If we cultivate our Gardens properly we may have fewer dead beets and more golden bantams. Lettuce hope.

Glengarry Gardens May Be Restored As Community Centre As Town Council Agrees To Seek Its Purchase

Glengarry Gardens may be restored as a community recreation centre following town council's decision, Tuesday night, to approach the Gardens directorate to discuss its possible purchase.

Clerk-Treasurer Don Collin was instructed to write the directors seeking an option to purchase and a meeting with the owners when price and terms might be agreed upon. The option would expire in October providing time, it is expected, for negotiations on the purchase to be completed.

Council's decision was reached following discussion with a delegation headed by Louis Shepherd and made up of local clergymen and minor hockey officials.

All members of council were reported in favor of an arena but some were inclined to a new building on a new site. However it was unanimously agreed to seek an option on Glengarry Gardens and meet with the directors to try and reach agreement on its purchase.

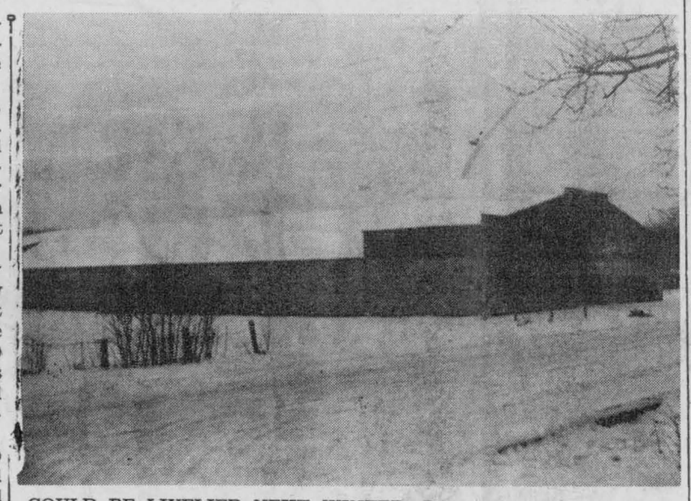

Heading the delegation Mr. Shepherd asked that council give consideration to purchase of the Gardens as a skating arena and recreation centre for citizens and particularly for the children of the community.

He was supported by Msgr. D. A. Kerr of St. Finnan's, Rev. L. S. Woolfrey of the Church on the Hill and Rev. Real Bisaillon representing Sacred Heart Parish. Their approach was that while children are occupied at sports they are not prone to mischief.

President of the Minor Hockey Association Andrew J. McNulty spoke on the financial angle. It had cost much more to provide ice time this year than the $1200 grant in 1966; the $3,000 grant was practically used up already and not as many youngsters were benefitting from the increased costs.

Rene Boisvenue was present to represent minor hockey parents and several minor hockeyists completed the delegation.

Later in the meeting Reeve Bruno Massie suggested council send a delegation to Toronto to interview Municipal Affairs officials to learn if a referendum on the matter can be dispensed with.

COULD BE LIVELIER NEXT WINTER—In use as a storage warehouse this winter, Glengarry Gardens could be restored as a real centre of community recreation following town council's decision to negotiate for its purchase.

Legion To Have Trailer Park

As its centennial project for community service, Alexandria Legion Branch plans to develop a trailer and tenting park on the community playground.

Town Council gave its permission for the project at Tuesday's meeting, subject to rules and regulations to be laid down by the consulting engineer and the park and recreation committee.

Legion President J. A. Hubbard declares now that the go-ahead has been received no time will be lost in naming committees to push the project to completion in time for the expected influx of tourists travelling to and from Expo. Brochures are to be prepared and circulated to Legion Branches, border points and tourist information centres advising of this new facility.

The site being considered is the southern area of the playground bordering on Lochiel St. West. All necessary services such as water, light and sewerage are available there.

GLENGARRY HISTORICAL NOTES

FORT NEEDLESS

by HUGH MacMILLAN

Glengarry has had few recorded instances of military installations in the past, and certainly no documented ones. This situation was changed recently when a preliminary archaeological dig, conducted by Kenneth Macpherson, historian with the Historical branch of the Ontario department of Public Records and Archives, uncovered the site of a blockhouse at the mouth of the Raisin River.

Tradition had it that there was a "fort" at this approximate location, but facts to support this supposition were unavailable until very recently. Not only has Mr. Macpherson excavated the foundations of a military blockhouse, but he has located an 1816 map drawn by Joseph Fortune which pinpoints the location, right where the dig is being done, and shows three other buildings.

One of these buildings is probably the home of the present owner of this property, Hugh Fitzpatrick. Tradition also had it that this very old house was used as a troop headquarters during the war of 1812-14. Parts of this very attractive building seem of sufficient antiquity to bear out this supposition. Its location within forty yards of the blockhouse would further support this story. Mr. Fitzpatrick has very kindly allowed this dig to proceed, and Mr. Macpherson will be back this summer to do a detailed archaeological investigation of the entire site. It is quite possible that important historical knowledge, bearing on the military history of Glengarry will be uncovered.

Duncan MacPherson, age 91, of Cardinal, Ontario, supplied the original information that got this important archaeological work underway. He lived as a boy in the house next to the Fitzpatrick house which was known in those days as the Cameron place. It was owned at that time by Sandy Cameron's family, and he was a brother of "Cariboo" Cameron. Duncan was the son of D. R. MacPherson, better known as the "Cheese King". Family tradition states that Duncan's ancestor Captain John MacPherson was the officer in charge of the blockhouse.

The present Fitzpatrick property is part of lot L in the Township of Charlottenburgh. Sitting astride the Raisin River its eastern boundary coincides with that of the township. Originally it formed part of an 800 acre land grant made to Captain Angus McDonell, late of the King's Royal Regiment of New York, in 1785. A resurvey in 1816 by Joseph Fortune led to the blockhouse being included in his sketch map.

The mound covering the remains of the blockhouse is about fifty feet in diameter, and it is 15 feet above the level of the St. Lawrence River. It is reported that a tunnel ran at one time from the blockhouse to the house. This summer's dig will confirm or reject that story. It

Town Sells Vacant Building

The former Guarantee Sports Garment plant, corner of McDougall and Main Streets, is being sold by town council to Real Vallee, Cornwall bricklayer who now resides here.

Mr. Vallee's bid of $3,500 cash was the highest of four received after tenders were called. He plans to make an apartment block out of the structure.

At Tuesday's meeting, Councillor Lyall Costello suggested the Department of Highways be asked to build a new department garage to replace the unsightly one now in use at the south entrance to town. Something more in keeping with the homes in that area is visualized. Osie F. Villeneuve, MPP, will be asked to pass on the request to the proper authorities.

Council concurred in a motion by the City of Barrie requesting higher Department of Highways subsidies on road maintenance and construction. It suggests 100% on freeways and connecting links and 75% on arterial roads and streets.

Costume Prizes For Golf Club Dance

The centennial theme will be stressed at the February 18th dance of Glengarry Golf & Country Club in Alexander Hall, here.

There will be prizes for the best couple in centennial costumes, for the best individual costumes for lady and gentleman and a prize for best old-time waltzers among those in costume.

The draw for a trip to Bermuda will be another feature of the dance.

Committee co-chairmen are Mrs. Herman Parsons and Mrs. Herve Vachon.

Carnation Has Only Temporary Agreement

The Carnation Milk Company is occupying the arena on a rental basis for six months and has only a verbal agreement, we are informed.

The Company would like to have use of the building for storage purposes for at least another two years, according to C. W. Mutchler, plant superintendent, but some of the directors are away and no such agreement has been reached yet.

In light of this, it appears the directors are in a position to sell to the town if agreement can be reached.

Trying To Identify Dead Man

Ontario Provincial Police at Perth are still trying to learn the identity of a man found dead Jan. 30 in a shack near Bathurst Staion, seven miles west of Perth.

Police described the man as being about 70 years old, five feet, seven inches tall and weighing 150 to 160 pounds. He had a half-inch scar on his left forehead and his hair was grey, balding on the front.

A pocket watch was inscribed with the initials "M.C.".

Residents of the Wemyss area said the man mentioned working on a farm in the Smiths Falls area last summer. He also said his father operated a sawmill in the Cornwall district many years ago.

Provincial Police at Lancaster have been trying to tie him in with the former sawmill at Munroe's Mills, but without success.

Monkey Business

Bert Larocque has been meeting the trains with his taxi for more years than he cares to remember and last week he was called on to make a delivery that was a bit different.

A pet monkey arrived from Montreal for COD delivery to a resident of the Greenfield area, recently come from the city. The little fellow was well packaged, Bert reports, and there was no monkey business in transit.

Quits Garbage Route

Albert Depratto, who had been in the garbage business here for more than 30 years, has decided to retire and has sold his business to Ernest Etherington, another local hauler.

Distance to the present garbage dump makes it impractical for Mr. Depratto to continue hauling by horse and wagon. He is believed the last owner of a horse in Alexandria.

Farm Safety Council To Sponsor Poster Competition Among Children

The Glengarry Farm Safety Council will sponsor a safety poster competition for elementary school children it was decided at the annual meeting held last week in the High School here.

The competition will be judged in three classes: grades 1 to 3; 4 to 6; and 7, 8 with prize money for winners in each. Posters are to be in the week after Easter.

Hal Wright, secretary of the Ontario Farm Safety Council was guest speaker and he suggested greater attention should be paid to the safety of the farmer and farm workers.

"In Glengarry County livestock is worth about $9,000,000 and farm machinery about $6,000,000 and most of it, or a good percentage, is covered with insurance, but what about the value of the farmer?" he asked.

Mr. Wright emphasized the need for all members to take safety council reminders to any organizations they are affiliated with. It is only through continuous effort on talking safety on the farm and highways that accidents can be cut down, he said. Glengarry had some serious incidents in the past year, and it is up to each one to make his contribution towards safety knowledge, Mr. Wright declared.

Wilfred MacNaughton was chairman of the meeting, which appointed Mrs. Keith MacMillan, Lochiel, and Arthur Smith, Williamstown, as delegates to the Ontario Farm Safety Council meeting in Guelph, Feb. 7 and 8.

The same executive was returned for 1967: chairman, Wilfred MacNaughton, vice-chairman, Raymond McDonell, Dalhousie Station; and secretary-treasurer, J. Y. Humphries, ag. rep., Alexandria.

One executive director from each township was elected: Charlottenburgh, Mrs. Clark MacDonell, Williamstown; Lochiel, Mrs. Neil Blair, Dalkeith; Kenyon, Cecil McRae, Maxville; Lancaster, John A. MacLeod, Dalhousie Station.

Four directors from each township were also elected: Mrs. Wilfred Vallance, Maxville; Hugh McDougald, Greenfield; Fraser Campbell, Maxville; Weldon McIntosh, Dunvegan, Kenyon township, Henry Kinloch, Martintown; Mrs. Donald McLachlan, Williamstown; Arthur Smith, Williamstown; Mrs. Oliver McGee, RR 1 Cornwall, Charlottenburgh township. Donald MacLeod, Dalkeith; Hugh MacPherson, Glen Sandfield; Mrs. Keith MacMillan, Alexandria; Mrs. Elmer McNaughton, Vankleek Hill; Lochiel township. Archie Robertson, Bainsville; Robert MacDonell, Dalhousie Station; Mrs. Roger Brazeau, Dalhousie Mills; Barton Roy, Bainsville; Lancaster township.

Sproule, 46, a native of Martintown, has been promoted to assistant director of the Meat Inspection Division, Health of Animals Branch, Canada Department of Agriculture. DISCUSSED PROBLEMS OF DRIVER TEACHING—Common problems of driver education were discussed by teachers of the subject from most of the secondary schools of Eastern Ontario at a recent meeting in the Holiday Inn at Ottawa. Attending from Alexandria were Jack Trudel and Pierre Rouette who have some 25 driver students at Glengarry District High School. Above they are flanking Hon. Irwin Haskett, Ontario Minister of Transport, who was among Toronto officials attending. Students take 24 hours instruction in a car and 25 hours in classroom. One of the advantages for graduates is a 10% reduction in auto insurance when they receive their licence to drive.

EDITORIAL

IT'S OUR OPINION

Might Have Been More Fun On Ice

Alexandria and District Minor Hockey Association observed minor hockey week with a "Fun On Ice" program which undoubtedly would have been more fun if participants and spectators had been within the walls of Glengarry Gardens. It was a cold day in the wind that blew across the Alexander School rink and not too many spectators, no matter how dedicated, could brave the elements for any length of time.

A few members of town council put in an appearance and one might have hoped all councillors could have been present to get their ears nipped and learn at first hand what they had sentenced minor leaguers to. They might have had second thoughts on the loss to the community of the arena and that cold wind might have brought a reminder that the west wind is almost ever-present on the park where they are in process of building a community open-air rink.

Minor hockey is having tough going here since the arena was lost and we quote from the minor hockey message of Association President Andrew J. McNulty which hints the little leagues may not survive another such winter:

"The association, even with some hardships this year, has managed to "keep going". Each week when we put the boys through their paces we think very hopefully that next season they will be returned to skating in Alexandria.

"We don't have as many boys this year as we have had in the past. With some, it is a lack of enthusiasm; with others, it is lack of consent to be "bussed" 15 miles each week in order to find "ice time".

"If we go through another season like this we might just see the demise of organized hockey in this area. On the brighter side, however, we have been able to keep going with the extra funds this year from Alexandria Town Council. Possibly next year they will see fit to arrange for artificial ice for us once again. Let's everyone get behind the effort to get the arena back in this area."

Many citizens not actively interested in minor hockey must be hoping this winter's experience with an open-air rink will have opened the eyes of members of council.

Don't Panic, Men!

Still another royal commission is being set up by the federal government, this one to probe into the status of women. It will be headed by a woman and it will recommend steps the federal government can take to ensure the equality of women with men" in all aspects of Canadian society".

Don't panic, men. Don't rush for the lifeboats just yet. This new phase of the battle of the sexes promises to be a real talkfest with militant womanhood from every corner of the nation wanting to get in the last word and nary a male present to finally put his foot down and stop all the yackety-yack.

Prime Minister Pearson says the commission will be free to look into any matters it feels to be relevant and the ground to be covered will include federal laws affecting women's political rights, their role in the labor force, marriage and divorce, their position under criminal law, the immigration and citizenship laws as applied to women. Special problems of women who take jobs will be looked into, and possible federal measures to permit better use of women's skills and education will be explored as well as a lot of other fields.

So much free rein is being given this commission it seems clear Mr. Pearson feels certain they'll be still talking it up long after he's off the hot seat where government policy is formulated.

There's always the chance too, that after peering and prying into all these inter-relationships of the sexes this commission may come to the conclusion women already hold most of the trump cards. Wouldn't surprise us if they conclude steps to ensure the equality of women with men would involve a downgrading of their present privileged status.

Whatever this commission's findings, it is comforting to recall that politicians have long been practised in the art of fawning off their problems on Royal Commissions and then pigeon-holing their findings. Even Judy LaMarsh, we suspect, is more politician than woman.

The Years Of Strikes

Centennial year promises to be one of hectic activity; and not all dedicated to fun. This year of 1967 may go down in history as the year of strikes, when the white collar class flexed its collective muscles and surged to the picket lines to insist on take home pay more approximating that won by organized labor.

The Montreal scene is nearing the point of total disruption this week with City Hall shut down by a strike of its 2,300 white collar workers; hospital interns out for a living wage; thousands of students threatened with loss of their school year by a walk out of their teachers.

The strikes and near-strikes of teachers, doctors, policemen, provincial civil servants and now the white-collar workers of Montreal City Hall all assert a new principle, suggests an editorial in The Ottawa Journal. Those who serve in the public domain no longer feel that the vital nature of their work compels them to forsake the strike as a weapon.

"The recognition of the new militancy of white collar workers causes bewilderment and even hurt. Yet last year's strikes of teachers should have been warning that loyalty to public good would no longer keep even the most earnest of men and women at their jobs.

"Society has often taken advantage of a man's sense of duty or his professional status. The intern in a Montreal hospital earning only $57.50 a week is being scandalously underpaid for his training and his work. Exploitation of the old docility of civil servants is apparent in the shocking statistic that more than 2,300 white-collar workers in Montreal City Hall earn not more than $3,000 a year in this year of 1967. Will anyone defend the salaries paid to the Quebec teachers who have walked out on their students?

"Those burning with a sense of injustice no longer have much embarrassment about resorting to strike, whatever their work may be. If 10,000 teachers in Quebec dare to strike and 2,300 doctors leave their hospital posts, no social pressure in itself will keep firemen or anyone else on the job.

"These new facts of life apply not only in the province of Quebec; there is no invisible shield along the Ontario-Quebec border. The mood of militancy among Ontario teachers in presenting their wage demands this year was an intimation to school boards across this province that settlements will be difficult.

The Journal editor argues that the strikes in Quebec should have opened eyes to the fact that public servants have lost ground to private industry. "Quebec has discovered what happens when public workers become fed up with being pushed around," and he concludes on a rather lofty plane: "the whole country should share the discovery and pay valuable workers what they deserve before they are driven to strike."

Few will argue against valuable workers being paid what they deserve. But who is to judge what a deserving wage scale shall be for each worker? And will any human ever be satisfied with what he is receiving, especially in this age of spiralling living costs?

Public servants have undoubtedly lost ground to the workers in private industry, as The Journal editor suggests. But there is another, much larger sector of society, that is woefully way behind both—the self-employed, the farmer, the pensioner, the welfare recipient and many others. Call them the unorganized; but it would only compound the chaos if they were forced to organize in order to pressure government for their share of the dollars in circulation.

This is the worst feature of the strike weapon as it is used today; that more and more of the arbitration in such disputes is being taken on by governments enmeshed in planning to keep the economy buoyant. The government eventually has to intervene to prevent total disruption of public services. And its intervention is invariably in favor of the strikers and an added burden on the public purse.

Surely it is apparent now that government policy on labor disputes has been moving in the wrong direction. Those in public service have been given the right to strike, and it has gone to their heads.

The answer must eventually be that no segment of society should have the right to strike. We the people, in our role as consumers, must pay the bill for higher wages or fringe benefits. It is most unfair that any one class of workers be able to blackmail government into increased benefits at the expense of the silent, long-suffering majority.

A totally new approach in labor relations is long overdue.

St. John, who was conducting the Grand Union tonsorial parlor, has purchased a shop in Burlington, and will shortly move his family there. — The factory of the Alexandria Wood Export Co. is now running full blast. C. F. Taggart, bookkeeper for MacPherson & Schell, has been appointed manager and secretary-treasurer, while Mr. Bogart, of Orillia, is the new foreman. — All residents say that since 1869, never was the road between town and station so completely blocked as on Monday when travellers who arrived on the morning train did not reach town until 7.45 that evening.

LETTERS to the EDITOR

WITHOUT MALICE

Moose Creek
February 1, 1967

The editor,
Glengarry News,

I have read, with a great deal of interest, a letter in the last issue of the News, signed by Mrs. Viola McRae, in which she has made certain accusations against the Township of Roxborough and the Township Clerk.

Mrs. McRae states that she was misinformed by the Township Clerk in regard to the petition. Contrary to this, it was plainly stated to her that if no money or cost was involved 60% of theElectors would be a strong petition. However if money or cost was involved, then it must be 60% of the Ratepayers or Owners, as this would be similar to a money by-law.

The Council Board nor the Township Clerk did nothing in any way to hinder the canvass (legally, a Council Board or Council Officials cannot take any part in a canvass). Instead, Mrs. McRae was given copies of the last Voters' List in aid

HE WAS ON THE BROOM

We knew Dr. Hugh L. Cheney after he had left the hockey lanes for more sedate sports such as curling and lawn bowling and a game of bridge. The competence and the will to win that he brought into these pasttimes left us in no doubt but that his hockey reputation had been well earned.

Clarence Ostrom once said of the doctor that he possessed a drive to excel at any sport. He was recognized as a fine sportsman in this neck of the woods and he proved his potential on the curling lanes when he moved to Ottawa in his late 50s and proceeded to show the city slickers how to win trophies for Ottawa Curling Club.

In his column "Curling Lanes" in Saturday's Ottawa Journal, Marcel Schnobb recalls some of Dr. Cheney's feats which came as no surprise to his fellow curlers in Alexandria. Here's Schnobb:

"The death of Dr. H. L. Cheney last weekend removed one of the greats of the iron game. A member of the Ottawa Curling Club for years, he became an immortal of Canadian Branch history when he scored an eight-ender against the powerful Lachine skip Ted Hunt in the Jubilee playoffs at the Thistle club in 1953.

"At that time, the Jubilee was emblematic of the irons championship and the Caledonia Trophy served the same purpose for granites.

On the very first end, he opened with an eight against Hunt and increased his lead to 15-0 before Lachine got on the score board. Dr. Cheney eventually won 21-6 only to lose to his clubmate Gord Perry.

"Dr. Cheney reached the grand playoff stage of the Jubilee in 1946, '47, '48, '50 and '53.

"In 1948, playing for Wilf Boyd as vice-skip, he shared in the Ottawa club's victory over Thistle in the Governor General's Trophy.

"Another of his curling achievements was in the colorful Central Canada Bonspiel when he reached the finals on the main event for the Manuel Trophy only to lose on a tricky shot to Hilliard Thompson's Metcalfe rink.

"Dr. Cheney was also considered one of the best lawn bowlers in Eastern Canada."

NO CITY SMOG FOR HIM

We'll be rambling up to Toronto for a couple of days this weekend. But it's an Ontario Weeklies convention that's the attraction; not Toronto. It's too big already, and it keeps sprawling its pavement out into the countryside. They can have it.

We're just a small-town boy at heart and so we can appreciate that news report out of Toronto concerning Percy Milligan. His job as chairman of the Ontario Police Commission necessitates his spending every workday in Toronto, but he insists on retaining his home in Cornwall and getting back there every weekend.

This was one of the stipulations which he laid down in 1964 when he was appointed to the important provincial post, which pays $21,000 a year. The government agreed to pay his travel and living expenses, but now the provincial auditor is suggesting his expense account of $5,332 is unwarranted and he should settle permanently in Toronto.

"They'd better find a new chairman", Percy is reported as coming back with. "Toronto isn't for me—I'm just a small-town boy".

Some Cornwallites, over-conscious of their city status, may take umbrage from that "small-town" reference. But we know what Percy means and we're right with him.

We only live once and darned if your Rambling Reporter, or a Percy Milligan, or other kindred souls, are going to eke out an anonymous existence in those concrete canyons, far from their ain folk.

Understandably some unfortunate people are forced by circumstance to remain the city pavement in search of the good life. But Percy has a profession and he was doing alright as Crown Prosecutor in Cornwall before Queen's Park called him. He can afford to hie back to the great open spaces where grass is green and the air is fresh.

Did we say fresh air? In the lee of those Cornwall mills? Percy must have a cottage he comes home to.

NEWS OF INTEREST FROM MAXVILLE AND SURROUNDING DISTRICT

The annual World's Day of Prayer will be observed this Friday, February 10th, at 2.30 o'clock, in the Maxville Anglican Church. All women are urged to attend this annual service of prayer.

Wolves in the Maxville District are something unpleasant to report. During last week Peter Alex McLean was surprised to see three speeding along across the field as he was returning home. On Saturday last, C. J. MacPhail also noticed one west of the village. It is evident the pangs of hunger are making these wild beasts bolder.

Funeral service for the late Mrs. M. Burns Stewart was held in St. Andrew's Presbyterian Church on Monday afternoon. Mrs. Stewart, a former resident of Maxville, died in Cornwall General Hospital following a brief illness.

Mr. and Mrs. Hugh Smith spent the weekend in Ottawa guests with their son Gordon and Mrs. Smith.

Mr. and Mrs. W. S. MacLean returned home on Friday evening from Sarnia where they were guests at the wedding of their niece, Miss Joyce Cawker to Anthony Franek.

Mr. and Mrs. F. B. Villeneuve of Ottawa, spent the weekend with the former's parents, Osie F. Villeneuve, MPP and Mrs. Villeneuve.

Mr. and Mrs. Ken MacLeod and daughters of Ottawa, were with her parents Mr. and Mrs. D. R. Cameron and Miss Eileen.

John D. McLennan of MacDonald's Grove is a patient in the Ottawa Civic. Hospital.

Dr. W. L. and Mrs. MacLellan of Cornwall, were recent visitors with Rev. and Mrs. I. D. MacIver, St. Andrew's Manse.

Guests with Mr. and Mrs. D. R. Cameron and Miss Eileen Cameron while here to attend the wake and funeral of the late Mrs. M. B. Stewart on Monday last included Mr. and Mrs. Burns Stewart, Ken Brown, CBC, Mr. and Mrs. Haywood, Mrs. J. D. MacRae, Mrs. V. K. Metcalfe, Mr. and Mrs. Ken MacLeod and daughters all of Ottawa; Mrs. Hugh G. MacIntosh, Mrs. Joe Irwin of Toronto; Mr. and Mrs. John Markel of Montreal, and Mrs. Charles Gramison of Winchester.

Dr. E. A. MacMillan of Whitby, spent the early part of the week with his sisters, Mrs. George Barrett and Miss Mina MacMillan.

Howard O'Hara visited with his mother Mrs. R. T. O'Hara on Monday while here to attend the funeral service for the late Mrs. M. B. Stewart.

WI MET

Miss Bella MacLeod presided at the January meeting of Maxville WI held in the Community Hall. The Roll Call was answered by an old fashioned cure-all. The secretary, Mrs. R. F. MacRae read a New Year's letter from the president reminding us of two important conventions which will be held this summer at Guelph University. Delegates are to be chosen at a later meeting. The convener of Home Economics reported over 50 recipes had been sent in for the Centennial Cook Book. Mrs. Stanley Kippen spoke on the motto, "Make the most of yourself, that is all there is of you".

The topic "Learning to know ourselves and others" was given by Mrs. R. F. MacRae. The need to understand ourselves and our relationship to others is indeed great. The search for this need can be an exciting adventure. In this age of automation we are required to stimulate our minds that we may become active members.

Where there is hatred, let us sow love,
Where there is injury, pardon,
Where there is doubt, let us sow faith,
Where there is despair, let us sow hope,
Where there is sadness, joy.

UNIT 1, UCW MET

The February meeting of Unit 1 UCW was held at the home of Mrs. Mack MacEwen on February 2nd at 2 p.m. In the absence of Mrs. Lyman McKillican the meeting was presided over by Mrs. Wm. Wilkinson. The theme of Mrs. Wilkinson's opening meditation was, "Our connection with God, the vital spark". She closed with prayer.

The offering was taken and dedicated. Miss Sara Campbell reviewed a chapter of our Study Book on the growth of the church in Canada.

The chapter in the Study Book "Jesus Christ and the Christian Life", was ably reviewed by Mrs. Wilkinson. The topic of this chapter was "The Apostolic Community". Mrs. Wilkinson then led in prayer.

A social half hour was enjoyed over a cup of tea.

The Afternoon Auxiliary of the Women's Missionary Society of St. Andrew's Presbyterian Church, Maxville, met at the home of Mrs. W. S. McLean on Tuesday, January 3rd. The worship service was conducted by Mrs. J. A. Cumming who read the Scripture Lesson and gave a New Year's meditation, and Miss Bella MacLeod led in prayer.

The president, Miss Bella MacLeod, presided for the business and Mrs. James McCartney, along with the president, were appointed delegates to the annual meeting of the Glengarry Presbyterial to be held in St. John's Presbyterian Church, Cornwall, on Tuesday, January 10th.

Reports of the secretaries of the various departments indicated that the year 1966 had been a successful one in the work of the auxiliary, and the treasurer's report showed that the amount of money forwarded to the Presbyterial treasurer was considerably more than the amount sent in the previous year.

It was decided that the next meeting be held at the home of Mrs. James McCartney on Tuesday, February 7th, and the meeting was closed with prayer by the president.

A social hour followed the meeting.

DUNVEGAN

Charles Collins and Donald Clarke visited friends in Ville St. Pierre during the weekend and took in the hockey match Saturday night at the Montreal Forum.

J. N. Catton of Kitchener, spent the past week with Mr. and Mrs. Derry Tenger and family.

Dunvegan Hall was a busy place on Friday when the owners of dogs and cats in the vicinity brought their pets to the anti-rabies clinic.

Miss Edith Ferguson, Toronto, was a visitor over the weekend with Miss Christena Ferguson and Mrs. D. D. MacLeod.

Mr. and Mrs. Hugh MacPherson, Glen Sandfield, and A. K. MacLeod, Dalkeith, were visitors on Sunday with Mr. and Mrs. K. C. MacLeod.

Weekend visitors included: Mrs. James N. MacLeod, Cornwall, with Mr. and Mrs. Rodger Hartrick, Miss Gladys MacLeod, Mr. and Mrs. Rae MacLeod and Debby, Ottawa, with Neil B. MacLeod.

We are pleased to report that Mrs. John R. MacDonald, who has been in Glengarry Memorial Hospital, has returned home.

LETTERS

(Continued from Page 2)

of the canvass, and she was invited to the Clerk's Office to read the Act for herself. One week later she called and was given the Act to read. It was not explained in detail, since Mrs. McRae informed us that she knew the Acts, herself.

Copies of the Resolution of Council regarding the decision of Council re the Library Act, were also sent her.

I am surprised that Mrs. McRae has used the Press to announce her defeat, and try to lay the blame on others who, I can assure you, are just as much concerned over the welfare of our Municipality as Mrs. McRae, and possibly more so.

The Council Board acted according to the information at hand, and according to their conscience, as they were not sure what might be involved in dollars and cents. A Library has been built and established at the Maxville High School to which over half of our ratepayers are paying for the erection and establishment, and our Solicitor explained to us that we would be involving these same ratepayers with two levies or taxes to maintain the Library at Maxville and the Libraries within our own Municipality.

On receiving information from the Department towards the end of the year 1966, we learned that many Municipalities were not setting up libraries as yet, until the New Library Act took shape, and we decided it would be well to consider all aspects before proceeding with a project that might entail life involvement.

We trust the Ratepayers of Roxborough feel we have acted in their interest by not concurring with a project which will have to prove itself before we agree to involve our ratepayers.

We wish to salute Maxville in their project, "Home for the Aged", and wish them every success, and while doing so, would like to draw attention to our own modest efforts to further the welfare of our Township. I am referring to the building of a Garage and Offices in our Township, and the furnishing of same; a new Public School has been built; a new truck has been purchased for use in maintaining and snowplowing the roads; a great deal of money has been spent on roads in the past year, and two new fire trucks have been brought which provide modern fire protection to our ratepayers second to none in the Counties. We have also joined the Mutual Aid Fire Protection. Surely this is a record of which any Council may be proud.

Thanking you for your kindness in printing this, I am,

yours truly
J. K. MacLean

ON ROAD TO RECOVERY

Montreal, Quebec

The editor,
Glengarry News,

Through the kindness of my sister, Ann Donovan, herewith a hasty and temporary word or two of gratitude for the insertion in respect to my Award. Copy and photo I gather were submitted by my Firm; and for the unfortunate report of my accident which appeared the following week.

Till now, I have no recollection of what actually happened, but gather from accounts I was met head-on by a carrier transport while proceeding to Riviere-du-Loup on the south side of the St. Lawrence.

Took quite a fair shaking up and am indeed fortunate to be alive. Another instance where the wearing of seat belts saved a life.

At present it is beyond my power to express my appreciation for the concern shown by everyone.

I was moved from the hospital in Montmagny to the Neuro in Montreal, where it is likely I will be for a few more days and will have to spend a considerable length of time fully recovering.

Would, at a later date, like to have an opportunity to express more fully the sincere appreciation, both Jean and myself feel toward all who showed their willingness to help in so many ways.

Again, thank you all for your prayers and concern.

Yours very truly,
A. D. D. "Buster" MacDonald

If you're looking for a place to start on home improvements, consider these facts about electric wiring.

To most people, home improvements mean a panelled recreation room or a shiny new set of kitchen cupboards. But there's a way to improve the improvements: modernize your home wiring first.

Up-to-date wiring lets you make the most of the new room you're building, or the old one you're re-styling. It lets you place your lighting wherever you like, have as many electrical outlets as you choose, and use as many appliances as you need without popping fuses.

In fact, you'll notice pleasant changes all through your home. Modern wiring can improve the efficiency of your lighting and the performance of your appliances. It puts such comforts as electric heating and air conditioning well within your reach. It can also make a big difference to the safety and re-sale value of your home. Before you reach for your toolbox, reach for your telephone. Call a qualified electrical contractor, or your Hydro.

Up-to-date wiring costs less than you may think. Yet it could be your most important home improvement of all.

Busy Month For Lady Curlers

January was a busy month for the ladies of the Alexandria Curling Club, although a number of extras interrupted the regular play. The chief event was the week-long Mixed Bonspiel for which the ladies catered. Conveners were Miss Jeannette Crevier, Mrs. Aime Menard and Mrs. Paul Roy, assisted by Mrs. James Hubbard, Miss Jean McIntosh, Mrs. Lloyd Renaud, Mrs. Donat Boisvenue, Mrs. Rene Gauthier, Mrs. D. A. Macdonell, Mrs. Elizabeth Clingen, Mrs. R. J. Graham, Mrs. Leopold Lalonde, Miss Germaine Lalonde, Miss Marvel Robertson, Mrs. B. M. Bilodeau, and Mrs. Rose McDonald.

Miss Crevier and Mrs. Graham were in charge of the catering for the Legion Bonspiel on Jan. 14th.

A rink consisting of Miss Robertson, Mrs. C. W. Mutchler, Mrs. Macdonell and Mrs. H. A. McDonald, skip, participated in the Ladies' Bonspiel at the Lancaster Curling Club, and in local play, the Menard Construction Trophy was won by Mrs. Macdonell, with Mrs. Hubbard playing lead, Mrs. J. A. Wightman second and Miss Lalonde third.

Play for the Alexandria Business Peoples' Trophy is now in progress, and the Charlottenburgh trophy is not yet decided as playoffs are necessary.

Girls Lost Three In Late Stages

GDHS senior girl hoopsters took on the Lachute girls, provincial champions of Quebec, in Lachute Saturday. At the end of the third quarter the teams were deadlocked at 15-15 but Lachute added nine in the final quarter to win 24-15.

Maxville High's girl teams played here Tuesday and again the local girls faded in the last minutes of play. The senior game went into two periods of overtime before Maxville emerged with a 24-22 victory. Karen MacSweyn and Judy Van Dyke were top scorers for Alexandria.

The junior girls led Maxville 12-7 at half-time but lost 22-18 at the final whistle.

Next Tuesday the local girls go to Char-Lan for the sixth game of the schedule.

Millionaires Won And Lost Games

Maxville Millionaires increased their lead in the junior loop to 15 points last Friday with an 8-2 victory over Spencerville on home ice. Sunday afternoon at Russell they lost a 6-1 decision.

Mel Thompson and Don Leonard scored two goals each for the winners Friday. Others came from Ken MacDonald, Rondo McSweyn, Pete Pilon and McCuaig. Steve Baldwin and Ken Hodgson scored for Spencerville.

Mel Thompson got the only Maxville goal on Sunday.

Saw Son Play

Mr. and Mrs. Melvin Terry, Laggan, headed a number of local fans to Montreal last Saturday where they were joined by ex-Glengarrians supporting St. Catharines Junior Black Hawks in a 4-2 win over Canadiens Jrs. at the Forum.

On Sunday, in St. Catharines, the young Hawks picked up two more valuable points as they were led by defenceman Willie Terry with a goal and assist in defeating Toronto Marlboros 4-2.

Credit Union May Enlarge Charter

Homemaking Clubs Featured Good Grooming At Achievement Day

Achievement Day for the 4-H Homemaking clubs in Glengarry was held Saturday, in Alexander Hall, here. One hundred and sixteen members from ten clubs completed the project, "Being Well Dressed and Well Groomed".

During the morning, the club members judged classes of housecoats and materials and gave reasons on their placings. They also made a sample patch on gingham, one of the sewing techniques learned during the porject. Besides making dusters and matching scuffs, the members studied good grooming habits and care of clothes throughout the project.

The afternoon program was presented especially for the enjoyment of visitors. Our fifty guests came to see the presentation of exhibits, skits and demonstrations.

The Alexandria and Bainsville clubs presented exhibits "Good Quality in Cottons" with Debbie Nyman and Lynn Ross commentating respectively. Linda MacDougall of Brodie commented on her club's exhibit "How to Look Your Best, featuring Hands". The same topic with emphasis on grooming of clothes was presented by Kathy Craig of Lancaster. "How to Look Your Best" was also the topic of exhibits set up by Lochiel and Picnic Grove clubs. Anna Margaret Vander Byl of Lochiel, commented on her club's exhibit which featured hair and Linda Fraser was commentator for the Picnic Grove exhibit which highlighted the face.

"Making the Most of Our Clothes" with Mary Barton and Christina McCrimmon was presented by Dalkeith No. 1. Spot and stain removal and invisible mending were demonstrated.

"Selection of Material for Dusters" was the topic of the combination skit and demonstration by Joan Fulton and Marjorie MacDonald of Dalkeith No. 2. Highlight of this presentation was the use of a flannel graph used to display cutouts of material for a doll.

Fay Johnston and Rita Nevill of Martintown demonstrated "Shoes and Stockings". Care of the legs and grooming pointers for stockings and shoes were demonstrated.

A delightful fantasy skit "Good Posture" by Maxville ended the program. Merydie Fjardie played the part of a doll, with Marlene McEwen as her mistress and Betty Blair as commentator.

Each member modelled the housecoat she had made during the club. Several night caps and scuffs in matching fabrics were evident. Styles and materials ranged from practical cotton print pop overs and terry cloth robes to glamorous quilted dusters and long velveteen and lace gowns. One member made a filmy duster of aqua chiffon.

Highlight of the afternoon was the presentation of County Honours to nine members: Flora MacLeod and Carrol MacGillivray, Dalkeith No. 2; Madeline Binette, Evelyn MacMillan, Anna Margaret Van der Byl, Monique Lalonde and Barbara Hay, Lochiel; Margaret Longmire and Maureen Dunn, Bainsville.

Recipients of Provincial Honours were: Barbara McCrimmon and Ruth McCrimmon, No. 1 Dalkeith; Angela Lalonde and Bernadette Lalonde, Martintown.

The pins and certificates were presented by Mrs. Donald McLachlan, president of Glengarry District Women's Institutes.

The Ottawa Citizen Award for 1966 was presented to Miss Brenda MacGillivray of Lochiel. In Miss MacGillivray's absence the award was accepted by her mother.

The Achievement Day was conducted by the County Home Economist Mrs. Alison Murray, assisted by visiting Home Economist Mrs. Dale Miller and Mrs. Michelle Tardiff and the club leaders.

The next 4-H Homemaking Club project "A World of Food in Canada" will commence with a training school for leaders in Alexandria United Church Hall on Tuesday and Wednesday, February 14 and 15, from 10.00 a.m. to 4.00 p.m.

Couple Wed At Apple Hill

MacDONALD—MacLENNAN

Zion United Church, Apple Hill, was the scene of the marriage of Linda Joyce MacLennan of Apple Hill, to Wayne John MacDonald of Alexandria. Rev. R. A. MacRae officiated. The bride is the daughter of Mr. and Mrs. Lynden MacLennan, Apple Hill, and the bridegroom is the son of Mr. and Mrs. Ranald MacDonald, Alexandria.

Charles Munro of Maxville was organist for the candlelight ceremony and the church was decorated with mauve and white cushioned mums.

Given in marriage by her father, the bride chose a winter white walking suit in boucle, and a pill box hat held her short veil of tulle. Her only accessory was a single strand of pearls and her corsage was of deep rose carnations.

Miss Marlene Bender, was bridesmaid for her cousin.

The best man was Larry Hall of Alexandria and ushers were Beverley and Bert MacLennan, brothers of the bride.

A buffet luncheon was held at the Legion Hall, Apple Hill, after which the young couple left on a wedding trip to Lachute and Brownsburg, Que. For travelling, the bride wore a camel coat with European dyed lamb collar and cuffs and brown accessories.

The couple are residing at 26 Ottawa St. Alexandria.

SPORTS in the GLENS

by ANGUS H. McDONELL

Recently the mail man left an unusual memo on our desk. In fact, memo is not the correct term as this was an interesting, informative nine page travelogue story complete with map and illustrated sketches. The author, Kent MacSweyn, recounted his Christmas holiday trip to the Middle East and the Holy Land accompanied by Mrs. MacSweyn.

Kent MacSweyn and his wife, nee Marilyn MacIntosh, hail from the Laggan-Dalkeith parts of Glengarry. They presently reside in Metz, France, where Kent is vice-principal of the No. 1 Air Division Junior School, RCAF.

Their Christmas holiday jaunt relayed here in capsule form, took them through nine countries, three different continents and the mileage hit the 8,000 mark.

Their party motored from Metz to Frankfurt, Germany and there boarded a Douglas (DC 8) flight via Zurich to Istanbul, Turkey. Kent tells us Istanbul is quite unique as the one million inhabitants occupy parts of two continents, Europe and Asia. The most impressive feature of the city is St. Sophia a massive 4th century cathedral (later converted to a mosque and a museum.) The Turks are modern in dress. Among other interesting points was the viewing of the fabulous crown jewels of Turkey, the former kings' harem and the noted bazaars. Wedged in their visit here was a boat trip along the Strait of Bosphorus that links the Sea of Marmora and the Black Sea with the land on the left European and Asian on the right.

Via a Boeing 707 the MacSweyns hopped over to Beirut, Lebanon, the smallest of the Middle East countries. Beirut is a modern city built along the sandy beaches of the Mediterranean Sea. As an example of how up-to-date Beirut is, our Glengarry travellers were able to hire a taxi (1967 Fury) to see Byblos the oldest city in the world and it is from this town that the bible took its name.

The MacSweyns and their party had quite an experience during a bus trip through the Lebanon Mountains to the ancient city of Baalbek. This drive compares to Scotland's Highlands and must have included some BC Fraser Canyon snow as they were stalled for seven hours in a blizzard. Before leaving, a somber note was injected by seeing the squalor and poverty that exists among the thousands of Arabs who left Israel after its formation and still hope to return.

From Lebanon the MacSweyns flew over the Mediterranean Sea to Cairo, Egypt. In Cairo they discovered that even in a leading hotel the meals were not in keeping with the festive season. We presume from Kent's detailed description that he wouldn't recommend centipedes as an added ingredient in a salad.

Referring to the Pyramids his statistics are enlightening. Pyramid Cheop covers 12 acres at the base, is 459 feet high and contains two million blocks of stone, each averaging two and a half tons. (And this writer always thought Kenyon Township was the champion stone producer). It is estimated that it took 100,000 men working four months per year, 30 years, to build this pyramid.

A camel ride, we gather, was quite an experience and the aroma wouldn't exactly be of any value to Murray (Dunvegan-Ottawa) MacQueen in the manufacture of his Thomas Toiletries.

In Egypt, we learn that 90% are Moslems and in contrast to most parts of the world during Christmas, they fast from December 15 to January 15.

Christmas Day dawned without trace of the arrival and at noon the MacSweyns had at least the first course of their traditional dinner before boarding another 707 and on to Jerusalem. They were now among the Arabs in Jordan.

Kent tells us Jerusalem is divided by a "No Man's Land" (much like Berlin) with the old part in Jordan and the newer area (two-thirds of its population) in Israel. The countryside is very hilly in Jordan and for the most part dotted with olive trees that seem to thrive in poor soil.

The tour on December 26, covered many of the places associated with the travels of Christ. Such familiar bible names as, The Garden of Olive Trees, Gethsemane, Mount Calvary, the Golden Gate through which Jesus entered on Palm Sunday, Bethlehem and the cave (stable) in which Jesus was born.

The tourists continued on to Bethany, the village in which Mary, Martha and Lazarus lived. On to Jericho, where the uncovered walls date back to 7000 BC, the Jordan River, where John the Baptist baptized Christ, and family the Dead Sea, the lowest pjoint on earth—1300 feet below sea-level.

The next day the tourists spent inside the walls of Jerusalem where the Way of the Cross was walked, a pause at Calvary and a tomb believed to be the one in which Joseph of Arimathea placed the body of Christ.

Even tourists are closely checked when crossing into the Israeli part of Jerusalem. Buses are not permitted entry so the MacSweyns and their party had to walk across the dividing strip to board an Israeli bus. If your passport is Israeli stamped entrance to an Arab country is forbidden, hence, the reason Israel was last on the tour.

Although Israel was created in 1948 the Arabs have not become agreeable and as yet no peace treaty has been signed to bring hostilities to an end.

Here in the Israeli side of Jerusalem the tourists were met by an air of freshness, impressive and attractive points of interest. A visit was made to the room of the Last Supper, the Parliament Buildings and the Museum housing the Dead Sea Scrolls. Even the food tasted like food. The countryside scenery to Tel Aviv was also an added feature.

The visit through the Galilee area was one of the real highlights of the trip. From Mt. Carmel there were eye catching views of the cities Haifa and Accra, also the hills and valleys of Galilee. From here it was onward to Cana the site of the changing of the water into wine. From Tel Aviv the tourist party hopped the Mediterranean again to Athens, Greece.

Athens presented a bright, clean appearance creating a feeling that it was nice to be back in the European continent. Here Kent discovered there is a Changing of the Guards as in London and Ottawa (July-August).

The up-to-date business section contrasted sharply with the poverty and congestion encountered in the other countries that were visited. The final flight was via Zurich to Frankfurt and a four hour drive back to Metz.

NOTE: Kent, early this week I mailed you ticket information just received from Gordon Juckes, CAHA, Executive Director, re World Hockey Tournament in Vienna. Trust you are successful and let us have your direct coverage report.

What's In The Name Glengarry?

EDITOR'S NOTE: In the centennial spirit, Mrs. Elizabeth Blair of Toronto, has prepared the following story on the source and derivation of Glengarry County's name. It should prove of interest to our readers:

Glengarry County has long been referred to as historic. The large number of plaques erected by the Ontario Historic Sites Committee testify to that. They commemorate the endeavors of men and women of courage, resourcefulness and determination. This centennial year is an appropriate time to review our history and see how our efforts measure up to those of our ancestors. Here are a few facts relating to the name itself.

The county takes its name from the famous glen in Inverness—shire, Scotland, through which the little River Garry flows. The first settlers were mainly Scottish Highlanders, the first ones of all being the United Empire Loyalists who made their way to the northern banks of the St. Lawrence in 1784 after the American Revolutionary War. Of the 588 receiving grants of land 84 were McDonells. The story of their emigration in 1773 from their native Glen Garry to the Mohawk Valley in the Province of New York is well known. In the years that followed many settlers came to the county from the north of Scotland, a large number being from Glengarry; in 1786, six hundred McDonells from Knoydart; in 1792, a boatload of relatives and friends brought by Alexander McDonell of Greenfield; in 1802-3, the largest group of all, including the disbanded soldiers of the Glengarry Fencibles and their families.

At the time of the census of 1852 the population of the county was over 10,000. There were 3,228 McDonells and McDonalds. Thirty other clans numbered from 50 to 545 persons each. Thus it was fitting that the name Glengarry be given to the county, the name of the great glen from which the largest number of one clan had imigrated.

The name of Garry is of Gaelic origin and like many other place names of the Highlands of Scotland has undergone changes in spelling and pronounciation. In his book "The Gael of Alban", James Robertson tells us that it is made up of two words, "gath", a dart, and "ruith", to run or flow like a stream. The "th" in the first word is not sounded and the "ga" is pronounced as the "ca" in calm. In "ruith" the "th" is silent and is pronounced as if it spelled "ruee", there by "Ga-ruee". Through time the "u" was dropped and the name became "Ga-ree" and the spelling Anglicized to Garry. It is suggested by another writer that the "ga" might originate with the word "garbh", which means rough or tumultuous. The first word is the more likely, "to run like a dart" being descriptive of the waters of the river as they quickly descend through the glen to tumble into Loch Oich at Invergarry. The prefix "inver" signifies the confluence of two bodies of water.

A short distance west of the head of Loch Oich and on its north shore the ruins of Invergarry Castle still stand firmly on "Creagan an Fhithich", the Rock of the Raven, which is the slogan of this branch of Clan Donald. Here, in August 1745, Bonnie Prince Charlie halted his march on his way eastward from Glenfinnan to intercept, as he thought at the time, the English force under Sir John Cope at Corrieyarrick. Here again he returned a fugitive with a few companions in the early hours of the morning after the Battle of Culloden, April 16, 1746. The place was deserted and there was no food. One of the party caught two salmon in the loch with the aid of a net. On these they breakfasted before fleeing westward, the Prince to spend eight months of wandering with a price upon his head until he finally made his escape to France. On a dark and stormy night in May 1746, a party of Cumberland's soldiers came from Inverness and set fire to the castle. That was 220 years ago. It was never rebuilt and its walls still stand a mute reminder of those troublous days.

Elizabeth Blair,
Toronto, Ont.

NOTE: In Scotland Glengarry is two separate words.

St. Columba Church, Kirk Hill Holds Annual

The congregation of St. Columba Presbyterian Church held their annual meeting recently. All reporting organizations within the church gave encouraging statements of the year's work.

Two Women's Missionary Societies, the St. Columba and the Douglas auxiliaries, met regularly every month and reached all their objectives. Increased financial support for the local work and for missionary outreach was reported by the Church treasurer.

The painting of the roof and steeple, as well as other improvements to property were indicated in the report of the Board of Managers given by Donald MacGillivray, board secretary.

There was an enlarged enrolment in the Church School and 58 scholars received awards for attendance and certificates for memory work. The officers of the school are D. J. MacMaster, superintendent and Mrs. Bill MacGillivray, secretary-treasurer.

As always the Ladies Aid had a busy year. Their activities included catering for several wedding receptions and the annual turkey supper on Thanksgiving day. They gave financial assistance to the managers to help pay for the work on the roof and steeple and provided a new Gestetner machine and an electric heater for the minister's vestry.

The Young Peoples' Society and several of the groups mentioned above combined to donate $296 towards India Famine Relief and the Church School gave a White Gift of $51.85 to the Bible Society.

In presenting the report of the Kirk Session, Neil A. MacLeod, Session Clerk, paid tribute to all organizations of the Church for their splendid work and continued loyalty to the cause of Christ during the year. Donald MacGillivray and R. Grant MacGillivray were ordained to the Eldership.

Donald A. MacLennan was re-elected chairman of the Board and Norman J. J. MacLeod as treasurer. The Ladies Aid president is Mrs. Archie MacGillivray and the secretary is Mrs. Ferguson MacLeod. Mrs. Donald Dewar is president of the St. Columba WMS auxiliary and Mrs. Leslie Calvank secretary. For the Douglas auxiliary Mrs. George Fulton, president, and secretary, Mrs. John A. MacIntosh. George MacLeod and Lyle MacIntosh are joint-chairmen of the ushers committee.

Neil A. MacLeod moved a vote of thanks and appreciation to Dr. and Mrs. McLean.

Plans for Centennial year include new doors for the Church, an anniversary celebration of 148 years since the founding of the congregation and 105 years in the present building. This will take place on Sunday, May 28th. A committee has been appointed to bring in suggestions for the improvement of the Church grounds in the way of landscaping. Members of the committee are, J. K. MacLeod, chairman, W. D. MacLeod, Mrs. Archie MacGillivray and Mrs. Rae MacGillivray.

Historical Notes . . .

(Continued from page 1)

would appear that the blockhouse was about thirty feet square on the outside, with walls remaining 5½' in height. This would have been surmounted by more stonework and topped by a wooden structure.

Recovered so far from the rubble-filled interior of the blockhouse are handwrought nails, shards of bottle glass, pieces of iron roofing, pipestems, and burnt timbers. The walls were built of rough fieldstone and are still straight and plumb. Some of the boulders range up to 200 pounds in weight.

It will require considerable research to determine what use was made of the fort. Hopefully some reader of this paper will come forward with documentary evidence such as old letters, journals or any other written material that might refer to the fort. Such material that might be in your attic.

What a marvellous name—"Fort Needless". The real story behind the naming of this blockhouse would be as interesting as the fort itself. Local tradition states that a British officer came by to inspect this building project done, probably, by the local militia. He was not impressed and could see little use for it. Some local wag soon dubbed it Fort Needless and the name has stuck to this day. We can speculate as to whether it ever fired a shot. Could it have fired at the American army of General Wilkinson as it skulked down the river, or at some American vessel? We hope to be able to tell more of its story as the site is uncovered this summer.
