"I Enjoyed My Stay Among You" Archbishop Plourde Said In Farewell

"I have enjoyed my stay among you; I have been happy here and you have given me sympathy and generosity. If I had been named your bishop I should have been happy to remain. Why am I transferred? There are many who might have done better in the archdiocese of Ottawa, but it is the will of God and we must accept."

"I am saying this mass for all the people of the diocese," Archbishop Joseph Aurele Plourde declared in concluding his homily at the concelebrated mass marking his departure for his new See in Ottawa. Representatives of many parishes in the diocese and many of the clergy attended the Monday night mass in St. Finnan's.

In outlining guide lines for our christian life, Archbishop Plourde emphasized that we are all called to perfection. If people do not aim at christian excellence in life we will all die in sin. Do we work at our sanctification. he asked? In merely living another year all of us have come closer to God because of the good things we have done, because we have lived with God part of the time.

"Pray for me, as I pray for you," he concluded.

Ten members of the clergy joined in concelebration of the mass with the archbishop: Msgr. R. J. MacDonald, Msgr. D. A. Kerr, Msgr. Cyrille Contant, Msgr. Henri Bougie, Revs. John R. Donihee, Henri Legault, Arcade Leblanc, Bernard Cameron, Leon Seymour and Bernard Lajambe.

IT'S OUR OPINION

Will The Premier's Illness Change His Plans ?

The political situation is often a subject of informal discussion when weekly newspaper editors get together. In Toronto at the recent convention it seemed the general consensus of opinion among Western Ontario editors that Premier Robarts was in line to succeed John Diefenbaker as leader of the federal Tories after he had first ensured continuity of his provincial administration via a spring election.

As we heard it, the big question mark was the Robarts' successor as Ontario Premier. Five members of the present cabinet were considered possible material, but none had shown outstanding qualities that might earn him the inside track.

Such speculation may or may not have been on the beam but the subsequent illness of Premier Robarts could alter the picture. A perforated ulcer appears to be the Robarts' malady and in a press conference last weekend he inferred he would be back in the Legislature by Easter.

The premier denied flatly that his illness would force his early retirement or that it would affect an election decision. Perhaps plans for provincial voting are too far advanced to be now altered but there remains the possibility Mr. Robarts' illness will deter him from seeking the Diefenbaker succession. If the provincial leadership has given him serious stomach ulcers his doctors may decree that he is not in good enough health to take on the added worries of national office.

If Mr. Robarts had been planning to win another five-year term and then step up to the Ottawa scene he would be playing fast and loose with the electorate. George Drew set such a precedent but it was not to his credit, in our opinion. Good politics it may be to win an election under false pretences but such tactics do nothing to gain public respect for a government leader.

All indications point to a late spring election in Ontario. The national Conservatives have set an early September date for a leadership convention in Premier Robarts' Toronto backyard. The locale seems calculated to strengthen Mr. Robarts' hand if he is well enough and still interested in moving up to the Ottawa scene.

It will be interesting to see what transpires.

We Share The Same Birthright And Goal

Brotherhood Week is being observed across Canada this week and its emphasis on the need for tolerance, harmony and togetherness should have special application in this centennial year. As we look back over this first hundred years of Confederation and measure the great material progress achieved it must occur to every Canadian that such progress could not have been possible without nationhood and a common purpose.

Second thought may also suggest that our national progress might have been inconceivably greater had there been fewer divisive influences at work and a truer spirit of brotherhood abroad in the land.

Most of us support the idea of the brotherhood of man but unfortunately not all make use of the idea as a guide to daily living. Animosities and prejudices continue to drive wedges between people and create discord and suspicion. This is true of the international scene and to a lesser extent in the nation.

It is most sharply apparent when it occurs at the community level and it is on the local scene that this ideal of brotherhood should be sought if only for the selfish reason of personal benefit.

Towns and cities blessed with a spirit of harmony and united purpose have a big jump in this day of industrial development over others which may have a less healthy spiritual climate. The community that is divided by petty prejudices may have all the natural and man made advantages new industry may be seeking, but it still may find progress beyond its grasp because its citizens are not pulling together.

The lack of harmony among fellow citizens is easily discernible and it is a deterent to community progress not only from the standpoint of additional payroll. Where divisive forces are at work every facet of community life is ill affected.

Not only during Brotherhood Week should we be striving to eradicate prejudice wherever it exists — in our own person primarily, in our own neighborhood, in our own community. This should be our aim every waking minute of every day if we would know the good life. There is no place for prejudice or back-biting in the person who would live by the golden rule. If we would do unto others as we would have others do unto us; if this was the motivating influence in the daily life of each of us, would we not enjoy a happier, healthier community feeling of togetherness?

Unhappily our human frailties are deeply ingrained. Though we work at being good neighbors and good citizens some measure of prejudice may persist in each of us to spoil the spiritual climate of our community.

The ecumenical spirit that sees people of various faiths now praying together could prove a giant step toward eradicating narrow religious prejudice. If the centennial theme could do as much to ease our racial rivalries this and every other Canadian community would benefit by a new appreciation of our common heritage and the similarity of our goals.

Aesop Brought Up To Date

Once upon a time says The Cobourg Sentinel-Star, before houses were built on Creighton Heights in Hamilton Township, Northumberland County, an ant worked hard all day on the rolling hills.

Through the long, hot summer the ant tugged and sweated in the hard chore of cutting grass. He laboriously carried his food over rough terrain to his home—a home he had constructed without artificial help or public assistance, a hole in the ground. Many trips the ant made from dawn to dusk to provide for himself through the winter.

While the ant moiled and toiled through the summer heat, a neighbor grasshopper watched. The grasshopper would indolently hop from one tall blade of grass to another, all the while singing the day away.

Winter came.

The ant had a whole bale of hay stored away down the hole, far from the onslaught of the great storms, safe and secure.

Information was laid by the grasshopper late in the year. The grasshopper, who had lazed away his summer, at Christmas time was without food and home.

"He was working long hours and taking away work from others", the grasshopper informed the Minister of Labor about the summer conduct of the ant. "He should share some of his wealth with me. I am his neighbor and have no place to put my head and I am without food".

The Minister of Labor cogitated. After long, expensive hours of deep thought he ruled that the ant be assessed for his activity in putting away too much in his own house. He placed a heavy tax on the hay in the hole.

After this was done the Minister of Labor called in the Prime Minister. This good man was shocked. He sought advice from his other ministers. He learned that there was not one but many grasshoppers all over Canada who were in similar plight, come Christmas, come winter, come all seasons of the year.

Said the PM: "This is a terrible thing. We must do something. There are many poor grasshoppers. This is depressing. They must live in depressed areas."

The Prime Minister expanded in all the majesty of human dignity:

"These grasshoppers are poor. We must help them."

These prophetic words got into the newspapers all over Canada.

The ant was chastised by the labor unions for not slowing down in his work, and the grasshopper was mightily praised for taking his case all the way to the PM.

After a long session of the cabinet the Prime Minister emerged from the meeting. TV camers flashed and microphones glittered through the corridor.

"Gentlemen," the PM pontificated, "I am happy to announce a new war. In Canada we're going to have a war on poverty."

NOT FOR WINTER USE

Go West, young man!" was the advice Horace Greeley gave to an earlier generation. In Alexandria the movement will be south, at least for recreation, if some people have their way.

They apparently want everything centred on the park, playground area, even to a big community centre which would contain a new arena. Even if the cost of such a complex wasn't prohibitive we see the location as all wrong.

The park and playground could be developed into an ideal site for summer sport, including the projected tennis courts. They would be spoiled by the presence of any building big enough to house an arena. There is no room for such if there is to be adequate space for ball diamond and other summer sports on the playground. An arena could be erected in the area only at the expense of green parkland and we have too little of that now. Much of the park area already is being devoted to car parking.

The roads leading to the area are not conducive to winter driving and an arena on the park would result in a nightmare for traffic on hilly Derby Street in icy weather. Drifting snow before the prevailing west wind would pose another problem and pedestrians would find a biting cold approach to an arena there.

The park and playground was intended for summer recreation and it should be fully developed as such. It is not suitable for winter sport.

HEAVY LOSS AT LACHUTE

The first issue of The Lachute Watchman to be published following the fire which gutted the plant February 2nd, brings us grim news of the enormity of the loss suffered by the Giles Publishing House. The exterior of the plant is intact but fire, smoke and water made a shambles of the interior. Much of the equipment is beyond repair, tons of newsprint and fine paper have been lost and a staggering job of clean-up faces the staff.

We can appreciate the setback suffered by Bob Giles and his sons for we faced some of the same problems just a year ago. Our damage was far less severe, but even a year later there is much to be done. The Giles plant was a much larger and more modern enterprise, publishlishing two weekly newspapers, and their problems will be much more involved than were ours. The death by asphyxiation of one of their employees adds an even more tragic note.

Their loss is felt deeply among their friends in the weekly newspaper field. That they were able to publish on neighboring presses one week later is an assurance that Lachute will not lose its fine newspapers and that members of the Giles family will continue to play their prominent role in the weeklies' fraternity.

TWAS A LONG SHORT MONTH

March will be with us next week and if it comes in like a lamb that will be most fitting after the February we've been through.

Your Rambling Reporter doesn't keep weather records with which he might compare average temperatures for this and past Februarys. He knows it's been a month of steady cold though, because his rambling has been held to a minimum and still he's found himself chilled to the bone too often for his liking.

It's been a chilly month with few breaks from the deep freeze and there has been snow in blizzard form to choke off traffic and stop the school buses. Must have been more unscheduled holidays for the High School kids this month than in most Februarys.

But time marches on and this February of centennial year will soon be history. The sun is in the ascendant and the daylight is with us a bit longer than it was back in January.

March will be most welcome and this year it brings an early Easter. We can hope for an early spring and a respite for overworked heating systems and handkerchiefs.

Glengarry Memorial Staff Enjoyed First Mixed Curling Bonspiel

Personnel of Glengarry Memorial Hospital, their wives, husbands and friends enjoyed a day of mixed curling, Saturday, on Alexandria Curling Club ice. Prizes for second runners-up from Lemay TV and Radio went to the rink of Audrey Henderson, Heather McIntosh, Albert Lauzon and Jack Trudel. skip.

Medical Arts Pharmacy prizes were won by the foursome of Raymond Charlebois, Gabriel Poirier, Marie-Paule Dumouchel and Charles Kitts, skip.

Supper was served by hospital staff members and entertainment was provided by Jack Hendrie, Deanne Poirier, Jean Gardner and Len Robinson.

LEGION-AIRES

Alexandria Branch 423

Greetings and salutations comrades.

Old man winter and his tempestuous outburst of February 16 was responsible for the postponement of the executive meeting scheduled that night and which will be held Friday, February 24th.

In appreciation. Once in a while we receive an appreciative remark or letter such as the following—Thank you Comrade Jack Hendrie. Dear comrades,

Being a member of our Legion, and an employee of our hospital, and a veteran myself, I saw one of our comrades going around the hospital giving our cigarettes, not only to veterans we have here, but to all male patients, which I think is quite a nice gesture.

It makes me proud to be a member of the Alexandria Legion. It gave me quite a "lift" myself when I saw the man in navy blue beret and blazer going around here on the weekend.

Keep up the good work, and good luck in your endeavor to keep people happy.

Sincerely yours,
(signed) Jack Hendrie

Of Mice and Men—

For you bearded braves who took exception to the ladies' uncomplimentary remarks about our motto "We Who Are Boss At Home" we submit the following encouragement. Since the last write-up two Legion members (veterans to the core) have asserted their status as "We Who Are Boss At Home". Larry Sicard is now sporting a fine stubble and will so on be invited to join the ranks of the illustrious "Bearded Braves".

The other fellow stood up before the missus, with a weekend's growth upon a determined chin and stoutly announced that he would henceforth assert his rightful place as "Boss At Home" and that the beard would stay. Well, he picked himself off the floor, retreated to the ablution room and did what so many red blooded Canadian males are apt to do "do as he is told". Well comrade, at least you tried, and that is more than a lot have done. Comrades, remember you still have time to join the Fuzzy Knights at their meeting on February 28th at the Legion Hall.

Of Things to Come—

Friday, February 24—Executive meeting at 8.30 with a social evening including the 50-50 draw.

Saturday, February 25, Richelieu Carnival and Legion Tug-O-War contest.

Tuesday, February 28—Meeting of the Fuzzy Knights or Bearded Braves.

Wednesday, March 1—General meeting.

Saturday, March 18—Inter Branch Get-together.

And now the Ladies' Auxiliary—

Eleven members and two guests, all good sports, enjoyed a Sunday bowling spree at the Alexandria Lanes and the following lucky ladies came up with the prizes: 1st, Yolande Gareau; 2nd, Gail MacDonald; 3rd, Emma Billes. Simone MacCuaig came away with the door prize.

Since last week's write-up, I have had a few suggestions made regarding the "Bearded Braves" motto "We who are boss at home". The suggestions are as follows: "We who think we are boss at home" and "We who are boss except at home". We are still open for further printable suggestions, ho! ho! ho!

Many Participated In First Winter Carnival At St. Raphael's

The first winter carnival held in St. Raphael's on Sunday was a roaring success as the newly formed Parish Youth Club and Father O'Brien programed a day full of activities for everyone.

Skating races opened the event with prizes going to Bobby McCulloch and Gail O'Connor (8 and under), Lois Allinotte and Brian McCulloch (10 and under) and Brian Joseph MacDonald and Linda Clement (14 and under). Debra McCulloch and Lois Allinotte won prizes for centennial costumes.

The junior set were completely taken up with the toboggan slide all afternoon while the Teen set circled the hills on ski-doos with Ronnie Menard and Marcel Goulet.

A real fun game was the broomball between the CWL and the parish girls. Whacking for the former were Mrs. Marcel Major, Mrs. Ronnie Menard, Mrs. Donald and Mrs. Jack McCulloch, Mrs. Maurice O'Connor, Mrs. Robert McDonell and Mrs. Hilda MacDonald. On the girls team which wound up a 1-1 tie, were Marjolaine Andre, Judy, Margaret and Helen Ann MacDonald, Isabel Pigeau, Estelle Macdonell, Monique Valade, Lorraine Levac. Simone Andre and Dianne Leger.

Bantam hockey featured St. Raphael's Knights of the Altar vs. St. Andrews with a 6-2 score in favor of the hosts. Early evening saw the girls' broomball team in action again, this time defeating Cornwall 4-2.

The parish men and boys lined up for the final hockey game of the day with Glen Roy downing St. Raphael's 7-4. Playing for Glen Roy were Cameron. Stewart, Gary, Jimmy and Brian Joseph MacDonald, George and Robert MacDonell, Donnie Cameron and Eddy Allinotte.

St. Raphael's men were Mac Brunet, Glendon and Raymond MacDonald, Clifford Pigeau, Ernest Emond, Robert Dore and Robert Leger.

A giant bonfire was the project of Paul Emile Andre, Joe Gareau, Angus McDonald, Paul Valade and Alex Chisholm. All gathered around it to join in a sing-song lead by Sr. Kathryn Cameron. Charlottenburgh centennial queen Bernadette Lalonde and princesses Brenda and Helen Ann MacDonald were present.

The day's activities ended in the parish hall with a record hop and old time music by the Cuthbert MacDonald girls.

St. Mark's Church, Etobicoke, was the setting for the marriage of Deanna Mary Howe of Apple Hill to Earl Joseph Lagroix of Toronto, formerly of Martintown. Rev. T. P. McKillop officiated at the double ring ceremony.

Miss Joanne Harrop accompanied the soloist, Peter Calvert, and the Glee Club of St. Raphael's School, where the bridegroom is principal.

The bride, given in marriage by Anthony Hegarty, wore a gown and matching coat of white cut velvet. The gown featured a fitted waist and A-line skirt and the coat had a slight train. A comb of seed pearls held her shoulder length veil and she carried a cascade of a single poinsettia surrounded by white and red candy striped carnations. Her only jewelry was a pearl droplet set in silver leaves, a gift of the bridegroom.

Mrs. Verna Calvert was matron of honor and Miss Anne Lagroix, bridesmaid.

Carl Lagroix, brother of the bridegroom, was best man and the ushers were Edwin Lagroix of Petrolia and James Howe of Martintown.

A reception was held at Columbus Hall, Toronto, from where the couple left on a honeymoon trip to Western Ontario. For travelling the bride wore a poodle cloth walking suit with black fur trim, black accessories and a corsage of baby pink rosebuds.

Out of town guests attended from Martintown, Ottawa, Kitchener, Waterloo and St. Thomas.

Pledged Vows At St. Andrews

GROVES—BEAUDETTE

Poinsettia, evergreens and ferns decorated St. Andrew's Church, St. Andrews, for the marriage of Audrey Beaudette of Toronto, daughter of Mr. and Mrs. Edmund Beaudette of Northfield Station to Dr. Bruce Groves of Uxbridge, son of Mr. and Mrs. Charles Groves of Maxville.

Rev. T. P. McLaughlin, of Toronto, officiated at the double ring ceremony.

The bride, given in marriage by her father, wore a high rise Empire bridal gown featuring a slim skirt of crepe, an appliqued lace bodice, Kabuci sleeves and shoulder train. A toque of lace fell into a floor length veil and she carried red and white carnations.

Patricia Beaudette of Guelph, was maid of honor and Joan Beaudette of Toronto and Lucille Beaudette of Cornwall, were bridesmaids. All are sisters of the bride.

George Runions of Maxville, was best man, and the ushers were Robert McIntosh of Maxville and John Beaudette of Northfield Station.

A reception was held at MacDonell's Inn, Eamer's Corners, after which the bridal couple left on a wedding trip to Nassau. For travelling, the bride wore a pink crepe dress with gold sequin trimming, and a short muskrat coat.

Dr. and Mrs. Groves will live in Uxbridge.

Out of town guests were from Toronto, Montreal, Ottawa, New Jersey, Cobourg and Guelph.

Showers were given by the women of Northfield Station at St. Andrew's Hall, at the home of Mary Thibeault and by the Nursing class 1963, Hotel Dieu Hospital. A party was also given by co-workers of North-western Hospital, Toronto.

Summary Day For Vegetable Course Held Here

A Summary Day for the project "Vegetables with a Flair" was held January 27, in Alexandria United Church Hall. Stormy weather and icy roads were responsible for a small crowd; however the women who attended the program were enthusiastic about their course.

Last fall the Home Economics Branch of the Ontario Department of Agriculture and Food held a two day Training School for leaders of women's groups in the county of Glengarry. Since that time these leaders have conducted classes for their own local communities. The Summary Day was the conclusion to these classes.

Miss Bessie Cumming of St. Lawrence Women's Institute, as chairman for the afternoon, welcomed all who came and assisted in introducing guests and leaders. One representative from each group attending reported on the highlights of their course and gave the number participating. Highlight of the afternoon was a film "A World in Your Kitchen" which featured the cuisine from several European countries and a North American version of each recipe.

Miss Barbara Foreman of the Home Economics Branch of the Ontario Department of Agriculture and Food, Toronto, was present and commented on the work that had been done. The County Home Economist, Mrs. Alison Murray, discussed a comparison of vegetable costs between frozen, fresh and canned vegetables. The results were revealing to those who had never actually compared cost per serving of various vegetables. The afternoon concluded with a vegetable buffet; each group having brought several dishes featuring vegetables.

The groups and leaders who participated in this project were:

Summerstown WI—Mrs. O. McGee, Mrs. W. Millar.

Lochiel CWL—Mrs. M. McCormick, Mrs. R. Theoret.

Alexandria UCW—Mrs. D. J. Baxter.

Glen Nevis CWL—Mrs. R. V. McDonald, Mrs. B. MacDonald.

St. Lawrence WI—Miss Bessie Cumming, Mrs. Alex Lalonde.

In union with millions of people all over the world, the women of Dalhousie Mills United Church, together with members of Glen Nevis CWL, observed the World Day of Prayer, at Glen Nevis parochial school.

After her address of welcome Mrs. John A. McLeod conducted the service of prayer and commitment.

Others leading in prayers of thanksgiving, confession and intercession were Mrs. Walter McCuaig, Mrs. Bernard McDonell, Mrs. Mary C. McLeod and Mrs. Ted. McNaughtan.

The theme of the service "and of His Kingdom there shall be no end" was commented upon by Rev. L. S. Woolfrey and Rev. Leo MacDonell.

Mrs. John J. McDonald chose to read a selection from St. John's Gospel Chapter 17 which emphasized the true spirit of ecumenism.

After Mrs. Mary C. McLeod received the offering Father MacDonell pronounced the benediction.

SPORTS in the GLENS

by ANGUS H. McDONELL

As we go to press our fellow townsmen of the Richelieu Club are applying the final polish to their major carnival being held this Saturday, February 25.

In fact, right now, carnivals are quite the sport fashion. Our neighbors to the east, Glen Robertson, have already staged their show while Vankleek Hill holds a carnival run these current few days until Sunday 26th.

Dalkeith takes over this time next week, Friday and Saturday. This is always a gala occasion up Dalkeith way.

Finally, it will be Maxville's turn come the middle of March and this program in the Indian Lands will carry through the entire week, March 15 to 21.

If memory serves us correctly plans for the Richelieu Carnival here will be more extensive than any in the past eras of Ourtown.

In our day, a carnival was, generally speaking, a hallowe'en style dress evening skating party in the days of Jack O'Halloran and later Vincent "Jack" MacDonald, Alexandria rink operators. We seem to recall that teacher J. T. (AHS) Smith engineered just such an evening the winter we had the rink in front of the old high school.

It is fitting that the Richelieu Club should give leadership to a local carnival and be largely supported. This is a French tradition and custom dating back many, many years and not only in Quebec province.

In 1772, when New Orleans became the capital of the French colony, Louisiana, Mardi Gras was originated and has become one of the best known festivals in the United States.

In postwar years, the revival by Quebec City has rejuvenated the carnival theme beyond the boundaries of Quebec, to a lofty international level. The peewee hockey tournament, one of the many week long attractions, has become a major part of minor hockey both in Canada and the U.S.

Starting tomorrow (Friday) Alexandria Minor Hockey officials should be working in conjunction with our Richelieu brethren by emulating Quebec City to a degree, staging an outstanding two-day minor hockey tournament. A tournament that would bring to Ourtown youngsters from near and far accompanied by their parents who would take home impressions that Alexandria is a great town, one of the most aggressive in Ontario.

But regretfully, that cannot be the case. We haven't even a rink for our own small fry, let alone become boosters of the Richelieu carnival by assisting with a major minor hockey tournament.

We hope the proverb "Everything comes to those who wait" may 'ere too long, bring a rink setting that will see a Richelieu carnival wind up its program in the glare of lights befitting the occasion.

WELL DONE MIDGETS

That was a breath of fresh (hockey) air that blew in from the East during the weekend cold spell when local sport fans learned that Ourtown's midgets won their first two games in Drummondville, Que., tournament to reach the quarter-finals. There they were eliminated by their old rivals from Buckingham.

Alexandria were in class "B" due to population rating and in their game were forced into overtime by Megantic. Andre (Glen Robertson) Poirier tallied twice while Hubert Morris added a single. In overtime veteran tournament campaigner PeeWee (Lochiel) Poirier scored the winner.

Our minor hockey youngsters then eliminated Preston (Western Ontario, 3-1 on goals by Andre Poirier, Peter Filion and Hubert Morris.

In the final with Buckingham, Hubert Morris came through with a hat trick while PeeWee Poirier and Peter Filion again counted singles.

Kevin (Lochiel) McCormick and Andy McNulty Jr. shared the net duties obviously quite well and were assisted on defence by Garry and Jimmy (Green Valley-St. Raphael's) MacDonald. Also, sharing the blue line blocking were Michael Boisvenue and Bruce MacCuaig.

Carman MacMillan replaced Gerry Simpson behind the bench as Gerry is confined to the sick bay. Andy McNulty, to borrow an insurance phrase, had the boys under his care, custody and control.

A fine and at times historical hockey heritage has been handed down to our present generation and last weekend's accomplishment is refreshing and reassuring that our traditions will be carried on with distinction.

JUNIOR "B" TO STAY

We gather that the recent sponsors of the Millionaires, the league leading Junior "B" club out of Maxville, became somewhat disenchanted with a top flight team in the St. Lawrence Junior Hockey League and decided to withdraw.

It is true that the crowds were not breaking any attendance records, however, this is part and parcel of hockey operations today, except the NHL of course.

That the player personnel and franchise was immediately taken over by veteran Maxville sportsmen Bill Coleman and "Doc" Munroe is a blessing. Glengarry requires a Junior "B" club to absorb the minor hockey graduates and for our money you won't find any more capable administrators than the Coleman-Munro combination.

With the NHL expansion, Ottawa now a member of the OHA Junior "A" and the flourishing Central Junior Hockey League, any young midget in Glengarry with a keen desire to improve his hockey talents will find this Junior "B" club the outlet for his ambitions.

Maxville, who finished in first place, are slated to begin the league opening round playoffs at home on Sunday. A fine fan attendance will not only help finances right now but will serve as encouragement for another year.

If you thought Pontiac was coming out with just another sports car, you don't know Pontiac!

Pontiac announces not one, two, three or four, but five magnificent new Firebirds for every kind of driving.

Now you can choose from five new Firebirds with the same advanced Pontiac styling, but with five entirely different driving personalities. And they all come with supple expanded vinyl interiors, wood grain styled dash, exclusive space-saver collapsible spare, bucket seats and wide-oval tires.

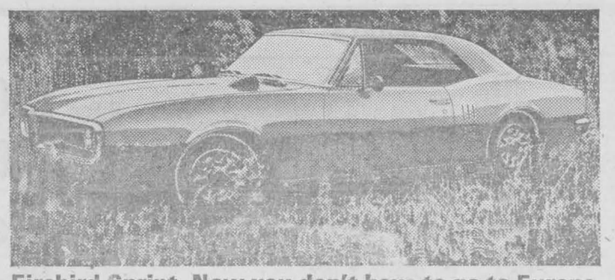

Firebird 400. Coiled under those dual scoops is a 400 cubic inch V-8 that shrugs off 325 hp. It's connected to a floor-mounted heavy-duty three-speed. On special suspension with redline wide-oval tires. This could be called the ultimate in grand touring. *After this, there isn't any more.*

Firebird HO. HO stands for High Output. As a split second behind the wheel will attest to. The Firebird HO boasts a 285-hp V-8 with a four-barrel carburetor, dual exhausts and sport striping. Standard stick is a column-mounted three-speed. Naturally, all Firebird options are available.

Firebird 326. Is there room for a family in a sports car? There is now. The excitement of a sports car with the practicality of a 326 cubic inch V-8 that delivers 250 hp on regular gas. Standard transmission is an all-synchro three-speed, but you can order an automatic.

Firebird Sprint. Now you don't have to go to Europe for a sophisticated road machine. This is the 215-hp version of our eager Overhead Cam Six. It's mounted on special suspension that practically welds it to the road. (Any road!) With a floor-mounted all-synchro 3-speed.

Firebird. This is our economy Firebird—with the same exciting options and interiors as the more exotic ones. It s Overhead Cam Six squeezes 165 hp from regular for inexpensive fun driving. See them all at your Pontiac dealer's.

All Maple Syrup Producers Asked To Advise On Forming An Association

Members of the area steering committee of Ontario Maple Syrup Producers met here Friday and decided to form an association if a sufficient number of area producers indicate interest.

The interim committee appointed at a meeting in Maxville, Jan. 1, was composed of: George Marjerison, president, Apple Hill; Rev. J. H. Ouimet, secretary, Greenfield; Bernard Besner, Dalhousie Station; Kenneth McDonald, Northfield Station; Barry McPhee, Vankleek Hill; George Raymond, Long Sault; Omer Seguin, L'Orignal; and Arnold Scott, Apple Hill.

At Friday's meeting, George Raymond read from the records of the Perth Syrup organization instructions for forming an association. Discussion continued and each presented his problems in the syrup-making industry.

If an association is formed, provincial grants could be applied for in the extension of producing maple syrup in Eastern Ontario.

The committee, therefore requests all producers to write to the president, George Marjerison, Apple Hill, immediately, stating whether they intend to tap trees this year, how many, and if they would like an association formed in this area.

The committee proposes to contact the Department of Lands and Forests' representative who will assist in preparing a newsletter to be sent to all known producers in the three United Counties, Prescott, Russell and part of Carleton.

According to the 1961 cesus there are 273 producers in the above-mentioned district. A general meeting for all producers and interested persons is being planned for about March 15 and will take place in Alexandria. The date and meeting place will be announced when plans are finalized.

For first-class syrup it was thought that the general public should expect to pay $7.50 per gallon. If there is any doubt about the quality of syrup sold by house vendors, the buyer should ask to see their licence, for all producers should be licensed.

The working committee is very anxious to continue the work started at the Maxville meeting and take advantage of government interest in the development of this Canadian product. "If any producer should not receive the newsletter," said Father Ouimet, "please contact the president, for a mailing list is only in the process of being compiled."

Funeral Held H. J. Cuthbert

The funeral of Hugh James Cuthbert was held Friday to St. Finnan's Cathedral and vault. A respected and lifelong resident of the Alexandria area, Mr. Cuthbert died Feb. 13th at the age of 73.

The funeral mass was chanted by Msgr. D. A. Kerr in the presence of relatives, friends and neighbors.

Pallbearers were: John Peter McDonell, Rolland Periard, James C. McDonald, John J. McCormick, Alexander Kennedy and Alexander McDonald.

The son of Angus Cuthbert and his wife Catherine McDonald, Mr. Cuthbert was born at lot 31-3rd.

Surviving are two brothers and one sister: William Joseph Cuthbert of Sydney, CB; Charles A. Cuthbert, Niagara Falls, NY; Rev. Sister Cuthbert, RHSJ, Cornwall. A brother predeceased him, Archibald in 1914 and a sister Rev. Sr. M. of St. Angus of the Holy Cross, in 1950.

denominations, associations and industry.

A four and a half per cent dividend was declared on full shares, also an interest rebate of 10 per cent was voted on loans.

A financial statement for 1966 shows a net profit of $1,653.94.

Member shares totalled $18,023.11, while member loans were $14,436.83. Interest from member loans for the past year was $2,128.76.

"Since the beginning of time people have lived on credit, which has regulated the flow of commerce," said Peter Manley, guest speaker. Mr. Manley congratulated the executive on the business-like meeting and the process of enlarging — to add strength to your union will help the people you are about to ask to help themselves."

"If you don't need money for college, a home or retirement, then save for self-confidence. The state of your savings does have a lot to do with how tall you walk," he concluded.

The 1966 executive is Hugh A. McDonald, president; Marcel Pattyn, vice-president; Angus R. MacDonell, secretary; Gerald McDonald and Archie O'Connor, directors; John Paddick, Rod MacDougall, Vincent Barker, supervisory committee; Frank McLeister, John Proulx and Lyall Costello, Credit Committee. Donald Edward MacPhee continues as treasurer-manager. President McDonald explained the Group Life Insurance and Life Savings Plan provided by credit unions, the amount of coverage afforded on any member's insurable balance being determined by the member's age.
