## Same Slate Returning In Alexandria Joanette Again Reeve In Lochiel Township

Two new councillors will fill vacancies on town council but that is the extent of the changes following Monday's balloting in which both Mayor Raymond Periard and Reeve Bruno Massie were re-elected.

Also returning are Councillors Sam Brunet, Lyall Costello, Bruno Pigeon and Adrien Charlebois, as well as Paul E. Vian who stepped up to the new post of deputy-reeve via the acclamation route.

New faces are those of Duncan A. Macdonell who polled the second largest vote in the councillor contest, and Jean Clement. Mr. Clement emerged only seven votes ahead of Raymond Jette in the race for the sixth councillor seat.

The three trustee seats in Lochiel Township Public School board will be filled by Mrs. Zoe Grant, Douglas Baxter, incumbents, and Louis Shepherd. Lorne Hall trailed in that contest.

In the Lochiel Township race, Reeve Alfred Joanette turned back the bid of Deputy-Reeve Mrs. Enid MacDonald who sought to become the first woman to head a municipal council in the United Counties. He finished with a decisive plurality of 204.

Two incumbent councillors were seeking the deputy-reeve post and Gerard Massie won a 715-441 victory over Elmer C. MacNaughton. Incumbent councillor Hugh MacPherson trailed in the race for

councillor and three freshman candidates were successful: William N. Fraser, Alexander MacDonald and Leopold Trotter. Mr. Fraser has had previous council experience.

Councillor Jean Paul Touchette made a strong bid for the mayor's post, finishing only 36 points behind incumbent Mayor Periard. Final vote was Periard 662, Touchette 626.

In the three-man contest for reeve incumbent Bruno Massie finished strongly with 632 votes. John G. Proulx had 412 and Raymond Ouellette trailed with 241.

As usual Councillor Sam Brunet headed the poll with 765 votes. Newcomer Duncan A. Macdonell was strong with 658 and others successful were Lyall Costello, 541; Bruno Pigeon 508; Adrien Charlebois 498; Jean Clement 420. Making his first bid, Raymond Jette finished only seven votes short of a tie for the sixth councillor seat with 413. Others trailing were Paul Roy, 318; Hugh A. McDonald and Hugh D. MacCuaig.

The high interest in Monday's voting was reflected in the many out to follow results at the News Office window and the many calls reaching our desk. A record 84.6 of Alexandria's 1523 eligible voters cast ballots. The turnout in Lochiel was comparatively large, too, 68 per cent of the 1800 voters exercising their franchise.

## Rash Of Accidents As Safe Driving Week Opened

A heavy snowstorm last Thursday ushered in Safe Driving Week and the resultant slippery road conditions resulted in a rash of injuries in three district traffic accidents.

Fern Jodoin, 21, of Apple Hill, suffered fractures to both legs when his car left Highway 34 near the Brown House and struck a tree. He is a patient in Hotel Dieu, Hospital.

A passenger in the Jodoin car, Ian McBain, 38, of Apple Hill, was taken to Glengarry Memorial Hospital in Alexandria suffering from lacerations and fractured ribs.

Police said the Jodoin vehicle was travelling north on Highway 34 when it went out of control and hit a tree.

Another passenger in the car, Armand Bissonnette, also of Apple Hill was not injured.

Jodoin's 1959-model car was wrecked. Constable Ronald Graham of Lancaster detachment of Ontario Provincial Police, investigated.

Five horses got into the act early Friday morning on Highway 34, one mile south of the Glengarry-Prescott county line.

Brian Mullen of Ottawa, was driving his 1967-model car south when he spotted five horses on the highway, police said.

Mullen slammed on his brakes to keep from hitting them but lost control on the icy highway and crashed into two of them, police said.

Mullen's car was wrecked and one horse was killed. Mullen was taken to Glengarry Memorial Hospital with facial lacerations.

A Martintown youth was taken to Cornwall General Hospital with facial lacerations and bruises when his car went out-of-control and hit a tree on County Road 18, east of St. Andrews.

Police said Michael Dupuis was driving over the crest of a hill when he swerved to avoid hitting an eastbound car which was straddling the centre line.

A passenger, Randy Bruyere 17, of Martintown, was not injured. The 1962-model car received \$900 damage. Const. P. C. Desjardins of Long Sault detachment of Ontario Provincial Police, investigated.

## Hundred Thousand Dollar Mark Topped In Hospital Campaign, Committee Reports

### Tax Appeal Hearings Not Until March

An appeal by Square "C" Textiles Limited against an assessment decision by the county court of Stormont, Dundas and Glengarry will be heard by the Ontario Municipal Board in the courthouse at Cornwall on March 15, 1967, according to word from Toronto.

The company is questioning the assessment made in 1964 for taxation in 1965 of business carried on in Alexandria.

Respondent is the town of Alexandria.

The campaign for funds for Glengarry Memorial Hospital is over the half-way mark at \$102,336 in cash donations and pledges, a progress report of the campaign committee disclosed yesterday. Committee chairmen met in the campaign office to review returns to date and General Chairman Wilfrid Menard emphasized that the campaign is not yet completed and the fund is still open.

"There is still money coming in each day and we hope to better the present total considerably," said Mr. Menard. He suggested at this season of Christmas anyone not yet contacted or wishing to help further might think of the hospital and its need for funds.

The \$102,336 so far received or pledged consists of \$37,921 received in the house to house canvass across the county and \$64,415 from the Special Names committee.

A breakdown by Glengarry municipalities shows the following amounts subscribed to date (the total shown includes both house-to-house proceeds and special names from each area:

Alexandria	\$44,099.75
Lancaster Twp.	10,761.25
Lancaster Village	883.50
Charlottenburgh Twp.	13,994.00

## Maxville Saved From Flames

Efficient work of Maxville firemen was credited by John Archie MacLennan, Baltic's Corners, with saving his home from total destruction last Friday morning.

Fire of unknown origin was discovered about 11 a.m. in the upstairs of the house and Mr. and Mrs. MacLennan used two extinguishers in an effort to control the flames pending arrival of the Maxville brigade. The firemen were able to extinguish the fire but not before heavy damage had been done to the top floor by flames and to the lower part of the house by smoke and water.

Two of the three MacLennan children were away at school when the fire occurred.

The loss is partially covered by insurance. The MacLennan family did not move out of the fire-ravaged home.

## Fisherman Suing Cornwall Industry

A Summerstown fisherman has filed a \$250,000 damage suit against two giant Cornwall industries.

The case is scheduled for the January sitting of the Ontario Supreme Court here.

Walter Duncan MacPherson claims Duntar Pulp and Paper Mills Ltd. and Howard Smith Paper Mills Ltd. are polluting his commercial fishing grounds in Lake St. Francis and the St. Lawrence River.

The fisherman, who initiated the action early this year, claims toxic effluent and poisonous substances were discharged into the river and lake by the defendants. He claims fish caught by the fishery were tainted by the effluents and not fit for sale.

Mr. MacPherson, represented by city lawyer Paul Rouleau, has also asked for an "interlocutory injunction and a permanent injunction restraining the defendants from discharging the toxic effluent and poisonous substances into the waters of Lake St. Francis and the St. Lawrence River."

## Toppling Tractor Brought Death To St. Raphael's Youth, Gerald Levert

Gerald Levert, 15, a grade 9 student at Glengarry District High School here, met death Saturday in the laneway of his 5th Lancaster farm home when the tractor he was operating toppled off the built-up lane and pinned him underneath. He was a son of Mr. and Mrs. Conrad Levert of the 5th Concession, Lancaster Township.

Police report the youth was pulling a farm roller behind the tractor when a rear wheel apparently slipped off the high lane and the tractor toppled. The accident occurred about 4.30 p.m. and went unnoticed until his father missed him and found him dead under the tractor. Constable Brian Cassidy of the Lancaster OPP investigated.

Joseph Gerald Levert was born in the St. Raphael's area, a son of Conrad Levert and his wife, Lucille Massie. He had been active in St. Raphael's parish as a Knight of the Altar and as a junior member of the Holy Name Society.

To mourn his tragic death he leaves his parents, two brothers and three sisters. They are: Jean Paul Levert, Alexandria; Pierrette, Mrs. Bernard Laroque of North Lancaster; Gilles, Claudette and Jeanne, all at home.

Grade 9 students of Glengarry District High School attended in a body the funeral held Wednesday from Alexandria Funeral Home to St. Raphael's Church. Rev. M. J. O'Brien, P.P., was assisted at the solemn mass by Msgr. Cyrille Constant. Interment was in Sacred Heart cemetery here.

Pallbearers were first cousins of the deceased: Claude Brunet, Jean-Guy Levert, Denis Levert, Andre Levert, Denis Lefebvre and Serge Larocque.

Relatives and friends were present from Sudbury, Montreal, Cornwall and area points.

LIONS REACHED GOAL—The objective in the drive for funds for Glengarry Memorial Hospital has been only half reached but members of Alexandria Lions Club last week attained their own goal of \$15,000 pledged to the hospital three years ago. The Lions had planned on five years to meet their objective

but managed it in the drive. President Claude Lemay made the last payment to Lloyd McHugh, chairman of the hospital board, at last week's ladies' night dinner-dance in the Bonnie Glen Pavilion.

IT'S OUR OPINION

## Do Your Christmas Shopping At Home

Christmas is closer than many of us may have realized and there remain only fourteen more shopping days in which to fill those gift lists.

No doubt many gifts have already been purchased and are wrapped for delivery, but for the late shopper we suggest there may be more satisfaction in shopping here at home than in a frenzied dash to crowded city stores. Why drive many miles over wintry roads to battle with the city dwellers for your requirements when at home you can shop at your leisure, at off-peak hours.

Santa will be in his Mill Square snugery in little more than a week and the Board of Trade invites you to bring the kiddies downtown to meet him. Their presence may slow down the shopping process somewhat but they will enjoy the Christ-massy displays on store counters.

There are many advantages to doing

your shopping here at home and perhaps the chief one is that you are dealing with your own neighbors. If you have goofed in your gift selections or change your mind, it is an easy matter to make an exchange. This can become involved when the purchase has been made in a big city store.

Shopping at home can be more satisfactory and it serves the purpose too, of helping the local economy. Your local merchant is paying municipal taxes, contributing to local charities and spending most of his income right here at home. The more you patronize him the better is he able to keep up to date and stock the type of merchandise you seek.

By doing as much as possible of your shopping here at home you will be making your dollars serve as a shot in the arm to the local economy. At the same time you will be saving yourselves a lot of excess wear and tear.

## Ontario Liberals Lack A Leader

Premier Robarts has added new faces to his cabinet and there seems little doubt but that he is planning a provincial general election next spring. That will be smart politics in view of the fact his Liberal opponents are leaderless, but it will be unfortunate for the people of Ontario. They will have no alternative but to support the Conservatives, solidly entrenched in power for more than twenty years, or switch to the National Democratic Party.

The predicament in which the provincial Liberals find themselves as a result of the resignation of their leader, Andrew Thompson, is strikingly similar to the situation in which the federal Conservative party is now placed. Both are becalmed on a friendless, windless sea and both are desperately in need of a fresh breath of air in the topsails to get them moving ahead again.

The Tories at Ottawa are actually in more dire straits; they have rebellious deckhands to pacify before they can make headway. In Ontario the Liberal problem is where to find a captain capable of steering the ship through reefs raised by rivalry between federal and provincial party brass. Mr. Thompson apparently owed his Ontario leadership to pressure from Ottawa, but he was not acceptable at the riding level and so the Liberal ship made no headway.

It is to be hoped the Ontario Liberal party can reconstruct itself and come up with a party leader and a platform that will win friends and influence people. The same thing can be said for the federal Con-

servatives. Our system of government demands a sturdy opposition to act as a counter-balance to the party in power and we in Ontario have lacked that, both at Toronto and Ottawa, for more than two decades.

If we appear to be deprecating the role of the NDP, probably it is because we were brought up on the two-party system and we see it preferable to the present mess at Ottawa. There we have a built-in division of four parties, all of them advocating the same program of creeping socialism. There is no choice for the voter in federal elections. There is need for a truly conservative party to which might rally all those who fear the threat of ever-growing government and who now have no place to turn.

The problem is somewhat similar on the provincial scene where the Conservatives have retained power by adopting as their own many of the programs first advocated by the CCF, long before they became New Democrats.

We hope to see a rebirth of the Ontario Liberals under a leader who can regain our respect. Failing that a lot of us who feel a new broom can sweep out a lot of cobwebs at Queen's Park will be forced to turn to the NDP to fashion at least some semblance of a government opposition.

That will be drastic. But in Donald C. MacDonald, no kin, at least the NDP has a leader who has been navigating his ship through many shoals and has been making more progress than have our provincial Liberals.

## A Nuthouse Being Run By Patients

We missed that recent televising of the public affairs program "Sunday", and as a result we are in no position to add our voice to the chorus of criticism. Seems love and morals were being debated in a highly risque setting, by a twosome reclining on a bed unblessed by marital vows; and the range of their discussion went far beyond that television viewers have become accustomed to on the daily soap opera programs.

It must have been unusually intimate if we are to judge from the public reaction. There have been countless letters to the editor in the daily press, the program has been panned in Parliament and CBC President Alphonse Ouimet suggested to the Parliamentary committee on broadcasting that showing of the film strip had been "a mistake".

It seems we missed a program on television that was anything but run of the mill and we are left wondering what prompted the producers to go so far out on a limb. If they were out to increase their video audience they were on the right track. Probably an extra million viewers tuned in "Sunday" this Sunday to see what they'd been missing. But there is danger in going too far out on a limb and if last week's public reaction continues the producers of "Sunday" may not be long around to "entertain" a Sunday night television audience.

Our Rambling Reporter was not impressed with what he saw of a recent program but his critique was mild when compared with what the editor of the Aylmer Express had to say of that same show. "A nuthouse being run by patients" is how he heads his editorial on the "nightmare created to replace Seven Days".

"Last Sunday night the show ranged through a shocking series of unconnected episodes starting with an interview with Marina Oswald, fading to a glimpse of Miss Canada in a bathing suit and the appearance of the original Miss Canada who was asked

whether the latest edition would look as good in 20 years.

"Then we were treated to group psychiatric treatment of a mentally disturbed woman who was tortured into crying and swearing for the edification of the great unseen audience. Next, an interview with Sam Sheppard, fresh from his acquittal on retrial of murdering his wife. His new wife was asked whether she didn't fear living with a man whom many considered had murdered his first wife. She said she was not afraid.

"From there the camera jumped to Paul Martin's views on Red China and then a few scenes from the Conservative conference where, according to the announcer, John Diefenbaker was killed, and the Ides of March came in November.

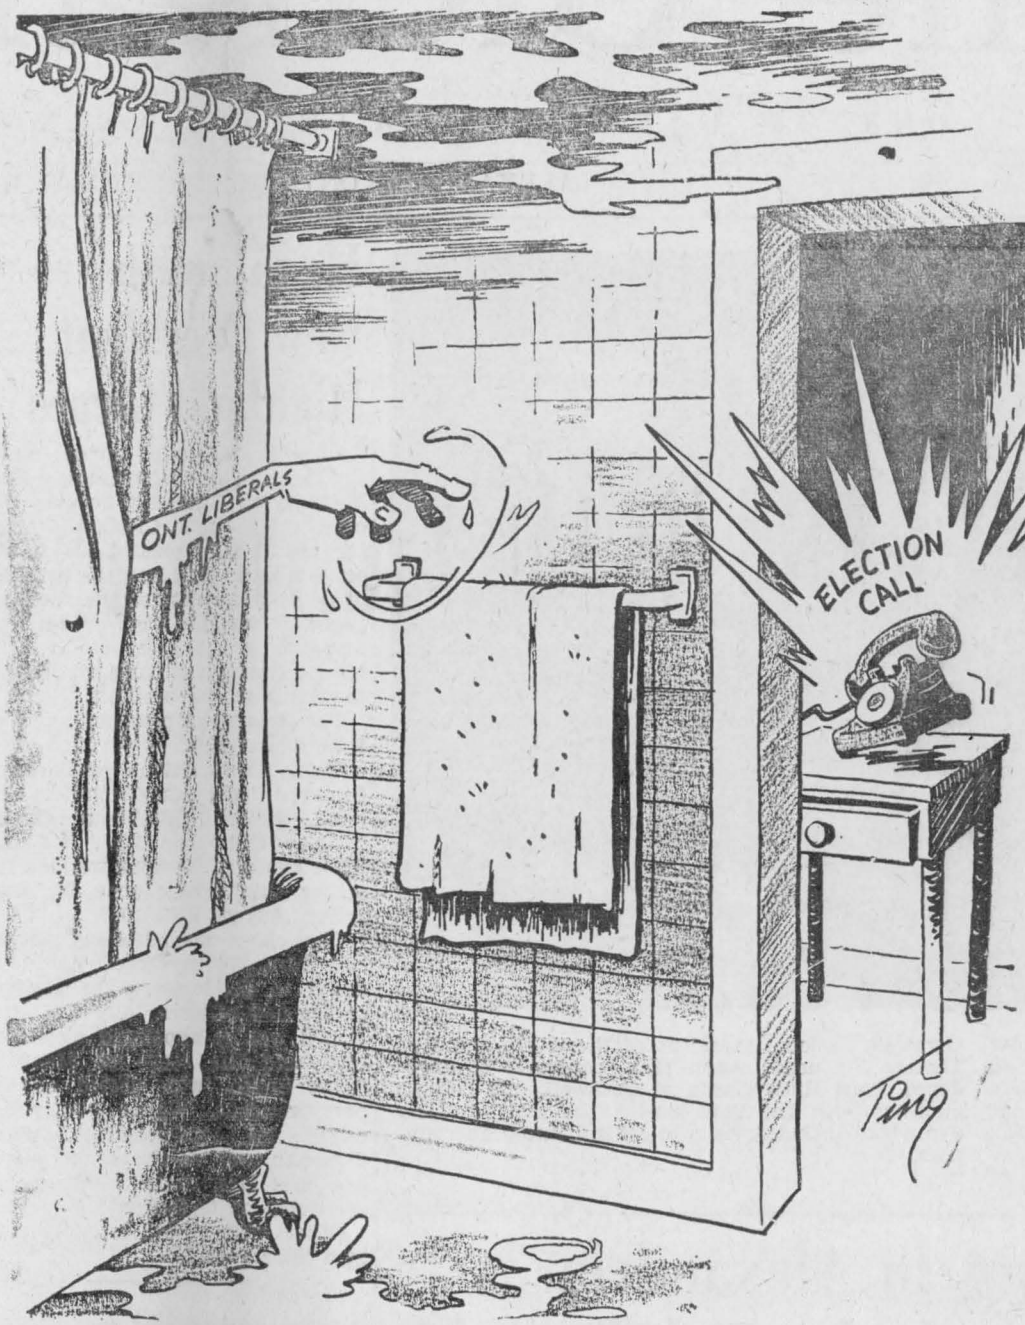

"The high point of the evening was a nauseating performance of some beatnik poet imported from New York to bring culture to the great Canadian masses. His so-called poetry was filthy and in our opinion not even up to the dirt that is scrawled on the walls of public lavatories.

"This is not surprising when it is revealed that the author-reader, Allen Ginsberg is the freak who describes himself as prophet of the LSD age. He is the one who is the freak who describes himself as the advocates the universal use of LSD by everybody over 14, and he'd start with President Johnson. He regards the use of marijuana as a valid religious experience and compares the use of psychedelic drugs to a sacrament.

"The whole show to us was comparable to turning over wet and rotten planks in a barnyard to see the maggots squirm. It has no place in Canadian homes and the staff responsible for it should be fired at once."

Our Aylmer compatriot was pulling no punches and after digesting his reaction we have decided we'll just have to find time to waste one hour in seven days to see how abominable "Sunday" really is.

It never fails . . .

### BETTER SAFE THAN SORRY

Safe-Driving Week opened December 1st with icy road conditions which resulted in injuries to four area residents in three separate accidents. The week was further marred Saturday by the death of a St. Raphael's area youth in a tractor mishap.

By the time this issue reaches you Safe Driving Week will be over, but these hints on winter driving by the Canadian Highway Safety Council can be useful through the cold months ahead.

"Something is lacking", say the Safety Council, "in the driver who:

Tries to drive with only a port-hole-sized space cleared in the snow on his windshield . . . Neglects to have enough anti-freeze in his windshield washer tank . . . Forgets to have his defroster mechanism checked . . . Has not had snow tires installed before the snow arrives . . . Discovers carbon monoxide leaks — maybe too late . . . Waits until he's stuck to realize he should keep a shovel, sand, traction mat, tow strap, etc., in his trunk . . . Thinks he can scream his way out of a snow bank by spinning the wheels . . . Forgets the change in stopping distances on ice and snow . . . Thinks his parking lights make him safely visible in fog and snow . . . Does not know how to control his vehicle when it goes into a skid . . . Doesn't leave enough of a "king size" gap between his car and the car ahead . . . Is ignorant of the value of pumping his brakes to stop on slippery surfaces . . . Forgets intersections in winter are often packed and slippery . . . Believes seat belts aren't necessary in city driving."

"Watch for these uninformed menaces," warns the council. "Give them plenty of space when they are near for they can involve others in serious mishaps by their foolishness."

### PIPE THIS, MR. HELLYER!

Pipers aren't musicians, the defence department has ruled by placing armed services' pipers on the lowest pay scale. They only have to play nine notes, the departmental brass contends, and so they should not be classed with members of other military bands who can play more than one instrument.

To which we say "phooey, Mr. Hellyer".

If, in his drive for integration of the armed forces the Minister of Defence has decided there's no place for kilts in his one-uniformed services why doesn't he say so in so many words. What pipe bands are left are to be based out by the ingenious method of downgrading them into handing in their resignations.

Pipers, don't make music, the brass has now decided, and we are left wondering how many of those major-generals and other top defence personnel ever knew the magic of pipe music on a route march. This is martial music they're discussing and we recall the part pipers played in the assault at El Alamein which routed the Germans from North Africa.\* The pipes were playing as Montgomery's men marched through those mine fields, but sound track of that battle carried no music by big brass bands.

Any soldier will tell you there's nothing to compare with that 30-30 beat of the pipe band in forcing tired legs to keep in step. And yet it's not music, they claim.

If pipers aren't musicians because their fingers are fluttering over only nine notes, how about that guy on the tuba who blows only a gargly oompah, oompah; or the cymbals' simpleton who just bangs his hands together to keep warm?

You had us hot under the collar, Mr. Hellyer, until we recalled Canada's armed forces are now designed primarily for defence and peace-keeping roles for the United Nations. Pipe music is a weapon of offence, adding impetus to an advance and restricted to a lonely lament when victory isn't in sight.

You won't need pipers to lead a charge in this new role of Canada's services. Why not say so in so many words.

# NEWS OF INTEREST FROM MAXVILLE AND SURROUNDING DISTRICT

Santa Claus will pay his annual visit to this village on Saturday, Dec. 10th at 1:30 p.m. He expects to see all the children so do not disappoint him. He is a busy man, besides he is getting older so do have in mind just what you want him to bring to you, tell him quickly and help him all you can. Till then, be good and he will remember you on Christmas Eve.

Osie F. Villeneuve with other members of an Ontario Parliamentary Committee left on a business trip to Vancouver, BC and other points in the West. They will return, December 19th.

The Ladies' Aid held a very successful pantry sale, bazaar and tea in the St. Andrew's Church Hall on Saturday afternoon last.

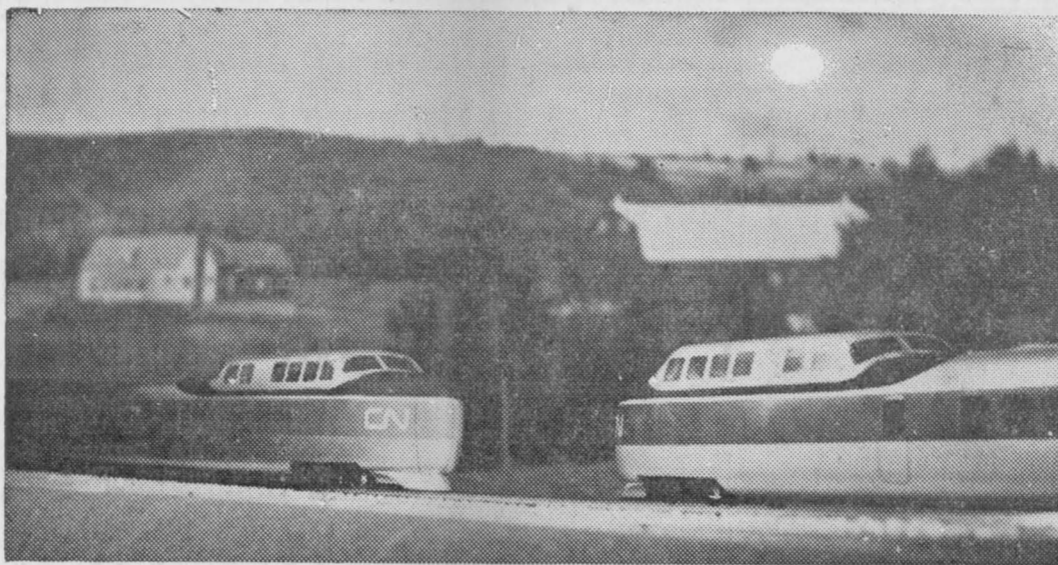

A large number from Maxville were in Kirk Hill on Wednesday afternoon last to attend the funeral service for the late Fred MacLennan in St. Columba Church.

At this, the Christmas season, do share your bounty with those who are less fortunate than you, and thus bring a touch of Christmas.

Our most elderly town citizen, Frank Douglas Schell, is a patient in the Memorial Hospital in Alexandria. Despite his 93 years he is responding favorably to hospital care.

Rev. I. D. MacIver visited A. J. Wilkes and Alex MacEwen, patients in Cornwall General Hospital on Monday.

Mrs. Fred Siebert of Edmonton, Alta., spent last week with Mr. and Mrs. W. MacLean.

Canadian National Railways will have sleek, new, turbine-powered passenger trains operating between Montreal and Toronto in time for Canada's centennial celebrations and Expo 67 next year. The fast CN trains will have a host of new design and mechanical features besides offering the latest in passenger comforts. With faster acceleration and smoother riding qualities than existing equipment, the turbotrains will be able to reduce present schedules between Canada's two largest cities. The equipment is being obtained by the railway on a lease-maintenance basis from its designers, United Aircraft Corporation. Cars will be built by Montreal Locomotive Works, under contract to United Aircraft of Canada Limited, and the turbine engines will also be manufactured in Canada.

## UCW MET

The December meeting of Unit I, UCW was held at the United Church Manse on the afternoon of December 1st.

The president, Mrs. Lyman McKillican, presided and the meeting was opened with the singing of Hymn 53, "Silent Night". The Scripture reading was from Luke, Chapter 2, "There was no room for them in the inn", the theme of Mrs. McKillican's opening meditation, and she closed with prayer.

Christmas greetings were read from Rev. D. C. and Mrs. Munro of Kingston, as well as "Thank You" letters from members. The collection was taken and dedicated.

Mrs. Wilkinson then took charge of the meeting.

Hymn 71, "O sing a song of Bethlehem", was sung.

The birth of Christ and the Christmas story were ably portrayed to us by Mrs. Wilkinson. How do we receive the Christmas story? Do we receive it with joy as did the shepherds or like Herod with malice and fear?

The chapter from our study book "Jesus Christ and the Christian Life", entitled the "Vignettes of truth" dealing with the parables was briefly reviewed by Mrs. Wilkinson. Prayer closed this part of the lesson.

Several Christmas hymns were sung and the Mizpah benediction closed the meeting.

## FIRST ANNUAL CHRISTMAS MESSAGE OF LIONS CLUB

The Maxville Lions Club was formed in April, 1964. It was formed by a number of the citizens of Maxville—your neighbors and mine. The material purpose of forming the club was in general to promote the youth of the village, to assist in education and to aid, whenever possible, our less fortunate neighbors. By these small practical acts, the club has hoped to foster among the citizens a sense of responsibility to their community and to

It will be the first local activity in connection with centennial year and is being sponsored jointly by the Catholic Women's League and the UCW of the

their fellow man.

At the present time the club meets monthly. These meetings are neither religious, secretive nor political in nature. They consist simply of an evening of good fellowship and discussion—discussion concerning the ways in which we the members of the Lions Club may help our community.

Although we are a small club we are reasonably active. To this end, we would like to point out some of our activities in the community since our inception in 1964.

Remembrance, was the topic of the November meeting of Maxville WI. Mrs. L. J. McNaughton read the prize-winning essay, sponsored by the Legion and written by a student on Remembrance.

The president, Miss Bella MacLeod, presided, assisted by Mrs. Stanley Kippen who was appointed secretary, replacing Mrs. R. F. MacRae, who has been ill. A fitting tribute and poem was read, and a minute of silence was observed in memory of a valued and beloved member of our WI, Miss Helen Hannah.

A letter from our area president, Mrs. Craig, was read, regarding a centennial cook book. Mrs. L. J. McNaughton was appointed convenor, all recipes to be handed in before Jan. 15.

The members were reminded to hand in their Christmas stockings, to be given to the children's ward of a local hospital.

The roll call was answered by a daily courtesy.

Mrs. A. D. McDougall as hostess, spoke on the motto, "The Road of Peace leads from my door to my neighbor" stressing the importance of friendliness and harmony in the home, it will spread to the community and nation and there will be peace in the world.

Mrs. Howard McEwen gave very interesting current events.

## Gale A Governor Regional School Of Nursing

Ten area men and women were recently elected as the first Governors of the Cornwall Regional School of Nursing. They are Sister M. MacKenzie, Sister M. Murphy, Sister St. Anne, Irvin Brown, John Hawkes, Dr. Max Irwin, and Donald A. Robertson, all of Cornwall, Gordon Thom of Morrisburg, H. P. Stel of Winchester and Eric Gale of Alexandria.

Donald A. Robertson was elected the President and Chairman of the Board, Irvin Brown chosen Vice-President, and Sister M. MacKenzie and Sister M. Murphy elected as the Secretary and Treasurer respectively.

Following his election, Mr. Robertson paid tribute to the interest of and co-operation amongst the five hospitals in Winchester, Alexandria and Cornwall, and the St. Lawrence, Dundas and Glengarry Medical Society, who are sponsoring this regional approach to the problems of nursing education.

"In August of 1965, this project was an idea in several minds," he remarked, "but in fifteen months we have translated it into a policy, an independent corporation, plans for a building, a site, new bylaws, a well qualified director, and now a starting date for our first class of students."

## Life-Saving Breath For A Baby

For many reasons infants and young children cease breathing during crises in their lives, often after undergoing surgery, sometimes from shock after a serious accident, even from the effects of poisons which they have swallowed. Early successes in restoring respiration were sometimes frustrated when damage to brains resulted from too long deprivation of oxygen even though life was preserved. Today in the Hos-

pital for Sick Children, Toronto, life-saving resuscitation of infants is almost commonplace, without complications. Seen above are two of the specially-trained nurses with an infant who has technically "died" twice but who went home a few days later well and healthy. Attached to the head of the crib is a respirator, in effect a pump which can be adjusted to provide artificial respiration at a certain rate, and which feeds "breaths" of air into the tiny lungs via a tube

passed into the lungs. There are 18 of the machines in this one area of the hospital which will be enlarged tremendously in the expansion and rebuilding campaign planned for the next five years. To supplement government financial grants, the hospital has appealed for public support of a \$13,900,000 building fund campaign. Contributions will be gratefully accepted by The Hospital for Sick Children Fund, 105 Adelaide st. w., Toronto.

## Pledged Vows At Apple Hill

PAPPS—DANIELS

The marriage of Audrey Frances, daughter of Mr. and Mrs. John Daniels of Monkland and Peter Papps, son of Mrs. Vincent Papps and the late Mr. Papps, of Monkland was solemnized recently. Rev. Thomas Villeneuve, cousin of the bride-groom, officiated at the double-ring ceremony in St. Anthony's Church, Apple Hill.

The bride, given in marriage by her brother, chose a floorlength gown of white faille with lace appliques on the bodice and skirt. A chapel train fell from the waist and a shoulder length bouffant veil of tulle illusion was held by a petal arrangement. She carried a cascade of white mums.

Miss June Daniels, attended her sister, as maid of honor, and Mrs. Olive Martel and Mrs. Joan Spink, were bridesmaids. The attendants wore identical gowns of red linen, featuring three-quarter length sleeves and empire waists.

The best man was Gerald Villeneuve and ushers were Glen Martel and Ronald Deruchie.

Following a reception at McDonnell's Inn, the newlyweds left on a wedding trip through the Northern States and points in Western Ontario. For travelling the bride chose a blue suit with matching accessories and a corsage of red roses.

## Seek Better Library Facilities At Avonmore

At a spirited public meeting, held in the Avonmore Public School, plans for an energetic local program for Centennial year were unveiled.

Under the general chairmanship of Rev. Donald W. Pipe, local activities will be focused on the weekend of July 7, 8 and 9. That weekend, to be known as Old Home Week, will feature a range of activities for local citizens and their guests of all ages.

Committee chairmen named included Clifford MacRae, program; Hubert Delaney, finance; James Tinkess, projects; Douglas Robertson, sports; Mrs. Maldwyn Watkins, children's program; and Andrew Pipe, youth program.

All committees will meet within the next few days in preparation for the next public meeting on Jan. 4.

Plans are under way for a community concert within the next few weeks which will feature the crowning of the Avonmore Centennial Queen.

## MOOSE CREEK

### CENTENNIAL SOCIAL WAS SUCCESS

The Moose Creek Centennial Social held on the Recreation Grounds on Wednesday evening, August 10th was a great success as persons from near and far gathered to see the softball game played between the Happy Blunderers from CFRA, Ottawa and the Moose Creek teams. The seventh-inning entertainment was a success when the Moose Creek girls took the field complete with cheer-leaders and the pinch hitter, Allen Prebble.

The Happy Blunderers not to be outdone rushed out on the field and brought the girls back before the inning of any serious softball got under way. Claude Larose of the Montreal Canadian Hockey Club was in attendance. He pitched the first ball to get the game started and then spent much time signing autographs for all children present.

A home-baked bean supper was served throughout the evening and

enjoyed by all, as were the hot dogs and corn on the cob sold on the grounds. At 9.00 p.m. a variety program was begun with Charles (Chuck) Collins of the CFRA Radio Station as the Master of Ceremonies. Highland dancing, waltzes, Irish jigs, vocal solos, violin music. Rev. John MacPhail and Roch Richer entertained with several violin selections, accompanied by John McDermid at the piano.

The flowers which decorated the stage were donated by the local Freeland Florist residing at Warina in the Township of Roxborough and by Mrs. William M. Campbell of Avonmore, a valued member of the local Horticultural Society.

### FIRM LAW WORKS

By an act passed in the (Michigan) state legislature, parents were held financially responsible for the actions of their children — no legal humming and hawing, if a child was found responsible in a case of vandalism — the parent paid for the damage done. The results of the legal action was (sic) startling. When parents had to pay for vandal damage resulting from actions of their children — cases of vandalism

dropped to a minimum and the figures in Michigan have stayed at that level.

remember these  
facts before you  
blow your top

**1** When a fuse blows it is a signal that you have overloaded part of your electrical system... a circuit.

**2** If your home's electrical system is not adequate to serve all your needs you'll notice other symptoms: Lights may dim from time to time, your toaster will take longer to toast, and appliances with motors may appear sluggish.

**3** If your home is more than 10 years old, the chances are your electrical system requires updating to take care of today's requirements. There are now more than twice the number of appliances used in the home than ten years ago.

**SOLUTION**  
It is not necessary to put up with the inconvenience caused by an out-dated electrical system.

Have your household wiring examined soon. See how easily your home can be modernized electrically.

### BENEFITS

**1** You can use as many appliances as you wish at the same time... without giving fuses a second thought.

**2** You can add any number of new time-saving appliances to your home.

**3** Your appliances will operate more efficiently and with less strain on motors.

**4** You can enjoy the convenience of having all the electrical outlets you desire. You will avoid the inconvenience of

unsightly extension cords and the attendant risk of overloading the outlet.

**5** Additional comforts such as electric heating and air-conditioning can be easily accommodated.

**6** Modernizing your wiring system will make an important difference to the safety and resale value of your home. Re-wiring can be handled with little disturbance to your home and at a cost far less than you may think. Contact a qualified electrical contractor, soon. Or call your Hydro.

#### PRESBYTERY MEN'S COUNCIL MET

Speaking to the members of the Men's Council of the Presbytery of Glengarry, Roy A. Hamilton, Toronto, national director of Presbyterian Men, outlined an unique Centennial project whereby committed men will seek to bring at least one other man into a vital relationship with Christ and His Church.

Mr. Hamilton, speaking to about 25 leaders gathered in St. Andrew's Presbyterian Church, said the Centennial project has been approved recently by the National Committee of Presbyterian men. Detailed information about the project will be going out shortly to over 2,000 men

across Canada who are either registered leaders of men's groups or ones who have recently attended regional conferences.

The national director said that his committee was thrilled with the possibilities that such a centennial project held for the Church.

Referring to the Presbyterian men's movement, Mr. Hamilton said that in all 40 Presbyteries across Canada there is at least some form of a men's program within the Church. The activity differs greatly but there is a general realization that the men of the Church must become involved in its life and witness and be prepared to carry its message beyond the Church.

An interesting sound film "The PM Story" was shown. The film prompted some interesting discussion.

Conducting the opening period of worship were Harvey Fickes and Harold Shaver, of Ingleside.

Letters were read from the young men of Glengarry Presbytery who are studying at the present time in preparation for the Christian ministry. The Presbytery Men's Council had presented each of the seven students with bursaries of \$40.

Plans were made for the next meeting on Monday, Dec. 12th, in St. Andrew's Church, Lancaster. Group leaders will be men from the Avonmore men's group. Devotions will be in charge of the Moose Creek men.

It was decided to hold a Ladies' Night fellowship in Avonmore on Wednesday, Dec. 28th.

## Glengarrians At Vancouver Extended Warm Hospitality

(by Angus H. McDonell)

During this our second Vancouver visit, the weatherman must have been an Ottawa fan because our luck with sunshine petered out in a drizzle as Sydney Halter presented the Grey Cup to Regina.

The shower became a steady rain for almost 48 hours, however, thanks

to those wonderful clannish ex-Glengarrians our weekend calls were all on schedule and long to be remembered.

We will back track for a moment to relate another coincidence of meeting people who know Glengarrians similar to our pleasant and interesting train discussion with the Regina-Lochiel MacMillans. This writer was receiving quite a needle jab for being the sole Ottawa fan at our Grey Cup dinner table and one of the few from home, period.

We were asked by another dinner guest, Mr. James Chatain of Regina, if being from the Ottawa Valley we knew where Galetta was? Knowing the Upper Ottawa fairly well we knew most of the answers especially when asked about "Tim" and "Maimie" Mulvihill of Arnprior. Our reply was that if you didn't know those two noted high school teachers plus their cousins Jim, Olie and the late "Con" Mulvihill well you just didn't know Arnprior. So there you are Mrs. Duncan A. McDonald, Centre Street, Alexandria, you are still Miss Maimie to an old Galetta — Arnprior high school student out in Regina.

Another dinner needle jab was regarding our Miss Grey Cuppers from the East being just so-so apart from Miss Argo. We admitted we were no judge of that bevy of beauties but added that we would not hesitate to bet a buck that that recent bride tagged to Malcolm Dewar as she walked down the aisle of St. Andrew's Presbyterian Church, Maxville, displaying that dimpled, magnetic smile, Beverley Kippen; would be a shoe-in by the judges.

Now we will move along to 8.30 Sunday a.m. and not even a seagull ventures out in the downpour. But our hosts, Eugene and Mrs. Deagle, were right on time. We attended nine o'clock Mass and Eugene, the organist, was a throw back to the days of the late Miss Cuddon in Alexandria. (Mrs. Mike Morris will tell you more about Miss Cuddon).

Following Mass, our hosts drove us about the University of BC campus and like Vancouver in general the roses were in mid-season bloom while the foliage and lawns looked like a pleasant June in the Glens.

We were hardly settled in the Deagle living-room when Eugene brought out the old picture albums. It seems that in 1st World War era Eugene had been given a camera by his father and was stout opposition to photographer Duncan Donovan.

There were group pictures of Ottawa Street in the vicinity of Cormic "Paddy" McDonald's present home also Garry Fen (Sandfields) where the tennis court was a popular attraction.

Following breakfast and about the fourth cup of coffee we were joined by Finnan Deagle who made inquiries, too, about Alexandria and he wondered if the boys still played "Two after all."

Eugene and Finnan, two of Vancouver's master musicians, played several piano duets and then we were on our way. This time to Chisholm (Eddie John Angus) MacDonalds. Eugene was a school classmate of Donald Joseph Eddy

RIGHT ON TIME—Sports columnist Angus H. McDonell checks his watch with the CNR time carried by Thomas Singleton, brakeman on train No. 5, the Panorama, on his recent trip to the Grey Cup game in Vancouver.

and like ourselves was interested in meeting the Chisholm Eddys.

Here, too, we travelled, as Dorothy Dumbille would say "Up and Down the Glens", with particular attention to Alexandria and Glen Robertson.

Our late afternoon and dinner call was with Mr. and Mrs. John Low and when Eugene discovered that Mrs. Low was Eugene's daughter of Mr. and Mrs. Alex MacLaren (nee Hilda Sandfield) well we were calling no cab.

So Eugene and Eugene held the floor as the old neighbors, school chums and the past times of that era were reviewed. Following a sincere good-bye to Eugene and Mrs. Deagle, typical Glengarry hosts, this writer then simply had to find time to spend with baby Michael Low. This children's hour was most enjoyable and we are convinced that when it comes to chatter little Michael is on a par with this writer which means he has inherited a trait of his grandfather, Alex MacLaren, who on occasions, can spin Glengarry yarns with the best of us.

Following a dinner hour that couldn't be surpassed the Lows including Michael drove us back to our hotel. What a day!

It was still raining next morning, Monday, as we hit south via bus to New Westminster and White Rock for a three hour scheduled visit with Dr. Isabella K. A. Macdonald and the MacLeans. White Rock was a small town on the Canada-U.S. border but has blossomed into an area of about 25,000 due to the super four-lane Vancouver-Seattle highway that enables Vancouverites in particular to become urban residents.

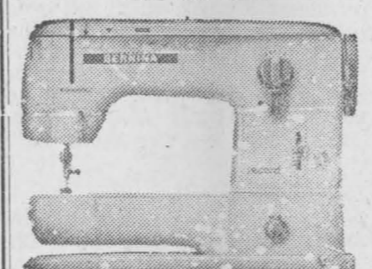

We were met by Mrs. MacLean and her daughter, Dr. Mairi, who is now Mrs. Dr. Philip Narod. Dr. Isabella K. A. in greeting us showed that she has lost none of the Scottish traditions she brought with her from her native Scotland to Glengarry (Alexandria-Third Kenyon) some years ago.

First inquiries were relative to old neighbors the Fauberts (Albert) and their children also the Kennedys (Lloyd, Bill, etc. . . . especially nephew Kevin Weir and his university entrance). Then it was on to Mr. and Mrs. J. T. Smith, the Marksons and many others in and around Alexandria with a special inquiry about Steve O'Connor and Father McPhail.

We finally got around to bringing ourselves up-to-date during luncheon when we were joined by Dr. Philip Narod. Briefly Dr. Isabella is quite well and although she still retains a life long sentimental tie with Glengarry you gather being with her kinfolk in such modern and pleasant surroundings, weather, flowers, and Pacific Coast thrown in the scales of life tip just a tiny bit beyond the Rockies.

Mrs. MacLean is the proud grandmother of six. Doctor Philip and Dr. Mairi Narod have one girl.

Eddy then No. 6 was on its way to Chilliwack and Hope, thread the Fraser Canyon to Lytton and on along the Thompson bank to Kamloops Jct.

The CN follows the North arm of the Thompson and we were amazed at the number of beef cattle herds grazing in this rustic valley that were on view from the Scenic-amic car. Heading towards Mount Robson, the highest peak, (12,972 ft.) here, the Rockies really close in on you as the roadbed climbs considerably to Red Pass Junction where the CN branches Northwest to Prince George and Prince Rupert. Here you again cross the mighty Fraser at its headwaters. The Fraser, like the famed Columbia, first runs northward then curves to the West and South on its way to the Pacific.

From Mount Robson to Jasper through the Yellowhead Pass down-grade there was plenty of snow and in late afternoon sunshine each mile was an ever changing master artists work of Christmas card scenes.

Now that we are back where we left you a couple of weeks ago be-

side the old iron horse 6060, Jasper station, we will highball all the way back with only three "slow orders" and strangely enough all close to home. One at 4th Kenyon crossing, the other midway to Glen Robertson as a result of the two recent tragic accidents. The third was at Dorion due to the train-school bus collision.

Going West young man—or anyone! Then we heartily recommend the Canadian National as we travelled the 5,833 miles in solid comfort and enjoyed the best of meals. See Canada first, we say again.

WHEN man becomes a creature of habit so thoroughly he will certainly buy this year where he bought last year . . .

WHEN younger, fresher and spunkier concerns in your line cease starting up and taking "your customers" away through advertising . . .

WHEN population ceases to increase and no new folks want to live and work in your town . . .

WHEN you can forget the words of the wise merchants the world over who attribute their success to the wise use of newspaper advertising . . .
