Isn't it remarkable what mothers can do with mere dimes when they get moved to march?

Many Presentations To Henry D. Duggan On Retirement From Bell Telephone Co.

Bell Telephone officials and confreres from all parts of Ontario and Quebec as well as relatives and close friends honored Henry D. Duggan, Thursday night of last week, on the eve of his retirement after 39 years' service with the Company.

Some 300 gathered in the Grand Ball Room of Montreal's Ritz Carlton Hotel to bid farewell to Mr. and Mrs. Duggan who plan to divide the years of retirement between their Montreal home and cottage at Lancaster.

W. J. B. Hutchison, chief engineer, Montreal area, chaired the meeting and reviewed Mr. Duggan's career with Bell which extended over the period from 1928. Among presentations made were:

President's wallet: by Maurice d'Amour, vice-president and general manager, Montreal area.

Memory book, containing more than 500 signatures of fellow employees and friends, by W. F. Light, superintendent of plant departments.

Pioneer's Life Membership: by J. F. Cullen (retired).

Portable TV set: by T. E. Sullivan, chief engineer, Eastern Area, Quebec City, on behalf of employees and friends.

Camera: by Maurice Blanchette, engineering staff and social club.

Bouquet of roses to Mrs. Duggan: by Mrs. M. E. Breckenridge, supervisor of personnel, Montreal Area Engineering.

In acknowledging the fine turnout of friends and the many gifts, Mr. Duggan recalled an item in the Glengarry News of 1928 reporting that he "had accepted a lucrative position with the Bell". He also recalled the long association of the late Clarence Ostrom with the Company and, reminiscing on his early years in Bell, Mr. Duggan compared working and travel conditions then and now. He had enjoyed every day of his Bell life, he concluded in expressing appreciation for this memorable occasion.

Reviewing Mr. Duggan's career in Bell, Mr. Hutchison recalled he had spent 28 years with the Right of Way branch, rising from agent to Right of Way Superintendent for Quebec and Eastern Ontario. He had set up and administered the claims department, had been one of the founders of the Company's Group Insurance Plan and had assisted in introducing a new salary plan for the Company's Professional engineers.

For more than three years he had been in charge of some 1800 employees scattered in isolated stations of the Mid-Canada Defence Line from coast to coast and had been involved with all the provincial governments in dealings with the Trans-Canada system. His final years before retirement had seen him Engineering Supervisor, Montreal Area, in charge of personnel and administration.

Following the farewell dinner, Mr. and Mrs. Duggan entertained at their home, 4089 West Hill Ave.

March Of Dimes Netted Increased Sum

The Marching Mothers collected a total of $439 Monday night to help the Rehabilitation Council for the Disabled.

Mrs. Bernard Villeneuve, campaign chairman, reported that this was an increase of approximately $50 over last year's canvass.

Dr. H. L. Cheney Died At Ottawa

A leading citizen of Alexandria throughout much of his lifetime Dr. Hugh L. Cheney died Saturday in hospital at Ottawa. He was 81.

Dr. Cheney was born at Vankleek Hill and came here in 1908 to open a dental practice. For the next 34 years he was among the town's most active citizens playing a part in almost all fields of community life.

An accomplished hockey player who had starred on Lower Ottawa Valley championship teams in his native Vankleek Hill, Dr. Cheney played on local teams and later brought the same athletic ability to the curling lanes and the lawn-bowling greens. Considered one of the top curlers in this centre, he later showed the same winning qualities as a member of the Ottawa Curling Club. He had been one of the founders of the now defunct lawn bowling club, equally skilled with the bowling balls. In other forms of sport he had played an active role and Dr. Cheney brought the same powers of concentration to the bridge table where he excelled.

Dr. Cheney was largely instrumental in bringing Hydro to Alexandria in 1920 and he had served his church and many other groups, including the secretary's duties on the Glengarry Liberal directorate and with the High School board. In fraternal circles he had served as District Deputy of the Masonic Order.

In November 1942, Dr. Cheney joined the dental corps of the Canadian Army and following his discharge he set up practice in Ottawa in 1945. In recent years he had been in ill health but he was able to attend the sportsmen's dinner here last May and had frequently returned to visit friends in Alexandria.

To mourn he leaves his wife, the former Elizabeth Porter, of 27 Oakvale Ave., Ottawa, one son, Reg. also of Ottawa and two daughters, Phyllis, Mrs. John K. Jamieson and Miss Evelyn Cheney of Toronto.

The funeral service was held at 10 a.m. Tuesday at the Hulse and Playfair Chapel in Ottawa. Interment will be in Thomasburg, Ont.

ONE NEW FACE—There was only one new face at the council board as Alexandria's council held its inaugural meeting recently. Jean Clement, at left, and Duncan A. Macdonell are newcomers but Mr. Macdonell was in hospital at the time and so missed the inaugural. Others left to right are: Lyall Costello, Bruno Pigeon, Clerk-Treasurer, D. O. Collin, Mayor, Raymond Periard, Reeve, Bruno Massie, Deputy-Reeve Paul E. Viau, Sam Brunet and Adrien Charlebois. —Photo by Robert

Counties Council Tabled Request For Support Of Old People's Home At Maxville

A computer system will be obtained for the new assessment commission. United Counties council made the decision at its January session last week.

On recommendation of the roads and bridges committee, it was decided to purchase land near Winchester, Alexandria and St. Andrews West for equipment sheds for the road system. Carl Merkley, Cecil McNabb, Alfred Joanette, James Zeran and Lynden Hough were appointed to the advisory road committee, to serve with Warden Archibald MacDonell in this capacity.

A note of optimism was struck when the agricultural committee heard W. D. Keyes, Dundas say he thought the future for agriculture in the area looked bright. Weed inspectors also addressed council, seeking further spraying of weeds under some circumstances, and closer attention to vacant farms and lots.

Council tabled a request for support of a home for the aged at Maxville, and a request that council assume a portion of the Hotel Dieu Hospital's debt. Council will investigate the possibility of expanding Glen-Stor-Dun lodge before making a further decision on a new home for the aged.

It also heard a delegation from Cornwall General Hospital asking that the United Counties provide $330,000 toward its proposed expansion and agreed to do so upon proper assurance the work is going forward and appropriate financial arrangements among all concerned are in order.

Warden MacDonell appointed Frederick Hill, Harold Brown and Bruno Massie to the warden's committee.

Leaving Square C

Superintendent of Square C Textiles since the industry came to Alexandria in 1964, Andrew J. McNulty is leaving the Company in early spring and plans to return to New England.

There has been no announcement yet from the parent Consolidated Textiles at Montreal, but Mr. McNulty informs us a new superintendent has been named.

The McNulty family will remain here at least until the end of June.

Ron Asselin, technical manager and Jean St. Pierre, chief inspector, are also leaving the local plant, we understand.

Night Courses To Start Monday

A series of Monday night courses on agricultural subjects will get underway next Monday night in the High School here, conducted by authorities from the University of Guelph.

The first session will see Prof. W. A. McBride of the Department of Agricultural Economics discussing the question: "What's limiting my pig profits?"

On Feb. 13 Dr. Gordon J. King will discuss breeding problems, especially in cattle. Dr. King is with the Department of Animal Science in Guelph.

The topic "Glorified record-keeping or farm management will be discussed by Prof. G. Hutchison of the Department of Extension Education on Feb. 20.

Prof. Tom Lane of the Department of Soil Science will deal with the subject "Soils, fertilizers, fertilizer use and new developments in fertilizers for economic crop production" on Feb. 27 the final evening.

All the lectures start at 8 p.m. and all farmers are invited to attend.

Extend Deadline For Beard Growers

Glengarry Fuzzy Knights was selected Tuesday night as the name for those entering the centennial beard growing contest and Alexandria Legion Branch will sponsor the contest.

Some 25 were in attendance at the meeting some of them from Lancaster and other parts of the county. It was decided to extend the deadline for registration to Feb. 28th in the hope other entries will make it a truly Glengarry-wide competition.

New Zone Forester

New Zone Forester for this area, Barry Warwick of Hearst, Ont., will arrive about March 1st to take over his duties. He will succeed Lou Forcier who was transferred to Gowgama last fall and his area will cover Glengarry, Stormont and Prescott counties.

Mr. and Mrs. Warwick were here this week house hunting. They have two young daughters.

Sees Need Of Coroner Here

A coroner for the United Counties since 1931, Dr. D. J. Dolan was retired as of December 31st under provision of an amendment to the Coroners' Act which forces retirement of all coroners at age 70.

His retirement and the illness of Dr. John F. Mutch of Maxville, leave this county without the services of a coroner closer than Cornwall and Crysler.

This is not a healthy situation, Dr. Dolan feels, and he urges the appointment of a young medical practitioner in the centre of Glengarry. This could be in an acting capacity pending the return of Dr. Mutch, declared Dr. Dolan in an interview this week. "But there should be no delay in making such an appointment".

Tragic fatalities require the services of a coroner very quickly he notes. Even people who die of natural causes, but without the services of a physician, necessitate the services of a coroner. Delay at such a time is intolerable, he feels, and Glengarry should be better served than it is at present.

Streets Foreman Dan Lajoie Died Sunday

In charge of streets maintenance in Alexandria for the past 24 years, Dan Lajoie died Sunday in Hotel Dieu, Cornwall, following a lengthy period of failing health. He was 64.

Active in the Knights of Columbus and in Sacred Heart parish, Mr. Lajoie had been honored last June by Bishop Brodeur when he was awarded a diocesan order of merit.

J. F. A. MacIntosh Succumbed To Brief Illness

A native of Alexandria, Mr. MacIntosh had been a resident of Cornwall for the past two years, since his retirement from the Sun Life Assurance Co. at Montreal. In these late years he had spent much of his time with Alexandria friends and word of his unexpected illness and health came as a shock, especially to fellow members of the Glengarry Golf and Country Club.

The late J. F. A. MacIntosh was born at Alexandria, 67 years ago, a son of the late Mr. and Mrs. John J. MacIntosh. A building contractor, his father had erected the present Church on the Hill and had met death while in process of building the Presbyterian Church at Vankleek Hill.

GLENGARRY HISTORIAL NOTES

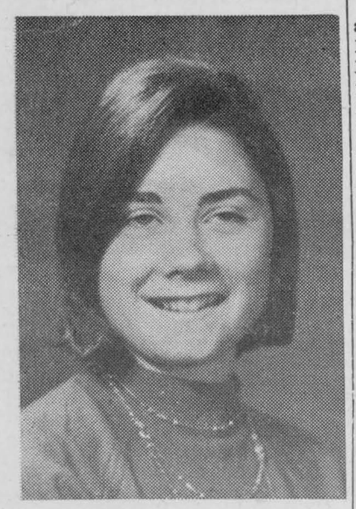

by HUGH MacMILLAN

Government reports often make dull reading, but the river conservation reports of the Ontario department of Energy & Resources give a fascinating view; past, present and future of a great natural resource, namely our river systems. Following river conservation reports in other parts of the province, action has been taken to better conserve these rivers and their valley lands. The Raisin River conservation report has been out for several months now, and it would be interesting to learn what action is being taken, or planned, to implement its recommendations.

In the process of moving from a largely agricultural society to a highly industrialized society we have squandered much of our natural resources. This trend is being changed and a large part of the credit is due to the progressive action taken by river conservation commissions across the province. Let us hope that the Raisin River commission will move into action. The findings of this report, which affect a large part of Glengarry, have gone largely unreported. All across Canada you will see examples of river conservation commissions working with agencies such as ARDA to better preserve our natural resources. Write Queens Park for a copy of the report or better still contact the Raisin River Conservation Authority for further details.

Maynard Gertler is a Montreal publisher with a high degree of interest in our country and this county in particular. He recently brought to my attention the Jackfish Lake development, jointly sponsored by the Federal government, through ARDA, and the province of Saskatchewan. The program costing $190,000. has the Federal Government contributing $71,250, the province,

IT'S OUR OPINION

Plan On Plenty Of Time

We spent all day Friday catching up on the progress being made on Canada's World Fair at Montreal and we came away excited. This promises to be a tremendous experience for Canadians of all ages and we Glengarrians residing in close proximity to Expo are especially fortunate for it is going to take at least a week of visits to take it all in.

These two little islands off Montreal's waterfront are being transformed into the most fascinating acreage on this globe. Some 70 countries will have pavilions and the imaginative architecture used in their building is an exciting promise of the exhibits to be viewed inside.

Man and His World is the theme of this international exhibition and the promoters promise that this world fair will be more educational for visitors than a world tour. Not only are the contributing countries providing exhibits in their pavilions; each will be sending to Montreal this summer its finest entertainers.

The famed La Scala of Milan will be but one of the world's top opera companies to appear in Montreal. The Vienna State Opera, Russia's famed Bolshoi, the Hamburg State Opera and the Royal Opera of Stockholm will be appearing in North America for the first time. The Paris Opera Ballet will be only one of many notable ballet companies and the theatre fare will include the Stratford Festival and Sir Lawrence Olivier appearing with the National Theatre of Great Britain.

Orchestras as well known as the New York Philharmonic, chamber music ensembles, choirs and renowned soloists are being sent by their governments to entertain world's fair goers in Montreal's Place des Arts and in Expo Theatre. For those wishing less cultural fare there will be military tattoos and other such performances. Thousands of performers will be entertaining fair goers for free in bandshells and the amusement park, La Ronde, will offer rides and other entertainment including water shows.

There is so much entertainment planned for Montreal and the Expo site one is left wondering how fair goers will find time to take in those 71 pavilions with all the educational and entertaining features they promise.

Some of these special features were outlined to more than one hundred weekly newspaper editors at a briefing, Friday, that included colored slides of all pavilions. The Canadian pavilion alone takes up 11 acres and its many buildings and exhibits have been designed to make Canada and Canadians better known to visitors from around the world. It also is meant to serve as a mirror in which Canadians may see themselves with enhanced insight into what it means to be a Canadian.

One of the main features of the Canadian pavilion will detail the challenges that our people face in making and keeping their country vital and progressive. Expo itself is such a challenge, a famous first for Canada. Weekly newspapermen being briefed, Friday, were impressed with the capacity fellow Canadians were showing in transforming this island acreage into so enthralling a world fair site. They appear to be achieving a goal in earth-moving and logistics alone that many thought impractical when first it was broached.

Weekly newspapermen came away from their tour of Expo revising their plans for the summer trip to the world fair. It will have to be extended to a week at least if they hope to see all that's to be seen on those Expo islands.

Small Villages And The O.P.P.

Province-wide policing of all towns and villages by the Ontario Provincial Police has long been rumored in future plans at Queen's Park. Probably a first step in that direction is the new system to be tried by the Ontario Government wherein all small municipalities now having one-man police forces will be able to do away with their regular man and use the nearest OPP detachment.

Local by-laws would then be administered by a local appointee not necessarily a police officer and the OPP would be called in when law enforcement was required.

From past experience we would say this system will prove far from satisfactory and the editor of the Chesterville Record is apparently thinking along the same lines. He writes:

"Chesterville has been well served with the present system. While a policeman's lot is not a happy one, it must be admitted we have had good policing. Constable Shane is a graduate of the Police College, the government establishment; he is a former member of the OPP and has served the town long and faithfully. His hours are crazy but don't try anything at 2 a.m. or you may find Shane on your tail. The present constable is well qualified to serve the community. Much more so than an occasional caller in a black and white car. The fact of distance alone leaves the idea of OPP service a thing to be questioned. When a disturbance erupts, and they do, just who is going to take the phone in hand, spend five minutes trying to get a signal through the Bell system to Long Sault, then wait until a policeman 12 miles away eases his way into the village especially when the average disinterested policeman will not hurry into a fracas. All too often his attitude is to take it easy and let tempers settle. Broken furniture and a kick or two in the groin are incidental.

"This village boasts two hotels that serve intoxicating liquids. One of the features of the evening is the exodus from these places of refreshment. It is then that tempers sometime get a bit out of hand and the presence of the local cop has a very soothing effect. We wonder if the influence of the OPP would be felt to the same degree when they serve the town from a travelling patrol

"The new system of policing is of little use to us. Our distances are too great; it even took ten minutes to get in a patrol when thieves tipped the local bank for over $50,000 last summer. At that time the Long Sault detachment was alerted while this robbery was in progress, because our local man was taking a rare half-day off.

"We will await the next move of the planners in Toronto. Anytime now they will be ordering us to sleep on the other side of the bed and let the wife use the side nearest the register."

Your Opinion Really Does Matter

Sometimes we are amazed at what has happened to Canadians in the past ten years. We used to be a hard-headed bunch who could haggle over the last dollar on a purchase, seek out the best deal and unfailingly patronized the merchant with the best prices. Somewhere along the way most of us have softened up, suggests the editor of the Wingham Adance-Times.

Whether the reason lies in our comparatively affluent condition, or whether we have simply grown tired of haggling we don't profess to know. But we do know that the consequence of our more agreeable attitude is that we are getting less and less value for our money. Buy a garment that looks good on the outside and you'll find the pockets are so shoddy they are tearing out in a few months. Pay three or four thousand dollars for a fancy new car and then discover that the windshield wipers don't work right, the muffler is a complete ruin within a few months. It matters little what we buy today, we hardly ever expect it to be satisfactory, so accustomed are we to poor workmanship and high prices. We shrug our shoulders and put up with the shortcomings.

Basic to our complacency is the fact that we all know the merchants from whom we buy and we mentally say, "Well, he can't help it. He didn't make it." That sort of thinking is theoretically correct, but it utterly fails to achieve any betterment. The merchant is the only man in the chain of distribution with whom we have any contact and he is the man to whom we have paid our money. We have every right to hold him responsible for poor merchandise.

In case you are convinced that complaints are useless, think for a moment of what has already been accomplished by the organized outcry from the women who decided food prices were too high in city food markets. Something was indeed done about food prices and more will be done shortly.

Of all the evils brought about during inflationary prices shoddy workmanship is the most loathsome. Higher prices are inevitable in some cases. Costs of materials and labor rise and increases in selling prices cannot be avoided. But the least one can expect is that when the price is high the goods should be of first quality.

When you buy anything that is less than perfect, squeal—and keep on squealing. If enough of us do it the message will filter back to the manufacturer and he will do something about it.

Duncan Gray of Messrs. McPherson & Schell's factory here, on Monday performed the wonderful feat of turning 175 balusters in 9¾ hours. As 80 or 90 is considered a good day's work, we must conclude that Mr. Gray lost no time in making this record. — Duncan McLennan, of "Ridgewood", Lancaster, on Saturday gave a handsome contribution of one hundred dollars to the Relief Fund started by the Montreal Daily Star for the starving millions in India. — The Town of Cornwall is to have a first-class business college. The opening took place on Monday, January 18, and it is to be affiliated with the famous Kingston Business College.

RE ROXBOROUGH LIBRARIES

RR 2 Maxville

The editor,
The Glengarry News,

Please allow me to congratulate Mrs. Viola McRae for the writing of, and your paper for the printing of, her two letters that were chock full of information on her efforts to have the Roxborough Council pass a bylaw for the establishment of Township Libraries. It would seem that this council has not only given away, through lack of foresight or ignorance, the past year's achievements of the Avonmore residents, but also the centennial grant to build a chapel at the Glen-Stor-Dun Lodge. True this is a worthy project on the face of it, except when I read that this Lodge needs to be enlarged; or another one built in Maxville!

Permit me my confusion, as a recent newcomer. Am I to understand that my council thought it a more worthy project to help in the building of a Chapel for old peoples' souls, rather than use the money for expansion so that this

GOLFERS MOURN

Local golfers got a double knock last week with the death of Franklin MacIntosh and the serious injuries suffered by A. D. D. "Buster" Macdonald in a car-truck collision.

Both were among the most active members of Glengarry Golf and Country Club and fellow divot diggers had been looking forward to playing a round with them with opening of the new season. The death of another club member, John James McCormick, had preceded that of Franklin MacIntosh by only a month.

There is still the hope that "Buster" Macdonald will recover from serious head injuries and be restored to golfing health.

For Franklin MacIntosh death came after but a few weeks' illness, to bring a premature end to years of retirement in which golfing on the local fairways loomed large. In apparently fine physical form, he had returned to his native Alexandria following his recent retirement primarily to enjoy his favorite sport. Almost every day last summer had been spent at the course and his companionship and readiness to serve in any capacity had been valued by fellow members. His personable figure had become part of the local scene and golfers looking forward to the new season feel a real sense of loss in his unlooked for death.

A young club such as ours can ill afford the loss of three such enthusiasts as John James McCormick, Franklin MacIntosh and "Buster" Macdonald. Fellow members and a legion of Lancaster friends are praying at least "Buster" will be spared to enjoy those green acres again.

SHIVERY SPRING FORECAST

Now that we've dug out of that weekend blizzard and slogged through the snow into February thoughts will be centred on spring and a new growing season.

What lies ahead in the way of weather? Who can tell? But Al Palmer, a columnist in the Montreal Gazette, has come up with his yearly predictions from one Mrs. Wilfrid Beaucage of Sherbrooke, who has been providing him with an annual long-range forecast.

She calls for a long winter, a cold spring, a damp summer and a lovely warm fall. We give you Mrs. Beaucage, by way of Mr. Palmer, for what it is worth:

"So, a long winter, a cold spring, will discourage mosquitoes especially around the Expo site.

"There are two months which have five changes in the moon — May and December. This means the months following these will usher in warmer weather.

'Easter is early — the last Sunday in March — which should bring warmer weather. 'Early Easter, early spring', but I doubt it this year.

"Rather a damp summer, good for the skin texture, eyesight and hair; but not for colds nor the lungs.

"It will be a lovely warm autumn with no highly colored Canadian foliage on the maple trees as lack of frost will not encourage changing of colors.

"Farmers will have many problems. Crops for production above ground, such as beans and peas may become rusted. Tomatoes may show considerable black spots. Grain will do well if not planted too early as plenty of moisture and warm weather will help it to grow.

"Pastures will be poor until the middle of June. Root crops should be planted on well-drained land as the continual showery season could well produce some rotting if the ground stays wet.

"Fishing may be difficult as frequent showers usually feed the fish and then they are not hungry for bait.

"Golfing and boating should be wonderful and driving through the country will be refreshing. The air will be good. Sweet peas should be excellent and if planted early they will do well in cool weather."

Mrs. Beaucage say roses should thrive well this summer and that should be a pleasant thought for suburbanites.

The CWL of Maxville held its monthly meeting on Thursday, Jan. 19, at 8 p.m.

Meeting was called to order by the new president, Mrs. Duncan McDonald. There were 13 members present.

A letter was read from Doris Daley about recollection day on March 8, 1967, also a diocesan meeting to be held on March 16 at Alexandria.

Mrs. Huron was elected to press and publicity. Mrs. Haramis reported 15 parcels sent for Christmas to poor families. It was decided Shamrocks should be made in February. Mrs. Haramis read the "Constitution of the Church", Chapter I. Chapter II will be continued at next meeting. Father Bourque announced Father Scott will speak to parents of public school children on the Catechism on Feb. 12.

Father also announced centennial project for St. James parish would be an old time supper and dance on March 2. The ladies decided to have a card party on January 29 in Parish Hall.

The meeting closed with prayer led by Father Bourque. A delightful lunch afterwards was enjoyed by all.

CHURCH REVIEWED GOOD YEAR

Reports submitted by the various organizations of the congregation of St. Andrew's Presbyterian Church, Maxville, at the annual business meeting indicated that the year 1966 was one of the most successful years in the history of the congregation. The meeting was held in the school room of the Church following a "pot luck" supper served by the ladies of the Church. The minister, Rev. I. D. MacIver, presided, and Mrs. H. W. Graham was secretary.

The report of the Kirk Session, read by the clerk, John W. McEwen, showed that during the year there had been eleven funerals and five marriages. Mr. McEwen expressed the appreciation of the Kirk Session to all who, through their work in the various organizations, had contributed to making the past year such a successful one. The missionary budget allocation of the congregation was oversubscribed by almost $200.00, and the givings of the afternoon and evening auxiliaries of the Women's Missionary Society were considerably more than in the previous year. The General Fund and the Ladies' Aid Society both ended the year with substantial balances on hand.

The officers for the year 1967 are as follows:

The Kirk Session—Rev. I. D. MacIver, Moderator; J. W. McEwen, Clerk; D. A. Cumming, A. Kennedy, J. H. MacKillican, A. N. MacLean, W. S. McLean, A. C. Vallance.

The Board of Managers—For one year, N. D. Ferguson, I. D. MacLeod, R. F. MacRae. For two years: D. A. Cumming, G. Heinsma, H. Veenstra. For three years: E. Carter, J. R. Kennedy, J. W. Vallance.

Ushers—E. Cameron, D. A. Cumming, N. D. Ferguson, H. W. Graham, J. R. Kennedy, R. C. MacEwen, C. MacLeod, I. D. MacLeod, N. A. MacRae, R. F. MacRae, D. F. Munro, J. W. Vallance.

Trustees—J. W. McEwen, J. H. MacKillican, W. S. McLean, R. J. MacLeod.

Church School Superintendent—J. W. McEwen.

Auditors—W. S. McLean, R. J. MacLeod.

Secretary-Treasurer—Mrs. H. W. Graham.

Organist—Mrs. I. D. MacIver.

Assistant Organists—Mrs. W. S. McLean, Mrs. H. W. Graham.

The meeting heartily endorsed a substantial increase in the minister's stipend and expressed appreciation to Mr. and Mrs. MacIver for their leadership in the work of the congregation.

At a brief meeting of the Board of Managers following the meeting of the congregation, R. F. MacRae was elected chairman of that Board for the year 1967.

WHICH GIRL DID YOU SEE FIRST???

Actually, it's the same girl in both pictures but she's much easier to see in a white sweater which stands out against the darkness than she is in a black coat. Pedestrians who wear something light-coloured at night are safer because they can be seen more easily by drivers. In the bottom photo the girl is taking additional risks by walking on the roadway when there is a wide shoulder available.

institution could admit more people? Adding insult to injury with their noble refusal to pass the necessary by-law, they destroyed in their own township, whose peoples' interests they have "pledged themselves to protect" the Village Library and with it all the years of voluntary work and pride of achievement that goes into the building of a Library no matter how small. So ending all efforts of these people to bring into the other small villages the joy of continued education through books.

How dare they give away with one hand their taxpayers' dollars, without so much as a by your leave, while with the other hand refusing these same taxpayers the necessary legislation to continue, expand and hold what belongs to them! If my council are after monuments to their names—witness new Town Hall and Brass Plaque—I can think of no finer centennial memorial to an enlightened Council than their passing of a bylaw to establish a Township Library Board.

It perhaps behooves us all to lay aside our apathy and watch more closely our administrations by attending our council meetings. The next one for Roxborough is in the Township Hall, Feb. 7th, at ten in the morning. Let us be there and try and salvage from the wreckage a taxpayers' centennial project of a Library Board and dedicate it to the Youth of our Township. I can be reached at 527-2022.

THE PRESS GETS PANNED

Montreal

The editor,
Glengarry News,

After many years of reading your paper I among many have been favorably impressed by some of your editorials. One of the latest is of some interest but of less merit, and I refer to "We have a right to know" in the issue of January 19, 1967. Your remarks concern Washington news releases by the U.S. Government which, it has been alleged, are not always accurate. Your motive is probably sound in principle and the public does have a right to know, but for a newspaperman to point the finger at politicians and accuse them of suppression of news and obfuscation of facts is alarming.

No class of people has contributed as much to misleading the public as the newspaperman and his principals, the dominant business organizations. In addition the newspaperman performs this function for a price. He spends his life courting the great, and in return for the shekels thrown him he does his "duty".

As a propagandist he is superb, and he has perfected refinements that by comparison make the German propaganda efforts during the last war look as unsophisticated as a school boy in a pulpit.

There may be little doubt but that the newsman does not intend to be a puppet dancing at the call of those whose interests are so opposed to ours, but as so many Canadians you appear to be an unwitting but willing implement in the great business of news management.

No doubt you as others read faithfully the Montreal Star, the Montreal Gazette, the Toronto Star and The Telegram and sit back in smug satisfaction in the "knowledge" that you have obtained all points of view. Have you ever realized that all these viewpoints are basically the same with graceful variations in the irrelevancies?

All these noble publications are owned and controlled by financiers of that class identified by some as the "establishment" and they are dependent on the same establishment for their own success.

Are you actually under the impression that the newspaperman has a high purpose and a virtuous sense of duty to inform the public? Doubtless some have this high calling in mind and they are worthy of more admiration than they are likely to get. It would be much more accurate if you did not imply that it was general.

If some of your boys have a falling out with the politicians in Washington, might it not be that their businessman friends are having "sober second thoughts" about the war in Viet Nam? If they were not, it is unlikely that their stooges would now be complaining about government attempts to mislead the public. After all who else are geniuses in the art of deception?

If there is distrust of news as you suggest, it is usually the newsman that is misleading the public or at least a party to it, and it is not necessarily the bureaucrat or the politician who is guilty.

Following play prizes were presented to members of the four rinks in the finals:

Brownsburg — Lillian Phillips, Peter Phillips, Iris Hardie, Andy Hardie, skip.

Alexandria — Mildred Mutchler, Phil Kaufmann, Bernice McDonald, Jack Caley, skip.

Minor Hockeyists Had Fun On Ice

Minor Hockey Week's close was marked Sunday afternoon on the Alexander School rink when the Alexandria and District Minor Hockey Association staged a series of matches feature one of which saw the Mothers of Confederation playing their Sprite sons.

The Sprites won 4-3 and the PeeWees played to a 1-1 tie against the town fathers. Bantams were beaten 7-5 by the businessmen.

There was a fair crowd of spectators despite the cold wind which brought pleasant memories of Glengarry Gardens.

Preceding play was a parade of players and adults from the Mill Square headed by Piper Roger Martin. A popular feature were the skidoo rides.

The Association cleared some $200 on its tag day, ticket and program sales.

Scotsman's Night At Lancaster Curling Club

Mixed rinks from Alexandria, Morrisburg, Maxville and Vankleek Hill were guests of Lancaster Curling Club, Saturday night, at that club's annual Scotsman's Night. Ken MacLeod and Milton MacDonald were in charge of arrangements including a Scottish program complete with the haggis.

The club has an Irishman's Night planned for Feb. 11th with Pat Kelly and Topsy Hill in charge and a Frenchmen's Night on March 11th with Bunny Polnicky as organizer.

LEGION-AIRES

BRANCH 423 ALEXANDRIA

The first meeting of the executive officers got off to a flying start at 8.30 p.m. sharp, with only two members absent, and everyone eager to get the show on the road.

Larry Sicard reported that the Hospital Visiting Committee was set up for the year and already in action, visiting any member or veteran in hospital and providing him with a carton of cigarettes and the comforting thought that his comrades were thinking of him.

Biel Poirier (1967 Sports Officer) reported that a Legion Tug-Of-War team had been entered in the Richelieu Carnival, February 25 and all that was required was a few tuggers and warriors. This is the first particpation by the Legion in centennial year activities, so come on you guys, we need your help, leave your name with the manager at the club rooms or phone Biel at 525-3473. How about it sports?

The president suggested that we hold an honor and awards night on Saturday, May 27th, to honor (1) The charter members, our charter is dated May 26th, 1947. (2) All the young lads who served in World War I, (well they were young at the time). (3) All members who qualify for 20 or 25 years of membership in the Legion, and (4) Past officers and members who qualify for other outstanding services to the Branch and the Legion.

LEGION CENTENNIAL — Well our project is launched, subject to the approval of the general membership, it is planned to have a field day and fair at the Island Park on Saturday, September 2, 1967. So keep this date in mind and bring forth your suggestions at the next or any other meeting.

The Legion Hall will be the headquarters again for the St. John Ambulance Courses scheduled to begin February 20th, and continuing for eight weeks thereafter. The Legion Hall could very easily become the headquarters and rendezvous for THE MEN that is the ones who have the intestinal fortitude and other requirements to grow a beard. This is subject to the approval of the Lions Club who have already laid the foundation for the BEARDED WONDERS.

OTHER CENTENNIAL YEAR undertakings discussed were: A reinstatement of Vimy Night, April 8th. Combined Ladies Auxiliary and Legion Social to include the Hawkesbury, Lancaster and Alexandria Branches, sponsored by our own Ladies Auxiliary on March 18, 1967. A centennial Legion tent and trailer park, and any other worthy project you care to suggest.

Congratulations are in order for our very own Mr. Welfare. This certain gentleman travelled to Toronto over the past weekend to be presented with the charter of the Welfare Workers Branch of the Civil Service Association of Ontario. I am told that he was the founder of the Association and a very active person in its activities until he was disqualified due to a promotion to administrative level. Congratulation Comrade Larry Sicard, and may you fare well with your welfare and other personal plans.

In conclusion may I again invite you to submit your news items or those of your comrades, I will gladly include them in this column.

$82,750, and the area's watershed association $36,000, raised through local taxes. The benefits include, water storage-control through the use of dams and dykes which will reduce flooding of hay lands, recreation benefits to over 1,000 summer residents, backflood irrigation and drainage which will benefit over 50 farmers holding 41,000 acres of hayland, improvement of local fishing conditions particularly for Indian commercial fishermen, downstream irrigation of land, and improved investment opportunities for the tourist industry.

There are certain problems and solutions that are similar in the Raisin River situation. This river and its branches had much to do with the early pattern of land settlement in Glengarry.

The first settlers established lots along the St. Lawrence River. This started with the United Empire Loyalists who fled the Mohawk Valley in 1784 to settle in Glengarry. At the same time, and later, settlers took out lots along the Raisin and its tributaries. A 1792 survey map shows the first claims settled; all had worked lots running from either the lake or river, back to a concession line This has always been the traditional pattern of land settlement. These settlers along the river started early to cut off the timber in order to grow crops. The use of hardwood for pulp during the last war speeded up the cutting of our hardwood stands. This coupled with better drainage has nearly dried up our river.

The report recommends 24 related means of improving the river system for area residents. This includes, elimination of grazing in woodlots, reforestation, planned management of woodlots through tree farming, purchase of certain lands for an Authority Forest, research into forestry problems and conservation education, discourage unnecessary drainage of swamps, tighter control of river pollution by cheese and milk processors, more farm ponds, improvement of the river channel, building of weirs in conjunction with community recreation areas, and the possible diversion of water from the St. Lawrence (this latter point would be possible only through the permission of the International Joint Commission).

It seems hard to believe that within the last seventy years steamboats were able to navigate upriver as far as Williamstown. Captain Alex Stickler of South Lancaster, was building barges at the mouth of the river. One of these was named the "Glengarry".

Today one would be hard put to get even a canoe up to Williamstown, unless it were carried. Speaking of canoes our "Nor'Wester canoe brigade will be coming upriver from Lancaster on the morning of September 2nd for the official opening that day of Canada's only North West Co. museum. There will be 12 of us, all descendants of "Nor'-Westers" in two 26' fur trade canoes and we will have paddled all the way from Grand Portage, Minnesota. I hope some of the Raisin River Conservation Authority people are on hand to watch us carry these craft the last few miles.

MARTINTOWN

WI HAD MEETING

A warm welcome was extended to Mrs. Donald MacLachlan, district president of the Women's Institute, by Mrs. Alex Lagroix at a meeting of Martintown WI held at the home of Mrs. Hartley Dupuis. Mrs. MacLachlan chose as her topic "Time and Money" stating that the women of today have to find time to attend many meetings, have to find time to keep up with educational programs and maintain their interest in acquiring knowledge of all kinds, and have to find the time, to try to conduct their household in as systematic a way as possible. In respect to money, Mrs. MacLachlan advised women to be more cautious in their purchasing, to read labels and not to yield to 'impulse' buying, revert to the old method of making a list of items required. Mrs. Lagroix thanked Mrs. MacLachlan for her very interesting topic which was presented to us in such a direct fashion and enjoyed by all.

The roll call for the day was "People in the News" and all members had response for same. A letter from the FWIO stated that the Officers' Conference will be held in Guelph on May 2nd, 3rd and 4th—this year the first choice is for the convener for historical research to be present, otherwise the district director and branch president. This year the study will be "A world of food in Canada" to take place on February 14th and 15th in the United Church Hall in Alexandria. The Institute owes a debt of gratitude to these ladies for their continued interest and support.

Members have agreed to donate to the Canadian Mental Health Association through the use of Penny round-up bags.

A letter was read from Miss June Aubin of Martintown asking if the Institute could possibly locate a lady who was willing to act as Girl Guide Leader in our district. The Institute hopes to try to find someone for Miss June and her friends if at all possible.

The Institute is to cater for the talent appearing at the Scotch Concert in Martintown on January 25th, Miss Gladys Keir to be in charge of arrangements.

SPORTS in the GLENS

by ANGUS H. McDONELL

Should Glen Hall decide to paint his barn again in a year or two, Black Hawks will likely accept this move as the inevitable retirement.

This writer doesn't pose as a judge of potential young hockey players, however, we venture to say that while Tommy Ivan and Billy Reay, manager and coach respectively of Chicago, may be keeping an eye on Glen Hall's handiwork with the goal stick and the paint brush, they are also viewing with optimism the work of young Peter McDuff in the nets of St. Catharines Black Hawks, Junior "A", OHA league. Here is a boy that is on his way to the top minor-pro leagues and, we think, someday all the way to the NHL.

Despite last Saturday's snow storm we got through to the Forum where St. Catharine's won over Montreal Jr. Canadiens, 5-3, in a fast, clean cut, interesting game. The young Hawks scored another important win on Sunday night at home, 3-0, over second place Hamilton.

St. Catharines are mid-way in the nine team league standing and hold the best defence record with the least number of goals against, 108, in 32 games played. With all due respect to their back checking forwards, and alternates, the major credit for their fine behind the blue line play must go to the first four players on the defensive shift.

Peter McDuff is 5-10, weighs 175 and hails from Milton, Ont. He is only 18, has a left-hand mitt, a carbon copy of "Mickey" Cochrane or Yogi Berra and body reflexes that spring like a bear-trap. St. Catharines' back up goalie, Larry Holmes, is also a top notch net-minder and firmly holds the fort when it is his turn.

The number one defenceman is Tom Reid, a bruising 6-2, 190 pound blocker who is not unlike Elmer Vasko in his junior days. Beside Reid is Laggan's Willie Terry, an even six feet and 185 on the hoof. These four players are, as stated, the chief reason for St. Catharines league leading defensive play.

We were also interested in making further notes of Glengarry's contribution to Canada's top flight junior league. (OK, OK Hub, we are not forgetting Frank Boucher's Western juniors.)

It was a co-incidence that the Junior Canadiens' defenceman we were to compare in development with Willie Terry also wears sweater No. 4—Pierre Bouchard. Pierre is a son of Canadiens' Hall of Fame defenceman "Butch" Bouchard. Pierre is a rangy youngster with another year junior and today his offence record of three goals and six assists compares with Terry's. But Terry is a much better puck handler and skater, in fact rated one of the best in the OHA group.

Now compare the major difference in early training. Naturally Pierre Bouchard was singled out when a Pee Wee, due to stature and family background that would make him a logical Canadien someday. Each year he was brought along like a colt in Conn Smythe's racing stables.

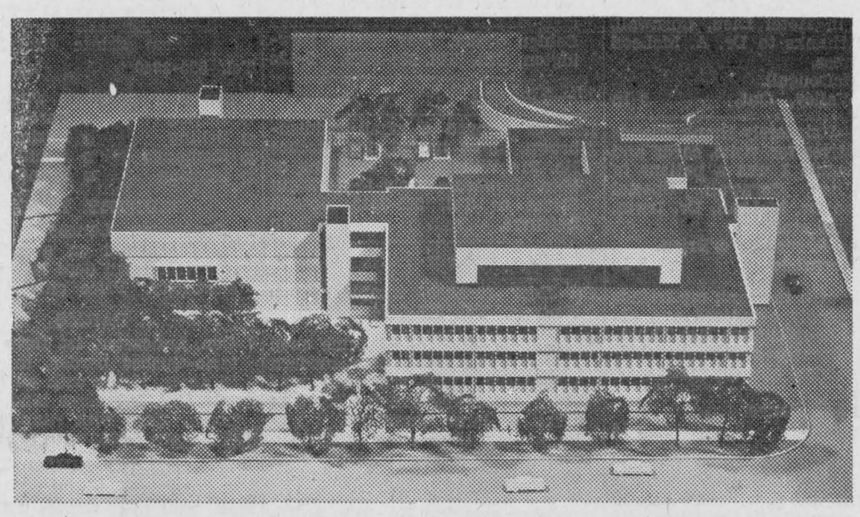

On the other hand, Willie Terry, with the MacSweyns and other farm boys, drove to Glengarry Gardens, many times with difficulty to play minor hockey on Saturday. Willie (as an example) came up through the Father Gauthier-John Grant-Adelard Sauve era and like his neighbors, Kent and Ralph MacSweyn, when not skating on field ice was aborbing more hockey in St. Bernadin and Vankleek Hill. While with Hawkesbury, Willie Terry played an exhibition game with Brockville All-Stars against Black Hawks juniors and was spotted by a Chicago scout.

In the meantime, Pierre Bouchard was always in Les Habs minor hockey farm system. So last Saturday the farm boy from Laggan squared off against the Canadiens' hockey farm boy. Willie Terry came up the hard way without all the opportunities afforded the likes of young Bouchard, however, despite the handicaps, he was the more impressive player of the two in Saturday's game. This is Willie Terry's last junior year and whether or not he moves up to the minor-pros, like Ralph MacSweyn, right now is beside the point. The record is there for all to note that one of the top defencemen in the Junior OHA today is a product of Alexandria minor hockey.

Our enthusiam was dulled following our return home. On Sunday local Minor Hockey officials were staging their Centennial day but check the setting. Glengarry Gardens closed to hockey. Ourtown rink closed with snow. Despite the headaches that must have confronted minor officials this winter they deserve a capital "E" for effort. However, so long as the present rink situation prevails, we will not develop any more Willie Terrys for junior OHA or anywhere else. If ever this fact was brought home to this writer it was in seeing a local boy play in Saturday's game in the Forum, then, take a look at Sunday's locale for minor hockey in a town that we frequently said is bursting at the seams economically.

UNIVERSITY OF GUELPH

New Animal Science-Nutrition building model

Dubbed by Hon. W. A. Stewart, Ontario's Minister of Agriculture and Food, as "Potentially the most important agricultural building in Canada" is the new eight and one-half million dollar Animal Science - Nutrition building to be constructed immediately at the University of Guelph. A model of what the building will look like when completed is pictured here. Dean N. R. Richards of Ontario Agricultural College—one of the Colleges of the University—said "The new building will enhance our contribution to the welfare of Ontario farmers in the field of education, research and advisory services." Money to construct this badly needed building is coming from the Ontario Department of University Affairs, The Ontario Department of Agriculture and Food and the University of Guelph Development Fund.

Dunvegan Church Had Good Year

The sum of $12,750 was raised for all purposes during 1966 according to reports presented at the annual meeting of Kenyon Presbyterian Church, Dunvegan, which was held on Saturday, January 14th. Rev. H. Russell Ferguson and Fraser Campbell were chairman and secretary respectively.

The givings of $1557 to the Missionary Budget indicated an all-time high contribution. Other totals included general fund, $6,588; Kenyon WMS, $603; Skye WMS, $352; Bible Society $127; repair fund, $487.

The redecoration of the interior of the church at a cost of $2,000 has been adopted by the Women's Association as a centennial project.

Keith Franklin, 1966 chairman of the trustee board, stated that the church steeple and the roofs of the church and manse had been painted last summer.

The session report read by Dan N. MacLeod recorded the passing of Donald A. Gray, Elder, on September 15th, also, the congregation is composed of 88 families and 184 communicant members.

The Sunday School held its classes in the former Dunvegan school house during the summer months.

St. Andrew's At Martintown Had Annual

"That we recognize God's sustaining providence by thanksgiving for a year in which God in Christ has blessed us and strengthened us and guided us on our way, should be a necessary part in our accounting of the past year's work." So spoke Rev. D. G. MacKay in his report of the session at the annual meeting of the congregation held in the church hall on Wednesday night.

The meeting opened with a brief service of worship led by the minister who was also chairman for the business period, with H. Gordon MacGregor as secretary.

During the year seven members were added to the communion roll while three were removed by certificate. There are approximately seventy families under pastoral care.

The congregation stood in a moment of silent remembrance for those who had passed away during the year: Ernest Clark Ross, Grigor Stewart McIntyre, Harold McDermid and Rev. A. W. Seaton, a former minister, whose death occurred at Radcliffe on Trent, England.

The various reports presented told of a year of worthwhile activity, progress and financial success.

In spite of increased expenditure, due to several factors, the church treasurer, Finley MacIntosh, reported that all obligations had been met and that givings to the Missionary and Maintenance Fund had been increased slightly.

Mrs. Salem Thomson in her report of the activities of United Church Women said, "We who are privileged to stand at the gate of Centennial year are conscious of the many brave and courageous women who have gone before us, of the sacrifice they made to establish our church and guide our destiny to this day."

Mrs. Ewan Christie presented the UCW financial statement which was most gratifying. The Presbyterial allocation was met and a substantial sum was given to the Board of Managers.

Other reports were as follows: Board of Trustees, K. N. McDermid, St. Andrew's cemetery, D. L. Urquhart; Christian Education, Mrs Leonard MacArthur; Sunday School, Mrs. Marland Murray; CGIT, Mrs. L. West; Senior choir, D. L. Urquhart; Junior choir, G. W. Avis; auditors, Douglas Murray.

Two activities received special mention in the report of session; the painting of the exterior woodwork of the church, directed and financed by the Board of Managers, and the publication by the United Church Women of the historical booklet, "Our Heritage".

Gifts to the church during the year included a record player for the use of the Sunday School presented by Mr. and Mrs. Symonds & family in memory of her father Ernest C. Ross. Cabinets to display the old communion sets and a guest book with stand given by Mrs. S. Thomson and D. L. Urquhart.

Reference was made to the untiring work of the Sunday School teachers; Mrs. M. Murray, Mrs. L. West and Mrs. Douglas Murray, to the faithful work of the organist, Mrs. C. R. McIntyre and the senior choir, to Mr. and Mrs. Avis for their efforts with the junior choir, to the treasurer, Finley MacIntosh and the caretaker D. L. Urquhart. Mr. MacKay and the other gentleman present expressed their gratitude to United Church Women for its loyal support of all the church's endeavors.

New appointments to office were: to the Board of Managers, Leslie Robertson who replaced E. W. Sansom. Mr. Sansom had served on the Board for 15 years. Appreciation was expressed to him for his years of service. Campbell Murray was appointed auditor to replace Mr. Robertson.

Kenneth McDermid on behalf of the congregation thanked Rev. and Mrs. MacKay for their instruction, guidance and co-operation during the past year.

At the close of the meeting the ladies served lunch during which time Rev. Mr. MacKay presented a film.

Mrs. D. J. Grant Of Avonmore Died At 95

The Avonmore community was saddened to learn of the death of its oldest resident, Mrs. Donald J. Grant, who passed away early Friday morning, Jan. 13th, at her late residence, Fourth Concession of Roxborough.

Mrs. Grant, who observed her 95th birthday last March 21st, although confined to her room for a number of years due to a hip injury, remained remarkably well until very recently.

The former Mary Ann McDiarmid, she was born at Lodi, Roxborough Township, the daughter of the late Hugh McDiarmid and his wife, the former Isabel McRae.

Mr. and Mrs. Grant were married on Oct. 26th, 1892, at a ceremony in the Presbyterian Manse at Woodlands. Following their marriage they established their home in the Fourth Concession which even then had been in the Grant family name for 63 years.

Mrs. Grant's chief interest outside her home was her church. At the time of her death she was the oldest communicant member of St. Andrew's Presbyterian Church, Avonmore, having made her Profession of Faith on June 19, 1898.

For many years she was an active member in the Ladies' Aid Society and the Women's Missionary Society.

She was predeceased by her husband on January 9, 1955; by a son, Clarence; and by one daughter, Claracy (Mrs. E. M. Miller).

Left to mourn her passing are two sons, William Grant, Hamilton and Calvin S. Grant, on the home place; six grandchildren and nine great grandchildren.

Mrs. Grant was the last surviving member of a family of six.

The funeral service, largely attended by sorrowing relatives, neighbors and friends, was held from the family home Sunday afternoon for service in St. Andrew's Presbyterian Church at 3.30 o'clock. Rev. Hugh Wilson brought a very comforting message.

Pallbearers were neighbors: Earl Cameron, Willis Grant, Russell Marjerrison, Ambrose McElheran, Hector McRae and Ross McRae.

Among relatives and friends attending from a distance were those from Hamilton, Brockville, Ottawa, Cornwall, Long Sault and surrounding communities.

Many beautiful floral pieces were placed about the casket as silent tributes to the memory of one who was held in high esteem in the home, the church, and the community.

The body was placed in the vault at Paul's Hill Cemetery to await spring burial in the family plot.

Completed Homemaking Course At Dalkeith

Under the supervision of their leaders Mrs. Allan MacLeod and Mrs. Neil Blair, seven girls of Dalkeith 4-H Homemaking Club have completed "Being Well Dressed and Well Groomed", in which the girls have studied the good care of person and clothing with regard to health and cleanliness and have also planned and made a cotton duster which will be judged at Achievement Day, Feb. 4th, in Alexander Hall.

Guests at their meetings were Mrs. Alison Murray, Home Economist and Miss Lise Seguin, (hairdresser) Dalkeith.

Members taking the course are Christena and Barbara MacCrimmon, Linda MacGillivray, Mary Barton, Elva MacLeod, Laurie MacLeod and Ruth MacCrimmon.

MOOSE CREEK

MRS. E. L. BLAIR HOSTESS TO HORTICULTURALISTS

At a recently held meeting in the home of Mrs. E. L. Blair, the members of the North Roxborough Horticultural Society decided to sponsor a Euchre party in the Community Hall, Moose Creek, on Wednesday evening, February 1st.

The 1st vice-president, Mrs. Chris. Walton, conducted the meeting.

The directors were appointed to have charge of the prizes for the Euchre party and Mrs. Chester Valley was named as chairman of the directors.

Discussion was held regarding having a spring flower show, with June 15th the suggested date. Further plans will be decided at the next meeting.

The date chosen for the annual flower show was August 16th and it was agreed that Sidney Mode of Vankleek Hill, be the judge for the flower classes.

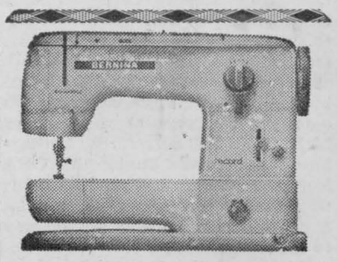

Mrs. Chester Valley was named as the director for the juvenile classes and she is to be complimented for her excellent work during the past years in this department of the work.

Mrs. Walton closed the meeting with New Year's greetings in verse "A Happy New Year" and a poem "Growing Beard".

A contest was held on "guessing the correct date on a penny placed on a lovely cake". The cake was made by the president, Mrs. William MacIntosh and the winner of the contest was Mrs. Currie Blair. Each member paid the sum of 25 cents for a guess of the date on the penny.

Lunch was served by Mrs. Blair assisted by Mrs. Earl MacNeil.
