

## College Street repairs underway new roadbed, new drainage system

Street commissioners James Pyke and James Moran are happily watching the machinery at work on College Street. For a time it seemed the tenders would not be called before the snow started to fly.

Sullivan Bros. started the repair job last week. Storm sewer pipes are being laid at the west end of the street before the surface rebuilding begins. The tilting will be crossed at the south end to take over the drainage

from the South Street ditch. The road will be rebuilt but not black-topped this year. The repairs will run south from Church Street to South Street. The contract was let for a little over \$8500.

College Street development continues. Drainage tile are going underground now and soon the surface repair will begin. This photo shows the work in progress looking south from the front of the Faubert residence. The John Coyne house is in the middle of the photo.—Record Staff Photo.

### Chesterville Unit Hospital Auxiliary holds meeting

The Chesterville Unit of the Winchester and District Hospital Auxiliary met in the community hall on October 4th. In the absence of the director, Mrs. F. M. Cass, the meeting was conducted by Mrs. E. Casselman.

Following the secretary and treasurer's reports, it was felt that the card marathon and Autumn Tea had been worthwhile projects. Mrs. B. Rowe, responsible for knitting for the hospital showcase, said volunteer knitters have turned in eighteen baby articles.

Mrs. Casselman moved that the officers remain for another year with the addition of Mrs. W. Langabeer, Mrs. O. Olsen and Mrs.

C. Thompson on the Ways and Means Committee.

A canvass had been arranged for October for membership and money donations. A good response is hoped for as equipment will soon be needed for the new wing now under construction. A motion for a January meeting was made and seconded by Mrs. A. Butcher. The meeting was adjourned.

### Mainly About People

Queen's University students who spent the weekend at their homes here were Miss Ann Casselman with Mr. and Mrs. Eric Casselman, Miss Mary Graham with Mr. and Mrs. H. Keith Graham, and Mr. Brian Dockstader with Dr. and Mrs. Dalton Dockstader and Janice.

Drive carefully on wet roads.

### Afternoon Unit U.C.W. meet in Dining hall

The Afternoon Unit of the United Church Women met on Thursday, October 6th at 2:30 p.m. in the dining hall.

Mrs. D. McElheran opened the meeting with a few words of welcome. Hymn 577 was sung followed by the Lord's Prayer. The roll call was answered by 24 members. The minutes of the last meeting which was held in May were read by Mrs. Gerald Kittle. The twenty-third psalm was repeated in unison in memory of Mr. Bugden's passing, also the loss of Mrs. Bugden as a member.

Mrs. Chas. McMillan gave a report in reference to the bale sent to Missions and a letter about the blanket sent. A card thanking the ladies for the stamps in aid

### Canada geese plentiful kill rises here

Hunters this year are finding more Canada geese on the river and in the fields. The runover from the St. Lawrence sanctuary is being felt.

Thursday evening last week Gene Servais connected with a flock up the river at Hughes' Bay. When the gun fire had settled, he had his daily limit of five big honkers.

Henry Hunneault collected four Friday morning along with a couple of fat black ducks on the river at Cass Bridge and on the week-end Staley Chambers lined up on two in the Connaught area.

of lepers was received.

The Thankoffering meeting will be held on Oct. 13th. Mrs. Hanna will be guest speaker. An invitation has been extended to the U.C.W. to attend the Catholic Women's League Tea and Bazaar in the Legion hall, also invitations were received to a Thank-offering meeting in Elma, a meeting of the Presbyterian Ladies.

It was suggested and voted on that a Church Manual be bought for the U.C.W.

The correspondence was read by the secretary. The treasurer's report was read by Mrs. Smith.

Devotions were in charge of Mrs. Myles Marcellus with the subject being "Miracles". Mrs. H. Merkley and Mrs. A. Gain read portions of scripture, referring to miracles performed by Christ. Mrs. Merkley and Mrs. Gain received the collection and it was dedicated by Mrs. Marcellus. Mrs. Marcellus very interestingly read a portion of Doctor Moore's book on "Miracles", then she read and exalined the 7th chapter of the study book "Christ and the Christian Life." This was followed by prayer and several readings.

The committee was thanked. Benediction was repeated in unison. Lunch was served by the committee in charge.

### Mainly About People

Mr. and Mrs. D. B. McGee, Mr. Bill McGee and Mr. John McGee of Windsor spent the Thanksgiving holiday with Mr. and Mrs. W. O. Dixon.

Miss Brenda Merkley, nurse-in-training at Cornwall, spent the holiday with her parents, Mr. and Mrs. Carl Merkley.

Recent guests of Mr. Johnston Ouderkerk and family were Mr. and Mrs. Walter Ouderkerk, Ottawa, Mr. and Mrs. Thomas Mallet, Goldfield, Mr. and Mrs. Norman Rae, Winchester, and Miss Linda Ouderkerk and friend, of Chesterville.

## Evening Unit, U.C.W. meets for October

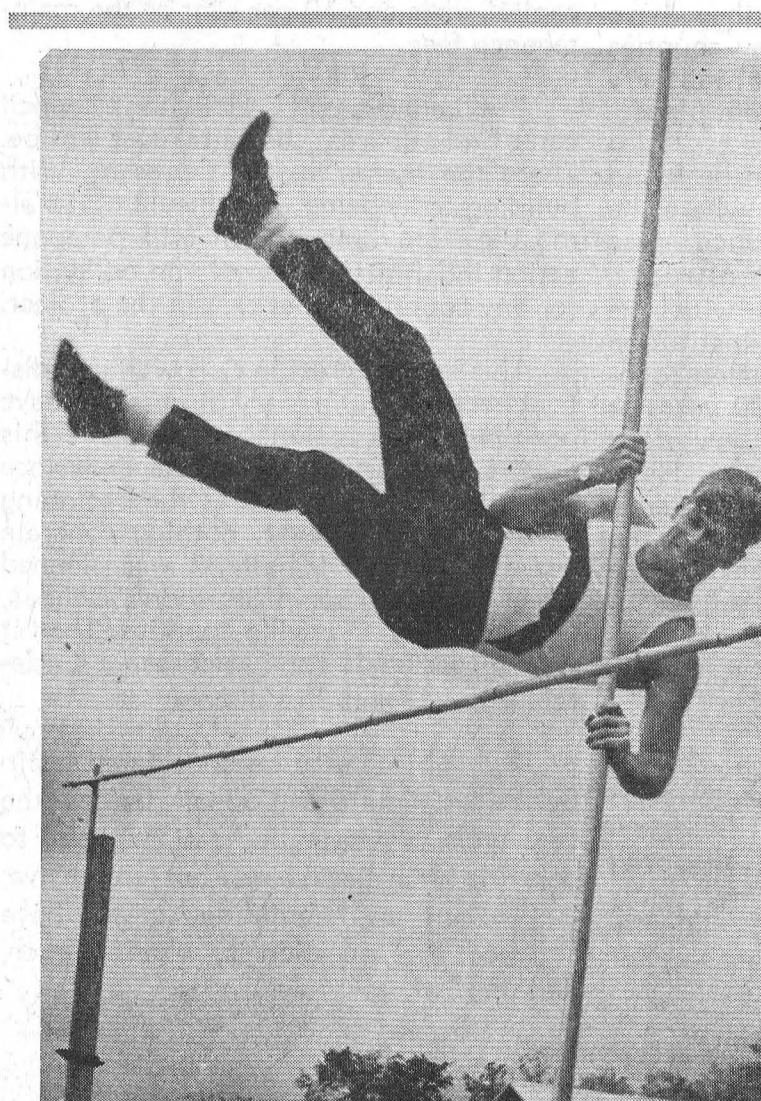

On October 4th, a hymn and prayer of Thanksgiving opened the meeting of the Evening Unit of the U.C.W. of Trinity United Church. Fourteen members were in attendance.

Mrs. B. Lapp and Mrs. H. Belsher conducted the business period and several invitations to various functions were extended from other church groups. It was reported that Mrs. H. Reid, her daughter Linda and Miss Carol Kilby are the new leaders of the Messengers. Following the treasurer's report given by Mrs. J. Doering, the November committee was reported as Mrs. B. Lapp,

Mrs. G. Merkley, Mrs. L. McMillan and Mrs. J. Doering.

Thanksgiving was the theme of the worship period with Mrs. K. Graham and Mrs. C. Merkley leading the group in hymns and prayer, scripture and meditation. Mrs. Graham then showed slides taken on a trip to and through the Maritimes. The beautiful pictures brought back a glimpse of summer to the group and a touch of nostalgia to one member, a native of N.B.

Lunch was then served by the committee and the meeting adjourned.

N.D.D.H.S. students took to the playing field last Friday. It was the occasion of their annual field day. In spite of a biting wind, the events were run off in good style. Our camera caught Dick Fulton as he soared over the seven foot mark in the pole vault event.—Record Staff Photo.

### Local Young P.C.'s re-organize

The newly formed Grenville-Dundas Progressive Conservative Association accepted a motion by Don Burnside and seconded by Joan Farlinger to draft a letter to Dalton Camp in support of his recent call for a National party leadership convention in the fall.

At the first meeting in Cardinal, president Charles Farlinger, Morrisburg and secretary, Sarah Jane Connell, Spencerville, were named. It was agreed to hold an organizational banquet.

The following week a meeting was called at the home of the secretary to plan for a November banquet. During the meeting all matters concerning the banquet

except the speaker were confirmed. The welcoming committee will be Mr. and Mrs. Charles Farlinger and Mr. and Mrs. Bob Grey.

A nominating committee consisting of Charles Farlinger, Sarah Jane Connell, Lorrie Fielding and Molly Mussel was set up to present to the banquet a slate of officers to include the executive. A report of the Eastern Ontario Young Progressive Conservative Association Conference held at Smith's Falls was given by D. Burnside.

### CARD OF THANKS

Many thanks to my friends, relatives and neighbours for the flowers, gifts, cards and visits I received while in hospital. Special thanks to Dr. Howard Justus.

Winnie Johnston.

The annual appeal by Red Cross for blood donors is being made this week. A big advertisement asking for public support will be found on Page Seven of this issue.

We wonder if the need for whole blood is recognized now as much as it was during wartime or shortly afterwards. Has the public become used to the idea of having free blood available whenever the need arises? Do we forget that whole blood must be replaced when stocks become depleted?

During the Thanksgiving weekend over 100 persons lost their lives and of these deaths, 109 were due to traffic accidents. In nearly every case injuries, serious enough to cause hospitalization, were incurred by others who were involved. Across the land the need for whole blood makes itself known as hurrying man becomes a victim of his own progress.

We all travel, and move about our district. We can become unwitting victims of accident and sudden disease. Or our nearest and dearest can be stricken and need the utmost of medical treatment and care. Then it is that precious blood often spells the difference between life and death.

The local clinic here on Monday, October 17, at Legion Hall helps replenish the blood used by the district in almost daily emergencies. Good health now is a blessing. Spread that blessing by offering your blood as a donor. It may save a life and that life could be someone dear to you.

Here at the Castle we must hope someone will look after this ancient's needs as well as that of the v.p. Before a faithful reader suggests the blood is too diluted with new grape, we point to a seige of jaundice. At one time the Castle boasted the finest pair of yellow-eyed humans ever to step out of a pumpkin factory. From then on, we have had polluted blood. In spite of frequent and liberal drenchings of all sorts of dissolving agents, the man says we are not fit to mingle bloodily with anyone else.

The Red Cross needs blood donors. It can only supply free blood if free blood is freely given. Attend the clinic on October 17 and help the cause.

### Mrs. A. J. Barrie

A well-known Chesterville resident, Selma B. Barrie, passed away suddenly October 4. She was in her 67th year.

Born April 2, 1900, at Montevideo, Minn., she was the daughter of the late Mr. and Mrs. N. E. Heuren. She married Alexander J. Barrie at Swift Current, Sask., in 1929.

Surviving, in addition to her husband, are a son and daughter, Rodger Barrie and Mrs. John McCaig (Eleanor).

Mrs. Barrie was a member of the Presbyterian Church. Rev. A. D. Sutherland conducted the funeral service at 2 p.m., October 6. Interment followed in Maple Ridge Cemetery.

Pall bearers were Frank Cox, Stuart Allan, Harry Gore, Ray Hummel, Albert Bowman and Basil Rowe.

Fearlessness is the mother of confidence.

## 19 compete in Stor. Plowing match

Cold wind and rain prevailed at Berwick for most of the time Tuesday, during the Stormont Plowing Match on the farm of Bernard Kearns. But the weather did not stop 19 competitors from turning straight furrows for the consideration of judge George Hay of Russell.

There were no teams on the field, so class Number One, traditionally reserved for the horses, was not in competition. However, class two, the open class for trail tractor plows in sod, was won by Bernard Moran of Berwick, followed by Richard Madeleine of Embrun. Mr. Moran had the best finish and Mr. Madeleine the best crown.

In Class Three mounted plow, two or more furrows, Bernard Leclerc of Marionville, won the field, and also had the best crown. Nicholas Beeher of Cryslar placed second and Owen

Manley of Berwick, third. Mr. Manley took the best finish award.

The tractor plow in sod open to boys and girls under 20, was won by the youngest competitor, Miss Pierrette Madeleine of Embrun, who had the best crown and finish as well. James Winters of Finch, was second. The municipal class was won by Edwin Waldroff of Newington, followed closely by Kenzie McGillivray of Cryslar, who also won the prize for the oldest plowman present.

The utility tractor class for plowing not touched by the plowman and completed within two hours, was won by Murray Manley of Berwick, followed by Jas. Maginnis of Lunenburg.

In the evening the traditional plowman's banquet was held in the community hall, Berwick, with the ladies of the Women's

Institute doing the catering.

Presentation of prizes and trophies highlighted the evening, with the International Harvester prize for best plowed land with a plow turning three or more furrows going to Murray Manley; the Eaton Special for the best plowed land by a competitor under 18 from Stormont, Frances Beeher; Esso Plow Special for the utility class of mounted plows, James Maginnis of Lunenburg.

James Winters won the Simpson-Sears special for the best plowman from Stormont in the junior class; the Casselman trophy for the best plowed land by a Stormont resident was awarded to Bernard Moran and the Peter Manley trophy for the best land in the municipal class was awarded to Edwin Waldroff.

Evening's speaker was Farquhar Oliver, MPP for Grey North

and for many years leader of the Liberal Opposition in the Ontario Government. Mr. Oliver, a well-known authority on rural matters, discussed relative prices and values, affirming that farm prices and return for effort have fallen far short of industrial prices and wages and salaries.

Chairman and master of ceremonies for the evening was Murray Manley, president of the sponsoring body, the Stormont Plowmen's Association.

### Osnabruk 4-H Club holds first meeting

On Saturday, October 1, the Osnabruk 4-H Homemaking Club held their first meeting at the home of Mrs. S. Hart, the assistant leader.

The meeting was opened with the 4-H Pledge. Books and pamphlets were distributed.

Elections were held with the following results: president, Connie Zeran; vice-president, Paul

ine Godard; treasurer, Yk je Bruining; press reporter, Annette Brownell.

A name for the club was discussed with suggestions such as "Osnabruk Fleecies", Sheepish Osnabruk Girls" and finally in desperation "Osnabruk Rams", consequently no name was arrived at.

The next meeting will be held in two weeks time at the home of Linda and Hghena Rutley.

A discussion followed on all the aspects of wool.

The meeting was closed with a

light lunch. Mrs. Grandaw thanked the hostess.

### CARD OF THANKS

I wish to express my sincere thanks to friends and relatives for cards and visits while I was a patient in Winchester Hospital, and special thanks to the neighbours who helped out with the farm work while I was gone. It will always be remembered.

Bismark Froats.

About 3,400,000 Americans live on farms.

## Winchester crusade attracts thousands

Close to 2,500 persons filled the community centre at Winchester Sunday for the biggest Crusade meeting of the current Lane Adams team crusade of the Billy Graham Evangelistic Association. Worshipers have come from as far away as Montreal, Toronto, Ottawa, Brockville and Ogdensburg. For the Graham Association, it's the first small, rural crusade ever attempted in Canada.

Winchester native George Beverly

Shea, internationally known as "America's beloved gospel singer," provided the gospel songs, backed up by a 200-voice mixed choir drawn from Winchester district churches. Mr. Shea will shortly join the Billy Graham team in Berlin after participating in his home-town crusade.

Highlight of all the meetings is the preaching of Rev. Lane Adams.

"I've got good news for you,

my friends," he began, and delivered a polished 25-minute sermon.

The Winchester crusade has been organized by an inter-denominational ministers' executive committee composed of members from the Baptist, United and Presbyterian communions, backed up by other area churchmen.

Meetings continue daily until Sunday.

## Trees removed from swimming pool area

Charley Collingridge moved in to the park Friday and removed a number of trees in the swimming pool site area. He worked under the supervision of village

maintenance men Harold Shark and Wm. McPhail.

The pool will be started either at the end of this week or early next week. Bruce Benson, the

contractor, assured council the work would be far enough advanced to fill the pool with water before frosts set in. Final work around the pool, fencing, cement

patio blocks, etc. would be done in the Spring as soon as conditions allowed.

"Record" ads bring results.

Chesterville Centennial swimming pool is closer to reality. This week trees were removed from the site in preparation for the diggers. The photo looks west from the park roadway to the McMur-

ray house that fronts on Main Street South. The pool will be almost completely visible from the roadway with dressing rooms facing south at the north side of the pool area.—Record Staff Photo.

# OPINIONS ... OURS AND OTHERS

## Ontario's regional jail program delayed by high building costs

Ontario's regional jail project is, to say the least, slow at getting off the ground, observes the Cornwall Standard-Freeholder. One of the main, if not the chief, causes, is soaring construction costs. When the plan was first announced some time ago, construction costs were high, but reasonable. Now they have climbed to a point where many counties scheduled to construct regional jails are not proceeding with any concrete plans.

A good example of this can be found at Napanee, west of Kingston, where the Lennox and Addington council was among the first to agree to construct a regional jail in co-operation with the provincial government. The institution would have replaced the antiquated county jail in use for more than 100 years at Napanee. The new jail was to serve four counties—Lennox and Addington, Hastings and Prince Edward. Frontenac county council came in virtually at the last minute. It was decided that Lennox and Addington would have the responsibility of obtaining the money for the capital costs and bill each county a proportionate amount.

The Lennox and Addington council has encountered a real snag, however, since an exact cost figure can't be determined. The jail, designed to detain prisoners awaiting trials, or serving short terms of less than six months, originally was to have cost in the neighbourhood of \$1,150,000 more or less.

Since the topic was first discussed, construction costs, like everything else, have shot upwards. Last June it was estimated the proposed regional jail to be built near Napanee, would cost \$2,250,000, or even more. Under the plan, the provincial government is to pay half the capital costs and 10 per cent of the maintenance fees.

But Lennox and Addington council can't find out what the capital cost will be. There the matter rests at present. With building costs being what they are, it's almost certain that council will postpone action indefinitely. There is no obligation for any county to take part in the project.

This is of interest in Cornwall and district because preliminary discussions have been held on a regional jail to serve this area. Letters have been exchanged since the talks were first held at the beginning of this year. However, nothing concrete has developed. Originally, it was planned to have the jail serve Stormont, Dundas, Glengarry and Grenville counties. Then it was suggested it could also serve Carleton, Prescott and Russell counties.

The subject may be considered again by United Counties Council before the year ends. However, indications point to delaying such necessary, but expensive, institutions until building costs have dropped. The question is, when, if ever, will that be?

## Can you qualify?

A news item from Coatesville, Pa., discloses there's only one way a person can join the Kangaroo Club: he or she must have survived a traffic crash because they wore a seat belt.

Kangaroo Club International was founded in Coatesville in 1960 by Chester County, Pa., Safety Council.

The club's executive director says his officials recognized the need for some organization to take the job of motivating people to use the belts they now have in

their cars, trucks and buses. And use them on every trip they make.

At present, the club has 292 life members. Each is entitled to wear the club's insignia: a mamma kangaroo with its baby lashed in the pouch by a seat belt. It's a non-profit club embracing 237 chapters in the United States and Canada. It doesn't manufacture or sell seat belts — or anything else for that matter. It's a worthwhile organization, whose chief aim is to prevent serious injury, or possibly death by the use of seat belts.

## Your Federal Report

Mrs Jean Waddis, M.P.

Parliament resumed sitting on Wednesday, October 5th, at 2.30 in the afternoon. It was a most unusual resumption with no fanfare, no special attention of any kind.

Socially, the wind-up of the Commonwealth Parliamentary Conference stole the show. Prime Minister Pearson had a tremendous dinner at the Chateau Laurier as a farewell gesture to our Commonwealth friends and Parliamentarians. Assisting him at the reception was attractive and able young John Turner from Montreal. He is chairman of the Canadian Commonwealth Parliamentary Association. With his clever attractive young wife he did an excellent job in assisting the Prime Minister with the obligations of the host government.

Politically, the controversy in the Conservative Party over re-appraisal of leadership stole the show. It is to the credit of Conservative Parliamentarians that whatever their personal opinions, they were discussing it in a more reasonable manner than ever before. This promises well for a fair solution, and better Party morale.

Friday at noon, a seldom heard from Member made an excellent speech.

He had proven himself friendly and likeable, a superb campaigner, intelligent and reliable in his opinions, and on occasion a top-rate orator, so he was a natural for the Conservative Cabinet in 1957.

Coming from the Maritimes as he did, he was sworn in as Minister of Fisheries in 1957 and did a steady, satisfactory, workman-like job.

The debate on Friday was on the Motion of the Minister of Fishery and Rural Development for the second reading of Bill C-218, an "Act to Provide Assistance to Livestock Breeders in Eastern Canada and British Columbia."

With his usual concise good choice of words, Mr MacLean said that he did not oppose this legislation, and that it had prospects of considerable merit. We could afford to be optimistic about its results.

He reviewed the beginnings of freight assistance to grain growers, a wartime measure in 1941, set up to expand the Feed Grain Market for the benefit of Western farmers and to enable Eastern

farmers to increase their production. This assistance has continued long past the wartime needs, and it has had many side effects. We were left in the intervening years with a very imperfect Feed Grain Policy. Ever since its introduction, this policy has catered to the two groups whose welfare seems to have been in the forefront of everyone's mind, the Western Feed Producer and the Eastern Feed User.

There is a third group affected the Eastern Feed Producer. It is, of course, important that Eastern Hog Producers, Poultry Producers, and other Feed Grain Users have as cheap feed grain as possible. The Eastern producer of feed grain has been at a disadvantage and the Minister nodded his head in agreement.

Canadians like to think of themselves as making great strides in agriculture, in being one of the advanced agriculture countries of the world. Actually, our record compares unfavourably with other countries of the world. In the ten years up to 1963-64, Canadian annual increase in agricultural volume was only 1.2%. During this time Prince Edward Island stayed the same, New Brunswick less than 1% increase.

Comparable average increases during this same period were great in many other countries of the world, Israel 9.7%, Mexico 6.2%, Tanganyika 5.2%, Venezuela 4.5%, Brazil 4.2%, Argentina 2.8%.

In this sad picture, the Maritimes have been doing even worse than the national average. In the five-year period, from 1956 to 1961, the area of improved land in the Maritimes declined from 2.3 million acres to 1.8 million acres.

Mr MacLean expressed a strong Eastern opinion when he said that locally produced feed grain should be looked upon as the first source of supply, and Western should be only a subsidiary supply. He recommended that some more satisfactory way be found to give encouragement to the Eastern Feed Grain Growers. This would be beneficial to eastern economy and would in no way harm Western Growers. For them, this is a period of increasing world demand for food and of increasing world markets.

## THE BIBLE TODAY..

Scripture distribution by local Christians led by trained men and women, following a pattern all over America, is continuing throughout Colombia.

Local Christians attended classes on methods of Bible distribution and then went out into their neighbourhood with the Scriptures. Over 6,000 were sold, including 360 Bibles and Testaments, and a further 12,000 were distributed free of charge with personal introduction.

As the result of such a distribution campaign four years ago, a church in Girardot, one of Colombia's main towns, came into

being. This church has grown rapidly. The congregation now meets in a small chapel, and had bought a large plot of land on which to build a church structure.

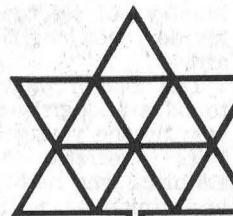

The Penzotti program, which is a method of intensive training lay men and women in Scripture distribution, while working under local church leadership, is flourishing throughout Latin America.

Puerto Rico and the Dominican Republic attributed much of the success of their distribution to Penzotti Institutes. Argentina saw apathetic believers filled with enthusiasm. Paraguay, Mexico, Venezuela and now Colombia are showing effective spiritual results from careful distribution programs.

## Centennial Report

1867 | 1967

by JOHN W. FISHER  
CENTENNIAL COMMISSIONER

Aviation has made a great contribution to Canada's development and I am still hoping, at this date, that there will be suitable recognition of that fact in next year's Centennial celebrations.

I am referring to civil aviation and, in particular, the bush flying era of the twenties and thirties. In those days of northern development, when aeroplanes were still relatively flimsy things, more freight was moved through out north country than anywhere else in the world and the tonnage figures rivalled those of the Suez Canal.

The bush pilots who flew by the "seats of their pants" without modern navigation aids have stamped their names in Canadian history and have left colourful legends known to many all over the world. Wop May, Whitey Dahl, Sandy MacDonald, Grant McConachie, J. H. Tudhope, J. Romeo Vachon, Punch Dickens—these are but a few which come to mind. Some have taken the last flight beyond the cirrus clouds; others are still around.

Bush flying, the two world wars and imaginative, daring and courageous men gave Canada its aviation heritage. Canada also received the world's recognition for being an important aviation country when the headquarters of the International Civil Aviation Organization were established at Montreal. Many Canadians don't realize that delegates from more than 110 countries are based at Montreal to set and maintain standards, procedures and recommended practices for civil aviation throughout the world. (An associated agency of the United Nations, the International Civil Aviation Organization is the only UN body based in Canada.) Canadian military aviation will

receive recognition next year in the various air shows, with vintage and modern aircraft, and fly-pasts which are planned along with events such as the Armed Forces' Military Tattoo and other spectacles. The first international free balloon race in Canada also will be a big feature on the prairies during the summer of 1967 and the Centennial International Abbotsford Air Show, at Abbotsford, B.C., will be held August 11, 12 and 13, 1967. The National Air Museum at Ottawa has been developed into one of the best of its kind in the world and it, with its collection of aeroplanes from World War I to today, is a tribute to military aviation and, to a limited extent, civil aviation. (I am pleased that recent acquisitions of vintage aircraft and plans for more are making the foundations for a historical bush flying collection at Ottawa.)

I still have hopes that non-government organizations or associations will spark interest in further events to recognize general aviation next year.

A handicap air race for vintage aircraft and displays from the twenties and thirties could be organized by aviation historical associations and flying clubs working together, I'm sure. It's not too late and a meet or race would attract many Canadians by road and by air. Those aviation enthusiasts in the United States and other countries who recently have developed a boom in antique aircraft restoration and aviation historical interest also would attend in great numbers, I'm sure.

In the 12th century the windmill, wheelbarrow, window glass and candle were invented.

## Sam Young

Sam Young, highly respected resident of Northern Manitoba since 1928, sportsman and a staunch supporter of all community enterprises, died Sunday, September 18, in the General Hospital, Flin Flon, at the age of 88 years, following an illness of some months.

Mr Young was born August 28, 1878, in Dunbar, Ont. On October 18, 1899, he married Phoebe McEwen of Grantley, Ont., and they went west in 1904. They homesteaded around Carnduff Sask., later moving to Biggar where he was engaged in farming and also operated a cattle and implement business. In 1920 the family moved to Edmonton, and to The Pas in 1928. He resided in Flin Flon for many years and was very active in junior hockey, taking the first junior team to Winnipeg from The Pas, to play for the Memorial Cup in 1935. He was a familiar figure on Main St. before and after retiring from his auction business.

He was a constant and faithful worker for various community efforts and sold hundreds of tickets over the years for the Trout Festival and other projects.

Mr Young was an honorary member of the Rotary Club, and was a charter member of the Biggar, Sask., Lodge, A.F. and A.M., receiving his life membership in that lodge six years ago.

On the occasion of their 50th wedding anniversary in 1954, Mr and Mrs Young reconstructed the early days in the north and drove down Main t. with a horse and buggy. When the popular pair observed their 60th wedding anniversary, all members of their family came home and hundreds of citizens paid homage to them at a community reception in the Labor Temple, planned and arranged by their family. The succeeding anniversaries were observed quietly at their home when friends called to congratulate them on attaining such distinction. At the time of their 65th and 66th anniversaries, friends called at their home which was a bower of flowers, gifts of friends and organizations, and many cards of congratulation came from far and near. Among their most treasured possessions was a congratulatory message from Her Majesty Queen Elizabeth, which was also acknowledged.

Left to mourn are his beloved wife Phoebe, three daughters, Mrs W. L. Holland (Lu), Prince Albert; Mrs H. C. Gilbert (Rose) of Victoria, B.C., and Mrs Fred Ranney (Jennie) of Toronto; three sons, Robert of Edmonton; Milt and Ernie of Flin Flon; 14 grandchildren, 22 great grandchildren and one great grandchild.

## Golden Triangle draw to be held October 21st

This week's winning numbers: 7227, 7827, 32346, 8605, 10297; unclaimed last week's winning numbers: 10139, 2466, 9004.

The Grand Bonanza Draw will be held on October 21, 1966.

The day thousands of people, boosters of Eastern Ontario's Golden Triangle have been waiting for. The Grand prize draw in the Eastern Ontario Development Council decal promotion program, will take place on Friday, October 21 at 4 p.m. at the television station CJOH, Channel 13 and 8.

At that time Jack Spence, President of E.O.D.C. will watch Miss Dolly Ann Edmunds, Ontario Dairy Princess dip her hand into a barrel of ticket stubs received since the decals went on sale in April and announce the winning numbers of the nine major prizes.

Colour Television set, by Simpson Sears, \$1,000.00; Mayfair Summer Cottage, by Hodgins Lumber Co., \$950.00; Frigidaire Custom Imperial Ride-Air "Dishmobile" by Perkins Motors, of Perth, Ontario, \$650.00; Frigidaire dryer and washer, by Perkins Motors, \$600.00; Sportswear and Camping Equipment, by S. E. Woods, \$500.00; Men's Clothing and Furnishings, by L. J. Fraser, Renfrew - Pembroke - Ottawa, \$500.00; Deluxe Gourmet Moffat Gas Range, by Ottawa Gas, \$485.14 day Tour to Miami, Florida, by bus (accommodation and transportation paid) Colonial Coach Lines, \$450.00; Food Freezer, by Ottawa Domestic Provisioners, \$450.00.

The booster decals are for car, home and store windows. They indicate the holder is a booster

member of the Golden Triangle. For those who may be unable to witness the draw live on TV, the winning numbers will be announced on Saturday, October 22, at 6 p.m. right after the program Wide World of Sports on Channel 13 and 8. CHOV TV, Pembroke, Channel 5 will announce winners for their viewers. The winning numbers will also be supplied to daily and weekly newspapers, radio and television stations, on Friday, October 21, 1966.

E.O.D.C.'s General Manager, Harry Callan says it is essential that all agents who have been selling decals report the numbers of decals sold, by Friday noon, October 21.

Three numbers will be drawn for each prize. If the first number drawn is not claimed by October 31, the second and third numbers will be eligible for the prizes in rotation.

Names of all numbers drawn should be reported to their local agents at once.

Passports for Expo 67 will continue to be drawn every week until August 1967.

## Ingleside U. C. W. hold fall Thankoffering

The U. C. W. of Trinity United Church, Ingleside, met in the church hall on Wednesday evening, October 5th. Mrs. Bryan MacEwan of Unit 3 was leader of the worship service.

As this meeting followed the procedure of previous Autumn meetings, the Fall Thankoffering was also included.

The guest speaker, Mrs. Woodland, from Spencerville, a delegate to the General Council for Dundas-Grenville Presbytery was introduced by Mrs. B. Hebert. The topic of her speech was to all the members proved most enlightening and interesting and gave an insight to the general workings of General Council. Mrs. Myrna Cryderman thanked the speaker.

Mrs. Keith Brownell, president, conducted the business meeting with Mrs. S. Brassard as secretary. The minutes of the September meeting were read and approved and Mrs. John MacLeod gave the treasurer's report.

Due to the rising cost of food it was unanimously agreed that the price for weddings, suppers etc. be raised.

As the executive of the Montreal - Ottawa Conference for Women is to meet in Ingleside United Church, Oct. 25th and 26th, Mrs. A. A. Morrison solicited billets for the visiting ladies.

A bale of good used clean clothing is to be packed at the church on Oct. 17 at 1:30 p.m. New blankets to the value of \$30.00 are also to be included.

Mrs. Dixon reported on the Youth Groups and Mrs. A. A. Morrison on leadership. The standing committees presented their reports.

The U. C. W. will again place a wreath at the cenotaph for Armistice Sunday. Flowers are

to be placed in the Sanctuary for November by Unit 1.

The social convenor of the U. C. W. and the social convenor of each unit, also one other member from each unit are to meet to plan for the Partnership Visitation dinner to be held in November.

### FIND ANCIENT CITY

An American explorer has found a lost city in the jungles of north-west Peru which experts say could date from before the Inca civilization, it was learned recently.

Explorer Gene Savoy, who has been scouring Peru for the legendary golden city of El Dorado, told reporters in Chachapoyas, a town 500 miles north of Lima, the city contained hundreds of white stone houses two and three storey high.

He said the ruins were located 30 miles west of Chachapoyas and skirted the 9,500-foot Cerro Peruva peak.

There were numerous temples and palaces with highly decorative cornices and windows and what appeared to be public squares.

His expedition found the ruins of four other cities and 10 fortresses in the same area during the quest for El Dorado.

Savoy declined to speculate in the origin of the latest city but archaeologists in Lima said it could be the capital of the Chaca Indians, a race which lived in Peru before the Incas.

### PACKING BOOKS

In packing, books should be first since you won't be using them before you move. Stand them upright in small cartons.

Records and record albums can be packed in the same way, but place corrugated board or thick folds of newspaper between them and mark the outer label "fragile" or "breakable."

Glass and china is safest in barrels. Wrap the pieces well and use plenty so the glassware won't rattle.

Wrap pictures, mirrors and frames securely in blankets or quilts and make the label, "breakable-mirror," or "breakable-picture." Sheets and blankets should be placed in cartons with space left for last-minute packing of those in use.

## Crysler W.I. meets at the home of Mrs Barry Armstrong

The regular monthly meeting of Chrysler Women's Institute was held at the home of Mrs Barry Armstrong on Tuesday evening, October 4th.

The meeting opened with the Lord's Prayer, Ten members answered the roll call with a gift for their adopted child.

The minutes of the last meeting were read and approved. The

treasurer's report was given. An invitation was received from the Anglican Women's Association in Cornwall to attend a Fashion Show of styles of the first 50 years of Confederation.

Delegates to the Ottawa Convention are Mrs Barry Armstrong and Mrs Hubert Fleming.

A card of appreciation was received from Mrs Glenda Stanton. Mrs M. Johnstone gave an in-

teresting paper on Citizenship and Education.

The prize for the evening was won by Mrs M. Johnstone. The meeting was closed with prayer. Lunch was served by the hostess Mrs Barry Armstrong.

The next meeting will be held at the home of Mrs Jack Armstrong.

The owner of a small cross-roads store was appointed postmaster. Over six months went by and not one piece of mail left town. Deeply concerned, postal authorities wrote the postmaster to inquire why. They received this short and simple explanation: "The bag isn't full yet."

London covers 616 square miles of England and has nearly 8,000,000 population.

## 4 1-2 tons per acre first cutting is not half bad even for SHUR-GAIN

MIGHTY GOOD IN FACT — WELL OVER DOUBLE THE QUEBEC AVERAGE OF 1.80 TONS (1964) — DOUBLE AND THEN SOME THE ONTARIO AVERAGE OF 1.76 TONS (1965).

This year (1966) M. Coté took over 90 tons of hay off 20 acres — not half bad! M. Coté doesn't count on luck. He does count on his own good land management and SHUR-GAIN Fertilizers.

To make every acre of hay land produce well over twice the average acre of hay land, this spring M. Coté applied SHUR-GAIN 10-10-10 at a rate of 350 lbs. per acre. The return he got on his SHUR-GAIN fertilizer investment is the return you can get when you use SHUR-GAIN.

See your local SHUR-GAIN Fertilizer dealer for all your Fall and Spring Fertilizer requirements. Ask him too about the SHUR-GAIN Soil Sampling Service. You'll be glad you did.

# double your money with Canada Savings Bonds Centennial Series

Centennial Series Canada Savings Bonds offer you their highest interest yield ever—5.48% a year when held to maturity.

The new Bonds pay annual interest at the rate of 5% for each of the first four years; 5½% for each of the next three years; 5¾% for the following year and 6% for each of the last five years—a total of \$72.25 in interest on every \$100 Bond.

And for the first time, there is a special compound interest option. To take full advantage of it, leave all the annual interest

uncollected until Nov. 1, 1979, and you will get interest on your interest, amounting to \$27.75 extra on every \$100 Bond.

It all adds up to total interest of \$100 on every \$100 Bond. It's a safe, sure way to save. DOUBLE YOUR MONEY with Canada Savings Bonds Centennial Series.

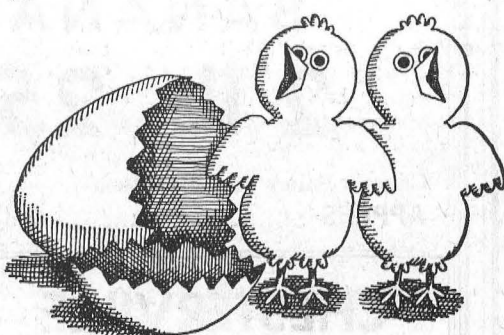

This Series retains all the traditional features which make Canada Savings Bonds Canada's most favoured investment.

They are still easy to buy for cash or on instalments where you work, bank or invest.

You may buy as little as \$50 or as much as \$10,000. Every Canadian resident may buy up to this limit. So can estates.

They are still simple to cash, anytime, at any bank in Canada for their full face value plus earned interest. Just fill out the redemption form on the Bond, present it to your bank and you'll get your money right away.

And now they're better than ever to keep with the highest interest yield ever and interest on interest. DOUBLE YOUR MONEY with Canada Savings Bonds Centennial Series.

## FLOOR WEAR

A wood floor gets a lot of wear around doors and on traffic lanes. Eventually the floor finish on these areas will start to wear away and if you let it go too long, all the finish will be worn off. Once this happens, dirt will be ground into the wood and before you can restore the wood to its original colour it may be necessary not only to sand but also to bleach the wood.

When you notice that points where traffic is heavy are beginning to show signs of wear, get after them before it's too late. Wipe the area clean with a cloth dampened in turpentine to remove all traces of dirt. If there is any dirt that has become ground into the wood, try to remove it with a light sanding. After this, apply thin coats of varnish or shellac to the area. If the floor has been finished with a floor seal, use this in place of the varnish or shellac.

Rugs and carpets get heavy use around traffic lanes and that's why it's smart to move them about from time to time so that the heavy wear is distributed over the entire rug and not just in a few places. It will also help if you move heavy pieces of furniture a little at a time. Use broad castors or glides to reduce denting of the floor covering as much as possible.

People who fly into a rage all ways make a band landing.

## ONTARIO'S SHRINKING FARMLANDS

"In less than thirty-five years, Southern Ontario, with Toronto as the center, will be one vast urban area. This urban area would extend to London on the west and to Peterborough and Barrie on the north." This prediction was made in 1961 and was recalled recently by Henry F. Noble, Economist with the Farm Economics, Co-Operatives and Statistics Branch of the Ontario Department of Agriculture and Food.

Mr Noble discussing the Ontario Conference on Agriculture to be held in Vineland October 25 to October 28th, and its relation to Ontario's shrinking farmlands, said, "If this prophecy is in any way correct then we in Ontario are to see an increasing fall out of our more productive areas. This will bring about a situation where the amount of land out of agricultural land in Ontario will need to be watched very closely if this future food supply is to be maintained."

Ontario's shrinking farmlands and the effect on the urban as well as the rural population will be one of the topics of discussion at the Ontario Conference on Agriculture.

## IN MEMORIAM

**DILLABOUGH**—In loving memory of a dear husband and father, Ray C. Dillabough, who passed away October 14, 1961.

The rolling stream of life flows on,  
But still the vacant chair  
Recalls the love, the voice and smile

Of one who once sat there.  
Wife Elizabeth and Family.

Truth has to change hands a few times to become fiction.

Father J. J. Collins officiated at the marriage of Rita Yvonne Belanger and Patrick Lapierre at St. Mary's Catholic Church, October 1. The bride's parents are Mr and Mrs Eugene Belanger, Winchester. — Photo by LaSalle.

## Lapierre-Belanger

St. Mary's Catholic Church, Chesterville, was the scene of a pretty autumn wedding on Saturday, October 1st, when Rev. Father J. J. Collins joined in marriage Rita Yvonne Belanger and Patrick Lapierre. The bride is a daughter of Mr and Mrs Eugene Belanger, Winchester. Baskets of white and pink gladioli adorned the altar for the eleven a.m. ceremony. Sister Mary Bryan was soloist and organist.

Ushering the guests were Gerald Belanger, brother of the bride, and David Gannon of Winchester. Richard Cayer of Winchester assisted the groom. Given in marriage by her father, the bride wore a white floor-length satin gown featuring an alencon lace bodice and matching overskirt of embroidered nylon with lace edging. Miniature

seed pearls and sequins enhanced the scalloped neckline and she carried a cascade of red roses and white mums.

Attending the bride were Miss Sandra Belanger, maid of honour and Mrs Edna Eldridge, bridesmaid. They wore identical gowns of lime green crepe featuring moss green velvet bodices and sleeves. The empire waistlines of the gowns were accented with satin trim and they carried colonial bouquets of yellow pom mums.

The mother of the bride was attired in a jade green crepe ensemble with black accessories and a corsage of white mums.

Following the ceremony, a reception was held in the Chesterville Legion hall. To travel on a honeymoon to Quebec City the bride selected a two-piece pink boucle knit suit, black accessories and a corsage of white carnations.

Mr and Mrs Lapierre will live in Morrisburg.

Guests attended the wedding from Brockville, Cornwall, Chesterville, Toronto, Williamsburg, Chrysler, Eastview, Ottawa, Russell, Point Gattineau, Montreal, Prescott and Winchester.

### O.P.P. report

The number of accidents causing injury were higher this past week than they have been for seven weeks. Three injury accidents were reported and investigated in which seven persons suffered minor injury and one person was seriously injured.

A Texas woman, residing in this area for the summer months lost her life in a train-car crash at the C.N.R. crossing on County Road No. 2, approximately 1/2 mile East of Iroquois. The woman apparently did not see the train in time to avoid a collision. Also four property damage accidents were reported and investigated. Officers patrolled 6901 miles of highway and secondary roads in a total of 563 duty hours.

Forty-two traffic charges were laid and 15 warnings issued.

One theft was reported in the Winchester area and is presently under investigation. Officers answered calls to two disturbances caused by excess drinking, and 15 other calls of a various nature were also answered. Three liquor investigations were conducted.

### CARD OF THANKS

I would like to take this opportunity to thank all those who remembered me by visits, cards, gifts and flowers while I was a patient in Winchester Memorial Hospital. Special thanks to Dr Howard Justus and the nursing staff and all others at the hospital who made my stay more pleasant; also Mrs Dalton Casselman who was so good to take me there and bring me home. All of these kindnesses are deeply appreciated.

## CHOOSING NEW FRAMES FOR PICTURES

If you have been dissatisfied with any of your picture frames, and feel that they aren't doing as much as they could for your paintings and prints, here are some rules from the Picture and Frame Institute on selection of new frames:

The purpose of a picture frame, the Institute points out, is to form a support for the picture and serve as the connecting link between picture and wall.

If the frame is too large and heavy, it will overpower the picture. Conversely, too light a frame will not separate the picture from its background. The first point of note, in selecting a frame, is to be sure it focuses attention on the picture and draws the eye to its centre of interest.

Second, the frame should har-

monize in colour and weight with the subject matter. Third, the frame should strengthen the composition it frames, but never dominate it.

Fourth, the Institute counsels that the frame should surround but not halt, the movement of colour and line in the picture.

Lastly, the frame, when necessary, should create an illusion of depth or size or added perspective to the picture.

### Says welfare cases richer than farmers

Rural resentment and anger is building as more farmers realize the extent to which Canada's meat and dairy industries rely on child labour and underpaid adult labour.

Making this point at a meeting Wednesday last of the Brinston local of the United Farmers Union, meeting at Dundela, Finch local president Harry Dusmos cited government figures showing Eastern Ontario farm families have an average annual income lower than that of people on relief.

Average farm income in Stormont, Glengarry, Dundas and Grenville counties is \$1,800, he said. Welfare recipients get \$2,000 a year. He said another 33,000 Canadian farm families will have left the land by the end of this year.

Sixty farmers at the meeting called for provincial subsidies an fertilizer to help boost food production, and an end to milk hauling costs.

They named 12 delegates to the annual provincial union convention in Belleville next month. Union officials expect 10,000 farmers will attend.

## DO PICTURES HANG HIGH?

Toplofty picture hanging is one of the commonest of all room faults. But it's one that's so easy to correct. Look around the room you're sitting in now. Would it improve if all the pictures were pulled down two to eight inches?

Lower levels relate pictures to the furniture beneath them and tie them with the furniture into a single decorative grouping. This unity of pictures and furniture in a grouping makes the room more restful, corrects that uneasy feeling a picture can cause when it seems to be flying upward to the ceiling. When the picture comes down from its lonely perch it has a look of belonging to the room that it didn't have before and is easier to look into and enjoy.

Illegal slaughter has reduced the number of Peru's wool-bearing vicuna to 1,500.

# Agreement increases manufacturing milk prices

Ontario milk producers will receive \$4.33 a hundredweight for manufacturing milk, retroactive to October 1, Hon. Wm. A. Stewart, Minister of Agriculture and Food, announced recently.

Agreement has been reached between the Ministers of Agriculture for Canada, Ontario and Quebec with respect to the federal and provincial price support and subsidization programs for manufacturing milk. For the remainder of the current dairy support year, Ontario will institute a provincial subsidy on the basis of 25c per hundred pounds for manufacturing milk. Quebec will continue its present subsidy policy. The Ministers agreed that the Canadian Dairy Commission should assume complete responsibility for support and subsidization of manufacturing milk at the beginning of the next dairy year on April 1, 1967. The support program to be established at that time will include an increase in price of at least 25c per hundredweight, basis 3.5% milk. It was agreed that the provinces of Ontario and Quebec would withdraw subsidies as of March 31, 1967, and that it was essential that provincial mechanisms be in effect to assure that the benefits of the program accrue to the producers.

The Ministers recognize that the Canadian Dairy Commission, in implementing the program for the forthcoming year, might need to utilize price eligibility quotas should the supply-demand situation require.

In making the announcement Mr Stewart said that the Ontario government will pay, effective

October 1, 1966, to March 31, 1967 the following subsidies to producers:

1. 25c per cwt. (7.14c per lb. butterfat) on all industrial or manufacturing milk, basis 3.5% butterfat, delivered to the plant;
  2. 25c per cwt. (7.14c per lb. butterfat) on all secondary and excess fluid milk, basis 3.5% butterfat, delivered to the plant;
  3. 10c lb. butterfat for all cream grading Special and/or No. 1.
- The price for manufacturing milk, basis 3.5% butterfat, delivered to plants in Ontario, retroactive to October 1, 1966, will be \$4.33, made up as follows:
- Present price ..... \$3.25 per cwt.  
Increase Sept. 16: ..... .08 per cwt.  
Federal subsidy ..... .75 per cwt.  
Ontario subsidy ..... .25 per cwt.
- The Ontario government subsidy will be paid by the Government of Ontario directly to the producer through the co-operation of processing plants.

## RARE CROCK

A rare old beer crock scavenged from the bottom of the sea is the latest find of Chris Neale, a 17-year-old scuba diver.

The crock has become part of a collection of odds and ends Neale has salvaged from the waters off Vancouver.

He discovered the crock in 70 feet of water off Gambler Island, in Howe Sound just north of Vancouver.

The coral-covered jug, believed the only one of its kind in British Columbia, bears the stamp of the Royal Brewery, Vancouver, which stood in Stanley Park before it was burned down in 1887.

Neale has given the crock a place of prominence in his collection. But he's always looking around.

He has his eye on a 300-pound anchor he has seen on the sea floor. "If only it wasn't too heavy to lift..."

### OCTOBER IS NATIONAL FISH AND SEAFOOD MONTH

OCTOBER IS National Fish and Seafood Month, a time to pay tribute to our hardy fishermen who brave wind and wave to provide us with a year 'round supply of fish and shellfish. And what better way to do this than to feature fishery products on menus this month!

The following recipes have been tested by the home economists of the Department of Fisheries of Canada.

#### Festival Fillets

- 2 lbs. fish fillets, fresh or frozen
- 1/2 tsp. salt
- 1/4 tsp. pepper
- 3 cups soft bread cubes
- 6 tbsps. butter or other fat
- 1 cup chopped onion
- 1 tsp. powdered mustard
- 1 cup grated cheddar cheese
- 1/4 cup chopped parsley

Thaw fillets, if frozen. Cut fillets into 6 portions of equal size. Season with salt and pepper. Place in a single layer in a shallow, greased baking pan or dish. Toast crumbs lightly in a slow oven. Melt butter, add onion and

saute until tender but not browned. Stir in mustard. Combine toasted crumbs and onion mixture. Add cheese and parsley. Mix thoroughly. Spread over fillets. Bake in a moderate oven, 350 degrees, for 20 to 25 minutes, or until fish flakes easily when tested with a fork. Makes 6 servings.

#### Hot Tuna Rolls

- 2 cans (6 or 7 ounces each) tuna
- 2 hard cooked eggs, chopped
- 2 tbsps. chopped green pepper
- 2 tbsps. chopped stuffed olives
- 2 tbsps. minced onion
- 1/2 cup grated cheddar cheese
- 3/4 cup salad dressing
- 1/2 tsp. salt
- 8 weiner rolls

Drain and flake tuna. Combine all ingredients except rolls. Mix well. Split rolls. Spread each half with 3 tbsps. of tuna mixture. since 1940.

Place on a lightly greased baking sheet. Heat in a hot oven at 450 degrees F. for 10 minutes, or until cheese begins to melt. Makes 16 party snacks.

**Salmon-Potato Pie**  
1 can (15 1/2 oz.) salmon  
1/2 cup chopped onion  
1/4 cup butter, melted  
6 medium potatoes, cooked  
1/3 cup milk  
1/2 tsp. salt  
1/4 tsp. pepper  
1/4 tsp. savory

**Pastry for one crust pie**  
Empty can of salmon, including liquid, into bowl. Mash fish with a fork, combining it with the liquid. Saute onion in butter until limp but not browned. Mash potatoes. Add milk, onion together with butter in pan, and seasonings. Whip until well blended and fluffy. Place half potato mixture in a greased 9-inch pie plate or a 1-quart shallow baking dish. Cover with the salmon. Top with remaining potato. Cover with rolled out, pricked pastry. Brush lightly with milk. Bake in a moderately hot oven, 400 degrees F., for about 30 minutes or until crust is golden brown. Makes 6 servings.

**Fish Stick Double-Deckers**  
2 pkgs. (10 oz. each) fish sticks  
1/2 cup chili sauce  
1 tsp. salad oil  
1/4 tsp. garlic salt  
Few drops Tabasco sauce  
2 oz. cheddar cheese  
Oregano (optional)

Place fish sticks in a single layer in a shallow pan. Bake in a hot oven at 450 degrees for 10 minutes. Meanwhile, combine chili sauce, salad oil, garlic salt and Tabasco. Cut cheese into slivers about 3 inches long and 1/4-inch thick. When the fish sticks are cooked, remove the pan from the oven and stack fish sticks in pairs, one on top of the other. Spread each double-decker with a teaspoon of the chili-sauce mixture. Top with a sliver of cheese. Sprinkle with a little oregano. Place under the broiler and broil for 2 to 3 minutes to melt the cheese. Makes 5 servings.

Hunters of larger game using high powered rifles have a special responsibility for where a bullet will stop. The Ontario Safety League says that strays and ricochets can be deadly. When you pull the trigger on your favourite sporting rifle and start a bullet travelling at up to 4,000 feet per second, be sure it is not going to stop in a farmer's barnyard, or your fellow hunter, a mile away.

## FIRE WARNING TO MOTHERS

Two of the most destructive fire hazards in Ontario homes are the careless use and storage of inflammable liquids, and the ignition of cooking fats and oils.

**INFLAMMABLE LIQUIDS**—Kerosene, paint, gasoline, naphtha and some cleaning fluids give off highly inflammable vapours; they should be used with caution and carefully stored. Keep a carbon dioxide, foam or dry chemical fire extinguisher near their storage area. Oily rags left in cupboards or corners can burst into flames spontaneously. Dispose of them immediately after use.

**COOKING-FAT FIRES IN THE KITCHEN**—You can reduce the danger of grease fires by keeping your stove clean. Don't let spattered fats build up. Don't leave hot frying-pans unattended. A grease fire can be extinguished with baking soda or smothered with a lid. Keep both handy whenever you're frying.

## Osnabruck Centre W.I. holds October meeting

Mrs Ober Beckstead was the hostess for the October 6th meeting of the Osnabruck Centre Women's Institute attended by 20 members and one visitor. The president, Mrs Jake Grandaw, was in the chair and the Roll Call was "Memories of My Grandparents' Parlour." Mrs L. Gallinger contributed the monthly "Smile".

Six letters of thanks were read by the Secretary, Mrs Jennie Plegg and it was decided to raise funds by ordering some commemorative spoons of Governor-General and Madame Vanier, as well as some spoons bearing the Canadian or Provincial crests and the Centennial symbol.

Mrs Glenn Hollister developed the motto "Determine that a thing can and shall be done, then we can find a way" by able references to Helen Keller, Dr. T. Dooley, Abraham Lincoln, etc.

Mrs Hazel Tinkess was appointed voting delegate to the Ottawa area Convention in the Chateau Laurier on October 19 and 20 and an article was selected for a donation to the Craft table at that Convention.

The Historical Research Council, Mrs Acil Beckstead, read a paper on the history of Pleasant Valley Cemetery prepared by Eva Baker.

Get-well cards were signed by all present and the members all made a donation for Canadian and Centennial flags to be displayed at W. I. meetings.

It was decided that the first of the four lessons to be conducted by the leaders of the training course "Vegetables with a Flair" will be held October 26, at 1:30 p.m. at the home of Mrs Jennie Flegg.

The fifteen Osnabruck Centre W.I. members who accepted the invitation to attend their October meeting at the home of Mrs William Maginnis reported a very pleasant and profitable afternoon. Tentative plans for the annual Osnabruck Centre W. I. bazaar, euchre and bingo for November were made and all members are requested to bring an article for the bazaar and some bingo prizes to the November meeting at the home of Mrs Annie Ferguson.

After the meeting was closed by singing "God Save the Queen" Mrs Oubre Cryderman conducted a sale of potted plants, then a "Snow" contest which was won by Mrs Glenn Hollister. Mrs J. Grandaw won the door prize. A dainty lunch was served by the hostess and her assistants, Mrs Acil Beckstead and Mrs Lloyd Gallinger who were thanked on behalf of the Institute by Mrs Hazel Tinkess.
