our neighbours to minister unto our flowers, that we arrange for our grass to be mowed and watered, and that we have our mail forwarded; but no other thing cometh to my mind."

"The fourth is like unto the other three, but greater than all," she said, "even this, that thou dig into thy purse and pay the Church pledge, in order that the good name of the Church may be preserved, that the heart of the treasurer may be made glad, and that it may be well with thee. For verily I say unto thee, that thou hast more money now than thou wilt have when thou dost return."

And the husband replied, "Verily thou art noble and wise among women." And he did pay his pledge for the summer, and the treasurer rejoiced greatly, saying, "Of a truth, there are those who care for good of the Church." And it was so.

EDITOR'S NOTE: Any and all church members could take this message to heart.

## Lord, I Am Growing Older

Lord, I am growing older  
keep me from becoming a bore  
if, on every subject I grow bolder  
with minute details, as of yore.

Keep me from these endless details  
to straighten out, all others affairs  
The strength to listen to all wails  
while my own body calls for repairs.

Make me a little independent  
but, let me accept a favour with grace  
that others so kindly intended  
for my body and mind apace.

Teach me, that I might be mistaken  
that even I might be wrong

## LOOKING BACK ON A 10-YEAR TERM

By Bill Smiley

At this time of year, the average school-teacher takes a deep breath, lets out an even deeper sigh, and wonders where in the name of all that's ridiculous the last teaching year has gone.

Looking forward to it in September, it seems endless. But that doesn't bother you. You are refreshed, full of beans, full of plans, and full of that once-more-into-the-breach-dear-friends spirit.

Looking in either direction about February is a depressing experience. Behind lie the ruins of your buoyant September self. Ahead lies a trackless desert, with the end of June far beyond the horizon.

But looking back, it seems to have flown by at the speed of a mallard. You are exhausted, you query whether you have accomplished anything, and you are ready to step out of the breach and into a lawnchair.

It's a good time for a quiet assessment of what the whole educational business is about, and also of whether you have contributed anything more than a fairly capable job of babysitting.

The young teacher especially, just finishing the first year, has had a genuine eye-opener. First of all, he or she has discovered that the "learning process", as the jargonizers call it, is vastly different from what he or she had imagined it to be.

The brighter ones realize

Bill Smiley

that they have learned more than they have been taught. They've learned that kids are people, that problems are never as large as they look, and that memos are for the waste-basket.

For some of them, it has been the most exciting year of their lives, because it has been the first year in which they have been totally involved in a real job, with real people, students.

For many of them, the year past has been a blur, or a dazzle: endless hours of preparation and marking papers; and a combination of great leaps ahead and agonizing prat-falls.

They're looking forward desperately to vacation, because they've really been through the wringer. They can scarcely believe that they have come through a year of teaching without anything worse than a slight tic or a voice several decibels higher than it was in September. Quite a few are even more "dedicated" than when they began.

Some of them, fortunately not many, are soured on the whole shambles and have decided they don't like kids, detest their fellow-teachers, and loathe the administration. They should clear out without a back-

ward look, if they want to avoid unhappy lives for themselves and all those about them.

Teaching is a reasonably well-paid job, with a long holiday thrown in. But I've never met a wealthy teacher and never will. And one can even get a bellyfull of holidays. Especially when one has to get up at six o'clock to drive his daughter to work.

But to those who consider it as a vocation, let me just say it's a helluva tough job. It's not for the weak of will or the faint of heart.

There are certain prerequisites. You must like, if not necessarily understand, young people. Who does? You must be able to get along with, if not necessarily like, your fellow teachers. It is perfectly O.K. to loathe administrators. Everyone else does.

After ten years of it, I have learned to roll with the punches. If you don't, you'll get a broken neck, figuratively speaking. I have learned that that mob of hoodlums I faced in September is just a group of high-spirited youngsters.

But roll on, the First of July.

## Mother of the bride

*In a few minutes she will be walking down the aisle. Bruce will be at the altar to meet her, and when they walk out of the church, they will be man and wife.*

*Even though we have been planning the wedding for weeks, it is hard to believe the time is really here. It seems like only yesterday — though actually it was twenty years ago—that our little girl was christened right in this same church.*

*What an all-important part of our lives this church has been! I have turned to it both in times of joy and times of sorrow. So has our daughter.*

*Now, as I slip into my place in the first pew on the left side of the aisle, it is with the wonderful feeling that this church is a part of her, too, and that its teachings will stay with her forever. I could not ask for more.*

## The Old Time Printing Office

The Black Creek Printing Office, the newest addition to the 25 restored pre-Confederation buildings at historic Black Creek Pioneer Village, was officially opened Friday (June 18th) at 2 p.m. by William Kinmond, Queen's Printer and publisher for the

Province of Ontario.

Among the special guests at the opening was Wilson Boyer, president of the Ontario Weekly Newspaper Association who is shown here, right with Gregory Clark one of Canada's best known journalists, centre, and Mr. Kinmond, as they op-

erate one of the flat bed presses.

Black Creek Pioneer Village is located at Jane Street and Steeles Avenue in northwest Metro Toronto and is administered by the Metropolitan Toronto and Region Conservation Authority.

## Memorial Service well attended

The annual Memorial Service of Union Cemetery, South Mountain, sponsored by the Mountain-South Mountain I.O.O.F. Lodge 428, was held on Sunday evening, June 20th, 7:30 p.m., with a large attendance from the surrounding community. Be-

cause of inclement weather, the site of the service was transferred from the Union Cemetery grounds to the sanctuary of St. Andrew's Presbyterian Church, South Mountain, the Rev. John Hibbs, Minister. Conducting the service, and offering

the Guest Minister's address. Mrs. Mabel Shaver was Guest Organist.

During the service Mr. Gary Gates favoured the gathering with three solo-guitar selections. "Come by Here, Lord," "Flowers for the Master's Bouquet," and "Mine Eyes have Seen the Glory," excellently rendered through an installed public address system. Mr. Dave Barry, Chairman of the Union Cemetery Board spoke briefly on the structure of the organization and concerning the perpetual-care arrangements with the Public Trustee. He encouraged the support of all concerned, and expressed his appreciation to the I.O.O.F. Lodge for sponsoring this annual event.

Following the memorial prayer, the Rev. John Hibbs spoke briefly on the text of the Scripture Lesson, St. John 16:33. "In the world ye shall have tribulation: but be of good cheer; for I have overcome the world." The offering was received, in support of the cemetery upkeep, with Messrs. Dwight Gilmer and William Gates as ushers. Mr. Donald Francis, Noble Grant, I.O.O.F. Lodge 428 expressed words of appreciation, prior to the close of the service, and to the Guest Speaker, Organist Soloist, and to all who had worked to make this event possible. With the closing hymn being sung, the Rev. Hibbs pronounced the Benediction.

## Cheques Combined

The Canadian Dairy Commission states that subsidy payments to Quebec and Ontario industrial milk shippers for their March deliveries and the year-end adjustment payment will be included in one cheque, which should be in the mails before the end of June.

Payments have been delayed beyond the normal time for monthly payments because of the calculations involved in arriving at each producer's full eligibility for the fiscal year ending March 31.

They have been further complicated by the necessity of apportioning any additional eligibility between the first eight months, when the hold-back was deducted from subsidy, and the last four months, when the full rate of subsidy was paid.

## Kingston Driver Wins

Brockville- Walt Pennock of Kingston won his third feature race of the season at the Brockville Speedway Saturday finishing a couple of lengths ahead of popular Tony Blake.

In five weeks of racing, Pennock has three first and a second for 58 points, 19 more than his closest competitor Blake who has 39, Pat O'Brien and Max Beyore are tied in third place in the points race with 33 points.

In the feature race Saturday before a crowd of 2643 fans, Beyore finished third right behind Blake. Lucky Gauvin was fourth followed by Denzil Billings of Brockville. Billings was making only his second straight of the season had the local track in his own car.

Motor trouble forced the reigning track champion out of commission but his new motor performed well Saturday and the colourful driver is expected to take a run at his second straight driving title.

A total of 36 cars were in competition Saturday. There were several restarts in the feature race and only 12 out of the 22 starters managed to cross the finish line.

Blake and Babe Miller of Cornwall were winners in the semi-final races. Consolation victories went to Billings and Pennock. Winning heats were Brockville's Bill Tedford, Vic Smith and Pat O'Brien of Kingston.

Racing action will resume at the Brockville Speedway next Saturday evening starting at 8:30 p.m. The track is located seven miles north of Brockville on Highway 29.

## Review Services Offered By Local Library With Expanded Facilities

Iroquois Library Board held its final meeting before summer recess and looking back on its activities of the past few months, many changes have been accomplished in the service being provided to Iroquois and Matilda Township residents.

The major change during the past year has been the addition of a children's room with a wide selection of suitable reading material, as well as a quiet place for research if they so desire.

The new room was formerly used by the Red Cross Society and for meetings of small groups over the years and is located just a few steps from the main library. It has been newly painted, shelves added and new curtains put over the front windows giving it a clean and neat appearance.

With the start of this year, Matilda Township set up a non-operating library board and appointed Mrs. Doreen Empey to represent Matilda on the Iroquois Board. Chair man of the local board is Ken Kirkby and members are Mrs. Mary Jean Craig, Mrs. Ruth (M.) Fetterly, Mrs. Gwen Parmeter and Mrs. Marion Davis. Fred Lloyd is the secretary.

Out of the formation of a library board in Matilda Township to join with the Iroquois Board in providing library service in both communities comes additional provincial grants which assist greatly in extending the service into the township. Iroquois and Matilda are the only two municipalities in the three United Counties not included in the County Library System and decided to operate their own library service when the scheme was suggested to Counties Council last year.

It has been evident also in the past year that a greatly increased interest in reading has been developed in our area and the number of books being borrowed has almost doubled in the past few months. As an example, in May of 1970 there were 587 books borrowed from Iroquois Library and this May there were 799. This

has been the trend and is expected to increase as more and more residents of both communities take advantage of the thousands of books available free of charge.

So that all residents may have full opportunity to read what they wish, if there is not a book on the shelves that you want to read but have a particular book in mind, tell the librarian on duty and she will endeavour to get it for you. Books are also available in languages other than English but it may take a while to get them. Every effort will be made, however, to provide what the reading public wishes to have.

During the past couple of weeks a brochure was prepared and either mailed or delivered to every home in the two communities. It tells all about the library; how it operates, how to borrow books, how to return them... (and the fact that there is a very small fine imposed if your late bri-

nging the book back,) the hours the library is open and so on.

If you haven't taken the time to read the brochure you received, please do... or if for some reason you didn't receive one, give a call to The Iroquois Post, 652-4806, or the Clerk's Office at 652-4422 and one will be sent to you.

Every effort is being made by the Library Board to better serve the reading needs of the people of Iroquois and Matilda... the books are free for the asking... if you have not read a book for some time why not drop into the library to look over the more than 8,000 books. There could be a pleasant evening's reading ahead for you.

And, of course, the library is open year around, Tuesday and Friday 2 to 4 and 7 to 9 and Saturday afternoon 2 to 4 p.m.

## Forests In Suburbia

In many metropolitan areas you may have to drive 50 miles or more to find suitable public recreation areas. Ottawa residents are fortunate in having a large recreational area at their back doorstep. The National Capital Commission Agreement Forest covers approximately 6,000 acres of forested land. All of this land is open for public use in the form of walking and hiking. In addition a picnic site is currently being developed on the Davidson Road on the Agreement Forest.

The most extensively used

area on the National Capital Commission Agreement Forest is the Jack Pine Nature Trail on Moodie Drive. Many groups such as the Ottawa Field Naturalists Club, Girl Guides, Boy Scouts and schools come to enjoy the outdoors and study the flora and fauna of the area. One school board has indicated that in excess of 1,000 children have made use of the Nature Trail this spring.

The Ottawa Field Naturalists have made good use of the area, particularly in the winter.

## Matilda W.I. Plan Summer Events

The Matilda Women's Institute meeting was held on June 7th, at Brinston Memorial Hall. The meeting opened with the president Mrs. Eardley Coleman in the chair. During the business session of the meeting, the Birthday Party at Glen-Stor-Dun was discussed. A tentative date of June 21 or 22 was purposed. This to be confirmed later.

The July meeting is to be a picnic at Mrs. Isla Smyth's cottage. Mrs. Smyth to set the date.

A bus trip for later in the summer is being planned.

Mrs. Ruth Coons-Vice President convened the social hour. This being entertainment night, Matilda WI had invited the 10 other institutes. With the cooperation of the weather, we had a wonderful turnout with about 150 present. The Adams sisters gave us guitar selections. Our Reeve Mahlon Zeron showed slides of his recent trip around the world.

Mrs. Coleman thanked Mr. Zeron and the Adams sisters and all present for making our evening such a success. Lunch was served.

## Kemptonville Teacher NDP Choice

At a meeting in Brinston on June 8th Frank Stocker was nominated as the candidate for the New Democratic Party for Grexville-Dundas. Mr. Stocker has taught at the High School in Kemptonville for the past seven years, and before that he worked in the labour field in a variety of positions.

In his acceptance speech Mr. Stocker criticized the Conservative government for being too concerned with the development of businesses and not concerned enough with the life of ordinary people.

He suggested also that the 23 million dollars the Conservative government has spent on Ontario Place in Toronto was typical of the neglect that government has had for Eastern Ontario. He wondered how many good things could have been done with even a fraction of the amount spent in Eastern Ontario.

The election was preceded by a speech by George Samis who is the candidate for the N. D. P. in Cornwall.

# Round The Bend

by Sheila Watt

Physical fitness in men drops drastically between the ages of 22 and 24, a U.S. Air Force doctor claimed recently.

The reason: "They get married," said Dr. Kenneth Cooper.

I was upset. All this time I'd been kidding myself that marriage was good for him.

I had to make him fit, I resolved, as fit as he was before we were married. I'd start tomorrow.

\* \* \*

"The damn car won't start, he fumed at 6:40 a.m.

"When do the buses...?"

"Eight-o-five, eight-thirty-two, nine-o-one," I chirped.

"Only four and three tenths of a mile to the station so if you take a comfortable jogging pace you'll be O.K."

He gave me an odd look but had no time to argue.

After replacing the car's loose battery cables, I got busy on the phone.

"My husband would like to volunteer as a soccer coach, I told the delighted Recreation Director. "No, he hasn't had a team for a few years, but he'd be very willing to devote three nights a week to local youth, getting them in to peak physical condition. Certainly, he'd be glad to turn out tonight."

He was later than I'd expected getting home.

I realized, as he dropped his shoes into the cupboard and gently eased off his socks, that it was all too true. No-

body would have described him as exuberantly, vitally fit. Not even plain fit.

The car was fixed, I said, but I'd been too busy feeding supper to the kids to meet the bus.

"Hard-boiled egg and unsweetened rhubarb for a change," I mentioned, as he slumped into place at the table.

"What's the main course?"

"That IS the main course."

I stopped him as he dragged out his wallet. "No, dear," I assured him, "It's not the rising cost of living, just time for a little change in our dietary habits."

His lips moved but I didn't quite catch what he said.

"They've got a junior soccer team together at long last," I continued conversationally.

"Great!" he grunted, scraping his egg shell.

"Knew you'd be pleased," I smiled.

"I told the Recreation Director what a soccer star you'd been in the old Air Force days, and that you'd be delighted to help coach the team"

"you could have asked me before you..."

"You'll enjoy it, dear, I soothed. "They're starting tonight, so I said you'd be down right after supper."

He just had time to shave before limping off to the arena.

At 10:30 p.m. he stumbled in the back door and headed straight for the fridge.

"A little walk before we turn in?" I suggested companionably.

"Look, if I don't get something decent to eat I'll collapse."

"I'll get you something as soon as we get back," I promised. "There's some cottage cheese and lettuce..."

"I'll walk by myself," he said coldly.

Hi there, Handsome!

I splurged today and bought a footstool - just the right height for your chair - and I just happened to stumble on this recipe for Chicken Grande Marnier which should be interesting to try with the Sherry Trifle and Whipped Cream I'm planning for tomorrow night's dessert. Incidentally, I phoned the Recreation Director, who was sorry to hear of your sudden pressure of business.

It's nice that the Y.M.C.A. is so comfortable, but too bad they don't serve late night snacks. When I was feverishly thumbing through all my cook-books for that Grande Marnier recipe, I came across an old favorite of yours - cheese sauce with bacon and onion smothered on toast and grilled to a sizzle. I suppose it would go quite well with all the beer in the fridge.

See you soon?  
Your loving wife,  
Sheila.

## Over 100 at Starch's 27th Annual

Over one hundred pensioners and guests attended the Canada Starch's 27th Annual Banquet in honour of the company's Retired Employees, held Tuesday night, at St. Paul's Anglican Church in Cardinal.

Frank E. Trewartha, Plant Manager, welcomed the large group attending. M. E. Fee, President and Chief Executive Officer, in speaking to the group, made special mention of Wm. E. Perry, who, at 89, holds the honour of being the company's oldest retired employee.

Mr. Fee also emphasized the benefits which the company is still reaping from the contributions made by retired employees when they were actively employed by Canada Starch.

Musical entertainment was provided by George and Lyle Barkley of Iroquois.

TONS OF DAIRY PRODUCTS SERVED

## Thousands At Eastern Breeders Open House

Over four-thousand cattle breeders and friends roamed the grounds and buildings at the farmer owned Genetic Centre at Kemptville, Ont., June 13th. Some came to see the bulls, or live semen on closed television, or computer facilities while others made a family day along with neighbours having chicken Bar-B-Q with ice cream, cheese and other dairy products. The greatest number of visitors came from Eastern Ontario and Quebec, but one group of twenty holstein breeders from Germany arrived as well.

A local County Milk Committee served tons of dairy products to the big crowd. The Ontario Dairy Princess, Miss Dianne Gunning of Tweed introduced eight other County Dairy Princesses and delivered

a delightful address in both English and French. The Princesses were, Linda Ferguson; Stormont, Marilyn Pitt, Grenville, Deborah Blaine; Dundas, Wendy Nixon; Prescott, Suzanne Spence; Lanark, Dorothy Parks; Prince Edward, Isabelle Johnston; Carleton, Princess co-ordinator, Miss Rose Campbell was also in attendance to help the girls keep the consumers in the dairy products habit.

The cattle men discussed their plans and problems with E. B. I. personnel, sire selection representatives and breed specialists, Garry Buck, Barry Kowalchuck, and Bob Murray. Dr. C. Reeds, General Manager of United Breeders, Guelph, Ontario was on hand for special beef sire information.

## AT CANADA STARCH

# Open House A Smash Hit

Cardinal, Ont. Warm weather  
and sunny skies graced  
Cardinal where the town's  
major industry--The Canada  
Starch Company Limited,  
held its first employee Plant  
"Open House" since the company  
came into being in 1858.  
The event drew visitors from  
as far away as Montreal--location  
of the company's Head  
Office. Attendance for the  
two days--June 9th and 10th  
totalled an overwhelming  
2,426.

Employees and their families  
were given an opportunity  
to observe the entire plant in  
production--and unquestionably,  
pride, interest and enthusiasm  
were the order of the day.

The tour began with an introductory  
slide presentation in which  
Frank Trewarth, Plant Manager,  
welcomed the visitors--followed  
by a description of how--through  
the most modern and up-to-date  
processes--corn, in kernel form  
is transformed into a plethora  
of products; ranging from industrial  
products which supply industries  
such as Pulp and Paper  
Confectioners, to consumer  
products with which we are all  
familiar; Crown Brand Syrup,  
Benson's Corn Starch, Mazola  
Oil, etc.

The visitors were also informed  
of Canada Starch's active efforts  
in combatting pollution. Since it  
uses

millions of gallons of water daily  
for its corn grinding purposes,  
the company insists on returning  
the water to its source in as close  
as possible to its natural state.

A major project to reduce  
pollution, the construction of  
an aerated lagoon to treat the  
industrial wastes. This facility,  
they were told, is in its final  
design stages, with construction  
scheduled to begin this year.

Employees took their families  
through the Hellmann's Mayonnaise,  
and the Tasty Bake packaging lines,  
the Glucose Refinery, the Oil  
Refinery, through the Wet Starch  
Building and to the Laboratory,  
where tests are run daily in order  
to ensure only the highest standards  
of quality and purity. Lab technicians  
even prepared a huge batch of  
sponge toffee (a glucose derivative)  
to the delight of the sweet-toothed  
hundreds passing through. The  
Computer Room held a great attraction  
for the visitors--each of whom  
received a printed Welcome to  
Canada Starch card which also bore  
the day of their birth. The two  
hour tour ended with refreshments  
in the plant canteen and on their  
way out, employees received an  
assortment of the company's consumer  
products and recipes.

## Queen's Graduate

Tony Verhoeven, son of Mr.  
and Mrs. Bill Verhoeven of  
Winchester Springs graduated  
from Queen's University on  
May 28th, with a B. A. and  
B. P. H. E.

A graduate of North Dundas  
District High School, Mr.  
Verhoeven will return to  
Queen's to attend McArthur  
College.

on Sunday were Mr. George  
Fader and Mrs. Gladys Gill  
of Iroquois, Mrs. Roy Robinson  
of Iroquois and Mr. Johnson  
Fader of Brockville.  
Mr. & Mrs. George Cooper &  
Nancy, Mr. & Mrs. Bert McQuaig  
of Ingleside and Mr. & Mrs.  
Lorne Kennedy of Miami were  
Sunday visitors of the former  
parents Mr. & Mrs. W. B.  
Reynolds.

The anniversary service held  
in the Church here on Sunday  
was well attended. Rev. Stewart  
gave a very inspiring message  
in the morning on "The Church"  
with Mr. T. Gill of Cardinal  
rendering three very appropriate  
selections for the occasion and  
Rev. Gee of Iroquois gave a  
wonderful message for the evening  
service "What is so special about  
being a Christian?" we were  
also favoured by having with us  
four ministers for the evening  
service, Rev. J. Stewart, Rev.  
Gee of Iroquois, Rev. & Mrs.  
Speer of Beechburg, and Rev.  
& Mrs. J. Poynter and son,  
Don of Carleton Place, who  
favoured us with a number of  
beautiful hymn selections

## IN MEMORIAM

Our family circle has been broken.  
 A link gone from our chain. But though we're parted for awhile.  
 We know we'll meet again. Some day we know not when. We shall meet in a better land.  
 Never to part again.

In Memory of Douglas Gallagher who passed away June 24th 1967.

Sadly missed by Mother, Father and Sister

In loving memory of our dear Grandma & Great-Grandma, Eva Barclay, who left us on June 29th, 1970.

O, Grandma dear, we loved you so.

We wish you'd never had to go. But now you're gone and won't return

Your loving memory we will never forget.

Only now do we really see How much you always meant to us

And now we wish we had the chance to say.

That we really did love you, in our own special way.

Always loved and remembered by her Granddaughter, Barbara, Clayton, Great Grandchildren Sherry, Cindy, Linda, Douglas, and Darryl Disotell

Harper--In fond and loving memory of a dear husband, Bruce W. Harper who passed away June 26th, 1970.

I do not need a special day To bring you to my mind

A day I do not think of you Is impossible to find.

I have learned with patient effort,

To hide the tears that start

 Shopping Centre Iroquois, Ontario

But I cannot help the longing That lives within my heart Just a beautiful cluster of memories

Sprayed with a million tears If only God could have spared you

For just a few more years. Ever remembered by Wife,

Hilda.

In Loving memory, of William Dan Fawcett who passed away June the 19th, 1970.

Time speeds on, one year

has passed since death its gloom, its shadow cast. Within our home where all seemed bright God took from us a shining light. We miss that light and ever will, His vacant place there is none can fill, down here we mourn but not in vain, for up in Heaven' we'll meet again.

Ever remembered by Mrs. Dan Fawcett & family.
