## Safe Stolen At Mac's Motors

Donald MacDonald of Mac's Motor Sales, Lancaster, estimates his loss at between \$300 and \$400 in the break-in during Sunday night when burglars took the firm's safe.

It was recovered late Monday morning by Ontario Provincial Police officers on a sideroad near Riviere Beaudette, Que., 12 miles east of Lancaster. Important papers in the safe have been recovered, we are informed.

The nifty thieves apparently rolled the heavy safe through a brightly lighted front door of the garage sometime during Sunday night or early Monday morning, and loaded it into their truck or car.

Mr. MacDonald reported he entered the building about two o'clock Monday morning to give a customer his car. He said he noticed mats on the floor had been rolled up, presumably to make the safe roll more easily, but thought little of it. He discovered the missing safe early in the morning.

Constables Lawrence Kell and L. A. Miller of Lancaster OPP are investigating the case.

## New Auto Parts Store At Lancaster

Lancaster will have a new retail outlet on Monday when Harold Demoulin opens his Automart associate store, which will handle "everything for your car, truck or tractor". His announcement ad appears on another page of this issue.

Mr. Demoulin will also continue operation of his Fina Service Station and Restaurant on Highway 2.

## Rev. J. M. Fleming Died At 80

Minister at Alexandria United Church from 1942 to 1950, Rev. John Maclean Fleming died suddenly at his home in Minden, Ont., December 22nd. He was in his 81st year.

Rev. Mr. Fleming was born in Paisley, Scotland, where he received his education, which was completed in Glasgow and at Queen's University, Kingston.

After preaching with evangelical groups in Scotland he emigrated to Canada, where he became associated with the Baptist Church and later with the United Church.

During his ministry at Minden and Carnarvon in 1934-41, the charge, which had been a home mission, became self-supporting.

After serving at Wilfrid, Pefferlaw and Alexandria, he retired to Minden, where he became a familiar and well loved figure in the community.

During his retirement he again served at Minden and latterly at the Kilmount and Burnt River charge.

Masonic service was held on Friday night, December 23rd, at the John Welch & Son funeral home and funeral services from Minden United Church on Saturday, December 24th.

Ministers in charge were Rev. D. Staples, Rev. H. G. Lester, chairman of the presbytery, and Rev. M. C. Fisher of Fenelon Falls.

Rev. Mr. Fleming is survived by his wife, the former Agnes Kennedy; two daughters, Mrs. Reg. Foster (Ena) of Scarboro; Mrs. Claude Brown (Margaret) of Minden; and three sons, Rev. Ian Fleming of Georgetown, Duncan of Toronto, and Gordon of Peterboro.

Interment was in Minden cemetery.

Many friends he made while serving in the local charge will regret to learn of the death of Rev. Mr. Fleming and extend sympathy to his wife and family.

## Glengarrrians In Burns' Night At Pembroke

(Contributed)

The Scots of Pembroke and district were out in force recently to honour the memory of that revered bard, Robert Burns. An enthusiastic, kilted and plaided crowd shared a lively evening of food, verse, song and Scottish country dancing.

If the musical brogue of the Highland-born, addressing the Haggis and reciting verse, left a few of us feeling a bit "watered down", our hearts were cheered to see our own Glengarrrians share a prominent part in the proceedings.

Grant Campbell, M.P. for Stormont (and "Glengarry" as he was introduced), proved as able a dancer of Strathspeys and Reels as he is an after-dinner speaker and student of Burns. Another Glengarrrian, Bruce Ross, formerly of Lancaster, was the proud bearer of the Haggis, as it was piped ceremoniously around the hall. In neighborly fashion, Bruce also thanked the guest speaker. It just goes to prove the words of Burns:

"That man to man, the world o'er Shall brothers be for a' that."

Sub-zero weather will not be a problem for Archie N. MacDonald, of Glen Nevis, for the next 18 months. Archie left Sunday, via New York City, for Liberia, in West Africa, where he will be on railroad construction.

## Father Of Ten Heart Victim

Father of 10 children ranging in age from two years to 18, Rene Poirier, Glen Norman area farmer, died suddenly at his home early Friday afternoon. He was 44.

Mr. Poirier had been working in his woodlot that morning and had complained of not being hungry at lunch time, shortly before he dropped dead. Word of his passing came as a distinct shock to a wide family connection and many friends.

The late Rene Poirier was born at Alexandria, a son of the late Edmond Poirier and his wife, Elizabeth Seguin. Married in Montreal in 1940 to the former Marie Louise Lalonde, he moved four years later to his father's farm on the Glen Robertson road, east of Alexandria. He had been on his present farm in the Glen Norman area for the past four years.

A member of Glengarry Council, Knights of Columbus, Mr. Poirier had many friends who learned with regret of his untimely and unexpected passing.

To mourn he leaves his wife, five sons and five daughters: Eugene, Robert, André, Guy, Michel, Francoise, Denise, Pierrette, Carole and Thérèse, all at home.

He also leaves two brothers and five sisters: Roland, Alexandria; Gerald, Montreal; Mrs. Albert Lauzon (Germaine), Alexandria; Mrs. Ronald Proulx (Jacqueline), and Mrs. Lorenzo Savaria (Fernande), both of Brownsburg; Mrs. Lucien Brisson, Hawkesbury, and Miss Claudette Poirier, Vankleek Hill.

The largely attended funeral was held Monday morning from the Marcoux & Morris funeral home to Sacred Heart Church and St. Finnan's vault. Rev. Sylvestre Theoret chanted the Solemn Mass of Requiem, assisted by Rev. Hollis LaPierre and Rev. Arthur Bedard. Present in the Sanctuary were Rev. J. D. McPhail and Rev. Leo MacDonnell.

The pallbearers were: Donat Lalonde, Maxime Lalonde, Roger Lalonde, Marcel Deguire, Edouard Quenneville and Leonard Robinson.

Many floral pieces, Mass cards and other evidences of regret and sympathy were received by the bereaved family.

## Church On Hill Had Good Year

The annual meeting of the congregation of the Church on the Hill, Alexandria, was held in the Sunday School hall. The minister, Rev. C. H. Dawes opened the meeting with a brief worship service and tabled the reports of the various church departments.

Harold Stimson was returned as church treasurer and presented a satisfactory financial picture which included the receipt of three bequests. D. N. McRae and John Grant reported on the cemetery fund. Mr. Grant noted the many improvements to grounds during the past summer. The congregation moved a vote of thanks to Mr. Grant and his committee for the splendid work done.

The report of the W.A., read by Mrs. Louis Shepherd, revealed the many and varied activities of this group.

Mr. Dawes reported for the Sunday School, and Mrs. Dawes for the W.M.S., the Mission Band and the Baby Band. Others who gave reports were Mrs. Leslie Welch, C.G.T.I.; Miss Marion MacLeod, Bible Society; Leslie Welch, committee of Stewards and Board of Trustees, and Louis Shepherd, building fund; Mrs. Grant Whitehead, Missionary and Maintenance Fund.

Tom Hay, Louis Shepherd, J. Y. Humphries, Leslie Welch and D. N. McRae were re-appointed to the Board of Trustees.

Members of the Session include Dr. J. Y. Baker, R. J. Graham, Lorne Hall, Thos. Hay, D. A. McRae, D. N. McRae, D. O. MacDonnell, Bruce Ross and Rev. C. H. Dawes. Messrs. Hall, D. O. MacDonnell and Ross were inducted during 1960, having been elected by the congregation.

## Counties Council Grants \$50,000, Improvements McDonnell Memorial

As the Jan. session of Counties Council ended last weekend, Council made a number of grants, including a \$50,000 grant for renovating, improving and equipping MacDonnell Memorial Hospital.

The grant to the hospital is to be paid in three instalments: \$10,000 in 1961, \$20,000 in 1962, and \$20,000 in 1963.

The money will become a debt on the rateable property of the United Counties. Rateable property is assessed at a value of \$47,603,901, while the counties existing debenture debt is \$655,835.

Clerk-Treasurer L. C. Kennedy was granted an increase in salary of \$1,000 per year.

Warden James N. Fitzgerald and Mr. Kennedy were authorized to sign an agreement with Ontario Hydro. Under the terms of the agreement, the Department of Transport will build a section of road at Long Sault for Ontario Hydro. The road will be assumed by the counties upon completion.

Council granted \$700 to Warden Fitzgerald to help defray expenses during his tenure of office.

J. B. McKay, editor and publisher of The Standard - Freeholder, discussed with the finance committee the possibility of having better coverage of council activities. He suggested a reporter might sit in on some committee meetings so that the press would have a full back-

ground of the discussions.

The finance committee filed a request from the Glengarry Historical Society, asking for money to support a museum at Dunvegan.

Warden Fitzgerald was delegated to attend meetings of the March of Dimes Rehabilitation Foundation.

At the request of counties agricultural representatives, council granted \$600, \$200 to each county, for the purpose of eradicating and controlling buckthorn and barberry.

Council passed a resolution asking the provincial government to amend a section of The Highway Traffic Act limiting the width of loaded (Continued on Page 4)

## New Heating Plant For Armouries

A natural gas heating system is being installed in the Armouries, here. It will have unit heaters in the drill hall and other units in the front rooms. A Cornwall firm is in charge of the installation.

Captain Harold Stimson reports there are now some 60 on Company strength taking regular training and a course in national survival. On Brigadier Bailey's last inspection visit to the local unit 18 were presented with First Aid certificates on completing that course.

## LEGION NOTES

A motion was passed and unanimously approved at the general meeting of Alexandria Legion Branch last night, authorizing the purchase of sixteen pairs of socks, sweaters, crests and numbers for the Alexandria Bantam hockey team. The equipment is to remain the property of the Legion.

Comrade Larry Sicaud gave a lengthy and informative report on Legion Welfare services encompassing a large field of work involving the establishment of claims for compensation and pensions on behalf of over forty veterans in the area and their dependents. A vote of thanks and appreciation was extended to Comrade Larry for his untiring efforts in looking after the interests of disabled veterans and for the exceptionally fine and efficient manner in which this very important service is being performed. The president commented on how fortunate the branch was in having a service officer of Comrade Sicaud's type and ability for this service.

A delegation comprising the president, Comrades Villeneuve and MacCuaig met with officials at the LCBO in Toronto on Monday to discuss plans for finishing the basement of the proposed addition to the Legion quarters. The architect and registrar of the LCBO gave them a very good welcome, and Provincial Command of the Legion entertained them royally.

Legion members desirous of entering the cribbage and dart tournaments are requested to sign the card at the Legion Clubrooms. The tournaments terminate on the 20th instant.

The attendance prize was won by Comrade Leo Massie.

MAJOR ANGUS McDONALD, P.R.O., Branch No. 423.

## New Seven-Figure Phone Numbers In Use Sunday, Lancaster Exchange

All customers served by the Lancaster telephone exchange will get completely new, seven-figure telephone numbers on Sunday, February 5th.

The new numbers, which are listed in the new telephone directory, will consist of the exchange prefix 347 and four other figures, Larry Holtby, Bell Telephone manager for this region, said today.

Mr. Holtby said the number changes are necessitated by the expansion of the Lancaster exchange and the replacement of the present dial equipment by more up-to-date equipment. The number changes February 5th will coincide with the inauguration of the new equipment.

In addition to Lancaster, the exchange serves Bainsville, Dalhousie Mills, Dalhousie Station, Glen Gordon, Glen Nevis, Riviere Beaudet, St. Raphael, St. Telephore, Williamstown and vicinity.

Enlargement of the exchange and installation of the new equipment will enable Bell Telephone to reduce the number of customers sharing each multi-party line, as well as provide more facilities for individual and two-party service. It will also provide sufficient facilities for future growth of the area.

The new equipment will also pro-

## No Snow Removal In January

There is no hint of any let up in the cold spell which set in almost three weeks ago and has seen above - zero temperatures during only one night of the past 15. The mercury hit its low point Sunday, January 22nd, when it dropped to minus 23 degrees.

Only good point to be said for the weather in January was the absence of snow which made travel more convenient and held down snow removal costs.

Highway Patrolman Alex Stewart reports his plows were out early in January to push back banks. But they have not been called out for a real snowstorm all month.

Alexandria, which spent some \$2,500 on snow removal in January, 1960, spent not one dollar during the month just past, reports Mayor Simon.

## Hog Cholera Restrictions Lifted

Ottawa, Jan. 30.—Restrictions on community sales of pigs in Eastern Ontario were lifted today by the Canada Department of Agriculture because of improvement in the hog cholera position. No outbreaks have been reported from Ontario since December 29th.

The last cases of hog cholera reported in Canada were from Arthabaska and Yamaska counties in Quebec on January 25th, two small herds being involved. Restrictions on the movement of swine in infected areas in Quebec remain in force.

The hog cholera score since early October, 1960: 147 premises infected; 20,187 swine slaughtered, \$524,000 compensation paid. Two infected premises were reported in New Brunswick on January 16th, and one in Nova Scotia, January 20th.

vide improved "Information" service and better facilities to report telephone line trouble to the "Repair" service.

Another advantage is that customers in communities that have Direct Distance Dialing — Cornwall, for example — will be able to dial long distance calls direct to telephones in the Lancaster exchange.

Mr. Holtby asked customers to dial the complete seven-figure number when making a local call, and to give the full number to the operator when making a long distance call.

The manager explained that the seven - figure numbers to be introduced in the Lancaster exchange will conform to the new All Number Calling (ANC) telephone numbering system which is being introduced gradually by telephone companies throughout Canada and the United States.

He also said that the Area Code for this region (613) is now shown on the number disks of all Lancaster telephones, just above the telephone number. This three - figure Area Code is part of the customer's long distance number and should be included when telephone numbers are given to persons out-of-town.

## Counties Road Allocations Set At 700,000

Counties Council passed by-laws, Friday, approving County Engineer J. G. Cameron's \$700,000 budget for work on county roads and bridges during 1961.

The Ontario Municipal Board must approve the budget before any money can be spent.

Of the total estimated expenditures, \$340,000 is allotted for the construction of roads, and \$290,000 is for maintenance of roads, bringing to \$630,000 the amount of money Mr. Cameron expects to spend on county roads.

Mr. Cameron estimates \$35,000 will be spent on construction and maintenance of bridges and culverts, and \$35,000 will be spent to buy new machinery.

To help finance road work until taxes are collected, Council authorized Warden James N. Fitzgerald, Reeve of Maxville, and Clerk-Treasurer L. C. Kennedy to borrow \$600,000. Council also authorized the warden and treasurer to borrow \$275,000 to meet current expenditures.

To comply with The Highway Improvement Act passed in 1960, Council appointed six councillors to a Road Committee designed to direct work on the county road system.

Councillors appointed are Mahlon Zeron, Reeve of Matilda, for five years; Kenzie MacGillivray, Reeve of Finch Township, for four years; Gerald Brunet, Reeve of Charlottetown, for three years; Donald Kyle, Reeve of Williamsburg Township, for two years; John L. McDonald, Reeve of Cornwall Township, for one year; and Warden Fitzgerald.

Council accepted the resignation of Roy MacMillan from the Advisory Road Committee.

On the recommendation of the roads and bridges committee, Council passed a motion to increase the payment for land purchased when the counties are widening roads.

The policy was to pay \$1 per rod, plus double the assessment of such land. Council decided to increase the payment to \$1.50 per rod plus double the assessment.

Council passed a by-law designating certain portions of three county roads as through roads. The roads in question are:

(1) County Road 16 from the northerly limits of the City of Cornwall, 17 miles to the intersection with County Road 15 in Roxborough Township.

(2) Suburban Road 18 from the intersection with County Road 16 at St. Andrew's West, 22 miles easterly through Martintown to the Quebec-Ontario border.

(3) County Road 15 from the northerly limits of Highway 2, 23 miles north to the intersection with Suburban Road 16.

## Drive Nets 341.90

Braving sub-zero weather, Monday evening, the mothers marched in the March of Dimes drive to collect \$341.90. This compared favorably with the \$332 netted a year ago for the same cause.

Captains of the drive in the three wards were: North, Mrs. Herman Parsons; Centre, Mrs. Bernard Villeneuve; South, Mrs. Oscar Gareau.

— IT'S OUR OPINION —

## Not Even A Penny For Glengarry

Finance Minister Fleming presented to the House of Commons last weekend his estimates of federal spending for the fiscal year 1961-1962. The estimates provided a breakdown of expected spending by the various departments of government, including the Public Works Department.

A record \$6,730,328,182 dollars is to be spent by the federal government in the year ahead; this in addition to the supplementary estimates that undoubtedly will be added later.

As is invariably the case, not a cent of the millions of dollars budgeted for Public Works is destined for Glengarry. Harbor development in Cornwall is to be started with a \$300,000 outlay of federal funds; but of the nearly seven billions of dollars pouring out of Ottawa in the year ahead this county will get only its share of the welfare state, and other grants common to all of Canada.

From the close to two billion dollars to be spent in the name of Defence, Alexandria may get some patching for the roof of the Armouries, another new heating system or flagpole, redecoration that is not of vital necessity.

We discount such federal expenditures that come our way because we realize what a terrific task it must be for the defence department to get rid of all those hundreds of millions it is expected to spend each year without having to defend its expenditures. The General Staff and its minions seem to have a special genius for finding ways and means to disperse the hundreds of millions the federal treasury unquestionably provides it each year, whether or not any defence is provided in return.

We are rather proud of the fact Glengarry is not feeding from the public trough our taxes help to provide. It appears to indicate a certain self-reliance among Glengarrians; a feeling that we can fend for ourselves and are too proud to accept charity, even when proffered so eagerly from the public purse.

That might be a picture to take pride in if it were not clouded by the waving hands of so many of us, reaching eagerly for all the government will hand out. The Welfare

State is taking 25 cents of every tax dollar Canadians pay into the federal treasury. And it will take another hunk of taxes when the politicians get around to providing the people with what they term a "free" medical plan.

Study Mr. Fleming's estimates a bit and you will cease to wonder why Canada's economy is coming to a halt; why our forward progress is assuming the proportions of a recession.

Of the nearly seven billion dollars Ottawa will collect in taxes in the year ahead, more than half will be spent for welfare benefits and defence. Most of the rest will go into financing the national debt, paying the costs of our vast government services, providing grants to the provinces in lieu of taxes and other such devices more calculated to win friends than influence people to produce more.

Mr. Fleming's estimates are much too high, as have been those of his predecessors in the Finance post. Government is siphoning off so much of our incentive, and wasting it so wantonly, that it has left the guy with any go without any goal. His drive must slow when he finds all his profits are going to give-away government.

Happy we are to note that none of the federal treasury's dollars are flowing directly back to Glengarry. Happier we would be with Mr. Fleming's estimates, if they indicated the government at Ottawa was even aware of the basic cause of our recession.

Canada is a young country whose overhead is too high. If, collectively, we spend more than we can afford we are headed for what was once called the poor house. That is where the government is leading us now with its estimates of expenditures that have no relation to our earning power.

Where are we to seek an administration that will estimate its receipts, before budgeting its estimated expenditures? That is what the ordinary taxpayer has to do if he is not to become another ward of the Welfare State. Mr. Fleming's estimates seem destined to continue the trend to wards, toward the day when no taxpayers will be left.

## We Don't Use Disappearing Ink

An enterprising salesman of newspaper advertising has come up with an interesting selling point.

What, he suggests, if your newspaper message were to be delivered to your customers in newspapers printed with disappearing ink?

The customer would have to be on hand when the paper was delivered and would have to read your message within 5 to 10 seconds or it would be gone forever, like a radio or TV message.

You, Mr. Advertiser, would quickly cry "No" and demand a return to the normal regular newspaper which can be picked up at any time by the customer to be read and re-read at his or her leisure.

That longevity of the printed advertisement is the reason why newspaper advertising is steadily on the increase despite the competition of television and radio. Radio's

spoken message is gone before you have had time to grasp it. The TV commercial flashes before one's eyes and a minute later one may not be certain whether it was aspirin, or anacin, or bufferin that was reminding you of triphammers on your skull. Only the printed word in your newspaper can guarantee readability and re-readability.

We have no intention of experimenting with disappearing ink. We appreciate the advantage we hold over other mediums of advertising and we have just recorded the heaviest January advertising in our history. It's certainly not the time for so drastic a change.

But that bit about disappearing ink is interesting to speculate on. And it graphically emphasizes the reason smart merchandisers continue to prefer the newspaper as the advertising medium that has the best pulling power.

## I'm Mad Too!

(Reprinted from Western Union Safety Bulletin)

It could be that you are the person who wrote me that letter the other day. You really told me off. You said one of my dumb highway patrolmen had given you a ticket for speeding when you had a legitimate reason for being in a hurry.

According to your letter, which you didn't sign, you think the highway patrol could make better use of its time by chasing down the real menaces to highway safety, instead of citizens like yourself.

Oh, you were quite indignant. Well, now, let me tell you something. I'm mad, too. I'm mad all the time, although my anger is not directed at you alone. So far as you're concerned, I'm happy that we were able to slow you down before you killed yourself — or maimed somebody else who was driving carefully to protect both himself and you.

I wish you had to go with me some time to the scene of an accident. I would like to make you stand beside me, and watch the pitiful flopping of a man dying in a barrow pit, or help scrape up the bits of bone and mangled flesh of a whole family and put them into baskets at a grade crossing.

You said the officer who gave you the ticket didn't argue with you, but that his manner was insolent. I doubt that he was insolent if he didn't argue with you. He was merely concerned — concerned with

your safety and the safety of the hundreds of others on the highway.

You say you were driving safely? That's what the woman thought a few months ago when she overturned on an icy strip on the highway not more than 500 yards from where you said the patrolman stopped you.

If that patrolman had been there and cautioned that woman before she hit the ice patch at seventy-five miles an hour, she would still be here; her children would have the affection of their mother and a husband would have been spared unnecessary grief and cost.

What do you expect a cop to be anyhow? Do you want your highway patrolmen to smile at a speeder, knowing that sooner or later he will cause an accident?

Look in the truck cab at the roasted body of a driver who overturned while trying to let a hurry-boy pass without crashing into the oncoming automobile. Smell his hair burning, experience that nausea that comes from smelling burned flesh, and then tell me to let a reckless driver off easy. You tell the widow of the truck driver her man has been killed because somebody else was in a hurry. Look the truck driver's kids in the eye and try to explain why their dad won't be home.

Chief, Colorado State Patrol.

## WITH OUR RAMBLING REPORTER

by ED.

One thing you get by patting yourself on the back is a lot of elbow room.

### A CONCRETE SUGGESTION

We like to do our rambling on real concrete sidewalks come summer, but the cement variety is getting scarcer and scarcer in this town. Black-topping seems to be the style these days, and we don't like it; especially when the unsightly stuff is used in patching just parts of a street.

We seem to have got away from cement walks because of the notion some of our town fathers have that road salt will eat away a concrete walk while the blacktop is impervious to it. And that notion, some people hold, stems from the experience with the Kenyon street west sidewalk which certainly didn't hold up.

Road salt was blamed for the crumbling but there are those who claim the concrete didn't stand up because the walk was laid when the weather was too cold for the cement to set properly. As evidence they point to cement walks along Main street which show no ill effects from the road salt.

We wouldn't know, but we think Town Council should get some unbiased, expert opinion on the inroads of road salt. If good concrete will stand up let's go back to building attractive walks, even if they cost a bit more than ugly black-topping.

That decision should be made before Spring when the natural gas people will be replacing a lot of blacktopping with permanent walks. Our vote is for the concrete variety.

Some girls like a man with a past, some like a man with a future, but they all go for the man with a present.

### TEAM IN GOOD FORM

Awhile ago your Rambling Reporter was commenting on the fine choice of phrase used by the mayor of Uxbridge. The new council of that town includes three of the fair sex, among them the editor of the local paper, and in his opening remarks at the inaugural meeting the mayor observed "that this should be a well-rounded council".

It seems others of the fraternity who know the new editor-councillor in Uxbridge put in their own two pennies' worth. In commenting on this comment in her column last week, the editor quoted a similar fine choice of phrasing.

Seems "The Monthly Nudes", a news letter put out by the Oakdale California Nudist Camp was reporting on the activities of its volleyball team. It came up with the report that its volleyball team made 'a very fine showing' in a recent tourney.

It might have added that the players were 'right on their toes' when they 'barely' emerged with a victory. We're left wondering, too, if the losing team ran for cover.

The first thing a smart new secretary types is her boss.

### NICE, CLEAN FUN

A few weeks ago the editor was editorializing about crime and he suggested that the penalties for possession of revolvers and other offensive weapons should be made heavy enough to discourage the criminally inclined from carrying them.

His mail last week included a letter from a reader in northern New York who enclosed the clipping of a news report out of Plattsburg.

A 29-year-old woman in that area was sentenced to from one to three years for discharging a fire-arm, a misdemeanor. Seems she tried to shoot a book of matches from the head of another woman, but didn't quite make it. The bullet was a bit low and creased the woman's scalp. Sheriff's men found four bullet holes in the house. The marksman had warmed up for the final head shot by shooting a cigarette from the fingers of a man in the party, then potted an empty beer bottle from atop his head.

His correspondent lightly chides the editor for trying "to deprive good people of nice clean fun". He also got taken to task by one of his fellow editors who is something of a nimrod and didn't like the thought of being legally restrained from going out in the woods each fall to get shot at.

Heck, it wasn't the hunters the editor was gunning for in that (Continued on Page 3)

BRING THEM — DON'T SEND  
THEM — TO THE CARNIVAL  
(A Guest Editorial)

The annual Carnival will be held in Jubilee Rink on Friday evening, February 17th, it was decided at a meeting of the Minor Hockey executive held Friday at the King George Hotel.

It is expected that parents will please support the efforts of the executive by coming to the Carnival and bringing their children. Don't send your children—BRING them.

It is the same group of people who support and organize Junior hockey, Minor hockey and all our sports programs aimed to keep our children interested and off the streets.

When they are at the rink you know where they are, so please say thank you to your organizations by supporting same.

United Church Had  
Successful Year

What were regarded as very satisfactory reports and financial statements were presented at the annual meeting of the Maxville United Church, following a pot luck supper last Wednesday. Rev. D. C. Munro presided, and C. G. McKillican was recording secretary. The total amount raised by the congregation for all purposes, local and missionary, was \$13,491.00.

A substantial balance was remaining after all obligations had been met for 1960. Particularly noteworthy were the missionary and maintenance fund, \$1,812.00. Afternoon and Evening and the Kenyon WMS societies, along with Mission Band and Baby Band, contributed \$1,675.00. Including a bequest from the late Mrs. D. H. Kennedy, the total for missions was \$3,487.00.

The Woman's Association, with Mrs. Hugh Smith as president, reported an excellent year of work, which included many improvements around the church building and manse. This organization raised \$1,475.00.

The young people of the Sunday School class, under the leadership of Mrs. William Wilkinson, and the superintendent, Gordon Winter, raised \$436.50 for the erection of a Maxville United Church cabin and for the building of the Narcisse McLean Memorial Hall at Camp Kagama on Morrison Island. The Sunday School also gave \$73 to the M & M and \$44 for White Gift Sunday.

The minister's records show that he officiated at nine baptisms. (Continued on Page 7)

IT WAS ENOUGH TO  
MAKE A BIRD WALK

Some of man's early attempts at flight might well have left the bird population shaking their heads.

But man has made amazing progress in aviation and today it's the birds who are left behind.

Here in Canada, with our vast distances, we rely heavily on

## Alexandria Squirts Won Honors Annual Tournament At Maxville

Maxville's Minor Hockey Association played host to eight area Squirts teams on Saturday when the under-10's from Alexandria captured the honors, winning their three games.

Teams taking part were Winchester, South Mountain, Lochiel, Alexandria, Maxville, Moose Creek, Cardinal and Glen Walter.

Maxville Reeve and Counties' Warden J. N. Fitzgerald faced off the puck for the final game which saw Alexandria Squirts facing the host Maxville squad. The locals, coached by Mrs. Gwen Morris, won 7-2 to capture the Hiram's trophy. Each member of the runner-up team will receive a crest.

Paul Poirier of Alexandria had a big day, scoring 14 goals for his team. Moose Creek defeated Lochiel 6-1 in the first contest which got underway at 9 a.m. in Maxville's celebration of Minor Hockey Week in Canada.

Alexandria walloped Winchester 17-0 in the second contest. Cardinal downed Glen Walter 3-2 in

the third game and Maxville beat South Mountain 6-1 in the fourth. The first round of the semi-finals got underway at 1 p.m. with Alexandria shading Moose Creek 4-2. Then Maxville walloped Cardinal 8-0 to set the stage for the finals.

Members of the Alexandria squad were: Raymond Poirier, Hubert Morris, William Villeneuve, Billy Morris, Jacques Lauzon, Wayne MacMillan, Brian Libbos, Paul Porrier, Bruce McCuaig, Peter Filion and Lyle Ladouceur.

Officials for the day were Neil Scott, Don Gamble, Jr., of Maxville, and Lionel Dubeau, Apple Hill.

### McSweyn Signs With Canadians

Ralph McSweyn, McCrimmon hockey hopeful, signed a contract with Ottawa-Hull Canadiens last weekend, we understand. He is to report for play this Sunday, but has not yet been informed what team in the Canadian chain he will be playing with.

### Lady Curlers Decide Trophies

Play for the Alexandria Ladies' trophy was completed at the Curling Rink Tuesday night when the rink skipped by Mrs. Aime Menard won the honors. Playing with Mrs. Menard were Miss Jeannette Crevier, third; Mrs. James Graham, substituting for Mrs. Laurent Crevier, second; Mrs. Real Theriault, first stone.

The rink skipped by Mrs. Roger Roy won the Challenge Cup, Sunday night, in competition with the rink of Mrs. Dallas Grant. Other members of the winning rink were: Mrs. Lloyd Renaud, lead; Mrs. Ronald Menard, second; Mrs. Duncan Macdonell, third.

Playing with Mrs. Grant were Mrs. Alex MacNaughton, Mrs. Peter Bonneville and Mrs. Don Snider.

Playing at Ottawa, Monday night in Governor - General competition rinks skipped by Aime Menard and Roger Roy were eliminated by the Ottawa Curling Club combination of Arnie Butterworth and Bim Sturgeon.

### Junior Hockey Team Folds

Alexandria is without a hockey team since the Junior Glens dropped out of play last weekend. The team started the season with a strong showing and was always up near the top until a combination of lack of support and dissension among team officials caused it to fold.

### Tobin Slide Now In Operation

Add to Alexandria's winter sport facilities the toboggan slide Morley L. Tobin has built on the southern outskirts of town.

Mr. Tobin has taken advantage of the topography of the land south of his home, which has a steep drop, to construct a slide which slopes down 20 feet and provides a thrilling 300-foot run. It is fenced on both sides and there is a walk-up on one flank.

Mr. Tobin is not charging for its use although he went to considerable work and expense to construct it. He hopes that youngsters and adults alike will enjoy this fine winter sport.

## Ontario Federation Of Agriculture Met Government Officials To Discuss Marketing Problems

The OFA board of governors, or at least 21 members of the governors who could be on hand, met with Agriculture Minister W. A. Goodfellow; E. M. Biggs, Assistant Deputy Minister of Agriculture, and George McCague, chairman of the Ontario Farm Products Marketing Board, on January 6th. The meeting was called at the request of the OFA to discuss farm marketing problems, including the current problems in hog marketing. It was the desire of the OFA governors to ask questions of the government in an effort to determine what was behind the recent actions of the government with respect to the new hog plan regulations.

William Tilden, as president, led the delegation from the Federation. He reviewed some of the matters discussed with the cabinet two weeks before, and swung the conversation around to marketing. He then asked Mr. Goodfellow, who had made the opening remarks for the Department of Agriculture, to comment.

Mr. Goodfellow agreed that the marketing issue was uppermost in his mind and was happy to discuss the matter with the Federation. He said that the government believed in collective bargaining for farmers, that it had pioneered the marketing plans and had worked for years with the Federation of Agriculture in developing farm marketing legislation that was the "most far-reaching legislation on the statutes of Ontario".

Mr. Goodfellow said that he believed in the principle behind the hog plan and that it had merits, although he did not feel that the plan would raise incomes to the degree that some people believe. The plan was still an advantage, he indicated, because of the bargaining power it gives to the farm people. His main objection to the present sales system seemed to be that the actual sales transaction was not out in the open, that all the buyers did not have an opportunity to bid on every lot of hogs, and that the government does not know what is said over the telephone. He said that if the sales system was on a voluntary basis, it would not be any problem, but because it was under compulsion, a different principle was involved.

A. H. Daynard, Staffa, asked if the hog board had not submitted suggestions for other methods of sale during the past few years. George McCague agreed that the hog board had done this, but that none of the suggestions had met the requirements that each lot was offered to all buyers, that each lot would be sold to the highest bidder, and that the possibility of discrimination or allocation by the hog co-op was eliminated.

J. L. Anderson questioned Mr. Goodfellow about the effect of the new regulations for the hog plan on other marketing plans. Mr. Biggs replied that there would be no direct effect on other plans, but suggested that the way in which the regulations were accepted might have a strong indirect effect on the confidence of the general public and the farm public, on all farm marketing plans.

R. A. Stewart, Pakenham, asked whether the present system was not selling hogs to the highest bidder. Mr. Goodfellow replied that it may be, but it couldn't be proved. Mr. Stewart said that in his visit to the hog sales office, he had seen very complete records of the sales bids and selling prices. Mr. Goodfellow replied again to this point by suggesting that these records did not indicate whether the hogs had been offered to all buyers, and this method of record keeping was subject to the human element. He indicated that because of this it was impossible for anyone to say that the highest possible price had been obtained. In other remarks he also said that his wish is that hogs should be sold in such a way that he or any other cabinet minister or member of the government could say that the sales were in the open and that hogs were sold to the highest bidder.

Len Laventure told the meeting that producers seemed to feel that there was nothing much wrong with the present system.

When Louis Davis asked the Farm Products Board chairman, George McCague, what would be done to eliminate collusion between buyers, a practice that producers traditionally have feared, Mr. McCague replied that his board was prepared to "stand shoulder to shoulder with the producer board in eliminating collusion". He also stated that if it were impossible to eliminate col-

lusion, or to make some other plan work for the producers' benefit, then it would be possible to return to the present system.

Mr. Goodfellow suggested that a committee of the Federation might be appointed which would sit in on discussions between the hog board and the Farm Products Marketing Board in an attempt to help find a solution to the current marketing problem.

Later a meeting was held between the Ontario Federation board of governors and the hog board. After frank discussion on some of the current marketing problems, a committee composed of William Tilden, president; A. H. K. Musgrave, and Charles Huffman, vice-presidents, and R. A. Stewart was named to sit in on future discussions between the hog board and the government marketing board.

### Counties Council ...

(Continued from Page 1)  
trucks on the highway.

As the law is now, loaded trucks are not supposed to be more than 96 inches wide. This law hurts the pulp hauling business.

The resolution states that to make economical use of trucks engaged in hauling pulpwood, it is necessary to load the trucks with two rows of pulpwood, each 48 inches in length, with a small space between the rows. This makes it impossible for the trucks to keep within the 96 inches overall width stipulated by law.

The resolution asks that the overall width maximum be increased to 100 inches.

At the recommendation of finance committee, council also made the following grants: \$800 to Salvation Army; \$500 to each of the three counties for soil improvement and drainage demonstration; \$300 for junior extension work in the counties; \$150 to each local plowing match; \$200 to St. John Ambulance.

## Martintown Church Reports Good Year

Evidence of a successful year was heard at the annual meeting of St. Andrew's United Church, Martintown, on Wednesday evening, when excellent reports were given by officers of the various church organizations. These reports showed that all allocations had been met, and in some cases exceeded, with most organizations showing healthy balances on hand. The Glen, North Branch and Evening Auxiliaries of the WMS raised \$175.00, \$188.60 and \$275.00, respectively. The report of the Missionary and Maintenance Fund showed that givings considerably increased over that of last year, with approximately \$530.00 given to this fund. The Women's Association again had a very successful year, raising approximately \$1,000.00 during 1960. Other good reports included those from the Choir, Young Adult Group, Sunday School, Baby Band, Trustees and the Cemetery Board.

Projects carried out during the year were the installation of plumbing in the church, and a new roof on the church. A total of \$8,070.00 was raised by all organizations of the church during 1960. An appeal was read from the officers of Camp Kagama for financial assistance in building the two remaining cabins at \$700.00 each. The congregation is undertaking the contribution of \$350.00 towards one cabin, as the other half of the cost is being given by an anonymous friend of Camp Kagama.

The four retiring members of the Board of Managers were re-elected. Expressions of appreciation of the leadership given by the minister, Rev. Dr. T. McNaught, and Mrs. McNaught, during the past year, were extended by D. S. McIntosh. The meeting, which opened with a short devotional period, was conducted by Dr. McNaught, and Kenneth McDermid acted as secretary. ## MODERN INSIGNIA: The new trademark of the Canadian National is now making its first appearance on insulated box cars and trucks. Developed by Toronto designer Allan Fleming, the symbol is a continuous line forming the letters "CN". It denotes the role of Canadian National in Canada's development — the movement of men, materials and messages. The new trademark is the first step in a comprehensive re-design program that will reflect the continuing modernization of the system. Bright colour schemes incorporating the new trademark as shown on this truck and model locomotive will eventually be applied to all items of the CN; cars and coaches, signs, telegraph forms, stations, letterheads, uniforms and advertising. The re-design program is aimed at building and extending the reputation of the CNR as a company interested in providing good service and merchandising it with modern marketing methods.

## MARTINTOWN

The annual meeting of the Woman's Association of St. Andrew's United Church, Martintown, was held at the home of the president, Mrs. Leonard MacArthur.

Mrs. Thomas McNaught conducted the worship service, opening with scripture reading from Psalm 46. Her message for the new year, based on the question, "What is in your hand?", was thought-provoking and most helpful. She reminded her listeners of valuable resources; another new year of days to be lived one at a time, opportunities for service, the church as a charge to keep. She closed the period with prayer.

The report given by the secretary, Mrs. Kenneth MacDermid, reviewed

a year of much activity; and the treasurer's report, given by Mrs. D. S. MacIntosh, was most gratifying, showing a considerable increase over previous years.

Mrs. Salem Thomson, in charge of literature, had arranged a display of helpful material which the members viewed with interest.

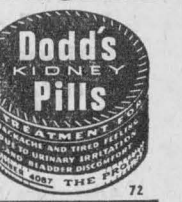

Mrs. MacArthur in her president's remarks thanked all the officers and members for their support and cooperation in every endeavor.

St. Andrew's Presbyterian

Reviews Fine Year

The annual business meeting of

the congregation of St. Andrew's

Presbyterian Church, Maxville, was

held in the schoolroom of the

church on Monday evening, January

9th, following a pot-luck supper

served by the ladies of the congre-

gation. The minister, Rev. Iver D.

MacIver, conducted the devotional

exercises and presided over the

meeting, with Donald M. Kennedy

acting as secretary.

The report of the Kirk Session,

read by the clerk, John W. McEwen,

reviewed the work of the congre-

gation during the past year. Of

particular interest was a visit of

the choir of the Missionary and

Deaconess Training School, To-

ronto, to St. Andrew's on Friday

evening, April 29th. During the

early summer, new choir gowns

were purchased, and these were

dedicated and used for the first

time on Sunday, June 26th. On

Sunday, November 13th, two beau-

tiful solid brass altar vases, presented

by the Cumming family in memory

of the late James A. Cumming, were

dedicated.

During the months of August and

September a new cement block

addition to the church was erected,

and a modern, electrically equipped kitchen and new washrooms were installed.

The financial reports of the various organizations of the congregation indicated a year of marked progress. The congregation's allocation to the building fund of the Missionary and Deaconess Training School was met in full, and the contributions to the missionary budget exceeded those of any former year in the history of the congregation. The report of the general fund showed all obligations met and a substantial balance on hand. The treasurer reported that the congregation had received a bequest of two thousand dollars from the estates of the late Donald A. MacLeod and the late Miss Margaret MacLeod.

The officers for the year 1961 are as follows:

The Kirk Session — Rev. Iver D.

MacIver, Moderator; John W. Mc-

Ewen, Clerk; Donald A. Cumming,

Alexander Kennedy, John H. Mac-

Killican, Archibald N. MacLean, W.

Stirling MacLean, and Allan C.

Vallance.

The Board of Managers — D. A.

Cumming (chairman), E. Carter,

D. M. Kennedy, W. R. MacEwen,

Ian MacLeod, K. D. MacLeod, R. J.

MacLeod, R. F. MacRae, and J. W.

Vallance.

Church School Superintendent—

A. C. Vallance.

Secretary - Treasurer — D. M.

Kennedy.

Organist — Mrs. I. D. MacIver.

MacLean.

The congregation extended a

heartfelt vote of thanks to Mr. and

Mrs. MacIver for their leadership

in the work of the congregation.

paign to be held in the village on

Monday and Tuesday.

A letter had been received from

CARE's Mission to Iran, explaining

how members' contributions had

been used.

The roll call was answered with

"An interesting event in my school

days", and members handed in

afghan squares and children's

clothing for the Unitarian Service

Committee.

The hostess, Mrs. A. D. Stewart,

spoke on the motto, "Years teach

more than books", illustrating the

value of experience in all walks of

life.

on the topic, "One who ceases to

learn, ceases to live".

teresting resume of international

and local current events.

St. Columba Church

Had Annual

The annual congregational meet-

ing of St. Columba Presbyterian

Church, was held in the church hall

on Jan. 13th, with a very repre-

sentative attendance.

pot luck supper provided by the

ladies. The Rev. D. J. Fox, Interim

Moderator for the congregation,

conducted a short devotional period.

board of managers, presided over

the business part of the meeting.

flected by the various reports pre-

sented.

## McCrimmon W.I. January Meeting

Sixteen members were present at the first meeting of the McCrimmon Women's Institute for 1961, held at the home of the president, Mrs. W. R. MacLeod.

The motto was — Good health and good sense are two of life's greatest blessings. The roll call — A good health-building habit.

Miss Hilda McCrimmon has been selected to attend the Fifth Rural Leadership Forum, February 5th-11th, at Niagara Falls.

A very interesting and informative address was given by Mrs. Ross MacLeod, R.N., covering a variety of subjects pertaining to "Health", some of which were new drugs, treatment of cancer, TB, diabetes (with selective diets), "what to take to the hospital", and a number of humorous anecdotes from personal experience.

Our next meeting will be held at the home of Mrs. A. Lasalle.
