## Lochiel Elects Mrs. Enid MacDonald Will Be First Lady On Counties Council

Lochiel voters elected a new reeve and deputy-reeve in Monday voting while Charlottetown was putting into office a new deputy-reeve, three new councillors and three newcomers to the area public school board.

Deputy - Reeve Alfred Joannette was successful in his bid for Lochiel's top office as he ran up a 248-vote majority over Reeve Ovilla Massie who had held the reeveship for four years.

Mrs. Enid MacDonald, Alexandria, was elected deputy-reeve in a three-way contest over Herve Borris, Dalkeith, and Denis Lefebvre, Glen Sandfield. All were councillors this year. The 594 votes garnered by Mrs. MacDonald gave her an over-all majority over her two opponents. Lefebvre finished with 391 and Borris had 176.

Wife of Arch M. MacDonald, the new deputy-reeve will take her place at Counties' Council in January as the first lady member of that body.

Completing the Lochiel council are three newcomers who were acclaimed as councillors: Stanley Nixon, Gerard Massie and Elmer C. McNaughton.

Donald Thomson, of Martintown, a councillor in Charlottetown for the past four years won a close battle for the deputy-reeve's post

over Adrian Gadbois, Glen Walter, a councillor with six years' experience. Thomson finished with 742 votes, 54 more than the 688 garnered by Gadbois.

In the seven-man race for the three council seats, George Shoniker, owner of Glengarry Commission Auction at Lancaster, led the poll with 629 votes. Two Glen Roy area residents were also successful: Bruce Sova, with 576 votes, and Raymond Filion, with 522. Trailing were Kenneth MacDonald, 504; Paradis, 368; Picard, 315 and Lauzon, 216.

All three of the new councillors are newcomers to public life.

Completing the council is Reeve Archibald MacDonald, Summers-town, who was given an acclamation on the retirement of Reeve Gerard Brunet.

In the six-man contest for five seats on the Charlottetown area public school board incumbents Oliver McGee and Stuart Blackadder led the poll with 435 and 397 votes respectively. New trustees are A. R. MacNaughton, 386; Geo. Irvine, 365 and Douglas Murray, 334. Trailing Murray by but three votes was A. B. McPherson with 331.

The votes by polls are recorded below.

## Possible Benefits From ARDA For Area Emphasized At Federation Annual

A community centre is in the planning stage for Martintown and the committee in charge is hopeful it can be built as a winter works program.

Plans have been made calling for a building of steel and masonry construction, 125' x 60', with a six-lane bowling alley in the basement and the upper storey arranged for community affairs. A dance floor about 80' x 60' is projected, with a stage, kitchen and some smaller rooms for Scout and Guide meetings, the local library and so forth.

The structure would be erected on the present village community grounds, where the ball diamond and rink are located, along with the fire hall. The municipality has land extending to the Raisin River in this location.

The Ontario government is to be approached for approval of the plans. Under the various Acts concerned with such a project grants could be available amounting to 90 per cent of local labor cost; a grant under the Community Centre Act of \$5,000 and another grant of \$5,000 for support of cultural facilities of a type approved under the appropriate legislation.

Other funds could be secured under the new Municipal Loans Act, under which municipalities can borrow and receive a rebate of 25 per cent if the project is completed within three years. The local committee also plans a fund drive.

The committee, which is informally organized at present, is made up of Ian MacMartin, William Carson, Charles Hart, Mrs. Dorothy Nicholson, Leo Bougie and S. J. MacLeod. Other members are expected to be added as the project is carried further.

In order to be classed as winter

works the project must start before May 1, 1964. Should it qualify as such the committee estimates it will require about \$40,000 of local financing. This has been estimated as a tax of \$3.20 per year on the average property, based on 80 cents per \$1,000 of assessed value.

Commenting on the plans, Reeve-elect Archibald MacDonald notes that township council has not formally approved the project. He declared that it is still in the discussion stage and will have to be debated fully and dealt with by the 1964 council.

## Purchases Property

Louis Shepherd last week completed purchase of the property now occupied by Elie David, Wholesale Feeds, from Adrien Filion. The property includes the warehouse and a 35-foot frontage on Main Street.

Mr. Shepherd has no immediate plans and it is expected there will be no change of occupants.

## St. Eugene Farmer Robbed At Gunpoint

A 63-year-old farmer was held at rifle point and robbed of \$12 before the eyes of his 87-year-old mother in their farm home near St. Eugene Saturday night.

John Cahill had just finished his evening chores and was standing in the kitchen when a masked man armed with a .22 calibre rifle burst into the room and ordered him to hand over the money in his wallet. Mrs. Elzida Cahill was also in the kitchen at the time.

The bandit grabbed the \$12, ran out of the house and sped off in a late model car.

## Dog Died In Smoke After Warning Of Fire

A mongrel dog taken in by Mr. and Mrs. Morley Tobin several years ago lost his life early Wednesday after giving them warning their house was on fire.

Mr. and Mrs. Tobin made their way to safety from their smoke-filled home, Main Street South, only to find after summoning help that their dog "Charlie" had remained upstairs and had died in the smoke.

Damage by fire, smoke and water is estimated at \$6,000, in the blaze which apparently originated in the kitchen area. The barking of their dog aroused Mr. and Mrs. Tobin to the danger about 4:30 Wednesday morning.

The local brigade responded and had the blaze under control after an hour's battle.

## Agreements Ready On Fire Protection

Agreements for fire protection with the four neighboring townships were reviewed at Tuesday's meeting of council. After final revision by the fire committee they will be forwarded to the various councils for approval.

The agreements call for Alexandria to provide protection within a six-mile radius of town. Only half the brigade would be sent on any one call, the others remaining on stand-by duty in case of fire here.

Council also awarded the contract for snow-blowing to Paul Roy at the same hourly rate as last year.

## Large Classes For Drumming Course

A large number of fledgling drummers are enrolled in the course at Maxville sponsored by the Glengarry Highlanders Band, reports John D. MacLeod, committee chairman.

A top-notch instructor, John Kerr, of Ottawa, comes to Maxville every second Saturday to give instruction and senior bandmen act as teachers on the alternate Saturdays.

Mr. MacLeod reports some 25 girls are now being instructed in piping and drumming, as well as a group of young boys.

The band is planning a Christmas night dance in the Community Hall to help defray expenses.

## Plant Lost In Morning Fire

The small hockey stick plant of Edeas Choquette, just north of the town limits, was badly damaged by fire this morning. The loss included much of his machinery and a considerable stock of lumber and finished hockey sticks.

Mr. Choquette estimates his loss at some \$5,000.

The alarm was turned in about 6:45 by L. H. Aulenback who farms north of the plant.

Mr. Choquette is at a loss to understand how the blaze originated as the plant had not been occupied since 3 p.m. the previous day. Faulty electricity may have been the cause, he hazards.

Mr. Choquette was critical today of the delay in reaching the scene by the members of the brigade. Water power from the hoselines was also weak, he complains.

## St. Andrew's Concert Again Drew Well

The annual St. Andrew's Concert drew capacity audiences to Alexander Hall Friday and Saturday nights as Scots gathered to observe St. Andrew's Day and enjoy the traditional concert.

Angus H. McDonnell was chairman for the lengthy program each night which featured local talent, the Glengarry violins and several visiting entertainers.

Mrs. Michael Chafe, of Ottawa, Donald MacLellan, Toronto, Robert MacNeil, Detroit, and Bruce Ross, of Kingston, all played violin solos and Scottish airs.

The singing of Miss Nan MacAskill, Montreal, received a warm reception, especially by the older folk as this guest artist had "a bit of the Gaelic".

## Santa Bringing Daughter Susie

Something new has been added to the annual visit of Santa Claus, Saturday, we learn.

Santa is bringing along his daughter, Susie and she will be with him at Alexander Hall from 2 to 4 p.m., to greet all the kiddies of the county.

## Minister Leaves Dunvegan Post

The Presbytery of Glengarry at its regular meeting held in St. Andrew's Presbyterian Church, Avonmore, last Tuesday, regretfully accepted the resignation of Rev. W. A. Douglas, minister of Kenyon Church, Dunvegan, to become effective on December 31. Mr. Douglas leaves the Presbytery after more than eight years spent in the Avonmore and Dunvegan congregations to accept an appointment in the Probation Services of the Province of Ontario, and will assume his new office at Brampton early in the new year.

Several members of the Dunvegan congregation spoke of the service rendered by Mr. Douglas in Kenyon Church, and expressed their regret that he was concluding his ministry in that congregation, and the Presbytery joined in wishing him success and blessing in his new work.

Rev. I. D. MacIver, of Maxville, was appointed to act as interim moderator of the Dunvegan congregation following the departure of Mr. Douglas, and Rev. J. A. McGowan, of Vankleek Hill, was appointed to succeed Mr. Douglas as interim moderator of St. Columba Church, Kirk Hill.

The givings of the various congregations in the Presbytery to the budget fund showed a substantial increase over the amount given at the same date last year, according to the report of the stewardship and budget committee, given by Rev. Hugh Wilson, of Avonmore. Mr. Wilson, as moderator of the Presbytery, also presided over the meeting.

Mr. MacIver reported that the financial campaign for Ewart College, the new Missionary and Deaconess Training School, in Toronto, had been completed in the Presbytery, and that the allocation for the Presbytery had been over-subscribed to the amount of 121 per cent.

A delicious dinner was served by the ladies of the Avonmore Church and Stuart Blackadder, of Martintown, thanked the ladies on behalf of the members present. The Presbytery appointed its next regular meeting to be held in St. John's Church, Cornwall, on Tuesday, January 28.

## Two Women Killed, Man Critically Hurt In Weekend Accidents On Icy Roads

Winter's icy touch struck on the weekend and treacherous road conditions were blamed for a series of accidents on area highways that cost two women their lives and left a Cornwall man in critical condition.

Dead are: Janet Stewart, 21, of Montreal, killed Saturday morning when the car in which she was a passenger left Highway 34 between McCrimmon and Vankleek Hill.

Mrs. Eileen Merchant, 57, of Montreal, who died of injuries suffered in a three-car pile-up Saturday afternoon on Highway 401, about one mile east of the Summerstown Station cut-off.

Gabriel Theriault, 38, of Cornwall, is in critical condition with head injuries in the Neurological Institute, Montreal. He is one of three Cornwall residents injured in a freak accident Sunday evening, on Highway 34, one mile north of Alexandria.

Mr. Theriault was a passenger in a Singer Sewing Machine Co. truck which struck and killed a stray horse on the highway about 5:30 p.m. The truck then skidded out of control for some 250 feet and crashed into a house owned by Louis Carriere.

Less seriously injured in the same

accident were the driver of the truck, Donatien Langlois, 31, and his 12-year-old daughter, Christine.

Edward Merchant, 61, suffered a dislocated shoulder and other injuries in the Saturday crash on Highway 401 which resulted in his wife's death. He is a patient in Cornwall General Hospital.

Also injured, but not admitted to hospital in the Highway 401 collision were Adrien Aubry, 37; his wife, Clair, 32; and their daughters, Manan Aubry, 10 and France, 15 months, RR 5, Perth, Ont. All suffered lacerations, bruises and other minor injuries.

The accident occurred shortly after 3 p.m. It was snowing at the time. Cars involved were driven by Mr. Merchant, Mr. Aubry and Arthur Meloche, of Detroit.

According to the police report of the accident, the Merchant car was westbound during icy road conditions when it went into a skid, straight into the eastbound lane and into the path of the Aubry vehicle.

The Meloche car struck the open door of the Merchant car. Mr. Meloche was also westbound.

The Merchant car came to rest in the centre of the highway, the Aubry car skidded into the south ditch and the Meloche car came to

rest in the north ditch.

Mrs. Merchant suffered severe head injuries and died while being rushed from Cornwall to Montreal by Exclusive Ambulance.

Constable R. Welch, of Lancaster OPP, investigated.

The Saturday morning accident on Highway 34, east of McCrimmon, occurred at 9:15 o'clock. Police reported Miss Stewart was a passenger in a car travelling south, driven by Stewart Marshall, 20, also of Montreal. The car spun out of control, threw her out and rolled over her.

She died of head and chest injuries. Dr. John F. Mutch, of Maxville, was called in his capacity as coroner.

Another accident Saturday night on Highway 43 saw Real Morin, 31, of Cornwall, escape with a cut lip when his car skidded off the road, near the Greenfield side road.

According to Constable J. W. McGrath, who investigated, the car skidded and left the road, careening onto the south shoulder where it struck a reinforced guide post. The car then flipped over, landing on its wheels in the ditch.

Ontario Provincial Police investigated a number of other minor accidents as Sunday ushered in Safe-Driving Week.

An esteemed resident of Alexandria for the past 20 years, Mrs. Magnus Lemay died in Hotel Dieu, Cornwall, November 28. Aged 62, she had been in failing health for the past year.

The former Louise Lagacé, she was born at St. Mathieu, Que., the daughter of the late Arthur Lagacé, and his wife, Arthemise. On January 30, 1928, at Norembege, Ont., she married Magnus Lemay. ## Plan Community Centre, Martintown Might Be Built Under Winter Works

An explanation of the Agricultural Rehabilitation and Development Act and a discussion on dairy problems featured the annual meeting of the Glengarry Federation of Agriculture which was held in the high school here recently. Malcolm N. Grant, Laggan, was chairman of the meeting.

David Kirk, executive secretary of the Canadian Federation of Agriculture, gave a talk on ARDA. This Act, providing for expenditures by the Federal Government and sponsored by the provincial government has three main objectives: 1 "To improve the use of land; 2 To improve the conservation of land and water; 3 Rural development."

Most rural areas in Canada want a more satisfactory community. The Federal Government as well as providing money will conduct research. This research must be analyzed and lessons learned from it. This piece of legislation offers tremendous possibilities in this part of the province. It is not a plan to move people off poor land but rather to keep them in the rural areas and make them better off economically.

Tom Aitken, Martintown, made a strong plea for a milk marketing plan. He expressed the belief that if producers do not soon implement such a plan the government will put in force a plan of its own creation. Mr. Aitken referred to the annual meeting of Stormont Cheese Producers claiming Hector Arnold, president, Ontario Cheese Marketing Board, would not answer questions which he had asked him. He was critical of the organization of the Stormont cheese meeting since

## First Winners In Christmas Draws

Gertrude Lapierre, Box 98, Apple Hill, was the big winner of \$25 in Saturday's first draw of the Board of Trade's Christmas shopping promotion. Her lucky coupon came from Stedman's.

\$10 winner was Tony Oetelaar, RR 1, Glen Robertson, also with a coupon from Stedman's. Winning \$5 each were: Lucien Poirier, Alexandria (Lalonde's Food Market coupon); Miss Mary Anne Charlebois, Alexandria (Maple Leaf Dairy coupon) and Rejeanne La-Joe, Alexandria (McLeister's Drug Store coupon).

Another \$50 will be drawn for Saturday afternoon and on succeeding Saturdays until the grand draw, Christmas Eve, for a holiday for two in Bermuda.

Merchants report the coupons are proving popular with shoppers.

## Handy Andy Store Being Enlarged

Emile Pigeon's Handy Andy store is being enlarged this week in readiness for the Christmas trade. The adjoining shop, formerly occupied by Bruno Pigeon's barber-shop, is being incorporated into the store and it will be used to display the toy section.

## Plan Community Centre, Martintown Might Be Built Under Winter Works

11 speakers gave addresses of vitual natures before cheese-milk producers had an opportunity to ask questions.

Viateur Ethier, MP, stated that his government believed the high cost of farm machinery was one of the main problems facing farmers today. A project in Western Canada is being undertaken whereby the rental of farm machinery is on a trial basis.

Osie F. Villeneuve claimed that it was the task of government through research to find the answer to the financial problems facing the farmer. He said Ontario cheese producers had spent \$8,000,000 in the last 12 years in order that their product might find a way into the United Kingdom market.

D. Clint Murray, Martintown, was declared county winner in the 1963 Farmstead Improvement competition with Wilfred Vallance, Maxville, runner-up, but one point behind.

The following reports were presented by representatives of the various commodity groups: Holstein Breeders, Clark MacCuaig; Ayrshire Breeders, Wilfred Vallance; Soil and Crop Improvement Association, Jim Humphries; Plowmen's Association, John Allan Mitchell; Hog Producers, Neil F. MacLeod; Kenyon Agricultural Society, Wilfred Vallance; St. Lawrence Valley Agricultural Society, D. Clint Murray; Women's Group, Mrs. Neil Blair.

IT'S OUR OPINION

## What's For The Girls?

Probably it is the successful promotion of Minor Hockey in Alexandria and district which prompted a local mother to suggest to us that the boys are getting all the attention. "Why is there no comparable activity for our young maidens", was her thought?

The point is well taken. We know of no promotion in town aimed at gilding the lilies of the future except for dancing classes. And these are less a community promotion than one sponsored on a parental, family basis.

This mother had no private axe to grind. Her children are of both sexes and a bit too young yet for the minor hockey wars. Yet her sex undoubtedly had something to do with her thinking, though she doesn't rate as an advocate of woman's rights. She had no favorite program to suggest for our youngsters of the weaker sex.

Would she like to see her growing daughter playing organized hockey? She

wasn't too warm to the idea. Training as a majorette, a program we lack in this area, appeared more to her liking. But she had not given too much thought to what type of activity she would prefer. There was simply this feeling that the girls should benefit from the same type of promotion minor hockey is serving up for the boys.

After mulling the matter over we put forward the thought that a class in figure skating would be the ideal complementary to minor hockey. But that involves the expense of bringing in an instructor. It has been tried in other years by the Glengarry Gardens directorate and has met with only a lukewarm reception.

Perhaps if the mothers of growing girls got together to spark a new move for figure skating, Glengarry Gardens might in years to come produce another Barbara Ann Scott.

Or have any other mothers any better ideas?

## Our Wonderful System

Health Minister Judy LaMarsh is the darling of the doctors who want an all-out campaign against smoking because they believe tobacco is the main cause of an "epidemic" of lung cancer notes The Uxbridge paper. When she took over the health portfolio Miss LaMarsh gave up smoking—she had been a heavy smoker—and now she says that her department is discussing the possibility of supporting with government funds a nation-wide anti-smoking campaign. Purpose of the campaign would be to persuade young people not to start a habit which, according to the doctors, may in later years produce cancer, heart trouble or arterial ailments.

In the meantime, however—as the Peterborough Examiner points out—the Agricultural Stabilization Board in Ottawa, an

agency of government, has set the floor price of tobacco at a minimum of 47 cents a pound. Few growers this year will collect deficiency payments because the average price has hovered around 52 cents a pound, but "tax funds stand available to make tobacco farming profitable if necessary". The Examiner continues:

"Also meanwhile, a Canadian tobacco trade mission, which visited Eastern and Western Europe and the Middle East in October, has returned. It found, to quote the Department of Trade and Commerce, considerable interest in the purchase of Canadian tobacco. Some sales were negotiated.

"How wonderful is the system which taxes tobacco heavily, subsidizes its growth, engineers its sales, and spends money to discourage its use!"

## We're Definitely Not For Dial

"Are you actually as dead set against dial telephone service as you make yourself out to be", we were asked last weekend? And our answer was a firm "yes".

Call us reactionary if you will, you who see dial service as an improvement on what we have now. We could be wrong. We are arguing from almost total ignorance and it is just possible we would come to count dial service a blessing, in time, after we had been forced into familiarity with the new memory game. But we have strong doubts.

This is an improvement that is primarily for management, we would say. The telephone company is cutting its overhead as it does away with the Bell girls' "number, please". As automation reduces its pay-rolls, the tremendous costs of dial installation are being written off to a great extent against current income and corporation taxes. In years to come, when all of us are down to dialing seven or nine numbers every time we place a call, the Bell Telephone Company should be adding many millions to its profit sheet.

Or will it be altruistic enough to reduce the service charge on each telephone to offset the lesser costs of automation? Only time will tell; but we have our doubts.

We dread the dial, we who use the telephone as a daily necessity in our news-gathering. Our phone is a friend we cotton to more automatically now than ever we will come dial. Most of the numbers we seek are three-digit ones we carry in the recesses of our mind. Our right hand can be writing as our left picks up the phone; and if we slur the fi-ef or the ny-en there is an intelligent girl on Central to check

us up.

Not so with automation, as we foresee it. A call to Don Gamble, in Maxville, Saturday, involved picking up the receiver, and muttering "No. 9, Maxville, please". (It's a number we know well, for it's our own in Alexandria.) Now Maxville has gone dial and when Alexandria has reached that strait, progress, and the Bell, will ordain that we look through the litter for our telephone-book, search for the glasses only a telephone book yet demands of our fading eyes, seek out the Maxville listing of said Gamble and then use both hands in dialing 527-2112. All we'll get is a buzz if Don is down at the Fair Grounds and Violet's hanging out the clothes.

Instead of asking Central to try again five minutes later we're going to have to remember that seven-digit number, and also remember to make the call. Come the dawn of dial service maybe we'll never get to talk with Don again. It'll be much too complicated.

The dial telephone is a bright idea for the Bell Telephone Company, no doubt. For people who like to make a leisurely call, for lovers who don't want a third party listening in, for bucket-shop operators selling shares in a spurious gold mine, for gamblers or the numbers' racketeers, it probably will lend a welcome anonymity.

Mind you, we don't blame the Bell Telephone Company for moving to automation. It's good business and it's going to cut the employee work load when it gets all its subscribers working out their own calls.

But if Bell delays the change-over to dial here for years to come, it's quite alright with us.

## A Lobby To End Lobbying

A lady reader of one of the better-known columnists has come up with an idea she thinks could set the legislative wheels in Washington to working a little more regularly. She feels the reason why nothing has been happening in Congress is that the only one not represented in Washington is the American citizen.

What is needed, she suggests, is a citizens' lobby.

This would be a lobby to end all other lobbying. A nation-wide appeal would be made for citizens to pay \$1 a month to support the lobby. The money would be made available to the members of Congress to draw on in case of an election or for almost any other need. The Washington legislators would be under no obligation of any sort other than to consider all the legislation from the viewpoint of the American citizenry as a whole, rather than the view-

point of some particular interest such as the steel industry, the drug industry, the farm industry, real estate or any other.

No strings would be put on what the legislator used the money for. The important thing would be that this money was available so that no one would have to accept favors from individual lobbies supported by industries.

This citizens' lobby sounds like a most democratic way to end that most undemocratic practice of lobbying in the halls of government. Canadians might adopt it to their benefit for use in Ottawa and the provincial capitals.

The only drawback here, of course, is that at \$18,000 a year our Members of Parliament must be so well off they will no longer have to cast about for election funds or other income. Haven't heard yet, though, of any mass exodus of the lobbyists from Ottawa.

DO LIKE HE DUN

New York Journal American columnist, Doug Walch, reported on the "finest business letter" story related to him by a prominent business consultant.

The letter, obviously written by an illiterate salesman: "Dear Boss: I seen this outfit which they ain't never bought a dime's worth of nothing from us and I sole them a couple hundred thousand dollars worth of guds. I am now going to Chawgo."

Two days later a second letter arrived at the home office:

"I cum here and I sole them half a milyon", it said.

Both letters were posted on the bulletin board with a note appended by the company president.

"We been spending too much time here trying to spel, instead of trying to sel. Lets watch those sails. I want everybody should read these letters from Gooch who is on the rode doing a great job for us, and you should go out and do like he dun."

WHAT HAPPENED TO THE DOLLAR?

Dollars count, especially during these weeks of Christmas shopping when most of us are trying to stretch our liquid assets to cover gift purchases for all our kith and kin.

A fellow columnist, Jim O'Neill, who writes for the Smiths Falls Record-News, has lost a dollar and he's asking his readers to find it for him. Maybe you can help.

Here's the way he tells it: Three men register at a hotel and are charged \$30 by the desk clerk... That is, \$10 each.

ABILITY COUNTS

The idea that we have to shift mayors every term so that we can alternate French and English is ridiculous. If we get a good man with some ideas into that exalted chair he should have the privilege of a second, or even a third term, whether he is English, French or Hottentot. — Stanstead (Que.) Journal.

KEEP IT LEVEL

There are good letters to the editor and there are bad. There are those which vilify people. There are those which obviously can do nothing but harm. There are those which are ill-advised, and poorly thought out. If you feel you must write one, dear readers, go right ahead. But keep it level, logical and straight to the point. — Geraldton (Ont.) Times-Star.

POSTAL INCREASE

One thing Canadians can be certain of: increased postal rates which have been announced aren't due to improved services. In fact, recently this writer mailed a copy of the Times to Ottawa. It only took eight days to be delivered. Perhaps the Pearson government is weary of the complaints it is receiving. — Fort Frances (Ont.) Times.

E. "Buddy" MacNeil has been reported killed on active service. He is a son of Mrs. Alexander MacNeil of Cornwall. Sergeant Air Gunner Lyle Truax, son of Isaac Truax, Maxville, is missing after air operations over enemy territory. — Tons of grain and other debris is being cleared and plans are underway for rebuilding the Graham Creamery mill, an Alexandria landmark, destroyed by fire Friday morning of last week. Loss is estimated at \$40,000. Undamaged, except by smoke, is the new fireproof creamery built last year.

## SHOULD START EARLY

In our opinion the writing of a language and the study of its grammar should come only after a student has at least a working knowledge of speech. ## KEEP CIVIL DEFENCE

In the face of diminishing fear of atomic war, civil defence activity such as that of the EMO cannot spark much enthusiasm. But with all the treaties that are being signed, the fact remains that atomic bombs still exist in the world and tempers will grow hot as long as men are on earth. Some form of preparedness is surely worthwhile. — Napanee (Ont.) Post-Express.

### All Male Variety Show Again In Rehearsal

The Frolicking Farmers of Picnic Grove are in rehearsal. The old schoolhouse has come alive once again, not to the shouts of the children but the laughter of their parents watching each other learn their parts for the Women's Institute Variety Show, '63.

Last year the show put on by the husbands of the Institute members paid for the Institute home. This year the proceeds are to be used for kitchen alterations.

The current show is entirely new with the original cast. The show follows the same type of entertainment as last year: ridiculous comedy whose only purpose is to make the audience laugh and forget this very sober world we are now living in.

Aspiring, and perspiring ballerinas, high on their toes practise their pas de chats, and arabesques for their number, Goose Lake. This ballet is similar to the well-known work Swan Lake. Well-known actors rehearse their lines and strive for perfect diction and expression of the characters they will portray. Bagpipes wail, violins trill, seamstresses sew on dainty costumes, and the whole atmosphere tingles with fun and excitement.

Tuesday, December 10, has been picked for the date of the show. This day was chosen so that it would not conflict with exams, school and church concerts, choir practice and other weekend activities. A delicious lunch will be served and barring trouble everybody should be home by midnight. Please check the Coming Events' column in this newspaper for particulars.

Golden and Paul Desjardins.

Many Mass cards, floral pieces and other evidences of regret were received.

Délicieux for sipping, it is a wine with the pure flavor of the apricot. Ah, très bon! Très bon, certainement! Très joli, aussi —in its very beautiful decanter for la table.

### in the GLENS

by ANGUS H. McDONELL

When Willie Fleming went down to one knee on the gridiron turf during the Grey Cup game like a boxer in the ring waiting for the count of nine, a fan whispered: "They (the Lions) have had it." This was true.

So often during the season a brilliant quarterback toss and a sensational catch away down field, such as that executed by Faloney and Patterson on Saturday, overshadow the play of the rugged guy carrying the mail through the line. However, you must have a healthy Thelen, Lewis, Bethea, or a Fleming, along with your passing, for a club to go places.

At this point we had a diversion of thought. We recalled another example of the importance of backfield running that took place this year in one of the college leagues.

Guelph Agricultural College experienced a winless draught that exceeded in length the disastrous weather dry spell of the past season in Western Ontario. This winless era was brought to a close recently, and mainly due to the power running of a graduate of the

Glengarry District High School — Maurice Sauve.

On November 9, the Guelph Redmen (in other days they were called the Aggies) defeated RMC from Kingston by 20-7. The highlight of this victory was the bulldozing of Maurice Sauve, supported by his mate Dave Goslin, along with Al Barden, Dave Allison, and quarterback Bob Beodway.

Maurice Sauve, some 22 years ago, was born in the North Lancaster area and later with his parents, Mr. and Mrs. Adelard Sauve and family, moved to Fassifern.

Maurice graduated from Bonnie Hill Public School to Ourltown's High School and was immediately prominent in football as well as his classwork. For two successive years his play was disrupted due to shoulder dislocations, however, following an operation his final school years were without injury and highly successful.

With a farm background it was only natural that this graduate would enroll at Guelph Agricultural College. In his first year of 1961 he became a member of the football

for his team. The Guelph Redmen are coached by the veteran Hamilton star punt returner, Billy Graham, who had a lot of confidence in the youngster from Fassifern. As a result of sound coaching, Sauve's natural football ability was developed to the point that he is now rated a promising player.

Besides the victory over the RMC cadets, Maurice Sauve distinguished himself playing against Loyola in Montreal, and the University of Waterloo Warriors.

Maurice Sauve plans to graduate in 1965. He is specializing in Agricultural Economics and Business Administration, thus he has two more years to develop further as a potential football candidate in the college draft.

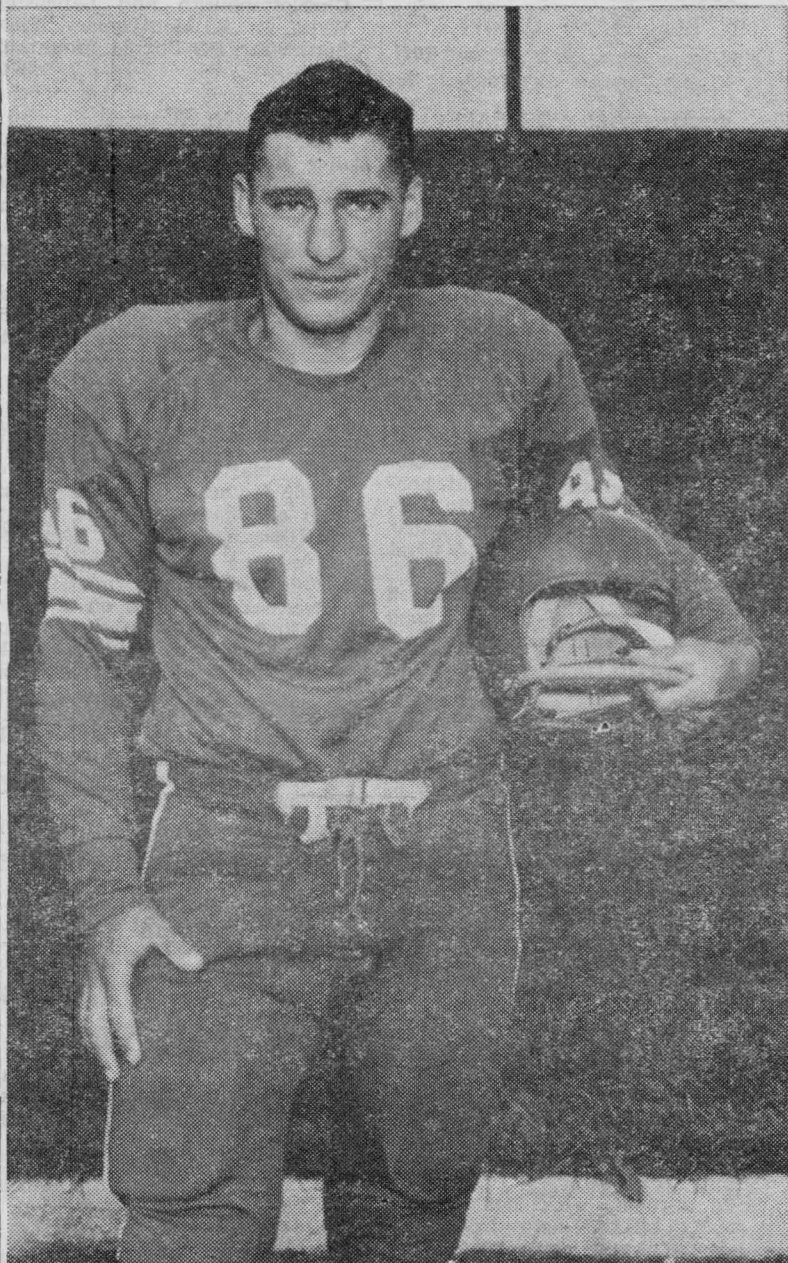

In between football seasons, Maurice, besides playing soccer for Lochiel, wrestles in the inter-college 190-pound class competition and plays some intramural hockey.

Bruce Groves, out of Maxville High School, and A. D. (Kirk Hill) MacLeod, are two other prominent athletes from the Glens attending Guelph. Groves, a very fine tackler, devoted this season to his studies, however, it is expected that he will return to the Redmen line come another season. A. D. MacLeod, who plays with Glen Sandfield in the Glengarry Football League, was a star in his first year at Guelph with the school's soccer team.

The writer has suggested to friend Red O'Quinn that he keep an eye on this 190-pound prospective backfielder from the Glens. It would be a pleasing coincidence in the not too distant future to see Moe (The Toe) Racine, out of St. Lawrence High School, Cornwall, and Moe (The Back) Sauve, out of Glengarry District High School, Alexandria, playing with Ottawa Rough Riders.

### ... HITHER AND YON ...

Apart from the recent rash of automobile accidents, the necessity of a local hospital was further noted on Saturday when a young minor hockey player was accidentally cut in the face. There were no doctors available and the officials administered first aid that was satisfactory. However, with a hospital this youngster could have been bundled up in a car and placed in the hospital emergency room in a very few minutes. Members of the old guard like Benny and Osie Villeneuve, Billy (Bonnie Brier) MacLeod, and Alex (Little Archie) McMillan, learned with regret of the death of former NHL star Alex (Boots) Smith in Ottawa last Saturday. Alex Smith paired off on defence with King Clancy in the days when Ottawa were singing their swan song in the NHL. Alex was well-known to some Alexandria curlers, especially Dr. H. L. and Reg Cheney. Alex (Cornwallis-Bar) McDermid, displaying his usual smile but painfully paying off during Monday lunch hour for his over enthusiasm on Vancouver's ... well, let us say, weather ... Vince (Oil Magnate) Barker, another who rendered unto a few of the football Caesars some crisp lettuce leaves during the weekend ... As a result of this writer's Legion pre-game prediction that Ti-Cats would bring back the Grey Cup by defeating Vancouver 21-11, Steward Harry Main presented us with a fair-size greenback on Monday evening ... never mind, popular Harry who is also quite a firefighter with Ourltown's Brigade will even up following the next

team. Last year Guelph used the twin fullback offence and Maurice became a regular playing opposite to Ray German. Incidentally, Ray German was the first draft college choice and was picked up by the Alouettes.

This year Maurice became No. 1 fullback. As he is a better than average soccer player with Lochiel it is not surprising that he also did the placement and convert kicking
