New Church In Alexandria Has First Service Sunday

Alexandria Pentecostal Church, our town's fourth congregation, will hold its first services on Sunday afternoon in temporary quarters.

The former Gerry's Photo Studio on Main street, just north of Eaton's Order Office, has been sublet. A platform and pulpit have been installed and first services on Sunday will be at 3 o'clock, preceded one hour earlier by Sunday School.

Rev. W. Bowler of Long Sault, will hold services, at least for the present, and Robert Dixon, a member of the Brown Shoe staff, is in

charge of organizing the congregation. He will be Sunday School superintendent. In addition to the Sunday services there will be prayer service and Bible study on Wednesday evenings.

Some 15 families in town and district will form the nucleus of this new Alexandria church, according to Mr. Dixon, who reports there are other Pentecostal groups in Cornwall, Long Sault and Grenville.

The mother church is the Pentecostal Assemblies of Canada, and Mr. Dixon declares it is "the fastest growing church in Canada at the present time."

Glen Robertson Home Burned

One of the oldest houses in Glen Robertson, the home of Mr. and Mrs. Romeo Poirier and family, was destroyed by fire Tuesday afternoon with the loss of most of the contents.

Alexandria Fire Brigade was called to the scene, but the roof fell in shortly after their arrival and the firemen had to content themselves with helping prevent spread of the flames. The adjacent garage was saved.

Mrs. Poirier was working in the kitchen and said she did not notice smoke coming from the second floor until the flames had a good start. She grabbed her three small children, David, four; Susan, three, and one-year-old Roma, and rushed them out to safety.

Men from a garage nearby on the west end of Glen Robertson's main street, raced into the burning building and were able to carry out a few pieces of kitchen furniture, but almost everything, including the family's clothing, was lost.

Mr. Poirier was working in the bush at the time of the 4 p.m. fire. He moved into the home in October.

Origin of the blaze is not known and the loss is estimated at \$2,000.

Joint Funeral Services Held For Brother, Sister, Died Within Minutes

Joint funeral services were held in St. Anthony's Church, Apple Hill, at 10 a.m., Tuesday, for a brother and sister who died within minutes of each other on Saturday.

Alexander McBain, esteemed resident of Apple Hill, died Saturday in Hotel Dieu, Cornwall, at the age of 75.

A sister, Miss Mary McBain, R.N., died some 20 minutes later at the home of a sister, Mrs. W. G. Hughes, in Ottawa. She was 58 and had come to Ottawa from Portland, Oregon, only 10 days earlier.

Both were born at Moose Creek, children of the late Alexander McBain and his wife, Katherine McLennan.

Alexander McBain was predeceased by his wife, the former Clara Coleman, five years ago. Three sons and one daughter mourn his passing: Gerald McBain, of Hawkesbury; Vincent McBain, of Ottawa; Alexander McBain, of Williamstown, and Mrs. William Boisvenue, Theresa, of Moose Creek.

Brown Shoe Man Off On Course

A local boy employed at the Brown Shoe plant, Jacques Lefebvre left Monday by air for Vincennes, Indiana, where he will take a 12-weeks' course to qualify him as a fitting-room machinist.

On completion of the course he will be returning to the local plant, reports M. R. Braid, superintendent. He informs us the company prefers to train local personnel rather than bring in outsiders to fill higher positions.

Probing Cottage Thefts At Lancaster

Ontario Provincial Police officers from the Lancaster detachment are investigating a series of break-ins at cottages in the Glen Walter and Lancaster areas.

An officer at the detachment reported four cottages on islands in the Glen Walter area have been entered and three others on the mainland near Lancaster have been hit by thieves.

No estimate of what has been taken or its value could be given. However, the officer said a considerable amount has been stolen.

The detachment asks all persons having cottages in these areas to check and see if anything has been taken from them or if they have been entered.

The break-ins are being investigated by Cst. L. C. Kell and Cst. L. A. Millar.

Safe-Crackers At Local Bakery Got Little Dough

The first safe-crackers Chief Eddie Dupuis has had to contend with in his seven years in Alexandria, got only two dollars in silver when they tried to crack the safe at the local bakery during Saturday night.

After drilling three holes in the firm's safe, the burglars tried in vain to jimmy a soft drink dispenser before they were apparently scared off with the bit of silver left in the cash register.

Chief Dupuis is continuing his investigation, but has no progress to report.

Time of the robbery is pinpointed at between 11.30 p.m., when Mr. and Mrs. Georges Lanthier left the plant, and 1.30 Sunday morning when their son, Claude, noticed the open front door.

The thieves had smashed the glass in the bakery door to release the lock and during that two-hour period had knocked the dial off the safe and drilled three holes in the safe door. The soft-drink dispenser had also resisted their efforts to pry it loose from its money.

Alexandria-Born Ernest Laurin Died Suddenly

Member of a well-known family in the newspaper field through Eastern Ontario, Ernest Laurin, of Cornwall, died suddenly Friday morning at the age of 62.

Mr. Laurin was working his shift on the Montreal - Toronto run as a trainman with the CNR, when he suffered a fatal heart attack.

Born at Alexandria, Mr. Laurin was a son of the late William Laurin and his wife, Angelina Leboeuf.

Mr. Laurin will be remembered for his skill on the hockey lanes, both in Alexandria and later as a star of such teams as Pittsburgh and Cleveland, where he played with such outstanding hockey greats as "Nels" Stewart.

Mr. Laurin had been a resident of Cornwall for the past 40 years. He was educated at Alexandria primary and secondary schools and lived briefly in Brockville, where he was a member of the Knights of Columbus Council.

Mourners include his wife, the former Grace Lalonde; one brother, Alcide "Sid" Laurin, mechanical superintendent for The Standard-Freeholder; and two sisters, Mrs. Percy Sharples (Theresa) and Mrs. J. A. Eamner (Eva), both of Cornwall.

Relatives and friends from Alexandria, Morrisburg, Prescott, Brockville, Montreal, and other points attended the funeral held Monday morning from Miller's funeral home, Cornwall, to St. Columban's Church.

Rev. Herbert Seguin was celebrant of the Solemn Mass of Requiem, assisted by Rev. Gordon Villeneuve as deacon, and Rev. Leon Seymour as sub-deacon. Rev. Roland Rouleau was in the Sanctuary.

Palbearers were all members of Ontario Council 755, Knights of Columbus — Joseph Piquette, Roma Forget, Louis Martin, Omer Saucier, Louis Primeau and Gervais Lefebvre.

Special services were held at Miller's funeral home on Sunday by the Brockville Chapter Brotherhood of Railway Trainmen, who attended in a body.

Services were led by J. A. Phillips and P. J. Cody.

McGill Professor Being Honored Prior To Retirement

Former and present students of Professor James U. MacEwan, chairman of McGill University's Department of Metallurgical Engineering, who retires at the end of the present session after 25 years of service, will hold a reception in his honor at Montreal Friday, February 10th. The reception will take place in the University's Faculty Club.

A native of Martintown, Prof. MacEwan joined the McGill faculty in 1936 as associate professor of metallurgy after receiving his education at Queen's University and the Montana School of Mines. In 1938, he was appointed Birks professor of metallurgy and was named chairman of the department in 1946.

Almost Asphyxiated By Tractor Exhaust

W. A. MacGillis, 5th Lochiel, had a narrow escape from asphyxiation from his tractor exhaust Saturday afternoon.

Mr. MacGillis was milking in late afternoon while the tractor was running on the barn floor to charge the battery. His sons Billie and Bernard entered the stable to find their father weak and dizzy. He collapsed after they had got him into the open air.

Dr. Rhea Lacroix of Alexandria, was called, but Mr. MacGillis had recovered and he reportedly shows no ill effects after a close brush with death.

Water Shortage A Problem For Many Farmers

Water is in short supply for many Glengarry farmers and other rural residents dependent on wells which are low and in some cases dry.

Some farmers have been hauling water for several weeks and there are reports of some residents of north Glengarry who are bringing in water from the Ottawa River near Hawkesbury. The cost is reportedly \$6.00 for a 2,000 gallon tank load.

Prospects for any improvement until Spring is well advanced are not bright. Water levels were low last fall and the early freeze-up, which sent frost down as much as three and four feet, will cause the melting snow to run off rather than seep down.

Joins Navy

Foodorama Joins Red & White Store Chain

Red & White Food Stores comes to Alexandria next week when Lefebvre's Foodorama, Lochiel street, joins that food distribution group.

"There will be no change in the independent management of the store", according to Mrs. George Lefebvre. "But the alliance with the giant wholesale food distributor will permit our store to offer foods of quality, in wide variety, at a price that is competitive with other major retail outlets."

The Lefebvre store will go Red & White on Tuesday and the new alliance will be marked by week-long specials to be advertised by circulars and in next week's issue of this paper.

Red & White was founded in 1921 by a Buffalo, N.Y., merchant and the idea of a voluntary group of independent food stores spread into Canada a few years later. Red & White in Canada is entirely Canadian-owned and operated and now boasts some 1,000 stores.

Based on last year's sales at that date, Mr. O'Connor declares 2,916 sets of plates have yet to be purchased and 2,954 driving permits.

There will be no extension of the expiry date beyond March 15th, Mr. O'Connor has been advised.

Heavy Loss Of Livestock When Lochiel Farmer Lost Barn

Heavy loss, which included 16 mares in production, seven cows and 47 pigs, was suffered by William Van Der Byle, 5th concession, Lochiel, early Friday morning of last week when his barn was destroyed by fire.

Seven cows, a bull and a pony were saved from the flaming inferno, but several cows suffered burns, one so severe that it had to be destroyed.

The loss, estimated at from \$10,000 to \$15,000, included a large quantity of baled hay and some machinery. It was partly covered by insurance.

Martin Lacroix, a neighbor living on the second farm east, noticed the blaze about 5.30 a.m. and ran to the Van Der Byle farm to awaken the family. He and Mr. Van Der Byle managed to remove a few of the animals to safety as well as the tractor which was parked beside the barn. Residents of the area were soon on the scene, but the flames had gained such headway nothing more could be done but prevent their spread to the house and neighboring buildings.

Mr. Van Der Byle, who came here from Holland ten years ago, has a family of 10. He hopes to rebuild in the Spring.

IT'S OUR OPINION

Keep Fire A Friend - - Watch It

Fire struck a Lochiel farmer a stunning blow last weekend when his barn was lost with many head of livestock. Within minutes of its discovery the blaze had taken a heavy toll and delivered a serious setback to the VanderByle family.

The menace of a barn fire is one with which farm folk ever have to contend and there will be widespread sympathy for these latest victims.

Their loss is reportedly attributable to the cold spell which we have been experiencing. A heating lamp is thought to have exploded, starting the early-morning conflagration.

This long lasting deep freeze holds a threat for all of us. Heating systems have been called on to work overtime to cope with the sub-zero temperatures. Chimneys and pipes may be soot-heavy where wood is being burned. The electrical outlets may

be overloaded where space heaters are being used to give extra warmth.

Alexandria has been blessedly free of serious fires this winter. But even as we were writing, the siren summoned the brigade to what proved only a minor fire. Next time it could be worse.

The shag end of winter which we are now approaching is the most threatening time for home fires. Chimneys and pipes should be checked carefully; extra caution should be taken where extra heating units are called in to provide added warmth.

We can never be certain where or how the next fire will start. But all of us should be doing our utmost, from now till Spring, to give fire the least possible chance to start.

Once started, as in this instance of the VanderByle barn blaze, fire takes a terrible toll.

We're Safer Without Shelters

The federal government is planning to help finance underground shelters for each of the ten provincial governments for use in case of nuclear attacks. Which sounds like a fine fraternal gesture from one government to another, as well as a means of spending public money to provide added employment.

Perhaps we should have provision for our governments to go underground in case of nuclear attack. Perhaps it is important to provide for a continuance of government at all levels even though an all-out atomic war may leave these governments with no one else alive to be governed.

But we sense a danger in this program, as well as a bit of self-centred thinking on the part of government leaders.

Who will occupy these underground shelters in case of attack but our political leaders, their key underlings in the civil service and possibly the big brass of the defence department? These are the very men in Ottawa, as in Washington and London and Moscow, who are in the best position to prevent an outbreak of nuclear war.

Such a war cannot start until the leaders of state in one of the capitals of the world decide to unleash utter destruction on another country. We have been arguing that the fear of retaliation, the realization by heads of state that their attack would inevitably result in nuclear attacks on their

own capitals, was the best deterrent against atomic war. And our argument appeared to be borne out by the armed truce of the past few years, including the agreement between the U.S. and Russia to cease bomb testing because of the common danger of fallout.

The danger of retaliation may prove less a deterrent in the capitals on both sides of the Iron Curtain if the policy makers in government are provided with shelters to which they can safely repair after unleashing their own bombs.

Anything but heroic would be the role played by our leaders under such circumstances. The honored tradition which demanded saving of the women and children first would no longer apply as the people in positions of power scammed to their nuclear shelters, leaving the people to perish in the street. Such a picture leaves a bad taste in the mouth.

We would feel much more secure against nuclear war if no bomb shelters were provided for the government leaders in Washington, Moscow or any capital. Let those in power face the fact that triggering an atomic war will almost inevitably mean their own doom and there will be little likelihood of all-out war.

If all must sink or swim together there will be much less danger of someone rocking the boat.

A Starr In A Starring Role

The Canadian Labor Congress moved in on Labor Minister Starr in force last weekend demanding a massive spending drive by government to rescue Canada's lagging economy and rejuvenate employment. The CLC leaders' brief was the voice of more than a million members and Mr. Starr hours later received a similar plea from the 80,000 member Confederation of National Trade Unions, central body of Quebec's labor syndicates.

We rather liked the Labor Minister's response to this annual presentation of trade union views made to Prime Minister Diefenbaker and members of his cabinet.

Mr. Starr urged labor and management to launch a joint factory-by-factory attack on the causes of unemployment. The Minister of Labor declared labor and management must bridge the chasm that divides them and sit down together on an equal basis to deal with such problems as productivity, automation, technical retraining, world competition, the whole field of labor-management relations.

"Only in this way can we bring about a marshalling of our productive and distributive capacity in order to make Canadian industry competitive", he said.

"The government cannot do this because this would imply coercion — and this is not a government of coercion."

Even allowing for political escapism, we think Mr. Starr is talking more sense than the leaders of labor. Their suggested remedy is "a powerful injection of new money from the federal treasury — even if it means a deficit — so that socially desirable projects can be undertaken immediately, thus providing jobs to counter rising unemployment."

Let's look at their suggestion for a moment. The Canadian Labor Congress represents many trade unions and it is rather difficult to visualize what they mean by "socially desirable projects". The public works' programs government usually initiates would be of little help to unionized labor which has long been removed from the pick and shovel brigade. Pouring millions of federal dollars into make-work

projects would be almost entirely wasted, so far as unionized labor is concerned.

We see more sense in Mr. Starr's suggestion. Let the leaders of labor and the barons of big business go holiday in the sun, whether or not they enjoy their togetherness. Let the management of each plant and its union officers have freedom to discuss their special problems — the agreed-upon goal being the steady employment of as many of the local labor pool as possible. If automation is dislocating productive labor, if foreign competition is stealing the market, if lack of production and feather-bedding are threatening to send an industry into receivership, these representatives of labor and management should be in a much better position to know than, for example, the leaders of Canada's textile unions who watched an entire industry die and were helpless to halt it.

If Canada is again to know full employment there must be agreement between management and labor and government; but government should be the last resort. Government cannot coerce either management or labor, if it is to survive the next election.

Management may be as small a business as the News Printing Company, though the labor leaders like to picture it collectively as the capitalist class. Every business is struggling to show a profit in this capitalist society of ours. If there are no profits the business folds; and both management and labor may be added to the unemployment rolls, if management is fortunate enough to qualify for unemployment benefits.

This is the basic cause of Canada's present unemployment picture, in our opinion. Too many union leaders have been pressing for annual increases in take-home pay and fringe benefits without impressing on the union membership the necessity for greater productivity. It has become a bad habit, a justification of their own increased increment, that union leaders must threaten a strike whether or not the industry can afford it.

Labor Minister Starr is quite right when he tells labor it is time for management and labor to get together at the local level.

LETTERS to the EDITOR

MAIL EARLY WORKED

Editor, The Glengarry News.

I wish to thank you, and your organization, for the splendid assistance you have given us during the Christmas season. With my thanks come those of all postal employees and, I am sure, those of the people of Canada.

The response to the Post Office Department's request to "Mail Early for Christmas" has again been most successful. A great deal of this success is due to the fine "public service" work of Canada's press, radio and television industries. Without this help, we could not hope to obtain the co-operation of the public during this peak season of the year.

For our own part, faced with winter weather conditions, transportation problems and a greatly increased volume of mail, the co-operation of the public in mailing early is essential if we are to do the task that has been entrusted to us. We are pleased and grateful to have had your help during the Christmas season.

Yours sincerely,
G. A. BOYLE,
Deputy Postmaster General.

The Weeklies Say

BASIC RIGHT

Certainly Nipigon's by-law which states that a person whose taxes are unpaid cannot vote in town elections is not the answer (to the problem of collected unpaid taxes). The right to vote is the basic foundation of democracy and should not be taken from anyone because of his financial condition. — Nipigon (Ont.) Norshore Sentinel.

WELFARE PAYMENTS

Many taxpayers will agree that spiralling costs of social welfare will eventually bankrupt this or any other B.C. city. . . . Perhaps . . . this would be a good time . . . for a little weeding out among recipients. — Alberni (B.C.) West Coast Advocate.

THE MOUTHPIECE

Missing Academy

Milford (Conn.) Citizen

This is the season of the year when many communities are gladdened by the achievements of their young men who are being graduated at the service academies, or are being appointed to them.

We all admire the men who successfully complete their work at the U.S. Military Academy, the U.S. Naval Academy, the U.S. Coast Guard Academy, or the U.S. Air Force Academy and go forward in the service of the nation.

These men are the cream of our youth, chosen by the most rigid selection. Because we recognize the need for such trained leadership we devote tax dollars to providing their education without cost to them.

The men who graduate from these academies are prepared to defend us from attack. They provide a shield for us.

But who is being trained to undertake the difficult tasks of statecraft that will prevent the attack? Do we not need such diplomatic leadership in today's world of intrigue?

Why not a United States Diplomatic Academy in which young men, selected by the same high standards as the other service academies, would be trained for the exacting tasks of diplomacy in our State Department?

TAKING STOCK

Some critical stock-taking at this time of year is always worthwhile if it is done for the purpose of finding more and better ways of promoting our community in the new year ahead.—Dauphin (Man.) Herald and Press.

DUTY-MINDED

We would like to think that a newspaper is speaking for the whole community when it occasionally expresses praise and thanks to those citizens who accept responsibility for the discharge of certain duties. —Cochrane (Ont.) Northland Post.

TOO GOOD TO MISS

Lack of space prevents us from running regularly the column "Sugar and Spice" which so many of our readers enjoyed when we were carrying it a year ago.

The column is written by a friend of ours, Bill Smiley, who was editor of the Warton Echo for ten years before forsaking the weekly field last fall to take on a teaching job at Midland High School.

Bill started writing his column solely for his Echo readers; but it was too good to keep. A neighboring editor asked if he could run it; soon a half dozen other editors were doing the same. Last year when the task of supplying it to some 60 weeklies across the country had become something of a headache, Bill turned it over to the Toronto Telegram News Service for national syndication.

He is now being read in 111 newspapers throughout the country and "Sugar and Spice" has won the distinction of being syndicated in more papers than any other Canadian column.

Bill's got his own special way with words and no shortage of ideas since most of his columns reflect on life in the Smiley household. In fact, just recalling some of the gems that have come from the Smiley pen have decided us to go into conference with the editor again.

The News quite possibly could become the 112th paper to carry "Sugar and Spice" as a regular feature.

The last word in the new cars can often be found in the back seat.

VERSE AND WORSE

Valentine's Day will be with us next Tuesday and we wouldn't have given it a thought if we hadn't come upon some samples of century-old valentines that we found too unsentimental to keep.

We're long past the day when we exchanged valentines, but we can remember receiving several kinds in our youth, the drippy ones, the comic kind, and even some that weren't so funny.

But they had nothing on the valentine one fellow got way back in 1830. It pictured an odd-looking fellow with a green and pink fish where his head should be. And this was the sentiment:

"Arrogant dog-fish, waddling like a crab,

Eyes like stale whittings twinkling in the dark,

And hands like fins, who'd marry such a shark?"

Venomous, wasn't it? But the ladies got them too in those days. One shows a caricature of a girl best described as a clothes horse. The unflattering verse read:

"Do you think, you ugly, conceited fool,

With hair frizzled all over your skull,

That any man would be your tool,

You in the fashion indeed, lord, what a mull

You've made of that, as everything you do,

That load behind too large by a yard or so,

Go smirk, smile, ogle, but at home you'll pine

For you'll never be any man's valentine."

Friendly types weren't they, those senders of valentines back in jolly old England more than a century ago?

We're the sentimental type, so if you're planning on sending your Rambling Reporter a valentine just tell him in honeyed phrases how much you love him.

The worm will turn all right — usually in front of you, without giving a signal.

WHAT'S WRONG WITH JACK?

President John Fitzgerald Kennedy has let it be known to newsmen that he does not like being referred to in news reports as Jack.

If it's because he thinks the name lacks dignity in reference to the president of the United States we would remind him that President Eisenhower was known across the globe as Ike; and even Jack carries a bit more class than that. Perhaps his antipathy to the name stems

Aren't You Ashamed Of Being Too Fat?

We all are like to be appreciated, admired and envied. Unfortunately overweight persons don't look their best, don't feel their best, and consequently don't act their best. Naturally they aren't often envied. Nothing will help you to regain a youthful feeling and get the admiring glances of your friends quicker than losing those excess pounds. Why wait a day longer to begin losing those burdensome pounds? Go to your Druggist and ask for the Naran Plan. In a short time you will notice results or your money will be refunded by the manufacturer. "My self confidence has certainly taken a boost since losing 15 pounds. My friends all tell me how much better I look. Previously I felt self conscious and ashamed of my appearance. I didn't want to meet new people or go to new places. I now feel better in more ways than one and see that I should have tried the Naran Plan a long time ago."

may consider the combination of Jack and Jackie sounds more like a vaudeville team than a new president and his first lady.

We liked Ike and Mamie and we'd much prefer to see President Kennedy referred to as Jack in the daily headlines rather than the initials J.F.K., which the papers are using now. One of these days we'll be reading "J.F.K. To Meet K. at the Summit", and it will leave the impression the summit's a tricky little perch on which to settle the problems of the world.

Notes From The Church On The Hill

Volunteers recruited from the Board of Stewards painted the church floor and re-decorated walls under the windows to begin a new year improvement program requested by the Women's Association and approved at the annual meeting.

This meeting took place January 26th. The Board of Stewards was strengthened by the appointment for three years of the following: Messrs. Doug, Baxter, D. Gibbee, J. G. Grant, J. A. Hay, C. W. Mutchler and Grant Whitehead.

A total of \$4,000 from the estate of the late Archibald Lothian is to form a large part of a capital fund for the perpetual care of the church building. A parallel fund for the perpetual care of the cemetery grounds is gradually growing, and should soon take care of all routine expenses, according to secretary D. N. McRae, who also reported that over \$1,000 had been spent in special improvements to the grounds during 1960. This sum has been mostly met by donations, but a deficit of about \$300 remains.

Building fund treasurer Louis Shepherd reported that many improvements to church property had been made, including repairs to the porch and windows. Donations by organizations and individuals had covered the cost.

The meeting was conducted by Rev. C. H. Dawes, with secretary Harold Stimson keeping the records.

A new group was welcomed—the Canadian Girls-in-Training—with membership of 14.

Reports showing consistent activity and progress were presented by the WA and WMS groups, the Sunday School, and other organizations.

Nineteen girls enjoyed a toboggan party January 27th, being entertained by the president's parents.

the weekend with her parents, Mr. and Mrs. Bernie McDonnell. Mrs. McDonnell received word on Thursday of the death of her brother-in-law, Robert Cook of Sudbury, who was the husband of the former Catherine Emily McDonnell of Glen Nevis.

Mrs. Cornick Macdonell is undergoing treatment in the Ottawa General Hospital.

Mr. and Mrs. Dan Gill. Transportation was provided by Mr. George Shepherd.

Formal study and informal reminiscence combined to make the February meeting of the Women's Missionary Society another pleasant occasion. The ladies were the guests of Miss E. Ostrom.

The passing of Rev. J. M. Fleming was noted with sorrow by many of the congregation, who remembered his ministry here.

CANDY by Tom Dorr

Christian Home The Real Nurturer C.W.L. Hears

The February meeting of St. Finnan's Council C.W.L. was held on February 6th, at the home of Mrs. Bernard Villeneuve, Alexandria. A visiting delegation of the Lochiel Council was welcomed to the meeting.

After completion of regular business items, reports of conveners and an outline of coming endeavours, a most comprehensive, interesting and inspiring talk was given by Mrs. Duncan A. McDonald. Mrs. McDonald was our delegate to the Social Life Conference held at Peterborough last fall. Her informative report was a real treat to all of us.

Drawing on a wealth of material from this conference, Mrs. McDonald outlined for us the role of the Christian home in the lives of the children entrusted to our care. She pointed out that while schools, teachers, friends and outside influences do play their part in development of each child, the home atmosphere, attitudes and especially the example of both parents are the determining factors in both moral, physical and social attributes of any child. We should realize that the sacred trust given to parents begins with the life of the child and ends only when parents are called to a final accounting. We are looking forward to follow-up talks from Mrs. McDonald.

A spiritual bouquet was presented to Father McPhail in recognition and appreciation of his great good work amongst us. This February marks the tenth anniversary of Father's appointment as rector of St. Finnan's parish.

The president, Mrs. Gerald McDonald, reported on results of subscriptions to The Register. While the response was gratifying, it is hoped that more families will see to it that this informed weekly paper will reach their homes.

The meeting was adjourned with the reminder that we shall meet next in the Winter Chapel on March 6th.

Couple Married In Montreal

SIM - LAROCQUE

The marriage of Miss Lorraine Larocque to Mr. Ian Sim took place recently at Our Lady's Chapel of Mary, Queen of the World Cathedral, Montreal, with Rev. Maximilien Gagnon officiating. The bride is the daughter of Mr. and Mrs. John Larocque of Glen Robertson, and the groom's parents are Mr. and Mrs. John Sim of Montreal.

The bride, given in marriage by her father, wore an aqua street-length dress of French brocade with matching jacket and hat with short veil. She carried a bouquet of pink carnations.

For her daughter's wedding, Mrs. Larocque chose a dress of French blue organza with white and black accessories and a corsage of yellow carnations. The groom's mother wore a green wool dress with brown accessories and pink carnations en corsage.

Following the ceremony a reception was held in the Sherbrooke Bar B-Q, and the young couple left later for a wedding trip to North Hatley and the Eastern Townships. For travelling the bride wore a deep green imported cashmere dress with matching hat and black Persian lamb coat.

Prior to her marriage, Mrs. Sim was entertained at a shower given by the employees of the Bell Telephone, where she and her husband are employed, and was also the guest of honor at a shower given by Mrs. D. Sim and Mrs. F. Couchman.

Frank S. Wallace of Hemmingford, Died

It was with very deep regret many friends here heard of the sudden death of one who visited here frequently, Mr. Frank Wallace.

Seven years ago he was forced to leave his work as engineer with the CNR. After several months' rest he retired four years ago. He was able to be about and enjoy life until the day prior to his death.

Born in Roxham, 69 years ago, he was a son of the late Mr. and Mrs. Joseph Wallace, having spent several years in Saskatchewan in his youth. In 1919 he started work with the CNR in Montreal.

In 1923, he married Olive Katharine McLennan, daughter of the late Mr. and Mrs. John F. MacLennan, Moose Creek, and who survives, with one son, Chesley Philip, of Sault Ste. Marie; a daughter-in-law, Frances Coburn; one granddaughter, Peggy; one daughter, Margaret Lois, a graduate nurse of the Royal Victoria Hospital, Montreal; one brother, Harold Wallace, of Roxham.

A Masonic service was held by his brother Masons at his home. Funeral services, conducted by

Rev. K. Murray at his home, were largely attended.

Paying tribute to the deceased, the Rev. Mr. Murray spoke of his sterling qualities in his home and church, his lodge and the community, which earned for him the respect of all who knew him. An avid reader, he was always eager to learn and help some one. He closed his remarks with the words of a well-known poet, "His life was gentle and the elements so mixed in him that nature might stand up and say to all the world, 'This was a man'".

Many beautiful floral tributes were received and later were sent to the various churches and to the sick and shut-in members.

Pallbearers were Ralph Smith, Norman Abester, Ross Smith, Wm. Hawkins, Allan Radley, Halton Kennedy.

Burial was in Roxham cemetery. Friends here extend sympathy to Mrs. Wallace, her son and daughter, in this their sudden bereavement.

Ladies' Aid WMS Met

A largely attended meeting of the Ladies' Aid and WMS of the Presbyterian Church was held on Thursday afternoon at the home of Mrs. Kenzie MacCuaig.

Mrs. Alex MacLean presided for the WMS meeting in the absence of the president, Mrs. Angus Bethune. The hymn, "Blest Morning Whose First Dawning Rays", was sung; prayer by Mrs. Norman MacCuaig. Scripture reading was led by Mrs. James Blair from 1st Chapter of

Luke, and read responsively. Mrs. Norman MacCuaig, secretary, and Mrs. Murdie MacLean, treasurer, gave reports.

Mrs. Dave Ross gave a scripture reading on "Elizabeth", taken from 1st Chapter of St. Luke. Missionary lesson was by Mrs. Charles E. Blair, entitled, "How we go into all the world together". Roll was responded to well by scripture verse containing the word "Faith"; offering accepted and dedicated by Mrs. Alex MacLean. Glad Tidings reading by Mrs. Earl MacNeil, entitled "As a group we must be a heaven for good".

The World's Day of Prayer is to be held on Friday, February 17th, at the United Church, and several ladies consented to take different parts in the programme arranged. Hymn, "O Holy Saviour, Friend Unseen"; prayer was by Mrs. W. Robertson.

At the close of the WMS meeting, the Ladies' Aid held a meeting, conducted by Mrs. Dave Ross and Mrs. Lynden Campbell.

Thank you letters were read. Mrs. Kenzie MacCuaig gave a full report as treasurer. Several donations of fancy work were handed in; also on display were several pieced fancy quilts.

New business: It was decided to hold a Pot Luck Supper on Tuesday, February 14th. Other business pertaining to church was thoroughly discussed and finally decided with committee appointed. Hymn, "He Leadeth Me", and prayer by the acting president.

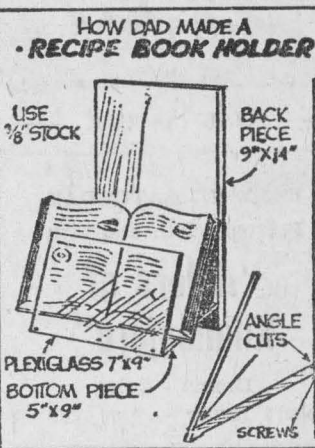

The March meeting is to be held a donation for the conveners of the home of Mrs. E. A. McPhail.

All members are requested to bring plain serving. Lunch was served by the hostess.

REVOLUTION IN A TEA KETTLE

Tempests in teapots are fairly common, but it is not often you find a revolution in a tea kettle.

James Watt did—and the world took a giant step forward, for in his tea kettle Watt envisaged the 'steam engine' that started the Industrial Revolution.

Canada, more than most countries, has benefited from

that revolution. Our industrial growth has given us one of the world's highest standards of living. Modern industries depend to a great extent on oil. Because companies like Imperial have made oil available at reasonable prices wherever it is needed, Canadians use oil for more than half their energy requirements.

These exhibits were commented on by Bobbie Lasalle of McCrimmon and Irene Verkuylen of Lancaster. The Dalkeith Club presented a skit called Cottons May Go Anywhere. Members of the cast were Christina MacCrimmon, Lynda MacGillivray, Nan Blair and Isabel Blair. The last presentation was a demonstration on How To Alter a Pattern, by Wanda Mitchell and Klaasje Oosting of the Bainsville Club. To conclude the afternoon, each girl modelled the dress she had made to complete this unit. The gingham, polished cottons, and cotton blends certainly endorsed the name of this unit "Cottons May Be Smart".

Three girls received County Honours Certificates and Pins on completing six projects. They were Linda Sproule and Dorothy Howes of the Dalkeith Club, and Betty MacCrimmon, of the McCrimmon Club. Mrs. Stanley Kippen, president of the Glengarry District Women's Institutes, brought greetings and encouragement from the Institutes and helped to present the awards.

Wanda Mitchell of Bainsville, who is completing her 13th unit, received a copy of the Encyclopedia Britannica Year Book, kindly donated by their company this winter to girls who are completing twelve or more units.

Each member and Leader received a sterling silver 4-H Homemaking Club spoon upon successful completion of this unit.

Thanks for the success of this project goes to the following local leaders:

Bainsville—Mrs. Harold Fournier and Miss Darleen Osborne;
Dalkeith—Mrs. Lloyd Howes and Mrs. Neil Blair;
Lancaster—Miss Bessie Cumming and Mrs. A. C. Shennett;
McCrimmon—Mrs. Stanford MacCrimmon.

This Spring the girls will be studying the 4-H Home Garden Club with emphasis on the Storage of Vegetables. The Training School is scheduled for Tuesday, April 4th, from 10.00 a.m. - 4.00 p.m., at the board room of the Ontario Department of Agriculture in Alexandria.

were selected for the Euchre, which had been postponed, to be held in the Bainsville Hall, Saturday night, February 4th.

It was decided to hold a Euchre Party (lunch included) in the Bainsville Hall, Saturday, March 18th.

Two-minute reports were read on standing committee by Mrs. J. McKie, Mrs. C. Edgar, Mrs. J. Petrie and Mrs. S. McLeod. Mrs. M. McEwen read an interesting address on "Education". A panel discussion on "A College Education and the Cost", was conducted by Mrs. C. T. Upton, assisted by Mrs. J. A. McBain, Mrs. S. McLeod and Mrs. J. Petrie.

The meeting closed with the National Anthem, after which tea was served by the hostesses, Mrs. D. J. Morrison and Mrs. D. Thompson.

A vote of thanks was moved by the president, Mrs. L. McRae, for Mrs. Lawton's kindness.

The March meeting will be held at Mrs. S. McLeod's home.

Mrs Peter Borris Died At Hawkesbury

Mrs. Peter Borris, of Dalkeith, passed away in a Hawkesbury hospital on Monday, January 23, 1961. She was the former Ethel Berry, born in March, 1906, a daughter of the late Thomas Berry and Anne Jane McCoy of St. Eugene.

The deceased leaves to mourn her loss her husband, one daughter, Shirley, and one son, Mansel, all of Dalkeith. A son predeceased her a few years ago in an automobile accident.

Also surviving are one sister, Mrs. Elou Vachon (Veronica) of St. Anne de Prescott; three brothers, Dan Berry of Dorion, Que.; George Berry of Dalkeith, and Peter Berry of St. Eugene, Ont.

Pallbearers were Horace Brisebois, Peter Berry, Andre Paquette, Yves Sabourin, Gilles Lalonde and Romeo Vachon.

Interment will be in Dalkeith Parish cemetery in the Spring.

Hog Price Supports Same As Last Year

Ottawa, Feb. 3, 1961. — Hog prices during the calendar year 1961 will be stabilized by a deficiency payment program similar to that in effect last year, Agriculture Minister Alvin Hamilton told the House of Commons recently.

Support price to producers has been established at \$22.65 per hundredweight, national basis, which is about 83.5 per cent of the base or 10-year average price of \$27.11 per hundredweight.

Mr. Hamilton said the action taken by the Government in placing hog support on a deficiency payment basis has had the anticipated effect of eliminating the previous surplus production and greatly improving hog prices.

Over the past year, prices to producers have averaged about \$1 per hundredweight more than the national support price. A year ago, the price of Grade "A" hogs at Toronto was \$23.65. It is now \$29 and it has been at or above that level for some time.

"There is a very real danger that present prices may encourage a level of hog production which could lead to heavy supplies and much lower prices later this year", he said.

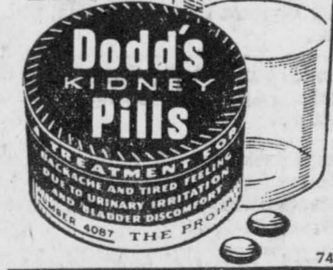

"While some expansion in production can be accommodated, a warning must be sounded to producers against over expansion at this time. This situation is widely recognized and provincial departments of agriculture and others are calling attention to it."

Mr. Hamilton pointed out that for these reasons, the Government had decided to retain the national support price for 1961 at the same level as last year.

Under the deficiency payment method of support, the Agricultural Stabilization Board will determine

at the end of 1961 the national average price to producers at which Grade "A" hogs were sold. If this average price is less than the support price of \$22.65 per hundredweight, then a deficiency payment equal to the difference will be made to each registered producer on a maximum 100 Grade "A" or Grade "B" hogs.

LESS ENTHUSIASM

When we were young we welcomed the winter. The first snow was always a delightful experience. But as one gets older he is less enthusiastic about the cold weather. And when he really gets on in years he looks upon the advent of this frigid season with positive dread.—Almonte (Ont.) Gazette.

THE HANDY FAMILY

BY LLOYD BIRMINGHAM

Ross Munro...

(Continued from Page 1) Wallace McIntosh was appointed vice-chairman. He took the place of Wilfred Campbell on the board when Mr. Campbell died in 1960. Other board members present were Stuart Blackadder, Anthony McIntosh and Oliver McGee. The five trustees were elected to a two-year term in the 1959 municipal elections.

S. J. McLeod was re-appointed secretary-treasurer. Mr. McLeod reported that the board's gross receipts for 1960 came to \$122,725 and gross expenditures came to \$118,739. Included in gross receipts was \$4,524 from S.S. 2, Meadow Bay, which joined the township school area in 1960.

Duncan Grant was re-appointed maintenance supervisor. His report on the general condition of schools and grounds listed the many repairs and improvements completed during the 1960 term and indicated that the schools are in good repair. Edwin Sansom was delegated to represent the township school area on the board of trustees of Char-

Lan High School. He replaces Kenneth McDermid, who served in that capacity continuously from 1955 to 1960.

Glen School, S.S. 6, one of the oldest schools in the area, closed at the end of the 1960 June term. The school will be taken over as a community centre by the Glenmore Community Centre Club, formed by the ratepayers of S.S. 6.
